Sir,

I have the honour to acknowledge the receipt of your letter of to-days date asking for permission for the Church fence remaining where it now stands for the present; and that when the piece of land advertised for sale be put up for public auction that a condition of sale may be made allowing the Committee to remove the fence on it within one month.

H. E. - desires me to state that he sanctions these arrangements.

The Secretary

New Church B. Committee

No 59.

G. O. S. F. S.
10th March 1887.

Gentlemen,

I am directed by His Excellency the Governor to inform you that one of the lamps purchased from Messrs Deane & Co for the Government House & shipped by the S.S. "Selambria" in November last, was found broken when unpacked, the cause of the breakage being that the heavy cast iron counterpoises for the hanging lamps were not properly secured in the packing.

packing case, in which they were found rolling about loose.

The broken portions of the lamp are being sent to Messrs D. & A. B. Ireland in order that they may be replaced by Messrs Deane & Co as soon as possible.

I have to acknowledge the receipt of a requisition for repairs to Cape Pembroke Lighthouse and am directed by H—S— to request that you will forward an estimate of the cost of the same for transmission to the Board of Trade.

I have &c.
 For G. R. Broom
 Principal Light Keeper.

Henry B L Jameson
 Acting Col^l Sect^y.

No 67Gov^t Office
21st March 1887

Sir,

I am directed by the Governor to acknowledge the receipt of your letter of the date of the 19th instant relative to the sale of two portions of Town Land.

His Excellency desires me to inform you that the lots of land to be sold by auction on the 22nd instant are two portions of public roads — one of them being part of the land granted for the purpose of a site for a church and lately surrendered in exchange for land in another part of the town — the other being also waste land in excess of the present arrangement for the width of streets — It is open for you to purchase either or both of these lots when they are offered for sale, but the price must be regulated by the bids which will be made.

The Governor sees no necessity for postponing the sale of these lands or of interfering with a matter already been settled by the Council of Government.

I have &c.
 Henry B L Jameson
 Acting Colonial Secretary.

For Charles Williams

29th March 1887

Sir,

I have the honour to acknowledge the receipt of your letter of yesterdays date, and I am directed by H. - & the Governor to inform you, that on it being notified to me that the samples of water are packed, addressed & shipped to the Crown Agents for the Colonies, they will be instructed to have the analysis made as requested

The President
Board of Health

I have &c
sd/ Henry B L Jameson
Acting Colonial Secretary

No 75.

G. O. S. F. O.
30th March 1887

Gentlemen,

In pursuance of a Despatch from the Right

£60. 0. 0.
 approved
 Sd. & R.
 Governor

Honourable the Secretary of State for the Colonies to Governor
 Rem dated the 13th of October 1880. I have this day issued
 to him a draft upon you for sixty pounds sterling, on
 account of pay which has accrued to him and which will
 be withdrawn in the Colony.

The Crown Agents
 for the Colonies

Downing St. S.W.

I have &c

Sd. H. B. L. Jameson
 Acting Colonial Secretary.

N^o 76.

G. O. S. 7. D.

30th March 1887.

Gentlemen,

You will receive by the Kosmos Steamer "Totmes" a
 parcel containing samples of water from the Reservoir at
 Stanley and from the stream which supplies it.

I am directed by H.E. the Governor to request that you
 will have these samples carefully analysed, and transmit
 to him the results of the analysis.

The Governor is in communication with Mr. George
 Henry Leane, Civil Engineer, of 21 Queen Anne's Gate in
 Westminster on the subject of the filtration of this water
 and he would be glad if you would allow Mr. Leane to
 inspect the samples which are now sent, and also inform
 him of the results of the analysis when made.

The Governor thinks that the chemist employed in
 connection with Mr. Leane's process of filtration might
 perhaps be the most suitable person to employ on the
 analysis.

The sample from the stream is marked A and
 that from the Reservoir is marked B.

The Crown Agents
 for the Colonies

Downing St. S.W.

I have &c.

Sd. H. B. L. Jameson
 Acting Colonial Secretary.

G. O. S. 7. D.

30th March 1887.

Sir,

I am directed by H.E. the Governor to request that
 the mail by SS Totmes for England be landed at
 Dartmouth.

Dartmouth, the Quarantine regulations at Monte
Video rendering it undesirable to land the mail there
H. Schlotfeldt Esqre I have &c
Agent for the Rosmos Company Sd. Henry B. L. Jameson
&c &c &c Acting Colonial Secy.

