THE MANCHURIAN GOVERNMENT AND  
POSTAL REVENUE.

From Shanghai it is understood there are prospects of the new Manchurian Government seizing all postal revenue within its administration. Should this materialise all mails from China proper will be despatched via the Suez Canal instead of via the Trans-Siberian Railway. This would cause a month's delay in mail service.

It is said that as a reprisal the Chinese Government may double all rates for mails entering China from Manchuria.

LEAGUE OF NATIONS.

Important developments occurred yesterday in the Reparations Conference at Lausanne when a critical phase in its proceedings was turned, largely owing to the intervention of the British Prime Minister, Mr. Ramsey McDonald.

It is understood that although Heads of Delegations will be absent the work of the Conference will continue.

Mr. McDonald is returning to London to hold conversations with his colleagues who are going to the Ottawa Conference.

FIVE PER CENT WAR LOAN.

At twenty five minutes past nine last night the Chancellor of the Exchequer, Mr. Neville Chamberlain, announced the House of Commons a scheme for the conversion of the Five per cent Great War Loan, of which over Two thousand million pounds is now outstanding. Mr. Chamberlain said the Government intends to repay the Loan in cash on the 1st December next to any holder who decides to apply for repayment within three months from today, that is not later than the 30th September next. But the holders in the Loan are at the same time invited to continue in the Loan on altered conditions, and Mr. Chamberlain said "It is my confident hope that the great mass of holders will respond to this invitation". The Treasury will in accordance with the Prospectus dated 11th January, 1917, redeem the amount of the loan at par on the 1st December, 1932. At the same time they invite any holders of stock or bonds who wish to do so to continue his holding in loan after redemption subject to certain modifications. The principal modifications are as follows :-

- (1) Rate of Interest will be reduced as from the 1st December, 1932 from five per cent to three and a half per cent per annum.
- (2) Loan will be redeemed at the option of the Government some time after the 1st December 1934, but not earlier.
- (3) Title will be changed to 3 1/2 per cent War Loan. Dividends will be paid as before without previous deductions of Income Tax, and existing exemptions from United Kingdom Taxation in favour of holders domiciled or resident outside the United Kingdom will continue in force. Scheme provides that all who notify their consent, not later than the 31st July, to continue, will be paid a cash bonus of One pound per £100 Nominal of Stock. Holders who wish to have their holdings redeemed must notify their desire not later than the 30th September next. Under special provision which was embodied in an Act of Parliament last Autumn any holder who has neither applied for his holdings to be continued nor applied for redemption will be treated as if he had accepted.

OUR FOOTBALL GALLERY: No. 2. ASTON VILLA.

ASTON VILLA Football Club was founded in 1874, and was originally one of the Clubs forming a Sunday School League drawn from various Churches in and around Birmingham, the Villa Club itself, we believe being representative of a Church in Handsworth.

It is interesting to know that shortly before Aston Villa became professional, the Grandfather of our esteemed Colonial Secretary, The Hon. J.M. Ellis, was the President of the Club. Mr. Patrick J.H. Hannon, Conservative M.P. for the Moseley Constituency has been President in recent years.

In the old days the "Claret and Blues" had their Headquarters at the Aston Cross Ground, but today their ground is known as Villa Park, a football arena which with possibly one exception, i.e. Wembley Stadium, is the finest in all England. There is accommodation for no less than 80,000 spectators, including Grand Seats for 50,000 people, for the ground boasts not one but two Stands, each running the whole length of the playing pitch on either side. The larger and more up-to-date of these two Stands was built in 1922 at a cost of about £25,000, and beneath its massive tiers of seats there are the players' dressing rooms, swimming and other baths, billiard room and recreation room, gymnasium and a Restaurant, the latter being also for the use of Patrons. It is doubtful whether any other Club in the Country has more covered accommodation to offer its supporters than Aston Villa.

Most noteworthy among the principal honours gained by them since their formation, Aston Villa has won the English Cup six times, a feat only equalled by Blackburn Rovers. The occasions were in 1887, 1895, 1897, 1905, 1913, and 1920. After the second triumph, 1895, the Cup was stolen from a Birmingham shop window where it was on view: Thus the English Cup fought for today is not the original trophy.

Turning to the League history, we find that Aston Villa are among the small number (ever diminishing) of English League Clubs who have never lost their First Division status. Relegation has never been their lot, and if they have ever been in danger of it they have made a wonderful rally and finished the Season in the top half of the Table. The Championship of the First Division has gone to Villa Park on six occasions, viz., 1894, 1896, 1897, 1899, 1900, and 1910. Thus it will be seen that the Double event of winning the League and the Cup in one season was achieved in 1897, such a distinction being shared with one other Club namely Preston North End.

Who are the men who have made this glorious history? Such names as Addersmith, Joe Bache, Sam Hardy, Harry Hampton, and Spencer, are written indelibly on the earlier pages, whilst prominent amongst post-war "Villans" we have Smart, Mort, Walker, Kinton, Donnel, and many more. But in addition to all these stalwarts of the playing field there are the men behind the scenes, for without good management success is impossible. "Be Prepared" is the motto of the Aston Villa Club. Throughout England they are renowned for their sportsmanship. Indeed bad sportsmanship is strongly discouraged at Villa Park by their own supporters, who always applaud good from both sides, so much so that a casual stranger which would not know which was the home team. Such an example could well be copied by lookers-on the world over. (Contributed) Next week: Belton Wanderers.

CHALIAPINE -v- THE SOVIET GOVERNMENT.

From Paris it is learned that the Trial of an action brought by Chaliapine, the famous singer, against the Soviet Government, for the recovery of two million francs damages, began on Wednesday before a Paris Civil Court.

In 1917 Chaliapine deposited with his friend, the celebrated author Maxim Gorky, manuscripts of his memoirs which he then considered unripe for publication. The Soviet Government confiscated them and subsequently published them in book form in several languages.

DUTIES ON FREE STATE GOODS.

It is learned from Dublin that the Irish Free State Government are not paying the instalment now due in respect of Land Annuities and in default the British Government intend to impose duties on Free State products. The intimation came as a bombshell to the Executive Council which held a Meeting on Thursday night to discuss the matter. Business men are of the opinion that the actual amounts collected in taxes would far exceed the £3,000,000 due from Land Annuities. Influential members of the Associated Chambers of Commerce fear that the question will upset the arrangements for attending the Ottawa Conference. They have requested the Free State Government to obtain from the Ottawa Conference a British Market for Irish Free State products providing not less than preference accorded to any other nation.

-----  
THE GERMAN CABINET.

It is reported from Berlin that important evidence has just been brought to light in regard to the existence of Von Papen's Cabinet. It is said that it's formation is mainly due to an agreement made between General Schleicher and Herr Hitler, the Nazi Leader, and secured by the aid of the Democratic News Service. The evidence takes the form of a letter from Herr Glucke, one of the founders of the "Gentlemen's Club" to a "well known Publicist at present Abroad". The letter states "That not only will the New Cabinet be tolerated by the Nazis, but has the approval of their Leader. Moreover present Cabinet is not regarded as a "Transition Cabinet", but in it's present constitution will be confirmed by the New Reichstag or its strongest party".

MIDDLE ISLAND ABLAZE.

During the recent voyage of the S/S "Lafonia" to various Ports on the West Falklands the passengers and crew were treated to a rather unusual sight.

The "Lafonia" was steering a course for Chartres, and when about 15 miles or so distant from that Port, a large broad column of smoke or mist was observed in the distance.

Speculation regarding its nature and cause was rife and there were many varied opinions and much doubt existing in the minds of those who witnessed it. However their doubts were soon dispelled, for on approaching Middle Island, it was observed that the place was ablaze, and that the house of Mr. Gideon McKay, the occupier, had been reduced to four charred upright posts.

An eye-witness told us that the "Lafonia" was enveloped in a cloud of smoke, which made her passage up the Chartres River extremely difficult - so dense was the smoke, it is said, that one almost imagined one had been transplanted and "favoured" with an Ultra-special sample of a London Fog.

On arrival at Chartres it was ascertained that Mr. McKay had sustained burns on both arms and was being treated there.

Some time ago Mr. McKay, who seemed to be possessed of a desire to lead a secluded life similar to that of Deke's immortal character, obtained permission to reside alone on the Island and stock it with cattle. We hope he will soon recover from his injuries, and that he will again be able to enter into the peaceful sublimity of this Island, which it would appear, bids fair to outrival its more famous rival of the Pacific.

SUPPRESSION OF GERMAN NEWSPAPER.

At Leipzig on Friday, the Supreme Court delivered Judgement affirming the legality of the temporary suppression of the German Socialist news paper "Vorwaerts" which was demanded by the Reich, but which the Prussian Government declined to pronounce pending the result of the Action in Court. In giving judgement the Court states that the article complained of was calculated to bring the Reich as well as president Von Hindenburg into contempt and also to endanger vital German interests at home and abroad.

LEAGUE OF NATIONS.

Although German Delegates firmly adhere to their standpoint that the latest proposals of ex-Allied Powers regarding the payment by Germany of several thousand million marks are wholly unacceptable in view of the Reich's precarious financial position, discussions are nevertheless continuing between German States and Premier McDonald and it is considered possible that Credit States may so far modify their original proposals so as to evolve a compromise capable of serving as a basis for further negotiations.

In the course of conversation with Premier McDonald on Friday afternoon Von Papen pressed numerous obscurities and uncertainties contained in ex-Allies proposals, and pointed out the necessity for Conference to produce definite guarantees for restoration of confidence. The first meeting was held on Friday afternoon between two and five o'clock, but the German Delegation was absent from the Meeting. In well informed circles it is stated that in the course of the Meeting Premier McDonald strongly appealed to the French Delegates to show themselves conciliatory as possible, and as a result the French Delegation manifested a much more accommodatory disposition regarding figures. It is further stated that the Commission succeeded in discovering alternative and considerably more elastic formula in the question of the so called Security Clause respecting European indebtedness to the United States - a clause which as originally formulated threatened to become a stumbling block to further discussion. The Commission adjourned until Saturday morning when it is expected they will complete drawing up the report which will be handed to the German Delegation in the form of proposals from the Five Powers.

At the close of the Commission Premier McDonald declared he was optimistic enough to say that agreement will soon be arrived at in order to have the Final Meeting on Tuesday.

A NEW AMERICAN ARMY.

A message from Washington states that soldiers of the "Berus Expeditionary Force" paraded and drilled for an hour in the hot sun on Saturday. It is further stated that it is the intention of the movement to spread its activities throughout the United States.

From New York we learn that only absolute repeal of the Ghee Amendment will save the United States from "wreck and ruin", this it is stated is the opinion of John N. Willys, the retiring Ambassador to Poland who was there en route for Toledo, Ohio. "I don't think" he said, "Our Country will stand a Chinaman's chance in the World if the dry law is allowed to continue".

It is estimated the United States ~~have spent~~ Five hundred million dollars in attempting to enforce a law which no one will obey.

LEAGUE OF NATIONS.

Saturday was a day of bargaining at Lausanne, the German Delegation, as was anticipated, raised objections to the figure of Four thousand million marks which it was proposed Germany should pay when a period of prosperity returns.

The Italian Foreign Minister visited Premier McDonald during the morning, and was followed by Von Papen who remained for 1½ hours.

CRIME IN THE BRITISH ISLES.

The Criminal Statistics for England and Wales for the year 1930, which have just been published, disclose no diminution of the seriousness of the crime situation revealed by the previous year's figures and tendencies. Crimes against property are increasing; the number has doubled in the last decade. It is suggested that this is a direct result of mechanical progress, and the popularisation of the motor car, which occupies the attention of a very large number of Police who would otherwise be engaged in the checking of crime.

More serious is the increase in the number of first offenders and in the cases of stealing by children, especially in the districts where industrial depression weighs heavily.

INTER-PLATOON LEAGUE FOOTBALL.

No. 1 -v- No.2. Platoon.

No. 1. Platoon greatly enhanced their prospects of winning the League Championship for the successive season by defeating No.2. Platoon by 7 goals to 2 on Sunday afternoon, Let it be said here and now they were full value for their win. In all departments they showed a marked superiority over their opponents.

There is no gainsaying the fact that No.1 Platoon possesses a strong, valuable team, far apart from excellent ball control and speed, in this match more than in any previous one this season they showed combination which proves there is well nigh perfect understanding among them. Therein lies the chief reason of their superiority.

Possibly No.2 were somewhat unfortunate in that they lost the toss, for they were forced to face a stiff breeze in the first half, and disaster befall them in the first minute of play, when O'Sullivan headed in low from a corner, the ball glancing in off the foot of Pike. Play was confined in No.2's half of the field for practically the whole of this moiety, and the "Threes" went ahead, through goals from Williams (2) Campbell and Aldridge, the latter sending in a shot which the "Two's" goalkeeper failed to hold, just on half time.

Unfortunately for No.2. Platoon the wind dropped in the second half, but play was more even and Peck was called upon on two or three occasions to save his charge. Nevertheless it was No. 2's goal that fell for Sedgwick put a sixth goal past D O'Sullivan from close in.

Eventually, following a breakaway on the "2's" right wing Byron scored a spectacular goal, the ball entering the net just inside the upright.

Ten minutes from time Williams, who was playing a remarkably fine game at Outside left, scored the 7th goal for No.1 from a difficult angle, bringing his total for the match to three. In the closing minute of the game Byron secured a second point for his side with an excellent cross shot which Peck made a valiant but unsuccessful effort to save.

RESULT. No. 1. Platoon...7. No.2. Platoon. 2.

As a result of Sunday's match, No. 1. Platoon stand at the top of the League with six points from four matches. They now have two matches to play both of which are against No.3.Platoon.

No. 3. Platoon with 2 points have yet four matches to play, their opponents being No. 1. Platoon (Twice) and No. 2. Platoon twice.

Thus it will be seen that the issue is still a very open one as both Nos 1 and 3 Platoons can attain the same highest possible number of points viz. 10, and it is possible that goal average may yet decide the championship.

THE HOUSE OF COMMONS AND THE IRISH LAND ANNUITIES.

As a result of the default by the Irish Free State Government in regard to the payment of Land Annuities a resolution has been moved in the House of Commons for a Bill empowering the Treasury to issue orders to impose duties up to 100 per cent on any class of goods imported into Great Britain from the Free State. Before the Debate on this resolution, The Right Hon. J.H.Thomas, Secretary for the Dominions, had received further despatches from the Government of the Free State noting the intention of the British Government.

LONDON STOCK EXCHANGE.

In a message from London it is stated that Monday was the busiest day on the London Stock Exchange for many years. It is learned that Sir William Morris, the head of Morris Motors Ltd., has decided to retain the whole of his and his company's £350,000 holdings in the War Loan under the Conversion Scheme.

The Bank of England, The Post Office, and Savings Banks are receiving thousands of offers to accept conversion of War Loan, and this is before Stock Holders in distant parts of the Country had had time to receive their application forms. One holder radioed from a ship sailing to South America asking arrangements should be made for conversion of his holdings without signing the forms.

It is officially pointed out that the terms of the conversion allow reasonable time for holders living abroad to effect their transfers. On Saturday last the Bank of England received 10,000 replies in the affirmative from Stockholders.

GERMAN AIRMEN SAFE.

The Australian Authorities have cabled to London intimating that the German Airmen, who have been missing since May 15th, have been found alive. They were discovered by natives at a point six miles west of Cape Berrier in Western Australia, in a starving condition but otherwise unaffected by their long sojourn in the Wilds.

The German Press is voicing the deep gratitude of the German people for the untiring efforts of the Australian Government in tracing the Airmen and for the prompt relief given to them.

CRICKET.

We learn that D.R. Jarding has been invited to Captain the M.A.C. Cricket team which is to visit Australia. P.F. Warner and R.C.N. Palaizet will accompany the Team as Joint Managers.

LEPERS ESCAPE FROM SETTLEMENT.

A message from Bucharest states that a number of Lepers interned in a Settlement succeeded in escaping and making their way to a small town where their appearance created panic among the inhabitants.

The Lepers, who were clothed in rags and in a half starved condition were obviously suffering from neglect and ill-treatment, stated that the Medical Officer had made a journey to Bucharest to obtain money for provisions etc, but had never returned.

"It's no use hurrying," said the stout man, "I have only two speeds slow and stop."

NEW DANCE BAND FOR STANLEY.

Our readers will be interested to know that a new Dance Band has been formed in Stanley which is called the "Stanley Melody Makers".

The Band which is composed of eight members will hold its first practice tonight at 8.15 o'clock in the Town Hall. It is, however, already open to receive engagements, particulars of which can be obtained on application to Mr. A.W. Beardmore.

STANLEY ROVER SEA SCOUTS.

We are asked to announce that the Rover Sea Scouts are holding another Dance on Friday night next in response to many numerous requests from many quarters, presumably owing to the great success of their first attempt on June 24th.

This time, we understand, it is in aid of the Funds of the Cathedral -with special reference to the expenses of the Church Hall..

This is a very generous impulse with which to start their career and evidently they are losing no time in doing their corporate "Good deeds".

INTER-PLATOON SWEEPSTAKE DRAW.

Quite a large number of people assembled at the Drill Hall on Tuesday evening to witness the draw of the Sweepstake in connection with the Defence Force Inter-Platoon Football Matches. We believe the amount realised from the sale of tickets on this occasion was the largest so far received since the inauguration of the "Sweep" - no less a sum than £50 being collected. The proceedings occupied nearly two hours, and much excitement was evinced when a winner was posted.

The prize winners are as follows : - 1st Prize, Ticket No 00381, Mr. W. Carey and Mr. W. Catten. 2nd Prize, Mr. B. Parrin, Ticket No. 00495. 3rd Prize "Tommy" Ticket No. 01142. The prizes were £13. 18. 6, £8. 7. 0, and £5. 11. 6.

There were five prizes for "Linesmen" which were won by Ticket No. 01213, 00753, 01321, 01146, and 00481.

THE LEAGUE OF NATIONS.

After series of conferences with Premier McDonald, Chancellor Von Papen announced that Germany was prepared to increase her final payment in settlement of all claims from 1500 million marks to 1950 million marks. It was later reported that France who has been insisting for payment of 3000 million marks is now willing to make some reduction. Despite this progress towards Franco-German reparations agreement the French side express belief that Conference is unlikely to succeed. It is understood the German offer is made conditional upon the deletion from the Treaty of Versailles of all reference to Germany's War Guilt, which is opposed by France, but it is believed that a formula has now been found to meet this difficulty.

THE FRENCH BUDGET DEFICIT.

It is believed that a critical situation has been created by the rejection of the Government's Economy proposals by the Chamber of Finance. It is said that the deficit of 4680 million francs must be covered and the Government's immediate proposals make economics of 3060 million francs. The Minister of Finance is negotiating with the Finance Commission, and it is generally believed that an agreement has been reached concerning disputed points. It is anticipated the Commission's supplementary report, which is the key of the compromise, will be presented to the Journal of Nioteil "in sufficient time" to allow the whole Budget proposals to be discussed by the Chamber on Monday afternoon.

FRENCH EFFORT REGARDING UNDESIRABLES

We learn from Paris that foreigners wishing to reside in France for a period of more than two months are now required to swear before a Commissioner of Oaths that they have never been in prison or committed any crime for which they might be imprisoned. This is the result of New Regulations compelling foreigners to show authorities a good conduct certificate from their Country before being granted a French Identity Card.

BREAKDOWN IN THE GENERATING STATION.

A fault developed in the Generating Station on Wednesday night at approximately 7.30. o'clock. We understand an attempt was made to supply the town from the small Petter engine, but the load was found to be too heavy for its capacity.

The stoppage was due to an alternator bearing running hot and expanding to such an extent as to prevent the Alternator rotating. The part was dismantled and the cause of the trouble located in the oil grooves which had become choked thus interfering with the proper lubrication of the bearing. The fault was rectified and the plant again in working order a few minutes after 10 o'clock.

We are told that the possibility of a recurrence is remote, particularly in view of the fact that the August cargo boat is bringing a duplicate engine and it will then be possible to switch over to the reserve engine with the loss of only a few minutes light.

THE AMERICAN AIRMEN

A message from Moscow states that nothing has been heard of the American Airmen, Mattern and Griffin since they Berlin on Wednesday with the intention of flying to Moscow, where they should have arrived in the early hours of Thursday. They failed to appear there and as aeroplane only carried fuel for 14 hours at the outside it is presumed they have made a forced landing in some remote spot. If this is the case they would lose 12 hours advantage over Post and Gatty, which they held when leaving Berlin.

The Soviet Authorities have instructed all Air Ports to make a search for the missing fliers.

NEVER TOO OLD TO LEARN.

An unusual case of a man changing his profession in later middle age is reported from Berlin where Public Prosecutor Claer, who is sixty years of age, has been ordained a Catholic Priest.

After leaving the State service Claer studied Theology at Bonn University in order to prepare for his new career.

PUBLIC MEETING.

A Public Meeting was held in the Church Hall on Thursday evening to discuss the question of Stanley Common. The Meeting was attended by approximately 70 people, and Mr. R.E. Hannaford was appointed to take the chair, while Mr. B. Fleuret acted in the capacity of Honorary Secretary. The following gentlemen were among those who took part in the proceedings :- Messrs J.W. Grierson, V.A.H. Biggs, - Waghorn, A.P. Hardy, T. Hardy, L. Hardy, W. Bonner, W.J. Hutchinson, Mr. C. Thompson, and Mr. F.F. Summers.

A full report of the interview granted to the Deputation by His Excellency the Governor was given to the Meeting, and the proceedings lasted nearly two hours. It was decided to request the Government to furnish a plan of the land which it is proposed to regard as "Common". At the conclusion a collection was taken to defray the expenses in regard to the hire of the Hall etc.

OUR FOOTBALL GALLERY - NO. 5 - BOLTON WANDERERS.

Bolton Wanderers Football Club was founded in 1887, and like the two Clubs we have already discussed in these columns, was one of the 12 original members of the Football League formed in 1888. The Club suffered relegation to the 2nd Division after only two seasons but were promoted in 1900, being runners up to Sheffield Wednesday. Twice more were they doomed to Second Division football only to win promotion in the years 1904, and 1908, on the last occasion they were Champions of Division 2. They have succeeded in retaining their place in the First Division ever since, but have never won the Championship, their nearest attempts being in 1921, and 1924, when they gained third place in the Table.

The Cup History of the "Trotters" makes brighter reading; Eight times the Club has fought its way to the Semi-Final, and three times to the Final. On all three occasions they have proved victorious and carried away the "Cup" to Burnden Park, their spacious ground, which is capable of accommodating 70,000 spectators.

It is a curious fact that Bolton Wanderers are the only team to have won the Cup at Wembley Stadium as many as three times, in 1923, 1926, and 1929, the first occasion being at the opening of Wembley Stadium on April 28th, 1923. The reader may recollect that it was on this day that the crowd broke through the turnstiles and invaded the playing pitch, the kick off being consequently delayed until nearly 4 o' clock. Although the Stadium was designed to accommodate 126,000 people, it is estimated that 200,000 were present. The gate receipts for this match were £27,776, this constitutes a record.

Ten of the eleven members of the Bolton cupwinning team of 1923 (v- West Ham) played in the Team which defeated Manchester City in 1926, and six of these again were in the Team to win the Cup (v-Portsmouth) in 1929.

Among the best known players to have worn the "Trotter's" Colours are :- J. W. Sutcliffe, since famous as a Referee, A. Shepherd centre-forward, later transferred to Newcastle, and now keeping a "Pub" on Tyneside, S. Seddon, centre-half, Nuttall, left half, and Butler, Outside Right. Then there are Joe Smith, and Ted Vizard - who formed for perhaps the longest time in football history, the best left wing combination in football - David Jack, transferred to Arsenal in 1928 for more than £10,000, Pym, the goalkeeper, transferred from Exeter City in 1921 - All the above named players are Internationals. THE LEAGUE OF NATIONS.

The hoped for agreement at Lausanne on Thursday was again delayed. Although Premier Herriot, and the German Chancellor Von Papen reached an understanding on the sum to be paid by Germany in final cancellation of reparations, the political conditions attached to the payment are preventing a settlement. In a long private interview with the German Chancellor, Premier Herriot said "I will not accept these political requests". The question of deleting all reference to Germany's war guilt from the Treaty of Versailles is the vital issue. Experts are working on a formula which it is hoped will prove acceptable to all sides - although there is a deadlock, it is said, all hope is not abandoned.

ARREST OF EX-KING ALFONSO'S AGENT.

A Message from Barcelona states that Count Vallolano, ex-King Alfonso's agent in Spain, has been arrested in connection with a suspicion that he is connected with an alleged plot believed to be the joint work of the right wing of the Extremists.

THE CONVERSION LOAN.

The London Banks have given a wonderful lead to War Stock holders by announcing that they intend converting the whole of their holdings. This step has been taken by all the members of the London Bankers Clearing House. Several other large concerns also announced they were converting all their holdings, including the Prudential Assurance Company £12,000,000, The London County Council 22,000,000.

AMERICANS CLAIM TO BE THE MOST TRAVELLED PEOPLE.

A message from Washington states that Americans continued to be the most travelled people during the year 1931. It is said that American visitors to foreign countries spent upwards of 57,000,000 dollars, while visitors to the United States spent only 12,000,000 dollars. Canada, and France appear to be the favourite countries for the American traveller.

FRENCH SUBMARINE SUNK.

It is officially announced that a French Submarine sank seven miles North of Cape Levi, with a crew of 49 and 17 officials from the Navy Yard.

Seven members of the crew had a miraculous escape by being swept into the sea when the submarine made her fatal dive.

BAN ON WAR LECTURE.

A projected lecture by a former German Submarine Officer, Commander Hassagen, on the sinking of British War Ships during the Great War, has been cancelled according to a statement made in the House of Commons by the Postmaster-General. The British Government, he said, consider the lecture inopportune in view of pending negotiations at Geneva.

The German Commander had been invited by the British Broadcasting Association to deliver the lecture as propaganda for the abolition of submarines, but ever since the B.B.C. made the announcement they have been bombarded with letters and telegrams protesting against the lecture.

MISS ENGLAND III.

Miss England III, Lord Wakefield's £40,000 speed boat has been jealously guarded at Loch Lomond where she is to make an attempt to break the World Water-speed record today.

AMERICA'S IMPORTS AND EXPORTS.

The United States exports for the first five months of 1932 show a decline of four hundred million dollars as compared with same period in the year 1931. The exports for the period ending 31st May were valued at 726853771 dollars as compared with the same period in 1931 when the figures were 11288399045 dollars.

The imports for the first five months of the year were 636528495 dollars as compared with 933695701 dollars in 1931.

**MINIATURE RIFLE CLUB.**

An interesting match was shot off at the Drill Hall on Friday evening between teams of Officers, N.C.O.s and Privates, Messrs J.F. Summers, and J.W. Grierson shooting for the Officers. When half the men in each team had shot it was found that the N.C.O.s had a useful lead of nine points over the others, which was partly due to "Bill" Cooper's 96, this being his best effort on the Miniature Range, his previous best score being 92.

As the match progressed the Officers gradually fell behind and the Privates pulled up. The issue was in doubt until the last shot was fired, and on totalling the scores the Privates were found to be the winners by the narrow margin of two points.

The individual scores are as follows :-

<u>OFFICERS.</u>	<u>N.C.O.s.</u>	<u>PRIVATES.</u>

**STANLEY CUBS.**

We are asked to announce that the Stanley Cubs will meet at Headquarters tonight at 5.30 o'clock.

DIAMOND WEDDING.

Our readers will join with us in congratulating Mr and Mrs Richard Aitken, who celebrate their Diamond Wedding today.

Mr and Mrs Aitken were married on the 11th July, 1872, by Mr Yeoman, the Presbyterian Minister then resident in the Islands, at a place near Darwin.

Of their children seven are still alive to rejoice with them, one in the Argentine, one in Chile, and the remainder in various parts of the Islands.

ROYAL SEA SCOUTS.

The Dance held under the auspices of the Stanley Sea Rover Scouts on Friday night was again an unqualified success.

The Church Hall was gaily decorated, and upwards of a hundred people were present. Dancing continued from 8 o'clock until the early hours of the morning, and we understand that the Church Funds have benefited to the extent of two or three pounds.

SPORT.

TENNIS. In the European Zone Singles Semi-Finals Prehn of Germany beat Austin of Great Britain, 6/0, 8/10, 6/2, and 6/7.

The British Davis Cup Team gained a marked advantage over the German Team when Perry and Hughes won the doubles today by easily beating Prehn and Dessart by 6/3, 6/4, 6/4.

CRICKET.

At Edinburgh Scotland beat the South Americans by 8 wickets. The scores were South Americans 220 and 208, Scotland 345, and 04 for 2 wickets.

The Eton versus Harrow match was drawn. Eton scoring 283, and 216 for 5 wickets, Harrow 349.

GOLF.

At Le Touquet in the French Womens' Open Golf Championship the final was contested by two English women, Miss Fishwick beating Miss Gourlay by 4 and 3.

THE FRENCH SUBMARINE.

A message from Paris states that one of the ships which rushed to the spot when the French submarine sank succeeded in establishing communication by telephony with the ill-fated vessel, and received the news that some members of the crew had found refuge in a turret and were alive, and quite safe for a short time. The French Ministry considered that it was impossible to help the living men, as they had nothing available for raising a boat of such dimensions. As a last resource they wired to the Italian Salvage vessel "Artiglio", which was working off Brest, for urgent assistance.

"Artiglio" arrived at the site where Submarine disappeared, and some her divers descended and located the vessel on the ocean bed. However, despite repeated knockings the Divers received no replies from inside, and all hopes of saving any of the 62 men entombed in her have been given up.

THE CONFERENCE AT LAUSANNE.

After more than three weeks hectic bargaining the Lausanne Conference ended at 1.30 p.m. on Friday, when the long hoped for agreement was reached which will end reparations episode for all time.

Mr. Ramsay McDonald came out from the room, when financial experts were putting the finishing touches to the financial stipulation, and smilingly announced to the Press Reporters that he had some good news at last.

His Majesty the King sent a personal message of congratulation to Mr. McDonald which commended the tact and patience shown by the British Premier during the prolonged negotiations. Mr. McDonald is also very warmly praised by the British Press.

Addressing the Final Conference Mr. McDonald said " We have written at Lausanne a page of history which must not be considered as the last chapter of an old book but the first chapter of a new one. He emphasised that the origin of the World's wealth lay in free interchange of trade and commerce, and anything that interfered with that interchange should be removed.

Henceforth Germany would take her place with other Powers in the task they had set themselves of bringing back prosperity to the World.

The Prime Minister returned to London yesterday, and was welcomed at Victoria Station by Col. Clive Wigram, representing His Majesty the King, Mr. Baldwin and other Cabinet Ministers.

The German Chancellor, Von Papen, speaking with great emotion broadcast from Lausanne to the German Nation. He said "I am announcing the glad tidings that reparation payments amounting to thirty three thousand million marks under the Young Plan is now definitely wiped out, and from the first of July Germany was no longer compelled to pay tribute in any shape or form.

THE AIR RACE ROUND GREAT BRITAIN.

It is reported from London that the King's Cup Air Race round Great Britain was won for the third time by Captain Hope with an average speed over the two days of 124.5 miles per hour.

Flight Lieut. Fielder, flying the machine owned by the Prince of Wales, was second, and Mr. Walter Funkman was third.

STAMFORD BRIDGE ATHLETIC CHAMPIONSHIPS.

Two World's records were beaten at the Womens' Championship at Stamford Bridge on Saturday.

Miss Ethel Johnson won her heat in the 100 yards in 11 seconds, the previous record being 11 and 1/5th seconds. Miss Newall Halstead retained her 440 yards championship in 56 and four fifths seconds. She beat her own World's record by two seconds.

THE FREE STATE DUTIES.

The final stage of the Irish Free State Special Duties Bill was taken into the House of Commons yesterday, when the third reading was passed by 222 votes to 50.

CRICKET.

On Saturday Kent beat Northamptonshire by an innings and 188 runs. Lancashire beat Derbyshire by 185 runs, Warwickshire beat Essex by nine wickets, and Yorkshire beat Gloucestershire by 133 runs.

MISS ENGLAND III.

At Loch Lomond on Saturday Kaye Don made two short runs with Miss England III, the vessel which was "porpoising" attained a speed within 5 miles of the record, which is at present held by Gay Wood with 111.72 miles per hour.

An attempt is being to capture the World's record on Saturday next.

BISLEY.

At Bisley on Friday Scotland won the "Eloho" Challenge Shield for the third year in succession with a score of over 1700.

We are asked to publish for the information of those interested some details of the Competition.

The "Eloho" Shield was presented in 1862 by the late Lord Eloho, and is competed for by teams of eight men representing England, Scotland, and Ireland, at the 900, 1000 and 1100 yards ranges.

MR. RAMSAY McDONALD RETURNS TO ENGLAND.

Mr. Ramsay McDonald returned to London on Sunday from Lausanne. He was accompanied on his journey from Paris to Boulogne by the British Ambassador, Lord Tyrrel. On his arrival at Folkestone he was officially welcomed by the Mayor in the presence of a large crowd. It is estimated that 5000 people thronged the approaches of Victoria Station to greet the Prime Minister, he was welcomed on behalf of the King by Sir Clive Wigram, Mr. Stanley Baldwin and other members of the Cabinet also greeted him and warmly congratulated him on the success of the Conference.

In response to the cheering crowds the Prime Minister said "I am very glad to get back after a most strenuous time on behalf of a most admirable cause with splendid colleagues. I hope it will be the beginning of confidence, hope, and good honest hard work."

The cheering continued as the Prime Minister drove away from the Station, and on arrival at Downing Street he found that another large crowd had assembled in front of his official residence to welcome him. Soon afterwards Mr. McDonald drove to Buckingham Palace where he was received in audience by His Majesty the King. T.R.H. The Prince of Wales and Prince George were also in attendance.

Sir Thomas Horder, the Prime Minister's Physician, travelled from Folkestone to London with Mr. McDonald, and was there joined by Mr. Eldor, the Oculist. They pointed out that owing to the intense and constant strain during the past four weeks, the effect of which was particularly apparent during the last three days of the Conference, that it was essential for Mr. McDonald to have complete rest until Tuesday at least.

On Tuesday the Prime Minister is to make a statement in the House of Commons regarding the Conference at Lausanne.

