The response to our appeal for material has not been encouraging & the two offers recd. do not appear to be satisfactory.

You mentioned the possibility of offering a colour slide/print? of a military Starling but I gather you will not be able to produce it for some weeks. Perhaps I shd. contact Ian Strange who will no doubt have some useful material particularly of Rockhoppers, but Strange is a professional artist & we can expect a reasonable fee for anything accepted.

I wd. like Ian Strange to call & look at the proofs. The Rockhoppers appear to be exposing too much leg! & the Starling usually has a cruel eye rather than the more docile one portrayed here. TOURIST STAMP ISSUE

1. As I mentioned to you on the telephone to-day, I consider that the design and the finished product of the Tourist Stamp Issue is excellent, and is even better than the original designs examined last year. It is sometimes the case that in miniature a design comes up much better, and in this case I think the Crown Agents have done extremely well - the colours are most attractive.

2. I propose, therefore, that you send a telegram to Crown saying that we are very pleased with the First-Day Covers ~~of~~ *AND* the design of the Tourist Stamp Issue, and we are sure they will sell very well.

3. As can be seen, I am copying this minute to the Post Master and the Financial Secretary.

Record of meeting of committee to advise on Tourism Stamp Issue
held 12th December 1972.

Present: Postmaster
Bro. Venantius
Mr A. Sloggie, Chairman of the Tourist Board.

The meeting was informed of Government's decision to have a Tourism issue late in 1973, made up of four or five stamps, three of which had already been agreed on - trout fishing, fur seal, and a map of the Falklands in relation to South America. Art work for trout fishing and fur seal is already available.

2. It was the opinion of the advisory committee that a King penguin should be depicted which would complete the theme of a fish, mammal and a bird. Penguins depicted on stamps always seem popular.

3. The other stamp suggested is an aerial view of the air strip with a Fokker 27 on the strip. As there was some divergence of opinion as to whether the King penguin or the air strip should have preference, it is considered that we should have both, making a five stamp issue.

4. There is the point that if we advertise King penguins, tourists may wish to see these birds, and at this stage of numbers more harm may be done than achieved.

5. Some material is enclosed which may be of assistance in deciding on the subjects. If Government issued a notice asking for material more would be forthcoming.

Postage Stamps - Tourism Issue

The minutes of the meeting held by your committee on the 12th December 1972 have now been considered and it has been decided that the tourism issue should be restricted to the following four values:

- (1) Fur seal
- (2) Trout fishing
- (3) Map - *Military Station*
- (4) Rockhopper penguins

2. Suitable material appears to exist for the first two items and it should not be difficult for you to prepare a suggested design for the map denomination. Material for the last subject would not appear to be readily available and unless you know of a suitable source, you should arrange to have a broadcast announcement made inviting persons interested to submit photographs for this item.

3. As it is proposed to issue the set later this year it will be necessary to treat this subject with the utmost urgency.

PUBLIC NOTICE

It is proposed to issue a short set of Colony stamps in the latter part of 1973 featuring tourism. One of the stamps of this set will depict Rockhopper penguins and in order to provide the Crown Agents' artists with good material, it would be appreciated if persons having material in the form of drawings, photographs or slides of Rockhopper penguins, could send them to the Secretariat not later than Wednesday 17th January.

SUBJECT — Tourism Issue

Please refer to your memo P&T/7/1 of 10 January 1973.

Stamp (3) Map

I suggest that the Crown Agents be advised of our requirements and they will then be able to commission an artist who will be able without much trouble to produce an outline map of South America showing the geographical position of the Falklands in relation to South America.

The Falklands to be shown in traditional pink?

I think the name Falkland Islands should be shown as clearly as possible.

I enclose ^{an illustration of a stamp} issued by Br. Guiana as an indication of what could be produced for us.

I suggest for consideration that the name Tourism appears on the stamps as it would not be immediately apparent from the stamps to anyone buying a set what the stamps were supposed to represent. I've seen this on a set produced by some other territory.

