61, GRACECHURCH STREET,

LONDON, E.C. 3, 23rd June, 1922.

The Directors have the pleasure to submit the following Report for the year ended 31st December, 1921.

The net profits, less Depreciation, amount to £1,772. 12s. 7d., to which has to be added the sum of £24,461. 2s. 10d. brought forward from the last account, making a total of £26,233. 15s. 5d. to be dealt with. After deducting one year's dividend on the Preference Shares, amounting to £1,650, there remains an available balance of £24,583. 15s. 5d., out of which it is now proposed to pay a dividend for the year of 3 per cent., free of Income Tax. This will absorb £9,750, leaving £14,833. 15s. 5d. to be carried to the next account.

It will be observed that for the second time the dividend has not been earned, and the question of making a distribution this year has become still more acute. Seeing, however, that the carry forward of £29,739 two years ago, against an average of £11,253 for the previous ten years, practically took the place of a dividend reserve, the Directors have decided to recommend the payment above suggested.

As was anticipated in the last Report some improvement in the wool market, since the beginning of the year, has manifested itself. The low prices now ruling for canned meats justify the action of the Board in closing the Works until there is again a demand for these products.

The necessity of writing down drastically the value of all goods and materials shipped out during the temporary prevalence of high prices has naturally reduced the profits of the Store.

According to the Articles of Association, two of the Directors, Messrs. M. E. Hughes-Hughes and R. Blake, retire by rotation, and offer themselves for re-election.

The Directors have to announce, with regret, that the Chairman, whose long and invaluable service with the Company has extended over fifty-five years, has expressed his decision to retire from the Board.

The Auditors, Messrs. J. & J. Sawyer & Co., offer themselves for re-election.

N.B.—Dividend Warrants will be posted at the conclusion of the Meeting.

The Falkland Islands Company,

Notice is hereby given that the Seventieth Ordinary

General Meeting of the Company will be held at the

Company's Offices, 61, Gracechurch Street, London, E.C. 3, on

Monday, the 3rd July, 1922, at 2 p.m., for the purpose of

transacting the ordinary business of the Company.

By order of the Board,

EDWARD B. GODDARD,

Secretary.

61, Gracechurch Street, London, E.C. 3. 23rd June, 1922.

SEVENTY-FIRST ANNUAL REPORT.

Directors.

RHODES HAWTYN COBB, Esq., Chairman.

M. E. HUGHES-HUGHES, Esq.

ROBERT BLAKE, Esq.

ALFRED W. LAFONE, Esq.

W. M. DEAN, Esq.

VERE PACKE, Esq.

EDWARD B. GODDARD, Esq., Managing Director and Secretary.

61, Gracechurch Street,

London, E.C. 3, 15th June, 1923.

The Directors have the pleasure to submit their Report for the year ending 31st December, 1922.

Although the profits show some slight improvement the year under review has been a disappointing one, the price realized for Wool in the earlier part of the year being very low and freights and charges remaining high.

The net profits, less Depreciation, amount to £5,530.1s. 10d., to which has to be added the sum of £14,833.15s. 5d. brought forward from the last account, making a total of £20,363.17s. 3d. to be dealt with. After deducting one year's dividend on the Preference Shares, amounting to £1,650, there remains an available balance of £18,713.17s. 3d., out of which it is now proposed to pay a dividend for the year of 3 per cent., free of Income Tax. This will absorb £9,750, leaving £8,963.17s. 3d. to be carried to the next account.

In recommending this distribution your Directors have in mind the much improved financial position of the Company as well as the higher range of Wool prices now ruling which, unfortunately, came too late to benefit the 1922 clip.

The Directors are pleased to report that in consequence of the improvement referred to it was decided to give notice to pay off the whole of the £55,000 8 per cent. Debentures issued in the emergency existing in 1921. £5,000 was paid off before the end of the year and the balance of £50,000 redeemed on 1st February, 1923.

It is satisfactory to report that the sale of Stores during the year shows a substantial increase of profit as compared with 1921.

The S.S. "Falkland," engaged in the coastwise trade around the Islands, and previously owned jointly with Messrs. Lowden, Connell & Co., was taken over by the Company on the 31st March, 1922. It is considered that by employing the steamer in conjunction with the Company's schooners, fitted with auxiliary motor power, a considerable saving will be effected.

The importance of improving the quality of the Wool produced by the Company's flocks is a matter which has had the serious consideration of the Board and as a result 350 rams, from the best flocks in Patagonia, were purchased and landed in the Islands towards the end of the year.

The Shareholders will be interested to learn that Mr. W. Markham Dean has recently visited the Islands where the whole of the Company's Camp, Property and Organization has been thoroughly inspected. The value of Mr. Dean's report cannot be over-estimated and his suggested economies and improvements in management, when effected, will be of lasting benefit.

Mr. W. A. Harding, who returned to the Islands in September, 1920, to act temporarily as Colonial Manager, was succeeded on the 31st December, 1922, by Mr. H. R. Gresham, who since 1915 had filled the post of Chief Assistant in Stanley.

Mr. Edward B. Goddard, who, for a number of years occupied the position of Secretary has been appointed, subject to the sanction of the Shareholders, Managing Director and Secretary.

According to the Articles of Association, two of the Directors, Messrs. W. Markham Dean and Vere Packe, retire by rotation, and offer themselves for re-election.

The Auditors, Messrs. J. & J. Sawyer & Co., offer themselves for re-election.

N.B.—Dividend Warrants will be posted at the conclusion of the Meeting.

The Falkland Islands Company,

Notice is hereby given that the Seventy-first Ordinary General Meeting of the Company will be held at the Company's Offices, 61, Gracechurch Street, London, E.C. 3, on Monday, the 2nd July, 1923, at 2 p.m., for the purpose of transacting the ordinary business of the Company.

