Government Office
Stanley 10th September 1856

Sir

As H. S. the Gov^t thinks it would be highly desirable to understand more in detail, than a letter would admit of, the objects contemplated by the Society you represent, in the settlement & purchase of Keppel Island, I have the honour to request that you would favour me with an interview at this Office, this day at one o'clock or at any other hour you may find more convenient.
