Dear Sir,

The Times have produced a colour print of The King speaking into the microphone, and as I considered that it was a dignified yet personal representation of His Majesty I asked the Times to send you a copy in case you might care to display it in your office or other place where it will be seen.

This Association is paying the cost, and this picture comes to you with good wishes for the New Year and with the thanks of this Association for your co-operation in making the British Isles better known to the subjects of His Majesty overseas.

Should further copies be required, the Times will be glad to supply them at 1/- each, plus postage.

Yours faithfully,

L. A. de L. Meredith
General Manager.