It is stated that Mr. McDonald has received a large number of telegrams from Statesmen all over the World. Our readers will be interested to know that His Excellency Sir James O'Grady has telegraphed the Prime Minister as follows :-

" McDonald, Downing Street, London.  
 Heartly congratulations and deep gratitude for your work at Lausanne. You have indeed opened a glorious new book to the World.

THE CONVERSION LOAN.

Remarkable progress which has been made in the conversion of the five percent War Loan was described by the Chancellor of the Exchequer on Saturday as splendidly encouraging. It is authoritatively stated that more than half of the huge total of Two thousand million pounds involved in the operations is already accounted for.

General Sir J. Seely, who is acting at the request of the Government as Head of the Government Appeal for Conversion said, "The result has been far greater than we had dared to hope".

All but a very small proportion of the 347,000 applications so far received by the Bank of England, and the 239,600 received by the Post Office, were for conversion.

THE WORLD ECONOMIC CONFERENCE.

The date of the World Economic Conference which is to constitute the next step towards economic reconstruction, will take place after the Ottawa and League Assembly, with a possible interval for the American Elections.

Neither Geneva nor Lausanne is favoured by the American Government, which is more than ever anxious to make London the venue of the Conference as Washington is unavailable.

LONDON FAVOURED BY THE SUN.

Sunday was the warmest day in England this year, a temperature of 84 degrees in the shade being registered, which is 13 degrees above the average for the season. There were eleven hours of sunshine which figure represents double the average for the season.

It is reported that something like 10,000 people bathed in the Serpentine on the occasion of the opening of the new Lido.

WHALING IN SOUTH GEORGIA.

We are informed definite information has been received indicating that Messrs Salvesen & Company will not conduct whaling operations at Leith Harbour, South Georgia, during the coming season.

As will be remembered two Companies only operated Land Stations in the Dependency during the Season 1931-1932, namely Messrs Argentina de Pesca at Grytviken, and Messrs Salvesen at Leith Harbour, and it is now thought that the prospects of land operations in South Georgia during the Season 1932-1933 are extremely improbable.

FIRE IN THE OLD MILLINERY STORE.

We understand an outbreak of fire occurred in the roof of the "Old Millinery Store", the property of the Falkland Islands Co. Ltd., at approximately 5 o'clock on Monday evening.

It was, we understand, not of great magnitude, but undoubtedly the risk of its spreading and causing, possibly, considerable damage was curtailed by the prompt action of Messrs A. Steel, G. Perry, G. Thompson and his two sons, who with the aid of the Police extinguished the flames.

WEATHER REPORT.

The observations made at the Stanley Observatory during the 24 hours ending 9 a.m. yesterday morning were as follows :-

THE LATE MR. CHARLES ROBERTS.

Mrs C. Roberts, Mrs Maestrom, and Mr. H. Roberts wish to thank Dr. Edmunds, the Matron and Staff of the King Edward Memorial Hospital, for the kind and untiring attention accorded the late Mr Charles Roberts during his stay in the Institution.

They also desire to thank those who sent wreaths, flowers, and letters of sympathy in their sad bereavement.

Among the list of those who sent floral tributes the names of Mrs Dertloff, Mrs Clotharoe, and Mrs Grant should have appeared.

THE CONVERSION SCHEME.

Mr. Neville Chamberlain speaking in the House of Commons on Monday said that nothing could be more gratifying than to hear the universal expression of admiration and astonishment at the way Britain had recovered her financial position. Referring to the Conversion he said applications had exceeded all anticipations. Up to Monday morning they had received 650,000 applications from holders, and the number of those wishing to redeem their stock was negligible.

The results of the Scheme had already been shown in the extraordinary rise in British Gilt Edged Securities.

YACHT RACING.

The race for big yachts over a course of 40 miles resulted in Shamrock taking first place, and Candida and Britannia second and third place respectively.

THE LAUSANNE CONFERENCE.

Telegrams received in London from Germany and France state that Lausanne Conference Agreement is approved by both their Governments.

The Chancellor of the Exchequer replying to questions in the House of Commons was confronted by a series of queries and criticisms regarding Lausanne from Mr. Winston Churchill.

Mr. Chamberlain, however, decided to let bulk of Mr. Churchill's remarks await answer by the Premier.

MR. McDONALD RESTING.

The Premier, Mr. Ramsay McDonald, spent a comparatively quiet day on Monday, during which he saw several of his Cabinet Ministers and discussed the Ottawa Conference.

AMERICAN AIRMAN TO MAKE ANOTHER BID FOR WORLD RECORD.

### HOESE PURCHASED FOR 47,000 GUINEAS.

A message from Newmarket states that "Salario" the 10 year old thoroughbred stallion was sold for 47,000 guineas at Tattersall's to Lord Glanely acting for a syndicate of British Breeders.

It is stated that before the sale the Syndicate was only prepared to pay 40,000 guineas, but when it was seen that a determined effort was being made to secure the horse for America, Lord Glanely encouraged by Lord Rosebery went on. The penultimate bid was 46,500 guineas made by Mr. F.B.Hills, acting for a United States Syndicate. Among the new owners of the horse are Lord Rosebery, Lord Glanely, Sir Lawrence Phillips, and the Aga Khan.

### BISLEY.

A Bisley record was paralleled on Monday when Pilot Officer Lewis of Oxford University firing for the Humphrey Challenge Cup scored 223 with 45 shots from the 900, 1000, and 1100 yard ranges.

Ashton equalled this score in the "Echo" Competition six years ago.

It is said that two of Lewis' shots were fired during a storm when it was practically impossible to see the target.

### MISS ENGLAND III.

It is learned from Loch Lomond that Miss England III spent most of Monday among the ruins of her launching cradle.

When launch began in the early morning a crash was heard and the cradle and its precious freight capsized into shallow water. Another slipway is being built, and it was hoped the launch would take place on Tuesday morning.

NORWEGIAN GOVT TO TAKE A. OF GREENLAND.

It is learned that the Norwegian Cabinet at a sitting on Tuesday afternoon decided to take possession of a part of Eastern Greenland lying between 60.30 and 63.40 degrees North latitude.

SPANISH BATTLE SHIP LOST.

A message from Madrid states that the Spanish Battle ship "Blas de Leje" built in 1923, and described as a modern and fast vessel, ran aground off Cape Finisterre on Tuesday afternoon and sank in 20 fathoms of water. There was no loss of life.

IMPORT DUTIES ON FREE STATE GOODS.

The Imperial Treasury on Tuesday issued the first order for duties on imports from the Irish Free State which is to come into operation on Friday. A 20% ad valorem duty is to be imposed on all animals imported for food or otherwise, butter, eggs, cream, bacon, poultry and game.

Great Britain takes 96.3 per cent of the total exports of the Irish Free State, and spent over £23,500,000 for foodstuffs produced there during the year 1931.

BISLEY.

The Rajah of Koloporo's Imperial Challenge Cup, presented in 1871 by the late Rajah of Koloporo, was competed for on Tuesday at Bisley and won by Canada.

The actual score was not received but we are told that the Dominion won by 21 points, presumably over the Mother Country who last year won by four points from Canada with a score of 1106.

The competing teams are usually England, Canada, India, Jersey and Guernsey, with Australia as an occasional competitor.

The "Morning Post" Junior Koloporo is usually competed for at the same time as the Senior, but no information regarding the result has yet been received.

THE FALKLAND ISLANDS DEFENCE FORCE.  
MINIATURE RIFLE CLUB.

An interesting match is to be shot off on Friday evening at the Drill Hall when the following teams will compete :-

We are asked to state that one target will be reserved for the use of the members of the Club who are not participants in the above match.

NEW YORK GANGSTER SHOT.

A message from New York states that Edward F. McCarthy, one of New York's most dangerous gangsters, was cornered in his hiding place near Albany, and fatally shot in a sensational fight which took place between the State Police and himself.

Detective Moore, who had trailed the gunman for nine months, and one of his colleagues, were seriously wounded.

McCarthy was killed when he attempted to escape by means of a waiting motor car. His wife, assisted by another gangster, kept up the fight from a house until the woman was wounded.

It is stated that McCarthy was suspected of killing Jack Diamond, another notorious gangster, in New York some months ago.

DEATH OF CZECHOSLOVAKIAN SHOE MAGNATE.

The death is reported from Prague of M.Bata, the Czechoslovakian shoe magnate while making a tour of inspection of his factories.

Bata had set out in his private aeroplane to inspect his factories before proceeding to Breslau for a meeting. It is presumed that he instructed the Pilot to fly low the better to observe, but owing to the poor visibility obtaining the Pilot miscalculated the height and collided with one of Bata's Factory Chimnies.

An explosion was heard and the aeroplane fell to the ground like a stone, the occupants being killed instantaneously.

On Tuesday the papers contained an announcement to the effect that the Bata Company intended paying its first dividend. A statement was issued that the management of the Company would remain unchanged and that the Company was economically sound.

THE OATH OF ALLEGIANCE.

On Tuesday after a stormy debate the "Dail" rejected the Irish Free State Senate's amendments to the removal of the oath.

It is not expected that the Senate will accept the returned Bill, which will remain suspended for a period of 18 months.

PREMIER RECEIVES ROUSING RECEPTION  
IN THE "HOUSE".

When, before a crowded house with packed Galleries, which included many prominent Foreign Diplomats, Mr. Ramsay MacDonald rose to address the Commons on the Lausanne Conference he was greeted with loud and prolonged applause from all quarters.

He began by claiming that the Lausanne Conference marked the end of the Reparation Policy. The Premier stated that no economic peace was conceivable as long as reparations were endured. Continuing, he said, "Until Germany was restored to her position as a World Economic Factor there could be no improvement in the World situation." He hoped the Conference had put an end to uncertainties: Some people had wanted him to wait for the results of certain Foreign elections, but, he said "I am tired of waiting for Elections". The Premier then stated that some people were of the opinion there was a possibility that the "Lausanne Agreement" might fail to obtain the ratification of one of the Parliaments concerned.

Mr. McDonald declared that he had been asked by the German Chancellor if he was prepared to guarantee that all the Plans should fail a Conference of World Powers would follow. He had replied stating that that would certainly be the case, but an alternative was to fall back on the "Young Plan". Mr. McDonald said he trusted the Lausanne Pact would not fail, and if there were means of preventing it then the British Government would do all in its power to employ them.

Mr. Lloyd George speaking during the Lausanne Agreement Debate criticised the absence from the white paper of the so called Gentlemen's Agreement which he understood from the French Papers was in writing. Mr. Chamberlain replied "If America had been participants in our discussions no such agreement would have been necessary, because we could have got a final agreement on the spot. What we had to do was to see if we could come to an agreement ourselves. That we have been able to get the European Creditor Powers to agree is what constitutes the success of the Lausanne Pact.

MISS ENGLAND III.

It is reported from Loch Lomond that Miss England III had barely entered the measured mile when her engines' roar died into a murmur with overheating trouble. The bid for the world's record is being postponed indefinitely.

AMERICA AND WAR DEBTS.

The New York Times states that the opposition in the American Congress to any modifications in the European Debts Agreement is becoming solidified as a result of the "Gentlemen's Agreement".

COSMETICS FOR FRUIT.

A New York scientist is reported to have succeeded in putting a fully ripened "blush" on otherwise pallid apples and peaches by exposing them to infra-red rays.

WORLD ECONOMIC CONFERENCE

The British and French Governments have issued an open invitation to other leading European Powers to deal with the future economic and political problems of Europe in the same helpful spirit that prevailed at Lausanne.

The general lines of the proposals were announced simultaneously in the House of Commons by Sir John Simon, the Foreign Secretary and in the French Chamber of Deputies by M. Herriot, as follows :-

"In the Declaration which forms part of the final act of Lausanne Conference the Signatory Powers express the hope that the task there accomplished would be followed by fresh achievements. They affirm that further success will be more readily won if the Nations will rally to a new effort in the cause of peace, which can only be complete if it is applied in both economic and political spheres. In the same document the Signatory Powers declare their intention to make every effort to solve problems which exist or which may arise in the same spirit which inspired the Lausanne Conference. In that spirit His Majesty's Government in the United Kingdom, and the French Government decided to give a lead and mutual contribution to that end on the following lines (1) In accordance with the spirit of the Covenant of the League they intend to exchange views with one another with complete candour, and to keep each other mutually informed of any question coming to their notice, similar in origin to that now so happily settled at Lausanne, and which may affect Europe's regime. It is their hope that other Governments will join and adopt this procedure. (2) They intend to work together with other delegations at Geneva to find a solution of the Disarmament question, which will be beneficial and equitable for all the Powers concerned. (3) They will co-operate with each other and other interested Governments in careful and practical preparation of the World Economic Conference. (4) Pending negotiations which will be entered into at a later date regarding a New Commercial Treaty, they will avoid any action of a nature which will be detrimental to the interests of any Country concerned."

"LAPONIA'S" MAILS.

Our readers will be interested to know that letters which arrived by the s.s. "Laponia" will be given out at Noon today.

A later announcement will be made regarding newspapers.

IRISH TARIFFS.

It was announced in the "Dail" yesterday evening that an Emergency Bill is to be introduced, which it is understood although the provisions of the Bill have not been divulged, that it expresses Mr. DeValera's intention to abolish the preference accorded to British goods imported into the Irish Free State, and set up a Tariff wall against British exports unaffected by the removal of the preference. These measures form a reply to the decision of the British Government to recover loss on unpaid Land Annuities by imposing a 20% tariff.

During the debate on Agriculture, Mr Cosgrave referred to the British Tariffs and said he knew of no possible arrangement which could be employed to limit the terrible result, or compensate them for the hardship they were going to suffer.

It is reported that long lines of vehicles bearing butter and eggs, and huge drives of cattle crowded the Quays of Cork and Waterford in a frantic effort to export before the British Tariff became operative today.

-----  
THE LATE EX-KING MANOEL'S ESTATE.

In accordance with Portuguese law half of ex-King Manoel's estate will be placed to the credit of his mother, the other half will become the property of the Portuguese Nation. A Portuguese Noble in close touch with the ex-King's family at Fulwell Park stated that during the lifetime of Queen Augusta Victoria the income from the National portion would be paid to her. He said it was his opinion that the value of the Portuguese property at £1,000,000 was overestimated, and he considered that half that figure would be more correct.

-----  
GREAT BRITAIN'S REVENUE FROM IMPORT DUTIES.

The revenue received by the British Government in respect of the various Imports Duties Acts up to and including the 30th June is as follows :-

- Import Duties Act. £5, 786,000.
- Abnormal Importations Act. £1,341,000.
- Horticultural Products Act. £414,000.

AMERICA AND WAR DEBTS.

A message from Washington states that a State Department has announced there is no change in the attitude of the United States Government in regard to War debts from the views outlined by President Hoover in June, 1931.

On that occasion he said he did not approve of the cancellation of any debts but agreed that further temporary adjustments should be made.

BATA'S SHOE MANUFACTORY.

Premier Udizal has returned to Prague after his sudden journey to Zlin where Bata's Shoe Factory is situated. The fact that the Premier had left a Cabinet Meeting suddenly in order to make the journey attracted much attention to Bata's Works and its extraordinary importance to the Czechoslovakian State.

The Premier stated he believed the concern was sound financially and efficiently organised, and it was his view no fears may be held regarding its immediate future.

GOLD RECOVERED FROM THE "LAURENTIC".

A message from Londonderry states that Divers have brought up a gold bar worth £20,000 from the wreck of the "Laurentic".

The vessel was sunk off the mouth of Lough Swilley in 1917 when conveying bullion to America, and her valuable cargo of bullion now lies scattered over the ocean bed. It is, however, expected that further finds will be made before the Autumn.

CHILE.

We learn from Santiago that the Chilean Minister for Finance has issued orders postponing the confiscation of deposits of Foreign Currency in Chilean Banks until August 1st.

It is said this decision is the result of protests made by the leading Powers.

BELGIAN COAL MINERS' STRIKE.

An agreement has been reached between representatives of Employers and Employed of the Belgian Coal Field, which it was expected would be ratified yesterday, thus bringing an end to the dispute.

AMERICA AND THE "GENTLEMEN'S AGREEMENT".

A message from Washington states that it is generally believed that American representatives were in close touch with everything that happened at Larzenmo. It is the view of many leading Americans that if America had interposed an official objection there would have been no "Gentlemen's Agreement" but by not doing so they have in effect acquiesced.

RUSH TO EVADE IMPORT DUTIES.

A message from London states that a last minute rush has been made to dump Irish Free State goods into Great Britain before new Duties become operative. At Liverpool there were landed 6000 head of cattle, sheep and pigs, six racehorses, 12 greyhounds, and 200 tons of cream, butter and eggs. One vessel made an exciting dash across the St. George's Channel in thick fog with 370 tons of dairy produce on board.

The Cork steamer "Kinsale" arrived half an hour too late for clearance at Customs, and the cargo bill will thus become the first dutiable consignment.

CONY ISLAND ABLAZE.

A sudden change of wind which blew flames out to sea saved Coney Island from certain destruction, but four whole blocks of buildings were completely gutted, and a quarter of a mile of board walk was also destroyed. It is stated that a thousand people have rendered homeless by the conflagration.

It is estimated that damage has been placed at approximately one million dollars.

DR. VORONOFF CLAIMS TO CURE ONE FORM OF CANCER.

Dr. Voronoff, the Austrian expert on rejuvenation, who is at present in England, claims to have discovered a method to cure Monkeys inoculated with human cancer. He said "Out of 72 monkeys treated 22 have been cured" continuing Dr. Voronoff said "Of course, it is far easier to cure a monkey than a human being, for they will put up a harder fight against disease, that is because their blood is stronger."

He is of the opinion that the World can hope for a cure of the dread disease.

OUR FOOTBALL GALLERY. NO. 4. DERBY COUNTY.

We choose this week yet another of the "Original" twelve Clubs, for Derby County, familiarly known as the "Rams", came into being in 1884, and joined the newly formed League four years later. A general review of the history of the Club shows that whilst accomplishing nothing brilliant, more than ordinary success has been achieved.

During the first few seasons the "Rams" gained on the average something like fourth or fifth place in the League Table, their best performances being in 1893, 1895, and 1896, when they were third, second, and third, respectively. It would seem that during the closing years of last century Derby County were a team to be reckoned with, for besides the above League successes they were Cup Finalists in 1898, and 1899. But we will return to their Cup history later.

Derby had to say Goodbye to First Division Football for a couple of seasons, but gained promotion in 1915, together with Preston North End. As the Competition was suspended during the War, the two teams who had been promoted in 1915 were placed in the First Division League Competition was resumed in September, 1919. In this very first post-war season the Club fared badly and just escaped relegation to the Second Division by a point. The following season proved disastrous and Derby County accompanied Bradford to the 2nd Division - Then followed the usual struggle to regain 1st Division status - It is easy to lose a place in the Upper House, but getting back is a different matter. In the 1923 Season and also in the 1924 Season 3rd place in the 2nd Division was attained, Thus promotion was narrowly missed on both occasions, as only the top Club and the runners up are promoted. It is an astonishing fact that in the 1924 Season Derby County missed promotion by having a goal average which was inferior to that of Bury, the runners up, .002. of a goal! I may be forgiven for referring in detail to what in the town of Derby was nothing short of a tragedy. On May 3rd, 1924, Derby County were at home to Leicester City in the last match of the season, Bury had finished their season's programme the previous week and attained second place with 51 points, Derby County had 49 points and could equal Bury's 51 if they beat Leicester City. Then the question as to whether Bury or Derby County were promoted would be decided by goal average. To finish the season with a better goal average than Bury Derby must beat Leicester by 5-0 at least. Well, there was a record crowd, including the contingent from Bury who were on tenterhooks - At half time Derby led 3-0. In the second half the whole Derby eleven seemed to bombard the Leicester goal but met a resolute and determined defence which conceded but one more goal. Thus Derby County beat Leicester by 4 goals and missed promotion by a goal. Nevertheless they ascended to the 1st Division in the next season and have maintained a fairly good place therein ever since.

Derby County have never won the English Cup, although they have appeared in nine semi-finals and three finals, these last being in 1898, 1899, and 1903. They were defeated on these occasions by Notts Forest (3-1) Sheffield United (4-1) and Bury (5-0 - The score in the last case being the record for any Cup Final. It would appear that Bury certainly is Derby County's bogey team. Before closing this article mention must be made of perhaps the best known player of Football ... Steve Bloomer, who played for Derby County (They discovered him playing in a Junior team for his native town of Tutbury, Staffs) During the period "Steve" wore the Derby County Colours and Middlesborough colours, he scored no fewer than 353 goals in League matches, 28 goals in International matches, and earned 23 International Caps. During the War, interned in Germany, he coached the youth of Germany in the art of "Soccer", and in post-war football he has been coach to Derby County, his old club. Among other famous players for Derby County we have Archie May, Johnnie Goodall, J.W. Robinson, and Ben Warren, the latter, who earned 15 caps for England, was born in the South Derbyshire Coal fields, and later transferred to Chelsea.

Saturday, 16th July, 1933.

DERBY COUNTY (Continued) from Page 3.

Outstanding among the players of the present day Derby County we have T. Cooper, left back, and S. Crooks, Outside right, both players have earned their International Caps, and indeed they are regarded in many quarters as being the best players in their respective positions, in the Game today.

AMERICA AND THE EUROPEAN SITUATION.

A message from Washington states that the American uneasiness over the European situation has been largely dissipated by the visit of the British Ambassador, Sir Ronald Lindsay, to the State Department, when he presented an official interpretation of the Franco/British Accord. The important question of America's willingness to assist the World's Monetary Conference was touched upon.

It is stated that American Officials hope the League of Nations will delay issuing invitations for a few weeks to afford time for the agitation over the Lausanne Agreement to subside.

THE FRENCH BUDGET.

The French Chamber on Saturday passed a Vote appropriating 3,500 million francs to cover the Treasury commitments.

Following the success of the British Loan Conversion Scheme the French Government intends to convoke a special session of Parliament in September to approve of a National Debt Conversion Scheme.

AMERICAN RELIEF SCHEME.

Gold to the value of two hundred and twenty six million dollars was exported from the United States during the month of June. Imports were comparatively insignificant.

The Senate on Saturday passed a Bill appropriating two thousand million dollars for relief, which now goes to President Hoover, who has already intimated his intention of signing the measure.

CELIBATE ORDER IN METHODIST CHURCH.

The question of a celibate order in Methodist Church was raised by the Rev. A. C. Withem at the Wesleyan Conference now being held at Manchester. Discussing Foreign Missions he referred to the expense involved by sending Missionaries with wives and families. He suggested they should appeal to the young men in their Colleges to volunteer to remain single for ten years and renew their vow every five years. They should be prepared to go anywhere on the smallest sum of money possible.

It was pointed out by the Rev. E. Walters that the remarks were those of an individual and not the views of their Church.

A SQUEAL TO BRITISH IMPORT DUTIES.

Several horses from the Irish Free State which had been entered to run in a Race Meeting near Belfast on Saturday were stopped on the Border, and their owners ordered to pay £20 import duties. The order met with a refusal and the horses were not allowed to enter.

Tuesday, 19th July, 1932.

#### AFRICAN TRAIN BLOWS UP.

A train proceeding from Kimberley to the Rand Mines with 312 tons of dynamite blew up on Saturday with a terrible flash. 34 trucks were reduced to matchwood, and a trench 15 feet in depth and 500 yards in length was excavated alongside the permanent way.

A woman and her three children who resided at a place near to the scene of the explosion were killed as also were four other persons.

#### THE PROPOSED INTERNATIONAL LOAN TO AUSTRIA.

From Vienna we learn that the conditions attached to the proposed International loan to Austria have not met with the reception which the authors anticipated. Critics are of the opinion that acceptance would entail abandonment of all ideas of a Customs Union with Germany for a period of not less than twenty years.

#### THE GERMAN ELECTIONS.

The nature of the Election Campaign in Germany has induced Herr Hitler to employ a personal body guard of 60 men, each member of which must not be less than 5 feet nine inches in height or over 30 years of age. For their services he has undertaken to provide them with uniform, board and lodging, and ten marks per week pocket money.

#### THE RETURN OF EX-PRESIDENT IBANEZ TO CHILE.

General Ibanez, formerly President of Chile, has returned to his Country. On arrival at the Aerodrome outside Santiago he received an enthusiastic reception from a large crowd of people, among them being all the former Senators, Ministers, and Military Chiefs in the Ibanez regime.

#### BAN ON LONG FLIGHTS LIFTED.

It is learned that the French Government has annulled the decision forbidding long distance flights.

THE DEEPENING OF THE ST. LAWRENCE.

The Treaty entered into by the Governments of Canada and the United States providing for the co-operation of the two countries in constructing a Saint Lawrence deep water way from the Great Lakes to the Sea was signed yesterday.

It is understood the cost of the undertaking is approximately eight hundred million dollars.

CHEAPER MONEY.

The following is published with due acknowledgement to the Buenos Aires Herald :-

" The reduction of the Bank Rate from  $2\frac{1}{2}\%$  to  $2\%$  is the sixth reduction this year. The rate having come down from  $3\%$ , at which it was fixed when Great Britain suspended the Gold Standard last September. The present rate is the lowest for 35 years. "

ENGLISH SPEAKING RADIO CLUB.

It is announced that the English Speaking Radio Club at Buenos Aires is to be broken and its proceeds are to be divided amongst three Charities, The British and American Benevolent Society, The British Hospital, and Morris's Schools. Each of these Institutions will receive 2000 dollars each.

This news is received in Stanley with regret for it will be remembered that through the generosity of this Club "Listeners In" in Stanley have many times been afforded much pleasure - foremost in one's memory are the splendid renderings of Gilbert & Sullivan's Operas which the Club broadcast, and which delighted so many of us.

SYDNEY HARBOUR BRIDGE.

An extraordinary electrical phenomenon has been caused by the passage of motor traffic over the Sydney Harbour Bridge. Toll collectors complained that as they were taking the tolls from the occupants of motor cars whenever the hands of the Toll Collector and Motorist met the Collector received an electric shock.

The Supervising Engineer of the Bridge finds the solution of the question in the dust free atmosphere over the Bridge. Electricity escaping from the batteries of the cars is attracted on the ordinary highway by particles of dust, but in the dust free air of the Bridge the electricity becomes stored in the metal bodies of the cars and in the bodies of the passengers. Toll collectors will in future wear rubber gloves, or rubber pads on their shoes, thus breaking the current's path to the earth.

THE PRINCE OF WALES AS A LINGUIST.

It is of interest to note that H.R.H. The Prince of Wales is regarded as the best linguist in the Royal Family. He is, it is said, at home in several languages, and can carry on intimate conversations in Spanish, French, German, Italian, and Danish.

THE ROYAL NAVY.

It is learned that three new cruisers are to be built for the Royal Navy, they are to be named Amphiox, Ajax, and Archusa.

-----  
PORT OF SPAIN ABLAZE.

The largest fire for many years destroyed a whole block of buildings in Port of Spain, among which is included the Colonial Treasury, The Government Rum Bonding Warehouse, the Income Tax Offices, and the Savings Bank.

The Fire Brigade was overwhelmed by thousands of barrels of rum from 40 percent to 60 percent over proof rum exploding and burning in the streets.

The Treasury records, including the Income Tax and the reserve stock of stamps, even in the Vaults, are believed to have been destroyed, but at the present the heat prevents access.

It is a coincidence that the Cashier of the Post Office Savings Bank was convicted the day previous to the outbreak for falsification of records and embezzlement.

-----  
OTTAWA CONFERENCE.

The British Delegation to the Imperial Economic Conference arrived at Ottawa on Tuesday afternoon, and received an enthusiastic reception from a huge crowd.

Mr. Baldwin, the chief British Delegate, in the course of a statement at the conclusion of his journey referred to the useful conferences which took place during the passage from England with Industrial Advisers and other Delegates from other parts of the Empire who also travelled by the "Empress of Britain". Mr. Baldwin said that the progress made was a good augury of the helpful co-operation which, he anticipated, will mark the Conference proceedings. Continuing he said "The Delegates can reach agreements which will increase the trade between different parts of the Empire, thus promoting greater wellbeing of all. We believe the methods we are adopting will set an example to the whole world in breaking down obstacles to Commerce, and in aiding the revival of Industry and Trade and thus bring the people safely through the tragic depression of recent times."

-----  
THE WORLD ECONOMIC CONFERENCE.

In reply to a question a highly placed Official at Whitehall stated that he considered it premature to state that the World Monetary Conference would be divided into two Sections, the Financial and Economic.

### THE R.R.S. "WILLIAM SCORESBY".

It is interesting to learn that when "The Scoresby" arrived in England recently she was inspected by the Hydrographer of the Navy, Vice Admiral H.B. Douglas, C.B. C.M.G. R.N., who was accompanied by Mr. E.R. Darnley, Chairman of the Discovery Committee, and Dr. S. Kemp, F.R.S. Director of Research.

Admiral Douglas addressed the crew, and presented mementoes of the commission to Officers and men. The Officers received framed photographs of "The Scoresby" with a silver commemorative plate attached.

Mention was made of the valuable work performed by the Expedition especially the work in connection with the survey of the tawling grounds in the vicinity of the Falkland Islands in which it is said large numbers of lake aboynd. The results of this Survey are expected to yield material for the accurate estimate of the commercial possibilities of the area.

### FOOTBALL PLUS ....

It is reported that at a recent football match held between two well known teams in Buenos Aires, the spectators who numbered upwards of 50,000, received more thrills than they anticipated.

The last part of the game took place in a heated atmosphere owing to an incident which occurred some 15 minutes after the commencement of the second half. The Referee gave a free kick for a foul, which was the signal for a general melee.

One player pushed his opponent, and then hit him a blow, someone added a kick, and several hard punches, which resulted in the recipient being rendered 'hors de combat'. His friends resenting the treatment voted out to him joined in the 'fun' and the spectacle of men indulging in the ancient art with one or two innovations, while others chased round the ground in search of 'Game' provided both teams supporters with unparalleled excitement.

The game was resumed after the originator of the 'War' had given his parole to put himself under arrest at the conclusion of the game.

THE IMPERIAL CONFERENCE AT OTTAWA.

The Imperial Conference at Ottawa was opened on Wednesday, and it is understood that Canada will make greater concessions to Great Britain than was at first anticipated, and have offered substantial reductions in preference tariffs. The Dominion is prepared to grant free admission to Empire Goods of the kind not manufactured in Canada, and on competitive goods will maintain only a sufficiently tariff to overcome difference in cost of production. An agreement between the Canadian and British Steel Industries provides that steel goods of a type not manufactured in Canada will in future be purchased from Britain instead of the United States. It is reported that good progress is being made by the representatives of the Canadian and British leather industries.

THE WORLD ECONOMIC CONFERENCE.

It is reported from Washington that America's official attitude favours participation in the London Economic Conference, but with important reservations regarding the questions of German reparations, European War Debts, and American Tariffs.

CHANGES IN THE ITALIAN CABINET.

A message from Rome states that Mussolini has made a "clean sweep" of his Cabinet, The Foreign Minister, Grandi, four other Ministers, and ten Under Secretaries having "resigned".

Changes in the most important Diplomatic posts abroad are expected to follow shortly, including the appointment of Signor Grandi as Ambassador to London. Signor Mussolini is now Foreign Minister and Minister of Corporations.

It is believed that Mussolini has made these changes in an attempt to give other men to show their mettle in the Cabinet.

SEQUEL TO GERMAN UNREST.

Weakness of "Germans" was a feature of the London Stock Exchange on Wednesday following the reception of the news that in order to restore peace and security of Prussia Presidential decree had been put into force placing the German Chancellor Von Papen as State Commissioner, and declaring a state of emergency in Berlin. German 7% dropped  $4\frac{1}{2}$  points to 77, and  $5\frac{1}{2}$  per cents dropped two points to  $60\frac{1}{2}$ . British Funds after early firmness reacted and finished  $\frac{1}{8}$ th and  $\frac{3}{8}$ ths lower for the day.

THE BRITISH CONVERSION SCHEME

Mr. Ramsay MacDonald in a broadcast speech last night said that by means of War Loan Conversion Scheme the Government were continuing the work begun at Lausanne, and which was to be further proceeded with at the Economic Conference later in the year. This work was directed to the removal of some of the causes of existing poverty and unemployment.

The success of the Conversion Scheme would mean a not saving of £23,000,000 yearly which would be a tremendous help in keeping British credit at its proper level. British industry and Commerce would as a result be able to get capital and that should benefit trade.

All phases of political life were united in commending the Scheme. Bankers, Insurance Companies, and leaders of Commerce agreed the Government was wise and courageous in this scheme which would bring welcome relief to the National Budget, increased hopes for the revival of trade, and which gave a fair business offer to the investors.

Mr. MacDonald said "in the course of my political life, I can remember no greater proposal which received such unanimous support. We are now in the middle of the third week of the Conversion Scheme and a large percentage of the whole of the Stock had been converted and applications were still coming in. There is no longer any reason to doubt that the Scheme would be a great success."

On the occasion of the Olympic Games which are being hold in Los Angeles, The Pan American Airways System will place in effect over their East Coast Service, a special round trip tourist to the United States consisting of the regular one way fare plus one dollar for the return trip. This rate applies to passengers from Buenos Aires, Montevideo, and Brazilian Points to either Miami, Florida, or Brownsville, Texas.

The return passages will be valid until September 1st, 1932.

It is interesting to note that this Air Transportation Service maintains a service for air mail, passengers and express throughout thirty one different Countries and Colonies.

WORLD FLIERS HOMEWARD BOUND.

The American Airman, Griffin and Mattern, who it will be remembered crashed in Russia while attempting to make a new "Round the World Record" arrived in Paris on Wednesday en route for America.

THE CONFERENCE AT OTTAWA.

The opening proceedings of the Imperial Economic Conference at Ottawa were marked with impressive ceremonial. The Governor-General of Canada, Lord Bessborough being accompanied by an escort of Dragoons, and Guardsmen in full dress uniform.

The Governor General read a message from the King "You are opening a new page of history which within a few weeks will be a written record of a determined effort to solve difficulties weighing so heavily, not only upon us, but upon the whole World. The British Empire is based on the principle of co-operation, and it is now your common purpose to give the fullest possible effect to that principle in the Economic sphere. By so doing you will set in motion beneficial forces within the British Commonwealth which may well extend their impulse also to the World at large. I pray that you will be given clear insight and strength of purpose for these ends."

