At a Meeting of the Legislative Council held on the 30th December, 1893.

Present :

His Excellency Sir Roger Tuckfield Goldsworthy, K.C.M.G., Governor.

His Honour T. A. Thompson, Judge.

The Honourable F. Craigie-Halkett, Colonial Secretary.

" " S. Hamilton, Colonial Surgeon.

" " A. E. Baillon.

" " J. J. Felton.

The Minutes of the previous Meeting were read and confirmed.

His Excellency informed the Members that he had summoned the Council to ask for a vote from General Revenue, to be ultimately recovered from Crown Land Funds, to meet expenses on the survey of the proposed pier and also to lay on the table a Memorial to the Secretary of State from the unofficial Members, protesting against the construction of such a pier, certain statements in which, His Excellency stated, were not altogether correct and would, with the gross exaggerations which it also contained, be pointed out to the Secretary of State.

The Honourable A. E. Baillon here informed the Council that a copy of the Memorial had already been forwarded direct to the Under Secretary of State by the last Mail on the 12th instant.

To this action His Excellency expressed his strong disapproval and deprecated the course adopted by the unofficial Members of the Council in addressing such a document direct without his knowledge, or even a reference made thereto when the Memorial was forwarded to the Government for transmission to the Secretary of State on the 20th instant, 17 days after the Memorial had been despatched.

In order to remove the wrong impressions from the minds of the unofficial Members His Excellency reviewed the statements contained in the Memorial.

With regard to the employment of local labour, that would be a matter to be decided by the contractors in England, who would also devise such a construction as would withstand the strain of vessels moored alongside.

The facility to be afforded by the landing of goods direct, on to the jetty, was in itself so apparent as to sufficiently controvert the statement that such a method would not be so expeditious as the discharge first of all into a lighter.

The assertion that the original cost would not be less than £25,000, with annual expenses of £2,000 was far wide of that estimated, namely £10,000, while the interest and sinking fund together with the expense of maintenance would be covered by the dues to be received by Government at rates lower than 15/- and 16/- a ton as at present charged for lighterage, but which figures could not be reconciled with 2/6 or 3/6 a ton as quoted in the Memorial. The men thrown out of employment by the disuse of lighters could find employment in the landing and transit of goods across the pier without fear of families being reduced almost to destitution.

Mr. Stanley's despatch of 12th October, 1885, No. 12, which was read, shows that the application of the purchase money of the foreshore in Stanley would be a matter for consideration at a future date and not as stated in the Memorial.

The proposed pier of 800 feet is intended to extend into 22 feet of water, but it is more probable that after the Surveyor's reports are completed it will be found that a length of 630 feet, with a depth of 20 feet 9 inches where the bottom is soft mud, would meet all present requirements.

This length would not bring the pier a quarter of the way across the harbour and would not impede navigation as feared by the Memorialists from it being carried $\frac{2}{3}$ the distance.

His Excellency in conclusion could not but consider that the Memorial was directed personally against himself and the action taken by him with regard to the public works during his tenure of office. The disgraceful condition in which he found the buildings, roads, &c., on his arrival, necessitated heavy expenditure of money. This money had not however been "squandered" but defrayed to meet the high price of labour. It was, His Excellency added, his wish to see the Colony in a fair state of advancement.

The Honourable J. J. Felton questioned the interpretation put by His Excellency on the Memorial stating that it was sent home by the first opportunity because it was uncertain when the information promised would be laid before them. He could not see the advantage or actual necessity of the work as the landing of cargo in small quantities would be more expensive than at present. He was in favour of the jetty being extended into 10 feet of water as much delay must ensue if steamers come alongside where they can discharge only on one side, while the expense to the importer cannot be lessened if landing, warehouse and

shipping dues are levied. At present the bulk of imports being for re-exportation to the out-stations are discharged into lighters where they remain until the schooner runs alongside for transshipping the goods. If this course were to be changed, station-holders would import goods direct to their stations by sailing vessels. If the rates to be levied were on a basis which would compare favourably with the present charges of the Falkland Islands Company there would be no objection, but until such were shown to be the case the Honourable Member adhered to the statements contained in the Memorial.

His Excellency stated that he would be very happy to obtain the views of the community as to the charges to be levied, but as the extension of the jetty into 10 feet of water would not do away with the cost of lighterage, dues could not be charged and the work would not be a reproductive one. For the protection of the revenue Customs Officers would have to be posted at outstations if goods were imported direct, the maintenance of whom would bear very heavily on the community.

The Honourable A. E. Baillon indignantly but respectfully repudiated His Excellency's assertions. It was due to the absence of any estimate of the cost of the proposed work or of any scheme for its maintenance that the Memorial was sent home direct. The Honourable Member did not think any advantage was to be derived to the general community by the project, and always understood that no money was to be expended without a vote. In any case he considered that the opinions of experts carrying on mercantile business locally should have been taken and should have more weight than the opinions which he knew had been received from Captains of H. M.'s ships who visited this port.

The Honourable the Colonial Secretary then moved the following resolution :

Resolved that a sum of £500 be appropriated to cover advances required to meet expenditure involved in operations undertaken by the sanction of the Secretary of State in connection with a new proposed pier in Stanley Harbour, until such advances are repaid as approved by the Secretary of State from funds arising from the sale of Crown lands in the Colony.

In seconding the Resolution His Honour the Judge remarked that though he had not seen the papers on the subject he was in favour of a pier alongside of which vessels could go in preference to a shorter one. Wrong impressions had been formed by the Memorialists, but His Honour thought it very desirable that the cost of a pier should be ascertained on the basis of soundings. A vote for the expenses of which was all that was now asked, and this expenditure was to be defrayed from Crown funds over which the Secretary of State had complete control.

As this work had been authorized by the Right Honourable the Secretary of State, His Excellency asked the unofficial Members to pay that deference due to the Secretary of State, the present vote being for an advance only from general revenue to be refunded from Crown Land Funds.

