Dear Sirs,

Thank you for your letter of 6th January, 1967, ref.
BD-U-108.

Shipments of books should be addressed to the Stanley
Public Library, but there is no inconvenience if they
happen to be addressed to the Town Clerk.

The librarian informs me that good quality paperback
books are acceptable.

Would you be kind enough to forward a statement of
account.

Yours sincerely,

Town Clerk.

Dear Sirs,

Under separate cover I have despatched the order mentioned in a previous letter.

In addition, would you kindly forward the last "Hornblower" novel by C.S. Forester, which was published posthumously. Unfortunately I cannot tell you the title. Please note that we do not want a "Hornblower" omnibus or collection.

May I stress again that good paperback editions are quite acceptable in the library.

Yours sincerely,

Town Clerk.

Dear Sirs,

Thank you for your invoice of 21st February, advising us of the subscriptions now in force. As £13. 16. 8. was sent by money order, and the subscriptions total £11. 6. 8., you now have on deposit from us £2. 10. -.

We would like to subscribe to two U.S. magazines for the library - National Geographic and Popular Mechanics. However, these are so prone to disappear in transit that we hesitate to place subscriptions for them unless something can be done to guarantee their arrival. Literature from the U.K. arrives without difficulty, whereas from the U.S.A. it is highly uncertain.

Would you kindly let me know if some plan, such as having the magazines sent to you and then forwarded to us, could be implemented to safeguard them en route.

Yours sincerely,

Town Clerk.

Dear Sir,

Sometime ago we received a package containing four magazines. I have just noted that one of these was originally addressed to you, and therefore these are the magazines of which you wrote in your letter just a year ago.

Thank you very much for your kindness in sending them. After they have been used in the library they will be forwarded to the hospital. Among the patients are several elderly people who live there because we have no home for the aged in Stanley; hence, you see the magazines will be put to excellent use.

Yours sincerely,

Town Clerk.

For the attention of the Town Clerk

Dear Sirs

We enclose an advice copy of our invoice 19KS/1733 of 6-1-67 covering despatch of books against your order for Stanley Public Library dated 26-11-66.

The two bulk bags have been addressed to the Town Clerk, Stanley Town Council, instead of to the Stanley Public Library. Any inconvenience caused by this error is regretted.

We hope to supply a few more books from this order but the great majority of those not supplied on the enclosed invoice are out of print permanently in cloth editions; a small percentage of these are available in paperback but we assume you are not interested in these for library use. If you need assistance in obtaining catalogues from which to order substitutes for out of print titles, please advise us.

Your payment via Crown Agents has been received and we look forward to receiving your new order shortly.

Yours faithfully,
W H Everett & Son Ltd.

Dear Sirs,

Our librarian has asked me to notify you that two volumes received from you in recent shipments have been found to be defective. These are:

"The Passing of the Aborigines," by Daisy Bates, in which pages 223-228 are upside down.

"Smouldering Fire," by D.E. Stevenson, which has the following blank pages: 210-211, 214-215, 218-219, and 222-223.

These books have been returned to you by registered surface mail, and we would be grateful if you would furnish replacements.

Yours sincerely,

For the attention of the Town Clerk

Dear Sirs

Thank you for your letter of 10.3.67.

We have received your recent four-page order for books and these will be despatched in bulk bags at an early date.

The Hornblower novel to which you refer is HORNBLOWER AND THE CRISIS, which will be published in May or June 1967. We have recorded your order for one copy.

Assuring you of our best attention,

Yours faithfully,

Att: Mr. R.W. Philpott.

Dear Sirs,

Thank you for your information regarding the procedure to be followed when defective editions are received.

Deducting £128. 4. 9. from our credit balance for the books shipped on your invoice dated 17th April, 1967 (which are still in transit), I calculate that you now hold the sum of £116. 13. 6. against our future orders. This may not be entirely accurate, however, as one or more smaller invoices may not have come to my attention. It is essential, therefore, that we receive a statement of account (as requested in my letters dated 26th November, 1966 and 16th February, 1967) before any further orders are placed. I would be most grateful if you would furnish this promptly, as we shall have another order to forward in the near future.

Yours sincerely,

Town Clerk.

