Sir

I have the honour to acknowledge  
yr Esq's communication of this day con-  
taining a Memorial from the manager of  
the F. I. Co respecting the judgement obtained  
against him for ~~breach of contract~~ <sup>selling the Crown Wild Cattle</sup>,  
& I beg to forward to you a Report  
upon it accordingly -

Memorial B

In this Report I will endeavour  
to confine myself as much as possible to  
the division of the case brought officially  
before me leaving the other aspects of  
the Memorial to be more properly noticed  
by your Excellency & the Surgeon General.

It appears that to encourage co-  
lonization & especially small farmers, a  
Proclamation dated July 1849 offered grazing

Excellency Stations of 10,000 acres each for 20 years  
for the

Governor Moore  
do do do

"for the purpose of depasturing Stock"

to any one who would purchase 160 acres to each Station <sup>by auction</sup> at the upset price of 8<sup>o</sup> per acre; & the F. I. Co<sup>y</sup> availed themselves of this permission to purchase such Stations on Port Salvador to the N. of the Island in Feb. & March 1860, & ~~May~~ <sup>June</sup>.

I will now say of the Island

Wild Cattle (a term, by the way, which rather applies to their wandering habits, than to any inherent ferocity, for with the exception of occasional solitary out-lying bulls, expelled from the herd, they are easily captured & tamed,) that by the Charter of the Co<sup>y</sup>

all the Cattle outside <sup>the Co<sup>y</sup> District</sup> La Florida were <sup>Permitted</sup>

to revert to the Crown in Jan<sup>y</sup> 1860, after

to which period it was enacted that

any person, without permission of the Governor

<sup>in writing who should destroy</sup> without lawful cause <sup>hunt, wound, capture or</sup> destroy any Wild Cattle, shall for each

animal so killed or pay a fine not exceeding

twenty

twenty pounds.

306  
313

Your Co<sup>y</sup> has, granted under this Ordinance to many persons, including the Company itself, licences to kill Wild Bulls, on a report being made by the Surveyor General, at present at a Royalty of 4<sup>s</sup> per hide (the actual value of which here is nearly 25<sup>s</sup>) & upwards of 3000 have been so killed.

The last licence paid for by the Co<sup>y</sup> expired Dec 31<sup>st</sup> 1861 & on Feb 20<sup>th</sup> in this year an Information was laid before me by the Surveyor General that the Company's servants had killed 54 Wild Cattle on the Salvador Grazing Station, of whose hides (which had been taken off & salted by the Company's servants) he had left a constable in possession.

The Case was heard on the 26<sup>th</sup>

penders do 1

Feb<sup>3</sup> before myself & Captain Facke, who

to I summoned not ~~a~~ much because from  
one of the persons  
as position & character he was, most  
of deservedly respected in the Colony, as  
to because he had no connection whatever  
with the Government, & as a large land-  
holder I more than two years residence  
here, I wished to have the benefit of  
his great practical experience -

I beg to forward the Record of  
the Trial at which it was held that  
by "lawful cause" was signified *prima facie* for  
the saving or supporting of life ~~&~~ also that  
the Company might kill in their division of the  
Island called *Latonia* which was specially  
exempted by <sup>their</sup> Charter, but that these animals <sup>March</sup>  
of which they were <sup>the</sup>  
were protected by special ordinances, &  
that the Company had no more right to kill  
them & take their hides, than a cottager in  
England paying a small rental for *free*  
Common

Common Rights would have to kill  
& appropriate Pheasants or Deer which  
might stray across the Common or  
even his own perfectly unfenced &  
uncultivated garden -

It is true that some Sealers  
were some time back only fined in  
£1 each as penalty & £3 as compensation  
for each animal, but in this case they  
had killed 4 animals for food, & on  
another occasion they were actually prosecuted  
for this offence by the F. I. Co., although  
they had had a ship-wrecked crew  
on board to supply with food.

The Managers of the Company, however,  
taking advantage of the condition of the  
Government, which has only one permanent  
Constable

Gabriel's case  
£100  
£100

Case of the Victor  
£100  
£5.16

at its disposition, had secretly sent out Gauchos, fully equipped to kill the Crown Wild Cattle by wholesale, for commercial purposes; & the Court, considering that the Manager had endeavored to incite other land-holders (especially John Bonner & Petaluga) to follow his example, causing it to be represented among an ignorant population, that he had himself received letters from this place the Sec<sup>y</sup> for the Colonies, (sic) and the Directors, authorizing him to do this illegal act, in defiance of the Government & Law; that the Company's Servants had been repeatedly prosecuted before, & had escaped for want of direct evidence, that it was well-known to us that the Company's servants at their remote establishment of Darwin Harbour, have for years past been ordered to kill for consumption, exclusively the

Crown

Case of the  
 Case of the  
 that Case of the

Crown Cattle, <sup>\*</sup> to the amount of <sup>308 (317)</sup> ~~thousands~~  
yearly; that nothing but the most prompt  
& vigorous measures, taken at a great  
expense by the Government, had secured  
conviction in this case, for Mr Lane  
did not volunteer ~~any~~ information,  
until he was aware that it had been  
already fully obtained; & that if  
ever there was a case for the full  
penalty ~~and~~ a most necessary example  
it was the one before ~~the~~ Court —  
inflicted the full penalty —  
by the means taken to enforce

this judgment, Mr Lane cannot reasonably  
complain; the time for the whole pay-  
ment was fixed by a General Magistrate's  
Meeting to be by bi-monthly instalments,  
(which was extended to the 6<sup>th</sup> of September) but  
that as it was not only strictly regular,  
but also very advisable in this case,  
when

~~Special Meeting~~  
March 5<sup>th</sup>

when delay would be most dangerous, <sup>but</sup> the first instalment should be made at once.

There were good reasons (of which I satisfied your Excellency) for believing that the Declaration made by Mr Bennett might be true to the letter, but ~~was~~ <sup>not</sup> equally correct in fact, & I only beg to append to Mr Lane's copy of the correspondence the last letter I had occasion to write to him on the subject, to show that the Order ~~is~~ was not carried out in any spirit of undue severity.

