Dear Sir

582

With reference to my letter of 14 October 1970, I understand that the alternator etc. for Cape Pembroke Lighthouse has been shipped on the A.E.S. due at Port Stanley on 29 March.

I should be grateful if you would confirm its safe arrival in due course and also let me know whether the Marine Clock and the Bardic Signal lamp, which were sent by post in September and November 1970 respectively, have arrived safely.

Yours faithfully

J M Cloyne

19th April

Dear Sir,

Thank you for your letter ^{S97} MNA 37/1/04 of 18th March 1971.

2. I am now able to confirm that the alternator etc. for Cape Pembroke Lighthouse, shipped on the "A.E.S." in March, was safely received here and later transported to the lighthouse.

3. The safe arrival of the Marine Clock and the Bardic Signal lamp is also confirmed.

Yours faithfully,

(sgd) H. C. Board.

for COLONIAL SECRETARY.

Date 8 October 1971

Dear Sir

Further to my letter of 17 August 1971 about the stores required by Cape Pembroke lighthouse for 1971/72, Trinity House, who are arranging the supply of all the stores, have queried the type of 2 gallon Enamel Boiler required. I should therefore be grateful if you could let me know:-

- (a) whether the boiler is to replace an existing boiler and, if so, who was the manufacturer of this and what reference marks (if any) are shown on it.
- (b) if the boiler is to be used to boil water or for some other purpose.
- (c) if it is intended that the boiler should have an in-built heating arrangement or merely to be placed over an existing source of heat, e.g. a cooker.

Yours faithfully

Dear Sir

620

Please refer to your letter of 16 December 1971 regarding the supply of an Enamel boiler to Cape Pembroke lighthouse.

Unfortunately it has not been possible to obtain an enamel boiler as requested. However one made of aluminium has been ordered in its place and a copy of the order is attached for your information. I hope that this alternative will be acceptable to the lighthouse staff for cooking purposes.

Yours faithfully

J R Fraser

Dear Sir,

Thank you for your letter MFA 37/1/04 of 25th July regarding items not received at Cape Pembroke Lighthouse. I have investigated the position and wish to report as follows:

(1) It is noted that replacement spares for the Valor Boiler have been despatched by parcel post. Receipt of these will be confirmed in due course.

(2) I confirm that the aluminium boiler despatched by parcel post in March has now been received.

(3) A further search for the twelve house flannels said to be contained in one of the three cases received here on 29th April 1972 has been carried out but without result. It would appear that these items were short packed.

Yours faithfully,

(H. L. Bound)
