F.I. Dependencies Stamps

Please refer to my telegram FIDS D/15/51 ²¹⁰ of the 9th November and your reply RB 198/56 of the 16th.

I regret to say we are still rather confused regarding the quantities of stamps supplied from London to T.A.E. and I.G.Y.E. To clarify the position I should be grateful if you would air mail a list showing exactly what has been issued of both overprints and the current issues since the Expedition commenced operations.

90
143 In the first place it would appear that T.A.E. received 10,000 stamps of each denomination (1d. 2½d., 3d and 6d.) of the overprinted issue out of which they supplied £75 worth to I.G.Y.E. (Crown Agents letter G9/F.I.6953 of the 16th August 1955 and Hemmen's telegram IGY/11/56 of 24th May 1956 refers).

183
187 This season T.A.E. and I.G.Y.E. should each have been issued with current Dependencies stamps listed in Colonial Secretary's telegram to Crown Agents dated 175 the 3rd August - see also telegrams dated 17th August from Colonial Secretary to Crown Agents and O.A.G.'s telegram No.199 to Colonial Office. This arrangement was acknowledged by Hemmen in his letter dated 25th August to me.

188 Further supplies overprinted stamps were requested in Colonial Secretary's telegram of the 2nd 196 October to Green.

We require to know the quantities issued for accounting purposes in connection with the payments of 35% of sales to the T.A.E.

OVERSEAS: "CROWN, LONDON."

TELEPHONE: ABBEY 7730.

Sir,

175 in Vol. I.

I am directed to refer to your telegram of the 3rd August, requesting supplies of Falkland Islands Dependencies postage stamps for use by the T.A.E. Base at Shackleton and the I.G.Y.E. Base at Halley Bay, and to confirm that these stamps have now been delivered to the respective leaders of the Expeditions concerned. The stamps ordered from the printers required for local use were shipped in the s.s. MARTIN "S" on the 25th October.

2. Reference is also made to your telegram of the 2nd October, requesting supplies of overprinted "T.A.E." postage stamps for South Georgia and Halley Bay and it is confirmed that these also have been delivered for conveyance in the "MAGGA DAN".

3. I am to inform you that all charges in connection with the packing and despatch of these consignments will be debited in due course to the Crown Agents' Falkland Islands account and it is assumed that any necessary financial adjustments will be made locally.

4. Credits for all sales of Falkland Islands Dependencies stamps sold by the Crown Agents' Stamp Bureau have been placed to the Falkland Islands Dependencies account although it is usual to charge the cost of printing etc. to the Falkland Islands account. This procedure was adopted in the case of the "TAE" overprints.

5. Perhaps you will be good enough to consider this matter and say whether the proceeds of future sales of Dependencies' Stamps (either "plain" or overprinted) should be credited to the Falkland Islands Account, or, alternatively whether printing costs for Dependencies stamps should be debited, in future, to the Falkland Islands Dependencies account.

6. Equivalent transactions for Falkland Islands stamps are, of course, both credited and debited to the Falkland Islands account.

I am, Sir,

Your obedient servant,

L. B. Allan

See 133
in Vol. I.

The Ministry of Foreign Affairs and Worship presents its compliments to the Embassy of Great Britain and, with reference to the new series of postage stamps of the Malvinas [sic] Islands put into circulation by the British Postal Administration on the 31st of January, 1956, this chancellery repeats the declaration made on similar occasions and reserves the rights that the Argentine Republic possesses over the Archipelago mentioned which unquestionably forms part of Argentine territory by virtue of geographical, historical and juridical titles already mentioned on previous occasions and which it would be futile again to specify.

The Ministry of Foreign Affairs and Worship avails itself of this opportunity to renew to the Embassy of Great Britain the assurances of its highest and most distinguished consideration.

Enclosure to Sir Francis E. Evans's Despatch No. 293 of December 6, 1956.

DRAFT

Her Britannic Majesty's Embassy present their compliments to the Ministry of Foreign Affairs and Worship and have the honour to refer to the Ministry's Note No. 2139 of the 30th of November, 1956, about the issue of a new series of Falkland Islands postage stamps on the 31st of January, 1956.

2. In reply, Her Majesty's Embassy have been instructed to invite reference to the Embassy's Note No. 161 of the 2nd of July, 1956, in which it was pointed out to the Argentine Government that the Falkland Islands are and remain under the Sovereignty of Her Majesty, and that the circulation of a new series of postage stamps in the Islands constitutes a normal act of administration in the area.