Dear Sirs,

Thank you for your letter of the 7th April, 1967.

We regret to hear that we have inadvertently supplied you with imperfect copies of two books, and shall be dispatching replacements in the very near future.

We note that you have already returned the books by registered surface mail, but in fact in most cases of imperfect copies, only the title page need be returned. This could save you considerable expense and if you would be kind enough in future to advise us in advance, we will give you the authority to return the title page only.

Assuring you of our best attention.

Dear Sirs,

On 15th March I wrote enquiring about the possibilities of ensuring the arrival of magazines by some means such as having them directed to us via the United Kingdom. No word has been received from you regarding this, but your reply may be en route. Some of our mail has been delayed, and we do not anticipate any delivery now until the end of July.

In order to expedite matters, we have decided to subscribe to the following magazines:

Reader's Digest
Sea Breezes
Popular Mechanics (U.S.A.)
National Geographic Magazine (U.S.A.)

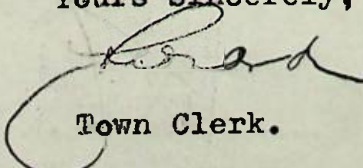

Would you be kind enough to request the American publishers to address our magazines as follows:

Stanley Public Library,
Stanley,
Falkland Islands,
South Atlantic
(via G.P.O., London, England.)

If for any reason it is not possible to send them via London, please ask them to substitute "via Montevideo, Uruguay" in the address. This is essential, as otherwise there is a risk that the magazines will be sent to Argentina. Because of the Argentine claim to sovereignty over the Falkland Islands, mail routed via Argentina takes many months to arrive, if, indeed, it arrives at all.

With thanks for your assistance,

Yours sincerely,

Town Clerk.

P.S. Until further notice, these subscriptions should be

renewed annually, as is the case with our subscriptions to
"Woman & Home", "Woman's Realm", and "Daily Sketch".

Dear Mr. Jondahl,

Since my last letter to you, a veritable avalanche of magazines plus a 20-volume encyclopedia have arrived. These will be a great asset to the library, and I cannot tell you how much we all appreciate your kindness and the effort you have gone to in sending them.

As a small token of their appreciation, the Stanley Town Council have asked me to send you a complete set of the current definitive stamp issue. These have been mounted and cancelled, and are being forwarded to you under separate cover. I do hope they will be of some use to you.

Yours sincerely,

Town Clerk.

Att. Mrs. M. Hatwell,
Manager, Subscription Dept.

Dear Mrs. Hatwell,

Thank you for your letter of 6th June, regarding our subscriptions to Popular Mechanics and National Geographic Magazines.

Money Order 26471, to cover your invoice S- 27289, has been forwarded.

With reference to the routing of issues of National Geographic, thank you for your suggestion about reposting. For the present we would like to try the procedure given in my letter of 29th June; if this proves ineffective, I will request you to repost the issues by surface mail. The additional time involved will not be significant from our point of view.

Yours sincerely,

Town Clerk.

Dear Mr. Leonard:

I am indeed very grateful for the set of stamps you kindly sent me, and were delivered yesterday.

I have a letter from you dated March 16th. which still is unreplied. I apologize for this. We are now in summer and my work is at its peak. I am importing manager in a men's jewelry and gift concern, possibly the largest of its kind in the U.S.

I have sent you so far 25 rolls of magazines. I have taken the precaution to include very old magazines with new ones, just so as to discourage any theft of the mails while in transit. I hope you will not object to this, but my previous experiences of magazines sent to Bolivia, Uruguay and Brazil are "a ratio of three to one" (3 that he will not get it, and one that will pass through.)

Please accept my apologies for the "english" I am using, but I am getting so accustomed to "american" that I quite often forget.

I have made it my hobby to help the philatelic section of the Smithsonian Institute, popularly called the "attic of the United States". The envelope you sent me with the series of Falkland Islands stamps was sent to them with an explanatory note. Quite possibly next time I go to Washington I will see them on display. Please advise me the expense incurred so I may send you the dollar equivalent. Thank you.

Kind regards.

Dear Mr. Jondahl,

Thank you for your letter of 27th July.

Council wish me to stress that the stamps sent to you were a small expression of their appreciation for your many kindnesses, and that no payment is required.

