C.S.

No. 154.

Ag. Ch. Constable

SUBJECT.

1919

6th March

Previous Paper.

Padlocking of Peninsula Gate in the
Common fence.

MINUTES.

H. E. This is the gate immediately to the
eastward of the Colonial W/T Station.
It is the only entrance to the track
to the lighthouse.

T.N. Goddard
10.3.19.

Colonial Engineer
Referred to you.

17.3.19

H. E.
/

Hon. Colonial Secretary.

The gate referred to is as stated by Mr. T. N. Goddard.

If a padlock were placed on this gate there would be no
entrance and track to the Lighthouse and the Carriers unless
they had the key would be unable to proceed to the Lighthouse

This is the boundary fence between the Peninsula Farm and
the Common & I think that the Tenant should see that the gate
is kept closed, otherwise the cattle from the Common will go

Subsequent Paper.

on to the farm land.

I would suggest that a fastening of gate be repaired and a notice placed on gate to the effect that it must be kept shut.

Hon Col. Secretary

Sir,

I have been informed by Mr. C. Lehan. That the peninsular gate has been opened & the fastenings taken off. I would suggest that this gate, be fastened with a chain & padlocked.

I am Sir

your obedient servant

J.P. Sullivan
Actg. Lt. Constable
