H. B. In answer to the above the Col Secy. came to see me, and informed me that the Ag. Chief Clerk in his office had handed him the cheque for £400, together with other remittances in connexion with the Whaling Industry, amounting to £800, in all £1200, stating that he had taken them for his desk in the office.

These remittances were received in March last and on calling for all Whaling papers I discovered from the registers that no Whaling licences had been issued for next season though all applications were received at the Colonial Secretary's Office between December and March last.

At a meeting of the Executive Council held today all applications for next season well dealt with

2<sup>nd</sup> July, 1915.