The Council divided.

FOR:—His Honour the Judge. The Honourables Colonial Secretary. Colonial Surgeon.

AGAINST:—The Honourables J. J. Felton. A. E. Baillon.

His Excellency said he had been hopeful of obtaining the unofficial Members' vote in favour of the Resolution looking to the information now before them which contained the Secretary of State's views and also to that furnished at the last Meeting of the Council. As the Memorial had been framed before the receipt of this information though not forwarded to the Government until after it was placed in their hands. His Excellency asked if the Memorialists wished to add any rider to it; the unofficial Members were understood to answer in the negative.

Read and Confirmed this 20th day of February, 1897.

At a Meeting of the Legislative Council held on the 20th February 1897.

Present :

His Excellency Sir Roger Tuckfield Goldsworthy, K.C.M.G., Governor.

His Honour T. A. Thompson, Judge.

The Honourable F. Craigie-Halkett, Colonial Secretary.

" " S. Hamilton, Colonial Surgeon.

" " J. J. Felton.

" " A. E. Baillon.

The Minutes of the previous Meeting were read and confirmed.

His Honour the Judge moved the Introduction and First reading of an Ordinance entitled "An Ordinance to further amend the Scab Ordinance, 1895." Seconded by the Honourable the Colonial Surgeon.

The Bill was read by title.

The Standing Orders were suspended with a view to the Bill being proceeded with.

On His Honour moving the Second reading of the Bill and explaining the principles of the Bill, the Honourable Colonial Surgeon seconded and the Council resolved itself into Committee on the Bill.

In Clause 1 the Honourable J. J. Felton moved that the words "not exceeding two-pence" should be substituted for the word "not less than one half-penny and not more than two-pence," so that the amount of the penalty might be left to the Magistrate, which he thought was the intention of Clause 17 of the original Ordinance by the reading of the word "liable."

The proposed amendments he added, made it imperative on the Magistrate to inflict a heavy penalty, even though it might be proved that scab was carried maliciously amongst a man's flocks.

His Excellency said that if such happened it would be competent for the Magistrate to forward the case for the consideration of the Executive.

His Honour was of the opinion that whilst a certain amount of discretion should be left to the Magistrate there should be a fixed minimum penalty.

On the motion for the amendment being put :—

FOR :—The Honourables J. J. Felton. A. E. Baillon.

AGAINST :—His Honour the Judge. The Honourables Colonial Secretary, Colonial Surgeon.

The Clause stood as drafted.

Clause 2 and 3 passed without amendment.

Clause 4, the Honourable J. J. Felton contended would compel every sheep on the station to be branded, as the Inspector had ruled that a fence was no barrier and consequently if one flock were infected the flocks on the whole station would have to be branded.

It was explained that the clause referred only to a flock in which scab was discovered and could not be applied to all the sheep on the station. The clause was a step towards bringing about the separation of flocks and so to lessen the severity of the act.

In line 3 after the word "back" the words "or on such other part of the sheep as may be ordered by the Inspector" were inserted.

Reference was made to the substance to be used in branding and it was suggested that as this would diminish the value of wool, some other word than "S" should be made which could be placed upon, for instance, the face. It was decided to refer the matter to the Inspector.

The Honourable J. J. Felton was also in favour of a maximum say of £100 fine being fixed both in this clause and in clause 1, and added that no Inspector could make oath of the actual number of sheep on which the fine should be levied.

It was pointed out to the Honourable Member that in such a case the man creating scab would be no more heavily penalized than the farmer who had done his best to eradicate it, and in so far as the declaration was concerned the number of sheep was declared to by the farmer himself, though it as much depended on the Inspector to obtain as accurate returns as possible of the number of sheep in the flock.

The clause stood as amended in line 3.

The word "further" was inserted in the title page.

On the Council resuming, His Honour moved the Third reading and passing of the Bill, which being duly seconded by the Honourable the Colonial Surgeon, the Bill was read a Third time and passed.

Read and Confirmed this 19th day of March, 1897.

8.—This Ordinance shall be construed with and form part of “The Public Health Ordinance 1894.”

At a Meeting of the Legislative Council held on the 19th March, 1897.

Present :

His Excellency Sir Roger Tuckfield Goldsworthy, K.C.M.G., Governor.

His Honour T. A. Thompson, Judge.

The Honourable F. Craigie-Halkett, Colonial Secretary.

" " S. Hamilton, Colonial Surgeon.

" " J. J. Felton.

" " A. E. Baillon.

The Minutes of the previous Meeting were read, amended and confirmed.

With reference to the minutes of the last Meeting, the opinion of the Acting Stock Inspector that tar was not used in the Colony for the branding of sheep, and that "raddle and oil" which were in use was not injurious to wool, was read.

The Honourable the Colonial Secretary moved the Introduction and First reading of an Ordinance entitled "An Ordinance to make further provision for the Service of the Colony of the Falkland Islands for the year 1896," seconded by the Honourable the Colonial Surgeon.

The Standing Orders having been suspended, the Honourable the Colonial Secretary, seconded by the Honourable the Colonial Surgeon, moved the Second reading and going into Committee on the Bill. The Honourable the Colonial Secretary explained the causes for the excesses on the several votes.

The Honourable J. J. Felton said that, though it was useless to record his vote as the Unofficial Members were bound to vote together, and formed a majority, and also that as it was a matter of indifference to His Excellency, who had stated that he could always pass any measure by the majority of the official vote, he wished to protest against the amount inserted against the Public Works vote.

His Excellency informed the Unofficial Member that he had never made mention of such a fact as that stated. He had drawn attention that in a Crown Colony the Government holds the majority of the votes in its hands, and administers for the good of the Colony which is not ripe for a representative Assembly. His Excellency took strong exception to the Honourable Member's manner which was and had been a persistent personal opposition to himself rather than one directed toward the welfare of the Colony.

The Honourable the Colonial Secretary stated that the Honourable Member was mistaken in what he had said.

