In response to our letter of 8th March, we received a letter from you during May stating that you would be forwarding a Money Order in settlement of the small balances of £1. 0. 6d. on your account, but would point out that up to the present this has not been received.

We trust, therefore, that this matter may have your early attention.

Dear Sir,

Referring to your letter of the 19th of October, 1960, I wish to inform you that Money Order No. 17667 to the value of £1. 0. 6d was despatched from the Falkland Islands Post Office on the 30th of May 1960.

Our Postmaster is checking with the G.P.O. in London about this matter and no doubt it will be satisfactorily settled in due course.

We cannot expect a reply from London until mid-December so perhaps you would be kind enough to let me know if you receive the money order for payment before I write again.

Yours faithfully,

Further to your letter of 3rd November regarding the missing Money Order value £1. 0. 6d., we would inform you that on receipt of your letter, we ourselves contacted the Money Order office in this country and learned that the Money Order had been issued by them but it had apparently gone astray in the post.

15th December, 1961.

Dear Mr. Justice.

I enclose a copy of a letter from Sr. & Sra. Muniz of Uruguay, together with a copy of His Excellency the Governor's reply, and a package of books which you might care to have in the town library. I expect these books will be of interest to people who either speak or who are studying Spanish.

Yours sincerely,

Copy of a letter from Sr. Muniz
to H.E. The Governor.

The traditional links, historic, economic and institutional, which bind your Islands, geographically American but under British jurisdiction, remind us of the memorable patriots which all Uruguayans commemorate on this 150th Anniversary of the Campana of 1811.

And should we not fail to show our appreciation if we did not bring to the notice on the inhabitants of your Islands in the Southern Sea, examples of our national culture?

In this spirit this letter is written, and I trust that you will so receive it, in the hope that a happy understanding of each other may be born in our respective citizens.

We owe a great debt of gratitude to Great Britain, dating from the dawn of our independence. She gave and taught us liberty, giving us the benefits of her long experience, her culture, the strength of her untameable character, her resilient diplomacy and fortitude, and in our most difficult hour encouraged the faith, spirit and unswerving unselfishness of the Comodoro Campbell, the illustrious Lieutenant of Artigas, whose victories embellished the pages of our national history, and over whose tomb all Uruguayans bow their heads in thankful remembrance.

In saying farewell to you, Senor Governor, with respects and good wishes, we look forward to the brotherhood of our peoples.

Copy of a letter from H.E. the Governor
to Sr. Muniz.

Dear Sr. Muniz,

I would like to thank you and Sra. Muniz most sincerely for your letter of November 14, for the sentiments you express in it about Great Britain, and your most generous gift of books.

We in the Falkland Islands have always valued our connection with Uruguay, and I am sure that these books, which I shall have great pleasure in presenting to the Public Library as a gift from you and Sra. Muniz, will do much to increase our mutual regard and understanding.

May I convey to you, dear Sr. Muniz and Sra. Muniz, my best wishes for Christmas and the New Year.

Yours sincerely,

Dear Sir,

Your airmail letter of enquiry has been passed to me for reply, but I am sorry to say that two years ago our commercial lending library department was closed and all the second-hand books were disposed of. We no longer deal in ex-libris books, and are therefore unable to help you.

So far as I know, the only firms likely to be able to help you with lists of ex-libris books are Harrods, and the Times Book Club, both of whom still run circulating libraries.

Yours faithfully,

FALKLAND PHOTOGRAPHIC ALBUM

In order to foster an interest in photography in the Falklands and also to provide an opportunity for visitors to view some aspects of life in the Islands, The Stanley Photographic Club propose to start a quarterly album of photographs. Each quarterly album will be on a different subject.

All residents of Stanley are invited to send photographs for inclusion in the album to The Organising secretary Frank Potts, Stanley Photographic Club.

Camp residents may send their photographs to the above or will be issued with blank pages for mounting their own entries. The completed album will be sent round all participating settlements before being displayed in Stanley Public Library.

After the fourth quarterly album a number of photographs will be chosen from these four albums by a selection committee and offered for permanent exhibition.

Not more than two prints to be offered per person, minimum size $2\frac{1}{4}$ inches square, maximum whole plate. Camp residents without printing or enlarging facilities, may forward their negatives to the organising secretary who will arrange to have them printed. There will be no charge for printing, but negatives only will be returned.

South Georgia and the bases are invited to send prints for inclusion in the album whenever circumstances permit.

The following are the subjects for the next twelve months:-

1. Spare time activities.
2. Work.
3. Wildlife.
4. The Sea.

It is hoped to have a good response from everyone, whether you own a box camera or have expensive equipment.

Membership of the Stanley Photographic club is not necessary for those wishing to send prints.

