HELD AT THE SECRETARIAT ON TUESDAY 27TH JANUARY 1981

P&T/2/34 / 2. Following agreement at the previous meeting, applications were
P&T/2/30 invited from interested artists for the production of either
P&T/2/32 rough or finished artwork for the following issues:

Geographical Features
Fruits
Shells

There was a good response and all applications were considered together with sample artwork if submitted. In view of artwork samples not being received from all the applicants, members agreed that the artists should be invited to submit a sample piece of artwork for consideration on the following:

- a) a suitable landmark such as White Rock etc.
- b) wild strawberry
- c) keyhole limpet

In all cases the artwork to be of the required size i.e. 6 x 4 inches.

23rd February, 1981.

Dear Sir/Madam,

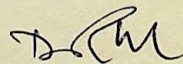

Thank you for responding to the invitation to undertake designing stamps.

In order to help compare the ability of those interested, I should be grateful if you would submit a sample piece of artwork 6" x 4" showing how you would portray a suitable land mark, e.g. White Rock. You should also include the title "Falkland Islands" in whatever lettering you wish plus for balance a fictitious value and the Queen's profile. Any special border or anything else you have in mind to enhance the picture should be included.

Sample artwork should be submitted by 23rd March 1981.

I return your artwork already submitted.

Yours faithfully,

Mr. I. J. Strange,

Dear Sir,

Coastal Landmarks 1982

The Stamp Committee discussed this issue and came to the conclusion that it would be preferable to prepare it from photography, and I am to ask you if you would be willing to undertake the preparation of designs.

If required, we are prepared to charter an aircraft to obtain suitable photographs from which to work.

There will be details to be worked out which will need consultation with Mr. W. A. Etheridge.

You will wish to note that this issue is planned for release in 1982 so there is no time to lose.

Yours faithfully,

CHIEF SECRETARY

Dear Lewis

"1833-1983" AND "COASTAL LANDMARKS"

As requested, I am returning to you the artwork for the above two issues.

2 The first of the above issues (I think I shall stick to calling it "resettlement" for the sake of clarity, when communicating with you !) will need a small amount of work doing, as I advised in my telex of 10 December. Presumably Ian Strange is going ahead with the revised "Flag at Port Louis" artwork? Incidentally, in case nobody has said so before I would like to say that both artists have done a splendid job; and everyone here considers the designs are most attractive.

3 Presumably, you will arrange for the artist to remove the words "150th Anniversary of Resettlement". A couple of points regarding the Royal Silhouettes; I see in his design notes that Ian mentions that he required a profile of William IV. I take it that he has been unable to find a suitable silhouette, so please telex me as soon as you receive this letter, if you require me to try and get one. I also notice that Ian has not included the silhouette of our present monarch, but that he requires a black Coman silhouette; I have therefore gone ahead and ordered ten of these silhouettes, 36mm from top to bottom (ie roughly the same size as the head of Queen Victoria).

4 I am afraid that some of the overlays worry me a little; one or two of them seem to be rather non-elliptical in shape, particularly the one bearing the words "Government House". Also, some of the titles seem rather jerkily-worded, particularly the one that says "Wool Producing Colony 1874". Some of the overlays have actual mistakes on them :-

/Surely

RN/RB/15

Mr D L Clifton

Page 2

15 December 1981

Surely the 50p design should say "Royal Marines", that is the 2nd word should be plural? The second word of "Chelsea Pensioners" on the 2p design has omitted one of the letters. The third word of "Whalebone" Arch Centenary 1933" is misspelt. The apostrophe is omitted from the fifth word of "1957. The Duke of Edinburgh's Visit".

5 Further to our telephone conversation and telexes I am returning the artwork for "Coastal Landmarks". As I understand it you are now proposing to drop the sheetlet idea, and therefore our comments on the subject will not be required.

Yours sincerely

Richard Nuh