The Honourable Member said he would take the liberty given him of protesting against the vote, and asked that what he had said might be recorded on the minutes, adding, though the word indifference may not have been used by His Excellency, an expression to that effect had been.

The Honourable Member objected to the expenditure of that portion now inserted under the head "Public Works" which had not been voted by the Council, and referred to the Secretary of State's despatch on that subject.

On the question being put Clause 1 was passed without amendment.

There was no discussion on Clause 2.

On the Council resuming, the Honourable the Colonial Secretary, seconded by the Honourable the Colonial Surgeon, moved the Third reading and passing of the Bill, when the Bill was read a Third time and passed.

Read and Confirmed this 15th day of April, 1897.

ROGER TUCKFIELD GOLDSWORTHY,
Governor.

CHARLES W. HILL,
Acting Treasurer.

At a Meeting of the Legislative Council held on the 15th April, 1897.

Present :

His Excellency Sir Roger Tuckfield Goldsworthy, K.C.M.G., Governor.

His Honour T. A. Thompson, Judge.

The Honourable F. Craigie-Halkett, Colonial Secretary.

" " S. Hamilton, Colonial Surgeon.

ABSENT:

The Honourable J. J. Felton.

" " A. E. Baillon.

The Minutes of the previous Meeting were read and confirmed.

Owing to the absence of the Unofficial Members of Council, one on the plea of illness, the other through pressure of business, His Excellency left it to the Official Members to determine whether they should proceed to the despatch of business.

As the Orders of the Day only contained the consideration of a Bill which had been left in Committee on the 23rd December, and had been approved by the Secretary of State with some slight amendments, the Members, being a quorum, were unanimous in considering that it would be unnecessary to adjourn the Meeting.

The Council then resolved itself into Committee for the consideration of the Bill entitled "An Ordinance to consolidate and amend the Laws relating to Customs Duties and Trade."

Clause 1, which was left in Committee on the 23rd December, was inserted and ran as follows :

1.—From and after the coming into operation of this Ordinance all Ordinances relating to Customs Duties and Trade are hereby repealed, and from henceforth there shall be raised, levied, collected and paid, unto Her Majesty, her heirs and successors, for the use of this Colony, the several duties of Customs in the "Tariff of Import Duties" in the Schedule hereto.

Cause 63 was deleted and re-enacted as follows :

63.—Any Officer of Customs who shall take or accept any fee, gratuity, reward or perquisite, directly or indirectly, for the neglect or non-performance of his duty, and any person who shall promise, give, or offer, or procure to be given, to an Officer of Customs any such fee, gratuity, reward or perquisite, shall be liable to a penalty not exceeding £100.

Clause 71. The sub-heading "Uncustomed goods" was struck out.

The Council having resumed, and the Standing Orders suspended, His Honour moved the Third reading and passing of the Bill, Seconded by the Honourable the Colonial Surgeon.

The Bill was read a Third time and passed.

His Excellency then took leave of the Council.

Read and Confirmed this 17th day of May, 1897.

BY THE QUEEN. A PROCLAMATION.

VICTORIA, R.

WHEREAS We are happily at Peace with all Sovereigns, Powers, and States :

And whereas, notwithstanding Our utmost exertions to preserve Peace between the two Sovereign Powers, a State of War unhappily exists between His Imperial Majesty the Sultan of Turkey and His Majesty the King of the Hellenes, and between their respective Subjects and others inhabiting within their Countries, Territories, or Dominions :

And whereas We are on Terms of Friendship and amicable intercourse with each of these Sovereigns, and with their several Subjects and others inhabiting within their Countries, Territories, or Dominions :

And whereas great numbers of Our loyal Subjects reside and carry on Commerce, and possess Property and Establishments, and enjoy various rights and privileges, within the Dominions of each of the aforesaid Sovereigns, protected by the faith of Treaties between Us and each of the aforesaid Sovereigns :

And whereas We, being desirous of preserving to our Subjects the Blessings of Peace, which they now happily enjoy, are firmly purposed and determined to maintain a strict and impartial Neutrality in the said State of War unhappily existing between the aforesaid Sovereigns :

We, therefore, have thought fit, by and with the advice of Our Privy Council, to issue this Our Royal Proclamation :

And We do hereby strictly charge and command all Our loving Subjects to govern themselves accordingly, and to observe a strict Neutrality in and during the aforesaid War, and to abstain from violating or contravening either the Laws and Statutes of the Realm in this behalf, or the Law of Nations in relation thereto, as they will answer to the contrary at their peril ;

"(1.) Every person engaged in such preparation or fitting out or assisting therein, or employed in any capacity in such expedition, shall be guilty of an offence against this Act, and shall be punishable by fine and imprisonment, or either of such punishments, at the discretion of the Court before which the offender is convicted ; and imprisonment, if awarded, may be either with or without hard labour.

"(2.) All Ships and their equipments, and all Arms and Munitions of War, used in or forming part of such expedition, shall be forfeited to Her Majesty.

"Any person who aids, abets, counsels, or procures the Commission of any offence against this Act shall be liable to be tried and punished as a principle offender."

And whereas by the said Act it is further provided that ships built, commissioned, equipped, or despatched in contravention of the said Act, may be condemned and forfeited by Judgment of the Court of Admiralty ; and that if the Secretary of State or Chief Executive Authority is satisfied that there is a reasonable and probable cause for believing that a Ship within Our Dominions has been or is being built, commissioned, or equipped, contrary to the said Act, and is about to be taken beyond the limits of such Dominions, or that a Ship is about to be despatched contrary to the Act, such Secretary of State, or Chief Executive Authority, shall have power to issue a Warrant authorizing the seizure and search of such Ship and her detention until she has been either condemned or released by process of law. And whereas certain powers of seizure and detention are conferred by the said Act on certain Local Authorities ;

Now, in order that none of Our Subjects may unwarily render themselves liable to the penalties imposed by the said Statute, We do hereby strictly command that no person or persons whatsoever do commit any act, matter, or thing whatsoever contrary to the provisions of the said Statute, upon pain of the several penalties by the said Statute imposed, and of Our high displeasure.

