From the Secretary of State for the Colonies.

FALKLAND ISLANDS

To the Officer Administering the Government of.....

Date..... 9 - JUL 1946

No..... 18 Saving.

The Admiralty have requested the Ministry of Civil Aviation to supply full details of all Aeronautical Light Beacons at present in operation throughout the world. This information is required to assist in the compilation of records and also to facilitate the revision of the details of the Aeronautical Light Beacons as published in the Admiralty List of Lights and Time Signals.

2. The records of the Ministry of Civil Aviation do not contain details of any air light beacons existing in the territory under your administration. If any are at present in operation, I should be grateful if you would furnish me with full details at your earliest convenience; alternatively if there are none, please render a "nil" return.

3. In order to indicate the nature and extent of the information required by the Admiralty, I append a Sample of Detail embodying fictitious data.

Aeronautical Light Beacons.

There are no such beacons in operation in this Colony.