A resolution that a reply be sent expressing the homage of the Delegates was moved by the Canadian Prime Minister, and seconded by Sir A. Chatterjee, and carried unanimously by all Delegates standing.

The Chief British Delegate, Mr. Stanley Baldwin, pledged Britain to co-operate in developing Mr. Bennett's proposals. He said of the Trade carried on by the Empire 70% was still with Foreign Countries, and that left only 30% of trade among themselves. The possibilities of expansion today were enormous but looking to the future as population increased the scope could hardly be measured. The first aim of the Conference should be to clear out channels of trade among themselves for that purpose they need not measure too closely the relative value of preferences given and received. If everyone approaches the problems with a view to seeing how much we can contribute to the Common Stock without detriment to our own National interests, and not concern ourselves with the relative advantages gained by each, at once we shall know that increase of purchasing power of any member of the Empire must show itself in increased Imperial Trade and prosperity of all. Mr. Baldwin emphasised that when he spoke of Empire he was thinking not only of the Dominions and India, but also of the Colonies. The Government of the United Kingdom placed before the Conference as its general objective, The expansion of Trade by lowering the Trade Barriers. They believed such an object to be one best calculated to ensure permanence and increased prosperity of the Empire. At the same time they would be serving the interests of civilisation as a whole, and taking the most practical means of hastening economic recovery of the World at large.

THE ITALIAN AMBASSADOR TO LONDON.

The Italian Government formally enquired in London on Thursday whether Signor Grandi, who resigned his post as Foreign Minister on Wednesday, would be 'persona grata' for the Embassy, London. A reply in the affirmative was returned to the Italian Government. Signor Grandi is very popular in London especially in Political circles.

OUR FOOTBALL GALLERY. NO. 5. PRESTON NORTH END.

Preston North End are not much in the limelight these days, but nearly half a Century ago there was not a team in England to touch them, as the saying is. "Proud Preston" was the name their achievements earned for them.

Founded in 1880, Preston North End F.C. entered the Football League when it came into being in the Season 1888-9. The League was composed of 12 Clubs, which were Accrington, Aston Villa, Blackburn Rovers, Bolton Wanderers, Burnley, Derby County, Everton, Notts County, Preston North End, Stoke, West Bromwich Albion, and Wolverhampton Wanderers. It will be noticed that these original 12 Clubs belonged to Lancashire and the Midlands, which can therefore claim to have taken the lead in the fostering of the great game. It may be that at that time "Professionalism" did not appeal to some of the "nicer" circles: But to get back to Preston, in the first Season 1888-9 Preston North End won the Championship of the League with 40 points out of a possible 44, which represented 22 matches played, 18 of which were won, 4 drawn and NONE LOST. No other Club has performed so unique a feat as to go through a season without losing a League Match.

But Preston went further - They won the English Cup in the same season, fighting their way to victory without conceding a single goal in any round ... again a distinction shared by no other Club. To win the League without losing a match and the Cup without losing a goal is no mean achievement, and methinks Preston's record is pretty safe from all Challengers for all time. Aston Villa is the only other club to have won the League Championship and the English Cup in any one season .i.e. 1897. It is interesting to note that one of the Clubs disposed of by the North-Enders in the Cup Competition of '89 was Hyde, who Preston defeated by 26 goals to 0. This is easily a record victory in the English Cup Competition. The League Championship also went to Preston in 1890, and the following three successive seasons the position attained was that of 'runners up'. In addition to winning the Cup in 1889, North End were finalists in 1888, and 1921, being defeated on the latter occasion by Huddersfield Town by a Penalty goal. In the season 1924-1925, Preston North End, who since the War had not shown so much as of yore were relegated to the 2nd Division, and have not yet succeeded in regaining a place in the First Division. When they do (As they surely will!) their success will be a popular one, for the sake of their brilliant history.

Mention must be made of the following famous players who have worn the Preston Colours: "Disky Bond", outside right, English International, and later transferred to Bradford City, whose claret and amber he wore with distinction for several seasons, retiring only three or four years ago. Joe McCall, centre-half for Preston and England, both before and after the War. "Joe" captained England's Team in 1920 (Versus Scotland) W.T. Roberts, centre-forward, capped in 1924, and finally Alex James, the great little Scottish International inside left, so much in the Public eye today, who was transferred from Preston North End to the Arsenal four years ago for £9000.

It is worthy of mention that the town of Preston has produced the best team of lady-footballers. Dick Korr's team (composed of Munition girls during the War) hailed from Preston, and earned fame throughout the Country for their brilliant play:

THE S.S. "LAFONIA".

The s.s. "Lafonia" arrived in Stanley on Thursday night bringing with her the following passengers :- Mrs. R.C. Folc-Evans, Miss V. Luxton, Mr. J.M. Thompson, Mrs. A. Blekoly, Miss M. Rutter, Mr. T. Goodwin, Mr. J. Butler, Miss D. Etheridge, Mr & Mrs A.J. Botts and two children, Mr. E. Luce, Mr. W. Goss, Mr. J. Borntson.

UNEMPLOYMENT IN GERMANY.

In a message from Berlin is stated that unemployment in Germany is again on the increase, and official returns show that 16,000 people were added to the list during the 1st half of July.

The total number of unemployed persons is now nearly five and a half millions.

PORT HOWARD 'EN FETE'

Unusually good weather helped to brighten the Winter Holiday, Festivities at Port Howard this year.

The usual good spirits prevailed, and every house responded at one time and another throughout the holiday to the jollifications of all, intent on making the most of the days of leisure.

Three evenings were given to dancing - functions resplendent with colourful dresses, happy laughter, and the insistent call of the never flagging strains of busy musicians.

We understand a very happy holiday was spent, and we can do no better than use the words of our Contributor - "It was a Port Howard Holiday."

MINIATURE RIFLE CLUB.

THE INTER-COLONIAL TEAM SHOOT.

The Inter-Colonial Team shoot was inaugurated by the Society of Miniature Rifle Clubs as a means to foster small bore shooting within the Empire by those Colonies unable to compete in the great "Dover" Match, which is a Postal one and open to the United States of America, Canada, Great Britain, Australia, New Zealand, South Africa and India for teams of 20 men at the 50 and 100 yards ranges. The Society for Miniature Rifle Clubs have for some time realised that the smaller Colonies are unable to get together such a large team capable of holding their own with the best in the above named Dominions, and with this in mind they have commenced what is hoped will remain a permanent competition and thus further the interests of competitive sports. The competition is open to over 40 teams within the Empire. Our Team was entered, and the cards received last mail. Each team is composed of ten members with two cards each. Owing to our inclement weather it is presumed we shall shoot on the Indoor Range sometime before the end of August at about which time the Competition closes. The cards are then sent to the Society.

With a view to the selection of a Team to represent our Colony two teams will compete at the Drill Hall tonight when any member of the Public who may be interested may call and witness the shooting. The teams are as follows :-

"A" TEAM.

J.R. Gleadell. (Capt)  
L. Reive.  
J.J. Harries.  
W. Browning.  
W.J. Grierson.  
E.J. McAtasnoy.  
M. Campbell.  
F.A.W. Byron.  
R. Campbell.  
E. Lollan.

"B" TEAM.

D.R. Watson. (Captain)  
A. Hills.  
J. Petterson.  
C. Thompson.  
O. Henriksen.  
W. Aldridge.  
J.W. Grierson.  
H.G. Edmonds.  
W. Watson.  
J. Tuxor.

"B" Team receives 30 points.

During last week's shooting the winner of the "A" Spoon was R. Campbell with a score of 98. G. Bradbury with a score of 94 was the winner of the "B" Spoon.

NEW ISSUE OF SAVINGS CERTIFICATES.

A new issue of Savings Certificates to replace those suspended when the War Loan Conversion Scheme was launched will be on sale on August 2nd. This will be the fourth issue of these Certificates. The purchase price of the new issue will be sixteen shillings, the value of which will increase at the end of the seventh year to twenty shillings and at the end of the eleventh year will be worth twenty three shillings.

THE OTTAWA CONFERENCE.

The Heads of Delegations to the Imperial Conference at Ottawa met on Saturday morning to consider the personnel of the Committee which had been set up to study the promotion of trade within the Empire.

-----  
TWO RECORDS BROKEN IN ONE DAY.

Two new records were made on Saturday at Brooklands in the Motor Cycle Races. In the Brooklands 500 c.c. Motor Cycle leg a record of 111.42 miles per hour which was made in 1929 was beaten by R.C. Bickell riding a "Bickell Jap" at 112.7 miles per hour, later in the same race W.J.C. Hewett riding an "Excelsior Jap" created a record speed of 115.29 miles per hour.

-----  
THE BRITISH BROADCASTING CORPORATION.

A message from London states that within the next few days, the equipment for the British Broadcasting Corporation's new short wave Empire transmitter will be taken to Daventry from which place the service is expected to be in operation before the end of the year.

-----  
SPORT.

CRICKET. Yorkshire beat Northamptonshire by an innings and 13 runs. Hampshire beat Essex by 183 runs. The following teams drew Worcester -v- Glamorgan, Middlesex -v- All India, Sussex -v- Lancashire, and Somerset -v- Warwick.

TENNIS.

In the Davis Cup Inter-Zone Finals at Paris Von Cramm of Germany beat Shields of the United States by 7/5, 5/7, 6/4, 3/6. Vines of the United States beat Pronn of Germany 6/3, 6/3, 0/6, 6/4.

YACHT RACING.

At Cowes, Isle of Wight, by winning the fourth successive and final six metres yacht race on Saturday, America retains the British American Cup.

-----  
THE WEATHER IN ENGLAND.

Heavy storms occurred over a wide area of England and Wales on Saturday being particularly severe in the Eastern Counties. In London houses were struck and one man was killed by lightning, while at Bourne-mouth a water spout of no small dimension was observed.

-----  
SEQUEL TO SHOOTING AFFAIR.

A message from Berlin states that Dr Max Roosen, who was accused of shooting at Dr. Luther, the President of the Reichbank, in April last, has been sentenced to 10 months imprisonment.

THE IRISH SITUATION.

Late on Saturday night the "Dail" having rejected the Senate's recommendations on the Emergency Bill passed a measure without division, and later the Bill was submitted for Royal Assent.

Strong criticism against the measure was advanced Mr. Cosgrave, a member of the opposition, who stated that he did not believe the British Government would have got power from its Parliament so far reaching as that which the "Dail" had obtained. It is said that Devalera undertook to see that the powers would not be abused, and said that the Free State Government were not anxious to cause friction. He expressed readiness for Arbitration but demanded the removal of restrictions that provided that the Arbitration should be drawn exclusively from the British Commonwealth.

NEW YORK STOCK EXCHANGE BRIGHTER.

A message from New York states that favourable factors in various forms of business shook the New York Stock Exchange out of its recent lethargy on Saturday, and sent prices up by fractions to 3 points. Trading was the heaviest since June 3rd when 1,900,000 shares changed hands.

GERMANY TO AMERICA VIA ICELAND.

Capt. Wolfgang von Gronau, who left Borkum Island, Northwest coast of Germany in an attempt to fly to America via Iceland, arrived on The West Coast of Iceland on Friday evening. It will be remembered that Captain Gronau flew the Atlantic via Greenland in 1930.

BRITISH SURGEON MURDERED.

It is learned from Peshawar that a Moslem Orderly in the Lady Reading Hospital in that City fatally wounded Captain Coldstream, the resident civil Surgeon. The assailant has been arrested.

THE DISARMAMENT CONFERENCE.

At Geneva an Agreement has been reached by the Delegates of Great Britain, United States, France and Italy dealing with the principle of limitation of Land Artillery. This was the last outstanding point for incorporation in the draft resolution prepared by Sir John Simon. The resolution was submitted to a meeting of the General Commissioners. The agreement regarding heavy land artillery accepts the principle that it should be limited as to calibre. It also provides for maximum limits for Coastal guns, fortress and mobile land guns. The terms of the resolution survey an agreement for the limitation of land, naval, and air armaments. It is stated that a provision has been made for absolute prohibition of air attacks against civil population.

STANLEY SEA ROVER SCOUTS.

A very enjoyable Dance was held at the Town Hall on Friday last under the auspices of the Stanley Sea Rover Scouts. Apart from the evident pleasure which the event afforded its patrons, we underate the venture was a success financially. During the interval The Very Reverend Dean of Stanley outlined the aims of the Organisation, which will be published in tomorrow's issue.

WAR DEBTS.

Senator Scratch, the highly influential Chairman of the American Senate Committee on Foreign Affairs and hitherto an opponent of the Debt Concessions to Europe, in a momentous speech broadcast throughout the United States advocates firstly debt cancellation by the United States as part of the programme which includes settlement of other War problems. Secondly, the calling by America of a World Economic Conference to deal with War Debts and Reparations which have been excluded from the forthcoming World Conference.

THE OTTAWA CONFERENCE.

It is reported that Members of the Irish Free State Delegation to the Imperial Conference at Ottawa have decided to take no part in the negotiations on British and Dominions Imports.

This decision is taken, they explain, as a consequence of "unfortunate and peculiar condition of affairs between two parties in the Conference". It is understood they will remain on the Committee dealing with trade within the Empire, hoping that some agreement will be reached which will prove beneficial to the Irish Free State.

Meanwhile the Dominions have combined to present their case to the United Kingdom, which includes the vitally important problem of dairy produce.

The representatives of the United Kingdom are discussing the question of English exports with each Delegation in turn.

Outside the British Empire Nations are watching the deliberations at Ottawa with some nervousness - Japan in particular fears her exports to Empire Countries, which represents 25% of her foreign trade, might be virtually stopped.

THE DISARMAMENT CONFERENCE.

The Final resolution closing the first phase of the Disarmament Conference at Geneva was adopted by 41 votes to 2, Germany and Russia voting against. It is stated that eight Powers abstained from voting. Mr. Henderson appealing to the Delegates to pass the resolution said that all the Countries represented had promised to proceed along lines which would bring about substantial reductions in World Armaments. M. Litvinov, representing Russia stated he had voted for disarmaments but against the resolution.

The Conference decided to prolong the Armaments truce for another four months.

Tuesday, 26th July, 1932.

TENNIS.

At Paris, Vanryn and Allison of the United States of America beat Prenn and Van Cramm of Germany 6/3, 6/4, 6/1, in the Doubles Match of the Interzone David Cup Finals.

POSTAL BLOCKADE OF MANCHURIA.

A message from Shanghai states that an official announcement has been made in the City to the effect that a Postal blockade will be in operation as and from Saturday last, between China and the now Manchurian State.

THE INTERNATIONAL OIL CONFERENCE.

The International Oil Conference came to an end in Paris on Saturday. It is understood the Anglo-Dutch and Roumanian Delegates have reached an agreement in regard to export quotas, which was afterwards ratified by the representatives of Groups at the Conference. The details of the Agreement have yet been divulged.

ARGENTINE RAILWAYS AND REDUCTION IN WAGES.

We learn from Buenos Aires that the Management of the Argentine Railways have decided to ask the members of both their indoor and outdoor staff to accept a reduction in wages of ten per cent from the 1st August next.

FRENCH BAN ON SPANISH VEGETABLES.

Considerable indignation has been aroused in Barcelona over the new French Decree restricting the importation of Spanish fruit and vegetables.

Large quantities are rotting on the Frontier, and it is estimated that the loss to Catalonia alone amounts to £0,000,000 pesetas annually.

THE GERMAN ELECTIONS.

Chancellor Von Papen at a Conference of Premiers of the Federal States said the German General Elections would be held without fail on the 31st July.

CHILEAN GOVERNMENT RECOGNISED.

A message from Santiago announces that the Republic of Argentina has granted official recognition of the new Chilean Government.

DIAMOND DISCOVERIES.

It is reported that a prominent South African financial group is interested in a find of diamondiferous deposits at Songwala, Tanganyika, and that a representative of the group is making investigations on the spot.

THE FALKLAND ISLANDS HORTICULTURAL SOCIETY.

The Annual General Meeting of the Falkland Islands Horticultural Society will be ~~TUESDAY~~ (Tuesday, the 26th July,) at 8.p.m. in the Court Room at the Town Hall.

The Meeting is open to members of the Society and to intending members.

The principal items of Agenda before the Meeting are the Accounts for the year, and the election of Officers for the coming year.

All persons interested in Horticulture and in the Flower Show and Industrial Exhibition, if not already members of the Society, are cordially invited to become members and to attend the Meeting for enrolment as such prior to the commencement so that they may be able to take part in the proceedings.

THE AIMS OF THE ROVER SEA SCOUT MOVEMENT.

The Rover Sea Scout training is a continuation of that given to Wolf Cubs and Boy Scouts, but it is not necessary that a Rover should have been a Scout before. It is much desired throughout the whole World that young men who have not been Scouts will yet become Rovers.

Rover Scouting covers that important period during which the young man is finding himself, roughly between 17 and 30 years of age. It develops his character, his mental, and physical powers, and helps him to be a friend and benefactor to his brother man, giving back to human kind at large the essence of the best that is in him.

A Rover aims at the "ideal". He is trained to "be prepared", to be "alert". His honour must be trusted, and his loyalty perfect.

One of his chief duties is to be useful and help others. He should be a friend to all men and to animals. He will be bright and cheerful in difficulties, and do all he can to rouse others from the 'Blues', and to disperse their worries. He will be clean and noble in mind and body, and it his duty to encourage this in others to the best of his ability.- This is the 'ideal' of the Rover.

The Rovers of Stanley are specialising in Seamanship and Firecraft- The proper title is 'Sea Rovers'. No one is eligible to join under the age of 17, and it may be desirable to wait till 18. Young lads who are at a loose end can join as Sea Scouts, but they must wait until they are 17 before they can be Rovers. None will be allowed by the Crew to go on the water without written permission of the Parents. It will be quite a good thing for the lads of 15 to 17 to join and do Land Work and attend Lectures.

The Rover Sea Scouts of Stanley hope to be in possession of a boat if possible one that will sail. They will welcome the offers of help in training from any resident skilled in seamanship.

They are training also in theory and practice to get themselves to be an auxiliary force assisting the Fire Brigade when their services may be required. Young men between 18 and 30 will be welcome to apply for admission.

Application can be made through any of the members of the Court of honour - Messrs C. Evans, G. Bennett, S. Bennett, H. Evans, E. Lellman, and E. Berntson.

NORTH CORNWALL BYE ELECTION.

The result of the North Cornwall Bye Election is as follows :-  
Sir Francis Aeland (Liberal) 16933, A.M. Williams (Conservative) 15387.

THE "PENGUIN"

THE NATURAL SCENERY OF FIJI TO BE  
EXPLICITED.

A Government road making scheme is being put into operation in Fiji, the ultimate object being to construct a road round the Island of Viti Levu.

Most of the road is expected to be completed within two years, leaving a matter of about 20 miles on the South Coast to complete the circuit of the Island. The roadway will make available some of the finest scenery in the Pacific, and is expected to have a very stimulating effect on tourist traffic.

THE GREAT BRITAIN-CAPE TOWN AIR ROUTE.

It is learned that more than 50 main and subsidiary air stations, together with 17 specially equipped wireless stations, have now been erected for the use of Machines of the Imperial Airways travelling to and from Capetown.

A new fleet of eight four engined passenger monoplanes, costing £150,000, is being built for the Trans-African route, and it is expected that the whole of the fleet will be in service towards the end of this year.

A NEW FUEL.

An experiment is being made by the Cunard Steamship Company with a new fuel which is composed of pulverised coal and crude oil. Members of the Laboratory staff, it is said, have succeeded in formulating a process which yields a fuel of so smooth a texture as to allow its use in oil burning ships without any alteration to their equipment.

The Coal Industry is most interested in the experiment, as the mixture contains 40% of coal, so that if it came into general use on the rapidly increasing number of oil burning vessels, including the Navy, it would be a much needed stimulant to the coal industry.

A RARE OFF PRINT OF CARLYLE'S  
"SARTER" SOLD FOR £275.

In a recent sale at Sothby's a rare off-print of Carlyle's "Sarter" was sold for £275. - It was the identical copy which the celebrated writer presented to his wife, and bore the following inscription "This little book, a little milestone in a desolate, confused, yet not unblessed pilgrimage we make in common, is with heart's gratitude inscribed by her affectionate T.O." A set of the "French Revolution" was sold for £80, and the total amount realised for his works auctioned was £1,751.

It is understood most the books will find their way to America through various London Agents.

IMPORT DUTIES.

Under additional Import Duties Order, which the Treasury issued on Monday night on the recommendation of the Import Duties Advisory Committee, foreign potatoes imported into Great Britain will be chargeable as from midnight on Wednesday, the 27th July, with duty of £1. per ton.

In the case of new potatoes imported between the 1st November and 30th June a duty will be charged amounting to 4/8 per cwt. These rates are inclusive of the existing general ad valorem duty of 10%.

It is understood the Advisory Committee will shortly submit a report dealing with horticultural products generally. They have made recommendations regarding potatoes in advance of this report owing to the abnormal importations which are seriously affecting British Growers whose supplies are available and sufficient to meet all requirements.

GERMANY AND THE ANGLO-FRENCH PACT.

A message from Berlin states that Baron Constantin von Durnath, the German Foreign Minister, declared that in joining the Anglo-French Entente Germany had taken every precaution to make sure that it was not aimed against the United States.

BANK CLOSES ITS DOORS.

A message from Bern states that the Banque de Montreux, which was founded in 1860, has closed its doors and has given as a reason for failure the decline in the number of tourists visiting Switzerland. It is announced that the Banque Vaudoise has taken over the defaulting Bank's obligations temporarily.

THE IRISH FREE STATE.

The first duties imposed by the Irish Free State Government under the "Retaliations Act" were announced on Monday night. The tariffs are retaliatory and apply to the following imports from Great Britain. A duty of 5/- per ton has been imposed on coal which is equal to 30% of its value, on cement, iron and steel goods, electrical goods it is proposed to levy a tax of 20% of the value. It was also announced that the preference enjoyed by Great Britain as regards potatoes will be removed. Further duties were announced which will have the effect of protecting Irish products.

In London the duties are viewed as less extensive than was anticipated.

It is understood that Mr. E. Flinn, the Parliamentary Secretary of the Ministry of Finance, has left Dublin for London on a "Government Mission of the utmost importance". No precise explanation of the object of the mission has been given, but it is surmised that Devalera regards the new Tariffs as something to bargain with, and that he is preparing to resume negotiations with the British Government on the question of annuities.

PRINCESS HENRY OF PRUSSIA SERIOUSLY INJURED.

Princess Henry of Prussia, widow of the ex-Kaiser's brother, met with a serious motor car accident when returning from a visit to the ex-Kaiser at Doorn.

The accident occurred while trying to avoid collision with two other cars, the Princess's car skidding and overturning into a ditch. It is understood the Princess and her Lady-in-Waiting sustained serious injuries.

The Colonial Office has announced that Mr. F.G. Tyrrell, Deputy Chief Secretary, Ceylon, has been elected for the appointment as Chief Secretary to the Ceylon Government in succession to Sir Bernard Bourdillon who has been appointed Governor of Uganda.

TRIAL OF PRESIDENT DOUMER'S ASSASSINATOR.

The trial of the Russian Doctor Gerguloff on a charge of murdering President Doumer constitutes one of the most dramatic cases which has ever come before the French Courts. His Counsel pleads that he is insane, and it is stated his behaviour in Court at the commencement of the Trial suggests an unbalanced mind. Gerguloff's one idea seemed to be to make a speech in support of his obscure political views. He explained that it was his ambition to become a Russian Dictator, but his efforts failed, and he settled in France where, he said, he found the French Government under President Doumer working against his party.

STORMS IN ENGLAND.

Following 30 hours continuous rain and a cloud burst on Monday many parts of Deal, Kent, are flooded, and the Fire Brigade have been called upon to pump water from the Streets into the sea.

It would seem that the whole of the South East Coast of England suffered from the same storm, and more than 2" of rain fell in several Sea Side resorts within 24 hours.

THE FALKLAND ISLANDS.

A NOTE ON THEIR EARLY HISTORY.

1. Original discovery and first settlement at Port Louis.

The honour of discovering the Falkland Islands is assigned to John Davis who sighted the group, but did not land, in the "Desire" on the 14th August 1592. Sir Henry Hawkins in the "Dainty" reports having seen them on the 2nd February 1594, and the Dutchman, Sebald Van Weert appears to have visited some of the outlying Islands, probably the Jascos, in 1598.

Henry bestowed on the Islands the picturesque title of "Hawkin's Maidenland" in homage to the Virgin Queen, while more prosaically after Van Weert they were also styled the Sebalds. Their actual name is taken from the well known Royalist Lucius Cary, Lord Falkland, who was killed in 1643 at the battle of Newbury, and was given in his memory by Capt. Strong who sailed in the "Welfare" between the East and West Islands in 1690 and called the passage the Falkland Sound - It does not appear that this name was applied to the group as a whole earlier than 1745.

Among other names the Islands have been called are the Islas Malouines by the French ( de Bougainville having sailed from the channel port of St.Malo with his colonists) and the Islas Malvinas as being interpreted into Spanish.

The first settlement permanently established in the Falkland Islands was that of de Bougainville, who with his Acadian emigrants from Nova Scotia founded, in February 1764, a little town to which he gave the name of Port Louis and traces of which can still be seen, at the western extremity of the inlet now known as Borkely Sound on the north-east coast of the East Falkland Island.

In the following year a further contingent of Colonists arrived bringing the total number up to seventy nine.

( To be continued )

(The above is the first of a series of notes which we feel assured will prove of great interest to our readers, and the public generally in view of the approach of the Centenary of the Colony. We would like to express publicly our gratitude to the Contributor who is so generously giving us of his time and labour)

INCOME TAX FOR KENYA.

The Governor of Kenya has officially announced that Income Tax will be introduced in the territory under his administration as and from the 1st January next.

THE OTTAWA CONFERENCE.

It is reported that the Imperial Conference now being held at Ottawa has already made marked progress towards the expansion of Empire Trade.

The Dominions Committees have so far advanced in their discussions that an agreement on several subjects has already been reached. It is announced that all parties at the Conference are unanimous that no duty or quota on wheat is desirable. The most contentious agricultural problem is that of meat, and the Dominions themselves are experiencing difficulty in formulating a suitable plan, being unable to decide whether to ask Great Britain for a duty plus quota or a "doubled tariff".

After two days discussion by the Dominions concerned proposals regarding dairy produce are now ready for submission to the United Kingdom Delegation.

It is announced that the British Delegation is prepared to prevent by prohibition, or special duties, the marketing in Britain of out-ripc foreign goods. It is said that regarding Russia this would mean the renunciation of the present trade agreement which is terminable at six months notice, on which course the British Ministers are unanimously agreed.

JAPAN AND THE NEW MANCHURIAN STATE.

It is reported from Tokio that the Japanese Cabinet have practically decided on three appointments, which action it is considered is the preliminary formal recognition of the new Manchurian State.

Mr. Ariyoshi, former Ambassador to Brazil, will become the Minister at Nanking, with the task of restoring good relations between China and Japan, and overcome the postal chaos resulting from China's refusal to transmit mails to Manchuria. General Mito will be Military Councillor, and Special Envoy to Manchuria, superseding General Honjo. Count Hayashi, an Imperial University Professor, will be given charge of the Manchurian Railway.

ASSASSINATOR IN TEARS.

Gorgouloff, the Russian, who assassinated President Doumer broke down and wept during his second day's trial, following a dramatic scene in which the Coroner described the agonies of a Cossack named Lazaroff who was subjected to torture by Gorgouloff when he was an Agent for the Cheka Soviet Secret Police.

Gorgouloff strenuously denied the allegations made against him, and then broke down completely and wept.

-----  
ISLAND THAT WAS LOST.

The Captain of a British Whaler believes himself to be the first man in the past 58 years to see a mystery island tucked away in a far corner of the South Atlantic Ocean, about whose exact position there has been long considerable confusion.

He is Captain Bellow Hansen, of the Sourabaya, belonging to Messrs O. Salvsen & Company of Leith, and who is now in Tonsberg.

He reports that he found Lindsay Island last season, and which was last seen in 1874, to be in Latitude 54.31 South, and Longitude 2.41 East. He estimates its size as six square miles, and its highest point a rock 300 feet above the sea.

The Island was first discovered in 1808 by the British Explorer Lindsay.

CHRIST CHURCH CATHEDRAL BAZAAR.

We learn that the Committee responsible for the organisation of the Church Bazaar would be extremely grateful for gifts, from residents in Stanley and the "Camp", of dairy produce, goods etc, for the Produce Stall in the Bazaar which is to be held during the first week in September.

We are asked to state that any quantity, however small, would be gratefully acknowledged.

-----  
MEMORIAL TO BE ERECTED IN HONOUR OF PEARY.

A schooner recently left Newfoundland for Greenland carrying with her a sixty foot stone shaft which is to be erected at the Northernmost tip of Cape York in memory of Admiral Peary, the discoverer of the North Pole.

The Explorer's daughter, Mrs M. Peary Stafford with her two sons, accompanied the expedition.

Mrs Stafford was born in 1894, and holds the distinction of being the only white person born within the Arctic Circle.

Much of the cost of the expenses entailed in the transport and erection of the memorial has been contributed, but a sum of 15,000 dollars still remains to be found. It is understood that the Explorers' Club of New York has appointed an influential Committee to deal with the situation.

-----  
SOVIET INTERNAL LOAN.

It is learned that the Soviet Government has issued the largest internal loan of its history amounting to 3,200,000,000 roubles, under the title of "The last completing year of the Five Year Plan".

It is reported from London that the Tariff War which is being waged between Great Britain and the Irish Free State continues, and that on Wednesday further Customs Duties were imposed by both Countries.

THE TRIAL OF PRESIDENT DOMERIS  
ASSASSINATOR.

'I demand to be sentenced to death' was the dramatic utterance made by Gorgouloff, the assassinator of President Doumer, interrupting his Counsel's efforts to persuade the Jury to admit a plea of insanity. Continuing Gorgouloff shouted "I cannot live without my ideals and the French Republic has killed them".

When Madame Gorgouloff was giving her evidence, which was of short duration, her husband again rose and cried out to her 'Forgive me Anna'. She said in a very low voice that he was a very kind husband, but that he had changed a little while before the assassination.

IMPERIAL ECONOMIC CONFERENCE.

The United Kingdom Delegation at Ottawa has presented to Mr Bennett, as President of the Imperial Economic Conference, a supplementary statement containing trade figures between Britain and the Dominions and India, and observations thereon, which it is hoped will assist the work of the Conference.

The statement contains a statistical table which shows how preference for Empire Products has been increased by recent tariff legislation, and points out that the proportion of Dominions exports is still enjoying free entry, and in some cases exceeds 90%.

By way of contrast since Britain's change of fiscal policy only 30% of her foreign imports are admitted free. In the case of imports from the United Kingdom into four principal Dominions there is today practically no free entry, and duty or tax is charged on almost all goods. The preference accorded by the United Kingdom is in the form of total remission of duties payable by foreign goods.

A further table in the statement shows that visible trade balance in favour of the Dominions is nearly one hundred million pounds, and that during 1930, imports into the Dominions from foreign countries was nearly 350 million pounds.

Regarding preferences accorded by Dominions statement urges that if preference is to be of material assistance rate of duty charged should be so graduated as to give the United Kingdom's products a reasonable chance of competing on even terms, and that duties against the United Kingdom products should be fixed for protective purposes at a rate no higher than is necessary to give reasonable efficient industry in the Dominions a fair chance.

Attention is called to the favourable tariff treatment which Britain has hitherto accorded to the Dominions imports competing with goods she herself produced. The statement adds representatives of the United Kingdom have entered the Conference with the intention of making their full contribution to still further extension of Empire Trade.

OUR FOOTBALL GALLERY. NO. 6. CHELSEA.

Chelsea Football Club, or the "Pensioners", as they are called, was founded in 1905. Most of the other London Clubs came into being long before that date, so that Chelsea is almost the youngest of the famous Clubs of the Capital. Nevertheless they are by no means the least popular, for wherever Chelsea are billed to play they prove generally to be an "attraction" - drawing rather big gates. This may be due to the fact that usually their team includes one or two 'stars' - Chelsea have spent money pretty freely in that direction, and it is surprising how many will flock to a match chiefly to watch a star performer.

In 1905, then, Chelsea Football Club entered the 2nd League and gained promotion after two seasons, only to descend to Division Two the next year. Promotion was again achieved in 1912, and Chelsea remained in the 1st Division until 1925. Then came a disastrous season - costly players were purchased, but the all-important goals that were wanted did not come, and Chelsea again suffered relegation.

In 1930 they succeeded in regaining their First Division status.

Turning to the their Cup History we find that Chelsea have fought hard to win the trophy, but have appeared in only one Final, i.e. in 1915, when they suffered defeat at the hands (or rather feet) of Sheffield United by 3 goals to nil.

Only last season Chelsea were defeated in the Semi-final by Newcastle United, who went on to win the Cup at the expense of the Arsenal. (Contributed)

THE INTERNATIONAL COMMERCIAL  
CONGRESS.

When His Royal Highness the Prince of Wales visited the International Commercial Congress which is now being held in London, and at which there are representatives of thirty five Nations, the President, M. Charles Boissevain, introduced him as "The first Commercial Ambassador of the World".

During the course of his address the Prince said that this year might be described as the year of International Conferences. Although one proceeding at Ottawa was not International, yet if, as they hoped, it promoted the prosperity of the British Empire it would be international in influence. Continuing, His Royal Highness said 'The hard lessons we have learned shows that the prosperity of all Nations depended on the prosperity of each. In these days of swift transport, and communication, and interlocked commerce and finance, it was increasingly true that Nations could not live to themselves alone. That this truth is penetrating minds, and government policies in growing measure has recently been demonstrated most happily at Lausanne. This International Conference may well express its delight that at Lausanne lamps of hope and confidence were lighted. The spirit of International co-operation and goodwill is burning more brightly than at any time within living memory. For this we may all be profoundly grateful. World wide trade depression and economic disturbance has been largely caused by maladjustment of distribution. The potential output is far greater than ever before. If all employable labour were employed for a reasonable number of hours per week, the World would have at its disposal a volume of commodities and services that would enable the entire population to live on a higher level of comfort and wellbeing than has ever been contemplated in the rosiest dreams of social reformers. The urgent task is to bring consumption and production and consumption - which was not simple but quite possible.

UNVEILING OF MEMORIAL TO BRITISH DEAD  
AT ARRAS.

