30th. December, 1950.

The Manager,  
Falkland Freezer,  
Ajax Bay.

Dear Sir,

We refer to our Circular letter dated 11th. May, 1950 on the subject of cargo closing dates.

Please note that commencing immediately cargo for camp shipment will close at approximately the time the Fitzroy leaves Montevideo, a prior announcement will be made by broadcast giving the exact date and time in each case. This change is necessary because store cargo now has to be packed and placed in the Warehouse prior to the arrival of the Fitzroy from Montevideo.

We would be grateful if you would draw the attention of all concerned to this change as no exception can be made. Orders arriving too late will be dealt with by first opportunity.

Yours Faithfully,

R. J. Clark

Chief Storekeeper.

FALMOUTH BREEZER

7th Nov. 1950

Dear Mr. Cameron,

Thank you for your telegram re. meat. I hope we have not caused you any unnecessary inconvenience in this direction.

To take advantage of the calm weather I am sending the boat round to you this evening where it can wait until the supplies are ready.

Regarding lime, I am sorry to say that we have none on the site. We have a large supply on order but when it will arrive I would not like to say. When we do receive it, if you are still in need, we shall be only too glad to let you have some.

Stanley informed me this afternoon that you now have your wireless set installed. May I suggest that if either of us wish to contact each other we advise Stanley telling them the time we wish to speak and asking them to inform the other.

Would it be possible please to let me have a statement of our indebtedness to you for meat etc, etc. 31st.Oct.would be a convenient date to bring it to.

I understand from Harrison that your cookhouse would like a tin of Onion Powder. I am sending one round this evening - please accept it gratis. At least it helps to pay for the many meals which have been provided by your cookhouse to our fellows.

With best wishes,

Yours sincerely,

Dear Mr. Barrett,

## Petrol and Paraffin

With reference to supplies of the above I have now to advise you that you should receive ex "Fitzroy" this trip the following:-

30 drums with petrol  
29 " " paraffin

and this should complete your orders for these products right up to date.

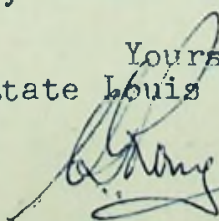

EMPTY DRUMS. The drums have been borrowed (at Montevideo itself) from South Atlantic Sealing Co., Ltd.'s stocks and they remain the property of the S.A.S.Co.Ltd.

It is part of the arrangement that "Freezer" will return these drums, when empty, to S.A.S.Co.Ld and in clean condition.

Will you please let me know whether you receive this correct quantity of drums from "Fitzroy" this time.

Account. I am still unable to send you an account for the 5 drums paraffin and 10 drums petrol already sent out to you but I hope to send you a complete account for both that lot and the new supply within the next 10 days or so.

Yours sincerely,  
p.p. Estate Louis Williams.

RE. Meat supplies

Your message asking for extra meat this saturday (yesterday) and for 16 instead of 12 mutton next Monday came to hand yesterday, tho' rumours had reached me the day before. In any case I regret far too little time was allowed us, we can only supply 12 mutton this Monday as originally arranged, we can let you have 16 mutton next Saturday- 12th, and weekly thereafter on that day. In connection with this may I respectfully draw your attention to the Managers letter to you dated May 22nd, in order to avoid any future trouble I suggest that you let us have in writing at least a week in advance, your meat requirements.

yours faithfully

Dear Mr. Barrett,

Yes-just give us a few days notice when you will require meat from us again. I will assume that the twelve mutton that Clem takes away tomorrow will be the last that you will require from us this month.

Many thanks for sending the messages for me. The birthday greetings will have arrived on the right day. Our wireless operator is now restored to us.

Dear Mr. Cameron,

Thank you for supplying us with meat during the past month.  
With effect from 31st July we shall be fetching it from San Carlos for a period.  
May I get intouch with you when next we require "shipments" from Port San Carlos?

Your telegrams went over to Stanley last Monday. Clem Harrison  
arrived back here just too late to be in time for the Sunday broadcast.

With best wishes,

Yours sincerely

Dear Peter.