By order of the Board,

61, GRACECHURCH STREET,

LONDON, E.C. 3, 4th June, 1924.

The Directors have the pleasure to submit their Report for the year ended 31st December, 1923.

The net profits, less Depreciation and £5,000 set aside towards the cost of erecting new wool sheds, etc., amount to £35,205. 9s. 9d., to which has to be added the sum of £8,963.17s. 3d. brought from the last account, making a total of £44,169.7s. 0d. to be dealt with. After deducting one year's dividend on the Preference Shares, amounting to £1,650, and the interim dividend of 3 per cent. on the Ordinary Shares paid in January last, there remains an available balance of £32,769.7s. 0d. It is now proposed to pay a final dividend of 7 per cent. on the Ordinary Shares, making a total distribution of 10 per cent. free of Tax, for the year; this will absorb £22,750, leaving £10,019.7s. 0d. to be carried forward.

The state of the Company's camps, wool sheds, etc., still calls for many improvements whereby better supervision and greater economy can be effected. This matter is receiving the close attention of the Directors and will entail a considerable expenditure during the next few years.

In pursuance of the Board's determination to improve the quality of the Company's Wool, a further 506 rams were imported from Patagonia in November last and, in addition, 30 Merino rams were brought from Australia.

The policy of taking over the S.S. "Falkland," referred to in last Report, has been fully justified; the vessel has carried out the coastwise service, without mishap, to the satisfaction of all concerned. The expenses of operating her are unavoidably heavy, owing chiefly to the limited amount of cargo to be carried and the high price of coal. While, therefore, her maintenance in the trade is in the nature of a luxury, it is much appreciated by the Islanders. Notwithstanding these conditions considerable reductions in freight have been made but no profit is available to bring into the accounts.

The work of installing a 50 h.p. Thornycroft engine, in the schooner "Gwendolin," has been carried out in Port Stanley, and the reports of her trials, recently made, have been very satisfactory.

The profits in connection with the sale of Stores have been maintained.

According to the Articles of Association, two of the Directors, Messrs. R. H. Cobb and A. W. Lafone, retire by rotation, and offer themselves for re-election.

The Auditors, Messrs. J. & J. Sawyer & Co., offer themselves for re-election.

N.B. -Dividend Warrants will be posted at the conclusion of the Meeting.

VERE PACKE, Esq.

EDWARD B. GODDARD, Esq., Managing Director and Secretary.

61, GRACECHURCH STREET,

London, E.C. 3, 5th June, 1925.

The Directors have the pleasure to submit their Report for the year ended 31st December, 1924.

The net profits, less Depreciation, amount to £70,819. 13s. 10d., to which has to be added the sum of £10,019.7s. 0d. brought from the last account, making a total of £80,839. 0s. 10d. to be dealt with. After deducting one year's dividend on the Preference Shares, amounting to £1,650, and the interim dividend of 5 per cent. on the Ordinary Shares paid in January last, there remains an available balance of £62,939. 0s. 10d. It is now proposed to transfer to Reserve Account £20,000 and to pay a final dividend of 10 per cent. on the Ordinary Shares, making a total distribution of 15 per cent. free of Tax, for the year; this will absorb £52,590, leaving £10,439.0s. 10d. to be carried forward.

The satisfactory result of the year's working is directly attributable to the excellent prices obtained for the Company's wool.

Good progress has been made with the several Farm and other improvements referred to in the last Report; it is anticipated that the new wool shed at Goose Green will be completed in twelve months time.

The coastwise service has been carried on by the S.S. "Falkland" and the motor schooner "Gwendolin," without mishap, at a minimum of cost. Owing, however, to the heavy expenses incurred in operating the former, and particularly in sending her to Punta Arenas for her periodical slipping and survey, no profit is available therefrom.

On the initiative of the Governor, Sir John Middleton, K.B.E., C.M.G., and through the courtesy of the New Zealand Government, Mr. Hugh Munro, Principal District Inspector of the Department of Agriculture for that Colony, made an extensive inspection of the Farms in the Falkland Islands. His exhaustive report has been printed and issued to all concerned and should prove of great value if practical effect can be given to his recommendations.

According to the Articles of Association, Messrs. M. E. Hughes-Hughes and Robert Blake, retire by rotation, and offer themselves for re-election.

The Auditors, Messrs. J. & J. Sawyer & Co., offer themselves for re-election.

Notice is hereby given that the Seventy-third Ordinary General Meeting of the Company will be held at the Company's Offices, 61, Gracechurch Street, London, E.C. 3, on Monday, the 15th June, 1925, at 2.30 p.m., for the purpose of transacting the ordinary business of the Company.

By order of the Board,

EDWARD B. GODDARD,

Managing Director & Secretary.

61, Gracechurch Street, London, E.C. 3. 5th June, 1925.

SEVENTY-FOURTH ANNUAL REPORT.

VERE PACKE, Esq.

61, GRACECHURCH STREET.

EDWARD B. GODDARD, Esq., Managing Director and Secretary.

LONDON, E.C. 3, 11th June, 1926.

The Directors have the pleasure to submit their Report for the year ended 31st December, 1925.