And We do hereby further warn and admonish all Our loving subjects, and all persons whatsoever entitled to Our protection, to observe towards each of the aforesaid Sovereigns, their subjects and territories, and towards all belligerents whatsoever with whom we are at Peace, the duties of neutrality : and to respect, in all and each of them, the exercise of those Belligerent Rights which We and Our Royal Predecessors have always claimed to exercise.

And We hereby further warn all Our loving Subjects, and all persons whatsoever entitled to our protection, that if any of them shall presume, in contempt of this Our Royal Proclamation, and of Our high displeasure, to do any acts in derogation of their duty as subjects of a Neutral Sovereign in a War between other Sovereigns, or in violation or contravention of the Law of Nations in that behalf, as more especially by breaking, or endeavouring to break, any Blockade lawfully and actually established by or on behalf of either of the said Sovereigns, or by carrying Officers, Soldiers, Despatches, Arms, Ammunition, Military Stores or Materials, or any Article or Articles considered and deemed to be Contraband of War according to the Law or modern Usages of Nations, for the use or service of either of the said Sovereigns,

that all persons so offending, together with their ships and goods, will rightfully incur and be justly liable to hostile capture, and to the penalties denounced by the Law of Nations in that behalf.

And We do hereby give notice that all Our Subjects and Persons entitled to Our protection who may misconduct themselves in the premises will do so at their peril, and of their own wrong; and that they will in nowise obtain any protection from Us against such capture or such penalties as aforesaid, but will, on the contrary, incur Our high displeasure by such misconduct.

Given at Our Court at *Windsor*, this third day of *May*, in the year of our Lord one thousand eight hundred and ninety-seven, in the sixtieth year of Our reign.

GOD save the QUEEN.

THE Marquess of Salisbury to the Lords Commissioners of the Admiralty:—

Foreign Office,
May 3, 1897.

MY LORDS,

HER Majesty being fully determined to observe the duties of neutrality during the existing state of war existing between His Imperial Majesty the Sultan of Turkey and His Majesty the King of the Hellenes, and being moreover resolved to prevent, as far as possible, the use of Her Majesty's harbours, ports, and coasts, and the waters within Her Majesty's territorial jurisdiction, in aid of the warlike purposes of either belligerent, has commanded me to communicate to your Lordships, for your guidance, the following rules, which are to be treated and enforced as Her Majesty's orders and directions:—

Her Majesty is pleased further to command that these rules shall be put in force in the United Kingdom, the Isle of Man, and the Channel Islands, on and after the 8th instant, and in Her Majesty's territories, and possessions beyond the seas, six days after the day when the Governor, or other chief authority of each of such territories or possessions, respectively shall have notified and published the same; stating in such notification that the said rules are to be obeyed by all persons within the same territories and possessions.

1. During the continuance of the present state of war, all ships of war of either belligerent are prohibited from making use of any port or roadstead in the United Kingdom, the Isle of Man, or the Channel Islands, or in any of Her Majesty's colonies or foreign possessions or dependencies, or of any waters subject to the territorial jurisdiction of the British Crown, as a station, or place of resort for any warlike purpose, or for the purpose of obtaining any facilities for warlike equipment; and no ship of war of either belligerent shall hereafter be permitted to sail out of or leave any port, roadstead, or waters subject to British jurisdiction, from which any vessel of the other belligerent (whether the same shall be a ship of war or a merchant ship) shall have previously departed, until after the expiration of at least twenty-four hours from the departure of such last-mentioned vessel beyond the territorial jurisdiction of Her Majesty.

2. If any ship of war of either belligerent shall, after the time when this Order shall be first notified and put in force in

the United Kingdom, the Isle of Man, and the Channel Islands, and in the several colonies and foreign possessions or dependencies of Her Majesty, respectively, enter any port, roadstead, or waters belonging to Her Majesty, either in the United Kingdom, the Isle of Man, or the Channel Islands, or in any of Her Majesty's colonies or foreign possessions or dependencies, such vessel shall be required to depart and to put to sea within twenty-four hours after her entrance into such port, roadstead, or waters, except in case of stress of weather, or of her requiring provisions or things necessary for the subsistence of her crew, or repairs; in either of which cases the authorities of the port, or of the nearest port (as the case may be), shall require her to put to sea as soon as possible after the expiration of such period of twenty-four hours, without permitting her to take in supplies beyond what may be necessary for her immediate use; and no such vessel which may have been allowed to remain within British waters for the purpose of repair shall continue in any such port, roadstead, or waters, for a longer period than twenty-four hours after her necessary repairs shall have been completed. Provided, nevertheless, that in all cases in which there shall be any vessel (whether ships of war or merchant ships) of the said belligerent parties in the same port, roadstead, or waters within the territorial jurisdiction of Her Majesty, there shall be an interval of not less than twenty-four hours between the departure thereof of any such vessel (whether a ship of war or merchant ship) of the one belligerent, and the subsequent departure therefrom of any ship of war of the other belligerent; and the time hereby limited for the departure of such ships of war respectively shall always, in case of necessity, be extended so far as may be requisite for giving effect to this proviso, but no further or otherwise.

3. No ship of war or either belligerent shall hereafter be permitted, while in any port, roadstead, or waters subject to the territorial jurisdiction of Her Majesty, to take in any supplies, except provisions and such other things as may be requisite for the subsistence of her crew, and except so much coal only as may be sufficient to carry such vessel to the nearest port of her own country, or to some nearer destination, and no coal shall be again supplied to any such ship of war in the same or any other port, roadstead, or waters subject to the territorial jurisdiction of Her Majesty, without special permission, until after the expiration of three months from the time when such coal may have been last supplied to her within British waters as aforesaid.