Appendix  
Letter to Mr Lane

With respect to the <sup>other</sup> Declaration annexed, which Mr Lane appears to have drawn up for his servants to sign, it will be better to refer you & I to the Surveyor General, ~~and~~ <sup>with</sup> I ~~would~~ <sup>only</sup> say that the two men were ~~not~~ in Court throughout the Trial, to which ~~indeed~~ they had been summoned as Witnesses, & that Mr Lane did not think fit to question them on any of the ~~his~~ assertions contained in this Document; it will be for your Excellency

Excellency to give your opinion, whether  
within this colony, where the facts are  
known to every one, such statements  
could be seriously or openly brought  
forward -

The Colony is still on the  
brink of a dangerous crisis, and I  
believe if signs of temporising had been  
shown in this case, that the greater  
part of the whole available population  
would have gone, in defiance of all laws  
or Rights on a ~~Buccannering~~ Expedition,  
which would have destroyed every head  
of the Crown Wild Cattle in the Island.

If M<sup>r</sup> Lane had been personally  
more popular with the land-holders  
something of the sort would have taken  
place

of the few & simple ordinances <sup>310</sup> which <sup>(321)</sup>  
have been passed for the public wel-  
fare; & for myself, although I have been  
little more than six months in the  
Colony, I have seen enough of its  
economy to declare that unless the  
present most wholesome example is  
properly supported, the office I hold  
will be rendered altogether nugatory,  
& it will be my duty to advise that  
it should be reduced or dispensed

The average attendance  
is 88, namely 50 children  
of the Militians, and 38 of the  
Soldiers in Garrison.

The amount of School

Parents of Civilian Children is

as yet contributed by them in any one quarter.

Only three and sixpence having been paid for Stationery, seems to show that the Parents are quite ready to supply their Children with School requisites.

It has been necessary from the want of Stationery for the Military Children for Mr. Clarke to supply them from the stores that have been issued to him.

Whenever your Excellency can conveniently direct the erection of a Gallery for the Infants at the East end of

The Boys School, the efficiency  
of that department will be much  
increased.

I am sure it will be a

him that when ships sail for

double that sum if you

Referring to your Excellency's

2 On the 12<sup>th</sup> March I  
proceeded to complete the tour

your Excellency and have the  
honor to report that in  
journeying thro' the Districts

His Excellency

No 9, 10, 11 & 12. leased to the  
S. J. Company on the San Blas  
Side of Port Salvador. I observed  
that the servants of the Company  
who had been hitherto employed  
in killing illegally wild bulls from  
the herds belonging to the Crown  
(for which offence they were  
subsequently convicted) were  
preparing to vacate these districts,  
which are now entirely deserted.

3 I have great pleasure in  
reporting to Your Excellency  
that the Station occupied by  
Andrés Petalunga at the Mouth  
of Port Salvador is not only  
stocked and occupied in  
accordance with the proclamation  
of 2<sup>nd</sup> April 1861. but the require-  
ments of the proclamation are

204  
34 (350)  
far exceeded. The energy with  
which this settler endeavours  
to improve this district in  
affording a large capital  
in cultivating the land containing  
a wild herce & supplying the  
Settlement with beef and butter  
is worthy of every encouragement.

Possesses a good substantial  
stone dwelling house which is  
occupied, there is another in the  
course of construction. Together  
with two good dwelling houses  
occupied, calf penning <sup>and corral</sup> & sty, also  
a fine garden with every kind of  
vegetable grown on these Islands  
His stock comprises 53 working  
horses. 30 Oxen. Same herd 29.  
Pigs. 18. Goats 7 <sup>& Sheep</sup> Poul. 120, Ducks, 6  
7 Donkeys & 2 Boatmen in charge  
of Cutter.

4 With regard to the number of wild Halls in the various parts of the Island I beg to say that in the neighbourhood of Cape Songamire they ought not to be molested for some time to come, but round Hannings Head, Orinacle Bay, & Cape Dolphin the Halls are still in excess and being of opinion that the slaughter of a moderate number in that district would be beneficial to the wild herds I should recommend John Excellency to grant a licence to kill 200 or 300 to Andreas Petaloga who is now on the ground for the purpose of establishing a farm.

5 On leaving this part of the country I proceeded to the Station occupied by John Gomer

On the South side of Port. I have  
where I found a house built  
according to the proclamation  
of April 1861. & 13 houses no other  
stock but I have no doubt the  
provisions of the proclamation  
will be complied with as soon  
as time will allow. It would  
be well to allow the settlers to kill  
100 wild bulls as they appear to be  
still numerous in the neighbourhood

6 The Station occupied by  
Capt. Packer on the South shore  
of Port. Fitzroy is built upon and  
amply stocked with 1,000 sheep  
besides horses & cattle.

Sir,

I have received from the Director of the Falkland Islands Company several orders of the Mineral Land & Immigration Commission <sup>to be</sup> <sub>in</sub> to be handed to the Colonial Govt. in payment of the purchase money of so many plots of land (with Leasehold Districts attached) as will comprise the Company's Holdings on "temporary occupation" on the Shore of St. Michael Sound & on the North East side of Port Salvador - and I beg to make application for such purchases accordingly -

I had overlooked until now the mention in your Excellency's letter of the 20<sup>th</sup> March 1899 of the Districts held by the Company "since the 21 June 1853" only - The 2 Districts on the N.E. side of Port Salvador were rented <sup>from</sup> "since years" later, & were, probably inadvertently, not included

under those words, as intended by W. Foster  
in his letter of the 16 Dec: to Sir John Ouseley  
of which the following is an extract

" His Grace has informed the Gov of the Colonies

The lands at Salvador, as well as on the

both were of course included in the Company

Sir,

I have received dispatches from the Directors of the Falkland Islands Coy dated the 7<sup>th</sup> Feb & 8<sup>th</sup> March last of which the following are extracts

7<sup>th</sup> Feb "We have the Secretary of State's Assurance that all wild cattle upon our <sup>own</sup> Holdings are at our exclusive disposal"

8<sup>th</sup> March "It has been distinctly admitted by the Colonial Office that the Holders of Land are the only persons who can have any right to kill the Cattle which are found feeding upon it"

Pending the result of the Memorial to the Secretary of State & having regard to the above extracts, I trust your Excellency will direct further proceedings to enforce the Penalties to be suspended -

Referring to your last letter of the 7<sup>th</sup> inst. No. 111 The Company has paid £250.5.0 levied yesterday as "being the 2<sup>d</sup> instalment ordered by the Court of a penalty to the Crown recovered ag<sup>t</sup> the said Company" with 5/- for the Warrant - I have to renew the Company's protest against the illegality of the conviction & subsequent proceedings & to claim repayment with interest & all consequent damages.