Air Field Marshall Lord Trenchard unveiled on Sunday at Arras a memorial bearing the names of 34,921 Officers and men of the Forces of the British Empire who between Spring 1916, and August 1918, died in the Arras neighbourhood, but whose graves are not known. With it is a memorial to over a thousand men of the British Air Force who lay in nameless graves on the Western Front.

Yesterday His Royal Highness the Prince of Wales unveiled a Memorial at Thiepval to Officers and Men from all parts of the Empire who lie in unknown graves in the Somme Area - this memorial is erected to the memory of 73,357 men - The Ceremony was broadcast in Britain, France, Belgium, Canada, South Africa, and the United States.

THE EFFECT OF THE CONVERSION SCHEME.

It is reported that the Federation of British Industries in a forecast of business for the third quarter of the year described the Conversion Scheme as the greatest step towards World Recovery since the onset of the 'slump'. The success of the operations, it is considered - is likely to mark the turning point in Britain's commercial position.

THE OTTAWA CONFERENCE.

The work of the Ottawa Conference is proceeding so satisfactorily that some observers forecast the conclusion of the proceedings in the third week of August.

The review of Imperial trade issued by the United Kingdom Delegation has been received as a valuable contribution to the clearing of the ground.

The Committee on Financial and Monetary questions met on Saturday, and a full statement was made by the representatives of each delegation. The South African representative explained the reasons for the decision of the Union Government to remain on the Gold Standard. The representative for the Indian Delegation emphasised the fact that benefits to production and trade of the preferential system might be swept away unless supported by monetary and credit policy, ensuring stability of general wholesale prices. The Australian representative similarly pointed out the disastrous effect falling prices would have on Australia.

On Saturday night, a Concert composed entirely of music from all parts of the Empire, from the oldest folk songs to the works of Master Composers, was attended by the Governor-General and Heads of Delegations, in the Capitol Theatre.

SOUTHAMPTON'S RECORD BREAKING  
WEEK END.

At Southampton this week end has been the scene of record activity. Twenty two vessels totalling 600,000 tons, including the Empress of Britain, The Aquitania, Borongaria, Olympic, and Homeric, and others of the World's largest Liners, which were scheduled to sail on holiday cruises to the Mediterranean, and European pleasure resorts generally.

The cruise bookings, which are four times as large in number as last year, evidence the growing movement to spend holidays cruising in British vessels.

The Imperial Airways announce that all their previous records for air transport have been broken this Bank Holiday.

THE OLYMPIC GAMES.

After a demonstration at Los Angeles on Saturday, the International Olympic Committee has agreed to use an electric motion picture timing device - It is said the device will only be used as a check on the Official Judges and in case of any disputes.

A NEW FORM OF TANK.

A message from New York states that a high speed stream lined armoured tank, capable of leaping over broad ditches, was prepared on Saturday for testing its usefulness when carried by air plane.

The tank is equipped with brackets to attach to the aircrafts

At its recent trials the machine registered a speed of 112 miles per hour over unoven ground.

STANLEY SEA ROVER SCOUTS.

We learn that a dance is to be held on Wednesday evening in the Town Hall under the auspices of the Stanley Sea Rover Scouts.

We understand that the whole Hall is being hired on this occasion, and that the prices of admission are Ladies 1/-, Gentleman 1/6, and married couples 2/-.

THE FALKLAND ISLANDS HORTICULTURAL SOCIETY.

ANNUAL GENERAL MEETING.

The annual General Meeting of the Falkland Islands Horticultural Society was held in the Court Room, Stanley, on the 26th July, 1932. The attendance was disappointing, probably due to the inclement weather which prevailed that night.

In the absence of the Hon. M. C. Craigie-Halkett, the Hon. J.M. Ellis, Colonial Secretary, kindly accepted the invitation of the members present to take the Chair.

The minutes of the last General meeting were read by the Secretary Mr. G. I. Turner, and were confirmed. The statement of accounts was presented by the Treasurer, Mr. V. A. H. Biggs, and after perusal by those present was unanimously accepted, Mrs G.R.L. Brown moving the adoption, which was seconded by Mr. A. P. Hardy. The Chairman, the Hon. J. M. Ellis, proposed a vote of thanks to Mr. Biggs for his services during the past year, and this also was carried unanimously.

It is a source of gratification to those concerned that despite the difficult season which they had experienced the statement of accounts showed a balance in hand of £98. 8. 7.

The following Ladies and Gentlemen were elected to serve as Officers, and on the Committee during the ensuing year :-  
The Hon. M.C. Craigie-Halkett, (Chairman) Messrs G.I. Turner, and C. Parkinson, (Joint Hon. Secretaries) Mrs. G. R. L. Brown, Mrs Allan, Mrs. A. Nowing, Miss Felton, Mrs Davies, Mrs Lumsdale Mrs Byron, Messrs V.A.H. Biggs, (Hon. Treasurer) and A.P. Hardy.

It was proposed that the annual Exhibition be held sometime in February, 1933, and that the Committee should organise a dance during the visit of His Majesty's Ships towards the end of the present year, the proceeds of which to be devoted to increasing the funds of the Society.

THE STANLEY BENEFIT CLUB CONCERT.

A very enjoyable Concert was held in the Town Hall on Friday last, when the members of the Stanley Benefit Club entertained a large audience, including His Excellency the Governor, who was accompanied by the Hon. J.M.Ellis, Colonial Secretary, and the Hon. G.R.L.Brown (Private Secretary).

Every credit is due to Mr. W. Catten, and his loyal band of supporters for aiding so deserving a cause as the 'Childrens Party Fund', which, we understand, has benefited to the extent of over twenty pounds.

The programme, drawn up at short notice we believe, bore ample evidence of the hard work which every member contributed to make the success it was, and it must have been a source of much gratification to the Party in general to have the efforts so enthusiastically received.

The Opening Chorus, with Messrs Coleman, Davies, Gleadell, Hannaford, Luxton, Robson, and Summers, augured well for the remainder of the programme, and their topical item brought well deserved applause. Mr. K. Lellman, with his mandoline, was up to his usual high standard, and his voice was in good form - His American ditties are always popular; but it seems to us that the last two verses of "Some Cow-punching" might well have been omitted. The next item was contributed by Mr. E.J.Gleadell, whose song "Ma" enhanced by "Facial Contortions" brought the house down.

The accordion Melody gave some very pleasant renderings of popular tunes, and their 'turn' was deservedly applauded.

Billo Catten (Jr) and Sid Summers (Jr), assisted by the latter's versatile father, delighted their audience with their rendering of the "Manx Cat". These young performers are to be congratulated upon their contribution to a really good show, and evidence of the popularity of their turn was forthcoming when the audience loudly applauded them.

The old favourite 'Little Pal' was pleasingly rendered by Mr Mark Luxton, as also was his second item entitled "When I passed the Old Church Door".

The next item was one which reflects great credit upon the participants - Messrs Douglas Fleuret and Clarence Evans - One can hardly speak too highly of their efforts on the Parallel Bars. Their exercises were carried out with precision and presented a very pleasing spectacle. It would, perhaps, not be out of the way, to mention here that these Gymnasts are practically self taught, and are not only enthusiastic on their own behalf, but are always anxious to assist those similarly interested. Their 'turn' met with well deserved applause.

Next on the Programme was the inimitable "Billie" - Mr. W. Catten needs no introduction Stanley audiences - His contribution to any programme is always popular and well received, however, we think he excelled himself on this occasion when he delighted his audience with his interpretation of "A leakage in the tank" (Wiv out a 'ammer and a nail) One had fears for the safety of the roof of the Town Hall when he had concluded his item so loud and prolonged was the applause.

(Continued overleaf)

One would like to dwell on each item separately, for each deserve it, but, unfortunately space does not permit. However, mention must be made of the extremely humorous sketch which formed the penultimate item of the programme. It was extraordinarily well done, and was much appreciated by the audience. The Cast was particularly good, and it would, perhaps, be unfair to single out any one actor, but general opinion is in agreement that Sid Summers' acting is worthy of mention.

In conclusion one would like to congratulate the Organisers, The Producer, the artists, not forgetting the able pianist Mrs Robson, on their efforts to assist the children, and in providing so pleasant an entertainment. (Contributed)

THE DANCE IN THE TOWN HALL

TONIGHT.

We are asked to announce that doors will be opened at 8.30 o'clock, and dancing commence at 9 o'clock. Light refreshments will be served.

-----  
INTENDING RECORD BREAKER FORCED DOWN.

It is reported from Cowes that the Hon. Mrs Victor Bruce who started a flight intending to beat the American record of 23 days in the air was forced to descend after one hour, water having entered the high tension generator causing a short circuit.

-----  
WAR IN SOUTH AMERICA.

A message from Buenos Aires states that <sup>war</sup>is virtually declared between Paraguay and Bolivia. The announcement was made by Senor Revulora, the Paraguayan Minister.

-----  
BOXING.

Willie Smith, the South African feather weight champion, lost his title to Len McLaughlin, in a contest held at Durban on Saturday.

-----  
NEW SHIPPING COMPANY.

It is reported from London that a new shipping company was registered at Somerset House on Saturday, The Company which is named 'The Royal Mail Liners Limited' has a nominal capital of four million pounds. About 50 ships are involved and it is understood their approximate value is £7,000,000.

-----  
CRICKET.

Gloucester beat Kent by nine wickets.  
Sussex beat Middlesex by an innings and 35 runs.

-----  
NEW ROUMANIAN PARLIAMENT.

The new Roumanian Parliament assembled on Saturday. King Carol in a speech from the Throne stated the Cabinet would be formed after the definite reconciliation of the two Chambers.

THE GERMAN ELECTIONS.

The complete results of the German Elections show that the Hitlerites together with the Nationalists, and People's Party have only 274 seats out of 607. There is therefore no possibility of a Coalition Government being formed from these Groups. It is reported that the Papen/Schleicher Government intend to remain in Power whatever the Reichstag does.

The Cabinet, it is understood proposes to secure a free hand to adopt political economy measures without the necessity of Presidential decrees.

Further reports state that a serious riot took place in Berlin and that it is estimated that 33 to 40 people were killed during the elections.

EXPLOSION IN NEW YORK.

A message from New York states that a terrific explosion occurred in the cellar of the Ritz Tower, a forty one storied luxurious hotel in that City. It is reported that 5 Firemen were killed and over fifty people injured. A tall skyscraper, 540 feet in height, in the vicinity rocked to and fro. The cause of the fire was a small but obstinate fire in the basement of the building. The basement was filled with Firemen and Police seeking the source when ammonia trickling from a leaking tank came in contact with the flames. Instantly a terrific roar was heard, hundreds of windows were broken, and shops in the same street were wrecked, goods including thousands of pounds worth of jewellery were blown in every direction.

THE M.V. "LAGUNA".

The M.V. "Laguna" was due to arrive in Bahia Blanca on Monday morning, and is expected to arrive in Stanley on Saturday next.

FLOODS IN LONDON.

Heavy thunderstorms caused considerable damage in many parts of England on Monday. In London one man was killed by lightning and a house set on fire while many buildings were damaged in the London area. In the City streets, stations, tea shops, were flooded and the roadblocks were forced up by the water.

### A SCIENTIFIC EXPEDITION TO SURVEY ARABIAN SEA.

A Scientific Expedition whose purpose it will be to survey the Arabian Sea and the North West Indian Ocean is being organised and will commence operations next year.

The expenses are being largely provided under the will of the late Sir John Murray, whose researches during the Challenger Expedition last Century extended immensely scientific knowledge regarding the Oceans of the World.

Next year's Expedition will be led by Col. Seymour Sewell, Director of the Indian Museum, Calcutta. Parts of the Arabian Sea are of immense depths, though few soundings have been taken away from the steam ships routes. The main objects will be to study the topography of the Ocean bottom by echo soundings, and to search for traces of hypothetical Continent of Lemuria, which is supposed to have stretched from India westwards. The oceanic fauna, and currents will also be studied.

The Committee which arranged the Expedition includes Admiral Douglas, the Hydrographer of the Navy, and representatives of the Geographical and Natural History Societies.

### AMERICA AND HER UNEMPLOYMENT PROBLEM.

A message from Washington states that a "Five day week or equivalent in shorter working days" is the Government's proposal to cope with the unemployment problem, and that it is regarded as the best measure available to meet the distress next winter.

Until the early hours of Tuesday morning President Hoover, Mr. Doak, the Secretary for Labour, Mr. Lamont, Commerce Secretary, discussed the project from all points of view with a group of leading New England business men. It is estimated that at least three million men will be employed if the Scheme is made general. The "Five day week has already been successfully tested in New England States, and next week the National Conference will try to secure the adoption throughout the whole of the United States.

### THE EUROPEAN MONETARY CONFERENCE.

It is reported from Washington that the United States Government has officially accepted the invitation of the Powers to attend the European Monetary Conference.

THE IRISH FREE STATE.

Reports from Dublin state that the Irish Free State Senate on Tuesday were considering a motion demanding the re-opening of direct negotiations with Great Britain regarding Land Annuities. A warm debate was expected, but it was considered that Devalera would emphatically reject the demand.

Waterford Farmers in Conference passed a resolution requesting the Irish Free State Government to approach the British Government with a view to the suspension of the application of tariffs pending the settlement of the dispute between them.

GREECE AND FOREIGN CURRENCIES.

It is reported from Athens that the Greek Government has issued a decree making all deposits held by Greek subjects in foreign currencies in Greek Banks convertible at the rate of 100.70 drachmas to the dollar instead of the current market rate of 145.

THE ANGLO FRENCH PACT.

It is reported from London that the Norwegian and Albanian Governments have announced their intention of joining the Anglo-French Pact. These additions now make the total number of Countries supporting the Pact up to 17.

THE EX-KAISER AND THE GERMAN ELECTION.

It is reported that the result of the German Elections brought gloom to the household of the Ex-Kaiser at Doorn, where it had been hoped a definite message for recall was expected to be received. It is now feared that the new position of the parties will defer such a message indefinitely.

FRANCE & U.S.A. PLAN A COMMERCIAL PACT.

A message from London states that France and the United States plan to make a Commercial Pact. It is said that a trade agreement between the two Countries is likely to be concluded at an early date. It is believed that the agreement is intended in anticipation of and as a counterblast to the British Empire Conference at Ottawa, and that it is a move to forestall any possible loss of trade with British Countries.

A series of secret talks between representatives of the both Countries have taken place at Quainorsay, and that the question of the French War Debt, and other outstanding problems affecting them were discussed.

"FOISON" DRINK.

Poison liquor sold in "Moko joints" of Lower Manhattan, New York, claimed 15 lives on Tuesday. Alarmed by the number of fatalities the Police Authorities have sent a number of detectives to investigate.

A Doctor describing the effect which the drink had on its victims said "As soon they drank the liquor they were stricken as if they had been subjected to a blow on the head with a hammer.

Carbon dioxide rising from the shaft of a deserted coal mine on the outskirts of Minto, New Brunswick, was at the enquiry blamed for the death of five persons.

PARAGUAY AND BOLIVIA.

It is reported from Buenos Aires that Argentina, Chile, and Peru are doing everything possible to bring about a peaceful settlement of the Bolivian/Paraguayan dispute, and it is even suggested that they will intervene actively to achieve their end.

THE OTTAWA CONFERENCE.

Experts have been engaged on the preparation of reports of the joint deliberations of the Dominions Delegations, and which will be presented to the Delegation of Great Britain.

Whether business can be done on the lines suggested by the Dominions will be known today, and it is thought that August 6th will see the end of the Conference.

FIVE POWER NAVAL DISARMAMENT TO BE HELD IN LONDON.

A message from London states that a Five Power Naval Disarmament Conference is to be held in London early in December.

Negotiations have already commenced between some Governments concerned, and while France is inclined to make the Conference one of Technical experts, Great Britain is of the opinion that it should have much larger scope.

JAPANESE AND CHINESE CLASH.

It is reported from Mukden that six Japanese soldiers were killed and five wounded in a clash with 300 Chinese Insurgent Volunteers at a place 40 miles north of Shanhaikwan. The Japanese claim to have killed 115 insurgents.

It will be of interest to our readers to learn that during the shooting last week Mr. E.J. Mahtasney 'bagged' his seventh 'Possible' since the commencement of the season - an achievement of which he might well be proud, and we join with his numerous friends in offering our hearty congratulations to him. We, in common with others, hope that 'Mac', as he is popularly known, will, in the 'Colonial Small Bore Match', which will be competed for at an early date, further distinguish himself. Other good scores were as follows :- L. Reiva 99, J.R. Gleadell, 99, W.J. Grierson, 98, C.G. Allan, 98, D.R. Watson 97, C. Thompson 97, G. Ferricksen 97, A. Hills, 97, E. Lellman, 96, H.G. Edmunds, 96. W.J. Grierson won the prize of £1. presented by Lieut. R. Greenshields, for the first member to score two consecutive hundreds with his handicap. 'Billy's' handicap is 2 points, and we congratulate him heartily on his success. His friends would be very delighted should he be successful in scoring two hundreds in the Colonial Match - He has made several 98's, and has been shooting consistently throughout the season.

Colonial Secretary's Office,  
Stanley,  
5th August, 1932.

EMPLOYMENT ON WHALING FACTORIES FOR FALKLAND ISLANDS LABOURERS.

With the object of relieving unemployment in the Colony His Excellency the Governor has instigated measures to obtain work for Falkland Islands Labourers on board whaling factories.

As the outcome of these measures the British Firm of Messrs Salvesen of Leith have agreed to take on a number of men for the coming season on board their floating factories 'Salvestria', 'Sourabaya', and 'New Sevilla'. Wages and general conditions of employment will be the same as those on which labourers are engaged in Norway. Arrangements can be made through the Colonial Government for the payment locally of periodical allotments to families and dependants.

Men will be signed on in South Georgia on September 15th next and will be signed off in South Georgia on the return of the floating factories at the end of the season ; a free passage to and from South Georgia will be provided.

Any man who wishes to avail himself of this opportunity for obtaining employment should register his name forthwith at the Office of the Director of Public Works.

THE S.S. 'FLEURUS'

It is announced that the s.s. 'Fleurus' will leave Stanley in the early hours of Monday, the 15th August, for Fox Bay and Port Edward, and will proceed from the latter Port to South Georgia direct.

OUR FOOTBALL GALLERY. NO. 7. BURNLEY.

BURNLEY FOOTBALL CLUB was founded in the year 1881, and entered the Football League when it was first formed, in the season 1888-9. Thus the 'Turf Moorites' are yet another one of the twelve original teams. Turning to their early records we find they descended to the 2nd Division after only three seasons, but regained their First Division status in 1897, and signalled their return to the higher sphere by attaining third place in the First Division Table in 1898. They were again relegated a few seasons later, and remained in the Second Division until the Football Competition was temporarily suspended during the War years. On the resumption in 1919 Burnley entered the First Division.

The English Cup has gone to Turf Moor once, that is, during the Season 1913-14, when Burnley were still only in the Second Division. They defeated Liverpool by 1 goal to nil in the Final in the Crystal Palace, on April 25th, 1914. In addition to this success Burnley have appeared on three occasions in the semi-final of the Cup.

With regard to their League history, we find that all records were broken by Burnley in the Season 1920-21, when they played 30 successive League Matches without defeat. From Sept 6th 1920 to March 26th, 1921, they were unbeaten, losing on the latter date by 3-0 to Manchester City, at the Maine Road, Manchester. It is hardly necessary to add that the First Division League Championship was won by Burnley that season. In the following season they gained third place in the Table. In the season 1929-30 misfortune befell them, and accompanied by Everton, they descended to Division 2 once more, in which sphere they still perform.

A record victory in the Club's history :- 15-0 versus Haydock on January 20th, 1890.

Record defeats in the history of the Club :- 10-0 versus Aston Villa, at Villa Park, on August 29th, 1925, 10-0 versus Sheffield United, at Bramhall Lane, on the 19th January, 1929.

Among famous players who have worn the Burnley Colours are W. Bannister, centre-half, later transferred to Blackburn, T.W. Boyle, centre-half in the Cup winning of '14, E. Mosscroft, who also obtained his Cup medal the same year, J.W. Crabtree, later played for Aston Villa as left back and half back, Crabtree earned 14 International Caps between 1894 and 1902. B.C. Freeman, centre forward, later transferred to Everton, R. Kelly, inside right, L.A. Page, outside left, and J. Bruton, outside right. Three latter being members of the victorious team of the 1920-1921 season. Jack Hill, centre-half, for whom Burnley paid \$6,000 to Plymouth Argyle in 1923, and later sold to Newcastle United at a fee stated to have been more than £7,500. All the above players are Internationals.

A STEP TOWARDS THE CUSTOMS UNION.

It is announced from the Hague that the text of the Convention recently signed between Belgium, Holland, and Luxembourg, has been published.

The agreement which has a duration of five years gives contracting parties fiscal advantages of such a nature that may well be described as a step towards a Customs Union.

An interesting feature is that one of its clauses provides that any other State may join this tripartite agreement providing it accepts equal treatment.

GRETA GARBO TO BUILD NEW FILM STUDIOS.

PATRIOTS HORRIFIED BY INCIDENT IN CONCERT.

It is reported from Warsaw that calamity occurred at a Radio Concert there on Wednesday night, when Polish patriotic fans suddenly heard the strains of 'Deutschland uber alles'. Frantic protests led to enquiries, when it was found that the Conductor of the Orchestra and the Radio officials were guiltless, but that the guilty party was the long deceased great composer Haydn who had worked in the air as a motive in a quartette.

The Concert was broken off immediately, and profuse apologies broadcast to the outraged patriots.

THE ANNIVERSARY OF BRITAIN'S ENTRY INTO THE WAR.

Thursday was the 18th anniversary of Great Britain's entry into the World War. With the unveiling at Theipval and Arras of memorials to 100,000 men who lie in unidentifiable graves in those areas, the list of Battlefields Memorials to over one million dead was completed. Just over a week ago the remains of 20 more British soldiers were discovered, and removed to one of the nine hundred and twenty five War Cemeteries which are tended by the Imperial War Graves Commission. In addition to Britain's million dead, over two million men were wounded, and among those still suffering from the effects of the War there are six thousand who are inmates of a special mental hospital, and thirty thousand receiving treatment for chronic neuroasthenia.

THE POSSIBILITY OF CLOSE UNION OF TRINIDAD,  
WINDWARD AND LEeward ISLANDS.

It is reported from London that the Secretary of State for the Colonies has decided to appoint a Commission to examine on the spot the possibilities of close union between Trinidad, and the Windward and Leeward Islands.

It is anticipated that the Commission will leave England for the West Indies in the Autumn.

THE FALKLAND ISLANDS.

A NOTE ON THEIR EARLY HISTORY.

2. The first British Settlement at Port Egmont.

As early as 1748 the British Government in consequence of the representations made by Commodore Anson had conceived the project of establishing a base at the Falkland Islands for vessels on their way to and from the Pacific, but had abandoned it in view of the attitude of the Spanish Government. The project was revived, however, about the same time as de Bougainville was preparing his plans, and in June of the same year, 1764, Captain Byron was despatched, in apparent ignorance of de Bougainville's Expedition, with the object of seeking some spot suitable for use as a base. Accordingly, Captain Byron, after examining several harbours, landed on the 23rd January, 1765, at Saunders Island, which forms the western side of a large bay on the north coast of the West Falkland Island, and took possession of it, and of all the neighbouring islands, for His Majesty King George the Third. Byron named the harbour Port Egmont after the Earl of Egmont, who was the head of the Admiralty, and leaving Captain McBride with a sloop-of-war in charge of the establishment, and with instructions to survey the group continued his voyage to the Pacific.

Captain McBride proceeded thereupon to circumnavigate the islands and to his surprise discovered the French settlement at Port Louis, less than a hundred miles distant in a direct line from his own base.

He warned the Colonists to depart from the Territory of His Britannic Majesty, and subsequently himself departed for England to give his report. Upon the receipt of which report, and of Captain Byron's recommendations, the British Government decided to form a settlement at Port Egmont, and Captain McBride returned thither immediately with about one hundred persons in the 'Jason' frigate reaching the harbour in January 1766.

By dint of great exertions the settlers were able to make ready their houses, which seem from their remains still surviving to have been built principally of stone, against the advent of Winter, and thus during the year 1766 two settlements, one British and one French, were in being in the Falkland Islands with a united population approximating to two hundred. For be it remarked there were then no indigenous inhabitants, nor has any evidence of previous human life in the islands so far been discovered.

THE BOLIVIAN - PARAGUAYAN DISPUTE.

It is reported that the Secretariat of the League of Nations has received a cabled reply to a message from the President of the League Council urging them to effect a peaceful settlement of their dispute. Both Governments, Paraguay, and Bolivia, have agreed to clear the situation by arbitration, but while Paraguay's acceptance is unconditional, Bolivia stipulates that her troops must remain in their present position.

ONE MONTH IN THE AIR.

Mrs Victor Bruce, the well known Airwoman, began on Saturday her duration flight over the South Coast of England, she was accompanied by Flight Sengt McCloary, and Mr. Pugh.

It is reported that her husband in a refuelling plane successfully supplied his wife's machine with oil, petrol, and food in mid-air. Mrs Bruce's machine is a Savo Windhover amphibian with wheels removed for lightness. During the month she hopes to remain in the air it will be provided daily with fresh supplies.

WAR DEBTS.

A message from London states that a 'Co-operative agreement' on War Debts is envisaged by the Premier, Mr. Ramsay MacDonald. The Prime Minister's ideas were outlined as follows - So far as Britain is concerned nothing will be done in the nature of an ultimatum to the United States. Whatever should be done should be a solution in the nature of a 'Co-operative agreement' satisfactory and equitable to the United States and to the Lausanne negotiations.

THE OLYMPIC GAMES.

Japan, Finland, and Italy crowded out the United States in the Mens Championships, and further new World's records were established in three Competitions - Only in the Women's events were the Stars and Stripes run up to signalise a victory.

Ellen Freiss of Austria won the Foils Championship in a long and well contested duel with Heather Seymour Guinness of Great Britain.

CRICKET.

Surrey beat Hampshire by 129 runs. Sussex beat Nottinghamshire by six wickets. Somerset beat Lancashire by 51 runs. Matches between the following teams were drawn. GOLD RUSH BY AIR.

New Guinea is the scene of the first big 'Gold rush by air', men with all classes of machinery have been taken into the interior by aeroplanes, and it is stated that a mining camp is developing with remarkable rapidity.

The great 'Air rush' was at its height in 1929 and 1930 as placer gold was found in the accessible creeks of the Morobe District.

---

THE ECONOMIC WAR.

Mr Devalera's intention of appropriating £20,000,000 for conducting an Economic War against Great Britain is meeting with bitter attack from Mr Cosgrave and his colleagues.

It is understood that Mr Devalera has given no indication where the money is to come from, and no details as to how it would be spent. It is thought he may confiscate Land Duties for this purpose.

---

SMUGGLERS ON THE BELGIAN FRONTIER.

It is reported from Aix-la-Chapelle that smugglers who had hitherto operated in bands ten to twenty in number recently adopted the plan of combining forces, and on Friday night 500 collected on Belgian Territory, and made a dash for the Frontier sweeping the German Police and Customs on one side. The Police used firearms and two smugglers were seriously wounded. The invaders were only repulsed after the arrival of a large force of mobile police.

COVES REGATTA.

With brilliant weather, and with all ships dressed in the Roads, Coves presented a particularly charming appearance on Saturday for the last day of sailing for the Regatta week.

The huge crowd were delighted when His Majesty the King gained his third victory of the week on board 'Britannia', which in the race for yachts in 'J' class and old yachts exceeding 65 feet came in ahead of Mr. Sopwith's 'Shamrock', and won in just over four hours without calling on her time allowance. Mr Paul's 'Astra' was third.

BRIGHTER OUTLOOK FOR BRITAIN.

Lord Irwin, President of the Board of Education, speaking in London expressed the view that the economic storm of which Britain had felt the full force last year was beginning to blow itself out.

He described the Agreement at Lausanne, the success of the War Loan Conversion Scheme, the recognition by European Countries of the essential necessity of readjusting their views about disarmament, and the promise of Ottawa, -where the whole Empire was hoping to see its desire fulfilled which might be both an example and an inducement to the World to return to the paths of economic sanity - as the 'Opening in the clouds'

THE IRISH FREE STATE.

Referring to the Irish Land Annuities Dispute, the Attorney General, Sir Thomas Inskip, said the strength of the case for the British Government was felt to be overwhelming, and it had the support of six of the most eminent lawyers in the Irish Free State, including the Attorney General of Mr. Cosgrave's Government.

The British Government had offered to submit the case to arbitration, and they stood by that offer, and it would continue to remain open. There had only been one obstacle and that was Mr. Devalera's inexplicable resolve not to agree to a Tribunal wholly drawn from the Empire. 'Let it be clearly understood,' said Sir Thomas, 'that the British Government is ready to arbitrate at once before an Empire Tribunal. Failing arbitration it is willing to negotiate either as things are now, or on the undertaking of complete restoration of the position as it was before Mr. Devalera impounded Annuities. There is no question of pride or wounded feelings on our part - It is a question of common sense. Talk without a prospect of finality is futile, and Mr. Devalera offers no finality.' Sooner or later the Countries, with much loss and suffering, would have to reconcile their fiscal differences. Why can not Mr Devalera recognise that at once? There was, however, one bright hope and that was the Irish Free State Delegates at Ottawa had given no countenance to the idea they did not recognise the their allegiance to the Crown.

INTER-PLATOON COMPETITION.

No. 1. Platoon....4.

No. 3. Platoon....3.

The second League encounter between Nos 1 and 3 Platoons took place on Sunday afternoon before a 'moderate' gate. No. 1. fielded 10 men and were without two of the regular players Aldridge and B. Fleuret.

The game was somewhat marred by the conditions, the ground having scarcely had time to recover after the recent bad weather.

No. 3. winning the toss, took advantage of a strong north-westerly wind and pressed continually from the commencement. After ten minutes Atkins opened the scoring with a fine left foot shot from 25 yards. No. 3. continued to attack and forced several corners which were cleared with difficulty. Etheridge who was defending ~~and~~ saved a certain goal when the keeper had dropped the ball on the line after a hard shot from Grierson. Immediately following this Pearson had the misfortune to see a dropping shot pass just over the bar ... very hard lines. No. 3 with a bit better luck and perhaps less over-eagerness would have gained a comfortable lead in the first 20 minutes. Not until the game was nearly half an hour old were the No. 1. forwards able to launch an attack and as is so often the case scored in this breakaway following good work on the right wing - Allan being the scorer. No.3. came again and two minutes from half time Hirtle put his side ahead with a shot from a very difficult angle, the ball entering the net just inside the near upright.

HALF TIME. NO. 3. PLATOON 2. -NO. 1.PLATOON 1.

On the resumption No.3. Platoon took up the attack and despite the disadvantage of the wind against them continually threatened danger. Hirtle and Thompson on the wings were well supplied with passes and created several excellent openings for their inside men; Grierson once missed by inches. At the other end Williams slipped it passed Coleman making the score 2-2. No. 1. again attacked and after Coleman had beaten Sedgwick in a race for the ball, following a scrimmage the last named player put his side ahead. In the next minute Coleman managed with difficulty to get away a shot from Pallini, and shortly afterwards the goalkeeper failing to hold a centre from the right, Williams had an easy task in putting the ball through for his side's fourth goal, after 73 minutes.

The yellow and blacks were by no means disheartened and came with spirited attacks. Following a centre by Grierson, Pettersen had bad luck when his first time shot skimmed the bar. The Claret and Blue defenders were kept busy coping with well organised attacks, and found it necessary to resort to kicking into touch rather too frequently. Eventually White scored a third goal with a splendid first timer following a nice ground centre by Hirtle. There was no more scoring. Mr. A. Runacres kindly refereed.

RESULT NO: 1.PLATOON. 4. --NO. 3.PLATOON.3.

No.2. Platoon.	4.	1.	3.	0.	8.	17.	2.

No. 1. have yet again to meet No.3., who in addition have two matches with No.2. Thus it will be seen that No.3. must win all three encounters to equal the number of points, viz. 8 of No. 1. Platoon, in which case goal average would decide the championship. (Contributed - Our Artists suggestions and otherwise are contained in page 8.)

SENSATION IN FOOTBALL CIRCLES.

A message from London states that Alex Jackson, the famous Scottish International player, who is on Chelsea Football Club's Transfer List at £8000, has caused a sensation by signing to play for Ashton Club National, in the Cheshire League.

THE GROWTH OF BROADCASTING INDUSTRY.

One of the youngest and most flourishing of British Industries that of Radio equipment manufacture is holding an exhibition at Olympia this month.

Ten years ago six radio manufacturers provided £10,000 each to form the capital of the British Broadcasting Company, and conducted the service during the four pioneering years before the National Broadcasting Corporation was established in its place.

The Industry which now has an invested capital of thirty million pounds, and employs directly, and in ancillary trades one million workpeople continues to expand rapidly and the Exhibition which will be opened on August 19th will show many further developments in the science.

THE OTTAWA CONFERENCE.

Although there was no progress in the negotiations between Canada and the United Kingdom Delegations on Monday, there is a definitely hopeful tone where the other Dominions are concerned, and apart from Canada a complete agreement has been reached. It is reported that the actual task of forging the final agreement could now be accomplished in a matter of hours but it will not be done until the negotiations with Canada have reached the same stage as with other Dominions.

There is so much importance attached to the Anglo-Canadian discussions that the entire British Delegation devoted three full meetings to the consideration of the Canadian position.

It is understood that in the course of the bilateral discussions with the Dominions it has been intimated that failing an agreement it may be necessary for Britain to impose on certain Dominions' goods a tariff of 10 per cent, sanctioned by the Imports Duties Act. If this occurs tariffs on Dominion Goods will operate as and from November 15th next.

In a meeting of the Monetary Committee, conclusions so far agreed upon were placed in the draft report which may be published in two or three days time.

THE POSITION IN GERMANY.

A message from Berlin states that the first big battle in the struggle for power between General Schleicher, the War Minister, and Herr Hitler was the Reichstag elections. The second big battle will apparently be decided this week.

Herr Hitler claims office of Chancellor and bases his demand on the leadership of easily the largest party in Germany. General Schleicher insists that the reins should remain in the hands of those now holding them, but is ready to concede the 'Nazis' 'Some seats in the back of the cart'. Hitler insists upon his demand for the Chancellorship for himself, and the post of 'Minister for the Interior' for one of his lieutenants.

