Honourable Colonial Secretary,

The cargo steamer "Corcovado" is due to arrive here from England about 26th March. She has 4 tons of explosives on board for Chile. No action with regard to these explosives is required here.

The mail steamer "Orita" is also due to arrive here about the 26th March. She is calling at Monte Video on her way down.

You might issue a notification on the Government Notice Board to the effect that a steamer due to arrive here towards the end of March is calling at Monte Video, and that this will afford a freight opportunity to importers to obtain supplies from Monte Video should they wish to do so.