The proceedings adopted on this occasion were as follow

About noon yesterday the Constable delivered to me a copy of a Writ of Execution & departed. An hour afterwards a notice was affixed on the Gt. Gazette Board of a sale of the contents of the City Hall "Margaret" on the 13<sup>th</sup> inst., followed afterwards by the "Broad Arrows" being put in several places upon the sides of the Hall.

Ye Ye Ye

The Right Honorable Her Majesty's 356  
Secretary of State for the Colonies (365)  
The Memorial of the Falkland  
Islands Corporation

That in March last your Memorialists transmitted a statement in reference to Penalties, as they conceive, illegally inflicted upon them for killing wild Cattle amounting to £1000, directed to be paid by four instalments in March, May, July, & September in the present year, & praying relief

That only <sup>in order</sup> to avoid any question of making a voluntary payment, your Memorialists' Agent adopted the ordinary course, in such cases, of awaiting the receipt of the formal legal process before payment of the first instalment in March last, but on the Constable bringing such process the amount was paid to him pursuant to its tenor.

That having subsequently transmitted a Memorial to His Secretary of State, application was made to the Governor to suspend proceedings until the answer could be received but H. E. refused to do so - and on the 5<sup>th</sup> of May instant, at 12 of at noon, formal

366  
process was delivered to recover <sup>£50</sup>  
(being the second instalment) and <sup>5/-</sup> for  
the Warrant -

That the Constable on delivering  
the process immediately left without  
taking possession - Your Memoranda  
Agents had the money (specie) ready  
ready for payment without any  
delay after receiving the formal  
process, but the Comptroller's Cashier  
being absent at the time, & it being  
the ordinary dinner hour of the Comptroller  
(12 to 1. o'c.) your Memoranda Agents  
was unable to send the money to the  
Police Court at the moment, &  
expected a reasonable time for doing  
so, but at 1. o'c. (only one hour  
elapsing) he saw a notice in the  
hand writing of the Chief Magistrate,  
Mr Goodlake, posted on the Government  
Gazette Board advertising the forfeiture  
on board of the Company's Hulk "Broad Arrow"  
(of the value of several thousand  
pounds) to satisfy an execution  
against the Company

That the notice was so hastily  
advertized that possession of the Hulk  
had not been even taken, and the  
Constable afterwards put off to the Hulk  
and placed the "Broad Arrow" in several  
places upon her sides, there being at the

367 357  
time British and Foreign Vessels on  
Port - and a payment of 1878 was  
demanded and paid, in addition  
to that for the warrants.

That the Chief Magistrate has written  
to your Memorialists' Agent, in reply  
to his inquiry on the subject, that the  
Constable acted "very properly" - and  
your Memorialists' Agent stated the  
above proceedings to H.E. The Governor  
on the 9<sup>th</sup> instant by letter, but has  
received no reply or communication.

Your Memorialists submit that  
such proceedings are unlawful and  
oppressive, evincing personal feeling,  
and tending to injure the credit  
and position of the Company, & that  
they cannot fail to create ill-feeling  
and injury to the Colony  
and respectfully pray

That Her Majesty's Government  
will give such directions as  
will prevent a repetition of  
proceedings so irregular and  
oppressive.

Sir,

Your Excellency's Letter of this date addressed to me has been sent to the Paymaster of H.M.S. "Oberon", to an application from whom, I apprehend, it is intended to be a reply -

2 It must however have escaped your Excellency's recollection that, only so late as March last, the same signatures were given to a similar Voucher for loads supplied to H.M.S. "Devastation" & that it was attested by your self or at the Government Office without hesitation. Also that in the cases of H.M.S. Buzzard, Curacoa, Tiger & others (Bennett for his predecessor) & H.M. Magdall signed similar Vouchers, & that the required attestation was in each case attested by your Excellency or by H.M. Longden without objection -

3 - There being not a single Merchant in the colony (the nearest approach to one

being a Storekeeper) I fear the Payment  
will have much difficulty in avoiding

Sir,

I sh<sup>d</sup> be obliged by being informed whether the Memorial contained in my Letter the 17<sup>th</sup> was forwarded to the Secretary of State on the 21<sup>st</sup> inst<sup>d</sup> - Referring to Letter No 2, my statement, tho' so flatly contradicted, can be abundantly verified, if necessary - The Messenger delivered my Letter, to Peck, the Government Messenger, outside the door of his Room, in the Government Office Building - & he passed the Church, on his return, (a distance of  $3\frac{1}{4}$  of a mile) it was 10 minutes past 3 by the Church Clock - The Talking pace usual in this Colony, you are aware, is not any means, great - I am not to judge whether it is too late a delivery for a Letter, addressed to Q. to be handed to him that day - but it wd be convenient to know upto what hour a Letter may be delivered to ensure its receipt by the Governor the same day - P.S. This Letter was refused even to be taken in at 4 o' to-day & was returned

letter of the 23<sup>d</sup> inst.

