Dear Sir,

I would place before you a claim for expenses incurred by myself & wife during an enforced delay here of 15 days, owing to the wreck of the Chapman's Steamship "Beavia" in which we were 1st Class passengers by letters & two tickets.

As we hope to leave here on the 2<sup>nd</sup> Inst. by the S.S. "Coma" & as I am given to understand that this is a matter which cannot be settled locally, I should be much obliged if you would communicate with me.

To Messrs. Harding & Pacific Nvy. Co. Ltd.

I have to wait about London. &c.

I remain, dear Sir,

Dear Mr Harding,

With reference to your enquiry as to my offer for boarding the Doctor, Purser, & Purser's Clerk of the Oravia, you will I am sure realise that when I offered to put them up, it was not my intention to have put in any account for this.

They were however with me longer than I at first anticipated, & with the best will in the world my house is not of sufficient dimensions to warrant too extensive hospitality.

On my arriving here in 1911 I found my furniture badly damaged by rough usage on the Oravia, & my gun stolen & I asked the P.S.N.C for Compensation but was informed that they were not liable. Perhaps they may feel disposed in consideration of the boarding of their officers to reconsider that question. What I feel is that I would rather receive compensation for actual loss of furniture than be paid for hospitality, which I am prepared to give.

I take this opportunity of mentioning another question - attendance on the crew. The ship is sent in was for attendance on passengers but I also

attended several members of the crew. I understood that the ship having been wrecked, the charge for this would be met by the Board of Trade, but am told now that the crew are still in the service of the P.S.N.C. as they will serve on another ship. In that case I assume that my account for attending them will be met by the Company. The ship's Surgeon attended to some but could not attend to all the cases as he had no instruments or drugs.

I am

Yours Sincerely,

Whitchell Browne

Colonial Surgeon

Dear Mr Handing.

During to the Ship Surgeon having no instruments I had to call in the services of the Colonial Dentist to extract some teeth for members of the crew. I enclose his account & at the same time might mention that his charges are below the scale he is entitled to charge.

I am

Yours Faithfully

Dear Sir

Two stewards  
came here last night for  
board and lodgings, I took  
them in for the night, but  
I thought it best to enquire  
of you, if the company will  
pay for them if they stop here,  
they say they have no comfort  
across the other side, and I  
expect you have to pay for  
them quite the same.

I had promised to take four  
from the cottage house, but

they have gone somewhere  
else. I have a nice comfortable  
~~room~~ and could put up more  
stewards if you will stand  
good for them, let me know  
by letter and oblige

PORT STANLEY.

Dear Sir,

The following telegrams have been received by us from passengers on board the "Orania" and we should be greatly obliged if you would acquaint those concerned.

"Forwarded to Mr. Corrie safe - Hillcroft"

"Telegraph script to London safe - Gray"

"Tell Guillermo Brewer Diego 1250 Concepcion, Chili, vapor viagudoe  
Bufrago salvados milagradencia direccion Stanley Port - Villantia."

The first telegram was apparently mutilated as the Telegraph Company returned it to us marked "Not known", but we believe the other two have been safely received by the persons intended.

We are, Dear Sir,

Yours faithfully,

Port Stanley.

Dear Sir,

I beg to inform you that it is the intention of The Pacific Steam Navigation Company to transfer, with the undermentioned exceptions, the crew of the Oravia to the S.S. Oronsa, in accordance with the special clause on the Oravia's Articles, as follows

"Each member of the crew further agrees to be transferred to any of the Company's Steamers abroad, if required by the Master, also that if from any cause the said ship cannot sail on the day appointed, or should the vessel put back through accident, the said crew shall, if required, be transferred to any other vessel taking the place of the vessel herein named, at the same rate of wages and in the several capacities herein named."

The wages of the Crew will therefore be continuous.

I beg to report that the following members of the Crew were transferred to the Huanchaco.

A. Parkinson.      A. Hicks.      William Parry.      J. Wood.  
S. Morron and L. Bayly.

Owing to the necessity of haste in dispatching the Huanchaco, the men could not be brought to the Shipping Office and the Master of the Huanchaco will doubtless have attested to their being signed by the British Consul at Punta Arenas.

I beg to acquaint you that I have been in telegraphic communication with the Pacific Steam Navigation Company Liverpool with reference to the possibilities of salvaging cargo from the wreck of their S.S. "ORAVIA".

The result of their consultations will be cabled to Liverpool from Punta Arenas, and as soon as anything definite has been arrived at, I will address you a further communication on the subject.

Sir,

We beg to inform you that we have received a telegram from London informing us that security has been obtained for salvage claims upon the rams salvaged ex S.S. ORAVIA belonging to Messrs J.L. Waldron Limited and that it is proposed that these should be sent to Port Howard by the first opportunity, namely by the S.S. Columbus on her next mail trip.

COPY. The consignees of the remaining rams have written us that they desire to purchase the same if possible, and we therefore suggest that these should now be sold by public auction at a reasonable reserve.

It would be as well to hold the auction as soon as possible in order that if purchased for shipment to Punta Arenas, they may be sent by the S.S. ORISSA due here on January 8th.