INDUSTRIAL EXHIBITION AT COPENHAGEN.

Two hundred and fifty British Firms will display at the Industrial Exhibition which is to be held at Copenhagen from September 24th to October 9th. Their exhibits will take up over 100,000 square feet of floor space.

The Prince of Wales and the Crown Prince of Denmark are joint Patrons of the Exhibition.

British goods to the value of £500,000 will be admitted to Denmark free of duty, but in bond. The sections devoted to machinery and motor cars will be the strongest, but among features of special interest will be a display of English Lace of immense value, which is being arranged Adeline Gencc, who has obtained on loan, a unique collection from prominent families all over Britain.

THE IRISH FREE STATE.

There was a dramatic development in the Anglo-Irish Tariff War yesterday when Mr. Devalera recalled Dr Kyan, the Free State Minister for Agriculture, and Mr. Mr Meyrick, Secretary to the Agriculture Dept, from the Ottawa Conference. Accompanied by Mr. Geary of the Department of Commerce they left for Dublin, where, it is officially stated, their services were 'urgently required'.

The Delegates, in an official statement, said their departure had nothing to do with the position of the Free State in the Empire Conference.

THE FRANCO-AMERICAN COMMERCIAL TREATY

It is reported from Paris that it is gradually becoming realised that the conclusion of the Franco-American Commercial Agreement will be no easy matter. No official declaration has been made on the subject, but it is fairly broadly hinted in various quarters that the French Negotiators must take care to ensure a substantial return for any concession made.

It is pointed out that the Tariff revision adopted in the United States in 1930 resulted in French exports to the United States being reduced by 62 per cent.

CERTAIN WATERS OF THE SOUTHERN SEAS RENAMED.

An announcement has been made by the admiralty which is, we think, not only of interest to our readers, but to the residents of the Islands generally. In effect it is that certain waters of the South Atlantic Ocean have been named and boundaries allotted them.

That portion which is bounded by a line drawn from the Burdwood Bank in 55 degrees West, through the Shag Rocks, South Georgia, South Sandwich Islands, South Orkneys, and the position 66 degrees South Latitude, 58 degrees West Longitude, and from there along the meridian 65 degrees West to the Burdwood Bank is henceforth to be known as the SCOTIA SEA.

DEAKE PASSAGE will in future be the name applied to the waters bounded on the North by the latitude of Cape Horn, on the East by the meridian of 55 degrees West Longitude, and on the South by the South Shetland Islands.

The WEDDELL SEA will be those waters bounded by a line joining the North Eastern extremity of Coats Land to Joinville Island.

H.G.N. Lee, the British Cup Player, beat Brugnon of France in the Gennar Championships at Hamburg on Tuesday.

The scores were 3/6, 6/8, 6/1, 6/1, 6/1.

### THE ECONOMIC WAR BETWEEN BRITAIN AND FREE STATE.

The effects of the 'Economic War' between Great Britain and the Irish Free State were emphasised on Tuesday at a meeting of the shareholders of the Great Southern Railway Company when Sir Walter Nugent, the Company's Chairman, stated that the British Tariffs on Irish products and the Irish Emergency duties on British Goods were likely to add £500,000 to the Company's losses this year and would jeopardise the payment of dividend.

If the Government refused to give relief the Company would be forced to close down or submit to Nationalization.

### THE WORLD ECONOMIC CONFERENCE.

It is reported from London that although no formal appointments have been made it is understood that two of the British experts on the Preparatory Committee of the World Economic Conference will be Sir Frederick Leith Ross, for the financial, and Sir Walter Layton for the economic problems.

### ANOTHER EARTHQUAKE IN THE AZORES.

It is reported from Lisbon that a second earthquake has occurred in the Azores, with even more grave results than occurred on the previous occasion.

Three hundred houses were completely destroyed, and six hundred people rendered homeless in the island of Sao Miguel. The total extent of the damage has not yet been ascertained.

### THE CHINESE CABINET RESIGNS.

It is stated in a message from Shanghai that the Chinese Cabinet has resigned principally owing to the passive policy which is being pursued by the Chinese Northern Military Authorities regarding Manchuria.

### BANK CLERK LOSES £170,000.

A message from Paris states that the Police have arrested a Bank Clerk on a charge of embezzling fifteen million francs, or about a hundred and seventy thousand pounds, alleged to have been entrusted to him by private customers for speculation on the Stock Exchange. It is said that he plunged and lost.

### THE CANCELLATION OF WAR DEBTS.

It is reported from New York that Senator Borah, Chairman of the Senate Foreign Relations Committee, said that the cancellation of European War Debts should take place only on a programme broad enough to give reasonable assurance of economic recovery.

### THE AMERICAN CIVIL SERVICE AND FINGER PRINTS.

In a message from New York it is stated that the 150,000 sets of finger prints of Federal employes, and applicants for Govt positions have been transferred to the Department of Justice as an economy measure.

THE BOLIVIAN-PARAGUAYAN DISPUTE.

It is understood that the Governments of Bolivia and Paraguay have agreed to the request of the Neutral Powers for cessation of hostilities. Bolivia making a proviso that the present positions occupied by troops may be maintained.

THE POLITICAL SITUATION IN GERMANY.

It is reported from Berlin that President Hindenburg has issued a decree imposing the Death Penalty for all acts of political terrorism.

Among the offences for which Capital punishment may be inflicted are insurrection, bombing outrages which cause death, fatalities to Police or Military.

The extensions of Capital punishment are regarded as much milder than originally proposed, but penal servitude is imposed for a large number of offences hitherto punishable by ordinary imprisonment.

Special Courts are to be established in Northern Germany and from their decisions there will be no appeal.

IMPORTANT DISCOVERY FOR THE COTTON INDUSTRY.

A discovery of considerable importance to the Cotton Industry was announced in Manchester on Tuesday, when it was stated that a new process had been discovered to take the crease out of cotton goods.

The process is the result of two years research, and the expenditure of £75,000, on elaborate investigations. Tootal Broadhurst Lee and Company, a well known Manchester Firm.

It is understood to consist of the working of resins into the cotton fibre, it has also been successfully applied to silk, and artificial silk.

AMERICA'S LOSS OF TRADE.

It is reported from New York that the United States had lost more than half of its trade with Great Britain since the British Government had adopted the Tariff Policy six months ago.

Last Autumn Britain was the biggest customer of the United States, and was buying at the rate of 50,000,000 dollars worth of American goods every month. Today that business had fallen to 21,000,000 dollars.

SEQUEL TO THE RESIGNATION OF THE SWEDISH PREMIER.

Further sensation has followed the resignation of the Swedish Premier against whom an allegation was made that he had contributed a secret gift of £2,500 to the funds of the Liberal Party from Kreuger on condition he could persuade the Riksbank to grant new credits to the Kreuger Concerns.

When he visited the Royal Palace to ask permission of King Gustav to resign he was told that his presence was not required, and that he should have realised the fact without having to be told.

RIFLE SHOOTING IN WEST AFRICA.  
HIS EXCELLENCY SIR ARNOLD HODSON AGAIN  
LEADS THE WAY.

We are glad to be in a position to publish the following letter, together with its enclosure, which has been handed to us by Mr. J.W.Grierson, the Secretary of the Falkland Island Rifle Association :-

Government House,  
Sierra Leone,  
4th June, 1932.

Dear Sir,

The detailed account of the West African Challenge Cup may interest you.

I am very sorry you are not sending a team to Bisley this year.

Yours very truly,  
Arnold Hodson.

The following scores in the West African Challenge Cup are notified for general information :-

Gold Coast.	1020.
Sierra Leone.	1002.
Nigeria.	981.

The individual scores of the Sierra Leone Team in order of merit were :-

Sir Arnold Hodson.	141.	Major Dare.	125
Captain Winward.	137.	Mr. Kaine.	120.
Captain Brodie.	134.	Col. Rose.	117.
Lieut. Wool Lewis.	115.		
Sergt Basham.	113.		

THE STANLEY FIRE BRIGADE.

At a Meeting of the Stanley Volunteer Fire Brigade, held in the Church Hall on Monday evening last, Mr. G.L.Challen was elected to the post of Assistant Superintendent, Mr R.H.Hannoford kindly agreed to act in that capacity during the absence on leave of Mr. Challen.

Mr. V.A.H.Biggs was again elected Secretary and Treasurer. It is of interest to note that Mr. Biggs has occupied these offices since the formation of the Brigade twenty one years, which all will agree is a creditable record of public service.

Messrs A.I.Fleuret, A. Lellman, and A. Ratcliffe were elected to serve upon the Committee.

WEATHER REPORT.

The observations made at the Stanley Observatory during the 24 hours ending 9.0 a.m. yesterday morning are as follows :- Attached thermometer 273, Barometer 1015.1 millibars, Thermometers, Dry 32.8 Wet 31.6, Maximum 39, Minimum 24, wind direction NSW force 6, precipitation .02 inches.

THE SUPREME COURT.

At a special sitting of the Court yesterday the Decree Nisi made by His Honour the Judge on the 2nd February, 1932, dissolving the marriage of Malvina Frances Aitken and Charles Edward Aitken, was made absolute.

MARRIAGE.

The marriage of Mr. Arthur Holth, a member of the crew of the s.s. 'Flourus', and Miss Helen Malvina Whitney took place in the Registrar's Office yesterday.

THE FALKLAND ISLANDS DEFENCE FORCE.  
MINIATURE RIFLE SHOOTING.

Shooting, under the same conditions obtaining in the Colonial Small Bore Match, took place on the Miniature Rifle Range at the Drill Hall on Wednesday evening, and some remarkably good scores were registered. The results reflect great credit upon the marksmen, and then it would appear that the Team which will eventually compete on behalf of the Colony within the next fortnight will give a good account of itself.

The individual scores were as follows :-

A. Hills.	98.	98.	196.	W. Lelbman.	95.	95.	190.
H. G. Edmonds.	95.	84.	189.	J. J. Harries.	96.	98.	194.
J. W. G. Peterson.	82.	95.	187.	W. Grierson.	95.	93.	188.

THE HON. H.G. EDMUNDS ELECTED TO MEMBERSHIP  
OF THE SOCIETY OF APOTHECARIES.

We are glad to report a signal honour which has recently been conferred upon the Hon. H.G. Edmunds, Acting Principal Medical Officer.

We understand that the Society of Apothecaries, of which Dr. Edmunds is a Licentiate in Medicine and Surgery, has elected him to Membership. An occurrence which is rarely met with unless the candidate is present in person and supported by at least six sponsors.

In these circumstances, we think, Dr. Edmunds is to be heartily congratulated upon his elevation.

Originally the Society of Apothecaries confined itself to the promotion of a knowledge of, and the purification of drugs, and the benefits which are enjoyed by mankind today are due mainly to its researches.

At the time of the Great Plague circa 1665, those to whom one looked for relief, viz. 'The Barber Surgeons' fled terror-stricken from the Plague, and it was left to the members of this famous Society, which incidentally is one of the renowned City Guilds, to alleviate the sufferings of the people.

For their services they were granted a Royal Charter to grant diplomas in Medicine and Surgery.

It is interesting to note that Members of the Apothecaries Society automatically become recipients of the Freedom of the City of London.

ACTIVITIES AT SOUTHAMPTON.

It is reported from London that next week end promises to be one of great activity for Southampton.

Eleven liners are scheduled to depart carrying 7000 people on holiday cruises.

The popularity of travel on British Liners is evidenced in the fact that 75 trips will be made during the remainder of the season. The majority will start from Southampton, and the cruises range from trips round the British Isles, the Mediterranean, the Northern capitals of Europe, and Spain.

REVOLUTION IN SPAIN.

It is reported from London that attempts at revolution were made in Spain on Thursday.

The revolts in Madrid and Jorca were quickly suppressed by the Police, and the ring leaders arrested, but rebels under the command of a former Officer of the Civic Guards gained control of Seville.

The town, it is said, is cut off from the remainder of Spain by telegraph and telephone, and troops are being rushed there by rail and air transport.

A PROMISING HEAVY WEIGHT.

I. Castanaga, a comparatively unknown heavy weight boxer, is to enter the limelight of the boxing world as a result of his victory over C. Ritzlaff, in a 10 rounds bout in New York. Ritzlaff who had fought 46 contests with 38 victories was knocked out by the Spaniard in 2 minutes 43 seconds.

OUR FOOTBALL GALLERY. NO. 8. BLACKBURN ROVERS.

It has already been stated in these columns that Aston Villa and Blackburn Rovers share the record of having won the English Cup six times each during their history. The Rovers feat is enhanced by the fact three of their six final successes were in consecutive seasons. The following are the details.

1884 .. beat Queen's Park (Glasgow) 2-1 at Kennington Oval.

1895... beat Queen's Park (Glasgow) 2-0 at Kennington Oval.

1883... beat West Bromwich Albion 2-0 at Dorby, following a drawn game 0-0 at Kennington Oval a week previously.

For winning the Cup three times in succession Blackburn Rovers were awarded a special trophy by the Football Association.

1890, beat Sheffield Wednesday at the Kennington Oval 6-1. In this match Townley, centre forward, scored three goals, an individual record for a Cup Final.

1891 beat Notts County at Kennington Oval by 3-1.

1928 beat Huddersfield Town, at Wembley Stadium by 3-1.

The Rovers have appeared in one other final in addition to the six occasions on which they were triumphant. That was in 1882, when they were defeated by the Old Etonians at Kennington Oval by 1 goal to nil. Blackburn Rovers have reached the semi-final stage of the Competition on no less than 13 occasions. In 1883, Blackburn Olympic avenged the previous season's defeat of their 'townsman' when they won the Cup at the expense of the Old Etonians by a score of 1-0.

The reader will agree that Blackburn Rovers have a Cup history which is second to none.

It is a curious fact that the record of having won the English Cup six times is not the only one shared with Aston Villa, for the distinction of having played in the First Division of the League belongs only to Aston Villa and Blackburn Rovers. Both members of the Original League (Blackburn Rovers F.C. was born in 1874) neither Club has ever suffered relegation to the Second Division, although in the first post-war season 1919-20 the Rovers narrowly escaped relegation, only Sheffield Wednesday and Notts County finishing below them in the first Division chart, these last two Clubs being relegated.

Blackburn Rovers have won the League Championship twice viz.- in 1912 and 1914.

Record victory in the Club's history 10-0 versus Bury.

Record defeat in the Club's history, 8-2 versus Sunderland on the 4th February, 1931.

Turning to the famous players who have figured in the Blackburn ranks, one must mention Bobby Crompton, who played 34 times for England during his career.

Crompton wore his Country's colours 12 times against Scotland, 12 times against Wales, 10 versus Ireland, and 8 times he played for England in Foreign and Colonial matches.

Other old 'Rovers' include :-

Jock Simpson, outside right, H. Healloss, centre-half, A.E. Houker, left half, (also played for Portsmouth and Southampton) H. Sewell, goal keeper. S. Pudicfoot (formerly of West Ham) inside right, Jock Hutton, right back, whom Blackburn secured from Aberdeen at a big fee. Hutton who is a Scottish International, still plays for the Rovers. All the other players mentioned are English Internationals.

WORLD FLYERS LAND IN U.S.A.

It is reported from New York that Captain Wolfgang Von Gronau and three companions, who are making a flight around the World, landed at Wayzata Bay at 1.p.m. on Thursday.

BRITISH BROADCASTING.

The Postmaster-General, Sir Kingsley Wood, speaking in the Savoy Hotel, London, on Thursday, commented on the remarkable growth of Broadcasting in the United Kingdom. He said that four and a half million pounds were being paid for wireless sets a year, and there was little doubt that the five million mark will soon be reached.

At the moment Britain was leading the World, and the Industry was as yet only in its infancy.

Continuing, Sir Kingsley said the popularity, efficiency, and progress, of British Broadcasting reflected great credit on the Radio Manufacturers of Great Britain.

MRS BRUCE AND HER ATTEMPT TO GAIN FLIGHT ENDURANCE RECORD.

The attempt to break the World endurance flight record being made by Mrs Bruce, and her two companions, in a Saro Windhover Flying boat is continuing.

English men have not previously devoted much attention to endurance flights of this kind, and Mrs Bruce today (Thursday) broke the British record which stood at 54 hours 38 minutes.

One of the most interesting features of the flight is the method employed for passing fuel and other supplies to the seaplane from the attendant machines. These machines joined by a cord fly ahead of the sea plane, the latter then increases speed and its occupants seize the cord to which is attached the fuel pipe, and thus are the necessary stores taken aboard.

-----  
BRITISH INDUSTRIES FAIR.

Invitations to 250,000 buyers in the United Kingdom, and 50,000 in Foreign Countries, will be issued at an early date, for the British Industries Fair which is to be held next February.

It is said that each year the Fair increases in size, and attraction. A Branch will be held on this occasion in Birmingham at which the latest machinery for mining, quarrying, road making and mending machinery, will be exhibited.

A large number of Firms have already booked space, and 90% of the floor accommodation has been allotted.

ANOTHER HEAT WAVE IN LONDON.

The highest temperature for two years was recorded in London on Thursday when thermometers registered 88 degrees in the shade, and one hundred and thirty five in the sun.

Most of the inland districts of England, and the East Coast continue to enjoy Heat Wave conditions.

THE FALKLAND ISLANDS.

A NOTE ON THEIR EARLY HISTORY.

3. The arrival of the Spaniards and the seizure of Port Egmont.

Spain had been jealous always of any interference in the Pacific or in neighbouring waters and determined to resist the attempts of Great Britain and of France to appropriate these Islands.

Representations were made therefore against the continuance of the settlements to the Courts of St. James and of Versailles. After an angry correspondence Louis the Fifteenth of France finally consented to withdraw his subjects from Port Louis provided that they should receive indemnification for their expenses from Spain. Accordingly Port Louis was delivered up at the end of 1766 for the payment of a sum equal to about £24,000. The Colonists returned to France and the Spaniards took possession of the place changing its name with due solemnity to Soledad. A Garrison was stationed there under the authority of the Imperial Governor at Buenos Aires.

The endeavours of the Spanish Government to induce the British to withdraw were not so successful and orders were sent therefore for their expulsion, if necessary by force. Letters in civil but positive language were passed between Captain Hunt of the British frigate 'Pamir' and the Governor of Soledad in which either expressed his surprise that the other should be where he was and summoned him to desist from his trespass and quit. So matters rested until on the 4th June, 1770, the Spanish frigate 'Industria' commanded by Don Juan Ignacio Madariaga entered Port Egmont and two days afterwards four other Spanish ships of similar size anchored in the harbour opposite the Settlement. The only British vessel there was the sloop-of-war 'Favourite' of sixteen guns, and the only fortifications on land were a black-house and a mud battery, mounting together four twelve pounders. Captain Farmer, the acting Governor of the Colony, prepared to defend himself, but when the 'Favourite' attempted to move her position nearer the shore two shots were fired over her by the Spanish frigates and she was obliged in consequence to remain quiet.

The British Captain then wrote to the Spanish Commodore requesting him to depart as soon as he should have obtained the necessary refreshments. In answer to this they received a letter from Don Madariaga stating that he had come with a very large force, comprising 1,400 men, besides the crews of his vessels, and with an ample supply of artillery and ammunition under orders to expel the British from the Islands, and that unless they prepared immediately to depart he would compel them to do so, and they themselves would be answerable for the consequences.

Captain Farmer refused to comply with this summons and continued his preparations for defence: Thereupon Don Madariaga addressed to him another letter on the 9th June declaring that unless within 15 minutes of its receipt he should give evidence of his readiness to abandon the Islands an attack would be made on him by sea and by land. The British persisted, however, in their determination

(Continued overleaf)

not to yield until the Spaniards had landed and opened fire, when, finding all attempts at resistance vain, Captain Farmer capitulated.

The place was occupied by the Spanish troops on the 10th of June 1770, and the British Settlers were embarked on board the 'Favourite,' being allowed to take with them such property as they cared to carry away. Finally the 'Favourite' sailed on the 15th July and reached England on the 22nd of September.

THE FALKLAND ISLANDS DEFENCE FORCE CLUB.

SMOKING CONCERT.

We learn that a Smoking Concert is to be held at the Billiard Room, Defence Force Club, on Thursday next, the 18th August, at which His Excellency the Governor and Commander-in-Chief will be present.

His Excellency will be accompanied by the Hon. J.M. Ellis, Colonial Secretary, and the Honourable G.R.L. Brown, Private Secretary, and will give a lecture during the evening.

Admittance will be free to all members of the Force.

MINIATURE RIFLE SHOOTING.

The highest scores recorded at the Miniature Rifle Range last week are as follows :-

E.J. Montasney, 100, J.R. Glendall, 99, C. Henriksen, 99, L. Reivo 99, C. Thompson, 99, A. Hills, 98, W.J. Grierson, 98, J.J. Harries, 98, R. Campbell, 97, D.R. Watson, 97, V.F. Summers, 97.

The programme for the ensuing week is, Monday, Open, Tuesday, Team Practice at 7 p.m. Wednesday, Spoon Shot for Glasses 'A' and 'B', Friday, Falkland Islands Company prize.

THE FALKLAND ISLANDS HORTICULTURAL SOCIETY.

The adjourned meeting of the Falkland Islands Horticultural Society took place in the Town Hall on Friday last, the 12th August, The Hon. J.M. Ellis taking the Chair in the absence of the Hon. M.C. Craigie-Halkett. There were also present Messrs V.A.H. Edggs, and G.I. Turner, Hon. Treasurer, and Hon. Secretary, respectively, Mesdames Byron, Davis, Brown, and Nowing, Messrs Nowing and L.P. Hardy, members of Committee.

The business of the meeting was to complete the revision of the programme for the Flower Show and Industrial Exhibition which is to be held in 1933.

The Committee was faced with the substantial loss which the Society sustained on last year's working, and had no alternative but to reduce the Prize List, by which it is meant to convey not that the number of classes or sections has been materially altered, but that in the case of the majority of sections the monetary value of the prizes has been reduced, not so much as to make any appreciable difference to prospective prize winners, but to a sum such as would be of real assistance in balancing their Budget.

THE SOLDIERS - v- THE SAILORS.

A friendly football match between teams selected from the Defence Force, and members of the crews of the steamships 'Fleurus' and 'Lafonia' took place on the Government House Paddock on Saturday afternoon in not any too propitious weather.

The Defence Force won the toss and took advantage of a strong south westerly wind, which they lost no opportunity of using, and after 20 minutes of play bristling with good football, and amusing incidents, Williams, of the Defence Force, scored the first goal for his side with a brilliant low cross shot. The Defence Force continued to press right up to half time and while their opponents goal had many narrow escapes no further score was recorded.

On the change of ends the 'Sailors' were full of dash, and from a free kick on the fringe of the penalty area Petterson of the 'Fleurus' scored an equaliser. The 'Soldiers' then advanced in one continuous 'wave' and within 10 minutes were two goals ahead, Grierson and O'Sullivan being the scorers.

From here onwards despite frantic efforts made by the 'Sailors' the 'Soldiers' were always in the ascendancy, and two minutes from the end Peck added a fourth point with a remarkably fine kick from the extreme left wing, the ball entering the net just under the cross bar, giving the goalkeeper no possible chance. The final score was Defence Force 4 goals, Sailors 1 goal. The teams were as follows :- Defence Force. Jennings, J.J. Harries, Etheridge, B. Fleuret, F. O'Sullivan, W.J. Grierson, E. Aldridge, L. Sedgwick, D. Williams, J. Peck, and B. Peck. Sailors, Nilsen, Tomolthy, Hicks, Clethoroc, Fulbrook, Tomosen, McLeod, Smith, Pike-Hulstan, Walsh, L. Petterson.

### THE REVOLT IN SPAIN.

It is announced in Madrid that a number of Deputies are demanding that General Sanjurjo shall expiate his treason with his life, but the Government has declared that the Court Martial alone is competent to pass sentence of death.

The Government apparently is not in favour of the death penalty for Monarchist Conspirators, and would probably recommend to President Alcalá Zamora a respite from death sentence which may be pronounced.

A total of fifteen Generals, eleven Colonels and Majors, and twenty two Captains and Lieutenants are confined in the Capital's Military prisons on a charge of having been implicated in the Monarchist Insurrection.

---

### THE OTTAWA CONFERENCE.

The first concrete achievement of the Ottawa Conference was announced on Saturday night when the currency report of the Committee on Monetary and Financial questions was unanimously approved and made public.

The report states that world rise in general levels of wholesale prices is in the highest degree desirable.

The Conference considers that International action is urgently required and announces its willingness to co-operate with other Nations in any practicable measures to secure rises.

The Conference welcomes a statement of Mr. Chamberlain 'The best condition would be a rise in gold prices and while rise cannot be effected by monetary action, alone, supply of short term money at low rates may have valuable influence. It also recommends other Countries of the Commonwealth to act in conformity with this line of policy.

The rate of interest for all purposes should be kept as low as financial conditions would permit.

These favourable monetary conditions must be achieved not by inflations but by the creation of additional means of payment of finance.

### THE PRINCE OF WALES VISIT TO MEDITERRANEAN.

The Prince of Wales and Prince George arrived in Venice yesterday afternoon, and made a tour of the City in an Italian Admiralty Launch visiting the Doges Palace, Saint Marks and the Bridge of Sighs.

Later the Prince of Wales bathed at the Lido and received members of the British Colony.

The Princes later left for Corfu by sea plane.

INTER-PLATOON LEAGUE FOOTBALL.

No. 3. Platoon. 2. - No.2. Platoon. 2.

Played on Sunday afternoon No.2. won the toss and defending the west end goal had the advantage of a strong south westerly breeze. No.2. did the bulk of the attacking during the first half, but play was very scrappy, the condition of the ground and the strong wind not being conducive to good football.

The 'Greens' opened the score after twenty minutes through O'Sullivan who shot from close range. Later Byron added a second point. The same player sent in several shots which deserved a better fate. At the other end Pettersen and White narrowly missed, and the 'Two's' goallie was once beaten by an awkward ball, but Pike cleared on the goal line. No.2's forwards missed several opportunities of increasing their lead.

HALF TIME. No.2. 2. No.3. 0.

On the resumption the 'Black and Ambers' took up the running and launched a continuous attack on their opponents goal, and No. 2 Defenders were hard pressed. After 15 minutes White scored, and ten minutes later No.3. drew level through A.I.Fleuret. Following this No.2. launched one or two spasmodic attacks, but Coleman was not seriously troubled, and the final whistle sounded leaving the result a drawn game.

THE WAR LOAN CONVERSION SCHEME.

Through the courtesy of a contributor, to whom we desire to offer our thanks, we are able to reproduce the identical letter circulated by the Treasury in connection with the recent War Loan Conversion.

Treasury Chambers,  
Whitehall,  
30th June, 1932.

Sir or Madam,

With this letter you will find papers relating to the conversion of the War Loan.

For nearly three years the Government of the day have been entitled under the terms of the original prospectus to give notice at any time to repay the loan, and Parliament included in the Finance Act of last Autumn a variety of provisions preparing the way for a conversion scheme. The Government have now given notice to repay the holdings of those who apply for repayment, but at the same time they invite all holders of the loan to continue in it on the new terms. The principal change from the point of view of the ordinary investor is the reduction of the rate of interest. The special payment of the rate of dividends without deduction of Income Tax at the source is being continued. The Government ask you as soon as possible to notify your assent to continue in the Loan. If you do so not later than the 31st July next you will be entitled to a cash bonus of £1 for every £100 of your holding, payable within 14 days of the receipt of your notification. The blue form marked 'B' at the top is the form on which to notify your assent.

The lower rate of interest payable in June of next year and afterwards (though it is compensated to some extent by the cash bonus payable at once) will undoubtedly bear hardly upon some holders whose income chiefly comes from the loan. But the change was inevitable. No one can reasonably expect to enjoy the right to 5 per cent interest when the National Credit justifies a much lower rate and the Country is strong enough to overcome any difficulties attendant on a conversion scheme. If holders are called upon to make a sacrifice, they will be quick to recognise that no section of the community from which sacrifices have not been asked in this time of trouble - sacrifices which are being resolutely borne. Moreover, what is clearly requisite in the interests of our Country cannot in the long run prove injurious to the interests of holders. The successful conversion of the war loan will not merely make a great saving in State Expenditure - The loan is so vast that this saving will be in the region of thirty million pounds a year - but it will pave the way for lower interest rates and enable industry more easily to obtain capital with which to employ more people and produce more goods as our trade conditions improve.

Accordingly, I confidently make my appeal to all British holders, primarily to those in this Country who form the majority, but not forgetting also those who dwell across the seas and whose patriotism burns none the less brightly on that account.

In undertaking this conversion - the largest operation of its kind ever undertaken in this or any other country - The Government are carrying out what they conceive to be their duty to the State with due regard to the interests of the holders. The terms which are offered have been fixed as fair and equitable both to the holders and to the Country in the light of the rapid fall in interest rates now in progress and of the conditions that are everywhere tending to enhance the value of British Government Securities.

I ask you then in your own interest (in order to secure the cash bonus) but much more because it is going to help the Country, to notify your assent without delay.

Your response made swiftly and gladly will help once more to show the world the unshakable determination of this great nation to fight its way through its troubles and thereby to encourage and inspire others to emulate its example.

I have the honour to be, etc.  
(Sgd) N. Chamberlain.

THE ROYAL VISIT TO THE MEDITERRANEAN.

The Prince of Wales and Prince George on Monday visited and inspected several ships of the Mediterranean Fleet.

After boarding the battleship 'Revenge', the flag ship of Vice Admiral Backhouse, commanding the first Battle Squadron, the Prince visited in turn the Destroyer Flotilla Leader 'Coventry', the Cruisers 'London' and 'Colombo', the Submarine Flotilla Depot Ship 'Cyclops', and the Submarine Flotilla Leaders 'Douglas', 'Godrington' and 'Keith'. Meanwhile Prince George visited the Fleet Supply Ships, and Destroyers of the First Flotilla.

Afterwards the Commander-in-Chief, Admiral Sir C. Chatfield, signalled to all units that by the Prince of Wales orders ships companies were 'To make and mend' in the afternoon, and 'Splice the main brace', which in the language of a Landsman means that the men were to be given a half holiday followed by a double issue of rum at night.

It is said that this is the first occasion since the Armistice that the order 'Splice the main brace' has been given in the Mediterranean Fleet.

The Fleet was scheduled to leave Corfu yesterday, and will undergo exercises during the voyage to Malta, where it is intended the Princes brief stay will be normal and quiet.

-----  
GOLD MEDAL FOR MODERN COMPOSER.

A message from Munich states that the famous composer Richard Strauss was decorated on Monday with a gold medal awarded by the New York College of Music for distinguished services. The medal was presented by its donor, Carl Hein, one of the Directors of the College of Music, who in a short speech, dwelt on the part played by Strauss in bringing modern music to its present high level.

INCREASE IN NUMBER OF LICENCES ISSUED.

It was announced on Monday night that the number of Wireless Licences issued by the General Post Office up to the end of July was 4,800,000, showing an increase on last year's figures of over a million.

It is anticipated that the five million mark will be reached during the Radio Exhibition which opens at Olympia on Friday.

-----  
THE SPANISH INSURRECTION.

A message from Madrid states that proceedings have been instituted against a wealthy merchant, Juan March, who is suspected of financing the recent Morarchist Insurrection. Two Spanish Grandees, The Duke of Medinaceli, and the Duke of Elinpartado, have been arrested on a charge of being implicated in the plot.

### THE WAR LOAN CONVERSION SCHEME.

Figures issued by the Treasury on Monday night indicate that the conversion of the War Loan has been an unqualified triumph. The amount converted is £1850,000,000 - being 89%. Holdings seeking redemption amount to £48,000,000 - being 2.5%. No applications have been received for holdings amounting to £189,000,000 being 8.5%.

On the basis of these figures the approximate annual saving to the State by the reduction of interest to  $3\frac{1}{2}\%$  on the converted loan will be £27,750,000, with a net saving of £208,250,000.

The result of the conversion offer has exceeded the most sanguine anticipations of the City. The whole of the loan converted above qualified for the bonus of £1 per £100. The cost of the bonus is therefore £1850,000.

### THE OTTAWA CONFERENCE.

Activity is particularly brisk in the United Kingdom camp at Ottawa. British Ministers were in private session on Sunday night from dinner until midnight discussing vital issues which must be determined before agreements can be completed with Australia, New Zealand and South Africa. The prospect of an agreement with Canada brightened during the week end, but the battle to safeguard the interests of home producers, agricultural and industrial, is not yet over, however, and meetings between United Kingdom and Canadian Ministers continued throughout Monday.

Of prime interest to Canada, and of importance to Australia, is the action Britain may be able to take to protect arrangements born at Ottawa being strangled by any Foreign Country, notably Russia.

We extend to W. Grierson our congratulations on attaining the highest aggregate score for the evening, and also on recording his first '100'.

We are asked to state that the actual competition in the 'Colonial Small Bore' match will take place next week, and that an announcement will be made in the 'Penguin' together with all particulars regarding it.

WHIST AT TEAL INLET.

We are grateful to 'M.Ployce' for his contribution regarding a series of Whist Drives which have just been terminated at Teal Inlet, and which we have pleasure in publishing.

Thursday evening, the 11th of August, terminated the second series of Whist Drives, the first commencing on June 23rd, which have been held at the Big House, Teal Inlet, at the kind invitation of Mr. and Mrs G.J.Felton.

Ten couples took their places for whist which commenced at 8.p.m. and continued until 11.p.m., when the prizes were presented by Mrs. G.J.Felton.

The Ladies prize for the first series was won by Mrs R. Rumbolds, with the highest score of 596 points, while Mr. Jock Halliday headed the list for the Gents with the same total. The 'Booby' prizes going to Mrs Check, and Mr. H. Faria.

For the second series Miss Christine Farrin was the lucky lady with the brilliant score of 675 points, while Mr. H. Faria

(Continued overleaf)

playing extraordinarily well reversed his position in the first series and won with a score of 717 points, the 'Booby' prizes going to Miss M. Parrin, and Mr. H. Parrin.

After the presentation of prizes the sweepstake was drawn, the first prize of two guineas going to Mr. W.J. Perry, and the second prize of one guinea going to Mr. J.J. Perry.

