Not yet, there has been no
opportunity of getting anyone to visit
the locality to see if the birds are
still there. I may be able to arrange
this later.

To

THE COLONIAL SECRETARY,

Stanley, Falkland Islands.

Hon. Col. Sec,

I have been informed that there are two Emperor Penguins at Cow Bay, Cape Carysfort, and that one of the birds is an Albino, a great rarity.

2. I beg to request permission to take the two birds in question for scientific purposes, that is if they are still in the locality mentioned. It would be a matter of great interest if the birds could be brought in alive as I believe they are never seen so far North as the Falklands.
