Magistrate's Office,

South Georgia.

25th June, 1921.

Sir,

I have the honour to acknowledge the receipt of your letter No. 221/21 of the 1st March, with reference to the death of Pauline Talantinc.

I do not know whether Mr Binnie has already taken steps in the matter or not, but I will write to the Managers of the Companies on the subject.

In my opinion the only way to avoid such accidents is to direct that the snow anywhere in the vicinity of where a man is working at the coal be cleared away and the man whose duty it is to work there ordered to break down periodically any frozen coal which might threaten to overhang. This could be done safely from the top of the heap. I will inform the Managers that the above precautions together with any other precautions they may consider necessary, are to be carried out in future.

I have the honour to be,

Sir,

Your obedient servant,

*L. Bailas*  
Magistrate.

The Honourable,

The Colonial Secretary,
