Hon. Col. Secretary

Before Red 1 can be replied to it is necessary to ascertain whether it is possible to make arrangements for the appointment of a surveyor to undertake the measurement of the vessels with a view to arriving at the tonnage & other particulars for the purpose of registration. I believe this work has previously been performed by the Harbour Master.

Subsequent Paper.

T

+ I suggest this officer should be consulted.

As I understand the Harbour Master is shortly proceeding on leave the Falkland Is. Co. might also be approached with a view to the appointment of their Capt Roberts.

Board of Trade rules re for carrying out the survey can be seen at this office