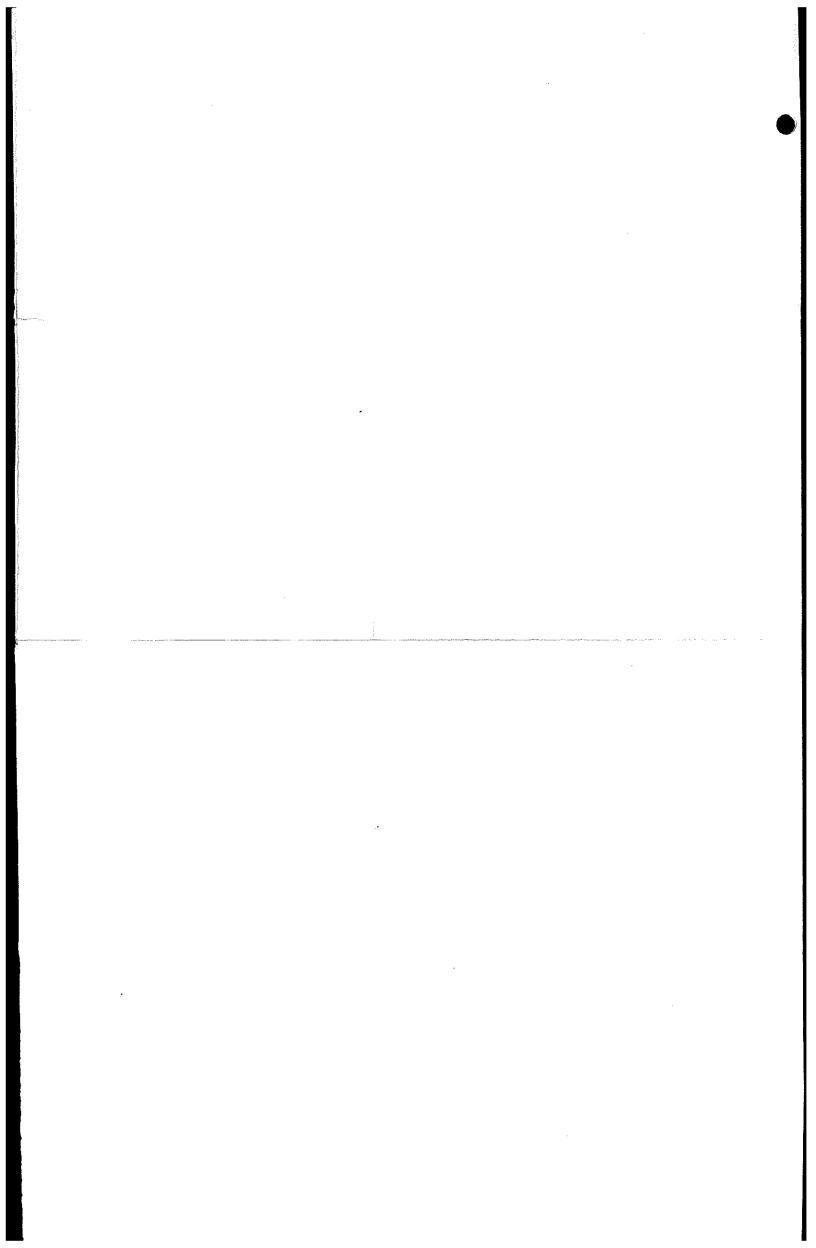

The net profits, less Depreciation, amount to £26,910.16s.1d., to which has to be added the sum of £10,439.0s.10d. brought from the last account, making a total of £37,349.16s.11d. to be dealt with. After deducting one year's dividend on the Preference Shares, amounting to £1,650, and the interim dividend of 5 per cent., less Tax, on the Ordinary Shares paid in January last, there remains an available balance of £22,801.8s.2d. It is now proposed to pay a final dividend of 5 per cent., less Tax, on the Ordinary Shares, making a total distribution of 10 per cent., less Tax, for the year; this will absorb £12,898.8s.9d., leaving £9,902.19s.5d. to be carried forward.

The average price obtained for the Company's wool was no less than 38 per cent. lower than in the previous year, and to this fact is attributable the reduced profit made.

According to the Articles of Association, Messrs. W. M. Dean and Vere Packe, retire by rotation, and offer themselves for re-election.

The Auditors, Messrs. J. & J. Sawyer & Co., offer themselves for re-election.

N.B. -Dividend Warrants will be posted at the conclusion of the Meeting.

JOHN R. COBB, Esq.

EDWARD B. GODDARD, Esq., Managing Director and Secretary.

61, GRACECHURCH STREET.

LONDON, E.C. 3, 31st May, 1930.

The Directors have the pleasure to submit their Report for the year ended 31st December, 1929.

The net profits, less Depreciation, amount to £31,898.13s.8d., to which has to be added the sum of £12,131.1s.9d. brought from the last account, making a total of £44,029.15s.5d. to be dealt with. After deducting one year's dividend on the Preference Shares, amounting to £1,650, and the interim dividend of 3 per cent., less Tax, on the Ordinary Shares paid in January last, there remains an available balance of £34,579.15s.5d. It is now recommended to transfer to Reserve Account £10,000 and to pay a final dividend of 5 per cent., less Tax on the Ordinary Shares, making a total distribution of 8 per cent. less Tax for the year; this will absorb £22,593.15s.0d., leaving £11,986.0s.5d. to be carried forward.

The reduction in the net profit for the year is solely attributable to the fall in values of wool which averaged only 13.35d per lb. as compared with 19.25d for 1928.

The Directors consider it prudent to advise Shareholders that during the current year prices have suffered a further decline of no less than 33\frac{1}{3}\% and as a result the profit for 1930 will certainly be lower than for many years past.

According to the Articles of Association, Messrs. Rhodes H. Cobb and M. E. Hughes-Hughes retire by rotation, and offer themselves for re-election.

The Auditors, Messrs. J. & J. Sawyer & Co., offer themselves for re-election.

N.B.—Dividend Warrants will be posted at the conclusion of the Meeting.

AUDITORS' REPORT TO THE SHAREHOLDERS.