Incidentally, your ratio of success to failure in the arrival of packages here has been considerably better than your average in South America - it appears that most, if not all, have been received.

Again, many, many thanks.

Yours sincerely,

Mr. Alfred Jondahl,
502 - 105th Street,
Fort Lee, New Jersey 07024,
U.S.A.

Dear Mr. Jondahl,

Many thanks for your very kind letter, and your comments about the retiring "Queen Mary". Would that we had some influence over her movements!. Unfortunately the powers that be do not ordinarily take the Falklands into account when planning the itinerary of a queen, though doubtless the passengers would find a visit to these islands one of the most interesting parts of their trip. My hunch is that detours such as you suggest would have to be initiated in the higher echelons at the other end, and that the good Queen Mary will come no closer to us than did doughty Sir Francis Chichester in the course of his journey around the Horn.

However, we do have our compensations. Every now and then a cruise ship, in the course of a journey around South America, anchors outside Stanley harbour; the passengers spend a few hours ashore, and usually Falkland Islanders have an opportunity for sight-seeing on the boat. Just this month the Swedish-American liner "Kungsholm" paid such a visit.

Many, many thanks for your continuing interest in us. We are really most grateful.

Yours faithfully,

Town Clerk.

October 12, 1967.

The Town Council
Stanley, Falkland Islands.

Dear Sirs:

Thank you very much for your kind letter of September 6th. I am very happy to see you are getting a "full load" of magazine sent. I will keep it up as long as I can. Nothing gives me more satisfaction than this small effort on my part, brings moment of happiness to so many people.

I am enclosing a clipping from a local magazine in connection with the last voyage of QUEEN MARY. You will note that the ship will sail from Rio de Janeiro to Valparaiso in one trip. Falkland Islands will just be a point in between. Would it not be of interest to Falkland Islanders to induce the owners of the vessel to stop at Falkland Islands? The passenger will be able to include in their experiences the fact that they stopped in one of the southernmost part of the world. It will enable the Falkland Islanders to see the pride of England.

Sincerely yours.

Alfred Jondahl

One of the most famous ships in the world, The QUEEN MARY is shown here recently entering the Port of New York, her United States terminal for 31 years. She will sail outbound trans-Atlantic for the last time on Friday, September 22.

HAIL AND FAREWELL

We shall probably never see her like again — called the “inevitable ship”, the **Queen Mary** is the culmination of a century-old dream; 80,000 tons, 1,000 feet long and driven by a system of single reduction geared turbines capable of 160,000 horsepower.

Her keel was laid in December of 1930 in John Brown's yard in Clydebank. Her launch was scheduled for June of 1932 and service by 1934 but one year after the keel laying, Cunard Line, faced with revenue losses of 2.5 million pounds in The Depression, suspended construction of the great ship.

The huge empty hull loomed silently in the barren yard for two years, a nesting place for birds. Finally, through the concerted effort of Cunard and the British Government a way was found to finance the resumption of construction and the **Queen Mary** became the revered symbol of the nation's recovery. Some 3,500 men went to work in the Clyde-

bank yard on Job. No. 534. An additional 10,000 men went to work throughout Britain . . . steel from Sheffield, electric motors from Norwich, generators from Rugby, ten miles of carpeting, 200,000 pieces of crockery . . . the nation's craftsmen set about building and fitting the floating city. (On one crossing, Bea Lillie asked, “When does this place get to England?”)

The ship was launched on September 26, 1934 and christened by Queen Mary in a drenching rain. (It is said that Cunard had planned to name the vessel Queen Victoria. In talking with King George, the president of the line said, “Sir, we would like permission to name the ship after one of Britain's greatest and most illustrious Queens.” The King said, “Fine, I'll go and ask her.”)

In the year and a half after the launch Britain's finest designers, craftsmen, artists and technicians turned the massive hull into a magnificent floating hotel. She was

called “Britain's Masterpiece,” with twenty-seven public rooms, lounges, smoking rooms, restaurants (one three decks high) children's play-rooms and thirteen bars (three for the crew).

