18th November, 1914.

Sir,

I have the honour to acknowledge the receipt of your despatch No. 105 of the 14th October calling my attention to the fact that your despatch No. 45 of ~~the~~ the 23rd May remained unanswered.

2. I regret that at this time it is utterly impossible for me to take any steps towards undertaking a general survey of the guano deposits on Crown lands in this Colony.

3. I would suggest that in view of the concession granted, subject to your approval, to Dr. Birmingham Newton, as reported in my despatches Nos. 126 and 130 of the 5th and 7th October respectively, the opening up of the guano industry in the Falkland Islands might for the time being be left in the hands of Dr. Newton, or of any Company to whom he may transfer his rights.

I have, etc.

Sir,

With reference to my predecessor's despatch No.9 of the 25th January, I have the honour to transmit to you a copy of correspondence with the Crown Agents for the Colonies, together with a copy of the Agreement with Dr. Newton for a concession to work guana deposits on Cochon and Kidney Islands.

Agreement

2. You will observe that the Agreement provides that a Lease, in a form scheduled to the Agreement, will be granted not to Dr. Newton personally, but to a Company to be formed by him within a certain limit of time (viz twelve months) with the requisite amount of working capital subscribed. This is the usual procedure and was adopted in the case of the Falkland Islands Fur Seal Company.

3. The definition, in clause 3 of the Lease, of gross profits for the purpose of assessing royalties was arrived at by arrangement between the Crown Agents and Dr. Newton and was designed to obviate the possibility of evasion of the intention of the agreement. Dr. Newton originally proposed that the royalty should be on a sliding scale varying according to the dividend paid by the Company, but the Crown Agents pointed out that such a condition

lends

GOVERNOR

lends itself to easy evasion.

FALKLAND ISLANDS

With reference to your letter No. 11940/1915 of the 22nd. March, I have the honour to report that the proposed Agreement with Dr. W.D. Newton, for a concession to work guano deposits on Cochon and Kidney Islands, was submitted to him for signature on the 5th of June in the accompanying form, but that he has not yet executed the document, and I enclose a copy of a letter from our Solicitors explaining the reason for the delay in the matter.

Gentlemen,

FALKLAND ISLANDS

With reference to your letter of the 16th inst. we have to inform you that we have been continually pressing Dr. Newton's Solicitors to return us this Agreement duly signed, and on the 10th instant we wrote to them asking if Dr. Newton had any reason for not executing the Agreement and his Solicitors informed us that they would enquire of their Client on the matter.

However, not having heard further, we yesterday called upon Dr. Newton's Solicitors and they inform us that the matter has been delayed owing to the fact that the sample cargo of guano which Dr. Newton wished to treat by his process and which is referred to in his letter to the Colonial Secretary of the 26th September 1914, has, owing to the War, been delayed in transit, and he does not desire to proceed further with the matter until he has had an opportunity of treating the guano and demonstrating to his friends the practicability of the process which he proposes to adopt.

It will probably not be your desire that the
completion

completion of this Agreement should be indefinitely postponed, and we suggest, subject to your concurrence, that we should write to Dr. Newton's Solicitors and inform them that unless the Agreement is executed within a limited time - say three weeks - you will not be prepared to consider the matter further.