We have obtained all the information and explanations we have required, and we have examined the Accounts of the Company for the year ending 31st December, 1929, with the Books, Vouchers and signed Returns received from the Stanley Office. We have also verified the Investments and Bank balances, and in our opinion the above Balance Sheet is properly drawn up, so as to exhibit a true and correct view of the state of the Company's affairs, according to the best of our information, and the explanations given to us, and as shown by the Books of the Company.

The Falkland Islands Company,

Notice is hereby given that the Seventy-eighth Ordinary General Meeting of the Company will be held at the Company's Offices, 61, Gracechurch Street, London, E.C. 3, on Wednesday, the 11th June, 1930, at 2.30 p.m., for the purpose of transacting the ordinary business of the Company.

By order of the Board,

EDWARD B. GODDARD,

Managing Director & Secretary.

61, GRACECHURCH STREET, LONDON, E.C. 3. 31st May, 1930.

SEVENTY-NINTH ANNUAL REPORT.

EDWARD B. GODDARD, Esq., Chairman and Managing Director.

M. E. HUGHES-HUGHES, Esq., Vice-Chairman.

W. M. DEAN, Esq.

VERE PACKE, Esq.

JOHN R. COBB, Esq.

61, GRACECHURCH STREET,

LONDON, E.C. 3, 30th May, 1931.

The Directors beg to submit their Report for the year ended 31st December, 1930.

Owing to the liberal provision made in recent years the Directors feel justified in not writing off any Depreciation in respect of 1930. Accordingly the net profit amounts to £5,821.13s..7d., to which has to be added the sum of £11,986.0s..5d. brought from the last account, making a total of £17,807.14s.0d. to be dealt with. After deducting one year's dividend on the Preference Shares, amounting to £1,650, there remains an available balance of £16,157.14s.0d. It is now recommended to pay a dividend of 3 per cent., less Tax, on the Ordinary Shares for the year. This will absorb £7,556.5s.0d.leaving £8,601.9s.0d. to be carried forward.

As foreshadowed in last year's Report, the heavy decline in the value of wool has solely accounted for this reduced profit, the average price realized at the sales being 8.71d. per lb. as compared with 13.35d. in 1929; a decline of 34.75 per cent.

It is with deep regret that the Directors record the deaths, since the issue of the last Report, of Mr. Rhodes H. Cobb, who had been a Director of the Company since 1907 and Chairman since 1922, and of Mr. Robert Blake who joined the Board in 1901. To fill the vacancy caused by the death of Mr. Robert Blake, his son, of the same name, was elected in February last. Having had nearly thirty years of practical sheep farming experience his services will be of great value to the Company.

According to the Articles of Association, Messrs. John R. Cobb and Robert Blake retire by rotation, and offer themselves for re-election.

The Auditors, Messrs. J. & J. Sawyer & Co., offer themselves for re-election.

N.B. -Dividend Warrants will be posted at the conclusion of the Meeting.

The Falkland Islands Company,

NOTIOE IS HEREBY GIVEN that the Seventy-ninth Ordinary

General Meeting of the Company will be held at the

Company's Offices, 61, Gracechurch Street, London, E.C. 3, on

Wednesday, the 10th June, 1931, at 2.30 p.m., for the purpose

of transacting the ordinary business of the Company.

By order of the Board,

R. B. HALL,

Secretary.

EIGHTIETH ANNUAL REPORT.

Directors.

EDWARD B. GODDARD, Esq., Chairman and Managing Director.

M. E. HUGHES-HUGHES, Esq., Vice-Chairman.

W. M. DEAN, Esq.

VERE PACKE, Esq.

JOHN R. COBB, Esq.

ROBERT BLAKE, Esq.

61, GRACECHURCH STREET,

London, E.C. 3, 30th May, 1932.

The Directors beg to submit their Report and the Accounts for the year ended 31st December, 1931.

The balance from 1930, after payment of the minimum amount	25	s.	a.
of Directors' Fees for that year, £2,000, amounted to	6,601	9	0
It will be seen that after writing off Depreciation on Property and			
Shipping, £7,550 . 7s 6d., and on Investments, £1,519 . 8s. 9d.,			
there remains a Loss on the year's working of	4,263	10	2
Balance remaining to be dealt with	2,337	18	10
Deducting:			
One year's Dividend on the Preference Shares	1,650	0	0
There remains a balance of	£687	18	10

In view of the continued low values ruling for all produce, the Board much regrets being compelled to recommend that no payment of a Dividend on the Ordinary Shares of the Company be made, but that this balance should be carried to the next Account.

The poor result shewn is solely attributable to the extremely low prices obtainable for Wool, Sheepskins and Tallow. The Wool clip for the year averaged at Sales 7.63d. per lb.,—which is below the cost of production and marketing,—compared with 8.71d. per lb. for 1930—a decline of 12.4 per cent. Sheepskins, Tallow and Hides sold at the lowest prices known for many years. The quality of the Wool was fully equal to the best hitherto produced on the Farm.

The results of the subsidiary branches of the Company's business,—the Stores, Shipping, etc.,—have been satisfactory notwithstanding the depressed conditions prevailing.

Two of the Directors, Mr. W. M. Dean and Mr. Robert Blake, have recently paid a visit to the Islands for the purpose of inspecting the Company's property and stock and of effecting the utmost economies possible. Their report on the condition of the Flocks and the conduct of the business in Stanley and on the Farm is eminently satisfactory.

Reference was made at the last General Meeting to the new steamer "Lafonia" built for the Company to replace the s.s. "Falkland" in order to comply with the five year's contract entered into with the Government for the conveyance of passengers and mails, etc. to and from Montevideo. The vessel arrived in Port Stanley on the 10th November last and has since been fully employed. She is proving attractive to passengers and is in every way a success. The results of her operations should be profitable.