She sailed on her maiden voyage from Southampton on May 27, 1936 to swirling music from the Royal Marine Band and the roar of thousands lining the quay. She entered New York Harbor for the first time on June 1 to a reception that is still remembered as the greatest ever accorded any liner. The Hudson River was streaked white with the wakes of every type of harbor craft, their whistles tied down. Fireboats strained themselves to the utmost lofting thousands of gallons of pluming water. The windows in the towers of Manhattan were filled with bright-eyed faces. It was an auspicious beginning to a remarkable career.

In 1936 the Queen Mary wrested the coveted Blue Ribbon for the fastest

trans-Atlantic crossing from the **Normandie** . . . and lost it back in 1937 . . . and regained it in 1938 . . . and lost it in 1952 to the **United States**.

The service of **Queen Mary** in World War II is legendary. Her mission was troop carrying and she was fitted out for it in Sydney, Australia. She carried British troops to the Middle East, then she joined the new **Queen Elizabeth** (which had yet to make a peacetime voyage) in the trans-Atlantic service carrying American G. I.'s, often a Division of 15,000 at a time and without escort since she was three times as fast as any U boat. After returning many of the troops from Europe, the great ship brought over thousands of war brides and children of American and Canadian servicemen. During the ten-month period after September, 1946, she was completely re-equipped and restored to her original beauty for the resumption of luxury passenger service.

The **Queen Mary** and **Queen Elizabeth** have, since 1947, formed a bridge between the United States and Europe over which 2,300,000 passengers have traveled. In peace and war the **Queen Mary** alone has carried well over 2,000,000 passengers—from immigrants to heads of state, from traveling salesmen to movie stars.

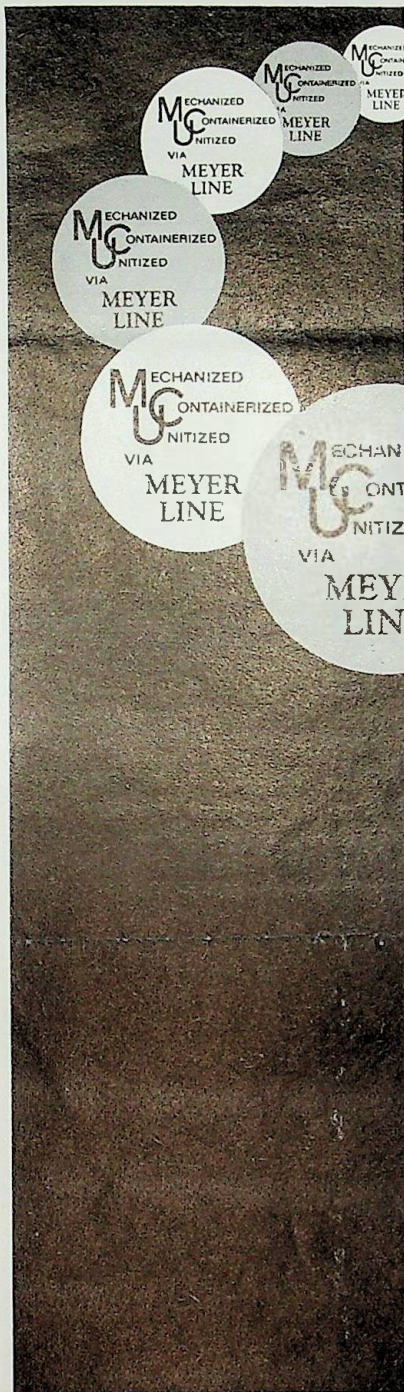

On September 22, 1967 she will make her final trans-Atlantic voyage from New York to Cherbourg and Southampton. Following that voyage she will make two short cruises to Las Palmas from Southampton in October. The **Queen Mary** will then be retired from service by Cunard Line.

The magnificent ship has been purchased by the City of Long Beach, California for \$3,450,000. She will sail for Long Beach from Southampton on October 31 on a 39-day cruise via Cherbourg, Lisbon, Las Palmas, Rio de Janeiro, Valparaiso, Callao, Balboa and Acapulco. The great ship will spend her remaining years in Long Beach as a maritime museum, hotel and restaurant complex, largely retaining the charm and luxurious air which made her so popular.

Venezuelan-flag ships may carry up to 50 percent of the machinery and equipment to be purchased in the United States with proceeds of a \$1 million Export-Import Bank re-lending credit under the Alliance for Progress.