4. Armed ships of either party are interdicted from carrying prizes made by them into the ports, harbours, roadsteads, or waters of the United Kingdom, the Isle of Man, the Channel Islands, or any of Her Majesty's colonies or possessions abroad.

F. CRAIGIE-HALKETT,

Acting Police Magistrate.

At a Meeting of the Legislative Council held on the 17th May, 1897.

Present :

His Excellency F. Craigie-Halkett, Administrator.

The Honourable Charles W. Hill, Acting Colonial Secretary.

„ „ S. Hamilton, Colonial Surgeon.

„ „ J. J. Felton.

„ „ A. E. Baillon.

The Minutes of the previous Meeting were read and confirmed.

The Honourable the Colonial Surgeon moved the Introduction and First reading of an Ordinance entitled "An Ordinance to amend the Public Health Ordinance of 1894, and to make provision for a Board of Health for the West Falkland Islands," seconded by the Honourable the Acting Colonial Secretary.

The Bill was read by title.

The Standing Orders were suspended with a view to the Bill being proceeded with.

The Honourable the Colonial Surgeon moved the Second reading, seconded by the Honourable the Colonial Secretary.

The Council resolved itself into Committee on the Bill.

The Honourable J. J. Felton said he thought the measure was unnecessary and would hamper the work on the West and was quite premature, and that he should not vote in favour of it.

The Honourable A. E. Baillon said, before proceeding further he should like to ask His Excellency for any reasons for the Ordinance, as he thought that when the Council voted £50 a year for the Assistant Colonial Surgeon for Inspector of Nuisances, he thought that covered all purposes.

The Acting Colonial Secretary explained that there would be no extra expense in bringing in the Ordinance, that it would only be changing the title of Inspector of Nuisances to Health Officer, and that it was not contemplated to ask for more than the £50 already inserted in the Estimates.

The consideration of the Bill was continued, when the following amendments were made.

Clause 5, line 2. The words "Stipendiary Magistrate" were struck out and the words "Health Officer" inserted, and in line 3 the words "Health Officer" were struck out and the words "Stipendiary Magistrate" inserted.

The Honourable the Unofficial Members here laid great stress upon the objection of the Stipendiary Magistrate being Chairman of the Board while they had no objection to the Assistant Colonial Surgeon acting in that behalf.

On the question being put on each clause, that the clause be passed, the Unofficial Members desired their dissent to be recorded.

The Honourable the Colonial Surgeon moved that the Council do resume and also moved the Third Reading, which being duly seconded, the Bill was read a Third time and passed.

His Excellency said, that in view of the objection raised by the Honourable the Unofficial Members, he would hold the Ordinance back for further reference to the Secretary of State.

The Honourable the Acting Colonial Secretary then moved the following Resolution :—

"That a sum not exceeding £350 be appropriated as a special vote toward the repairs to and rebuilding of the Sea wall running parallel to the Northern fence of Government paddock.

The Honourable the Acting Colonial Secretary explained that the Vote for Public Works on the Estimates for the year had been small, that no special vote for Sea Walls had been granted, and that the sums voted for Public Works were needed for other works of necessity.

The Honourable A. E. Baillon asked if the Unofficial Members could see the tenders granting that it was a work of great necessity, and hoped that if they voted the sums they would not see the work given to incompetent persons, thereby needing it to be executed over again.

The action taken by the Executive was explained, and after some discussion as to the line the wall was to take the resolution was unanimously carried. At the same time the proposal that the wall be continued straight and land thereby reclaimed, with a view to the same being carried out at as small an increase as possible was also considered.

His Excellency then informed the Council that the necessity for better protection against fire had been brought prominently to his notice. It was considered very desirable that this need should be met by the purchase of a suitable Fire Engine, the details of costs, &c., were fully explained by His Excellency. After the different projects such as a Steam Fire Engine, Reservoirs, or a long trench on the hill with outlets at each street had been considered, the Honourable the Acting Colonial Secretary moved the following Resolution:

"That a sum not exceeding £1000 be, subject to approval of Secretary of State, appropriated as an advance from Land Sales Fund, to be repaid from a rate to be raised for the purpose of purchasing a suitable Fire Engine and outfit." The Resolution was unanimously carried.

The Honourable the Acting Colonial Secretary then moved the Introduction and First Reading of an Ordinance entitled "An Ordinance to raise a sum of money by a rate on house property in Stanley, and to provide for the application thereof," seconded by the Honourable the Colonial Surgeon.

The Bill was read by title.

As the Bill had not been published for general information the Honourable the Acting Colonial Secretary gave notice of the Second Reading at the next Meeting of Council.

Read and Confirmed this 9th day of June, 1897.

—:O:—

TO THE QUEEN'S MOST EXCELLENT MAJESTY.

MAY IT PLEASE YOUR MAJESTY:—

We, the Administrator and Members of the Executive and Legislative Councils of the Colony of the Falkland Islands, approach Your Majesty to offer to Your Most Gracious Majesty our cordial congratulations on the completion of the longest reign of any Sovereign recorded in the annals of British History.

In the year 1887 this Colony united in the general feeling of rejoicing with which during that year was proclaimed the welfare and prosperity resulting to the Nation after Your Majesty's noble career in the service of the Empire for a period of fifty years.

It is now with demonstrations of universal joy and signal happiness that this occasion marks a fresh impulse to the common spirit of national brotherhood and common loyalty to the person of Your Majesty and to the Crown; a feeling which, though borne silently across the seas from this the most Southern of Your Majesty's dominions, is a wave of enthusiasm from a Colony whose growth is contemporary with Your illustrious reign, and which shares the accumulated glory and privilege inherited from the expansion and development of the Empire.

That it may please Almighty God to prolong Your Majesty's beneficent sway is the fervent prayer of

Your dutiful and loyal subjects.