Her Majesty's Embassy avail themselves of this opportunity to renew to the Ministry of Foreign Affairs and Worship the assurance of their highest consideration.

Gentlemen,

I am directed to refer to your letter G9/Falkland Islands 7290 of 9th November, 1956, regarding Dependencies Stamps and to inform you that proceeds of future sales should be credited to the Dependencies Account and all charges (printing etc) debited against the Dependencies Account. This procedure applies to all issues of Dependencies stamps including T.A.E. overprints.

12. POSTAL ARRANGEMENTS

(1) A requisite number of specially over-printed Falkland Islands Dependencies stamps and an appropriate quantity of such stamps, not over-printed, will be issued to you before your departure. They are to be used only for legitimate postal service and are to be accounted for. The duties of Postmaster will be carried out by a member of the Main Party appointed by you.

Any such stamps which it may not be possible to use or transfer to Halley Bay before your final departure from Shackleton are to be destroyed and a certified statement of destruction given to the Expedition office on your return to the United Kingdom.

- (1) Before the end of the financial year we should make further payments to the T.A.E. of 35% of the value of all overprinted stamps sold as follows:-
- (a) From the C.A. Stamp Bureau for the period 1st June 1956 to the end of May 1957.
 - (b) From Bases O, W and Y up to the end of May 1956.
 - (c) From all Bases (A, B, D, F, G, H, J, N, O, W and Y) for the period 1st June 1956 to the end of May 1957.
 - (d) From Stanley and South Georgia for the period 1st June 1956 to the end of May 1957.
 - (e) From 147E Base, Halley Bay up to the end of May 1957.
- (See my memorandum FIDS 47/574 of the 29th June 1956 and your letter FIDS/T/45 of the 4th July 1956 filed at pages 174 and 167 A of Volume I)
- (2) We should consider how we are going to meet the full value (less 35%) of T.A.E. overprinted stamps supplied to the Expedition value £495.16.8. I would suggest the full amount deducted from the next payment made by C.A. (1(a) above) and that the 35% and value of stamps destroyed when the party leave

for the Pole) is adjusted at
later date.

T.A.E. have also been supplied
with stamps of the current issue to
the value of £770-5-0 and this
amount is to be retained in full
less value of any stamps destroyed.

- (3) I.G.Y.E. have been supplied with
T.A.E. overprints to the value of
£231-5-0 for which £36-12-0¹/₂
is now accounted for leaving a
balance value of £194-12-11¹/₂. This
amount, less the value of any stamps

and 15% paid to T.A.E.

I.G.Y.E. have also received stamps
of the current issue to the value
of £770-5-0. This has to be
retained in full less any stamps
returned.

- (4) I should be grateful if you would
arrange to have this file B in.

as is required. Also will you
please check that the payments
already made to T.A.E. are correct -
it should now be possible to

Your minute of 19/2/57 at 260.

Ref. your (1a) I have discussed with Auditor and it has been agreed to place 35% of Stamp Bureau T.A.E. Sales on Deposit each month from G.O. Vouchers to be paid over to T.A.E. This will save our having to send a telegram to C.A's and we can make the payment at our convenience. Also the Revenue Sub-head will not be overstated for eleven months of each year.

A/V 39 of

may

(b) Sales from Bases O, W, and Y. amounted to £4.4.11½. 35% will be paid to T.A.E.

(b), (d) & (e). I will arrange for Post Office to supply figures as last year (We can ask for figures up to June, 30th) and place money on T.A.E. Deposit ½

We can ask C.A. to make one payment and send a supporting statement giving a breakdown of the amount.

(2) J.O.E. Base are not at present sending telegraphic stamp etc. you agreed to instruct the Base leader to forward a monthly statement. This will take care of the credit sales, since we will debit personal etc and recover from T.A.E. office. Any money, headed, P.O's etc. received for cash sales could be sent to the Postmaster via S. Georgia or U.K. When the Base closes the remaining stamps will be destroyed and a certificate produced. At th

end of each year 35% of T.A.E. sales can be placed on deposit as in (1a)-(c) above.

(3) We are receiving stamp accounts from Halley Bay and "Sale of Stamps" Revenue Sub-head is being credited with the value of the credit sales. The money is being recovered from I.G.Y. personnel either locally or through I.G.Y. Office or Royal Society. We should take similar action as in (2).