Then everybody assembled in the kitchen for supper. Gee Whiz !!! What a scrumptious feast - The table literally groaned with the weight of these delicacies, but some of those boys were sure good trenchermen doing ample justice to the fare for soon after I am sure I heard that same table give a sigh of relief.

On behalf of the folk of Teal Inlet I wish to thank Mrs & Mrs G.J. Felton for the pleasant and sociable evenings we have spent this winter .

PRINCE OF WALES ARRIVES AT MALTA.

The Flag ship 'Queen Elizabeth', with the Prince of Wales and Prince George on board, was flying the Royal Standard when she in company with the rest of the Mediterranean Fleet entered harbour at Malta on Thursday.

In a message to the Commander-in-Chief, the Prince said 'My brother and I are very glad to have had the opportunity of visiting your Fleet under its normal cruise conditions. We are most grateful for being given the facilities which have enabled us to visit every ship of the Mediterranean Fleet at Corfu, and we were both really impressed with the uniformly high standard of efficiency displayed by the ships companies. Will you please convey our great appreciation to all your command.'

In thanking the Prince of Wales for his signal Admiral Sir C. Chatfield said 'We are grateful that your Royal Highnesses have come to inspect, and be ready to inspect 46 ships in the heat of the Mediterranean Summer. We are proud to receive your approbation.

It is reported that great crowds gathered on the Quays, and other points overlooking the harbour - Official Buildings, private houses, shops etc. were bedecked with flags and bunting to greet the Princes.

PROFESSOR PICCARD REACHES A HEIGHT  
OF TEN MILES.

It is reported from Desenzano, Italy, that by rising to a height of 10.28 miles Professor Piccard has beaten his record of 9.8 miles which he made on his first attempt to ascend into the stratosphere in May, 1931. He started from Dübendorf Aerodrome near Zurich with his assistant Dr. Max Cosyns at 0055 hours on Thursday morning in a metal gondola attached to the balloon. Drifting across Switzerland into Austria and Italy they landed safely near Desezano at 1710 hours. Professor Piccard stated he had made valuable observations in ideal conditions, but encountered intense cold in the stratosphere and almost feared they would be frozen to death.

NEW FRENCH NAVAL POLICY.

A message from Brest states that France, who has hitherto concentrated her Fleet in the Mediterranean, now feels her security demands the creation of a stronger Channel Squadron. She has therefore decided to transfer to Brest the cruisers Duguay, Trouin, Lamotte, Picquet, under Admiral Drajon. He will also have under his command five super-flotilla leaders, seven Destroyers, four submarines.

As more cruisers are completed the new command will be expanded. This re-orientation of France's Naval Policy is admitted to be due to the growing strength of the German Fleet as evidenced in the impending completion of the first 'Pocket Battleship'.

OUR FOOTBALL GALLERY. - NO. 9. WEST BROMWICH ALBION.

THE THROSTLES, as West Bromwich Albion are called (Probably the outcome of their ground being known as the 'The Hawthorns') came into being in the year 1879, and joined the Football League on the formation of that body in 1889. West Bromwich Albion have long been renowned for their Cup fighting traditions, and a glance at their record in the time honoured contest will show that this is not unjust. On three occasions the Cup has been carried off to the 'Hawthorns', viz:-

- 1888 ... beat Preston North End at the Oval - 2 - 1  
(In this match West Bromwich Albion set up a new record by winning the Cup with an all-English eleven.)
- 1892.... beat Aston Villa at the Oval , 3 - 0
- 1931.... beat Birmingham at Wembley, April 25th, 2 - 1.

In addition to winning the Cup on the three occasions cited above, The Throstles have been runners up four times, being defeated in the four following finals :

- 1886.... Lost to Blackburn Rovers at Derby , 2-0 after a drawn game at the Oval the previous week.
- 1887.... Lost to Aston Villa at the Oval 2 - 0.
- 1895.... Lost to Aston Villa at the Crystal Palace , 1 - 0
- 1912.... Lost to Barnsley at Bramhall Lane (Sheffield United's ground) 1 - 0 , after a drawn game at the Crystal Palace four days before (0 - 0). In this replayed Final the score sheet was again blank after one and a half hours play, so that extra time was necessary. It was during that extra half hour that a goal won the Cup for the 'Lowly' Barnsley, defeating the 'giants from West Bromwich.'.

Thus we find that the Throstles have appeared in seven finals, emerging victorious from three of them, and in addition they have reached the semi-final stage of the competition on three occasions.

A word should be said here about the 1931 Final at Wembley. First it is interesting to note that a veteran named Pearson, who had played goal for West Bromwich when they were defeated by Barnsley in the final of 1912, was a spectator that day, and he was watching his 23 year old son holding the fort for the Throstles ... The average age of the West Bromwich Team was 21 years. This team of youth and speed scored in the first half, and after half-time Birmingham drew level. Then something happened the like of which had never occurred in a Final before. Immediately Birmingham had equalised, the ball was centro spotted and within 10 seconds was reposing in the back of the 'Brun's' net ... put there by Richardson, West Brom's centro - Not a Birmingham man had touched the ball - West Brom won the Final by 2 goals to 1.

The Throstles have done great things in the League too, in 1902 and 1911 they were Champions of Division 2, and in the season 1919-20 were at the head of Division 1 with 60 points out of a possible 84.- This being a record set up by them and since equalled by Liverpool (1923) and the Wednesday(1930 ) In 1931 besides winning the Cup West Bromwich earned promotion to Division 1, thus bringing off a double event only already accomplished by two or three Clubs. Record victory in the Club's history , 26- 0, versus Cosely, on the 11th November, 1882, also 12-0 versus Darwon, 1892. The record defeat in the Club's history :- 8-1 versus Derby County, 1886.

THE OTTAWA CONFERENCE.

Messages from London state that new Canadian demands have delayed the successful conclusion of the Ottawa Conference. It is understood that the Canadian Cabinet had been called to discuss a formula for an antidumping arrangement, but on Thursday morning Canada presented the British Delegates with an entirely new formula requiring the renewal of discussions.

Canada seeks an agreement definitely excluding imports from Russia which undercut prices of Empire supplies. Britain offers to control dumping from any country which would destroy the effects of Empire preferences. While Canada and Great Britain are still talking other Committees are making good progress and have agreed to consider means of increasing Empire Economic co-operation.

GOVERNMENT TO MAKE A DETERMINED ATTEMPT TO  
STAMP OUT BENGAL TERRORISM.

We learn from Bombay that drastic steps are to be taken to stamp out the terrorism at present prevailing in Bengal. The Government of India has announced that the troops there are being increased by a Battalion of British Infantry, and six Battalions of Indian troops.

THE RESULT OF THE NITRATE CONFERENCE.

In Berlin it was announced that as the result of the recent Conferences held in London, and Berlin, the world export nitrate quota has been fixed at 600,000 tons annually. Britain has been allotted 85,000 tons, Germany 180,000 tons, Norway 50,000 tons, while Chile will probably be allotted an amount far exceeding its 1931-1932 export figure of 130,000 tons.

KAYE DON ARRIVES AT DETROIT.

Enthusiastic crowds greeted Kaye Don when he arrived at Detroit on Thursday, where he will race in Miss England III for the Harmsworth Trophy. One of the first to greet him was his rival Commodore Gar Wood.

AQUITANIA FOG BOUND.

After being fog bound in Southampton Water for twenty three hours the 'Aquitania' was able to land her three hundred passengers on Thursday afternoon.

ILLICIT WHEAT SELLING.

It is reported from Melbourne that illicit wheat sales by farmers of the Mallee District, Victoria, has been revealed by Government investigation.

This wheat was under lien to the Government and the authorities are now contemplating legislation to enable them to prosecute the farmers involved. The amount of money involved is approximately £100,000.

THE SITUATION IN GERMANY.

It is understood that the German Government is determined to dissolve the Reichstag as soon as it gets the impressions that motions for the annulment of the emergency decrees of June and July are likely to be carried.

The Smoking Concert - continued from Page 1)

'BILL' W.S. ON  
TOP OF HIS  
FORM.

Mr. Cotton then entertained the company with a song, which met with the cordial reception always accorded his items. His recitation 'Soused 'errings' was particularly good, as also was his version of the 'Benefits of Insurance'

The next item caused 'the house' to rise in an endeavour to follow the dexterity of Mr Dick McKay. His 'Turn' proved very popular, and his patter had the air of professionalism. There are many still pondering over the question of 'How the corks got there.?' Messrs K. Lellman, Des Peek' and A.W. Boardmore also contributed liberally to the evening's entertainment, and they were rewarded by the generous applause which greeted their efforts.

THIS IS HOW IT'S DONE.

A POPULAR ENTERTAINER.

The proceedings terminated at 11 p.m. and His Excellency thanked the Commanding Officers, the artistes, and the members of the Club, for their kind hospitality, and for the evening's entertainment which he had much enjoyed. He looked to being amongst them on many such other occasions in the future. To which Captain Watson suitably responded. By general agreement this Concert must rank as one of the most, if not the most successful and happiest gatherings which have been held in the present Defence Force Club rooms.

MOLLISON ABANDONS HIS IDEA OF MAKING  
BOTH WAYS FLIGHT IN FOUR DAYS.

It is reported from Pennfield, New Brunswick, that J.A. Mollison has successfully completed the first stage of his bothways flight of the Atlantic after flying about 2600 miles in thirty hours. The latter part of the flight was made in trying conditions. Mollison discovered that his petrol supply was running short, and landed in an exhausted condition after flying through dense fog over the Canadian coast.

He stated that he has abandoned the idea of making the double crossing in four days, and before flying back will await the arrival of his wife (Miss Amy Johnson) at New York, to which place she sailed from Southampton on Saturday.

PROFESSOR PICCARD TO MAKE ANOTHER ASCENT  
TO THE STRATOSPHERE.

It is understood in Desenzano that Professor Piccard, who a few days ago ascended to a height of over ten miles in a balloon, is to make another ascent. On this occasion he will take off at a point in the region of the Hudson Bay and will make a study of the cosmic rays in the region of the Magnetic Pole.

JAPAN AND MANCHURIA.

It is now reported that Japan will officially recognise the new State of Manchuria early next month.

General Muto is leaving for Mukden on Friday next, and it is generally believed that he will be empowered to conclude a basic treaty with the new Government. Some features of this treaty are - That the defence of Manchuria will be entrusted to Japan, the management of the Railways to be entrusted to the South Manchurian Railway Company, extraterritoriality to be abolished but all Japanese rights and interests to be included in the new Agreement.

TARIFF WAR BETWEEN GREAT BRITAIN AND IRISH  
FREE STATE TO CEASE.

It is reported from Ottawa that conversations held between the Right Hon. J.H. Thomas, and the Head of the Irish Free State Delegation, are to be followed up almost immediately by the removal by the United Kingdom and the Irish Free State of the recently imposed tariffs.

The two Governments will then proceed in an improved atmosphere to work out the personnel of the Tribunal to consider the question of Land Annuities.

THE LINDBERGH BABY.

A message from New York states that Colonel Lindbergh has issued an appeal to the Press to spare his child the evils of 'Publicity', which he contends was responsible for the death of his first son.

THE QUESTION OF MIGRATION.

The annual report of the Overseas Settlement Committee which was published in London a few days ago makes no attempt to predict the future of migration. Last year was a bad one for migration and for the first time it is recorded that the outward flow of persons proceeding from the United Kingdom to settle permanently overseas fell short of the inward flow of those intending to remain in the United Kingdom. The inward balance, however, is not due to any appreciable increase in the numbers returning, but to the heavy fall in numbers of those going overseas.

Outward figures fell from 136777 in 1921 to 27151 in 1931, on the other hand the number who returned in 1931 was 55131, whilst the corresponding figure in 1921 was practically identical, viz. 52547. The report makes a comparison of the economic conditions in the last sixty years, which indicates that the rise and fall of migration corresponds closely with the degree of prosperity or depression throughout the World. Generally when economic conditions are favourable migration is stimulated, unfavourable economic conditions are reflected in the falling off in migration.

-----  
THE OTTAWA CONFERENCE.

How substantial have been the achievements of the Imperial Economic Conference at Ottawa which ended on Saturday last, is shown by the seven agreements which have been effected between Great Britain and the sister Nations of the Empire.

Complete details of the Dominions offers to Britain will not be revealed for several weeks owing to fears that the proposed duties may be forestalled. The agreements show that Britain's concessions to the Dominions and India are numerous and substantial. The leading points are; Permanent continuance of present Empire preferences where Foreign goods are liable to duty. New or increased duty on Foreign wheat, maize, linseed, butter, cheese, raw fruit, and many other articles. The Tobacco preference to be stabilised for ten years. The preference on tea to be maintained. The regulating of the quantity of lamb and beef imported into Great Britain. The prohibition of any Foreign imports which frustrate the effect of preferences. Canada undertakes that her tariff shall be based on the principle that protection duties shall not exceed a level which will give United Kingdom producers an opportunity of reasonable competition with economical and efficient production. Higher preference will be granted to 220 classes of imports including iron and steel goods, textiles, chemicals, and leather.

INTER-PLATOON FOOTBALL.  
NO. 1. PLATOON. 4. NO. 3. PLATOON. 2.

Teams from Nos 1 and 3 Platoons met for the third time on Sunday afternoon in fine but cold weather. Grierson won the toss and elected to defend the west-end goal, taking advantage of the wind. The first exchanges were all in favour of No.3, whose forwards and halves combined in launching several dangerous attacks. The 'Ones' defenders found themselves somewhat harassed and conceded a few corners all of which however proved abortive. Eventually their lines were cleared and a spell of attacking by the Claret-and blues forwards resulted in them drawing first blood after 12 minutes. Coleman failed to hold a shot from Aldridge whom the latter broke through and SEDGWICK had an easy task in running the ball between the posts. The "3's" forwards attacked immediately and the equaliser came in one minute, following the second of two corner kicks GRIERSON put his side on level terms with a well placed cross-shot. A free kick for hands against No.1. spelt danger but the ball was scrambled away. When the game was 18 minutes old the Yellow-andblacks took the lead as the result of a long sweeping pass by Grierson to the right wing, where PETERSEN, unmarked, ran down and sent in a high shot which passed just beneath the bar. The goal-keeper touched the ball in its flight. In the next minute off-side spoilt a good movement by No.3, who were doing the bulk of the attacking, their halves as well as their forwards trying several shots. J. Petersen sent in a likely shot which was saved at the expense of a corner, but relief came to No.1. in the shape of a free kick against Grierson for handling. Later the "3's" centre-forward was given off-side when in the act of shooting. A little mid-field play followed, and No.1. Platoon had a likely chance of making the score level when awarded a free kick outside their opponents penalty line, but Sullivan shot yards wide. Eventually the equaliser came through WILLIAMS who turned to good account a centre from Campbell.

HALF TIME : No. 1. Platoon...2. No.3. Platoon...2.

On the change of ends No.3. pressed for a period, the halves giving plenty of support to their forwards. an attack by the 'Clarets' culminated in Aldridge sending in a likely shot, but D.Fleuret saved the situation by heading from under the bar. The corner kick was fruitless. No. 1. began to take a larger share in the attacking and went ahead after 15 minutes - as a result of Allan's clever tactics Ray Campbell was left in possession and ALDRIDGE scored his side's third goal from the half-back's centre. Later the same player was favourably placed but was given off-side. A good clearance by D. Fleuret resulted in the "3's" unmarked right wing cutting in and shooting but the ball sailed over the bar. After 58 minutes came No. 1's fourth goal, following a good combined movement in which Sullivan, Allan, and Aldridge participated. The centre-forward shot and Peck saved on his knees. D. Fleuret cleared but the ball struck Williams and went to M. CAMPBELL whose cross shot left the Goalie beaten. Sullivan next essayed a shot from nearly the half way line that was only inches wide. The final whistle came with the Claret-and-blues attacking. RESULT. No.1.Platoon 4...No.3. Platoon...2.

COMMENT ON THE GAME.

The Claret-and Blues and the 'Yellow and Blacks' said goodbye to each other until next season in a game that was well worth watching. Indeed it is doubtful that any previous game this season has produced such good football from both teams. The teams were evenly matched ... it was anybody's game until five minutes from the time when the winners fourth goal was scored. No. 3. Platoon had more of the play than the score would suggest, and on the run of the play should have had a comfortable lead at half time. In the second half of the game play was more even, and neither team could have cavilled had the points been divided. We shall not see No.1. in action again this season, and they retire from the Field with an excellent record of 10 points from a possible 12. To No. 1. Platoon we say: Harty!

(Continued over leaf)

congratulations on winning the Shield for the second time running.

The Competition will conclude next Sunday with the last meeting between Nos 2 and 3 Platoons. To escape the unwelcome company of the wooden spoon, No.2. must win this match, for a draw would leave them with the same number of points as No.3., but with an inferior goal average.

THE LEAGUE TABLE TO DATE.

	P.	W.	L.	D.	GOALS.		POINTS.
					F.	A.	
No. 1. Platoon.	6.	5.	1.	0.	25.	13.	10.

No. 2. Platoon.	5.	1.	3.	1.	10.	19.	5.

During yesterday's match spectators witnessed something after the style Wembley Dog-racing. Perhaps next Season we could go one better and open a Whipcrade Branch.

Williams had been busy last week having a shield sewn on his jersey.

A little musical applause from a Scotsman on the line.

'Doug' played his usual fine game.

No. 3. Platoon. - 'That's a remarkably fine spoon - Please do take it'  
No. 2. Platoon. - 'Not at all - You have it - We'll have the consolation prize'

THE INTERNATIONAL TOURIST TROPHY.

A thrilling motor car speed duel in the International Tourist Trophy Race which resulted in a spectacular victory for British Cars was witnessed at Belfast. The winner was C.R. Whitcroft driving a Riley who completed the 410 mile course in 4 hours 58 minutes at an average speed of thirty laps of 74.23 miles per hour, beating the second Riley by only 70 seconds. Third, fourth, fifth, sixth, and seventh places were taken by a M.G.Midget, Alfaromeos, and Talbots.

In his first big car race Fred Dixon, the motor cyclist, led for 25 of 30 laps when his car overturned, but was uninjured although his Mechanic sustained injuries. Major Gardner in a M.G.Midget crashed down a bank and sustained a broken thigh.

Sir Henry Barkis in an Alfaromeo broke the lap record with a speed of 82.5 miles an hour.

THE REORGANISATION OF THE POST OFFICE.

It is reported from London that far reaching proposals for the reforming of the Post Office are contained the report, of Inquiry Committee under the Chairmanship of Viscount Bridgeman, which was issued on Tuesday. The report rejects the suggestion that the Post Office should be independent of Government Control. The principal recommendations are : Present Secretariat should be replaced by a Board of Management presided over by the Postmaster-General, with a General Manager as Deputy Chairman. There should be National re-organisation of the staff. Instead of taking the whole of the Post Office profits the Treasury should take only a fixed sum (Put at £11,500,000 annually) leaving any excess for the improvement of the service.

The report states that the Movement generally is virtually dead.

RECORD SALES FOR RADIO MANUFACTURERS.

It was announced in London Tuesday that record sales have been effected by British Radio Manufacturers participating in the Exhibition at Olympia. One firm states that they have received orders for all they can possibly produce during the next eight months, whilst another claims that last year's record is already beaten and business will probably be doubled.

SUCCESSFUL HOUSING SCHEMES.

The success of two schemes for moving slum-dwellers to modern flats is described in the report on Grosvenor and Ebury Housing Schemes which was issued by Westminster City Council yesterday. The Grosvenor Scheme cost £431,500 of which the Duke of Westminster contributed £113,650 together with the land. One hundred and fifty flats were completed between April 1931, and March 1932. On the Ebury Bridge Estate where the buildings cost £157,000 all 320 flats are now occupied. Both Estates record a striking improvement in the condition of the premises as compared with former dwellings.

STOCK MARKETS MORE ACTIVE.

WEDDING AT SOUTH GEORGIA.

The wedding of Mr. John Mercer, second son of the late Mr A. Mercer, and Mrs Mercer, lately resident in the Falklands, and now of London, and Miss Mona Gleadell older daughter of Mr and Mrs E.J. Gleadell of Port Stanley, was celebrated at the Office of the Deputy Registrar, South Georgia, at 2.30.p.m. on Monday.

The bride was charmingly attired in a dress of navy blue crepe-de-chino, with hat to match, and was attended by Mrs A.G. Nelson Jones. Mr. George Lanning was best man, and was ably assisted by Mr W.C. Rumbolds as Groomsman.

The reception was held at the Magistrate's residence, and among those present were Messdames Dixon, and Rumbolds, Messrs S. Jahnsen, Rumbolds, Lanning, Browel, Wold and Gleadell.

It is interesting to note that this is the second wedding to be celebrated in the Dependency of South Georgia.

We join with their numerous friends in congratulating Mr and Mrs Mercer, and extend to them our best wishes for every happiness and prosperity in the future.

THE TRANS-ATLANTIC FLYING SEASON.

It is reported from New York that the trans-atlantic flying season for the American side of the Atlantic started on Tuesday with a rush. Three aeroplanes rising almost simultaneously, and two more were expected to take the air later in the day.

Lieutenant Col. Hutchins of Baltimore, with his wife and two daughters, known as 'The Flying Family', started from New York taking with them a Navigator, Mechanic, Wireless operator, and a Photographer. From St Johns, New Brunswick, this family flight will proceed to Labrador, Greenland, Iceland and Scotland.

It was expected that still later in the day two aviators Messrs G.Petterson and J.Allan Lea, would make an attempt to fly to Oslo.

An attempt is to be made today (Thursday) by two men and a woman to fly from New York to Rome.

THE RESULTS OF THE OTTAWA CONFERENCE  
FAVOURABLY RECEIVED THROUGHOUT  
THE EMPIRE.

It is reported from London that messages reproduced in English Newspapers indicate the favourable reception throughout the Empire of the results of the Ottawa Conference. Mr Lyons, Federal Premier, says 'Australians will receive it with the greatest satisfaction, while the Department of Commerce estimates the value of preferences conceded to the Commonwealth excluding meat is two and a quarter million pounds. The New Zealand Premier, Mr Forbes, pays tribute to the broad Empire views taken by the United Kingdom Delegation. Favourable comments also come from South Africa and Canada.

An interesting European is that of the 'Vossische Zeitung' which remarks that the Ottawa Conference for the first time successfully interrupted evidence to split International Market into atoms, the ruinous consequences of which have been sorely felt in Europe and America. The French newspapers are critical of what they consider to be the creation of Customs Barriers isolating the Empire from the rest of the World, while German business circles are well satisfied because this in their view is what has been avoided.

AN ENDLESS CHAIN VERTICAL PARKING  
MACHINE.

The parking problem which is receiving so much attention from Transport Authorities in all parts of the world has been relieved to some extent by a method which has been adopted in some cities in the United States. The device which is a compartmented lift-taking the form of a vertical endless chain - enables one motor car to be stacked above another, each in its own compartment. By so doing 48 cars can be accommodated in a space which would normally take six. Any one of the vehicles, it is stated, can be delivered to its owner in from 10 to fifty five seconds according to its position on the chain.

THE FINANCIAL SIDE OF GREYHOUND RACING.

Albion Greyhounds Ltd., increased their profit by 29757 to 229725. The final dividend was declared at 4% making a total for the financial year of 54%, on the ordinary shares. With a final of 35% on the deferred ordinary, the payment for the whole 12 months comes out at 300.89%.

AN EFFORT TO MITIGATE UNEMPLOYMENT.

At the annual General Meeting of the National Union of Railwaymen it was urged that a reduction of working hours to 36 hours would do much to mitigate unemployment in the industry. A proposal to this effect is being placed before the Railway authorities with a view to absorbing the large number of unemployed.

THE ARTIGLIO TO ATTEMPT THE SALVAGE  
OF FURTHER TREASURE.

It is understood that when the 'Artiglio' has recovered all the sunken 'Egypt's' treasure it is possible that an attempt will be made to recover the valuable merchandise contained in the liner's holds.

It is also possible that attempts will be made to salvage other valuables from ships sunk in the Bay of Biscay during the War.

QUOTA FOR BRITISH COAL RAISED IN FRANCE.

It is announced that the French Ministry of Commerce has made a slight increase in the British quota of coal imports. The new quota is 70% of the average imports for the three years period that has been selected as the standard.

THE COLONIAL SMALL BORE MATCH.

A good number of spectators, many of whom remained throughout the proceedings, assembled in the Drill Hall on Wednesday evening to witness the efforts of a team selected from members of the Falkland Islands Defence Force Miniature Rifle Club to represent the Colony in the Competition, arranged by the Society of Miniature Rifle Clubs, and known as the 'Colonial Small-bore Match'. The Honourable J.M. Ellis, Colonial Secretary, acted in the capacity of Official Witness as to the due observance of the conditions laid down for the shoot.

This Competition, which is for the Society's Challenge Cup and Medals for the two leading teams, is open to all Crown Colonies and Protectorates to the exclusion of the Dominions, and is being held for the first time this year.

The Rules provide that a team shall consist of 10 members, each of whom shall fire 20 shots on two cards at a range of 25 yards with any small-bore rifle not exceeding .23 inches in calibre. The time allowed for each series of 10 shots is 10 minutes. Each team shoots on its own range and on any date prior to the 31st August.

On completion of the shoot the cards are forwarded to the Secretary of the Society of Miniature Rifle Clubs in London, where they are subjected to scrutiny and the scores registered.

There were no 'possibles' recorded on Wednesday evening, but the leading shots set up a high standard, and there was no 'tail' - the average per man being 95.25 points. It should be understood that the scores as given below can be regarded as approximate only as the use of the gauge was not permitted, and as previously stated the scores are subject to adjustment by the Society at home. We all look forward with eager anticipation to the published result of the Competition.

DEATH OF BRITISH ARCTIC EXPLORER

It is reported from London that Mr. H.G. Watkins, a well known British Arctic explorer, and leader of an expedition which left London in July to survey a possible air route between Europe and Canada via Greenland is reported to have been killed near Angragsalik, Greenland, in a kayak accident.

ENGLAND'S PART IN REVIVING WORLD CONFIDENCE.

England's part in reviving world confidence was praised by Mr. P.A.S. Franklin, the well known American Shipping Magnate, before sailing for the United States from Southampton in the 'Olympic' on Wednesday. He stated that the general world situation is improving and 'To England belongs the credit for having bred this confidence' If other Nations of the World would follow England's lead there would be a chance to effect the restoration of trade and commerce.

THE CABINET AND MEMBERS OF THE BRITISH DELEGATION TO OTTAWA.

It is reported from London that the Prime Minister will leave Lissiemouth for London in time to take part in the Cabinet Meeting which is being held on Saturday.

The meeting will afford the Prime Minister and those of his colleagues who were not at Ottawa an opportunity of consulting with members of the British Delegation upon the work of the Imperial Economic Conference before they disperse for their holidays.

It is expected the Prime Minister will return to Scotland early next week and be the guest of the King and Queen at Balmoral.

AMERICAN TRANS-ATLANTIC PLANE CRASHES.

It is reported from St. John, Newfoundland, that the aeroplane in which Solborg and Potterson were attempting a non-stop flight from New York to Norway crashed at 0230 hours in Placentia Bay, West of Harbour Grace. The occupants were uninjured but the plane was badly damaged.

John Boshken, who left Barre Vermont on the same day landed at Harbour Grace on Wednesday morning.

'FLYING FAMILY' COMMENCE SECOND STAGE OF THEIR TRANS-ATLANTIC FLIGHT.

A message from St. Johns, New Brunswick, states that Col. Hutchins and family left that city, on the second stage of their attempt to cross the Atlantic by the North Circle route, heading for Anticosti Island in the Gulf of St. Lawrence.

MOLLISON'S RETURN FLIGHT.

It is reported that J.A. Mollison, the Atlantic flyer, will leave New York on the first fine evening for St. Johns, New Brunswick, on his return trans-Atlantic flight. He will then proceed to Harbour Grace and after re-fuelling will leave for England via Ireland.

It is understood that Mrs Mollison has planned to fly and meet her husband over Ireland and will escort him to Croydon.

THE RETURN OF THE BRITISH DELEGATION.

The liner 'Empress of Britain', whose passengers include the majority of the members of the United Kingdom's Delegation to Ottawa, and the British Olympic Team, was scheduled to arrive at Southampton yesterday morning at 10.30 o'clock.

Mr. Baldwin telegraphed to the Prime Minister on Thursday in reply to a message of greeting 'Please accept our warmest thanks for your generous message, much looking forward to seeing you'

JAPAN AND MANCHURIA.

It is reported from New York that the Japanese Foreign Minister, at Tokio on Thursday, spoke out boldly in defence of Japan's Manchurian occupation, virtually defying the League of Nations, or any other machinery of peace to interfere with her policies.

BOLIVIAN MINISTER TO NEW YORK  
RESIGNS.

From New York we learn that the Bolivian Minister to Washington has resigned his post. In an interview he stated that his resignation was on account of 'personal reasons'; and that it had no bearing upon the Chaco question, but was irrevocable.

OUR FOOTBALL GALLERY. NO. 9. SUNDERLAND.

SUNDERLAND FOOTBALL CLUB was not a member of the Football League when that body was inaugurated in 1888, although the Roker Park Club came into being 8 years before that. The Football League as previously stated in these columns was originally composed of Clubs from Lancashire, and Sunderlands sphere of activity during their early years was confined, no doubt, to the North Eastern portion of England. Travelling expenses for a Club so geographically placed as Sunderland are enormous today, but in those days the 'gates' at matches were small and often a Club's share in the 'gate' would not cover their travelling expenses. Nevertheless, we find that Sunderland entered the first Division when it was increased from 12 to 14 clubs in 1891, and signalled their entry by winning the League Championship in their first season. Just about this time the great game was spreading throughout the Country and 1892 not only was the First Division enlarged to 16 clubs, but the 2nd Division was formed. The League Championship was won by Sunderland for the second time running in this season (1892-3) The following season the 'Rokerites' were second in the chart, and in 1894-5 they were again champions. Thus in the first four seasons of 1st Division Football they bagged the championship three times and were runners-up once. But they did not stop there - the records show that Sunderland gained second place in 1898 and 1901, and then the championship again in 1902, the next season they were 3rd, and we find that even when not in the first three they generally finished among the first half dozen in the League chart. No wonder is it that Sunderland Football Club means so much to the 'old timers'.

In the season 1912-13 the League championship was won by Sunderland again, and from records it appears the Club possessed in that season a most powerful side. Besides this League success the Roker brigade were matched against Aston Villa in the Cup Final, at the Crystal Palace on April 19th, 1913. This Final attracted a crowd of 120,081 people - which was a record for a football match in England until 1923 (Wembley) Sunderland and Aston Villa were the two best sides in the Country, for they were first and 2nd in the League Table. It is not often that the two best teams in the Country fight their way to a Cup Final (Always excluding Glasgow Rangers and Celtic !!!) anyway, in this the only final-tie in which they have appeared, Sunderland was defeated by Aston Villa to the tune of 1 goal to nil. It was a meeting of the giants - a match that will long be remembered in the camps of these two great rivals - If you ever visit Villa Park when Sunderland are the visitors the band plays 'Auld Lang syne' when the teams take the field.

Sunderland have fought their way to the semi-final stage five times, the last occasion being in 1931, when they were defeated 3-0 by Birmingham, which Club went on to Wembley to lose to West Bromwich 2-1. Mention should be made of C.M. Buchan, who had 20 years experience of 1st class football, playing for Sunderland and latterly for the Arsenal. He was a member of the Cup Final team of 1913, and has played for England as inside-right and centre-forward in 1913, 1920, and 1924. The mystery that has always presented itself to the majority of football fans is, Why didn't Buchan play for his Country more than three times during his long career? The answer may be that Buchan's genius would necessitate other players being capable of fitting in with his play. In other words he was too clever.

It may take a bit of swallowing but when Sunderland transferred Buchan to the Arsenal the London Club contracted to pay Roker Park one hundred pounds for every goal that Buchan would score whilst at High-bury.

A record victory in the Club's history, 9-1 versus Newcastle on December 5th, 1908. This victory was gained at St. James Park, Newcastle, and is a record away win in English League Football. Also 11-1 against Fairfield on February 2nd, 1895.

A record defeat in the Club's history 0-2 versus Blackburn Rovers on February 4th, 1931.

CHILEAN EMERGENCY PLAN.

It is reported that the Chilean Government in order to encourage industry have agreed to an emergency plan involving twelve million dollars. The plan is expected to provide work for one million unemployed.

-----  
SEQUEL TO THE RECENT SPANISH REVOLT.

It is reported from London that the Supremo Court at Madrid had sentenced General Sanjurjo, the leader of the unsuccessful revolt at Seville, to death but recommended clemency be extended to him. The Spanish Cabinet then announced that President Zamorra had agreed to commute the sentence to one of imprisonment for life. The reprieve was signed by the President on Thursday night.

Captain-General Sanjurjo, son of General Sanjurjo, was acquitted. Other sentences are General Herranz imprisonment for life. Lt.Col. Estoban Infante, 12 years imprisonment.

The trial concluded early on Wednesday, but the decision of the seven Judges was not reached until 9 a.m. on Thursday morning. With brief intervals they had deliberated on judgement for 18 hours. Before sentences were promulgated the French Ambassador, M. Norbette, appealed on behalf of the French Government for clemency to be shown to General Sanjurjo, basing his plea on the General's did to Franco in quelling the Morocco rebellion.

JAPAN STRENGTHENS HER POSITION IN

It is reported from Mukden that Japan has taken an important step to strengthen her position in Manchuria and neighbouring regions. It is announced that the Korean Government has authorised the South Manchuria Railway to construct a modern port at Rashin on the sea of Japan as an outlet for a strategic railway from Kirin through Tsinwha and Tungchingsun. Both Korea and the South Manchuria Railway are under Japanese control.

Japan thus acquires on the mainland a good deep water port many miles nearer her than Dairen, or the Russian port of Vladivostok. The Rashin route also gives her rapid alternative military channel besides a naval base which may dominate Vladivostok.

THE FRENCH CONVERSION SCHEME.

It is taken for granted in Paris that the French Government is about to venture on a big Conversion scheme.

Measures to be adopted for putting the Country's financial affairs in order were the principal subjects discussed at a Cabinet Council on Wednesday evening, and also at another Cabinet when the President of the Republic presided. It is learned that the only question now in doubt is the date when the conversion of rentes will be announced.