With regard to the prospects for the current year, the Board wishes Shareholders to know that, unless there is a material improvement in the immediate future, the average price for the new clip, of which the greater portion has been sold, will be on a lower level than for the year 1931.

According to the Articles of Association, Messrs. W. M. Dean and Vere Packe retire by rotation, and offer themselves for re-election.

The Auditors, Messrs. J. & J. Sawyer & Co., offer themselves for re-election.

The Directors beg to submit their Report and the Accounts for the year ended 31st December, 1932.

	£	ε.	d.
The balance from 1931 amounted to	687	18	10
. The Profit for 1932, after writing off Depreciation on Property			
and Shipping, amounts to	1,374	4	7
Leaving to be dealt with	2,062	3	5
One year's Dividend on the Preference Shares	1,650	0	0
There remains a balance of	£412	3	5

It is naturally a matter of regret to the Directors that no Dividend has been earned, but Shareholders will remember that in the Report before the General Meeting in June last they were informed that unless a considerable improvement in Wool values was seen before the end of the year the probability of a profitable result was unlikely.

From the date mentioned until the end of the financial year under review, prices continued on a low level, and the average yield at Sales for the Company's Clip was 7.27d. per lb. as compared with 7.63d. per lb. for 1931. The returns from by-products,—Skins and Tallow,—also showed no improvement.

It is, however, gratifying to report that, notwithstanding the lower revenue thus received, the net result derived from the Farm showed an increase of profit for the year due to savings and economies effected in the management.

The Store business, too, experienced a falling off in its Sales, attributable directly to the lower spending powers of the people, but the resulting profit was quite as good as could be expected.

The Company's new steamer "Lafonia," to which reference was made in the last Report, was fully employed throughout the year with satisfactory results. When more prosperous times return and Farmers are able to purchase their normal requirements of materials and stores, the vessel should do still better.

With reference to the prospect for the current year, the Directors regret to report that the average yield at Sales for 1,358 bales sold to date is only 7.35d. per lb., and values of Skins and Tallow have shown no advance. As to the wider aspect of the future, considering the general conditions and alarms of the present world situation, the statistical position of the Wool Market is regarded by those in the trade best qualified to judge as satisfactory.

Doubtless Shareholders will realise that whilst every economy is being effected, the profits of the Company are almost entirely dependent on the price obtained for the Wool, and until some substantial rise in values is seen the prospects of a Dividend are remote.

It is, however, pleasing to report that during the Series of Sales now current prices for Wool and Sheepskins have risen 10% to 15%. This increase, it is hoped, will prove to be the forerunner of further advances.

If only the International efforts now being made to raise commodity prices generally meet with any success, the Company is in a position to take the fullest advantage of the improvement.

According to the Articles of Association, Messrs. M. E. Hughes-Hughes and Robert Blake retire by rotation, and offer themselves for re-election.

The Auditors, Messrs. J. & J. Sawyer & Co., offer themselves for re-election.

In the Report issued to Shareholders in May last year, they were advised that the bulk of the Wool providing the revenue for 1933 had then been sold at an average price of 7.35d. per lb. The realization of the balance of the Clip only brought this figure up to 7.65d. per lb. The improvement in profit shewn in the accounts is chiefly attributable to the economies effected in management and the reduced amount of Income Tax falling due.

The Store business has yielded an increased profit notwithstanding that the spending power of the people in the Colony was low throughout the year.

The Company's steamer "Lafonia" successfully carried out the coastal service of the Islands and the carriage of mails and passengers to and from Montevideo. A further contract with the Government for the conveyance of mails, etc., to and from South Georgia was secured in the latter part of the year and this contributed to the satisfactory results of her working.

The quality of the Company's Wool has been well maintained and it is gratifying to report that in the March Series of Sales some bales were sold at 22d. per lb. which was higher than the price made for any greasy crossbred wools from either New Zealand or Patagonia.

With regard to the prospects for the current year, the Directors are pleased to report that, in consequence of the material improvement in the price for Wool, they are brighter than for some years past. Of the new Clip, 1037 bales have already been sold at an average price of 12.65d. per lb.

According to the Articles of Association, Messrs. John R. Cobb and W. M. Dean retire by rotation, and offer themselves for re-election.

The Auditors, Messrs. J. & J. Sawyer & Co., offer themselves for re-election.

N.B.—Dividend Warrants will be posted at the conclusion of the Meeting.

AUDITORS' REPORT TO THE MEMBERS.

We have obtained all the information and explanations we have required, and we have examined the Accounts of the Company for the year ended 31st December, 1933, with the Books, Vouchers and signed Returns received from the Stanley Office. We have also verified the Investments and Bank balances, and in our opinion the above Balance Sheet is properly drawn up so as to exhibit a true and correct view of the state of the Company's affairs, according to the best of our information, and the explanations given to us, and as shown by the Books of the Company.

EIGHTY-THIRD ANNUAL REPORT.

Directors.

EDWARD B. GODDARD, Esq. Chairman and Managing Director.

M. E. HUGHES-HUGHES, Esq., Vice Chairman.

W. M. DEAN, Esq.

ROBERT BLAKE, Esq.

JOHN R. COBB, Esq.

C. B. AINSLIE, Esq.

61, GRACECHURCH STREET, LONDON, E.C. 3.

31st May, 1935.

The Directors beg to submit their Report and the Accounts for the year ended 31st December, 1934.

The Profit for the year amounts to £29,230 8s. 3d. as compared with £10,346 9s. 7d. for 1933. The proposals of the Board as to the appropriation of the Profits are set out in the separate account overleaf. The Final Dividend of 3 per cent. recommended will make, with the Interim Dividend of $2\frac{1}{2}$ per cent. paid on the 1st January, 1935, a total Dividend of $5\frac{1}{2}$ per cent. for the year on the Ordinary Share Capital issued.