(4) I will arrange for file to C.V. I have checked the payments already made to T.A.E.: Stanley, S. Georgia, Stamp Bureau figures are agreed but Bases should have been 35% of £121.11.3½ according to my reckoning, account of the balance between £121.11.3½ and £86.2.2. With reference to your telegram of the 2nd April and my reply D/15/51/266 of even date regarding the £75 worth of overprinted stamps transferred to I.G.Y.E., the attached telegraphic correspondence was ~~sent~~ exchanged between H.Q. office here and Dr. Fuchs.

You will see that T.A.E. have been issued with stamps to a total value of £1,266-1s.8d. and their Deputy Postmaster will be required to account for them. When the final statements and destruction certificates (which are required if all the stamps are not sold) are received, T.A.E. will be paid 35% of the total value of overprinted stamps sold. The £75 worth of stamps handed to Dr. Dalglish is not included in the total value - £1,266. 1s. 8d. - and will not therefore be taken into account by T.A.E.

The I.G.Y. Expedition on the other hand have been supplied with T.A.E. overprints to the value of £231.5s.0d. (which includes the £75 worth taken over from T.A.E.) and have to date accounted for £36.12s.-1d. worth. They have also been issued with £770.5s.0d. worth of the current issue. All these have to be accounted for and 35% of the value of overprinted stamps only sold will in due course be paid to T.A.E.

I have copied this letter to Admiral Parry and Assistant Treasurer, F.I.D.S., and assume the position will be now clear to all concerned.

676 as you have no means of collecting individual amounts from TAE personnel these were included for your convenience as a block sum under TAE £162.18.3d. for which TAE London Office is responsible for paying to you. The same applies to previous sales amounting to £84.14.2d. which is accounted for on sheets despatched to you on Maggadan through TAE London Office. TAE Office have been asked to confirm to you despatch of these accounts and cash. Future monthly total sales will be reported direct to you but TAE Office must necessarily pay you lump sum for individual accounts. Original issue of overprints from Crown Agents totalled £521.17.6d. which was 167 sheets of each value. Of these £75 or 24 sheets each value transferred Halley Bay leaving TAE to account for £446.17.6d. plus further issue value £50 totalling £496.17.6d. We cannot agree your figure £495.16.8d. second no money orders or letters from persons named have been received at Shackleton. Shackleton will close before arrival any other ship.

Ref. 271 et x. I do not like this method of recovery and am reluctant to open a "Block Advance Account" for T.A.E. personnel; in my experience this form of account causes a certain amount of confusion. We have had a satisfactory recovery arrangement with T.A.E. Office since "Shackleton" Base opened for private expenses such as telegrams, radio licences, and air letters. Sale of stamps could have been incorporated quite smoothly. Unfortunately, Shackleton Base have acted on the assumption that no arrangement existed and their stamp accounts have been sent to London. It seems hardly worthwhile attempting to alter their arrangements at this stage; sale of stamps will have dropped and the Base will close during the coming season. The method of payment will work but we will need to watch that the amounts paid are correct.

2. ? P.M. is dealing with "Y". From (255) 10,000 of the T.A.E. set amounts to £520.16.8d. The question of the destruction of the remaining stamps depends on Dr. Fuchs. I discussed the point with A.S.F. and understand that there will be a flight from

Shackleton Base to Halley Bay Base; perhaps unsold stamps could be sent to Stanley via I.G.Y.E. Base, always assuming there is room on the aircraft. The Postmaster is not very happy about stamps being destroyed by T.A.E. and would prefer the stamps to be returned to Stanley.

A.H. FIDS

I assume TAE (London) will reimburse us regularly for all credit sales & make their own arrangements for collection from individual members. If this is so, then X! we really haven't a worry. It will be interesting to see what payments have already been made when the long awaited accounts turn up.

Regarding the method of disposing of surplus stocks. I do feel rather strongly on this point & if the stamps can possibly be included in the proposed flight this should certainly be done. They could then be returned to this office where a properly convened board could be appointed to carry out the destruction.

WFT. 9.7.57

274

A.H. FIDS

If we bill TAE for all stamps sold, then it's up to them to recover & I agree with Postmaster at X.

Suggest Postmaster should now request TAE to despatch unsold stamp by plane to Halley Bay for return to Stanley via S. Georgia & a FIDS ship. Co could not A.O. S.G. carry out the destruction & provide a certificate?

Sir,

I am directed to refer to your telegram No.D/15/51/160 dated 26th June, 1956, which authorised the payment to the Trans-Antarctic Expedition of 35% of the proceeds of sale of overprinted stamps up to 31st May, 1956.

