Amendment marked in red approved.  
2<sup>nd</sup> amendment not approved as it is too  
vague and leaves no scope for exceptional  
cases. For instance :-

(A) The Defence Force can only consist of  
250 Rank & File. This number has  
now nearly been reached. How we can  
to keep men out of the Rifle Club  
who cannot join the Defence Force because  
it is full up?

(B) An ex-soldier, 25 years old, comes out here as a  
clerk. He has the D.S.O & m.c. He

a first-class rifle shot. Unfortunately  
he has been badly wounded in the  
war and is unable to join the  
Defence Force owing to his wounds.  
Are we then to prevent him joining  
the Rifle Club?

(c) A man comes out here on  
a 6 months' contract. It would not  
be worth while to issue him with  
a uniform etc even if he wished to  
join the Defence Force. Is he to be  
debarred from rifle shooting. People at  
home receive us with open arms and  
do all they can for us at Bisley  
etc. We should return the compliment.

The rule I have proposed is ex-  
cellent as it leaves each individual  
case to the discretion of the  
Committee who can decide it on  
its merits.

MINUTES OF GENERAL MEETING OF THE FALKLAND ISLANDS  
DEFENCE FORCE RIFLE ASSOCIATION HELD ON THE 25TH OF OCTOBER,  
1929.

Present: Captain Watson (in the Chair).

The Honourable G. R. L. Brown and twenty-seven  
members.

1. The minutes of the General Meeting held on the 19th of September, 1929, were read and confirmed.
2. Captain Watson informed those present that the meeting had been called with the object of reconsidering the decision arrived at by the General Meeting held on the 19th of September, 1929, when a Resolution was passed to the effect that the Association should be called the Falkland Islands Defence Force Rifle Association and should consist of -
  - (a) Members of the Defence Force, whether registered on the Active, Reserve or Retired lists.
  - (b) Holders of the Long Service Medal

He pointed out that the Rule as passed would exclude all civilian members who had enjoyed the privileges of the Association during the past season and that it was His Excellency's wish that the matter should now be reconsidered. For this reason a Committee Meeting had been convened on the 22nd of October, at which Mr. G. R. L. Brown had attended on behalf of His Excellency. Mr. Brown had explained His Excellency's views in the matter and after full discussion in Committee it was agreed that the question of an amendment to Rule 1 should be laid before a general meeting for consideration. The Chairman then asked Mr. Brown if he would kindly explain to the meeting the views of His Excellency.

Mr. Brown said that he was present at a Committee Meeting recently held for this same purpose. He had

explained/

explained at that meeting that it had been brought to His Excellency's notice that the amendment of the Rule in question had the effect of excluding from membership certain persons who had previously enjoyed that privilege and who had done nothing to be treated in this way. The rule as it stood at that time stated that the Association should consist of Members of the Defence Force only. No objection could be raised to that if the rights of all existing members were safeguarded. It was His Excellency's opinion, and he felt very strongly about the matter, that members of the Association prior to the passing of the amendment who were not members of the Defence Force had every reason to feel aggrieved by such treatment. His Excellency felt sure that the Association would realize the irregularity and would be only too anxious to put right a matter which could only be regarded as an injustice. He asked that the meeting should not lose sight of the main point under consideration. It was not a question of whether or not the Association should be strictly confined to members of the Defence Force, but one of rectifying an irregularity which he was sure had been unwittingly made. The Committee were unanimously agreed that an alteration in the Rule as it stood should be made in order to allow of the late members of the Association who were not members of the Defence Force, continuing their membership. If the meeting agreed to the suggested alteration he would read the amendment to the Rule as drafted by the Secretary, but before doing so he would like to hear the views of the meeting.

Mr. R. Robson said that he did not see why civilians could not join the Defence Force if they wished to become members of the Association, Mr. Brown replied that this was hardly the question at issue. It was a question of

principle/

principle. In altering the constitution of a Club or an Association it was a serious matter to disregard totally the rights of existing members simply by a stroke of the pen.

Mr. M. Campbell said that he understood that it was agreed at the Committee Meeting that the question of the amendment of the rule should be left to the General Meeting and that it was not, as had been stated, unanimously agreed in Committee that the rule should be altered.

Mr. Brown asked as to what was recorded in the minutes of the Committee Meeting regarding their decision.

The Secretary replied that he regretted that those minutes had not been written.

Mr. Brown then suggested that some of the members might express their views in the matter.

Mr. R. Campbell proposed and Mr. V. Summers seconded that the Rule should remain as passed by the previous General Meeting. Mr. V. Summers also mentioned that two General Meetings of the Rifle Association had been held recently and on one occasion only was there a single civilian member present. It did not therefore appear that outside members had any interest in the Association.

Mr. J. W. Grierson stated that he wished strongly to support the recommendation of the Committee and moved that the amendment of the Rule should be put before the meeting. This was seconded by Mr. W. Summers.

Mr. J. F. Summers spoke in favour of the amendment and said that he did not see what difference it would make if the whole of Stanley were admitted as members of the Association. He could see no reason for excluding civilians from membership.