The closing date in Stanley for the first Album, "Spare time activities", will be the 31st. July 1963. Interested camp residents should get in touch with the organising secretary as soon as possible, so that a route may be planned for the album round the camp.

Photographs will be numbered and names of photographers listed in an index at the back of the Album, those not wishing their names to appear please state. ^{THOSE} Anyone wishing a title to be added to their photograph(s) please inform the secretary.

YOUR REF.

DATE 3rd May, 1963.

Clerk to Council,
Town Council Office,
Town Council,
Port Stanley,
Falkland Islands.

Dear Sir,

We thank you for your letter of 4th April which has been forwarded to us by our Bristol Branch.

We have a very good selection of second hand popular fiction, i.e. Romances, Thrillers, Westerns and Novels. They are all wrapped in their jackets which have been plasticised, and are priced according to age from publication date, as under:-

6 - 18 months old $\frac{1}{3}$ of pub. price (i.e. 4/2d for a 12/6d Book)
19 months - 3 years old $\frac{1}{5}$ th of pub. price (i.e. 2/1d for a 10/6d Book)
over 3 years old 1/6d and 2/- each according to condition.

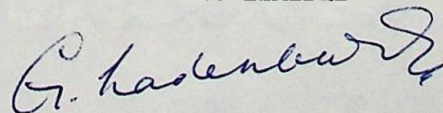

We would not recommend you to have 3-year-olds as the best of their life is over.

The average weight of a book is 10 - 12 ozs. Parcel post to you is 22/6d for 22 lbs. which works out at approximately 9d per Book, which would be payable by you.

We do not have a catalogue as our stock consists of our own ex-libris books only, and is continually changing.

We look forward to hearing from you.

Yours faithfully,
For CHAIN LIBRARIES LIMITED

COLONIAL SECRETARY'S OFFICE,

STANLEY, FALKLAND ISLANDS,

15th January,19.64.

Dear Madam,

Thank you for your enquiry TC/14 dated 10th January, 1964, concerning British Council books.

2. It is not usual for the British Council to renew their awards, and I do not think any useful purpose would be served by taking the matter up with them.

Yours faithfully,

Sir,

At a recent meeting of the Stanley Town Council, the matter arose concerning British Council Books which in the past had been presented to the Public Library. Council would be grateful if enquiries could be made to find out if books will again be presented to the Library.

I am,

Sir,

Your obedient servant.

Clerk to Council.

The Honourable the Colonial Secretary,

Dear Sir,

For several years the British Council has kindly sent books to this colony. These have been in the Public Library available for all. Recently the allocation sent by you has been sent to the Education Department. This is a separate department and the books there are not available to the general public. Would it be possible to send an allocation to the Town Council for the Public Library. We feel sure that the allocation sent to the colony could be graded by you, those suitable for educational purposes to the Education Department and the others which would appeal to library readers, to the Public Library.

Yours truly,

E. F. Lussten

Stanley Town Council.

Sir,

We are sorry that money available this year, - 1960/61, - for the Falkland Islands has already been spent, and books sent to the Superintendent of Education, in reply to your Saving Telegram No. 163 of 3rd September 1960.

We will however see how much money we have available next year, and your request of books for the Stanley Town Council Library will be considered sympathetically.

4th May, 19 61

From: The Education Department,

To: The Town Clerk,
Stanley.

Stanley, Falkland Islands.

SUBJECT:- British Council Library Books

A meeting was held between the Town Council Library Committee, the Colonial Secretary and Superintendent of Education on 15th March, 1961, at which it was decided that the Library Books received by the Supt. of Education from the British Council would be handed to the Public Library on the condition that the Camp had priority and that the books were available to Campers free of charge. The books have been ready for some time and I would be grateful to hear if the Town Council in general agreed to the Colonial Secretary's stipulation that these books would be available to Campers free and that they should be given priority.

J. Henry Cook

Superintendent of Education

No. 0147.

(It is requested that, in any reference to this letter, the above Number and the date may be quoted).

COLONIAL SECRETARY'S OFFICE,
STANLEY, FALKLAND ISLANDS,

2nd March,

19 61.

Madam,

I am directed to refer to your letter TC/13 of the 9th February, 1961, and to inform you that it is much regretted that it was not appreciated that the sum allocated by the British Council this year was inclusive of, and not in addition to, the amount which has previously been received direct by the Town Council. An approach was made to the British Council, but they were unfortunately unable to increase the grant for the current year. His Excellency the Governor fully agrees that the needs of the Stanley Public Library are most important, and suggests that I should discuss with you and the Superintendent of Education the best method of distributing future grants.

I am,
Madam,
Your obedient servant,

Richardson

COLONIAL SECRETARY.

The Town Clerk,
STANLEY.

EPA/IM.

Committee meeting 1-8th Feb. '61
Min. No. 2. 8th Feb. '61

TC/13.

9th February,

61.