2. A letter has now been received from the Expedition's London Office, asking when a further transfer may be expected. The total amount credited to the Dependencies account in respect of sales from 1st June, 1956 to 31st October, 1957 is £1,067.2.11d, and 35% of this figure is £373.10.-d. *agreed with.*

3. The Crown Agents will be glad to learn whether the transfer of this amount may be made, and whether your authority should continue to be sought for future transfers. You may wish to consider whether a general authority for month-by-month transfers can be given.

Gentlemen,

Falkland Islands Dependencies Overprinted Stamps

The final accounts for sales of the above stamps have now been received and the sum of £633. 3. 6d should be paid to the Trans-Antarctic Expedition Office. This sum represents 35% of T.A.E. Overprinted stamp sales less the balance owing to the Dependencies for stamps sold by Shackleton Base and credited to the T.A.E. Account.

Details of the amounts are as follows:

<u>Period</u>	<u>Post Offices</u>	<u>£.</u>	<u>s.</u>	<u>d.</u>
June, 1956 to March, 1958	F.I.D.S. Bases, Halley Bay, South Georgia and Stanley	287.	4.	-.

=====

It is assumed that the T.A.E. Office have continued to credit their own account with proceeds from sales at Shackleton Base, consequently they have been charged for the total stamps issued and credited with the value of those returned plus 35% for the Overprinted stamps.

Please see (308) - (309). We now have full details of all stamps returned by T.A.E. (298) and (305) and they may be paid their proportion of overprinted stamp sales. There should be no further action now on the issue except perhaps for minor sales from letters postmarked before the mine was withdrawn.

SUBJECT :- OVERPRINTED TRANS-ANTARCTIC STAMPS.

During a conversation this morning with the Accounting Officer, FIDS, I was surprised to learn that the overprinted Trans-Antarctic stamps which were withdrawn from sale on 31st March, 1958 were still being offered for sale by the Crown Agents in April and May of this year and may even yet be on the market.

From records available in this office, the Secretary of State was asked on 7th February to approve the withdrawal date of 31st March and inform Crown Agents accordingly. In his reply S/S agreed to the suggested date and confirmed that Crown Agents had been advised. (Relative correspondence will be found in FIDS 165).

See 414 & 416 - FIDS 165.

The two receipt vouchers which I inspected clearly stated "stamps sold during the month of April" and "..... month of May". It could possibly be argued that these were payments received in respect of stamps ordered or supplied on credit prior to the withdrawal date, but I doubt very much if this is the case.

I suggest a telegram be despatched to Crown Agents seeking confirmation that the stamps have actually been withdrawn and reason for entertaining orders after 31st March.

The cost would not be great as if Stamp Bureau have them it would only mean cost of packing and transport. If they have to be printed it shouldn't be all that much either Jo. 235 shows cost of $2\frac{1}{2}d$ at $5/8\frac{1}{2}d$ per 1,000 stamps, this would be £34-5-0 plus 12% purchase £4.5-0 and for 1/2 stamps 237 shows $10/6\frac{3}{4}$ for 1,000 this would be £63-7-6 plus 24½% purchase of £15-10-0.

Sir,

I am directed to refer to the Falkland Islands Account sent to you for October 1959 and to inform you that the sum of £163.15.10 was credited on the 9th October (Voucher No.79) in error. This amount represented the proceeds of sale of Falkland Islands Dependencies stamps for September 1959 and we have therefore debited the Falkland Islands Account for May with this amount and credited the Falkland Islands Dependencies Account with the amount due.

The Crown Agents regret any inconvenience caused you by this error.

CONFIDENTIAL

H.C.S.

This is the first time that I can recall Crown Agents having adjusted accounts they have misallocated between the Colony and the Dependencies and vice versa. We get a fair number of misallocations annually but these are always adjusted locally. I would say that Crown Agents have been unaware of these misallocations and have only adjusted the account at (358) because they happen to spot it was in the wrong account.

This also applies to further amounts of £3,211. 14. - and £158. 16. 2. See item (276) on 0270/C/VII attached.

These amounts have also already been adjusted locally and further adjustments will be necessary to put the matter straight. At any other time of the year the adjustments would be straight forward with no repercussions. As it is we are mixed up with two financial years now and all the above amounts will have to be shown as outstanding in "below the line accounts" in both the Colony and Dependencies accounts as at the 30th June 1960.

This cannot be helped now but I think we should take steps to avoid misunderstanding with further misallocations by informing Crown Agents that all misallocations will be adjusted locally.

Draft letter submitted for approval please.

Gentlemen,

358

Not authentic!