Regarding meat - do you want us to supply next month or are you continuing with Port San Carlos, would be grateful for a reply, early in the week if possible so that we can make necessary arrangements - we have no beef, only mutton. Incidentally if you want us to supply please indicate no reg'd weekly. Always pleased to see you, if you are at a loose end & can stand the discomfort come over next weekend. Could you ask Charlie Olajia to send over my wrist watch. Understand plane coming to you over tomorrow, we have not had inward mail yet and I am sending mail up to Goose Green by store to catch Cityway, on Tuesday next, if you are interested any letters you might have should be over here by 0900 Tuesday or at Head of Bay by 1100 Tuesday. E.G. Rowe Esq.,

Dear Mr. Rowe,

Firstly let me thank you very much on behalf of Mr. Metcalfe and myself for the fine case of apples which arrived yesterday along with the rest of the food stores.

Your letter also arrived via the "Fitzroy" and I note and appreciate your remarks re. "cargo closing dates" and other means of getting stores to Ajax Bay.

All the foodstuffs as per packing note were received in good condition. There is one small discrepancy however - 24 tins Dansons on your invoice is not mentioned on your packing note and not received by us. Perhaps you would kindly look in to this.

With kind regards,

Yours sincerely,

P.L. Barrett  
Accountant Falkland Freezer.

from overleaf.

If you wish to have this state of affairs altered you will have to tackle Mr. Barton yourselves direct from Ajax.

Doubtless you will realise that as far as Estate Louis Williams is concerned we make ~~make~~ it our business to get all goods ordered, packed and ready for shipment (as we have to ship to nearly every port of call), in good time to comply with the F.I.Co.'s rules as to the closing for cargo.

We always try to get goods away too even though the order may reach us after that time limit.

Goods that can be sent by parcel post can usually be shipped until the night before the ship is due to sail.

Small cases not suitable for parcel post can also be shipped by "Ship's Parcel" after the closing time for general cargo.

However, Meth. Spirits cannot go either by Post or by Ship's Parcel.

Case of Apples.

Among the cargo now going to Ajax by "Fitzroy" you will find a case of apples addressed "Metcalfe".

They are very fine Newtown Pippin apples from the Rio Negro districts of the Argentine, and if picked over and then stored in a cool place, they will keep a long time.

This case goes to Mr. Metcalfe, and yourself, with the writer's compliments.

Yours sincerely,

p.p. Estate Louis Williams.

FREEZER PROJECT  
Ajax Bay.

Dear Mr. Barrett,

This morning we received your cabled message reading:-

" Please supply next Fitzroy eight gallons  
methylated spirits. (signature) Barrett."

"Next 'Fitzroy'" means to us either Saturday or Monday next, it not being definitely fixed when the vessel will sail.

However Messrs F.I.Co. refuse to take any more cargo. They have a system of "closing for cargo", and this closure generally operates either the night before the vessel comes into ~~KK~~ Stanley, or else one or two days later. At any rate the closure was fixed for this next trip as at midday Monday 12th June, and I know that Mr. Barton is exceedingly reluctant to interfere with that arrangement - as otherwise people keep on wishing to ship odd bits of cargo right up to the time of sailing, and when the vessel is taking cargo to 6 or 7 ports it has to be properly sorted into the holds of the vessel to avoid confusion at discharge.

Your ORDER No.29. Delivery date End June/early July

-----  
10 drums petrol  
34 " paraffin  
1 sack ~~flour~~ sugar.

This order sheet from you arrived this morning by mail. We have got ample supplies of petrol and paraffin due to come in from Montevideo by the next inward trip of "Fitzroy", but Mr. Barton tells me that "Ajax Bay" is not at present on his itinerary for the next (early July) local voyage.

That for the present the next call at Ajax is unlikely to be until end of July or rather early August.

In consequence I have had to telegraph you today as follows:-

" Fitzroy refuses take methylated spirits this voyage owing to time for cargo closed last Monday. STOP. Reference your Order No.29 Mr. Barton informs us very unlikely that Fitzroy will make another call at Ajax until end July or early August (signature) Williams."

Please refer to:-

60 packages merchandise shipped per "Golden Chance"  
to C.D.C. (Freezer Project) Agax Bay.