N^o 78.

G. O. S. F. D.

April 1st 1887.

Gentlemen.

I am directed by H.S. the Governor to acknowledge
the receipt of your letter of this day informing him that
the SS "Rance" will be ready to sail with the West
Falkland mails for Port Bay at 11 a.m. tomorrow.

With reference to the statement contained in your
letter that you will not be prepared to continue the
carrying of the West Falkland mail after this trip, I
am directed to point out that the next English mail
will be due in Stanley on the 22nd inst, and that notice
to terminate the agreement in less time than a month
cannot be received.

23rd April 1887.

Gentlemen,

Referring to the Articles of Agreement entered into by your Firm on the 4th of May 1886 for the Conveyance of the West Falkland mail, the following conditions were inserted:—

- " The vessel conveying the mails for the West Falkland shall "
- " leave Stanley, not later than three days after the arrival at "
- " that Port of the Rosmos Company's mail steamer; the said "
- " vessel shall remain at the West Falkland not less than six "
- " days, and shall in no case reach Stanley with the return "
- " mail less than four days before the arrival of the Rosmos "
- " mail Steamer, as fixed by the Company's time table.

In the event of a breach of any condition of this contract through your default, your Firm was made liable to a fine of ten Pounds (£10).

The mail from England by SS "Totnes" arrived here on the 29th of March ultimo, and was not despatched to the West Falklands until the 4th of April instant, further, the mail for England from the West Falkland has not yet arrived.

Yours faithfully
re re re

Acting Collector of Customs.

Government Office

Stanley F. J.

13th May 1887

No. 100

Sir,

I have the honour to acknowledge the Receipt of your letter in F 2129 of the 14th March last asking for a report on the expenses incurred by the master of the Ship "Great Britain" — on behalf of the owners — in sending home his crew.

The Ship "Great Britain" arrived here on the 24th May 1886 in distress, having lost Spars & Sails and being otherwise damaged.

about her hull. She was surveyed — (one of the surveyors being Mr. E. G. Fowler who was sent out by the Liverpool underwriters to superintend the repairs to the Ship "Sydney Sacs") — The vessel and cargo ^{of coal} were afterwards sold to the Falkland Islands Coy.

Some of the crew were paid off and discharged here and the master applied to Mr. Spakenham Brooks the Colonial Secretary & Shipping master — who is now in England on leave of absence — to have such of them as remained by the ship sent home at the expense of the Board of Trade. This Mr. Brooks did not consider himself justified in doing, and the master drew the amount required to pay for the passages from his agents — The Falkland Islands Company.

The "Great Britain" is at present being used as a hulk. Nothing in writing passed between the masters and Mr. Brooks on the subject.

The Assistant Secretary
Finance Department
Board of Trade

I have the
Honor of
Henry B. L. Lamer
Acting Colonial Secretary

No. 101.

G. O. S. F. I.

16th May 1887.

Sir,

I am directed by H.E. the Governor to inform you that your letter, received on the 16th of April last, applying for a concession of the land and foreshore, and the right to construct a jetty to be free to the Public, in front of your land lots 37 and 37 A near the Ross Road in Stanley, has been considered in Executive Council.

The Governor and Council agree with you in the opinion that it would be desirable to have a jetty or landing place at or near that part of the Town, but that the work should be done at the expense of the Government and not as a private enterprise.

The Grants of foreshore and wharfage which were made to Messrs. Dean Shaws and the Falkland Islands Company, were only sanctioned by Her Majesty's Government under peculiar circumstances, and in consideration of a large amount of purchase money in each case, and it is not probable that such sanction would be extended to

to a concession at a part of the Harbour shore which might at no distant time be required for defensive works.
I am further to inform you, that, should you be desirous of entering into a contract for the erection of a small Jetty, or landing place on such part of the beach in the vicinity of your property as may be approved by the Government, any proposal you may have to make will be favourably considered by the Governor in Council.

Acting Colonial Secretary

Nº 102.

G. O S & 9

16th May 1887.