On behalf of the inhabitants of the Colony of the Falkland Islands,

The address has been laid before the Queen, and I am commanded to request that you will be so good as to convey to the Executive and Legislative Councils and to the inhabitants of the Falkland Islands the expression of Her Majesty's thanks for their message of loyalty and affection.

Dated this 7th day of October, 1897.

F. CRAIGIE-HALKETT,
Acting Judge.

At a Meeting of the Legislative Council held on the 21st July, 1897.

Present :

His Excellency F. Craigie-Halkett, Administrator.
 The Honourable Charles W. Hill, Acting Colonial Secretary.
 " " S. Hamilton, Colonial Surgeon.
 " " J. J. Felton.
 " " A. E. Baillon.

The Minutes of previous Meeting were read and confirmed.

The Honourable the Acting Colonial Secretary moved the Second Reading and going into Committee of a Bill entitled "An Ordinance to amend the Fencing Ordinance, No. 6 of 1896."

Seconded by the Honourable J. J. Felton. The Bill went through Committee stage without amendments.

On the Council resuming the Honourable the Acting Colonial Secretary gave notice of the Third Reading of the Ordinance at the next Meeting.

The Honourable the Colonial Surgeon moved for a postponement of the consideration of the Ordinance entitled, "An Ordinance to provide for the better protection of the Town of Stanley against Fire, and for the establishment of a Volunteer Fire Brigade," owing to the draft being still in the Printer's hands.

The Honourable the Acting Colonial Secretary before moving the following Resolution explained the reasons of excesses under Sub-heads A, B and C of Public Works Vote, up to 30th June, 1897, and laid before the Council statements showing the details.

After discussion, the Vote for £301 asked for, together with a further Vote of £300, namely, £120 under Sub-head A; £120 under B, and £60 under C, to admit of necessary works being carried on, were unanimously adopted.

SEA WALL.

The Honourable the Acting Colonial Secretary referring to previous Minutes of Meeting on the Sea Walls Vote for £350, mentioned that owing to the alteration of the line of the Wall and, also, to one of the Contractors having withdrawn his tender when he found he had estimated it at too low a figure, would necessitate a further Vote for this service. Such an amount was unable to be actually stated, but it was estimated it would not exceed £50, to which the Council concurred.

The Honourables the Un-Official Members opposed this Vote, as they thought the office unnecessary with the presence of a Deputy Collector of Customs.

Treasury,

9th December, 1897.

Sir,

I have the honour to transmit herewith the Savings Bank Capital Account for the Year ended 30th September, 1897.

The transactions of the Bank from the date of its formation have been as follows:—

Year	Accounts opened.	Accounts closed.	Number of Deposits.	Number of Withdrawals	Amount of Deposits with accrued interest			Withdrawals.		
					£	s.	d.	£	s.	d.
1 April to 30th Sept., 1888	32	...	60	...	4201	1	5			
1888—1889.	67	7	150	37	13809	8	8	2871	5	10
1889—1890.	56	21	188	93	8972	7	4	6300	19	5
1890—1891.	70	30	256	182	8577	2	2	4760	1	6
1891—1892.	62	37	291	103	8668	5	9	5355	9	2
1892—1893.	60	32	250	112	11923	1	4	6790	3	5
1893—1894	68	38	325	123	10424	17	3	7817	0	11
1894—1895.	64	32	312	148	9355	6	4	7620	14	11
1895—1896.	59	31	387	123	9911	6	9½	7609	1	5½
1896—1897.	65	48	356	150	9662	11	1	8110	0	2
	603	276	2575	1071	95505	8	1½	57284	16	9½

The balance in hand of £38,270 11 4, is distributed amongst 327 Depositors, giving an average of £117 0 8 standing to the credit of each account or £19 2 8 per head of the population. These figures, after a period of ten years establishment, compare most favourably with other Colonies where, from the late Sir R. Giffen's 60 years statistics, South Australia heads the list with £7 10 0, per head of the population.

With the absence of other means of investing locally, unmixed good therefore has undoubtedly resulted from the introduction of the Savings Bank; the majority of the shepherds and labouring classes feeling that they can enjoy the security of the Bank and that years of thrift will not be lost to them have, as was anticipated, taken advantage in this way of making prudent provision for the future.

Far from throwing any charge on the public, the Savings Bank yields a profit which is sufficient to secure the Government against any risk of loss.

The income earned during the past Year was £1,199 8 10, the expenses incurred were £925 13 3, leaving a profit of £273 15 7.

I have the honour to be,

Sir,

Your obedient Servant,

CHARLES W. HILL,

Colonial Treasurer.

Sir,

I have the honour to transmit herewith the Savings Bank Capital Account for the Year ended 30th September, 1897.

The balance in hand of £38,270 11 4, is distributed amongst 327 Depositors, giving an average of £117 0 8 standing to the credit of each account or £19 2 8 per head of the population. These figures, after a period of ten years establishment, compare most favourably with other Colonies where, from the late Sir R. Giffen's 60 years statistics, South Australia heads the list with £7 10 0, per head of the population.

With the absence of other means of investing locally, unmixed good therefore has undoubtedly resulted from the introduction of the Savings Bank; the majority of the shepherds and labouring classes feeling that they can enjoy the security of the Bank and that years of thrift will not be lost to them have, as was anticipated, taken advantage in this way of making prudent provision for the future.

Far from throwing any charge on the public, the Savings Bank yields a profit which is sufficient to secure the Government against any risk of loss.

The income earned during the past Year was £1,199 8 10, the expenses incurred were £925 13 3, leaving a profit of £273 15 7.

I have the honour to be,

Sir,

Your obedient Servant,

CHARLES W. HILL,

Colonial Treasurer.

The Honourable

THE COLONIAL SECRETARY,

&c., &c.

The Justices shall be so summoned in rotation according to the order in which their names stand on the commission, so that as far as circumstances will permit each may serve in his turn.

7.—Any Justice who being duly summoned neglects or fails without reasonable cause to attend the sitting of the Court shall be liable to be fined by the judge a sum not exceeding £10.

