They should be supplied with copies of our legislation.

2 I do not think I have seen the Geological Investigations publication. May I have a right of it?

3 I do not to pass on information at present about the oil prospecting licence applications: but I shall want to let FEU know about this enquiry.

4 If you will return me the file with

(i) loose copy of our legislation;

(ii) Geological Investigations

I will deal with p 2

attached legislation

The file on recent geological investigations (2345) is attached but the Geological Report referred to is that produced by H.A. BAKER (1920-1922) a copy of which is kept at G.H. They are extremely scarce, but if you cannot find the G.H. copy, then sure I could run one down in this office.

In that case we cannot spare a copy of the Geological Report & the engineers should be sent only a copy of the current legislation under cover of letter as in draft at b.o.f. which please join & issue.