It is also for consideration whether we should show Comodoro Rivadavia linked to Port Stanley with a dotted line indicating our connection on the mainland.

Tourism Issue

The proposal to include a stamp depicting the map of South America and showing the geographical location of the Falklands has been given further consideration and it seems unwise that at this stage we should be considering producing a map stamp. It is thought that perhaps another bird subject could be found to replace this subject and the Military Starling with its colourful red breast lends itself particularly well to this design. It is possible that suitable material depicting this bird could be made available shortly.

2. I would be grateful if you would discuss this urgently with your committee and let me have your considered views with as little delay as possible.

2. Agreement has just been reached to issue a four stamp set, if possible on 1st October, to commemorate the advent of tourism to the Falkland Islands.

- 1p Fur Seal (*Arctocephalus Australis*)
 - 4p Trout Fishing
 - 5p Rockhopper Penguins (*Eudyptes cretatus*)
- 10p or 15p -----

As suitable artists' material is already available for the first two subjects I am enclosing these. TOURISM 1973

We refer to your letter P&T/2/10 of the 8 February in connection with the above issue and enclose for your comments and approval the four pieces of rough/finished artwork.

2 You will note that the 15p design, Military Starling, has been turned through 180 degrees to accommodate the portrait of Her Majesty The Queen, and we trust that this meets with your approval.

3 Would you please arrange for the early return of these designs, along with your comments and preferably approval, in order that we can proceed to tendering stage of this issue.

4 In this respect we would appreciate it if you would advise us of the quantities for each value required by yourselves for local sale and we will add to this figure our own Stamp Bureau requirements.

5 Turning to your letter of 19 January, we also enclose a First Day Cover design suitable for reproducing on an envelope of size 110 x 220 mm. Again when returning this design we would be grateful if you would confirm that you require 6,000 First Day Covers from which 750 covers should be sold from the Crown Agents' Stamp Bureau.

Dear Sirs,

Tourism Stamp Issue

I refer to your letter H1D/PAIK IS 3/01969 of the 20th March 1973 and return the four items of artwork. The only comments I have to offer on the artwork is that the eye of the Military Starling appears to be portrayed as too docile when in fact the Starling has a rather cruel eye. It could be that when this is reduced to the size of a stamp that the appearance of the eye whether docile or cruel will not be apparent. The other point is that the rockhopper penguins appear to be showing too much leg as it is considered that in their natural state very little leg is shown. I should be grateful if you would check these two points and if time allows, arrange for alterations to be made.

2. Our requirements are 1p - 90,000, 4p - 50,000, 5p - 40,000, 15p - 40,000, First Day Covers - 6,000.

3. The First Day Cover design is suitable and the artwork is returned herewith.

4. The release date for these stamps has been given as 1st October 1973 but in fact this may be deferred about three or four weeks to fit in with the direct sailings of the m.v. "A.E.S." from Britain which as far as is known at present is due to sail mid September and arrive here mid October. This would provide an opportunity for stamps and First Day Covers to be sent by sea. I will confirm the release date when the Falkland Islands Company provide me with a firm date.

Dear Sirs,

I refer to your Amendment of Contract H1D/Falk Is. 3/01969/1 of 30th July 1973 with the printers of our Tourism Issue and to the note to me at the foot which reads "Your telegram No. 91 dated 23 July refers. No first day covers are required by the Crown Agents Stamp Bureau."

2. While we appreciate that it has been agreed that we will prepare our own First Day Covers by affixing stamps does your note mean that you will not sell any First Day Covers and that overseas dealers will be placing their orders with the Post Office in Stanley? If this is so it may well mean that we would require some more stamps, but in the meanwhile grateful if you would clarify the position and advise the number of First Day Covers that you would normally expect to sell. Our requirements were assessed to meet the expected local demand and did not take into consideration the requirements of overseas dealers.

We have been advised by the printers of the above issue that due to an oversight on behalf of the guillotine operator the 5p denomination has been cut into sheets of 25 instead of the usual 50, two panes of 25.
