①

~~1-~~ I came of an inspection this morning
of the Pura Hotel at Prison. The Chief Constable
draw my attention to the following matters :-

- (a) Scullery. A draining board to the
sink needs completion.
- (b) Washhouse. The copper requires repair
or renewal.
The drain appears unsatisfactory.
- (c) Back yard. A water tank might be
removed at odd.

Will you please examine and report

in due course?