Sir,

I have the honour to acknowledge the receipt of your letter of the 30th ultimo with reference to the rams salvaged from the wreck of the S.S. ORAVIA and in reply I am to inform you that the rams, other than those belonging to Messrs J.L. Waldron of Port Howard, will be sold by auction at 11 a.m. on Saturday next the 4th instant, as suggested by you.

2. With regard to the four (4) rams belonging to Messrs J.L. Waldron Ltd of Port Howard I have to request you to be so good as to inform me of the amount of the security which has been obtained for salvage claims and expenses upon these last named rams.

Sir,

I am in receipt of your letter of the 2nd instant on the subject of Rams salved ex "ORAVIA", and note that, with the exception of four consigned to Port Howard, these will be sold by auction tomorrow.

2. In reply to the second paragraph of your letter I beg <sup>to</sup> say that I do not at present know the amount of the security obtained, but will apprise you of the same as soon as the information is received. The last mail brought only a telegram instructing me to release them.

3. I take the opportunity of asking that the remainder of the salved property may be dealt with as detailed:-

BOATS. It would be a convenience if all these could be sold by auction not later than Monday next so that, in the event of any being purchased for the Pacific Steam Navigation Company, we may be enabled to send them to Vaipparaíso by the "Orissa". I should be glad if the oars and water beakers could be sold with the respective boats in order that the equipment may be as complete as possible.

LIFEBELTS. I understand that you are of the opinion that a few (say three dozen) which were brought on shore by the passengers might be sold in order to ascertain approximately what they would fetch; afterwards the Pacific Steam Navigation Company might be approached as to taking over the remainder at some valuation.

SHIP'S GEAR. I should be glad if the question of the disposal of the following articles could be postponed until I have had an opportunity of ascertaining the wishes of the Pacific Steam Navigation Company, Liverpool; it is possible that they may like to take these over at a valuation:-if not they could be sold later by auction.

Wireless and Electrical gear.

Steering gear.

Signal Rockets etc.

Sounding Apparatus.

Telegraphs and Compasses.

Plated ware.

ROPES AND SUNDRIES. I would suggest that these might be sold by

auction as soon as the Customs Warehouse is cleared of goods ex  
"Orissa", expected next week.

STANLEY, FALKLAND ISLANDS.

1st April 1913.

Sir,

In continuation of my letter of the 29th January last, in reply to yours of the 3rd of that month, I have to inform you that owing to my absence on the West Falklands, in January last it was not possible for the sale to take place, of lefebelts etc., as suggested by you and arranged for as soon as sufficient space to hold the same, could be obtained in the Western end of the Bonded Whed. Since my return to Stanley, there has not been another opportunity to arrange a sale, and my whole time has been otherwise fully occupied as Colonial Treasyrer etc.

2. These goods as you are aware, are only delivered to the Receiver of Wrecks, until such time ad the claims from the salvors and other expenses are either paid or guaranteed, when the goods can be handed over to the owners, when claimed.

3. I am now informed by His Excellency the Governor, that this Government must have water-tight shed accommodation for the flooring boards of the Town Hall, and other building material expected by the ship "Laura", and that I am therefore to consult with you as the local Agenys for the Pacific Steam Navigation Company, and arrange either for an auction, or for the shed to be cleared and the goods deposited elsewhere, as may be most convenient.

4. I mad add that <sup>as</sup> His Excellency points out, this Colony has already gived 4<sup>1</sup>/<sub>2</sub> months house-room to these goods free of cost, and His Excellency does not think that any other Government would have been so liberal.

"Penguin" is only a general statement, and it would be an assistance towards a settlement if a concrete claim could be formulated for reference to the directors of the Pacific Steam Navigation Company.

The Falkland Islands Company, Limited.

Stanley, 2nd April 1913.

Sir,

Owing to the pressure of mail work I have had to defer acknowledging your letter of the 1st instant on the subject of materials etc. salvaged on "Oavia".

2. With reference to the second paragraph of your letter you have already furnished me with copies of the following letters claiming remuneration for salvage

a. Nov. 15th, from the Manager of the Whaling Co.

(S.S. "Falkland" and "Real".)

b. Nov. 33th, members of the Crew of the "Oavia"

c. Dec. 19th, Harbour Master and steam launch "Penguin".

In addition to the above, a claim has been made by the Norge Company for services of their whalers on the night of the accident and there will, I assume, be the claim of the Cutter "Aluna" for salvaging sundry articles including collapsible boats.

3. The Pacific Steam Navigation Company, Liverpool, are in correspondence with the Norge and Whaling Companies, and I hope to hear that their claims have been settled by payment of a sum to cover all services rendered.

4. The claim of the members of the crew of the "Oavia" to participate in any salvage is open to question, as these men were then being paid by the Pacific Steam Navigation Company and their services regarded as continuous.

5. The owners of the tug "Samson" are at present in communication with the Pacific Steam Navigation Company as to the services of that vessel, and all claims for salvage and other services will be settled direct.

