Following message from H.M. THE KING headed Buckingham Palace will be published tomorrow morning Saturday begins

To my people. As this grave moment in the struggle between my people and a highly organised enemy who has transgressed the laws of nations and changed the ordinance that binds civilized Europe together I appeal to you

I rejoice in my Empires effort and I feel pride in the voluntary response from my subjects all over the world who have sacrificed home fortune and life itself in order that another may not inherit the free empire which their ancestors and mine have built

I ask you to make good these sacrifices.

The end is not in sight. More men and yet more are wanted to keep my armies in the field and through them to secure victory and enduring peace

In ancient days the darkest moment has ever produced in men of our race the sternest resolve

I ask you men of all classes to come forward voluntarily and take your share in the fight

In freely responding to my appeal you will be giving your support to our brothers who for long months have nobly upheld Britains past traditions and the glory of her arms