-----

Mr. F.W.Metcalf reports that two packages did not  
reach him at Agax Bay, being:-

No.33	1 bundle dried fruit	1' 4"
No.52	1 drum Turps	1' 2"

May we ask you to be so kind as to investigate this  
and try and trace these missing packages.

Mr. Metcalfe has not formulated a definite claim  
but we suppose that he would be entitled to do so.  
However, we trust that the 2 packages will be found either  
still on board "G.Chance" or among your own stores at

If still at Albemarle perhaps the best  
adjustment would be for you to take them into stock yourself,  
and we would give C.D.C. Freezer Project a Credit Note  
to your debit. However you will let us know.

Yours faithfully,

I would be grateful if you could

22nd. May 19 50.

Dear Mr. Barrett,

I have to acknowledge your letters of the 20th. inst, and doubtless you have received my verbal message sent by bearer yesterday that we anticipated being able to kill beef for you again tomorrow.

Regarding prospective supplies of beef it is very necessary that we should have ample warning of your requirements. For instance we kill beef for this settlement every fortnight or so, and it is ~~very necessary~~ <sup>essential</sup> that any killings for Ajax Bay should be timed to coincide as the animals have to be brought in from some considerable distance, and if herds have to be disturbed more frequently they lose condition in consequence, which already is deteriorating rapidly as a result of this continued hard weather. Moreover labour and horses used for extra killings makes them obviously uneconomical and inconvenient.

It will suit us a lot better if you can estimate your requirements for a fortnight so that we can arrange accordingly. I wonder what arrangements you have for storage of meat? It is essential that it should be hung out-of-doors to keep, for the free passage of air around it. All that is required is a horizontal beam strongly supported to hang the quarters on. There is now no danger of flies, and the meat will keep for long periods outside, and improve, getting more tender when well hung.

As you know, I go to Punta Arenas by this week's "Fitzroy", so during my absence keep in touch with Mr. Monk so that he can advise my Head Shepherd & Stockman accordingly. You might also advise him of any absences of Mr. Metcalfe monthly in order that his accomodation charge can be adjusted accordingly.

Hoping all goes well with you -  
Yours sincerely,

Dear Mr. Bonner,

Sorry that my hurried note, sent to you today, regarding meat was far from explicit. I fully appreciate that you must have sufficient warning before you can supply us with any.

Naturally, but for our lack of transport, we should still be obtaining our supplies from Mr. Cameron.

If you can kindly let us have some meat would you please inform the bearer when it can be collected.

With apologies for any inconvenience I have caused,

Yours sincerely,

P.L.Barrett

Stanley, 18th May, 1950.

L. P. Barrett, Esq.  
Messrs Colonial Development Corporation  
FREEZER PROJECT  
Ajax Bay.

Dear Mr. Barrett,  
We thank you for your cable reading:-

" Please supply on next Fitzroy  
hundred bottles mixed pickles and sauces  
five lbs. pepper  
twelve tins margarine  
six tins Spry  
two bags rice  
fortyeight tins evaporated milk  
one case tinned tomatoes  
six kilos macaroni  
two tins mustard "

This order has been turned over to our storekeeper for his immediate attention. In due course you will receive a detailed invoice of what can and is being shipped. Meantime I offer the following comments for your information.

Pepper Can only be supplied in small 1-oz. drums, which we are sending. No large bottles obtainable anywhere

Margarine. Supply will depend on whether new stocks arrive on Fitzroy and can be got ~~at~~ before the ship sails for Ajax Bay.

Rice. Messrs F.I.Co. have promised to supply us with two bags

-----  
Mr. Metcalfe's order for 20 drums paraffin.

When I received Mr. Metcalfe's telegram on Monday last I immediately cabled back telling him that unless F.I.Co. had new supplies on this "Fitzroy", it would be impossible to get 20 drums to Ajax Bay until after new stocks could be got from Montevideo in July. I sent that message to Port San Carlos but have not had a reply/.

This morning Messrs F.I.Co. say they do have plenty of paraffin on "Fitzroy" but that it is ex U.K. and they cannot quote a price, so I have sent a message along to Mr. Metcalfe accordingly, and now await his reply.

p.p. Estate  
Louis Williams.  
Yours sincerely,