Gustave L. Bowen has been named vice president in charge of passenger sales and promotion of Ingres Line.

An entry into Chicago is being sought by Associated Transport, Inc., largest trucking company in the Eastern United States, according to an acquisition announcement by **James K. Seymour**, president. Associated has filed an application with the Interstate Commerce Commission to acquire the Toledo, Ohio to Chicago rights of Dundee Truck Line of Toledo. The remainder of the carrier's operating authority was not sought, Mr. Seymour explained.

Dear Sir,

The librarian has informed me that the reports of Parliamentary debates have no readership whatever, and she would be grateful if these volumes could be stored elsewhere.

Yours faithfully,

A handwritten signature in cursive script, appearing to read 'Edward', is written over the typed name 'Town Clerk.' The signature is enclosed within a large, hand-drawn oval.

Dear Sir,

Your letter TC/13 of 1st December 1967 refers.

The Reports of Parliamentary debates are so heavy (in more ways than one) that the structure of the Secretariat is unlikely to stand the strain. The Chief Clerk says they will come through the ceiling!

However Miss Biggs has our sympathy and from henceforth she shall not receive the worthy(?) tomes.

Yours faithfully,

Dear Sirs,

May I refer to your Invoice S-29300, dated 26th January, 1968, confirming renewal of our subscription to "Popular Mechanics". You list a charge of £2. 2. 10. for this, whereas payment of £2. 14. -. for the renewal had just been acknowledged on Receipt No. 69997.

Would you be kind enough to clarify for me whether this represents an additional charge or a reduction in the price of the subscription. Money Order No. 17485, for £2. 2. 10., has been forwarded, and in the unlikely event that the subscription price has been decreased, please credit this amount plus the balance of 11/2d to us. If, as I presume, the £2. 2. 10. represents an additional charge, an explanation of it would be appreciated.

We have heard that occasionally it is possible to buy second hand sets of the Encyclopedia Britannica. If this is possible through you, would you be kind enough to quote prices; if not, can you possibly refer me to a shop or dealer who could accommodate us in this matter?

With thanks for your assistance,

Yours faithfully,

Town Clerk.

Dear Sirs,

With reference to your Invoice S-29857, dated 22nd March, 1968, which has just arrived, would you be kind enough to explain the following apparent discrepancies:

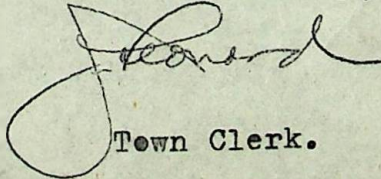

The rate of £2. 2. -. for Reader's Digest from April, 1968 to March, 1969 (payment for which you have acknowledged on Receipt No. 70380) is listed as incorrect, and you note that the correct rate is £2. 8. -. This would entail a surcharge of 6/-d instead of 7/6d, as listed.

Secondly, the subscription is entered for the period from January, 1968 to March, 1969, although payment through March, 1968, as charged on your Invoice S-28123, of 11th September, 1967, was acknowledged on your Receipt No. 68875. This payment was made at the rate of £2. 8. -. p.a.

In addition, I would be grateful for an answer to my letter dated 14th February, requesting clarification of your Invoice S-29300.

Trusting you will forgive this imposition on your time and attention, I am,

Yours faithfully,

Town Clerk.

With reference to my letter querying Invoice S-29857, my very humble apologies for the error, and for any inconvenience it has caused you. The sum of 7/6d has been forwarded to you on Money Order 17824, of this date.

Thank you for your letter of 19th April, confirming a credit of £2. 2. 10. Would you be kind enough to apply this against our account when the next renewal of magazine subscriptions comes due.

Dear Mr. Thompson,

May I express community gratitude, as well as that of the Town Council, for your very welcome gift of books to the public library.

Several of these books are real treasures, which the library could hardly have afforded to purchase. Your generosity in sharing your taste and love of books with the community in this way will be appreciated by readers for many years to come.

Sincerely,

Mr. Alfred Jondahl,

U.S.A.

Dear Mr. Jondahl,

It is quite a considerable time since I last wrote to you - I note that the last letter is dated a year ago last November! Magazines and books sent by you continued to arrive after that date in a steady stream, and I must tell you that these were all widely read and greatly appreciated.

