(v) Kindergarten Class	0009/4

CP. sent
attached for your five random notes while
you are in the States of them :-
 with the Radio Distribution Boxes. Can we
 increase the supply by bulk
 orders? I understand that
 many people are without. I
 will suggest (a) outright purchase or
 (b) rental @ 5/- a month.

SET.

C.B.L.
S.I.

Hon. Cal. Sec.

We have 240 loud

speakers in use at the moment.

And six new speakers are expected
 from UK shortly.

We can increase the supply by
 bulk orders with the new rediffusion
 equipment? say 50 L. speakers in
 first instance. Estimated cost 36/- to 40/-.

People would prefer outright purchase
 or hire purchase I think. H.P. at 5/-
 a month wd be reasonable.

2

SET.

How many more 'boxes' can the present apparatus carry?

ABE
7.1

Hon. Col. Sec.

Present apparatus is overloaded and will not be efficient with more boxes added.

H.M. SET