Rather more than half the year's Wool Clip arrived in time to be offered at the Public Sales in March and May and realised the satisfactory average of 12,65d. per lb. Owing to the Edict then issued by the German Government prohibiting the purchase of raw materials, including wool, prices declined about 30 per cent. and remained on the lower basis until the end of the year. The balance of the Clip yielded only 8.31d. per lb. thus bringing the average for the year to 10.11d. per lb. as against 7.65d. per lb. for 1933.

It is with deep regret that the death, in July last, of Mr. Vere Packe who had been a Director of the Company since 1921, is recorded.

The Directors appointed Mr. C. B. Ainslie to fill the casual vacancy and, being eligible and recommended by the Directors, Mr. Ainslie now offers himself for re-election by the Members to the Board.

In accordance with the Articles of Association, Mr. M. E. Hughes-Hughes retires by rotation, and offers himself for re-election.

The Auditors, Messrs. J. & J. Sawyer & Co., offer themselves for re-election.

N.B.-Dividend Warrants will be posted at the conclusion of the Meeting,

29th May, 1936

The Directors beg to submit their Report and the Accounts for the year ended 31st December, 1935.

The Profit for the year amounts to £25,555 7s. Id. as compared with £29,230 8s. 3d. for 1934. The proposals of the Board as to the appropriation of the Profits are set out in the separate account overleaf. The Final Dividend of 4 per cent. recommended will make, with the Interim Dividend of $2\frac{1}{2}$ per cent. paid on the 1st January, 1936, a total Dividend of $6\frac{1}{2}$ per cent. for the year on the Ordinary Share Capital issued.

The prices for wool remained fairly steady throughout the year; the total clip averaged 7.929d. per lb. as compared with 10.11d. per lb. for 1934.

That the Directors are able, notwithstanding the lower yield from wool in 1935, to recommend an increased dividend is chiefly attributable to the liberal carry forward provided out of 1934 profits, and the reduced amount of Income Tax.

With regard to the current year, prices have improved and half of the clip has been sold at an average price of 10.59d. per lb.

In accordance with the Articles of Association, Messrs. Robert Blake and John R. Cobb retire by rotation, and offer themselves for re-election.

The Auditors, Messrs. J. & J. Sawyer & Co., offer themselves for re-election.

TO THE MEMBERS.

THE FALKLAND ISLANDS COMPANY,

LIMITED.

NOTICE IS HEREBY GIVEN that the EIGHTY FOURTH ORDINARY GENERAL MEETING of the Company will be held at the Company's Offices, 61, Gracechurch Street, London, E.C. 3, on Wednesday, the 10th June, 1936, at 2.15 p.m., for the purpose of transacting the ordinary business of the Company.

By Order of the Board,

R. B. HALL,

Secretary.

61, GRACECHURCH STREET,
LONDON, E.C. 3.
29th May, 1936.

EIGHTY-FIFTH ANNUAL REPORT.

Directors.

EDWARD B. GODDARD, Esq., Chairman and Managing Director.

M. E. HUGHES-HUGHES, Esq., Vice Chairman.

W. M. DEAN, Esq.

JOHN R. COBB, Esq.

ROBERT BLAKE, Esq.

61, Gracechurch Street, London, E.C. 3.

24th May, 1937.

The Directors beg to submit their Report and the Accounts for the year ended 31st December, 1936.

The Profit for the year amounts to £39,855 9s. 4d. as compared with £25,555 7s. 1d. for 1935. The proposals of the Board as to the appropriation of the Profits are set out in the separate account overleaf. The Final Dividend of 5 per cent. recommended will make, with the Interim Dividend of 3 per cent. paid on the 1st January, 1937, a total Dividend of 8 per cent. for the year on the Ordinary Share Capital issued.

With the opening Sales in 1936 a considerable advance in prices for wool was seen. The first shipments of the Company's wool, offered in March, realised an average of 10.59d. per lb. Values remained firm and steady throughout the year and the total clip was disposed of at an all-round average of 10.22d. per lb. This compares with 7.929d. in 1935.

It is a matter of satisfaction to the Directors that the improved revenues have enabled them to recommend a dividend increased to 8 per cent.

The current year has shewn a still further advance in prices and of the new clip 1697 bales have been sold at an average price of 14.95d. per lb.

It is with the deepest regret that the death, during the past year, of Mr. C. B. Ainslie, who had been a valued member of the Board since October, 1934, has to be recorded.

To fill the vacancy which has in consequence arisen the Directors have unanimously agreed to recommend that Mr. L. W. H. Young, the Company's Colonial Manager in the Falkland Islands since 1929, should be nominated for election.

In accordance with the Articles of Association, Mr. W. M. Dean retires by rotation, and offers himself for re-election.

The Auditors, Messrs. J. & J. Sawyer & Co., offer themselves for re-election.

NOTICE IS HEREBY GIVEN that the Eighty-Fifth Ordinary General Meeting of the Company will be held at the Company's Offices, 61, Gracechurch Street, London, E.C. 3, on Wednesday, the 16th June, 1937, for the purpose of transacting the ordinary business of the Company. The Meeting to follow immediately after the Extraordinary General Meeting convened for 2,15 p.m.

By Order of the Board,

EIGHTY-SIXTH ANNUAL REPORT.

Directors.

W. M. DEAN, Esq., Acting Chairman.

JOHN R. COBB, Esq.

A. E. BELL, Esq.

ROBERT BLAKE, Esq.

P. D. L. AINSLIE, Esq.

L. W. H. YOUNG, Esq., Managing Director.

61, GRACECHURCH STREET, LONDON, E.C. 3.

3rd June, 1938,

The Directors beg to submit their Report and the Accounts for the year ended 31st December, 1937.