Gentlemen,

I am directed by H.E. the Governor to inform you that your letter of the 14th inst, applying for payment of the subsidy for conveying the last two mails to & from the West Falkland, was considered by him on the same day in Executive Council, when it was decided, that notwithstanding some irregularities with respect to the conveyance of the March mail by the steamer "Rance", which arose from a misunderstanding on your part with regard to the duration of ^{the} ~~your~~ Contract, the amount of the subsidy should be paid; but, that, in the case of the April mail, it does not appear that the cutter "Chance" employed by you for the service, went to Fox Bay, as required by the Contract, and that it seems uncertain whether the whole of the West Falkland mails for the steamer due on the 22nd instant has been brought in, under these circumstances I have been directed to withhold the payment of the subsidy for that service until it is certified that it has been virtually if not literally performed.

Yours

M^r. Dean & Sons.

26th May 1887.

Sir,

With reference to your letter of the 25th of May 1885, transmitting a petition signed by yourself and other inhabitants of the West Falkland Islands to the Secretary of State for the Colonies praying for a grant from Colonial Funds for the Establishment of a mail service between Port Stanley and the West Falkland, I am directed by H.E. the Governor to communicate with you on the subject of the mail service ~~(between Port Stanley and the West Falkland)~~ so applied for.

In compliance with your petition the Governor was authorised to place the sum of £100 on the Estimates for 1886. for the West Falkland Mail Service, which sum has also been placed on the Estimates for the present year.

On the 24th of May 1886. Messieurs J. M. Dran & Sons entered into a contract, under Seal, with Lt Governor Barkly, for the conveyance of the mails, monthly, between Port Stanley and Fox Bay, a copy of which I am instructed to forward herewith for your information.

Messieurs J. M. Dran & Sons have applied to be released from their obligation, on the ground that their Steamer "Rance" is about to leave the Colony and they find

it impossible to make other arrangements without incurring an outlay much in excess of the subsidy.

The Governor has not consented to this application until the inhabitants of the West Falkland, for whose convenience the service is carried on, have an opportunity of informing him what arrangements they may suggest as to the manner in which the mail service should be performed and the subsidy be applied.

Although the contract which Messieurs J. M. Grantham have entered into cannot be discharged without the consent of the Governor, it is evident that it was agreed to under a misconception as to their right to discharge it by notice to that effect, and it would be unjust to withhold his consent to free them from their obligation for an unreasonable time.

The Governor therefore requests that you will as soon as possible inform ~~him~~ me on the action which the inhabitants of the West Falkland propose to take

Robert Stables & Co

for re re
Bell Cove.

No. 115.

G. D. S. F. J.

2nd June 1857.

Gentlemen,

I am directed by H.E. the Governor to inform you
that the two pairs of ^{dining room} curtains supplied by Messrs James
Shoobred & Co. for Government House, and charged in their
invoice accompanying your account for February 1857
($\frac{3}{82}$ 3rd Feb^y 1857) were, when opened, found to be of different
shades of colour.

These curtains have been returned in a box in charge
of Captain Wm Hall of the SS "Granville" (which will shortly
leave this Colony for London) addressed to Messrs J. & A. B. Freeland
to be returned to Messrs Shoobred & Co. and exchanged for
others of the same quality, but of uniform colour.

I am to request that you will be good enough
to direct Messrs Shoobred & Co. to have the curtains fitted
with hooks for hanging and that they will also send a
sufficient number of large curtain hooks to attach to
the other four pairs of curtains which were sent out at the
same time and charged in the same invoice.

The Governor hopes that Messrs Shoobred & Co.
will pay the expenses incurred by their mistake.

The Crown Agents,
for the Colonies.

Sir,

I beg to acquaint you that I have this day remitted the sum of £ 77 .. 16 .. 4. to be placed to the credit of the Colony of the Falkland Islands as follows. viz:-

On account of

Money Orders

16th day of June 1887. £ 77 .. 16 .. 4.

Order on Crown Agents. £ 77 .. 16 .. 4.

The Receiver & Accountant General
General Post Office
London.

I have &c

Sgd Henry B. L. Jameson,

Acting Postmaster.

No. 134.

G. O. S. F. D.

21st June.

Sir,

I am directed by H.E. the Governor to inform you that he has received a letter from Mrs Anderson, informing him that Assistant Colonial Surgeon A. J. Anderson died on the 20th of May ultimo, but he has had no official report from any of the Justices on the West Falkland.

The Governor awaits information from the inhabitants of the West Falkland as to their wishes with respect to the appointment of a successor to Dr. Anderson that he may communicate with the Right Honourable the Secretary of State for the Colonies on the Colonies on the Subject.

22nd June 1887.