Your Excellency,

I am directed to refer to files 0119/II - British Council and 0147 - Public Library.

2. Councillors are dissatisfied because none of the last grant from the British Council has been allocated to the Public Library when half of the population resides in Stanley. They appreciate that more new books should be bought from Council funds (to encourage the Public to patronize the Library) but, without books from the British Council, the approximate value of that grant would have to be added to Council expenditure. Without purchasing any new books in 1960, the expenditure exceeded the revenue by £17.11s. 2d.

3. At a meeting of the Library Committee, Miss Biggs pointed out that:-

(a) she was not approached by Mr. Draycott after his writing Minute No. 75 in file 0147;

(b) the last books from the British Council were received by her in January, 1960;

(c) the Camp Library service operated by the Public Library has been in force for many years and Camp people are well aware of that fact;

(d) interest in the service diminished when the Falkland Islands Company started a service of supplying newer books, as the Town Council stipulation was that books must be in the Library for a year before being sent to the Camp;

(e) no postage is charged on books sent to or from the Camp, that was arranged with Government;

(f) the books from the British Council have always been selected by her, as, having been Librarian for many years, she knows the kind of books that appeal to the General Public; and

(g) since the School Library scheme started, children's subscriptions have dropped considerably and she feels that it will be the same with an adult section operating in opposition to the Public Library.

4. If Government considers that the Camp Library service should be operated by the Information Officer, Council suggests that:-

/(1) half

(i) half of the books be allocated to the Public Library as they arrive, then exchanged with the remainder after a certain period; and

(ii) if possible, books ~~to~~ be selected by the Librarian as in the past.

5. It is the considered opinion of this Council that the British Council cannot be expected to make a further grant for the Public Library.

I am,
Your Excellency,
Your obedient servant,

G. Jones.

Clerk to Council.

His Excellency the Governor.

Dear Miss Harmiston,

I acknowledge receipt of your letter of the
3rd of February.

The presentations arrived while I was on
leave. As there were no instructions to the effect that the
books were to be shared with the Public Library they were
added to the Education Department Camp Library.

I suggest that next years presentation
of library books should go in its entirety to the Town Council.

I should have pointed out that the books sent to you over the past year comprise books for schools and books for the Public Library for the benefit of the whole community. No doubt you have already handed over the books which were intended for this purpose and distributed the others to schools.

We hope to have funds for additional presentations, in 1964 and will write to you as soon as the amount available is confirmed.

COLONIAL SECRETARY'S OFFICE,
STANLEY, FALKLAND ISLANDS,

99

31st March, 1964.

Dear Sir,

Distribution of British Council Library Books

I refer to a recent meeting in my office at which it was agreed in principle that -

- (a) the next issue of British Council books should go to the Town Council;
- (b) thereafter issues should be split on a 50% basis.

In regard to (a) I will do my best to get a list of books available so that the Town Council may make a choice of books most favourable to them; in regard to (b) when 50/50 split is made this should be by mutual arrangement between the Town Council Librarian on one hand and the Superintendent of Education on the other hand.

I appreciate that this must be referred to the Library Committee of the Stanley Council and I shall be obliged if you will let me have their agreement as soon as possible.

Yours faithfully,

W. H. Thompson

22nd March, 1965.

Dear Sir/s,

Over the years many papers of local interest have been written, some of which lie gathering dust in the archives whilst others repose on library shelves. New papers and articles also appear from time to time, and overall a considerable amount of biological, geographical, geological, historical, and political material, all of it very readable, is available for publication.

The cost of producing a booklet twice a year, and with a fairly limited circulation is, of course, high, and the object of this circular letter is to ask whether you would guarantee to take four or more copies of each issue for the first two issues, at an approximate price of five shillings or seven shillings and sixpence per copy. A larger guarantee would of course be very welcome.

If a guarantee of £150 can be obtained it should be possible to publish a magazine type booklet of about 60 pages, similar in format to the well known "Countryman" magazine.

Advertising might also be carried.

Material already available for a first issue includes:

Some early letters of Governor Moody.
A Study of the fur seal of the Islands.
Part I of a history of Falkland Island place names.
Part I of a monograph on the smaller birds of the Islands.
A report on the economic exploitation of the Islands made in 1845.

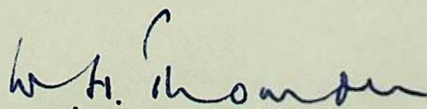

You too might have something to offer: the Churches have yet to be approached: the Company will no doubt help with material. At a rough guess there is sufficient historical material to last for several years, and modern articles on grasses and grasslands, and wildlife, may surely be obtained.

If funds can be found to produce a booklet cum magazine of the type outlined above, circulation could extend to University and other libraries throughout the world.

Will you support the idea and will you guarantee something towards the first two issues at least?

