Falkland Islands.

Dear Sir:-

I have just learned that the "Reports left by the late Major G.E.H. Barrett-Hamilton relating to the whales of South Georgia" have been edited by Martin A.C.Hinton and published. Although my studies and papers relate chiefly to the fossil Cetacea, it is obviously impossible to interpret extinct types without some knowledge of the living. I would like to inquire where copies of this paper may be purchased and what is the cost of the same including postage.

Any information will be appreciated.

Very truly yours,

*Remington Kellogg*