During the discussion the question of marking arose and Sgt. Major Allan in his capacity of Captain of the

Association/

Association said that all members whether members of the Defence Force or not would be treated alike and would be required to conform to any orders given.

Mr. Brown then asked the meeting to decide definitely whether or not they intended to amend the rule in accordance with His Excellency's wishes. He pointed out that His Excellency was not concerned as to the constitution of the Association but desired that the privileges of every member should be safeguarded. He went on to say that His Excellency was not only Commander-in-Chief but also Governor and he considered that it was their duty to assist him in every way possible, He suggested that any prejudices which the members had might be allowed to waive. He emphasized the fact that the Association owed a debt of gratitude to His Excellency which should not be overlooked. His Excellency had initiated and helped the Association in a way which no one else would or could have done. If the assistance were suddenly withdrawn the Association would suffer badly, and if the meeting deliberately opposed his wishes could it be expected that his assistance in the future would be so readily forthcoming. Mr. Brown concluded by saying that he felt strongly in the matter and hoped that the members would look upon it from the same point of view. He also hoped that the views he had expressed would be clearly understood. He then read the suggested amendment to Rule 1 which was as follows :

"1. The Association shall be called the Falkland Islands Defence Force Rifle Association and shall consist of -

- (a) Members of the Defence Force, whether registered on the Active, Reserve, or Retired lists.
- (b) Holders of the Long Service Medal.

Provided that members of the Association on the 30th of April, 1929, whose names appear in the subjoined Schedule shall for the purposes of these Rules be deemed to be members of the Falkland Islands Defence Force.

Provided/

Provided also that under exceptional circumstances the Committee may with the approval of the Governor elect a member who is not a member of the Falkland Islands Defence Force nor the holder of the Long Service Medal."

The amendment was then put to the meeting by ballot resulting in 19 votes in favour and 8 against.

Mr. J. Gleadell then moved and Mr. M. Campbell seconded that, subject to His Excellency's approval, the Rule should stand as it was originally under the provisions of which non-members of the Defence Force over the age of 30 years could be admitted as members of the Association subject to election by the Committee.

Mr. A. Fleuret made an amendment seconded by Mr. J. F. Summers that the Rule should stand as passed at the General Meeting that evening. On a show of hands being taken 2 were in favour of the amendment and 8 in favour of the proposal. Mr. Fleuret pointed out that 8 could hardly be considered a majority of 27 members. The Secretary, was however, instructed to submit the suggestion to His Excellency for his consideration.

Mr. Brown then stated that he had another matter upon which His Excellency desired him to address the meeting. In the first place he wished to extend a cordial welcome to the local Bisley Team in His Excellency's name. His Excellency would meet them on Friday evening at a dance which was to be held in honour of the team and would then have an opportunity of welcoming them in person. He explained that as the members were aware the Government in 1928 and 1929 had provided £400 for the purpose of sending a team to Bisley including £50 towards the expenses of the local Bisley Meeting but that His Excellency now felt that this contribution could not be continued. He assured the meeting that so long as His Excellency was Governor of the

Colony/

Colony the annual grant of £50 towards the expenses of the local Bisley Meeting would be maintained but it would be necessary to curtail the assistance given to the team sent to England. It was His Excellency's keen desire to place the Association on a solid basis before leaving the Colony. He had the interest of the Association very much at heart but other administrations would probably not have the same interest in shooting. So large a sum as £400 a year from public funds would become open to criticism. It would appear much more satisfactory that the expenses of sending a team to Bisley be borne by those people really interested and there were many in the Colony who he was sure would willingly support the movement. His Excellency had suggested that land owners and business people should be approached and that a general subscription list might be started at an early date in order to raise funds to defray these expenses. He explained that it may not always be necessary to incur considerable expenditure in sending a team to England as it may often be found possible to select a team of men who would be willing to go at their own expense. Next season it was possible that a team could be selected from officials proceeding to England on leave. He was authorised to say that so long as His Excellency was Governor a contribution of £50 would be made towards the cost of sending a team to England to represent the Colony in the Junior Kolapore Cup Competition. If the grant was not required in any one year it would be placed in the Savings Bank and added to from time to time for this same purpose. (Applause.) The Government could not go on arranging the Bisley Shoot; the Association would in future have to make all arrangements necessary in connection with the sending of a team. Mr. Brown concluded by saying that His Excellency sincerely hoped that this would not affect

the/

the keenness in shooting and would greatly deplore the failure of the Association to prosper now that it had been so firmly established.

Captain Watson said that he knew that His Excellency had the Association at heart, and he could truthfully say that they had never received the same support from any Governor as they had from Governor Hodson. (Applause).

Mr. J. F. Summers proposed a hearty vote of thanks to His Excellency the Governor for all he had done to help the Association. This was received with acclamation.

It will be seen that in accordance with His Excellency's wishes it was agreed that the Rule in question should be amended to read as follows :