2 A day or two before the Paymaster  
enclosed the Vouchers & your order, I had sent  
them to the Gov<sup>t</sup> Office, as inclosure, for signature  
- They were returned with a message that a  
letter sh<sup>d</sup> be sent to your Ex<sup>ty</sup> - This message  
I was communicated to the Paymaster & he afterwards  
came to my office with a closed envelope  
in his hand, addressed "To H McNamee" &  
in the corner, as nearly as I can recollect,  
"Vouchers for signature" "Heron" - My part  
was merely to send a boy with it, at his request,  
to Government House - If there was anything wrong  
in the mode of communication, it cannot be  
attributed to me -

2. As regards H Mc "Devastation" in March last  
the same signatures were given & I told the  
Paymaster myself that a Gov<sup>t</sup> signature was  
also necessary - He can hardly be supposed to  
have neglected to obtain it, & how he has done so  
may have escaped recollection -

3. I had no intention of offering any "excuse"

that not H Mc McNamee

for the City's Clerk & Storkkeeper having signed  
 for the Paymaster of the "Oboron": what <sup>signed</sup> your  
 by your own subscription, or by that of Mr. <sup>W. G. G.</sup>

 sanctioned their signing, & had never  
 objected to until by Letter of the 20<sup>th</sup> mo<sup>o</sup>. it  
 treated as done for the first time & "a

Sir, I have received a letter from the Acting Colonial Secretary, dated yesterday, in which he states "I am to inform you that altho' you endeavour in your letter to make it appear that the whole blame lies with the absent Paymaster of H.M.S. "Oberon", & putting aside your reference to the Acts of the late Colonial Secy Mr Longdon, now appointed Resident of the Virgin Islands, Mr Longdon is well aware of the whole facts of the case." I should have been quite satisfied not to press this correspondence but for the above vague insinuations - I feel it however necessary to respectfully draw from Mr Longdon an explicit statement of any "circumstances" on the subject of the Vouchers, not already referred to in the letters I have received.

2 It is quite erroneous to suppose that I wished to make it appear that the Paymaster was to "blame" - I hold him perfectly innocent, the signatures which had been deposited,

~~Subscribed~~ offered at the Government Office &  
I take to myself whatever may attach to  
doing so, or to the Clerk or Stockeepers' ad.

3. Mr Kingdon is certainly absent, but a  
reference to him is quite unnecessary to  
substantiate the accuracy of the 3<sup>d</sup> Paragraph  
of my letter of the 24<sup>th</sup> mo. - it can be readily  
done otherwise, but your Ex<sup>ty</sup> full know  
of the practice so stated must obviate  
the necessity;

4 - If your Ex<sup>ty</sup> had ever intimated to me  
any objection to continuing to subscribe, or to  
allow to be subscribed in the Government Office, the  
signatures in question, I sh<sup>d</sup> as a matter of  
course have so informed the Paymaster  
of H<sup>rs</sup> M<sup>ts</sup>.

Sir, I have to trouble your  
Excellency with respect to  
my official duties as Inspector  
of Schools.

The Colonial Government  
School for the instruction  
of children of all Religious  
denominations, was placed  
by your Excellency, on my  
appointment to the Chaplaincy,  
under my supervision, subject  
to non-interference with the  
Religious instruction of those  
whose parents are not members  
of the Church of England.

The Military Department  
rather than establish a

existing means of education.

(49) The Schoolmaster and Schoolmistress, receiving an additional gratuity from the War Office, for the additional labour imposed upon them.

The Commanding Officer of the troops, is a Visitor of the Schools.

It became necessary for me, this day, to require Mr. Clarke the Schoolmaster, to note in the 'Visitors Book' the date of each visit, and to ask each visitor, if he had any remarks, to make them in the proper column in that book: as laid down in the School Rules.

Capt. Molony on Visiting

373  
the Schools this afternoon (366)  
gave certain directions to  
the Schoolmaster, which as  
they may be necessary in  
order to enable the proper  
returns to be made, as one  
can object, but I do most  
distinctly submit to your  
Excellency, that it impairs  
the discipline of the School,  
and treats my own appointment  
as Inspector as a nullity,  
if any visitor <sup>who was</sup> permitted (and  
I should be glad if they all  
avoided themselves of the  
permission) to enter the Schools  
at all times; were to say -  
"Unless you obey my orders  
about the Soldiers children,  
I shall write to the Secretary  
of State and in the mean  
time stop your Military Py-

(35)  
Might I presume to ask your  
Excellency to remind the officer  
Commanding the Troop here  
that the School is a "Colonial  
Government School" of which  
the children of soldiers avail  
themselves by agreement  
between the heads of departments  
at home: that as such your  
Excellency has appointed me  
Inspector of Schools, but that all  
returns &c. required by the  
War Office will be sent either  
through me or direct to Capt.  
Holony, but that I am alone  
responsible for the discipline and  
instruction in the Schools, although  
I need hardly assure your  
Excellency, how thankfully I  
should receive suggestions  
in these matters from any of the  
visitors - I am Sir,

Sir,  
Almost at the same  
time, that my letter of  
yesterday's date reaches  
Your Excellency, you will  
receive this complaint against  
the schoolmaster, produced  
by his conduct arising wholly  
I am afraid from his failing  
to recognize the "Colonial  
Government" as the Department  
to which he is responsible.

This morning on entering  
the schools at  $\frac{1}{4}$  to 11,  
found the children writing,  
and according to my usual  
custom, I inspected the  
lesson then going on,  
passing commendatory remarks  
on some children & the reverse  
in other cases.

Your Excellency  
Governor

I found some of the civilian children writing with very bad quill pens, upon merely inquiring whif the girl, Louisa Goss, had not been provided with a steel pen and holder, Mr. Clarke at once in a very excited manner, "I have no more," exclaimed, "I have no more," I explained he had but to ask me, and I would either provide them or procure them," to my astonishment, he added, "I won't be under so many masters, if the Government are not satisfied with me, they may discharge me, I respect you as my Minister, but you have no right in the school," I succeeded to calm him, being really

(389) 275

anxious as your Excellency  
will remember I have been  
several times before, to save  
him from the results of  
his own impertinence, finding  
it useless, and he repeating  
"he had been used to a school  
where he was his own Master"  
& when he made his own  
Rules" and this in a loud  
defiant tone, I ordered  
the boys to close their books,  
but Mr. Clarke ordered  
them not to do so. I  
requested him to leave  
the School Room but he  
refused -

It is with great regret  
that I thus complain of  
the conduct of Mr. Clarke,  
from time to time, I have  
had to express my satisfaction  
at the way in which  
he has discharged his duties

It seems to me, that  
 the poor man has lost  
 his head for a time, and  
 very incorrectly imagines  
 that his services are indispensable.

I can only lay the matter  
 before your Excellency in the  
 hope that if Mr. Clarke cannot  
 be saved from the consequences  
 of his insubordination, some  
 steps may be taken to prevent  
 such unseemly conduct.

Sir.