I am directed to refer to your letters G10/Falkland Islands of the 2nd June, 1960, and S6/321/F.I.D.S./4 of the 14th June, 1960, and to state that the adjustments made by the Crown Agents between the Falkland Islands Government Accounts and the Dependencies Accounts in May and June in respect of misallocated receipts and payments have been noted.

2. The misallocations had already been noticed and adjusted locally and further adjustments are now required to correct the action taken in the above accounts. These adjustments will be done locally.

3. Normally this action would be straightforward but in this particular case all the three amounts involved concern two financial years. In order to avoid any misunderstanding in the future with regard to the adjustment of possible misallocations, I am to request you not to make adjustments between the two accounts unless this can be done in the same month to which they refer.

4. It would, however, be appreciated if you would draw such misallocations to the attention of this Government so that adjustment action can be taken locally in the event of this not having already been done.

Local stocks in The Strong Vault are damaged as a result of the Secretarial fire and are therefore unacceptable by Philatelists. We should authorize a reprint requesting that the minimum number permissible be sent out here, i.e. we have to accept a certain %age of each reprint as stipulated by the B/AA(?) in another Secretarial file.

2. I assume A.O. F.I.D. will be consulted from the financial angle before committing the Dependencies Administration to the extra expenditure involved.

H.C.S.

When I drafted the Estimates I asked the Postmaster if he expected any stamps to be ordered in 1961/62. He said he did not think there would be, but to be on the safe side I inserted £250 in the Estimates.

A couple of days ago the Colonial Treasurer spoke to me and said that the Crown Agents had informed him that the 1d stamps (about 30,000) sent from here recently were in a similar condition to the 1/2d stamps referred to at 371 on this file.

I told the Colonial Treasurer that money was available for a reprint and on the strength of this he sent the telegram at 372 which I have just put on the file.

I do not know what percentage we will have to take on the 360,000 1/2d stamps but I estimate the cost of printing 360,000 stamps alone, based on costs for the last reprint in 1959, will be:-

360,000 @ 11/9½ per 1,000	=	212. 5. -
Surcharge of 18.7%	=	39.14. -
Gummed watermarked paper say		38. - . -
Packing say		5. - . -
		<u>£294.19. - say £295</u>

A Special Warrant will be required, but the amount will depend on (a) how many 1/2d stamps are ordered altogether and (b) how many 1d stamps have been ordered.

I understand that no trace has yet been found at the time of writing this minute of the percentage we have to take so I cannot say how much the £295 will be short of the eventual cost. As regards (b) perhaps Crown Agents could be asked the approximate cost of the 1d stamps.

Presumably there will be no objection to the approval of additional funds, since it is to our advantage to have the reprint made to bring in Revenue.

The alternative to issuing a warrant now for say £200 is to issue one as soon as Crown Agents Advice Notes are received.

I should be grateful for your advice please.

We are still unable to trace what percentage of each reprint of stamps we are required to take.

In reply to a similar request to 369 (f. 20 in 2051) we said that "no additional quantities required locally".

In 1959 we ordered 120,000 2½d Dependencies stamps and 120,000 1/- Dependencies stamps - but the correspondence in the file doesn't touch upon the subject (though we were eventually billed for 121,440 2½d stamps and 131,040 1/- stamps) - file I/85/59 attached.

The Postmaster thought there was correspondence about this in the Post Office, and said he would look it out, but so far the information hasn't come forward.

Sir,

I am directed to inform you that the Council of Industrial Design (a Government sponsored body under the aegis of the Board of Trade) are preparing to exhibit well-designed stamps, which will be displayed at the Design Centre in London during March, 1962, and have asked for a set of the current Falkland Island Dependencies stamps to be included in this display. After the exhibit, the stamps will be incorporated into a permanent collection by the Council of Industrial Design.

A set of these stamps is therefore being supplied to the Council, and it is hoped that this action meets with your approval.

I am directed to refer to your telegram No. 302 of the 29th August, and to inform you that the recommendation that a certain percentage of stamps from any reprint should be sent to the Principal concerned was contained in the Secretary of State's Circular Saving Telegram dated the 10th April, 1946. A photostat copy of this telegram is enclosed for ease of reference.

You will see that no precise percentage has been laid down, but it is the standard practice in the case of reprints for small quantities, to despatch ten percent. An order is now being placed for a total of 396,000 x $\frac{1}{2}$ d. F.I.D.S. Postage and Revenue stamps.

FROM THE SECRETARY OF STATE FOR THE COLONIES.
TO THE OFFICER ADMINISTERING THE GOVERNMENT OF
CIRCULAR SAVING TELEGRAM.
10th April, 1946.