THE FALKLAND ISLANDS DEFENCE FORCE CLUB DANCE.

The Town Hall presented a bright and attractive appearance on Friday evening last, when the Committee and members of the Falkland Islands Defence Force Club entertained a large number of guests at a Dance.

His Excellency the Governor honoured the event with his presence, and was accompanied by the Honourable J.M.Ellis, Colonial Secretary, and Mrs Ellis, The Honourable G.R.L.Brown (Private Secretary). Captain D.R.Watson, Acting Commanding Officer, received His Excellency on arrival, and was supported by the following Officers of the Force, The Very Reverend the Dean (Chaplain), Lieutenants Edmunds, Harding, Byron and Fleuret.

Among those present were Mrs D.R.Watson, Mrs Edmunds, Mrs Lumsdale, Mrs Harding, Mrs Byron, Mr and Mrs D.E.Richardson, and Mr. E.G.Rowe. Unstinted praise is due to the Members of the Committee, and to all those who contributed, either by way of gifts of refreshments, or in assisting to promote one of the kindest and most pleasant gatherings of this nature which have taken place for some time.

It is not easy to single out any particular service rendered where all were so successful, but we venture to say that the Bands under the direction of Mr. A.W.Boarimore, and Miss H.Smith, respectively, are deserving of every commendation for their indefatigable efforts throughout the evening, playing alternatively with but one break from 9.p.m. to 2.a.m.

Before the presentation of the prizes for the past shooting season Captain Watson expressed his pleasure, and that of the Committee, at being honoured with His Excellency's attendance at the function, and said that His Excellency had kindly consented to present the Cups which they saw arrayed before them. He would call upon Mr. J.W. Grierson to announce the names of the trophies and their recipients, but before doing so he would like on behalf of the Force and himself to say how much they and he appreciated His Excellency's support of the movement, and his generosity in giving them so valuable and artistic a cup as that which would shortly be presented. Captain Watson then introduced His Excellency who was enthusiastically greeted.

During the course of his preliminary remarks His Excellency said that he had had the pleasure of witnessing the Local Bisley Shoot in which Private Montasney had won the 'Governor's Cup', and he had decided on that occasion that the trophy should be the very best obtainable. He had therefore got in touch with the Goldsmiths and Silversmiths Company which had produced the Cup, which he thought admirable from a purely artistic standpoint. He was very glad that it should have been won by such an estimable young man as Mr. Montasney. Private Montasney, with the sound of applause ringing in his ears, then came forward and received the Cup at the hands of His Excellency who heartily congratulated him upon his success.

The other prizes to be distributed were the 'Douthwaite Trophy' presented by Vice Admiral Sir Cyril Fuller, and won by Pte L.Reivo, (This marksman is to be congratulated upon his successes during the past shooting season) The N.R.A. Medal, presented by the National Rifle Association, and won by Pte.M.Campbell, 'The Bishop's Cup' presented by His Lordship the Bishop of the Falkland Islands, won by Pte.Dennis Lehen, 'The Bonner Cup' with miniatures, presented by the Honourable G.Bonner, won by a team comprising Pte.A.Hills, Sergt J.R.Glodell, C.Q.M.S. D.Lehen, and Pte J. Ryan. The 'Coutts Cup' presented by Mr. J.M.Coutts, which Mr. Grierson explained was awarded to the platoon with the highest number of marks for general efficiency during the course of the season's training. This trophy was won by No.3.Platoon and presented to Lieut.Fleuret (The Platoon Officer) to hold for one year.

(Continued overleaf)

expressed

Captain Watson then thanked His Excellency, and his gratitude for His Excellency's gift of the truly magnificent cup. He stated that while all the platoons were good No. 3. Platoon were very good, and had won the 'Coutts Cup' with a margin of six points over the next platoon. There were, he said, a few men of the Force who unavoidably or otherwise absented themselves from drill, and thereby let their platoons down. He appealed to them to attend as regularly as possible and thus assist their platoons to win the cup. Captain Watson then expressed his gratitude to all those who had contributed in any measure to the promotion of the evening's entertainment (A full expression is reported elsewhere in this issue).

His Excellency on rising to respond said that in a small circle such as that in which we are placed gatherings of this description were of the utmost value. They helped one to overcome the difficulties of life commonly found in a small community, where one was apt to consider the smaller things to the exclusion of those which made for the benefit of the community as a whole. His Excellency, continuing, stated that one of the happiest evenings he had spent during his 16 months residence in the Falklands was that on which the members of the Defence Force held their Smoking Concert - He felt that he left the room that night a better man than he had entered it - it was a night of real happiness - an occasional when personal obsessions were forgotten, and when all entered into the enjoyment with a spirit which had its effect in making life easier. Concluding, His Excellency said "We must have more of these gatherings. We have got to pull together, and sink all personal obsessions for the betterment of the community in which we live". His Excellency's remarks were received with loud applause.

Through the kindness of His Excellency the hours of dancing were extended until 3 o'clock, much to the delight of the guests who showed their appreciation in no uncertain manner.

#### AN APPRECIATION.

I have been asked by the Committee of the Defence Force Club to convey to His Excellency the Governor and Commander-in-Chief their grateful thanks for the honour of his presence in the Town Hall on Friday evening, and to express appreciation for what His Excellency has already done for the benefit of the Force and its members. The Committee also wish to thank those most generous friends who supplied such delicious refreshments, in quantities far in excess of what could be consumed at the Dance, but have been the means of giving the children a happy time on Saturday. The friends responsible for these were Government House, Mrs J.M. Ellis, Mrs G. Kelway, and the wives of the Officers of the Defence Force. The music given by Mr Beardmore's band, and Miss Smith's band, was simply splendid. Words cannot express our gratitude to these people but the huge success of the Dance was due to the excellent music supplied.

The Commanding Officer wishes to thank all those people who kindly assisted to make the Defence Force Club Dance such a success, and to say that everything was done entirely voluntarily.

I especially thank the Committee for the able manner in which they organised and carried through the Dance, and sincerely hope that all who were present had an enjoyable time.

(Sgd) D.R. Watson.

Captain & Acting Adjutant.

MANY ROYAL GUESTS TO ATTEND THE WEDDING OF SON OF CROWN PRINCE OF SWEDEN.

It is reported from Berlin that 52 Royal guests, including three reigning Kings and the Prince of Wales, will attend the wedding of Prince Gustaf Adolph, the oldest son of the Crown Prince of Sweden, and Princess Sibylla of Coburg, which is to be held at Coburg on October 29th.

---

FRENCH PREMIER AS GUEST OF LIEUTENANT GOVERNOR OF JERSEY.

The Lieutenant Governor of Jersey, Major General Willis, had as his guests yesterday M. Herriot, the French Premier, and Sir Herbert Samuel, The British Home Secretary. Despite official assurance that the visit is without political significance the meeting is regarded as invested with importance far beyond that of a chance meeting while on holiday. It is reported that commercial questions will be touched upon in view of a French desire to come to an agreement with Britain before completing any commercial agreement with the United States.

---

THE BRITISH CABINET AND THE OTTAWA CONFERENCE.

A message from London states that the British Cabinet considered the agreements entered into at the Ottawa Conference at a meeting which lasted 5 hours on Saturday, and endorsed all the actions of the Delegation.

No decision was, however, reached, regarding recalling Parliament before October 27th, to pass legislation to carry into effect the undertakings of the United Kingdom.

The Right Honourable J.H. Thomas reported on the talks at Ottawa with representatives of the Irish Free State, and it is understood they resulted in no advance towards a settlement of the Land Annuities dispute.

---

AN EXPECTED IMPROVEMENT IN AMERICA'S EMPLOYMENT PROBLEM.

It is reported from New York that Mr. Daniel Williams, the President of the Baltimore and Ohio Railroad, has revealed to the President of the Economic Conference, that the Reconstruction Finance Corporation have proposed a plan for general replacement of the Railroads which would absorb many thousands of unemployed.

OLYMPIC CHAMPIONS RETURN TO IRISH FREE STATE.

A message from Dublin states that a tumultuous welcome was accorded the Irish Free State's two Olympic Champions, Dr. O'Callaghan, (Hammer thrower) and R.N. Tiadall (Hurdler) and the rest of the Team when they arrived from Los Angeles.

The route from Kingston to Dublin, a distance of 7 miles, was an unbroken line of cheering people.

The Banquet given in their honour in the evening was remarkable for the presence at the same table of Mr Devalere, and his predecessor Mr. Cosgrave.

VIOLENT CYCLONE SWEEPS OVER THE ARGENTINE.

It is reported from Buenos Aires that a violent cyclone swept over the Province of San Juan on Saturday. It was followed by a torrential rain of ashes.

POLISH FLYER WINS 'AROUND EUROPE AIR RACE'

Two German aviators occupied second and third places, Hor Foss with 458 points, and Herr Morzik, who won the trophy on the two last occasions.

ENGLAND AND THE BAN ON NEW CAPITAL ISSUES.

It is reported from London that Mr. Chamberlain, Chancellor of the Exchequer had informed the Commons on Saturday that he had made arrangements with the Treasury to make an early announcement concerning the lifting of the ban of new capital issues. It is thought that the relaxation of restrictions on issues for the purpose of expanding the capital of existing Companies in the interests of development of trade and industry,

The return to freedom concerning flotation of new Companies will be a gradual process.

THE SITUATION IN BRAZIL.

TERRIFIC THUNDERSTORM IN SWITZERLAND.

A terrific thunderstorm raged throughout Switzerland during the week, and extensive damage has been caused throughout the Country. The storm followed the greatest heat wave which has been experienced during the present Century.

INET-PLATOON FOOTBALL.

NO. 3. PLATOON. 8. NO.2.PLATOON. 1.

The Inter-Platoon League season terminated on Sunday with the last encounter between the teams representing Nos 2 and 3 Platoons. Interest in this match was enhanced in view of the fact that on the result depended the doubtful honour of the possession of the wooden spoon.

Shackel won the toss and chose to take advantage of a north-west wind. The early exchanges were fairly even with both sides going close. After twenty minutes a centre from Bonner on No. 2's right wing was converted by Sullivan who headed through from the left. D. Peck, who was deputising in goal for Coleman (injured) made some good saves during this period. In 30 minutes the 'Yellow and Blacks' drew level through A.I. FLEURET who picked up a pass from the left wing following a throw in. At half time the score was 1---1.

On the resumption it was early evident that with the strong wind in their favour No.3. would require a lot of keeping in check. Play was confined to the 'Green's' territory almost without respite. A.I. FLEURET scored after four minutes from a pass by Thompson and the same player put on another straight from the kick off. HIRTLE found it an easy task to beat Jennings after a defensive blunder and A.I. FLEURET scored No.5, after intercepting a weak goal kick - the goalkeeper allowed the ball to pass between his legs. A free kick against No.2 brought the sixth goal, GRIEFS ON being the scorer. Shackel fouled by touching the ball twice in taking a goal kick and from the free kick near the corner flag A.I. FLEURET headed through the seventh goal, thus bringing his total to five. The eighth and last point was obtained by HIRTLE.

RESULT. No.3. PLATOON 8. NO.2. PLATOON 1.

COMMENTS ON THE GAME.

The first half of the match was keenly contested and despite the wind, some good football was seen. Peck in the 'Yellow and Blacks' goal was an excellent deputy and did all that was required of him. In the second half he was not called upon more than a couple of times. The second half was much too one sided to be interesting. There was an unfortunate lack of understanding in the ranks of No. 2's defence and all through the match the forwards did not get going well together. The centre-forward was starved and had about a dozen kicks throughout the game. It was a bad day for No.2 as bad as it was good for No.3. A.I. Fleuret at centre-forward scored five goals - an individual record for any one match in the Competition this season.

THE RETURN OF THE FREE STATE DELEGATION FROM OTTAWA.

Sean O'Kelly and thirteen other members of the Irish Free State delegation to Ottawa arrived at Southampton on Monday afternoon.

In an interview he referred to his frequent informal conversations with the Dominions Secretary, Mr. J.H. Thomas, on the Irish question.

He agreed with Mr. Thomas that the door to peace had been kept open, and he thought there was a much better atmosphere of friendship as a result of their deliberations.

BRITAIN ON THE HIGH ROAD TO RECOVERY.

It is reported from London that the Treasury made an announcement yesterday in regard to the repayment of 4½ per cent War Loan 1925-1945 amounting to £12,804, 341, and Treasury Bonds 1932-34 amounting to £140, 418, 035.

This step is regarded as a further example of the extent of Britain's recovery from the financial crisis last autumn. England then obtained credits from France, and the United States amounting to £80,000,000. Repayment has already been made to the United States Government, and France will be repaid on the 10th September, next.

AMAZING CHANGE OF OPINION IN LANCASHIRE.

A message from Manchester states that an unexpected development has occurred in the the dispute in the Lancashire Cotton Industry, the operatives in which were expected to cease work on Saturday. On Monday the majority of employees reported for work in the usual manner and the Mills are in full operation.

THE SITUATION IN GERMANY.

It is reported from Berlin that Chancellor-General von Schleicher and Baron von Gayl met Herr Hitler on Monday evening before leaving for Neudock to confer with President Hindenburg regarding the fate of the Reichstag. They offered Herr Hitler the Vice Chancellorship and Premiership of Prussia, besides the Ministry of Interior for both Reich and Prussia together with other posts for his followers, but the Nazi leader declined the proposals, saying, he would have the Chancellorship or nothing.

A LAW SUIT FOR \$27,000,000.

From New York we learn that a law suit for \$27,000,000, one of the largest in American legal history, was lodged in the New York State Supreme Court on Monday, against eight American Directors of the International Match Corporation, which is a holding Company, formed by the late Ivar Kreuger.

MOSCOW'S UNDERGROUND RAILWAY.

Important decisions have been arrived at regarding the electric equipment for Moscow's £140,000,000 underground railway.

With the aid of a British experts advice the project has already been started.

The system will comprise four power stations with a total capacity of 27,000 kilowatts, and the main plant will be situated in the heart of the City.

FURTHER HOSTILITIES IN MANCHURIA

A message from Changsun states that an insurgent attack on the outskirts of Mukden marked the opening of a new phase of the Manchurian disturbances.

Under cover of darkness four groups of men in plain clothes numbering about a hundred entered the guarded zone and burned a hangar in the principal aerodrome.

They also ineffectually attacked the northern line adjacent to the Wireless Station, and maintained a steady fire on the Manchurian and Japanese guards.

TARIFF ON FOREIGN COTTON GOODS IMPORTED BY  
INDIA.

It is reported from Simla that an immediate increase of the import duty on all non-British cotton piece goods imported into India from 31½ per cent to 50 per cent ad valorem has been decided upon by the Government of India as a result of the Inquiry held by the Indian Tariff Board at the end of last month.

-----  
THE WAR LOAN CONVERSION SCHEME.

Since his return from Ottawa the Chancellor of the Exchequer has reviewed the position arising from his request to intending borrowers to refrain from coming on the Market before the completion of the conversion operation. In view of the gratifying high percentage of assents already received from holders of War Loan, the Chancellor now feels satisfied some partial relaxation of present arrangements may safely be permitted, but for the time being requests that only the following operations be undertaken (1) Mere exchange of one class of security for another without change of ownership, (2) The issue of new security to replace the security the final redemption of which had prior to the 1st July, 1932, been fixed for a date earlier than the 1st of December next, providing that such operation concerns only British including Empire sterling issues domiciled in London and involve neither the provision of new cash nor underwriting.

THE FALKLAND ISLANDS MAGAZINE  
AND CHURCH PAPER.

We are very glad to learn that the publication of the Falkland Islands Magazine and Church Paper has been again started, thanks to the initiative of Doan Lumsdale. No one could have been more sorry than ourselves when the publication of this, for many years the only paper produced in the Colony, was discontinued for reasons which we have no doubt at the time were sufficient.

We wish our elder contemporary every success in this revival.

We understand, that as before, the magazine will be issued monthly. The first issue was on sale yesterday, and only a limited number of copies are available at a price of four pence each.

FOOTBALL.

We understand that a football match has been arranged to take place on Sunday next between teams selected from Married and Single members of the Defence Force. Further particulars will be published in a later issue.

THE S.S. 'LAFONIA'.

The s.s. 'Lafonia' left Stanley last night for the West Falklands en route for Montevideo taking mails for the River Plate and Europe. Those taking advantage of the sailing were Mrs R.C.Pole-Evans, and Miss V. Luxton, for White Rock, West Falklands, Mrs W.H.Sodgewick and daughter for Buenos Aires, Mr & Mrs H. J. Anderson, Mr. W.S.Peck and Miss Mavis Peck, and Mr. J.Prior for Montevideo en route for England, and Mr. & Mrs T. Goodwin for Buenos Aires.

WEATHER REPORT.

The observations made at the Stanley Observatory during the 24 hours ending 9.a.m. yesterday morning are as follows :-  
Attached thermometer 27.7, Barometer, 1009.1, Thermometers Dry 40, Wet 38.2, Maximum 42, Minimum 28, wind direction West South West force 5, rain .12 inches.

HOLDERS OF WAR LOAN 1925/45 TO BE REP. ID.

The London Gazette on Tuesday contained an announcement giving notice to holders of 4½ per cent War Loan 1925/45 that the loan will be repaid at par on the 1st December next, together with six months interest due on that date. The interest on loan will then cease. Notice is also given to holders of 4½ per cent Treasury Bonds 1932/34 that they will be repaid at par on the same date with four months interest due on that date. These announcements were foreshadowed in a Treasury statement on Monday night.

The outstanding amount of 4½ per cent War Loan is under 13 million pounds, and the amount outstanding in Treasury Bonds is about 140 millions. The date of repayment coincides with conversion of 5% Loan. The cancellation will involve refunding operation but the form which this will take will not necessarily be made immediately, and newspapers anticipate that the terms on which the Treasury will offer for the refunding of the residue of the 5% Loan not yet converted may not be disclosed until the end of September.

THE CLOSER UNION OF TRINIDAD AND WINDWARD ISLANDS.

It is reported from London that the Commission appointed by the Colonial Office to visit the West Indies to examine the possibilities of closer union between Trinidad, the Windward Islands and Leeward Islands, will comprise General Sir Charles Fergusson (Chairman) Sir Charles Orr, and Sir Sidney Armitage.

It is hoped that the Commission will leave England not later than November. They will proceed first to the Leeward Islands, spending December in the Presidencies composing that group, and January in the Windward Islands, and intend to reach Trinidad in February.

CRICKET.

Surrey beat Middlesex by 229 runs, Yorkshire beat Sussex by 167 runs, Somerset beat Warwick by an innings and 63 runs, Derbyshire beat Leicestershire by 36 runs. The following matches ended in a draw Gloucestershire -v- Hampshire, Lancashire -v- Nottinghamshire.

The first four positions in the County Championship are held by Yorkshire with 315 points, Sussex with 259, Notts with 241, Kent with 233, Surrey with 220.

IRISH FREE STATE DELEGATION MEETS MR. DEVALERA.

A message from Dublin states that Mr. O'Kelly and Mr. Lemass, members of the Irish Free State delegation to Ottawa, told Mr. Devalera of their prolonged talks with Mr. Thomas, the Dominions Secretary. As a result of this report Mr. Devalera is ready to meet Mr. Thomas again. Before doing this, however, he wishes to have fuller information concerning any proposals Mr. Thomas is prepared to make regarding the Anglo-Irish dispute.

DEAD M.A.N. COMES TO LIEF. UNUSUAL COURT CASE.

Presumed to have been dead four years ago in legal proceedings, connected with his brother's will, a man whose legal resurrection was refused by the Walsall County Court Judge appeared later before the Magistrates.

The man was accused of doing damage at the house of one of thirteen cousins among whom was divided the estate of his brother, it being stated that he went to the house after the County Court proceedings and smashed a window. The accused told the Magistrates that the Judge's decision was enough to upset a real "dead" man let alone a "live Dead" one.

Although he had been ruled legally dead it was decided that he should be ordered to pay £3 for damage, and was allowed three weeks in which to find it.

'FLYING FAMILY' STILL GOING STRONG.

A message has been received from Port Menier, Anticosti Island, to the effect that the Hutchinson 'Flying Family' left there late on Tuesday morning for Hopedale, Labrador.

REQUESTS MADE BY THE LATE LORD INCHEAPE.

A message from London states that under the will of the late Lord Incheape £100 has been left to each of 202 Commanders of the Pacific and Oriental Steamship Company, and British India Steam Ship Navigation Company's ships on active list at the time of his death, £50 each to 200 Chief Officers, and 200 Chief Engineers. The sum involved is over £40,000.

PAPAL BENEDICTION CONVEYED TO 'THE NOBLE PEOPLE OF ENGLAND'

Cardinal Bourne, acting as Papal Legate, conveyed the Papal benediction to the 'Noble people of England' when he consecrated the Abbey Church at Buckfastleigh, Devon. The site on which this Church stands is the situation on which a Benedictine Church once stood.

AN ANTI-DEPRESSION CONFERENCE.

It is reported from Washington that business leaders representing twelve Federal reserve Districts embracing the whole of the United States have assembled there to take part in the 'Anti-Depression Conference' called by President Hoover a few days after his acceptance of nomination for re-election.

NIAGARA CONQUERED WITHIN ONE HUNDRED YARDS OF THE BRINK.

Amid scenes of tense excitement Lieutenant W.T. Van Rhyno, the Dutch Olympic Swimmer, thrilled sightseers of the famous falls by swimming in the Falls only one hundred yards from the brink.

'A REAL RESERVE OF THE RED ARMY'.

A message from Moscow states that the Kremlin has ordered Osoaviakhim, which is the official League for Aviation and Chemical Defence, to reorganise. The League which has over eleven million members in future is to direct its main efforts to Air, Gas, and other highly technical work instead of mere marksmanship, and machine gunnery.

The Communist Youth Organisation numbering 3,500,000 will be compelled to undergo such a scheme of military training in special camps, whether afterwards called to serve in the 'Red Army' or not. The youths of every village must undergo 120 hours military training this Winter.

MILLIONAIRE'S SON.

-----

THE FRENCH CONVERSION SCHEME.

A message from Paris states there is no longer any doubt that the French Government is about to follow the example of Britain by converting the State Loans.

The amount affected is approximately 79420,000,000 francs, and there certain State issues at the present time bearing interest at the rate of 6 and 7 per cent. It is believed that the scheme for conversion will reduce the interest payable to  $4\frac{1}{2}$  per cent.

The matter was to form the subject of discussion at a special Cabinet Meeting held yesterday.

Since the Conversion Scheme will require passing, it is expected that a Special Session of Parliament will be called on or about the 16th September, but the sitting will in all probability last only two days.

AFTER SIXTEEN YEARS.

It is reported from New York that a man named Duquesne, who was recently arrested on a charge of murdering three British Seamen on board the British liner 'Tonnyson' at Bahia in 1916, has been released.

DR. HELEN KELLER.

Miss Helen Keller, the blind and deaf author, has had the honorary degree of LL.D. conferred upon her by Glasgow University. Principal Rait, speaking of her fine career said "We honour a lady whose gallant courage and indomitable will have won an unprecedented victory of the human intellect over the barriers created by the weakness of the human body."

TRADE IN OTHER COUNTRIES.

The United States trade figures show a further decline both in exports and Imports. In one month in year the exports amounted to £26,400,000 as compared with £40,000,000 in the corresponding month last year.

German Trade returns show total exports in July of £80,000,000 against 118,000,000 pounds in the corresponding period last year, while her imports showed a reduction of over £11,000,000.

WOMEN IN INDUSTRY.

Of the total number of persons insured against unemployment in Great Britain over three and a half millions or nearly 30 per cent are females. This number does not include domestic servants, who are not insurable unless they are employed in a business which is carried on for gain, such as boarding houses etc.

IN THE INTERESTS OF ECONOMY.

It is reported that the Board of Education have informed the East Sussex Education Committee that they do not feel justified in the present financial circumstances to sanction the Committee's proposal to erect a new secondary school at a cost of nearly £30,000.

GOLF.

The Walker Gold Cup Match between Great Britain and the United States commenced on Thursday at Brookline, near Boston, U.S.A. It is reported that Torrance, the British Captain, has changed his plans and is now paired in the foursomes with John de Forest, the British Amateur Champion, instead of Leonard Crawley.

DISARMAMENTS.

It is reported from London that in accordance with the terms of the European Consultative Pact the British Government is kept fully informed of the developments in connection with Germany's claim to equal rights regarding armaments.

This claim was emphasised during the closing stages of the Geneva Disarmament Conference, and has now been formally reviewed.

Although the British Government are watching events with interest, they will not, for the present, take an active part in any negotiations that may be begun between Germany and France as a result of the proposal contained in an 'aide memoire' left with the French Ambassador in Berlin.

Paris reports state that the French Cabinet would consider the German representations at a meeting on Thursday evening.

RISE IN GILT EDGED SECURITIES.

The rise in Gilt Edged Securities, which has been a notable feature of the London Stock Exchange since the Treasury announcement regarding the forthcoming repayment of the 4½ per cent War Loan and 4½ per cent Treasury Bonds, continued today (Thursday).

All securities opened at a higher level and improved further in subsequent dealings.

AIR RALLY IN ENGLAND.

Acroplanes of many European nations piloted by men who have gone to England for the Week end, as guests of British Airmen arrived at Heston Air Port on Thursday afternoon.

The Air Rally has been organised to enable British Pilots to acknowledge the hospitality received at Foreign Aerodromes this year.

On arrival at the Aerodrome there was a competition which was won by Count Skorowskioko, who had flown 2000 miles from Poland with his wife in a British 'Moth', second and third places were won by a French and Belgian aeroplane respectively. Over fifty acroplanes took part in the Rally.

OUR FOOTBALL GALLERY. NO. 11. HUDDERSFIELD TOWN.

This week we give a brief outline of a comparatively young professional Club, for Huddersfield Town Football Club was founded in the year 1910, and commenced their activities in the Second Division of the English League. Their ground at Locks Road, Huddersfield is capable of accommodating 60,000 people.

During the seasons 1910-1915 we hear very little of these newcomers, but they maintained their position as members of the Second Division, although not achieving anything very wonderful. It was in the season 1919-20, when football was resumed after the War that this young Yorkshire Club was singled out for distinction.

\* That first post-war campaign opened badly for Huddersfield. They lost match after match and before the season was three months old they were at the foot of the Second Division League Chart. Naturally gates dwindled, as they do when a Team has a bad run. Added to this was the handling code which has always been so popular in the West Riding had an adverse effect on the Town's takings, and the financial aspect became so serious that it was almost decided to wind up the Club and transfer the fixtures to Leeds, 19 miles away. Then came the turning point in the Club's fortunes. The team struck a winning vein, and instead of fading out, Huddersfield Town earned promotion to Division 1 (By finishing second in the League to Tottenham Hotspurs) and also fought their way to the final of the Cup, by defeating Chelsea the favourites in the semi-final. Their opponents in the final were Aston Villa who won the encounter by a solitary goal during the half hour of extra time which is played at English Cup Finals if the teams are level pegging after the usual 1½ hours.

In the Season 1921-2 Huddersfield won the Cup, by defeating Preston North End by 1-0, a penalty goal scored by W.H. Smith, International Outside left, decided the issue. The 'Town' has not captured the pot since, although on two occasions they have been finalists, viz. in 1928, lost to Blackburn Rovers 3-1, and in 1930 beaten by the Arsenal 2-0 (Both final ties at Wembley) En route to this latter final, Huddersfield removed from the Competition such teams as Aston Villa, whom they conquered at Villa Park, and Sheffield Wednesday who were League Champions that season. Of the eleven goals scored by Huddersfield on their way to Wembley nine were obtained by Alex Jackson, their famous Scottish International Outside right.

Huddersfield Town created a record by winning the Championship of the first Divisions in three successive seasons, 1924, 1925, and 1926. In 1924 the nearest challengers for the title were the Cardiff City Team, which had an equal number of points (57) but an inferior goal average. To commemorate the winning of the Championship three times in succession, they were awarded a special Shield by the Football Association.

Famous past and present members of the Huddersfield Colours :-  
Sam Wadsworth, left back; played for England eight times from 1922 to 1927. W.H. Smith, England's Outside left from 1922 to 1928. Both Wadsworth and Smith were members of the Huddersfield Town Team in the Finals of 1920 and 1922.  
F.R. Goodall, right back, who has played for England ten times since 1926, R. Kelly, inside right or outside right, who has gained 13 caps for England, and formerly a Burnley stalwart.  
F. Taylor, goalkeeper, England's keeper -v- Scotland in 1923-4-5, and versus Wales in 1923, and versus Ireland in 1923 and 1924.

Record victory in the Club's history : 10 - 1 versus Blackpool, 13th December, 1930.

Record defeat in the Club's history :- 7-1 versus Bolton on January 1st, 1930. (contributed)

Lady Cubitt, wife of the Governor of Bermuda, launched at Vickers Armstrong's Works at Barrow, a new liner 'Queen of Bermuda' which is a quadruple screw turbo-electric vessel 576 feet in length and 76½ feet in breadth.

The vessel is equipped for the carriage of passengers, mail and general and refrigerated cargoes for the New York -Bermuda trade of the Furness Bermuda Line.

COMMANDER HALL ARRIVES IN AUSTRALIA.

Commander Hall, who left England on August 8th on a solo flight to Australia, completed the journey on Thursday when he arrived at Wyndham from Koepang.

MOLLISON NOT TO MAKE RETURN FLIGHT.

J.A.Mollison left Sydney, Nova Scotia, by air on Thursday for Quebec, and was expected to sail for England yesterday.

Replying to Lord Wakefield's cable urging the abandonment of the flight across the Atlantic Mollison said ' Unfortunately human machinery has not stood the strain as well as my machine and engine. I realise that any mishap due to physical element would be detrimental to the best interests of aviation which you have done so much to further. "

SUCCESS OF THE AUSTRALIAN NATIONAL GOVERNMENT.

It is reported from Canberra that the Australian National Govt has set its financial house in order. The £1,148,000 deficit bequeathed to them by the Scullin Cabinet has been converted within a few months to a surplus of £1314000 for the year ended June.

This fact was announced in a Budget speech made by Premier and Treasurer, Mr. J.A.Lyons, who estimated they would make a direct saving of £1479000 in the coming year, when there would be a small surplus.

These results have been attained by drastic economics. The Budget proposals include important reductions in Customs Tariff, which will do much to assist British trade.

SPEED BOAT RACE FOR THE BRITISH INTERNATIONAL TROPHY.

It is reported from New York that Kaye Don's anticipations of a very fast race with Gar Wood for the British International trophy were upheld when they met at Detroit on Saturday.

The race, which was watched by one hundred thousand people was one of the most thrilling in the history of motor boat contests.

Kaye Don was the first to get away and soon secured a substantial lead covering the first of five laps with a speed of 89 miles per hour compared with Gar Wood's 79.

In the second lap the Britisher was leading by 1 1/2 miles, but in the last lap one of his two engines gave trouble. The boat filled with water and the speed dropped to under 50 miles per hour.

Gar Wood then raced ahead, and won by over two miles. Kaye Don, telephoning to London immediately after the Race, said 'Throttle control of starboard engine came off. Water from the cooling system flooded the boat. It was sheer bad luck.'

It is hoped that 'Miss England' will be repaired in time for the second race today. If she is successful there will be a third and final race.

It is interesting to note that the trophy has been held by America since Gar Wood won it on Southampton Water twelve years ago.

THE ENGLAND-AFRICA AIR ROUTE.

An announcement has been made in London to the effect that the provisions of the Beit Trust, under which £50,000 is to be devoted to the improvement of Air Communication in Africa, are to be utilised almost immediately.

Over ten thousand pounds has already been earmarked for tasks in Northern and Southern Rhodesia along the route followed by the Imperial Airways in their flights with mails, passengers, and freight over the Cairo-Capetown sections of the air mail which connects South Africa with England.

Immediate work includes the provision of new alighting grounds, enlargement and improvement of existing aerodromes, and careful attention is to be paid to improving facilities for wireless communications between aircraft and land stations.

THE SITUATION IN GERMANY.

It is reported from Berlin that two events of the past week end may easily mark the turning point in Germany's political development. They are the thirteenth annual congress of the Stahlheim League and the Catholic Congress.

Although the date and place of the Stahlheim meeting had been fixed earlier in the year fate has decreed that the immense demonstration should coincide with the Political crisis which will decide whether Germany is to be governed by the Parliamentary system or revert to the pre-war procedure wherein the head of the State appoints his own Chancellor to hold office with or without the approval of the Reichstag.

The Stahlheim League has a membership of nearly a million but 60 per cent of these fought in the War, and are thus no longer young. The remainder has been attracted by the League's rigorous self discipline and Spartan courage. The members are drawn from all social ranks and profess no political creed, but are opposed to Parliamentary rule.

ANOTHER ATTEMPT TO CONQUER  
MOUNT EVEREST.

It is reported from London that another attempt will be made by British climbers to conquer Mount Everest next year.

Brigadier General Bruce, who was leader of the 1921 Expedition, hopes that by the middle of May the Expedition will be well up on the mountain slope.

Attempts to climb Everest began in the reconnaissance expedition in 1921, and was followed in 1922, 1924 and 1925 by further ventures, but up to the present the Mountain has proved unconquerable.

It was in 1924 that G.L. Mallory, and A.C. Irvine, lost their lives in an attempt to conquer the last 1000 feet. It was established beyond doubt that they had reached a height of 28,000 feet, but the manner of the death could only be conjectured.

THE IRISH FREE STATE AND LAND  
ANNUITIES.

Mr Desmond Fitzgerald, a member of the late Irish Free State Administration, strongly criticised Mr. Devalera's attitude towards Land Annuities in a speech on Saturday night. He said the late Government had consistently urged negotiations, realising that the Free State had no legal case for the retention of Land Annuities.

Hitherto Mr. Devalera's argument had been that there was a legal right for such retention. If that argument were sound then the Free State should endeavour to have the matter tried by a Judicial Tribunal. The Government, however, were now showing a preference for negotiations and the only reason that could justify such an attitude was that they were satisfied there was no legal case.

CHRIST CHURCH CATHEDRAL BAZAAR.

What should prove to be a particularly attractive side show at the Bazaar is a concert which will be held in the large refreshment room at the back of the Stage. Performances, which will be given twice nightly, are timed to commence at 7.45 p.m. and 9.30 p.m. prompt. The prices of admission are modest, adults being charged 1/- and Children 6d.

