### MARRIAGES, BIRTHS, AND DEATHS

Of Members of the Crew, and other persons on board, which have occurred during the voyage.

MARRIAGES.—Section 240 (6) of the Merchant Shipping Act, 1894, requires the Master of the Ship to enter in his Official Log the particulars of every Marriage that has taken place on board. Masters are reminded that they have no power to perform the marriage ceremony on board their ships, and that if such ceremony is performed by them the marriage will not be a legal one.

BIRTHS AND DEATHS.—The duties of the Master with regard to the registry of births and deaths on board ship are defined in the following extracts from Section 254 of the Merchant Shipping Act, 1894:—

- 254.—(1.) The Master of every British ship, whether registered or not in the United Kingdom, shall, as soon as may be after the occurrence of the birth of a child or the death of a person happening on board his ship, record in his log-book or otherwise the fact of the birth or death, and the particulars required by the Eighth Schedule to this Act to be registered concerning the birth or death, or such of them as may be known to him.
  - (2.) The Master of every British ship, upon its arrival at any port in the United Kingdom, or at such other time and place as the Board of Trade may with respect to any ship or class of ships direct, shall deliver or transmit, in such form as the Board of Trade direct, a return of the facts recorded by him in respect to the birth of a child or the death of a person on board such ship to the Registrar-General of Shipping and Seamen.
  - (5.) If the Master of any ship fails to comply with any requirement of this section, he shall be liable for each offence to a fine not exceeding five pounds.

Spaces are provided on the following pages of this book for the entry of all particulars required by the Eighth Schedule mentioned above. The facts should be carefully entered under the appropriate headings; and upon the next arrival of the ship in port (except when the log-book itself is surrendered at the end of the voyage or termination of the Agreement), a true copy of the entries must be delivered on a Form B. & D.1 to a Superintendent or Consular Officer for transmission to the Registrar-General of Shipping and Seamen.

In addition to the brief statement of the "Cause of Death" on the following page, the Master should be careful to add in the body of the official log-book, full particulars of all the circumstances attending the death, more particularly in the case of murder, disappearance or suicide.

If a death occurs in a port the name of the port should be given, and it should be stated whether the death occurred on board or in hospital.

If a seaman dies on shore from an accident which happened, or from a disease which developed, while he was a member of the crew, it is desirable that an entry of the death should be made.

When reporting the required particulars upon a Form B. & D.I. the Master is also, if so required, to give an account of any moneys due to a deceased seaman or apprentice, of any deductions from his wages, and of his clothes and effects, on the relevant Form W. & E.1., C.15, or C.C.15. The Forms required will be furnished by the Superintendent or Consular Officer, upon application.

#### REGULATIONS FOR MAINTAINING DISCIPLINE

SANCTIONED BY THE BOARD OF TRADE AND MINISTRY OF WAR TRANSPORT IN PURSUANCE OF S. 114 (2) OF THE MERCHANT SHIPPING ACT, 1894.

These Regulations are distinct from, and in addition to, those contained in the Act, and are sanctioned but not universally required by Law. All or any of them may be adopted by agreement between a Master and his Crew, and thereupon the offences specified in such of them as are so adopted will be legally punishable by the appropriate Fines or Punishments. These Regulations, however, are not to apply to Certificated Officers.

These Regulations are all numbered, and the numbers of such of them as are adopted must be inserted in the space left for that purpose in the Agreement, page 1, and the following copy of these Regulations must be made to correspond with the Agreement by deleting such of the Regulations as are not adopted. The signature or initials of the Superintendent or Consular Officer before whom the Agreement is made must be placed opposite such of the Regulations as are adopted.

the Regulations as are adopted.

For the purpose of legally enforcing any of the following penalties, the same steps must be adopted as in the case of other Offences punishable under the Act; that is to say, a statement of the Offence must, immediately after its commission, be entered in the Official Log-Book by the direction of the Master, and must at the same time be attested to be true by the

signatures of the Master and the Mate, or one of the Crew; and a copy of such entry must be furnished, or the same must be read over to the Offender, before the ship reaches any Port or departs from the Port at which she is; and an entry that the same has been so furnished or read over, and of the reply, if any, of the Offender, must be made and signed in the same manner as the entry of the Offender. These entries must, upon discharge of the Offender, be shewn to the Superintendent or Consular Officer before whom the Offender is discharged; and if he is satisfied that the Offence is proved, and that the entries have been properly made, the Fine must be deducted from the Offender's wages, and be paid over to the Officer.

If, in consequence of subsequent Good Conduct, the Master thinks fit to remit or reduce any Fine upon any Member of his Crew, which has been entered in the Official Log, and signifies the same to the Officer, the fine shall be remitted or reduced accordingly, an entry being made of the fact in the Official Log. If wages are contracted for by the Voyage, or by Share, the amount of the Fines is to be ascertained in the manner in which the Amount of Forfeiture is ascertained in similar cases under Sect. 234.

#### Short Summary of the Provisions of Section 2 of the Merchant Shipping (International Labour Conventions) Act, 1925, which is required to be included in every agreement with the Crew by Section 2 (3) of that Act.

The employment of a person under the age of 18 in a ship as fireman or trimmer is prohibited except in school ships or training ships specially authorized by the Board of Trade or in ships which are mainly propelled otherwise than by means of steam (e.g., auxiliary sailing ships) or under special conditions in ships exclusively engaged in the Indian or Japanese coasting trade.

Where in any port a fireman or trimmer is required and no person over 18 years of age is available, young persons over 16 may be employed, but in such cases two young persons must be employed to do the work which would otherwise be done by one person over 18 years of age.

The Agreement with the crew must contain a list of all members of the crew under 18 years of age with the dates of their birth.

This summary must be included in every agreement with the crew.