Sir,

I am directed by H.E. the Governor, with reference to your letter received on the 18th instant respecting the West Falkland mail, to inform you that Messrs J.M. Dean & Sons are unable to ^{obtain the} use of the Fair Rosamond for the service. as the owner - J. Rowlands - will not consent.

The Governor is unable to obtain any suitable offer and awaits the action of the inhabitants of West Falkland in the matter.

Robert Blake Esqr J.P.
Hill Cove
West Falkland.

I have &c

Acting Colonial Secy

No 136.

G. O. S. F. J.

22nd June 1887.

Sir,

I am directed by &c. the Governor to acknowledge the receipt of your letter dated yesterday, having reference to the death of Dr. Anderson, which you had already informed him of verbally when you called on him on Saturday, when you also informed him that Mr. Blake had stated his intention of reporting the circumstance to him by letter.

No letter arrived from Mr. Blake, who has been written to, with a request that he will communicate the wishes of the inhabitants of the West Falkland on the subject of a successor to Dr. Anderson as soon as possible.

As Mr. Blake was made the medium of communication with the Governor in the application of the West Falkland Settlers for a Medical Officer, it is proper that he should now also report on the subject.

L. A. Bouillon Esqre.

Stanley.

I have &c

Sd. H. B. L. Jamieson

Acting Colonial Secretary.

No 137.

G. O. S. F. J.

22nd June 1887.

Sir,

With reference to your letter of yesterday relating to the preparation of tobacco imported by you in the "Granville" for sheep dip, I have the honour to inform you that no tobacco in any shape can be imported into this Colony without payment of duty.

You are permitted, if you think fit, to call this import "unmanufactured tobacco for the preparation of sheep wash only", and pay a duty of three pence per pound; If, as you say, it is "manufactured tobacco," it is liable to a duty of three shillings per pound. If it is neither of these it comes under the head of "all other tobacco" which is liable to a duty of two shillings per pound.

Under the 37th Section of the Customs Duties Consolidation Ordinance, it is provided that all persons receiving dutiable goods shall pay to the entering Justice the

the full amount of the duties, or be liable - besides the forfeiture of the goods - to a penalty in each case not exceeding £100.

It will be my duty to communicate with the entering Justice on the subject as soon as possible.

L. A. Baillon Esq.

cc cc cc

Stanley.

I have &c

Sgd. H. B. L. Jameson
Acting Colonial Secretary.

N^o 128.

G. O. S. F. D.

28th June 1887

Sir,

I have the honour to acknowledge the receipt of your reply to my letter N^o 98 of the 6th of May last having reference to four bags of tobacco powder imported by Messrs Baillon Brothers in the 'Granville' and landed by your permission without payment of duty.

I have again to call your attention to the Customs Tariff, as amended by Ordinance N^o 1 of 1883, which forms part of the Customs Consolidation Ordinance of 1882.

You will find that no tobacco in any shape is exempt from duty, and that there is no mention in the Ordinance of what you describe as "non smokeable non chewable & non snuffable".

Unmanufactured tobacco for the preparation of sheepwash only is chargeable at 3^d per pound, manufactured tobacco, cigarettes and snuff 4/- per pound, cigars 5/- per pound, and all other tobacco 2/- per pound.

It is the duty of the importer on the arrival of a vessel to make a declaration before the Collector (or Justice of the Peace acting in that behalf) of the quantity and description of tobacco, and pay the duty on it, before he can be permitted to take it from the ship.

Mr L. Baillon informs me that he would not have landed this tobacco had he not been told by you that it was not liable to duty and he has been informed that should he under these circumstances desire to abandon the goods instead of paying the duty you will

will be authorised to permit him to have the tobacco powder destroyed in your presence on it being abandoned to you for the duties, as provided by Section 32 of the Ordinance.

Should the tobacco be so abandoned and destroyed I have to request that you will inform me of the fact as soon as possible, or otherwise transmit to me the amount of the duty.

I am surprised to learn from Mr Baillon that he has not yet paid duty on any of the dutiable goods received by him from the Granville and I have to call your attention to Section 4th 37 of the Ordinance, which provides that "All dutiable goods shall be landed in any part of this Colony other than at Port Stanley until a solemn declaration shall have been made by the importer or person receiving the same of the nature and quantities of such goods before a Justice of the Peace in the manner provided by the form in the Schedule, and before payment to such Justice of the full amount of duties to which such goods are liable and such Justice shall with all convenient speed transmit to the Treasurer at Stanley the amount of duties so received and the declaration relating thereto, and all dutiable goods which shall be landed otherwise than is herein provided, shall be forfeited and the person or persons receiving the same shall be liable to a penalty in each case not exceeding £100."