I am under the necessity of acquainting your Excellency with the refusal of Capt. Blampied, Master of the Brig "Huron" to take a man named Robert Mills as a Passenger to London on the ground that he is insane -

The Charter party of the Brig distinctly obliges the Master to take such Passengers as I may ship from this Port - The Man, Mills, is of weak intellect, but during about 10 days which he has lodged at Mr. Gannell's (near & about 6 weeks ago) he has been perfectly quiet & harmless. Tho' silly in his conversation - He is wholly unfit for any employment here, but as he came out in the Brig chartered by the Govt, I feel bound to use every effort to send him back - I can only however meet Capt. Blampied's refusal by a formal protest before a History of the breach of the Charter party & make the circumstances known to your Excellency, as the inevitable result of the refusal will be that he will be on the hands of the Government as a distressed British subject. Sir, With reference to my letter of yesterday on the subject of the Man, Mills, I find Mr. Farrell will not continue to board him after to day without a guarantee for payment.

As the Man is already indebted to the Camp for advances in London & here, & is out of receipt for employment, I can further engage their responsibility - As he will therefore from to day be on the hands of the Government, I beg to suggest to your Excellency to exercise the power to send the Man home by the Manon, with which you are invested, as a distressed British subject - If your Excellency

I take leave to correct a  
misapprehension in your Excellency's letter  
the 19<sup>th</sup> inst. No. 155. The Man, Mills,

or are they under any obligation to

Sir,

I am directed by the Postmaster General to acquaint you that an arrangement exists with the French Post Office under which the Colonial rate upon Paid letters despatched from France, and other parts of the Continent via France to most of the British Colonies, as well as upon Unpaid letters despatched from those Colonies to France, &c. is accounted for by the French Post Office to this Department, and by this Department to the

This arrangement has not  
yet, however, been applied to the  
correspondence of the Falkland

for the sake of simplicity and  
uniformity, to make the practice  
general, I am to request that  
you will inform his Lordship  
whether you are willing to receive

Colonial rate on the letters in  
question, instead of the rate of  
1<sup>d</sup> on each letter not exceeding  $\frac{1}{2}$  oz:

in weight as at present.

In being favoured with your consent, the Postmaster General will cause a proposal to be made for extending to letters to and from the Falkland Islands the same system that already applies to most of the British Colonies.

Statistical Department, (419)

Board of Trade,

February 20<sup>th</sup> - 1862. -

Dear Sir,

You are probably aware that for the last three years a copy of the Volume of Colonial Statistics prepared by this Department has been forwarded to The Falkland Islands for the use of the local Government. By a Circular from the Secretary of State for the Colonies (February 5<sup>th</sup> 1859) the Governors were informed, that the Board of Trade desired to establish an interchange of Official Statistics with the several British Possessions, and in 1860, this intimation was I believe renewed, with a representation that the reception of Statistics from the Board

To  
The Colonial Secretary

The Falkland Islands. -

of Trade, should be followed by a systematic communication of such corresponding information, as it was in the power of the Colonies to afford. —

I am sorry to say that the request upon the part of the Board of Trade to be regularly furnished with copies of the Colonial Official Statistics has been complied with by only three or four Colonies.

As it is possible that the Circular Despatches from the Colonial Office upon this subject may not have come under the special notice of the Departments in the Colonies immediately charged with the Official Statistics, I am induced to address this letter to you. By the same Post I send you a separate copy of the Volume of Colonial Statistics for 1859 compiled

by

by this Department.

419 (42)  
It is more

particularly to facilitate the preparation of this Volume, that I am anxious for Copies of the original Returns to be furnished by the Colonies to this Department.

At present we are dependent upon the loan of the "Blue Books" by the Colonial Office and much delay and some inconvenience is consequently occasioned. The Board of Trade requested the Colonial Office to express their desire to receive in exchange for the British Statistics, a Copy of such Official Statistics, as may be printed in the Colonies, and from the Colonies which do not print Statistical Returns, a separate Copy of the manuscript Returns prepared for the Annual Blue Book, and

and which relate to the subjects comprised  
in the Volume of Colonial Statistics compiled  
by this Department. If it should be

in your power to promote a more regular  
transmission of Colonial Statistics to the  
Board of Trade, I feel sure that I may  
rely upon your kind co-operation.

It is desirable that these documents  
should be despatched from the Colonies  
as early as possible after the completion  
of the Returns.

They can be  
transmitted under cover to the Colonial  
Office as originally suggested, or to the  
Board of Trade direct. I believe the  
Book Post offers the best mode of conveyance  
to either Department.

You will  
observe

observe in the Abstract Table at the commencement of the Volume of Colonial Statistics for 1859, that some particulars, especially the distinction of the Tonnage belonging to the United Kingdom and the Colonies respectively cannot be stated for all the Colonies. As it is important to obtain corresponding information from the several Colonies, perhaps you may be able, should any of the particulars be wanting for your Colony, to take steps for the supply of the deficiencies in the Returns for future years. I shall esteem it a favor, if you will furnish me with any explanations or remarks that you may consider requisite upon

(729)

upon the Colonial Statistics as prepared  
by this Department. If I can  
at any time afford you Statistical information  
relating to the United Kingdom, I shall be  
most happy to do so. —

I am,  
Dear Sir,

Yours faithfully

A. W. S. G. G. G.

P.S. I would beg to call your attention  
to the importance of stating in the Returns  
whether the Revenue is gross or net, and  
of distinguishing the Charges for Collecting  
the Revenue. —

Read the following Report of the Society of Arts :

The Council of the Society of Arts, taking a deep interest in the success of the proposal to erect the National Monument to the Memory of the Prince Consort, their lamented President, and considering that it is due to all the subjects of the Queen, that every individual amongst them, however humble, should have the opportunity of contributing his mite towards this object, have agreed to the following report:—

1. The subscriptions hitherto have been limited almost exclusively to those of the wealthy and mercantile classes, whilst a very small portion has been subscribed by the people generally. The Nobility and Gentry, the City Corporations, Banks, Mercantile Firms, Municipal Corporations, and the like, have been addressed by the Committee presided over by the Lord Mayor of the City of London. No steps, however, have been taken, nor does it appear that any are contemplated, to make known to each individual man and woman constituting the body of the people, and residing either in the Parishes and Hamlets of the United Kingdom or in the Colo-

nies, the Memorial which it is proposed to erect, nor has any opportunity been hitherto afforded them of adding their contributions to the general fund. If this were done, all would affectionately unite with their Queen in raising a Monument to the memory of the Prince who neglected no opportunity to promote their welfare. It is only through very extended parochial and other agencies, that the necessary information can be generally given, and the Council has, therefore, determined forthwith to invite influential persons, representing all the great interests of the country, the Church of England, and other religious denominations, as well as the great employers of labour, to unite with them as a Committee to convey this information, and to make such arrangements as may afford to every one of her Majesty's subjects, throughout the United Kingdom and the Colonies, the opportunity of taking a part, however humble, in promoting the Memorial, by subscriptions however small.

