ABSTRACT  
OF THE  
NET REVENUE AND EXPENDITURE  
OF  
*The Falkland Islands.*  
FOR THE YEAR  
186<sup>th</sup>.

Insert under general heads the Receipts and Disbursements, so as to exhibit distinctly and separately the Sources from which the Receipts have been derived ; on the one hand, whether from the Resources of the Colony, from Parliamentary Grants, or from Her Majesty's Treasury ; and, on the other, the Total Expense incurred by each Department of the Government ; distinguishing the Ordinary Established Charge of the several Offices from their Contingent and Accidental Expenses.

Such observations as may be sufficient to explain the causes, and point to the remedy of any deficiency in the Revenue, or excess of the Expenditure, must form the subject of a Special Report to accompany the Blue Book when transmitted to the Secretary of State.

## COURSE OF EXCHANGE.

Government Bills on the Home Departments are usually negotiable at par - but the rate of exchange in all cases is entirely dependent on the amount of specie in circulation. Sometimes as much as 5 per cent is demanded for coin, and in the case of private bills of a commercial nature it is not uncommon to <sup>pay</sup> 7, and even 10 per cent.

The principal drafts drawn in the Colony are by the Government on Her Majesty's Treasury on the credit of the Parliamentary grant, and by Shipowners on the owners for repair, provisions &c.

## COINS.

Coins of every description are in circulation - Chiefly English Sterling.

British gold and silver coins are imported by the Colonial Government to the extent of from £2000 to £3000 per annum.

3. Every station will contain as near 6,000 acres as may be convenient, having regard to natural boundaries. The boundaries of each station shall be determined by the Surveyor-General, with the approval of the Governor.
4. At any time before the expiration of the licence, the licensee may obtain a lease for 10 years of his station, at a rent of 10l. a year, provided he proves, to the satisfaction of the Governor, that he has built on the land a house, of wood or stone walls, not less than 24 feet by 12 feet, and 6 feet high, and has stocked the station with at least 50 cattle or horses, or 100 sheep.
5. It will be a condition of the lease that, during its continuance, the station shall be kept stocked with at least the number of Stock before specified, and also be occupied by the lessee or any person in his employment, and in case of any failure in this condition, it shall be lawful for the Governor to resume possession of the Station.
6. The lessee of any station must, within five Years from the date of his lease, purchase, at the upset price of land for the time being (not exceeding eight shillings an Acre,) a section containing not less than 160 Acres; and may also at any time during his lease purchase any further quantity of land in his station at the same price.
7. If the lessee of any station under this proclamation, or under the proclamation issued by Governor Rennie on the 31st. of July 1849, shall be desirous of obtaining an extension of his lease, he shall give notice thereof to the Governor six months before the expiration of his lease, and the Governor shall, with the advice and consent of the Executive Council, determine whether it is expedient that the land shall be sold or reserved for any public purpose. If the land be not required for sale or otherwise, then the Governor may grant to the lessee an extension of his lease for five years on the same terms as to rent and occupation as the first lease; provided that no lessee under the said proclamation of July 31st. 1849, shall receive an extension of his lease for more than 6,000 acres, and provided also that no such lessee shall receive an extension of his lease unless all the districts leased by him are stocked and occupied in manner herein-before required.