I have received no customs duties for any of the goods received by Messrs Baillon Brothers.

I am directed by H.E. the Governor to call your attention to the Circular which was sent to you dated 8th May 1886 and to point out that the operation of the Ordinance N^o 8 of 1885 which requires all vessels to make entry at Stanley has only been suspended on the assurance that the Justices of the Peace in other parts of the Colony would carry out faithfully the requirements of the Ordinance of 1882.

Henry Waldron Esq^r J.P.
West Falklands

I have &c

Sir

I have the honour to inform you that having laid your letter of the 5th of February last — having reference to the collection of contributions towards the Imperial Institute — before the Governor.

His Excellency was pleased to forward it to Mr H. E. Cobb one of the unofficial members of the Legislative Council, who had already been appointed by

the Governor as the medium of communication with the inhabitants of the Colony on the subject.

Mr Cobb was ^{earnest} most energetic in his efforts to convey all the necessary information, particularly to the settlers in distant and outlying parts of the Islands, and he has already paid to me the sum of Two hundred & twenty pounds as a deposit which the crown agents for the Colonies have been requested to pay to the proper organization in England, but that sum does not represent the whole amount which it is expected will be contributed when all the replies shall have been received.

When such farther sum has been ascertained it will be added to the amount already notified.

I regret that I have not been able to reply to your letter sooner, but it was accidentally mislaid by Mr. Cobb and has just come again into my hands.

Henry M. Jamieson
Acting Colonial Secretary

G. B. Stanley 27th July 1887

No 170

Sir,

I am directed by H-8 the Governor to inform you with
reference to a letter addressed to him which he received from
you late yesterday evening - having reference to certain proceedings
of the Board of Health - that you should have observed the rule
which requires that all communications on public business should
be addressed to the Colonial Secretary, in order that the
correspondence should be placed on record in his office

With reference to the subject of your letter I am to inform you
that the Governor cannot find any provision in the Public Health
Ordinance 1886 by which the matter you report should be
referred to him.

The Ordinance requires under section 1
that a copy of the minutes of each meeting shall be forwarded
to the Governor, but not that any report should be made to him
except with reference to the closing of Public Fountains, Reservoirs
or Wells.

The Ordinance requires the Board of Health on being
satisfied of the existence of a nuisance to cause a notice to be

Served upon the owner or occupier of the premises to abate nuisance within a specified time, which, as the Board of Health have taken action in the matter, the Governor presumed has been done, but at the same time cannot conceal his surprise that such a heartless & unnecessary exercise of authority in a case which calls for sympathy, charity and respect for the feeling of the poor man who is in affliction.

G. O. S. F. D.

15th August 1887

Sir,

I have the honour to acknowledge the receipt of your letter of the 23rd of July last in which you state for the information of H.E. the Governor that

the

£450.

the inhabitants of the West Falklands are of opinion that the mail Service between the East and West Falkland Islands may be performed at an annual cost of Four hundred and fifty pounds ~~per annum~~, and that they hope the subsidy from the funds of the Colony may be increased to that amount.

I am directed by the Governor to inform you that the cost of the mail Service already exceeds one fourth of the amount of the annual Revenue of the Colony, and that from this expenditure there is no reason to believe that the inhabitants of the West Falkland Island do not derive their full share of advantage.

£300.

I am to remind you that it was with great difficulty and after repeated applications that the sanction of the Secretary of State was obtained to the vote of Three hundred Pounds annually for this Special Service, and, to inform you that there is no present probability of an increase in the amount of that vote, but that the sum of £300 per annum will be paid monthly either for the performance of the Service, or in aid of any arrangement which the inhabitants of the West Falkland may make for that purpose.

Sir,

I have to acknowledge the receipt of your letter of the 24th of July last having reference to the desire of the lease holders in the West Island to purchase the land at Fox Bay on which the Doctors house is erected.

I am to inform you that as the land is at present under lease the Governor thinks it might be expedient to allow the question of a Sale or Grant to

to remain in abeyance until the termination of the present Lease, when it is probable that a free Grant of the land may be made by the Crown and Trustees appointed to whom it might be conveyed.