My circular saving telegram 26th January. Stamps.

The fluctuating and unpredictable demands of philatelic traders have rendered it impracticable for the Crown Agents for the Colonies to hold continuously stocks of all British Colonial postage stamps without occasionally having to order additional supplies at a time when the postal authorities concerned did not wish to receive any additions to their own stocks and war-time difficulties, which have not yet been wholly overcome, have for some time rendered it impossible to ensure that each successive printing of any one stamp shall be in all respects alike.

In consequence, it has been represented to me that it may sometimes happen that the whole of a particular printing of stamps, which may be different from other printings by the number of perforation holes or the shade of colour of its ink, is used to satisfy orders from dealers in this country without any precisely similar stamps having been placed on sale in the territory concerned, and that this creates among philatelists the suspicion that British Colonial postage stamps are being treated officially as an article of commerce.

It has also been represented to me that it would help to remove this suspicion, which may be harmful to the trade in British stamps, if whenever a new printing of a Colonial stamp is made, a proportion of the new printing were automatically sent by the Crown Agents to the territory concerned without waiting for a new demand. Although no distinction is recognised between individual printings of the same stamp in official transactions, it has been ascertained that the Crown Agents are able, without undue inconvenience, to make arrangements of this kind. The first consignments of stamps from each new printing would be clearly marked as such by the Crown Agents when they are dispatched and it would assist the purpose in view if in such cases stamps from the new printing could be placed on sale in post offices as soon after their receipt as can be conveniently arranged.

I shall be glad to learn whether you see any objection to this procedure in the case of the territory under your administration.

Dear Sir,

----- We enclose a statement showing particulars of sales, etc.
of *Falkland Is. Depts stamps* from *1st May 61*
..... to *31st Dec 62*

On the 1st January, 1962 a new type of stamp ledger page was brought into use and photograph copies of the relevant pages giving all the information concerning the number of stamps sold, amounts credited and commission taken for the period
----- 1st January, 1962 to 31st December, 1962 are enclosed, together with an old type statement for the period *1st May 61* to *31st Dec 61*

The stamps shown on the statement under the headings "publicity" and specimens include stamps used for the following purposes:-

- (a) General Publicity purposes including some permanently mounted in display frames for use at exhibitions, e.g. STAMPEX London and PRAGA 1962 etc.
- (b) Blocks of 4 stamps (reprints) sent to the two main cataloguing houses for their close examination and eventual recording in their catalogue.
- * (c) ~~Stamps on loan to the printers for colour and perforation check in connection with new stamps on order.~~

* There is a heavy backlog of stamps awaiting destruction, and the destruction certificate in respect of your
..... issue, withdrawn from sale on the
..... will follow as soon as possible.

Yours faithfully,

for the Crown Agents.

The Colony stocks of the "Defendants Ship" issue are now due for destruction. Can you pl. verify that it will not be necessary to retain these any longer.

I think the franchise is for S. Georgia to carry out their own destruction & submit certificate when this has been done, but base issues are returned to the Post office for such action. If so would you pl. instruct all Bases to return their "Ship" balances by first boat & report when all have been received. Subject to exr. recommendation we can arrange for S. Geo. to carry out their own destruction

Confirm our stock of Ship issue may now be destroyed. Stocks from BAT Bases have all been returned and are included in the stock held in my vault. Stocks have previously been destroyed at South Georgia - what happened about the Ship issue - were they destroyed at SG or returned to Stanley?

Could I see the Map issue file pl?

Dear Sir,

We have pleasure in enclosing photographed copies of our Stamp Register sheets which show all the information concerning the number of your stamps sold etc., amounts credited and commission taken for the period
..... *1st Jan 1963* to *16th July 1963*

The stamps shown on the sheets under the headings "publicity" and "specimens" include stamps used for the following purposes:-

- (a) General Publicity purposes including some permanently mounted in display frames for use at exhibitions, e.g. STAMPEX London and MELUSINA (LUXEMBOURG) 63 etc.
- (b) Blocks of 4 stamps (reprints) sent to the two main cataloguing houses for their close examination and eventual recording in their catalogue.

* ~~(c) Stamps on loan to the printers for colour and perforation check in connection with new stamps on order.~~

* ~~There is a heavy backlog of stamps awaiting destruction, and the destruction certificate in respect of your issue, withdrawn from sale on the will follow as soon as possible.~~

Yours faithfully,

for the Crown Agents.