The Queen, "following the movement of her people," has asked "to be allowed to take part with them in doing honour to her beloved Prince;" \* and the Council, believing that the

\* The following is a copy of Her Majesty's letter:—  
Osborne, February 13, 1862.

My Lord.—The Queen wishes me to add a few words to the answer to your letter, which you will receive with this, expressive in a more special manner of Her Majesty's personal wishes. She is aware that she could not with any propriety contribute, as a wife, to a monument to her husband, but she is also the sovereign of this great empire, and, as such, she cannot but think she may be allowed to join with the nation in the expression of a nation's gratitude to one to whom she owes so much.

Who has a dearer interest than the Queen in the well-being and happiness of the people? And if it has pleased God to make her reign, so far, happy and prosperous, to whom, under Divine Providence, is this so much owing as to her beloved husband, in all matters of doubt or difficulty her sure counsel, her unflinching guide and support.

No one can know, as the Queen knows, how his every thought was devoted to the country—how his only aim was to improve the condition of the people, and to promote their best interests. Indeed, his untiring exertions in furtherance of these objects tended, in all probability, to shorten his precious life.

Surely, then, it will not be out of place that, following the movement of her people, the Queen should be allowed to consider how she may best take part with them in doing honour to her beloved Prince, so that the proposed monument may be recorded to future ages as reared by the Queen and people of a grateful country to the memory of its benefactor.

Your lordship's most obedient and faithful servant,

women of England especially will rejoice to work in concert with their Queen, intend to invite Ladies to be Members of the proposed Committee.

2. Should more funds be realised than will be required to carry properly into effect the Monument "on a scale of sufficient grandeur," as stated in the communication made by the Queen's command to the Lord Mayor, it will be for Her Majesty, who has already pointed out the character of the intended Monument, to decide on the application of any surplus to some object of comprehensive utility which the Prince Consort had at heart.

By order of the Council,  
**P. LE NEVE FOSTER,**  
*Secretary.*

Read a letter from the Archbishop of Canterbury, of which the following is an extract:—

"I shall be ready to concur, as far as I am able, in whatever measures may be thought desirable for promoting the object which we all have so much at heart, and which I am sure needs only to be generally made known, in order to elicit the ready sympathy of every class in the country."

Read, also, a letter from the Bishop of Oxford, expressing his desire to promote the object of the Meeting.

Lord **HENRY LENNOX, M.P.**, moved the following resolution:—

That this meeting cordially agrees with the report of the Council, and heartily concurs in the proposal that arrangements be made to afford to every one who desires it, the opportunity of taking part in the intended National Memorial of affection and gratitude to the Prince Consort.

This was seconded by the Hon. **ARTHUR KINNAIRD, M.P.**, and carried unanimously.  
**Mr. HENRY POWNALL**, Chairman of the Middlesex Sessions, moved:—

That a General Committee be appointed, which shall represent all interests and all classes in the country, and give effect to the foregoing resolution by their united and individual assistance in the formation of local committees, and in the receipt of subscriptions.

(See List of Subscribers explained.)

This was seconded by Mr. **KELK**, and carried unanimously.

The Rev. **G. R. GLEIG** (Chaplain-General) moved:—

That a Central Executive Committee be appointed, whose special duty it shall be to make known to each individual residing either in the parishes and lordlets of the United Kingdom, or in the colonies, the character of such Memorial as may be approved by Her Majesty, and to obtain the subscriptions of all who desire to contribute to the fund; and that the Committee be instructed to appoint a chairman and a vice-chairman, as well as a treasurer, and that such Central Executive Committee have power to add names to the General Committee, and to their own body. The Central Executive Committee to consist of—

- The Duke of St. Alban.

- The Hon. Colonel Talbot.
- Sir Thomas Phillips.
- Mr. M. H. Marsh, M.P.
- Mr. Henry Cole, C.B.
- Mr. Harry Chester.
- The Honorary Secretaries.

This was seconded by the Rev. **SARVEY MARTIN**, and carried unanimously.

**Mr. HENRY HOARE** moved:—  
That Mr. John M. Clabon, Mr. Le Neve Foster, and Mr. Samuel Redgrave, be the Honorary Secretaries.

This was seconded by the Rev. **CICERO LONSDALE** and carried.

The Earl of **MALMESBURY** proposed the thanks of the Meeting to the Marquis of Salisbury, for his able conduct in the chair.

This was seconded by Mr. **W. H. BONNARD**, and carried by acclamation.

# NATIONAL MEMORIAL TO THE PRINCE CONSORT.

## *Suggestions for the Assistance of the Persons acting in concert with the General Committee.*

1. To make known the objects of the Committee, it will be advisable, as a first step, to assemble a few persons well known to every class in the District, in the School-room, Vestry-hall, or other convenient place, to explain to them the intention to erect a Memorial to the Prince Consort, and to engage their active co-operation.
2. To those present at this Meeting who are willing to receive Subscriptions, Districts should be assigned, and all should be enjoined to seek the assistance of their friends and neighbours.
3. In the larger Parishes and Districts it will be found advisable to appoint a Sub-Committee, with a Secretary and a Treasurer.
4. The Contributions will range from One Penny upwards, and the plans of those who undertake to receive them should be so organised that every person may be enabled to make his Contribution with the least trouble. This may be managed by Subscription Lists or Money Boxes, placed in the Parish and other Schools, the Post Office, the chief Shops, and other places of the most common resort.
5. At an adjourned day, to be fixed at the original meeting, the persons who took charge of the collection should give in their Lists and the sums collected, and if necessary a further adjournment should be fixed.
6. The remittances to the General Committee should be by Crossed Cheque on a London Bank, or by a Post-office Order on the Charing-cross Post Office, made payable in either case and addressed to SAMUEL THOMAS DAVENPORT, Assistant Treasurer, Society of Arts, Adelphi, London, W.C., and should be accompanied by the following Form, duly filled up:—