The Profit for the year amounts to £48,277 17s. od. as compared with £39,855 9s. 4d. for 1936. The proposals of the Board as to the appropriation of the Profits are set out in the separate account overleaf. The Final Dividend of 5 per cent. recommended will make, with the Interim Dividend of 5 per cent. paid on the 3rd January, 1938, a total Dividend of 10 per cent. for the year on the Ordinary Share Capital issued.

A considerable advance in prices for Wool was seen in the early months of 1937, but there was a severe set back later in the year. The total clip was disposed of at an all-round average of 14.70d. per lb. as compared with 10.22d. in 1936.

With regard to the current year, prices have remained at about the lower levels reached during the latter half of 1937. Practically the whole of the New clip (2,104 Bales) has been sold at an average price of 9.82d. per lb.

It is with the deepest regret that the Directors have to record the deaths since the issue of the last Report of Mr. E. B. Goddard who had been Managing Director of the Company since 1922, and Chairman since 1930, and of Mr. M. E. Hughes-Hughes who joined the Board in 1896 and had acted as Vice-Chairman since 1930.

To fill the vacancies caused by the deaths of Mr. E. B. Goddard and Mr. M. E. Hughes-Hughes the Directors appointed Mr. Alfred Edward Bell, partner in the firm of Messrs. Jacomb, Hoare & Co., Wool Brokers, and Mr. Patrick David Lafone Ainslie, Solicitor, and being eligible, these gentlemen offer themselves for re-election by the Members.

Mr. L. W. H. Young has been appointed Managing Director, subject to the sanction of the Members.

The Auditors, Messrs. J. & J. Sawyer & Co., offer themselves for re-election.

#### EIGHTY-SEVENTH ANNUAL REPORT.

#### Directors.

W. M. DEAN, Esq., Chairman.

JOHN R. COBB, Esq.

ROBERT BLAKE, Esq.

A. E. BELL, Esq.

P. D. L. AINSLIE, Esq.

L. W. H. YOUNG, Esq., Managing Director.

61, GRACECHURCH STREET,
LONDON, E.C. 3.

26th May, 1939.

The Directors beg to submit their Report and the Accounts for the year ended 31st December, 1938.

The Profit for the year amounts to £22,466 19s. 3d. as compared with £48,277 17s. od for 1937. The proposals of the Board as to the appropriation of the Profits are set out in the separate account overleaf. The Final Dividend of 3 per cent. recommended will make, with the Interim Dividend of 2 per cent. paid on the 3rd January, 1939, a total Dividend of 5 per cent. for the year on the Ordinary Share Capital issued.

The price of Wool declined still further during the latter part of 1938. The total Clip was disposed of at an all-round average of 9.78d. per lb. as compared with 14.7od. in 1937. At the same time prices of skins, hides and tallow also declined to an appreciable extent.

With regard to the current year, prices have slightly improved from the lowest point for the coarser qualities of Wool, chiefly due to Government requirements. 1933 Bales of the new Clip (1939) have been sold at an average price of 9.29d. per lb.

According to the Articles of Association, Messrs. Robert Blake and John R. Cobb retire by rotation and offer themselves for re-election:

The Auditors, Messrs. J. & J. Sawyer & Co., offer themselves for re-election.

I regret that we cannot submit to you as satisfactory a Balance Sheet for the year now under review as we could for the previous year. The profits for 1938 amount to £22,466 19s. 3d. as compared with £48,277 17s. od. for 1937. This serious reduction is entirely due to the lower prices realised for wool, sheepskins and tallow.

expenditure as much as possible. The turnover of and profit made by our retail store business both show a reduction; this again consequent on the low levels at which wool sold which compelled our customers to curtail

The profit from our shipping business shows some improvement which is attributable to our having been able to make satisfactory arrangements for the employment of our s.s. "LAFONIA" during the slack season when she made a round voyage between the Colony and Europe. Unfortunately the Colony's limited requirements of imports precludes this being repeated every year. We are, however, satisfied with this branch of our business.

Mr. Young's appointment as Managing Director, with charge of the London and Stanley Offices, has been fully justified—he has recently visited the Colony.

Mr. Robert Blake recently visited the Colony and spent some time on our Farms. His views and suggestions are most helpful and should bear good results.

You will recollect that at the last General Meeting I informed you that we had purchased a property known as Spring Point, West Falkland Islands, which carries about 10,000 sheep. I am pleased to be able to tell you that we have since purchased an adjacent property known as Fox Bay West, which carries about 17,000 sheep. These two properties will be amalgamated. You will note from the map behind me they make a compact farm which can and will be run by one Manager. These purchases have been paid for out of our accumulated reserves and there will be no necessity to increase our Capital.

With reference to the prospects for the current year, I regret that I can hold out no prospect of improvement. Nearly the whole of the New Clip has been sold at an average price of improvement.

We have reached a point where it is difficult to effect economies without impairing efficiency but we are confident that both the weight and quality of our wool can be further improved and this important matter has our constant care and attention.

Before putting the Resolutions I shall be pleased to answer any questions which shareholders

CAVENDISH ROAD, WEYBRIDGE.

SURREY.

1st June, 1940.

The Directors beg to submit their Report and the Accounts for the year ended 31st December, 1939.

The Profit for the year amounts to £24,216 16s. 10d. as compared with £22,466 19s. 3d. for 1938. The proposals of the Board as to the appropriation of the Profits are set out in the separate account overleaf. The Final Dividend of 4 per cent. recommended will make, with the interim Dividend of 2 per cent. paid on the 3rd January, 1940, a total Dividend of 6 per cent. for the year on the Ordinary Share Capital issued.

The 1939 Wool Clip was disposed of at an all-round average of 9.42d. per lb. as compared with 9.78d. per lb. in 1938. During the year prices of skins, hides and tallow remained on a low level.

