Hon Col. Sec.

I am having the jetty demolished.  
The stone will be useful for the new  
road and Bungalows.

The timber is of little use, I propose  
to burn in portable engine, used at the  
works depot.

It is worth more to the Govt than  
it would fetch by auction

DRAFT DESPATCH.

From His Excellency the Governor

to the Honourable the Colonial Secretary.

(Copies to be typed .)

ALTERATIONS.

DRAFT.

Please inform Mr George  
 Roberts he can get rid of  
 my jitty by one of his  
 famous auctions or in any  
 other way he likes.  
 The jitty is seldom used  
 and is not worth its up-  
 keep. When one does want  
 to use it the tides are  
 generally adverse. Hence it  
 is redundant and unnecessary  
 the dock-jud jitty being  
 so close.