Sir

I beg to apply to your Excellency  
in the matter of Joseph Haigh, now  
confined in the Jail as a Criminal  
lunatic, whose case appears, after  
a careful consideration, to warrant  
the exercise of the clemency at  
your disposal -

It appears that the prisoner  
Haigh killed his wife on the night  
of Feb 28. 1861, in a fit of intoxication  
& at the trial, the jury thought fit to  
return a verdict, entirely unsupported  
by medical testimony, of "Not Guilty  
on the ground of Insanity".

This is a

In the absence of properly  
qualified legal assistance this verdict  
was recorded, & there being no lunatic  
asylum, the man Haigh has been con-  
sidered lodged in the Jail without a  
warrant

It is sufficiently obvious that  
the verdict was a highly improper one,  
that the alleged criminal lunatic is perfectly  
sound, (I may mention incidentally that he  
has been employed throughout his confinement  
for government at his trade as a carpenter)  
& that his present condition is at once  
a considerable & irregular burden, as  
well as a most pernicious example to  
a small & growing colony.

Under these circumstances, & having  
previously conversed on the case with you  
I have communicated with Capt A.  
Dearborn, of the U.S. clipper ship Hazard,  
bound for

bound for <sup>acapulco</sup> ~~Delfino~~ at the end of this  
 week, ~~who~~ will permit the ~~prisoner~~ <sup>prisoner</sup> to work  
 his passage thither, under a proper agreement  
 so that he may have an opportunity  
 under God's favour of retrieving his char-  
 acter & again becoming a reputable  
 member of society -

I say all, of my own knowledge  
 after a months intimacy with Capt  
 Dearborn, that I consider him a most  
 kind & humane person, & if your  
 should think fit to extend the proce-  
 dure in you, in favour of the alleged  
 criminal lunatic, the story of the latter's  
 unhappy antecedents will be kept in such a  
 manner that they will not easily be raised  
 up against him in future -

I beg to acknowledge the receipt of a communication from your Secy (dated May 19<sup>th</sup>) containing a Memorial from the F. J. Coy to His Grace the Secy of State for the Colonies, apparently complaining of myself or the Head Constable, & requesting a report on it.

It will be in the recollection of your Secy that <sup>on the</sup> 26<sup>th</sup> of Feb 3 last, a fine was inflicted on the F. J. Coy for illegally killing the Crown Wild Cattle, & this was ordered by the Court to be paid in

instalment was not paid, & on the 8<sup>th</sup> day,  
after two days grace, the Head Constable served  
a Warrant on the manager personally at his

cal ordinance, took formal possession of ~~the~~

money was sooner paid -

The Instalment was paid on the following day, the 9<sup>th</sup> Instant, & with it 5<sup>s</sup> for the Warrant; but the sum of 16<sup>s</sup> & 6<sup>d</sup> mentioned in the Memorial, being the Acting Sheriff's charges, (& which I see by the Official Table in use here is the regular & certainly not the amount of Costs) was only left with the Clerk of the Court on the 17<sup>th</sup> Inst. - the Data of the present Memorial -

 have thought it advisable to transmit a  
 Memorial so strongly- worded, with so  
 little reason for it; and I trust your

justifiable, & certainly less frivolous, if not  
only the five or six other landholders &  
the government officials, but (with perhaps  
four or five directly interested exceptions) the  
entire body of Colonists were to memorialise  
the Falkland Island Company to remove their  
present Manager from a post which requires  
some degree of tact & urbanity, some acquaintance  
with the elements of commerce or agriculture,  
& a certain regard for accuracy of statement;

I have received your letter of the 4<sup>th</sup> instant respecting the order of the Court for this day in the question of the Wild Cattle killed by the Falkland Island Company.

On the 3<sup>rd</sup> instant I received a communication from H. E. the Governor enclosing a letter he had received from you on the subject, in consequence of which I called a General Meeting of the Magistrates, and I have this day thought it due to them to summon another meeting, that I might place your letter before them, and obtain their opinions.

The Court has no wish to act with even the appearance of harshness in this case, but as it is hardly too much to say that

the course pursued by the Falkland Island Company would have been attended with consequences absolutely ruinous to the Colony, had it been followed by the other landholders, it is necessary that some portion of this penalty (as in all other cases) be liquidated at once.

Execution must therefore take place unless the costs of the case amounting to £11. 8. 2, and £250. (which can certainly be obtained without difficulty) is paid into the Court before 4 p.m. to morrow the 6<sup>th</sup> instant. as a first instalment, and the remainder must be paid by bi-monthly instalments of not less than £250, viz. on the 6<sup>th</sup> of May, 7<sup>th</sup> July, and the 6<sup>th</sup> September when the whole will be cleared off.

Sir,

I have received your letter of yesterday containing a protest about the payment of the first instalment of the penalty to be paid by the Falkland Island Company.

I think you are in error with respect to some other assertions contained in it.

Mr Bennett brought to me a letter yesterday from you in which you say that you prefer that the "property of the Company should be sacrificed under an execution" to obeying the order of the Court to pay the money by 4 p.m.

I answered this by the only means in my power. Viz, a writ to be levied in four clear days which as you say was shown to you personally at 5 minutes past 3, though no seizure of property took place - you then sent the officer

to me to say that the original time of 4 pm had not arrived & that you had expected an answer from me to your letter. I at once complied with your Request, I trust in a sufficiently courteous spirit and while I extended the time of payment for the first instalment to 5 pm, I observed that in the event of payment, I would discharge the warrant I was obliged to give the Constable, & I am glad that you have enabled me to do so.