To save you the trouble of writing a letter, perhaps you would be kind enough to fill in the attached form.

Yours faithfully,

(W.H. THOMPSON)

For the attention of the Town Clerk

Dear Sirs

Thank you for your letter of 10-8-65.

An up-to-date statement of your account is now being prepared by our Accounts Department and will be air-mailed to you shortly. No discount has been allowed on your book purchases in the past but, in view of your increasing orders, it has now been decided to allow you ten per cent and all future invoices will show this.

Your order for books dated 12-8-65, under cover of your letter TC/13 of 14-8-65, has also ~~being~~ been received and is now being processed for early despatch. We note that payment will be made through the Crown Agents, which is, of course, entirely satisfactory to us. We shall continue to render invoices to you. We regret that our statement cannot include the present transaction unless you are prepared to wait several weeks, as we cannot estimate prices and postage and packing of the new order in advance.

Assuring you of our best attentions,

Yours faithfully,

Dear Sir,

With reference to your letter, BD-U-108, dated 1st September, 1965, I note that the statement of account has not yet arrived. If it was despatched early in September, as your letter would indicate, it would surely have arrived by now, since the books mentioned in the same letter have already come. With thanks,

Dear Sirs,

Recently we renewed four magazine subscriptions, as per your Renewal Reminder RS 20613, dated 30th August, 1965. "Wide World" was listed at £1. 15. 6., but on the invoice which accompanied the receipt it is now listed at £2. 10. -.

This seems a remarkable increase in price, and I would be most grateful if you would furnish some explanation.

For the attention of the Town Clerk

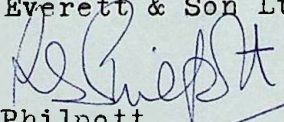

Dear Sirs

Thank you for your letter TC/13 of 21-3-66.

We apologise for the apparent contradiction in connection with the Guinness Book of Records.

In fact, the publisher did advise us that the title was out of print and we duly advised you on 18-2-66 (the date of our postcard). The publisher then presumably found a copy and supplied it to us and it was definitely included in the consignment covered by our invoice 18KS/4324 of 25-2-66. We trust these books will be reaching you shortly.

Yours faithfully,
W H Everett & Son Ltd.

Dear Sirs,

May I express the gratitude of the Town Council and the people of the Falkland Islands for your very welcome gift of geological books for the public library.

Undoubtedly these will be of great value to the many geologists who, from time to time, visit these shores.

I am,
Sirs,

Your obedient servant,

Mr. Alfred Jondahl,
502 - 105th Street,
Fort Lee, New Jersey 07024,
U.S.A.

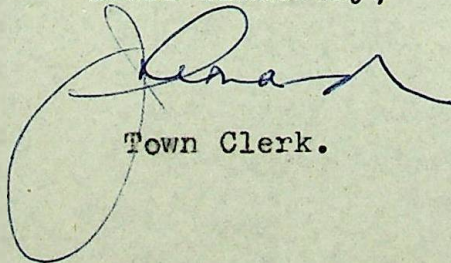

Dear Sir,

Your kind offer to send magazines to the Falkland Islanders has been referred to me, and may I say how very touched we are. We certainly have no excess of interesting printed matter, and the magazines you mentioned will find excellent use, I assure you.

Mail comes to us from the mainland roughly once a month. It is useful to include "South Atlantic" in the address, as there are still people who think the Falkland Islands are somewhere off the coast of Scotland. The safest routing is via the G.P.O., London, but for some reason American post offices are reluctant to direct mail this way, and if they cannot be convinced that this is preferable (which is sometimes the case), the alternative route is via Montevideo, Uruguay - the mainland port from which boats depart for the Falklands. There is a risk that mail simply addressed to the Falkland Islands will be directed via Argentina, and this is disastrous, since Argentina claims sovereignty over the Falklands and mail from there is usually considerably delayed.

Once again, let me assure you of our gratitude that, in this world full of eruptions and countereruptions, you should think of this tiny, and largely neglected colony in the southern reaches of the Atlantic.

Yours sincerely,

Town Clerk.

Dear Sirs:

I would like to send you copies of LIFE, Saturday Evening Post, Look and other magazines as a donation to the islanders.

The airfreight is quite expensive. I am planning to send by PRINTED MATTER. Will you kindly advise me if such gift would be acceptable.

Any instructions you can give me on the routing and addressing will be appreciated. Also I would like to know how often you do have steamer service to Falkland Island.

Awaiting your reply I am

Sincerely yours.

Dear Miss Harmston,

Once again I have the pleasure of thanking you for a gift - in this case, seventeen books which were delivered to our library by the Education Dept. on 18th June. These "transfusions" to our literature supply are very helpful indeed, and I'm sure that a large number of readers would join me, if they had the opportunity, in expressing gratitude.