A great deal of water has flowed under the bridge in the intervening period. In America there is a new president, and here we have had considerable publicity in the last six months, particularly in connection with the visit last November of the British Minister of State, Lord Chalfont. I imagine that relatively little of this trickled into the American newspapers. In the main, interest was widespread in South America and, of course, in Britain in the talks over the future of these islands and their relationship with Argentina. But despite all the controversy and conjecture, we know little more now than we did before. Outside the islands interest has been aroused, and people are now at least aware of their existence.

We are most curious as to the line the new American administration will take. Initially President Nixon appears to aspire to play the role of the dove of peace, and one can only wish him well in this and hope that the world will cooperate. One cannot help reflecting, however, that the world is not a particularly hospitable place for doves these days. My own hope is that the desire for peace may not dull the fine edge of justice, without which we are all in danger.

With greetings and best wishes,

Yours sincerely,

Town Clerk.

COLONIAL SECRETARY'S OFFICE,
STANLEY, FALKLAND ISLANDS,

.....8th May.....19 69

Dear Sir,

The enclosed book was handed to His Excellency the Governor by Mr Pery of Alginate Industries Limited and is presented to the people of the Falkland Islands as a token of good will.

It is suggested that the book be placed in the Public Library and made available to anyone who may wish to see it. Naturally, it would not be wise to make it available for loan and the best course appears to be to have it kept in the glass case with other similar publications.

Yours faithfully,

15th February 1971

Dear Sir,

This evening I deposited fourteen cartons of books with the librarian. These books were sent by Mr. and Mrs. O. B. Lord, of 770 Park Ave., New York City 10021, New York, whom I had met on the "Lindblad Explorer" when it visited Stanley. I then expressed the need for books. Mr. and Mrs. Lord send these books as an appreciation of the hospitality which they received from the people of Stanley.

I shall be writing myself to thank them for their gift but I am sure they would appreciate a note of thanks from the Council.

Yours faithfully,

S. A. Booth

Dear Sir,

I have recently taken over the position of Town Clerk. The Librarian inquired about the magazines we normally purchase from you, as not any had been received this year. On looking up the file I see a renewal notice from you dated 17th. Feb, and another dated 1st. June, stating that these expired in Dec. 1970, & Feb, & March 1971. I can not find any trace of the sub. having been paid for 1971. I now wish to reorder, and will arrange that Crown Agents forward you a draft to cover cost.

Your renewal notice states.

Photography. British.	2 .50

I trust you will help me in this matter, and let me know if we have any credit with you.

10th December, 1971.

Mrs. K. McGill,
Town Clerk,
Stanley Town Council,
Stanley,
Falkland Islands,
South Atlantic.

Dear Mrs. McGill,

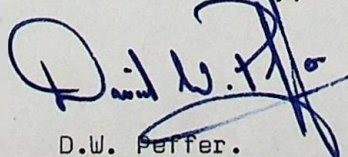

Thank you for your letter enclosing your order dated 23rd November, 1971 for books to be despatched to the Stanley Public Library.

May I advise that it is not imperative for you to show the publisher and price, although of course any information which is readily available does assist in prompt ordering and despatch. This company utilises various sources of reference to obtain any missing information and I feel quite confident that your new Librarian will receive catalogues, etc., directly from the publishers as the name of the Stanley Public Library will be on their records for circulation. Whittaker's publish 2 volumes containing comprehensive details of "British Books in Print" at a U.K. retail cost of £11.50 and we would be pleased to obtain this publication for the Stanley Public Library on receipt of your order. Similar publications cover books printed in the United States of America, etc.

Whilst writing, may I enclose a copy of this company's International magazine price list which reflects the majority of major magazines and periodicals published throughout the world both alphabetically under countries of origin and under classified sections. You may be interested to read the resume of the services offered by this company in our capacity as International Subscription Agents and you may find this resume on page 2 of the magazine, which may also be of interest to your Librarian.

We would be happy to arrange for any subscription requirements which the Stanley Public Library may have to be handled through this company should you so require.

Yours sincerely,

D.W. Peffer.
Sales Manager.