Under any circumstances, however, either a sale or grant must be made to trustees as there would be a difficulty in executing a conveyance to an indefinite number of persons.

...cession for
...restitutio, is probably
purpose to convey an assurance of the earnest
to effect this remedy, which the members
have in view, and for this endeavour there is
apparently

in these Islands" — but it has not been reported to H.C. nor is he aware, that any destitution; in the ordinary sense of the word, exists in this Colony. There are, and have been, casual instances of distress, but these are distinctly the results of drunkenness, vice, and reckless misprovidence, and they are so few in number that the cost of relieving them has hitherto been easily provided by private benevolence; The Governor has not during his administration found it necessary to spend any public money for this purpose, except the sum of seven shillings, which was demanded by the Lords of the Admiralty for the expense incurred in bringing W. H. Martin of Stanley, from Monte Video in H.M.S. "Amethyst" in 1885.

2. The causes of destitution (should it arise here) could only be the increase of drunkenness, and of reckless waste, as the labouring classes — and particularly the mechanics — earn very high wages, are exempt from taxation of any kind and enjoy the protection of a settled Government without being called upon to contribute towards its support: neither do they, except in few and rare instances, assert in the support of any known or recognized charitable association. It is evident therefore that they are well able not only to subsist in comfort, but to make provision for time lost by illness (which some of them do by means of a benefit Club) and also for the necessities of old age, and for the support of helpless widows and children.

3. The causes of destitution being therefore sufficiently clear and recognized, the self-evident remedy is the reformation of drunkard and evil and reckless lives; and the title of the "Falkland Islands Reform Club", which at first appeared a little obscure as a description of an association for the purpose of alleviating destitution, is probably intended to convey an assurance of the earnest purpose to effect this remedy, which the members have in view, and for this endeavour there is apparently

apparently an opportunity for making a beginning. It does not often happen that the Police Magistrate is called upon to make examples of flagrant cases of drunkenness and disorderly conduct, but it is not yet a month since two of the inhabitants of Stanley, - with names very similar to some which are signed on the document which you have forwarded to H.E. - were convicted and punished for this offence.

4. A Charitable Organisation under the name of the "Destitute Poor Fund," has for some time past through its Committee, made itself useful in the application of a small fund which is annually raised by means of private subscriptions for the relief of cases of distress. This benevolent ^{& generous} purpose has languished for want of more general support. I transmit herewith, by H.E.'s direction, a copy of the list of subscriptions during the present year, furnished by Mr. Durose the Secretary to the Committee, from which you will perceive that the number of the subscribers is exceedingly small. It might be, that, in the pursuance of so excellent a purpose, the Reform Clubs might unite itself with the Destitute Fund Committee with advantage to the common aim; but if there are reasons for separate and independent action in the work of benevolence, H.E. hopes that their efforts may be entirely successful.

5. With reference to the enquiry as to the application of Public money, I am to inform you that you can procure at this Office, at the cost of 1/- each, copies of the Appropriation Ordinances for each year which contain information as to the amounts authorised under each head of expenditure, and the manner of directing such expenditure, and if you have not already seen the Annual Cash Account of the Colony which was posted on the Sarsille Board for the information of the Public it can also be seen at this Office.

N^o 214

G. O. S. 79

17th September 1887

Sir,

I have the honour to acknowledge the receipt of your letter of yesterday's date in reply to my letter N^o 207 of the 15th instant in which I stated that H.E. the Governor required you to inform him what pressure was brought to bear on you when making
your

your report on the Reservoir water to Lieut Governor Barkly in your letter of the 26th of July, 1886, and on what grounds that report had been considerably "modified toned down and glossed over":

I have submitted your reply to His Excellency who directs me to inform you, that he cannot find in your letter the explanation which he required. If — as may perhaps be inferred by your allusion to a mass of correspondence with Mr Brooks the Colonial Secretary — you received any communication from the Colonial Secretary which you considered of such a nature as to affect your making an accurate report on the water to the Lieut Governor, you should have forwarded such communication for H.E.'s information, and, that it might be referred to the gentleman in question through the Secretary of State for an explanation of such interference.

In the Report which you then made for the information of Lieut Governor Barkly, you distinctly stated that you had examined two specimens of the water supplied to you from the Government Reservoir and had found, by Chemical Analysis, the following impurities:—

Peaty matter in excess

Chlorine 5°p

and a weak trace of organic matter.

To which you added that you were pleased to say that you did not consider the water bad.

