These pigs were not imported under the regulations but happen to be on board a passing vessel. If the Ag. Ch. Inspector of Stock is satisfied that there is no chance of any disease being brought in by them he can allow them to land as was done in a similar case last year

Sir.

As Mr A. Steel was unable to
obtain a Boar for breeding purposes,
he did not make the exchange.
Thanking His Excellency for his
consideration.

The Honorable
The Colonial Secretary.

Sir.

I herewith enclose application from
Mr. A. Steel, who wishes to make an exchange
of pigs, from the Norwegian whaling factory
"Falk"

This application is not in accordance with
Schedule B. of the Live Stock Regulations
(Consolidation 1923)

According to Mr. Steel's
letter, the permit has been given under
a similar notice to Mr. Lowson, + Mr. Brown
Is this permission granted subject to
my inspection.

As no doubt the vessel will
be leaving shortly, I should esteem it a
favour to have an early reply.

I am,

Yrs. Your obedient servant
W. A. Hines
Ag. Ch. Insp. of Stock

The Hon.

The Colon. Secretary.

Sir

I am writing ask if I would be permitted to exchange 2 or 3 pigs with Captain Larsen of S. S. Falk today. I have had the permit in Mr. Townsends time and Mr. Brown time. My pigs are getting run out and a change of blood would be very benificial to the Colony.

I remain Your
Most Obedient Servant
Steve Steel