8.—It shall be lawful for the Governor if he shall think proper from time to time to appoint a Sheriff either to act in any particular case or for any period and such Sheriff may duly authorise, under his hand and seal any person to be his deputy and such Sheriff and his deputy are hereby empowered to execute all writs, summonses, rules, warrants, orders, commands and processes of either the Supreme or Police Court and if a Sheriff shall not have been duly appointed by the Governor then the Chief of the Police may do and execute all thing that belong to the office of Sheriff.

13.—The Court shall have jurisdiction in all causes and questions of escheat and may entertain, decide and finally adjudicate in and on all such causes and questions.

14.—The Court shall have power to appoint guardians and committees of the persons and estates of infants and of idiots and

lunatics and other persons unable to govern themselves or their estates, and for that purpose to inquire into, hear and determine, by inspection of the person, or by examination on oath or otherwise of the party in whose custody or charge such person may be, or of any other person, or by such other ways and means by which the truth may be best discovered, and to act in all cases as fully and amply to all intents and purposes as the Lord High Chancellor or the grantee from the Crown of the persons and estates of such persons may do in England.

15.—In every civil cause law and equity shall be administered concurrently and the Court shall have power to grant either absolutely or on such terms and conditions as shall seem just, all such remedies as either party may appear to be entitled to in respect of either claim or defence; so that as far as possible all matters between the parties may be completely and finally determined and all multiplicity of legal proceedings avoided; and where there is any conflict between the rules of equity and the rules of common law, the rules of equity shall prevail.

16.—The Chief Justice may cause any Member of Council or Justice to be summoned to sit with him as an assessor on the trial of any cause or the hearing of any proceeding civil or criminal, and any assessor who without reasonable cause shall fail to attend the Court or refuse to act as an assessor shall be liable to a fine not exceeding £10 which may be imposed summarily.

17.—The assessors shall have no voice in the decision of any case but every assessor may note and shall sign such note if he dissent from the judgment of the Court and the Chief Justice shall enter the grounds of such dissent on the proceedings of the Court.

18.—The Supreme Court shall hold sittings in Stanley for the trial of criminal causes upon the first Wednesday of the months of February, May, August and November.

22.—The Chief Justice may by summary order remove into the Supreme Court any suit instituted in a lower Court and may also remove from the Supreme Court into a lower Court any suit which shall involve directly or indirectly any claim, demand or question to or respecting property or any civil right amounting to or of the value of not more than £50 and which can in his opinion be properly tried in such lower Court and thereupon the Police Magistrate or Judge of the Summary Court, as the case may be, may summarily try the same.

23.—Every prosecution in the Supreme Court shall be by information in the name of such officer as the Governor may appoint and the officer prosecuting an information shall not at the same time preside upon the bench.

24.—Every case in which the prisoner shall be arraigned on a capital charge shall be tried by a jury of twelve men and no verdict shall be recorded unless such verdict be unanimous. Every other case whether civil or criminal shall be tried by a jury of seven men and whenever the jury shall consist of seven men it shall be competent for any five of such jurors after having been in deliberation for not less than two hours to find a verdict and such verdict when delivered shall have the same force and effect as if the whole jury had concurred therein if the foreman shall declare to the Court that not less than five of their number have agreed thereto.

25.—Any person may appeal to Her Majesty in Council from any judgment of the Supreme Court in respect of any sum above the value of £500 if within fourteen days next after such judgment he give notice to the Registrar of the Supreme Court of his intention to appeal and within three months enter into good and sufficient security for the prosecution of the appeal and for the payment of all such costs as may be awarded by Her Majesty, and the Chief Justice may direct that the judgment appealed from shall be carried into execution or be suspended pending the appeal upon such terms and subject to such security to be given by either party as may appear to be most consistent with real and substantial justice. Reserving to Her Majesty in Council full power and authority upon the humble petition at any time of any person aggrieved to refuse or admit an appeal from any judgment of the Supreme Court upon such terms as to Her Majesty in Council shall seem meet.

26.—Any person dissatisfied with any judgment of any inferior Court may, except as hereinafter provided, appeal to the Supreme Court by petition within fourteen days after the day on which judgment was given or within such further time as the Chief Justice shall allow and the Supreme Court may determine the case upon the evidence taken in the Police Court or may rehear the case and call any person as a witness, whether previously examined or not and determine the case in a summary way or remit the case to be tried by a jury and allow such costs to either party as justice may seem to require.

27.—The right of appeal shall not extend to the following cases :—

- (a.) Where the truth of the accusations or correctness of the claim has been admitted.

- (d.) Where the accused has consented to an adjudication of his case by the inferior Court.

28.—It shall be lawful for the Court in civil proceedings to order and allow to all persons examined or detained as witnesses such sum of money as shall appear reasonable for defraying their expenses or affording compensation for their trouble and loss of time and also to order any witness present to give evidence notwithstanding that no payment to which he may be entitled shall have been paid or tendered to him.

29.—All sums of money so allowed shall be paid by the party on whose behalf the witness is called and shall be recoverable as ordinary costs of suit, if the Court shall so direct.

30.—Where the plaintiff in any action shall prove to the satisfaction of the Chief Justice that the plaintiff has good cause of action against the defendant and that there is probable cause for believing that the defendant is about to quit the Colony and that the absence of the defendant will materially prejudice the plaintiff in the prosecution of his action the Chief Justice may order such defendant to be arrested and imprisoned for a period not exceeding six months, unless and until he give security, not exceeding the amount claimed in the action, that he will not leave the Colony without the leave of the Court.

32.—The expenses incurred for the subsistence in prison of any person arrested under Sections 30 and 31 shall be paid by the plaintiff at the rate of two shillings a day or such other sum as the Court may from time to time direct, and shall be made by monthly payments in advance; and the money so disbursed may be added to the costs of a decree and be recovered by the plaintiff, unless the Court shall otherwise order. The Court may release the person so imprisoned on failure by the plaintiff to pay the subsistence.

