2. Will Y.B. be pleased to approve of the application from the Secretary of the Flower Show?

3. A great deal of work will be required next week to get the Hall ready for the show. Exhibits are to be received and put in place on the Wednesday, the judging taking place on Thursday.

4. May all public officers be requested to lend their assistance as far as possible?

Y.B. has been good enough to say that Mr. Reid and possibly one or two men from Y.B.'s garden could help. The work will

begin on Monday and if the services of one carpenter and one handyman from the P.W.D. can be lent <sup>on that day</sup> it will materially help. The C.B. is I know anxious to do what he can. The Harbour master should also be able to find him to decorate the Hall with the assistance of the Penguin's crew if she is not being utilized on the Tuesday.

The Treasurer might also be asked to spare Mr. Hardy during the week. He tells me that last year Mr. Kilmee was off duty for a fortnight. This year he will have the services of Mr. Barlas as well as Mr. Atkins in the Treasury

To

THE COLONIAL SECRETARY,

Stanley, Falkland Islands.

I beg to submit the attached application from the Hon: Secretary of the Stanley Flower Show Committee for the use of the Dining Room in the Town Hall, free of charge, for a Public Meeting on the evening 21st of the ~~18th~~ March.

The Hall is not engaged for that date and I see no objection to the use of the Dining Room, free of charge, being granted to the Committee as requested.

STANLEY FLOWER SHOW AND  
INDUSTRIAL EXHIBITION,

STANLEY.

18th March, 1922.

Sir,

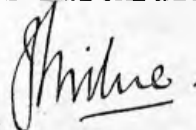

It is proposed to hold a Public Meeting of those interested in the Stanley Flower Show and Industrial Exhibition in the Town Hall on Tuesday the 21st instant at 8.0 p.m.

His Excellency the Governor has kindly consented to preside.

The Committee will therefore be glad if they may be granted the use of the Dining Room for about two hours on the above mentioned date. It is not likely that more than 100 persons will be present.

As this Meeting is being held in the interests of the Public generally, perhaps the use of the Dining Room of the Town Hall could be granted free of charge.

Yours faithfully,

Henry, Secretary,  
S.F.S. & I.E.

THE COLONIAL ENGINEER,

STANLEY.

2

STANLEY?

14th February, 1923.

Sir,

I am directed by the committee of the Stanley Flower Show and Industrial Exhibition to apply for the use of the first floor of the Town Hall, from Monday the 19th to Monday the 26th February, for the purpose of holding the Exhibition.

The Exhibition will be held on the 23rd and 24th but the Hall will be required earlier than the 23rd to prepare the stalls etc.

In view of the fact that the Exhibition is purely a public affair I am directed to inquire if the use of the first floor may be granted free of charge.

Last year certain material in the way of wood was lent to the Exhibition from your Department on the understanding that no charge would be made if it was returned in good order, I shall be glad to know if the Committee may have the use of similar material this year on the same terms.

I have the honour to be,

Sir,

Your obedient servant,

*Ray v. J. J. J.*

Joint Hon. Secretary.

Sir,

I am directed by the Governor to acknowledge the receipt of your letter of the 14th instant, making application for the use of the first floor of the Town Hall from Monday the 19th to the 26th February.

2. His Excellency has been pleased to order that the use of the first floor of the Hall will be granted free of charge for the period and the purpose for which your committee requires it.

3. I am further to state that the Colonial Engineer has been requested to issue any material required on loan, the Committee being responsible for its return in good order.

4. The Governor has further expressed his wish that all public officers shall assist in promoting the work of the Committee in any way in their power. In this connection His Excellency has detailed the Forest Officer and three employees in the gardens at Government House to place themselves at the disposal of the Committee from Monday the 19th instant. The Colonial Engineer has been requested in addition to giving his personal assistance, as far as he can afford the time, to lend the services of a handyman and if required of a carpenter on the 19th

Mr. G. R. L. Brown,

I was instructed by H.E. the Ag. Governor to pass the a/c's of the Industrial Exhibition held in February last to Mr. R. B. Baseley for examination but as I find that Mr. Baseley was a member of the Committee I think perhaps it would be preferable if some non member could examine them. Perhaps you would be good enough to examine the a/c's in question, provided of course the proposal meets with H.E.'s approval.