6. The claim made by the Harbour Master and steam launch The Receiver of Wrecks,

7. As regards the third paragraph of your letter I am at your disposal at any time convenient to you to discuss the question of the removal of the goods.

I have the honour to acknowledge the receipt of your letter of the 14th instant received only today with concluding paragraph of your letter that all these articles were taken possession of by you in accordance with the interpretation place upon the Wreck and Salvage Ordinance of 1899, and that I find no reference therein to any authority to charge rent; consequently, no question arises of liberality or otherwise on the part of the Government. I take the opportunity of informing you that the Directors of the Pacific Steam Navigation Company consider that your interpretation of the Ordinance is erroneous and that it is their intention to question the same.

NOTES OF INTERVIEW

between RECEIVER OF WRECKS (Hon.W.A.Thompson) and  
AGENT FOR PACIFIC STEAM NAVIGATION COMPANY (W.A.Harding)  
on April 5th,1913, (following letters of April 1st & 2nd.)

W.A.H. I understand that H.E.the Governor was anxious that  
the goods should be removed. Will you let me know whether  
if removed they are still to be in your custody?

W.A.T. At the end of last month that was so, but H.E. has now  
decided that the goods can remain in the Customs Shed, and  
that they must not be removed without his sanction, even if  
desired by you. This decision is based upon the last para-  
graph of your letter of the 2nd inst. notifying me of the  
intention of the P.S.N.C. to question the action of the  
Receiver of Wrecks generally.

W.A.H. But H.E. had previously been informed by the General  
Manager of the P.S.N.C. in a letter dated February 8th that  
this was their intention.

W.A.T. I have no official knowledge of that, and can only act  
on the instructions already communicated to you.

W.A.H. Then do you propose to retain possession of these goods  
or to sell them?

W.A.T. My action is governed by clauses 89/91 Instructions re  
Wreck and Salvage, 1895, from which I quote you the part relat-  
ing to payment of Salvage claims. If you give me proper  
security for the payment of these I will submit a recommenda-  
tion to the Governor that the goods be handed over to you.

W.A.H. I gather that this will include the proceeds of sales of  
articles now in your possession.

W.A.T. Yes, - the nett proceeds.

W.A.H. How would you propose that the amount of salvage claims  
should be determined?

W.A.T. I cannot answer that offhand as it is necessary to consult  
the Governor.

W.A.H. The P.S.N.C. in their letter to H.E. (Feb. 8th) state that they are quite willing to "satisfy all proper demands "for salvage", but I have not had from them any expression of opinion as to what they consider would be a fair remuneration. I wrote you officially as to the salvors with whom they are negotiating, and there remain the owners of the "Aluna", the S.S. "Paal" and steam launch "Penguin". Would it be possible to ascertain what the owners of the "Aluna" would accept in full satisfaction?

W.A.T. I have already been approached by them and advised them to make out a claim. I will take an opportunity of hurrying them up.

W.A.H. Are the Coloniak Government willing to leave the question of the remuneration of the "Penguin" to be settled in a general way, that is to say by payment of a lump sum, without reference to the specific value of goods salvaged, so that those goods could be handed over to me?

W.A.T. I am quite willing to submit that question to H.E. the Governor.

W.A.H. I may say that the owners of the "Samson" are negotiating for a settlement in that way, as are the Directors of the Norge Whaling Company, and the P.S.N.C. are likewise in communication with the owners of the "Paal". If H.E. could see his way to dealing with the claim of the "Penguin" on similar lines it would greatly facilitate matters.

W.A.T. I will submit your view to H.E. the Governor.

Whilst you are here I will give you an account of the proceeds of sales. (Copies of accounts taken.)

W.A.H. As the "Samson" salvaged the rams I, as representative of the owners of the tug, am able to give an undertaking that salvage claims will be settled. I include in that guarantee any sum that may be considered due to members of the crew of the Oravia who went down to the wreck on that occasion.

W.A.T. I think you had better write me an official letter to that effect.

Dear Sirs,

We beg to advise you that we are Underwriters of a policy for £118 on a shipment made by Mr. Detleff to Port Stanley.

We have no information as to what has become of the other packages shipped, but we have a certificate from Lloyd's agent advising us that case No.6 was landed in Port Stanley, but that the contents of same were sold by auction at the instance of the Receiver of Wrecks. In connection with this matter we shall be glad if you will kindly ascertain for us :-

1. How was the case brought ashore?
2. To whom was it delivered?
3. Was it offered to the consignee, or did he claim it.
4. By whose order was it sold?
5. Were contents damaged, if so, was it surveyed?
6. If surveyed, was sound portion separated from damaged?
7. How much did it realise, and who has the proceeds?
8. Who was the purchaser at the auction, and was purchase made directly or indirectly by or for account of the consignee?

Dear Sir,

We had a shipment in the s.s. "Oravia" lost when entering Port Stanley, and we have a certificate from Lloyd's Agent advising us that one of the cases was recovered. It is rather extraordinary however that the case was not tendered to the consignee, but sold by auction.

We shall be glad to know if you can inform us who is dealing with the salvaged cargo.

Yours truly,