RESOLUTION.

President read the following Resolution :

"That it is desirable to build new Government Offices, and that a sum not exceeding £10,000 should for that purpose be appropriated from the Land Sales Fund, and further, that a sum not exceeding £2000 should be appropriated from the same fund for additions to Government House."

In reading the resolution His Excellency pointed out the state of Government Offices which, compared with other Colonies, was a disgrace, and the desirability of a secure building for the custody of deeds, registers, &c., as well as for comfort of Public Officers, and still greater comfort and convenience for the public, who at present have to wait exposed to the weather for their mails, &c. This Colony was in its infancy, and if real progress were desired he felt sure the Honourable Members would give their support. He only desired at present that Members be with him in expressing the desirability of the principle of the present vote. He did not ask them to vote any more of which might be required for a year, or perhaps two years, but in any case when an estimate had been obtained he would submit the matter to the Council again before anything was expended.

His Excellency then laid plans of the proposed buildings before the Members and explained that the cost would probably be much under the estimate.

The Honourable J. J. Felton said he regretted that he could not support the resolution as he had all along been dead against incurring debt, and proceeded to mention his disputes with the last Governor, when he was called to order, as no personal references could be permitted in Council.

Mr. Felton considered if anything was done it should be in the direction of building bridges and signposts in the camp upon which nothing was ever expended, Stanley getting all the benefit.

The Honourable A. E. Baillon said it was with profound regret that he felt it his duty to oppose this the first measure at the first Legislative Council held by His Excellency, but he had read the Orders of the Day with amazement and dismay. He regarded the proposal as an indication of policy on the part of His Excellency which he felt bound to deplore. He went on to state that within the last seven or eight years the expenditure had gone up by leaps and bounds.

In 1891 Council had voted £2,500 for repairs of Government buildings, and £2000 had been spent on Government Offices alone. Moreover money would probably be required to build new Barracks and Store (which he believed were both the property of the Admiralty) in case of the place being made a Naval Depot.

He considered the present Government Offices met all requirements, and relied upon a statement read by Governor Kerr in 1890 to the effect that only the interest on the land sales should be expended.

His Excellency expressed surprise and regret that a proposal which he conceived was in the best interests of the Colony should have met with such opposition and pointed out how the expenditure proposed at the present would be a future economy.

The valuable records of Survey, Registration, &c., were daily fading, and in a few years would vanish, and then what would be the cost to replace them. His Excellency read a return by the Treasurer wholly refuting Mr. Baillon's assertion of the expenditure having gone up by leaps since 1891.

His Excellency said his special care would be to see that the money was not wasted. He said this with the more confidence as extravagance at which one Honourable Member hinted had never been laid to his charge in regard to public money at St. Helena which he had raised from debt to solvency, and asked the Honourable Members if the room in which they now sat 15 x 12 was a suitable Council Chamber for a Colony like this, when they remembered that the Falkland Island Company thought proper to expend a sum of £8000 on a residence for their Manager.

He would however in view of all that had been urged allow the matter to rest for the present, and would not go on with the second part of the Resolution.

The Honourable the Colonial Secretary said His Excellency had left but little for him to say beyond that the offices were tumbledown, and the deeds and records, plans and registers, were most insecure, and in case of fire would be destroyed in a few minutes. The proposed buildings were not to be a temporary but a lasting permanent building by which the recurrent outlay in repairing and timbering up the present offices would be saved.

The Colonial Secretary asked leave at least to go on and propose the second Resolution as the Honourable Members were all personally conversant with the condition of Government House and the need for additional accommodation.

The Honourable J. J. Felton said he would support the vote if it came from General Revenue and not from the Land Fund.

Mr. Baillon said it gave him great pleasure to second this, and the Resolution thus amended was carried *nem con.*

The Governor urged the Council not to allow any differences of opinion to become at any time personal questions, and stated that he would always give Honourable Members credit for being actuated solely in the interests and for the advancement of the Colony, and hoped that the Government would be able to meet in every possible way any suggestions brought forward by them, but if he felt the view taken by the Government was for the good of the Colony he would never relax his endeavours to convince Members of what might appear to him to be the error of their views.

Read and Confirmed this 3rd day of March, 1898.

Governor.

so that at the close of the Tenth complete year of its existence abundant proof is given that the want of opportunity, which at one time prevented the people employing their savings as capital, has been successfully supplied, and that the Savings Bank has fully answered the purpose for which it was instituted.

As in former years, Tables C & E show that the best months for the Bank were October to January and September when the deposits by far exceeds the withdrawals, while three out of a period of four (February and May) are the usual months in the Bank's year for the withdrawals to exceed the deposits, a circumstance due to the fact that after the busy season an exodus of shepherds and others takes place to the Mother Country or to Patagonia; the majority of whom however return after the winter only again to have recourse to the services of the Bank.

Without this Institute it is not easy to imagine what would have become of the capital now administered by it. Rapidly as the productive capability of the Islands has been increased, though there is not the slightest reason to doubt that the disposition of the community to consume wealth would have run ahead of its power of production, the people would have expended, unproductively, upon their immediate subsistence a larger part of all they earned, while the less favourable condition of the emigrant would not have so generally tended to promote the development of the neighbouring countries which help to supply England with cheap produce.

It is roughly estimated that since the formation of the bank some 54 per cent of its payments have been taken to the United Kingdom or to the Colonies, 26 per cent employed in Patagonia and 20 per cent utilised locally.

£158 5 6 of New Zealand stock were sold during the year. This sale was occasioned by the Bank funds being over-invested by £2099 at the time the amount sold was required.

* Statements C, D, E, and Diagram not published.

The capital of the Bank, which earned £1186 2 3 during the year, £957 13 11½ of which were credited to the depositors and the sum of £45 defrayed for the management, leaving a profit of £183 8 3½, was invested in Consols and Inscribed Securities as follows:
