LONDON, W. 1

Albemarle,
3rd. December 1950.

Sir G. Miles Clifford, C.M.G., C.B.E.,
Government House,
Stanley.

Your Excellency,

It is with some pleasure that I am able to advise that we have so modified our meat concentrator as to enable us shortly to produce a satisfactory meatmeal on a small commercial scale.

The meal is suitable for a pig or poultry food when mixed with cereals, or alternatively may be used as a fertiliser, and I shall take the liberty of sending a few bags into Stanley with "Golden Chance" about the middle of the month, in order that Your Excellency may inspect the product, and in the hope that they may be of use in the gardens at Government House.

I have the honour to be,
Your Excellency's faithful servant,

P.R.H. Tilbury