The Ministry of Supply (Wool Control) has come to an agreement with your Company and all other Falkland Islands Farmers to purchase the Wool Clip and Wooled Sheepskins for the duration of the war and one Clip after, at a price approximately 30 per cent. over the average price for 1938. 2060 Bales of the Clip have already arrived and been appraised under this arrangement.

According to the Articles of Association, Messrs. W. M. Dean and A. E. Bell retire by rotation and offer themselves for re-election.

The Auditors, Messrs. J. & J. Sawyer & Co., offer themselves for re-election.

## THE FALKLAND ISLANDS COMPANY,

LIMITED.

NOTICE IS HEREBY GIVEN that the Eighty-eighth Ordinary General Meeting of the Company will be held at the Cannon Street Station Hotel, Cannon Street, London, E.C.4, on Wednesday, the 12th June, 1940, at 2.15 p.m., for the purpose of transacting the ordinary business of the Company.

By Order of the Board,

R. B. HALL,

Secretary.

Southernhay,

CAVENDISH ROAD,

WEYBRIDGE,

SURREY.

1st June, 1940.

Report of Proceedings at the Eighty-eighth Ordinary General Meeting held on 12th June, 1940, at the Cannon Street Station Hotel, Cannon Street, London, E.C.3.

Mr. W. M. Dean, Chairman, presided and other Directors present were Messrs. John R. Cobb, Robert Blake, A. E. Bell and L. W. H. Young, Managing Director.

The Secretary read the notice convening the Meeting and the Auditors' Report to the Members.

The Chairman, addressing the Members present, said:—Gentlemen,

I assume that, as usual, the Report and Accounts may be taken as read.

You will have noted that the profits for 1939 amount to £24,216 16s. 10d. as compared with £22,466 19s. 3d. for 1938, an increase of £1,749 17s. 7d.

Our 1939 Wool Clip was disposed of at an average price of 9.42d. per lb. or .36d. less than in 1938. Prices for sheepskins, tallow and hides remained at a low level throughout the year.

The turnover of and profit made by our retail store business both show an increase which is mainly due to causes arising out of the war. Similarly the profit made by our shipping business has been maintained, both of our vessels are now in commission and have been of material assistance in accelerating the movement of certain essential supplies required for this country's war effort.

During the year the Company's investments, which are constantly under review were changed from long to shorter dated securities.

The process of amalgamating the Spring Point and Fox Bay West properties is well under way. Their stock, fencing and other requirements have been carefully considered and the necessary work is being pushed forward. A programme of division fencing and other improvements is being carried out; several miles of fencing and the telephone line between Spring Point and Fox Bay West have already been erected and circumstances permitting it is hoped that the full programme will be completed during the present year.

I am pleased to tell you that now we have had some experience of these properties we feel more confident than ever that they should yield excellent returns when they have been fully developed.

With reference to the prospects for the current year I regret to inform you that the Colony suffered an exceptionally bad Spring and Summer; consequent on this the lambing returns show a decrease, the death rate is higher and the quantity of wool shorn is down.

As a result of the policy followed for some time past of understocking our camps and paying special care to the management of our pastures we believe that we can now afford to increase the stock carried and this is being done.

Negotiations have been concluded with the Ministry of Supply (Wool Control) whereby they purchase the whole of your Company's and all other Falkland Islands Farmers production of wool and wooled sheepskins for the duration of the war and one Clip after at prices which are approximately 30% over the average for 1938.

The first shipment of Wool arrived in March and the second in April; both have now been appraised. The top and average prices made by our several marks at the appraisements compare favourably with those obtained by other Falkland Islands Farmers, which is proof that the quality of our wools is being maintained.

Despite the increase in price I regret that in view of the inevitable rise in Working Expenses and in taxation—I should here mention that it is most likely income tax will be imposed by the Falkland Islands Government—I cannot hold out to you any prospect of there being any material improvement in the net profit for the present year.

I desire to take this opportunity of expressing the Board's appreciation at the manner in which your Falkland Islands staff have carried out their duties especially since the outbreak of war. They have had and are having a very difficult time with new problems constantly arising, and are carrying on in a manner which does them all the greatest credit.

Before putting the Resolutions I shall be pleased to answer any questions which shareholders may wish

The Chairman then proposed:—

"That the Report and Accounts now presented be received and adopted."

Mr. John R. Cobb seconded the Resolution which was carried unanimously.

"That a Final Dividend of 4 per cent., less Income Tax, be declared on the Ordinary Shares of the Company, making a return for the year of 6 per cent., less Tax.

Mr. Robert Blake seconded the Resolution which was carried unanimously.

The retiring Directors, Messrs. W. M. Dean and A. E. Bell, were re-elected Directors of the Company.

Messrs. J. & J. Sawyer & Co., were re-appointed Auditors of the Company for the current year.

The Meeting terminated with a vote of thanks to the Chairman and Directors.

## The Falkland Islands Company, Limited.

To the Members,

The Directors regret that in consequence of the Falkland Islands Accounts and Returns for 1940 being delayed owing to the present abnormal conditions, they are unable to issue their Annual Report and Accounts until later in the year and have therefore decided to postpone holding the Annual Meeting of Members until the Report and the Accounts can be issued in the usual form.

The Directors are nevertheless satisfied that the Company's Profits for the year ended 31st December last are such as will justify them in paying a further dividend of 6% on the Ordinary Shares, less Income Tax, which with the 4% already paid, makes 10% for the year. This dividend will be paid on or about 16th June, 1941, and resolutions confirming such payment will be submitted at the Annual General Meeting, which will be called at the earliest convenient date.

By order of the Board,

R. B. HALL,

Secretary.
