Subsequent Paper.

Hon. Col. Sec.

The question of the disposal of Fur Seal skins which were returned from the Falklands Section of the B. E. Exhibition has been considered by the Ag. Govt. Naturalist and myself and we recommend that the skins not required for the local Museum should be sold by Public Auction. A recommendation to that effect will be submitted in M. P. 718/24.

L. I understand from Mr. Barlas that he was asked by Mr. Th. Suttle to bid if the skins were sold by Auction.

Dear sir.

I am sending you with the S/S "FLEURUS" a few assorted sausages and smoked whale meat, and I hope you will receive same in good order and condition.

I am waiting to hear from you if you have been able to procure the 10 sealskins I wrote you about, I hope you have been able to procure these skins or at least some of them. The captain of the S/S "Fleurus" have orders to settle with you for same. If there is any possible chance to get these skins I would be very thankful to you.

I have already written to my wife, that I may be able to get these seal-skins this year. With kind regards,

Yours faithfully