Your report is on record in the Government Office and is the only one which you have hitherto made to the Government on the Reservoir water. Your assertion therefore that pressure was brought to bear on you when making the above analysis raises a very grave question to which you have given no answer whatever.

There is a statement in your letter which — although it does not bear on the nature of your analysis and report — has caused the Governor much surprise, and I am to request that you will explain what you mean by stating that you "took part with H.E. against Mr Brooks."

Precis of Proceedings of the Board of Health with reference to analysis and report by Mr Gibson F.C.P. on the Reservoir Water.

The President (Colonel Surgeon Hamilton) drew particular attention to mention of nitrogens and albuminoid contamination and traces of nitrates, in the report, and said that the report was sufficient to condemn the water, which was utterly unfit for use. he added that no filtration would make the water wholesome.

Mr Cobb (a member) said that he was struck with the fact that Mr Gibson from beginning to end of the report avoided saying that the water was actually fit for drinking.

The following resolution was then agreed to.

"Having carefully considered and discussed the fact that in no part of Mr Gibson's report on the Reservoir water and taken note of the fact that in no part of that report does he state that the water is actually fit for human consumption, but on the contrary mentions the presence of several noxious ingredients that might seriously jeopardize human life - records its opinion that the water should be looked on with suspicion and the public should be warned not to use it for drinking purposes."

It is right to add to the above that a member drew the attention of the Board to a report on the Reservoir water made by the

I have &

S^r. Henry B. S. Jameson
Acting Colonial Secretary.

N^o. 224.

G. O. S 79.

19th September 1887.

Gentlemen,

I am directed by H.E. the Governor to send to you by the Ramoss steamer a box enclosing a two gallon stone jar containing a sample of water from the Government Reservoir in Stanley - with a request that you will be good enough to forward it to Dr. Percy F. Frankland. Ph.D., B.Sc., & C.S. of Grove House, Penn bridge Square W. for the purpose of Chemical Analysis and Report.

Dr. Frankland is requested to state in his report
1st If the water is in his opinion sufficiently pure for drinking purposes.

2nd In the event of the water being found impure can it be purified by filtration?

3rd Has Dr. Frankland any knowledge or information respecting the properties of the Kimmeridge Shale Carbon as used by Mr. R. A. Leane & S^{rs}. C.C. in his process for the purification of water by continuous filtration, and if so does he think the process applicable to the purification of

of this water should it be necessary or expedient to subject it to filtration?

The Reservoir from which the sample of water has been taken has been in use for thirty seven years chiefly for the supply of water to shipping in the port of Stanley; it is supplied from the Springs or drainage issuing from a peat bog which covers all the high ground in the vicinity of the Town - which accounts for its brown colour - In the dry weather the supply is very slender, and, after heavy rain or melting snow, the flood water finds its way to the sea by the same channel, but it is not allowed to flow directly into the Reservoir, which is supplied by the infiltration of the water through a mass of sand and loose stones at the highest part of the embankment.

Cattle and horses feed on the coarse pasturage which covers the peat, and it is thought possible that there might become contamination from that cause.

approved
S. J. Kim
Governor

I am to request that you will kindly supply Dr. Frankland with a copy of the particulars of this letter, and that you will pay the necessary fees and charges and place them to the account of this Government.

Gentlemen,

I return to you by Book Post a package of \$250 forms supplied by Messieurs Waterhouse & Sons — intended to be "forms for ships protests" — according to a pattern forwarded to you in my letter n^o 61 of the 10th of March last, but which on being opened were found to be forms for the use of the Government of the West African Settlements.

You will be good enough to have this mistake rectified at the cost of Messieurs Waterhouse & Sons.

27th December 1887.

Sir,

In answer to your letter of the 19th of October last
I am directed by the Governor to inform you that he
forwarded a copy of your letter, having reference to the
death of Dr Anderson and the wishes of the Inhabitants
of the West Falklands as to his successor, to the Secretary
of State on the 18th of July last, and that he has been
informed by the mail which arrived on the 22nd inst
that the Secretary of State had communicated with
the Admiralty his intention of appointing Dr A.
S. Hance, Surgeon of H.M.S. Swallow, to be medical
Officer for the West Falklands.

Dr Hance, however, has withdrawn his application
and declines the appointment, of which the Governor has
informed the Secretary of State by the present mail.
The Governor hopes that a suitable doctor will be sent out as soon as possible.