I beg, however, to say that in future the order of the Court must be complied with, and unless the money be paid into the Court here, as in all similar cases, by the time fixed, viz. by mid-day on the days appointed, your conduct will compel me to burden the Company you represent here with the extra cost of a warrant, which had not been charged in the present instance.

I have the honor to be  
 Sir, your obedient Servant  
 J<sup>r</sup>/ E. W. Goodlake  
 Ch. of Courts.

Stanley

June 9<sup>th</sup> 1862

Sir, I beg to acknowledge your  
Excellency's communication of the  
14<sup>th</sup> inst no 136, enclosing a copy  
of the Proclamation respecting  
the Personage Land.

2. As this formal document  
completes the object I had in view  
in addressing His Grace the Secretary  
of State in Feb. 1861, through your  
Excellency, I take the opportunity  
of most cordially thanking your  
Excellency for the considerate  
attention you have given to  
the whole subject.

3. However apparently  
simple the mode of transfer  
proposed by myself in the  
first instance & in a great  
measure sanctioned by His Grace  
the Duke of Newcastle upon your  
Excellency's report; there arose  
many difficulties when the

Excellency  
understood  
of the

⑤ Matter became fully ventilated, the anticipation of the possibility of having to rebuild the tower of Trinity Church, being one of them. In order to show that the proposal to hand over the Church to the Colonists, would not have failed on the score of their inability to raise the necessary funds, I may remark

the fact of our small community, without any pressure, having raised £28-17-1, from Easter 1861 to Easter 1862, of which I enclose a printed statement, (one of the first productions of the Falkland Press). They would be quite willing I feel sure, when calmly prepared for it, to do their part in bearing their full share of the expenses of Divine Service, provided always that they were allowed to exercise a supervision of the expenditure of their own money, e.g. through duly elected Churchwardens.

Enclosure

3/ 4 There are several objects of <sup>258</sup> interest about which I hope soon to engage the sympathies & support of my congregation.

a. It must to secure the services of a clergyman (a married man) as assistant to myself, who will also be engaged in the work of education, and visit the scattered settlers who have no means of receiving pastoral instruction e. g. at Darwin Harbour, Port Louis, and even at New Island, for my own contribution to his income, I propose to guarantee a small annual stipend and have asked the "Incorporated Society for the Propagation of the Gospel in Foreign Parts" to undertake the selection of a duly qualified gentleman. My last report & clemency to submit my application to His Grace the Duke of Newcastle, that the clergyman coming out may

(29)  
Receive the countenance of the  
Colonial Office, and perhaps may  
under the peculiar circumstances  
of the case receive a proportion  
of the expences of his passage.

B. The erection of a Sunday  
School Room which is very  
urgently needed, will I trust  
be commenced in the Spring.

C. The purchase of a Chancel  
Organ, and the improvement  
of the East end of "Trinity Church,"  
by placing a window there,  
or by erecting a handsome  
Pereboom, tablets with the X

Com mandments &c, are also  
Among the works contemplated  
by myself, in all of which  
I trust I have the support  
and counsel of His Excellency  
the Governor.

5. In again thanking  
Your Excellency for the attention  
You have given to my wishes  
respecting setting apart the

5.  
Parsonage as a residence for <sup>459</sup> (460)  
the Senior Clergyman of the  
Church of England in Stanley  
for all time, I cannot refrain  
from remarking that I am  
grateful for the firmly  
interest your Excellency has  
taken in the efforts I have  
made, that I may leave to  
my Successors in my  
Ecclesiastical Duties a  
respectable and comfortable  
residence.

Without any intention of  
doing more at present than  
to broach the subject, I may  
remark that that part of the  
Parliamentary Grant, devoted  
to the Ecclesiastical Department,  
might with advantage to the  
Church, be reduced gradually  
if laws were to be accepted  
from time to time by the  
Colonial Chaplains in lieu of pay

(16) amounting to the value of the  
land, a course adopted at  
the Cape of Good Hope both by  
the English Church and the Dutch  
Reformed in more than one  
instance!

of. From time to time I  
have had communications  
from influential members of the  
Church at home, respecting the  
erection of a Bishopric of  
Stanley with charge of some of  
the British Consular Chaplaincies  
of South America and the Church  
missions among the Patagonians  
and Fuegians. Should the  
proposal be fairly carried  
out and an arrangement  
such as that made in the  
case of the first Bishop  
of St Helena (1859) and  
Dr. Kempthorne the then  
Colonial Chaplain of St Helena  
be necessary I shall be ready

(4)  
to do my utmost to facilitate  
it. 462

8. That Your Excellency <sup>may</sup>  
be enabled to transmit my  
communication for the information  
of His Grace the Secretary of  
State for the Colonies, I have  
enclosed it in duplicate, and  
most heartily assuring Your  
Excellency of the grateful  
sense I entertain, of the  
kindly interest Your Excellency  
has taken in the welfare  
of the Church here,

Remain, Sir,  
Your Excellency's Obedient  
and Grateful Servant  
Charles Bush. Esq.  
Colonial Chaplain & Member  
of the Executive Council.

Parsonage, Stanley,  
June 9<sup>th</sup> 1869

Sir,  
In allusion to your  
Excellency's letter of the  
7<sup>th</sup> inst (no 135) I beg to  
state that on Saturday Evening  
I had an interview with Mr  
Clarke during which he stated  
that as a "Minister he  
reverenced me and that as  
an Inspector he would always  
most humbly obey me" - I cannot  
expect anything more.

2. I therefore only add that  
if Mr. Clarke imagined that  
it ever was my wish to lower  
his authority as a Master  
by interfering with his more  
immediate duties respecting  
the interior discipline of the  
School, he was labouring

under a mistake and entirely  
misapprehended my feelings  
on the subject.

I have the honor, to remain,

/ Mr

(163)  
We find the above Inventory of Furniture  
to be correct when compared with the Report  
of the last Survey thereon. In 1858 there  
were 24 chairs in Government House, eight  
of which have been since condemned; but we  
are of opinion that these 8 chairs or at any  
rate the majority of them can be easily repaired  
in the Government Carpenters' Shop, and  
when the seats are renewed they will be  
sufficiently serviceable to be again taken in  
charge. —

It is well for us to note that nearly all the  
furniture in Government House has been  
nearly twenty years in constant use.