THE 'FLYING FAMILY' CONTINUES TO  
MAKE PROGRESS.

A message from Copenhagen stated that Mr & Mrs Hutchinson and their two daughters, known as the 'Flying Family', successfully completed 650 miles journey from Hopedale, Labrador, and have landed at Godthaab, Greenland.

Their arrival has presented the Greenland Administration with a complicated problem for permission to land had been refused them. Although the Administration is compelled to abide by strict alien regulations, it is naturally perfectly willing to give every assistance, and has no desire to keep the Flyers in Greenland indefinitely.

If, as is suggested, Hutchinson's papers are not in order the Sheriff will probably telegraph Copenhagen before permitting them to proceed.

WAR DEBTS.

It is reported from Berlin that the German Ambassador in Washington has been instructed to get in touch with the American State Dept and seek a postponement of the German Debt payment due on Sept 30th. The amount involved is 33050000 marks, and is unaffected by the Lausanne Agreement.

### THE SITUATION IN GERMANY.

It is reported from Berlin that the most momentous Monarchist demonstration in Germany since the War took place in that city on Sunday in the form of a review of two hundred thousand 'Steel Helmets'.

It is said, that there is no longer any doubt that the Hohenzollern restoration is the ultimate aim of the Papen-Schleicher Cabinet, which incidentally took an official part in the Demonstration, but it is thought unlikely to occur until after the death of President Hindenburg, and the unpopular ex-Kaiser.

Everywhere during the celebrations the ex-Kaiser's sons were in the brightest limelight. The ex-Crown Prince stood with the 'Steel-helmet' leaders, Herr Seldte and Colonel Duesterberg, during the March Past and received the salute, while the crowds cheered wildly.

The most enthusiastically applauded messages in Herr Seldte's speech were his expression of gratification 'That His Imperial and Royal Highness the Crown Prince, and other members of the Hohenzollern family were present.' and his reference to the possibility of treating the Weimar Constitution as a 'Scrap of Paper'.

The whole demonstration, from the point of view of the Organisers, was a brilliant success. Every seat in the Berlin Stadium was filled, and it is estimated that over 75,000 people were present as spectators.

### AN ARREST IN CONNECTION WITH THE ABDUCTION OF COLONEL LINDBERGH'S BABY.

A message from New York states, that Garrett Schenick, a pedlar-fishmonger from New Jersey, has been arrested in connection with the Police Enquiry into the abduction and murder of Colonel Lindbergh's baby son.

It is reported that the Police of New Jersey and Pennsylvania are frankly sceptical about Schenick having any connection with the case, and the preliminary enquiry exonerates him from any direct connection, but the Police are determined to enquire into the case from every possible angle.

### TERRIBLE FLOODS IN MANCHURIA.

Mukden, Sunday. More than one million people are officially declared to be in desperate need of food, shelter and clothing, owing to the devastation of floods in North Manchuria.

The first rough survey of the Flood Relief Committee unfolds a terrible story. The flooded areas of Sungari, Nonni, Liao, Hulan, and river basins in the region of Taonan, Harbin and Tsitsihar, are now being surveyed by the Relief Committee in a number of aeroplane flights.

It is calculated that the financial loss caused by the floods is equivalent to the value of half the normal exportable surplus of all Manchuria, and 25% of the whole world crop of soya bean has been lost.

There is grave danger of an outbreak of Cholera. Owing to the devastation caused and the lack of relief the people are taking to banditry, which has already assumed formidable proportions, and the inhabitants of many towns are resorting to desperate measures to protect themselves.

The financial problem raised by the floods staggers the

INDUSTRY ON THE MOVE.

At the annual meeting of the Municipal Treasurers and accountants' Association, it was stated that some of the areas of Great Britain which had suffered from the decline of the basic trades had sought to attract the new industries to places where the Public services were already efficiently provided. The Nation, it was said, must consider action to minimise the waste of national wealth.

It was pointed out that while Bournemouth, a non industrial town, the cost of Public assistance was 11/- per head of the population Marthyr Tydfil, in an industrial area, was 41/-.

THE IMPORTANCE OF THE DISCOVERY OF STONE AGE  
DEPOSITS AT THE FOOT OF MT. CARMEL.

The recent discovery of a series of stone age deposits so far unparalleled in the Near East is described by Sir Arthur Keith as being of the greatest importance. Of eight skeletons disclosed by excavation four were complete and represent a distinctive people unlike any other race of prehistoric men. One skeleton, that of man of approximately 5' 10" in height, possesses jaws fashioned not like those of European Neanderthal man, but rather as in some modern races with massive prognathous jaws. He serves to fill the gap between the European Neanderthals and more primitive forms of modern man.

CHRIST CHURCH CATHEDRAL BAZAAR.

The tastefully decorated Stalls, well calculated to attract the attention oven of Scrooge himself, together with the numerous Side-shows, reflects great credit upon those who shouldered the responsibility of the promotion of this year's Church Bazaar which was officially opened by His Excellency the Governor on Monday evening.

His Excellency was received by the Very Reverend the Dean and Mrs Lumsdale, and was accompanied by the Honourable J.M. Ellis, Colonial Secretary, Mrs Ellis, and the Hencurable G.R.L. Brown, Private Secretary

His Excellency was introduced by the Very Reverend the Dean, and it became evident as he was speaking that Sir James was heavily handicapped by a severe cold.

During the course of his remarks His Excellency said that in his Public life in Australia he had many times been called upon to open Church Bazaars. He thought that generally speaking those funtio-ns were opened at much too early an hour, and he suggested, for the Dean's consideration, that in future a later hour would be more suitable, for then, the people would have indulged in a good meal and would feel more inclined to dive deeper into their pockets and the ladies into their purses.

Continuing, His Excellency said that it was an extraordinary thing that the Church was always in debt - He had never known a rich Church - and he appealed to the Public, no matter to what creed or denomination they belonged, to respond generously.

His Excellency explained that since his arrival in the Colony some 16 months ago he had had the opportunity of watching the work of Dean Vaughan, and the present Dean, and he had arrived at the conclus-ion that the work was not 'A one man job'. The work in Stanley and the 'Camp' required the ministrations of two Priests - The Sustentation Fund provided for this service, but at the moment its resources were very low. Then there was the case of the Endowment Fund - He believed this Fund had to its credit £3000, which was invested in 5% War Loan. This Loan had recently been converted to 3½%, when the Old Country found it necessary to balance her budget, and this meant that their interest would be reduced by approximately 30%. The leeway had to be made up by the Community.

His Excellency also surveyed the state of the General Purposes Fund, and expressed his amazement at the fact that the Overhead Charges of the Cathedral amounted to only £5. 2. 0. per week. The Dean, he said, had told him that the average weekly collections were £3, but that last Sunday £2. 8. 10. was the total receipts - This, His Excellency explained was a parlous state of affairs and he again appealed to all

(Continued overleaf)

to contribute as generously as possible.

Concluding His Excellency said: 'I wish to congratulate the Committee, and all those responsible for promoting this Bazaar, and I have very great pleasure in declaring it open'

The Dean responding expressed his very deep gratitude to His Excellency for the noble manner in which he had supported the cause, despite his indisposition.

We understand the receipts for the first night amounted to £90. 14. 4. which we hope will easily be exceeded by the second night's effort.

THE SITUATION IN GERMANY.

It is reported from Berlin that President Hindenburg yesterday signed Emergency Decrees which put into effect the economic financial programme designed for the recovery of trade. These were outlined in a recent speech made by the Chancellor. One of the most striking provisions is an authority to employers of labour to reduce wages by 12½ per cent, provided that they increase the number of hands by a quarter. The special provisions are for agricultural and seasonal occupations.

MISS ENGLAND III. FAILS TO COLLECT  
THE TROPHY.

A message from Detroit states that Car Wood beat Kaye Don in the second race for the Speedboat trophy on Monday morning.

Early in the race Miss England III developed trouble in the starboard engine, and before Kaye Don had completed the second lap Car Wood was almost four miles ahead of him. Then the British boat broke down completely and came to a standstill swinging at right angles to the course.

The two boats had run neck and neck during the first lap, then a burst of flame and smoke was observed issuing from Miss England III. The Mechanic tried vainly to locate the cause of the trouble while Kaye Don continued to run with the Port Engine only. The additional strain to this motor deranged it and the boat came to a stop.

250,000 people who had risen before dawn to witness the race were keenly disappointed with the result.

PRINCE NICHOLAS TO RETURN TO ROUMANIA.

It is reported from Bucharest that Prince Nicholas, the brother of King Carol, will return to Bucharest about the middle of October to assume the post of Inspector-General of the Army.

The Prince has been living in Paris as a result of a quarrel following the Prince's marriage last November to the divorced wife of a Roumanian Officer.

In December, at the instance of the King, the Courts declared the marriage invalid, as it had been contracted without the King's consent. The Prince refused to give way, and left the Country following an ultimatum from the King. Prince Nicholas returned in March of this year on the Royal invitation but a settlement was not effected. The King then sent his brother abroad on twelve months leave of absence.

ACTRESS COMMITS SUICIDE.

It is reported from London that Miss Helen Saintsbury, the actress and daughter of H.A. Saintsbury, the actor-author, was found dead, shot through the head, in her flat in St. Martin's Lane, on Monday afternoon.

Her death follows with tragic suddenness the suicide last month of her husband, who was found near Winchester;

THE RE-CONSTRUCTION OF CENTRAL AND EASTERN EUROPE.

A general discussion began on Tuesday in the Conference of Financial and Economic experts dealing with the reconstruction of Central and Eastern Europe at Stresa, Italy, where the delegates of fifteen states are in attendance.

The principal British Delegate is Mr Joseph Addison, the British Minister at Prague, who in the course of his speech said ' Britain has not come to the Conference with her mind already made up, but she is of the opinion that the only means of attaining the desired end was the gradual abolition of all economic barriers. The Exchange system at present in operation was strangling the economic life of the world. He agreed with the German Delegate that the improvement of International Exchanges would lead to automatic improvement in the financial situation. "

Mr. George Bonnett, Chairman of the Stresa Conference, sent a telegram to the Prime Minister, Mr. Ramsay MacDonald, expressing respectful homage and loyal esteem of the Conference, which was created by the Lausanne Conference, of which the Prime Minister was President. Mr. MacDonald in his reply conveyed best wishes to Mr. Bonnett and his colleagues for their success 'Which I am confident will attend their labours under your chairmanship' .

SIGNS OF IMPROVED WORLD TRADE.

From all parts of the World messages are reaching London indicating the mounting spirit of trade optimism, and it is said that at last there is a feeling that the tide of depression has turned. In America the conviction that the financial crisis is over has increased in confidence and has led to great activity on the Stock Market.

In France business is better than it has been for many months and basic Industries report orders, and unemployment decreasing. In Germany the sudden reconstruction programme has caused a flood of hoarded money on the Stock Exchange, whose members experienced one of the busiest days since the revival began.

The decision in America to retain its stocks of wheat and cotton until 1935 has led to a substantial advances in these commodities in New York, Chicago and Liverpool.

The price of wool has advanced in Sydney, and the prices of metals have advanced in London, New York, and Melbourne.

THE SITUATION IN GREECE.

It is reported from Athens that growing tension between Premier Venizelos and other Party leaders, coupled with restlessness of the majority of Republican army Officers has created a by no means easy situation.

M. Tsaldaris, the leader of the largest opposition party on Tuesday called on President Zaimis. He declared that the speeches and actions of Premier Venizelos during his electioneering campaign were revolutionary in character and had created an atmosphere wherein free elections were impossible. He then asked for the formation of a neutral government for the carrying out of impartial elections. M. Tsaldaris added that he would have addressed his protest to the Premier, but as the latter no longer kept within any constitutional boundaries he felt obliged to appeal to the supreme trustee of the Constitution.

GERMANY TO TAKE MEASURES FOR ESSENTIAL  
NATIONAL DEFENCE.

It is reported from Berlin that 'Germany will take measures for essential National Defence, and states that she will no longer tolerate being treated as a second class Nation'. This statement was made by General von Schleicher, the War Minister, in an interview while attending the Army Manoeuvres near Koenigsberg.

General Schleicher declared that Germany was determined to protect East Prussia from invasion as it was especially menaced by the enemy. He said 'Tell East Prussians from me that we will defend their territory to the last man' He added 'If necessary munitions etc will be brought by sea in view of the fact that East Prussia was separated from the rest of Germany by the Polish corridor. The Reich had the same rights as any other Country to assure her own defence' .

THE TRAGEDY ON LAKE GARDA.

A message from Desonzano that Lieutenant Neri who had been doing various stunts had just dived when at a height of 130 feet one of the wings of the machine buckled. The Machine fell like a stone into the water about a hundred yards from the Air Port leaving only a cloud of smoke visible.

Three speed boats, one carrying a physician permanently attached to the Desonzano High Speed Squadron, rushed to the spot but the pilot's body was not found until later.

Neri occupied third place in Italy's list of high speed pilots who have met their death at Lake Garda. His loss will render any resumption of attempts to beat the British record set up in the Schneider Cup Contest impossible for some time.

WEST STORE CHIT CHAT.

WHAT'S IN A CUP OF TEA ?

Sometimes in the bottom of the cup lies a long voyage, a dark stranger or a gift. Apart from that, however, it has been stated that the splendid physique of the Australians is due to the fact that they drink more tea per head than any other Nation. It has also been suggested that tea assisted Miss Barkart in her flight across the Atlantic. On her arrival in Londonderry she refused coffee saying 'I would prefer a cup of tea'

Whether this is true or not one cannot ignore the fact that tea has been and still is the staple drink of millions of people. Bearing this in mind one realises that any reduction in the price of tea immediately affects a large proportion of the public.

For this reason we think our SPECIAL this week will appeal to all, even to those who have not the slightest wish or intention to make a Trans-atlantic flight.

Although tea has been held responsible for the strength and virility of our Australian cousins we cannot guarantee that by taking advantage of our special you will be enabled to cut your peat more quickly this year. But still, one never knows.

BRITISHERS CAPTURED BY BANDITS  
IN MANCHURIA.

Major General Sir Charles Corkran, formerly General Officer Commanding the London District, has received confirmation of a report that his eldest son, together with two other employees of the Asiatic Petroleum Company at Newchung, Manchuria, one of whom was a woman, ~~has~~ been captured by bandits while taking riding exercise.

Corkran's male companion escaped and raised the alarm. Meanwhile the search is being continued.

THE QUESTION OF GERMANY'S BID FOR EQUALITY  
OF ARMAMENTS.

It is reported from Paris that M. Herriott read to the Cabinet Council, which met on Wednesday evening, the draft of the reply he proposes to send to Berlin in answer to Germany's 'Aide-memoire' regarding the equality of armaments. M. Herriott's draft was unanimously approved, but its form, however, will not be definitely settled until the opinion of the British Government is known.

It is expected the necessary communication will be made today. It will be placed before a full ministerial council which has been summoned to meet today, and which will have to decide the matter once and for all.

In his draft, M. Herriott calls attention to Germany's pledge in Article 164 of the Versailles Treaty, not to go beyond the figures fixed for effectives and armaments of the Reichwehr without the decision of the Council of the League of Nations. He also points out that the whole trend of the Peace Treaty was towards the reduction of armaments. Concluding M. Herriott expresses the view that the only way to an agreement is first to solve the problem of International security.

A TROPHY FOR THE FASTEST FLIGHT AROUND  
THE WORLD.

A message from The Hague states that a trophy for the fastest flight around the World by a specified route has been presented for International Competition by Prince Bibesco, the President of the 'Federation Internationale Aeronautique'.

The Federation has been in session at the Hague, and their deliberations concluded on Wednesday.

Prince Bibesco's trophy is open to aeroplanes of any kind, and also to airships.

The course to be followed must take in Karachi, Tokio, San Francisco and New York. A start may be made from any of these Cities, or from London, Paris, Berlin, Rome, or Bucharest.

The trophy will be awarded to the competitor who first completes the circuit at an average speed of at least 62 miles per hour. It can be won subsequently by exceeding the previous best speed in this contest by at least 31 miles per hour.

EX-PREMIER FIGURES IN A SENSATIONAL  
INCIDENT.

It is reported from Sydney that ex-Premier J.H.Lang figured in a sensational incident in the Legislative Assembly on Wednesday afternoon when he accused Premier Stevens of having received monies from Brokers and Cinema Proprietors. Mr Stevens explained that he was the Trustee of several Estates which held investments, and the monies referred to by Lang were merely the proceeds of those investments.

PARLIAMENTARY NEWS.

The Foreign Secretary, Sir John Simon, returned from Scotland on Thursday evening, and expected to spend Friday in devoting his attention to current International problems.

The Prime Minister was on Thursday still engaged on his examination of the Ottawa Conference. He had a consultation with the Mr. J.H.Thomas, the Dominions Secretary, during the day. Mr. Thomas is spending a holiday in close proximity to London, so that he may be in easy reach of the Prime Minister.

OUR FOOTBALL GALLERY. NO. 12. THE ARSENAL.

One of the richest and most successful professional Football Clubs in the Country today, The Arsenal --- known formerly as Woolwich Arsenal was founded in the year 1886. The Headquarters of the Club were at Woolwich in the South East of London until about 1910 when a transfer was made to Highbury N., the present ground. The Woolwich Arsenal team played in the Second Division of the English League until the outbreak of the War. Their best efforts in this sphere were in the season 1902-3, and 1903-4, when they obtained 3rd and 2nd place in the League Chart respectively.

On the resumption of the League Competition in the season 1919-20 The Arsenal were made members of the 1st Division, and for the first three or four seasons nothing spectacular was accomplished. In the season 1925-26 they made a bid for the Championship, finishing the season as runners-up to Huddersfield, the Champions. In 1930-31 the championship of the 1st Division was secured for the first time in the history of the Club. Truly their League record that season was one to be proud of. Of the forty two matches played 28 were won, 10 drawn and only four lost, whilst 127 goals were scored and only 59 conceded. Of the 28 matches won, 14 were 'away' victories. With regard to the four defeats, two of these stand to say, were suffered on their own ground, at the hands of those North East neighbours, Newcastle United and Sunderland (Not to be stated that Arsenal took ample revenge by beating the Geordies and Rovers when visiting those Northern Rivals) The other two League defeats were administered by Aston Villa and Derby County on their respective grounds.

Last Season the Arsenal were favourites for the 'Double', i.e. League and Cup, but like most aspirants they missed both. Everton just 'Pipped them' for the League Championship, whilst Newcastle defeated them in the Cup Final last April.

The 'Gunners' have played in five semi-finals and three finals of the English Cup. Their first final was in 1927 when their hopes were dashed by Cardiff City who took the English Cup into Wales for the first time. The result was 1-0, the all important goal being scored by Ferguson, Cardiff's Scotch centre-forward, whose simple looking shot was fumbled by Lewis, the Arsenal's goalie, who ironically enough was a Welshman. He required a lot of sympathy that day.

The second of Arsenal's three finals came in 1930, and the 'Gunners' made sure by winning the Cup at the expense of Huddersfield by 2-0, and in doing so took the English Cup to London for the third time since 1921. The Arsenal made their third appearance in the final last season, and everyone knows how they lost to Newcastle by a disputed goal.

In Herbert Chapman, their Manager, Arsenal have one of the foremost figures in present day football. Previously with Huddersfield, he went to Arsenal about five seasons ago, and undoubtedly, a lot of their success is due to him. His salary is something approaching £2000 per annum, and as far as Club Managers are concerned he is reputed to be at the head of the Pay roll.

A few of the 'Reds' past and present players. L. Jock Rutherford, outside right, formerly with Newcastle United, played for England several times between 1904-1909, and finished his playing career with the Gunners some few seasons after the War. David Jack secured from Bolton at a fee of more than £10,000 in October, 1923. Three English Cup medals, and several Caps. He has scored over 200 League goals, and is still playing for the Arsenal.

Alex James, transferred from Preston in 1929 for £2000, Scotch Inside Forward. Possibly the greatest little man in present day football. Charlie Buchan, a Londoner by birth, formerly with Sunderland, and went to Highbury in 1928.

Record victory in the history of the Club. 9-1 versus Grimsby on the 28th January, 1931.

THE SENIOR GRANDE PRIX MOTOR CYCLE RACE.

The Senior Grande Prix Motor Cycle Race took place on Thursday over a 226 miles course of roads in the Isle of Man. The race was marred to some extent by heavy rain, and the lowlying clouds on the mountains, over which the road passes, made visibility in some parts extremely poor.

Forty four machines entered the competition. There were many minor accidents owing to skidding, and twelve competitors were eliminated through water penetrating the magnetoes of their machines. Record speeds were out of the question, but the race was won at an average speed of 67.32 miles per hour by Glenhill on a Norton. Daniell, also on a Norton, was second with a speed of 66.97 miles per hour, while S.W. Avery took third place on a Rudge with 65.96 miles per hour.

MOLLISON RETURNS TO ENGLAND.

A message from London states that J.A. Mollison, the hero of the East to West record breaking light aeroplane Atlantic flight, received a heart warming welcome on his arrival at Southampton on Thursday. Despite the drenching rain crowds gathered on the quay side and cheered the intrepid airman as he landed from the liner 'Empress of Britain'.

His wife, formerly Miss Amy Johnson, who earlier in the day had flown to meet him at Cherbourg, was with him.

In spite of the strain to which he had been subjected, Mollison looked very fit, a matter whereon his wife commented delightedly.

As the liner approached Southampton five aeroplanes piloted by members of the London Aero Club swooped down over her and encircled her in an air salute for the famous airman.

On arrival in London Mollison had an amazing welcome from a crowd of 10,000 which thronged the station. As soon as he alighted from the train he was lifted shoulder high and borne across the platform while women threw flowers and men cheered him.

PARAGUAYAN-BOLIVIAN DISPUTE BECOMING MORE GRAVE.

It is reported from Buenos Aires that the situation between Bolivia and Paraguay is becoming increasingly grave. Paraguay is said to be mobilising a Special Reserve army, while La Paz, the Bolivian Capital is again in the grip of the War Fever.

In official circles the opinion held is that the occupation of Fort Falcon by Bolivia constitutes an act of war, but despite a critical position the population is stated to be calm.

THE SITUATION IN GREECE.

It is reported from Athens that Greece was confronted with a serious political crisis when Premier Venizelos tendered his resignation on Thursday, together with that of his Cabinet to President Zaimis. President Zaimis, however, requested the Premier to remain in Office.

ONE POLICEMAN KILLED AND TWO SERIOUSLY INJURED IN A LISBON DISTURBANCE.

THE CENTENARY.

We are obliged to a anonymous correspondent who has kindly offered to contribute an-article to the 'Penguin' from time to time on the preparations of one discription and another which are being made in the Colony in anticipation of the Centenary Celebrations next February. The first of these articles tells of the feelings of pride which are awakened in the breast of every good Falkland Islander at the thought of this historic occasion.

(ONE HUNDRED YEARS AGO.

One hundred years ago there was no such people in existence as the Falkland Islanders, But as we all know one hundred years past on the 3rd January next the British Flag was hoisted at Port Louis and not long afterwards men and women of the British race came out from the Old Country to make their homes in these Islands, and to give birth to the hardy folk who now are known the wide World over.

Sturdy the stock and braw the breed ; Long may it flourish and uphold worthily the traditions of its great inheritance.

Yet East is East and West is West and 'tis not often the twain may meet.

Double, therefore, the opportunity that awaits the present day descendants of their forbear pioneers.

In February next there will be indeed a gathering of the Clan - Even be it that amongst us are Sassenachs as many as ourselves - and then shall we all do honour to those stout hearted men and women of a hundred years gone by, and join or renew the chain of kinship, or of friendship.

Stanley - Darwin, the East-the West. And what rejoicing in many a home in Stanley to welcome their 'Camper' brothers and sisters, playmates and sweethearts, and to show them with civic pride the sights of the Capital, bidding them, too, taste of the pleasures of the town.

Easters ; Westers !! Stanley calls !!!

Stanley expects you one and all for our Centenary.

The prize amounted to eight guineas, which is divided equally between the winners.

'TIJUCA' ARRIVES AT SOUTH GEORGIA.

Information has been received to the effect that the M.V. 'Tijuca' arrived at South Georgia on the morning of the 9th September, having on board a sealing crew of sixty men for the Compania Argentina de Pesca.

There were also two stowaways of Polish nationality, who had apparently concealed themselves in the vessel before she sailed from Buenos Aires.

THE FRENCH CONVERSION SCHEME.

It is reported from Paris that the scheme for the Conversion of the French 'Rentiers' will be submitted to an extraordinary session of Parliament, which is to be opened next Friday.

No official statement of the Government's intention is being made until the opening of Parliament, but it is thought the amount likely to be involved is a hundred and twelve milliards of francs, and the rate of interest reduced from 8% to 4% or 4.

THE BRITISH INDUSTRIAL EXHIBITION.

It is officially announced that the Prince of Wales will open the British Industrial Exhibition, which is to be held at Copenhagen, on the 24th September.

THE LATE IVAR KREUGER'S ESTATE.

It is reported from Stockholm that according to Bankruptcy figures issued on Saturday the estate of the late Ivar Kreuger shows liabilities at One thousand one hundred and seventy one million kroner and assets at ninety eight million kroner.

GERMANY AND DISARMAMENTS.

In a message from London it is stated that the French reply to the German claim for equality of armaments is expected to be made public today.

It is believed that France strongly controverts the German interpretation of the Treaty of Versailles as implying that German disarmament must be followed by general disarmament.

Signor Mussolini, in an article published in the Press, said, 'Germany's claim must inevitably be recognised. Otherwise she will withdraw from the Disarmament Conference already shipwrecked in the first phase; There will be the end of hopes of 'minimum standard' armaments, and another blow will have been struck at the prestige of the League of Nations.'

By delaying the publication of its reply the French Government has given the German Government a week and to consider its next step. The Government's position is precarious as a new election may take place within the next few weeks.

It is stated that nobody in Germany dreams of arming in a manner comparable with the French, but the allegations concerning the Polish Corridor have created a fear throughout Germany that the Eastern Provinces will some day become detached, while the fate of Manchuria occupies a prominent position in the minds of most people.

General Von Schleicher has given an assurance that unless Germany is given the right to provide for defence she will withdraw from the Disarmament Conference.

PRINCE GEORGE RETURNS TO ENGLAND.

Prince George who returned from Biarritz by air on Friday, left London on Saturday for Aberdeen where he is to make a tour of the Factories in the vicinity.

SIR SAMUEL HOARE TO BE A GUEST OF  
THEIR MAJESTIES.

The Secretary for India, Sir Samuel Hoare, who will be the guest of Their Majesties at Balmoral for a few days, will leave London by air today.

Monday, 12th September, 1932.

THE DISARMAMENT CONFERENCE.

A message from Geneva states that a meeting of the Bureau of the Disarmament Conference has been called for the 21st September, following an exchange of correspondence between Mr. Arthur Henderson, President of the Conference, and Sir Eric Drummond, Secretary of the League.

According to a resolution of the Disarmament Conference, such convening cannot be postponed, although should Germany fail to send a representative to the meeting the Bureau has the power to adjourn its deliberations until a later date.

FRENCH LOAN TO THE BRITISH GOVT REPAYD.

It is reported from London that the Treasury has announced the repayment of the loan of 2500000000 francs, subscribed by the French public a year ago, in accordance with the terms of the original issue.

The whole of the foreign credits obtained by the Treasury at the time of the crisis in August and September 1931 have now been repaid in full on or before the due dates.

THE IRISH LAND ANNUITIES.

It is reported from Dublin that Mr. Devalora was expected to make a speech yesterday at Kilkenny in regard to Land Annuities which would in effect amount to an ultimatum to Great Britain.

In the first place it is proposed to fix a time limit to the offer for arbitration, and should Britain take steps for the setting up of an agreed tribunal the money collected, and now lying in a suspense account, will be transferred to the International Credit Bank at the Hague. Otherwise the Free State Government will utilise the £2,000,000 collected in respect of Land Annuities for the benefit of the Farmers, for whom the coming Winter will be a black one.

THE SPANISH MEASURE TO SECURE THE LANDS OF THE NOBILITY.

A message from Madrid states that the measure has been passed by Cortes to secure the lands owned by the Nobility. The value of the estates involved amounts to approximately £12,000,000.

Certain Grandees, among whom are the Duke of Alba, and Count Romanones, the former Liberal premier, who did not come within the scope of the original proposals, may now be affected.

The Law originally intended to apply only to those who partook in the recent rising, but Saturday's sitting included all Grandees.

BRITISHERS LOCATED IN MANCHURIA.

It is reported from Mukden that Mrs Kenneth Pawley, and Mr. Charles Corkran, who were carried off by bandits in Manchuria a few days ago, have been located eight miles outside Newchang, and are known to be safe.

General Wang Tien-Chung, the Chinese Commander of the Newchang Garrison is negotiating for their release.

THE FALKLAND ISLANDS.

LATER HISTORY AND PERMANENT ESTABLISHMENT OF THE COLONY.

The second chapter in the story of the Islands starts with the endeavours of Louis Vernet to revive the settlement at Port Louis or Soledad. Louis Vernet was by origin a German from Hamburg who had resided long in the United States and had removed thence to Buenos Aires. Under the authority of the Government of the Republic of Buenos Aires, after two unsuccessful attempts in 1824 and 1826, he took possession publicly of Soledad on the 30th of August 1829 in the dual capacity, it would seem, of Governor of the Group and proprietor of the East Falkland Island. The British Government had already protested against the measures adopted by the Government of Buenos Aires in regard to the Falkland Islands and Vernet's action was the occasion for a further protest.

The situation remained quiet, however, until in November, 1831, Vernet in virtue of his powers as Governor seized three United States vessels which were engaged in the Seal Fishery on the coasts of the Islands. After a lengthy altercation between the two Governments concerned the United States warship 'Lexington' sailed from the River Plate for the Falkland Islands; destroyed the small fort which stood at Port Louis, and retook the property taken from the seized vessels.

The Argentine Government persisted, nevertheless, in claiming jurisdiction over the Islands and on the appointment of a new Commandant to act as Governor in the absence of Vernet the British Government decided to re-assert its sovereignty. Accordingly Captain Onslow was despatched at the end of 1832 in command of His Majesty's Ship 'Glio'; he visited Port Egmont on the 20th December and discovering it to be unoccupied went on to Port Louis, where he arrived on the 2nd January, 1833, and found a settlement with twenty five Argentine soldiers and a Schooner-of-war flying the Argentine colours. He acquainted the Commander civilly with the object of his mission, and requested him to haul down the flag on shore and to embark his force. The Argentine Commander then called upon Captain Onslow and requested him to allow the Buenos Aires flag to fly on shore until the 5th January, when he would sail and take with him the force and such of the settlers as were desirous of leaving the Islands. Captain Onslow replied that, as far as related to the flag, his request was inadmissible. The Commander then consented to embark his soldiers and left Captain Onslow for that purpose. He, however, still kept the Argentine flag flying on shore, whereupon Captain Onslow landed and hoisted the British flag, sending an Officer to haul down the foreign flag, and deliver it on board the Schooner.

The Commander sailed on the 4th January, 1833, taking with him the soldiers and several of the inhabitants who wished to return to Buenos Aires.

(Continued overleaf)

(Continued from Page 1)

On leaving Port Louis himself a few days later Captain Onslow charged Mr. William Dickson with the care of the British flag instructing him to hoist it when any vessels anchored, and on all holidays, and to acquaint the Commanders of His Majesty's vessels who might touch at the settlement with all acts of insubordination in the Colony.

Mr. William Dickson was in the employment of Vernet as Storekeeper, and appears to have been considered by Captain Onslow as the most respectable British subject in the place.

THE WORKING MENS' SOCIAL CLUB.

We are asked to announce that the Sweepstake run in connection with the 'Ellis' Billiards Cup, will be closed on Saturday next the 17th instant.

NOTICE.

All persons having boats drawn up in the Pound or gear stored in the shed until recently leased to Mr. A. Steel are warned that if the aforesaid boats or gear are not removed by the 1st of October, 1932, they are liable to be seized.

MOVEMENTS OF VESSELS.

We learn that the s.s. 'Lafonia' left Montevideo on Friday last at 8.30 p.m. and not on Thursday as previously reported.

The 'Lafonia' was 490 miles distant from the Islands on Sunday afternoon at 4 o'clock, and is expected to arrive in Stanley Tuesday afternoon onwards.

Information has been received to the effect that the s.s. 'Flourus' left South Georgia for Stanley yesterday morning, with Mrs A.G.N. Jones on board.

GOLF.

The members of the Stanley Golf Club are respectfully reminded that the subscription for the current season is now due, and will be gratefully acknowledged by the Hon. Treasurer, to whom all payments should be made.

CHURCH PARADE.

The Clerk of the Weather was favourably disposed on Sunday morning when the Defence Force, under the command of Captain D.R. Watson, together with the Scouts, Girl Guides, and Cubs, attended Divine Service in Christ Church Cathedral, at which the Dean delivered a short but appropriate and inspiring address.

His Excellency the Governor and Commander-in-Chief was present, and was accompanied by the Honourable J.M. Ellis, Colonial Secretary, and the Honourable G.R.L. Brown, Private Secretary.

After the service the parade reformed, and headed by the Defence Force Band proceeded along Ross Road to the Saluting Base on Victory Green where His Excellency took the salute.

The following Officers of the Defence Force were on parade, - Lieutenants Edmunds, Harding, Byron, and Flouret.

FOOTBALL.

"MARRIED'S" - v - "SINGLES"

Teams representing 'Single' and 'Married' members of the Defence Force met in friendly combat on Sunday afternoon on Government House Paddock, and ample evidence of the interest aroused by the match was reflected in the fairly large 'gate' which had assembled.

The 'Married's' winning the toss decided to defend the Western goal, and incidentally take advantage of the high wind which was blowing with much force from a westerly direction.

In the first half play was confined, with the exception of spasmodic bursts on the part of the 'Singles', to the Bachelor's area, and the latter's Custodian was called upon many times to save his citadel, and on one occasion effected a particularly fine save from a stinging shot sent in by Byron.

However, despite the pressure exerted and the indefatigable efforts made by the 'Married's' their reward did not come until nearly 40 minutes had elapsed when White scored for his side.

The whistle for half-time found the 'Single's' defending their goal with the utmost vigour.

HALF-TIME. 'MARRIED'S' 1. 'SINGLES' 0.

On the resumption of play EWANS obtained the ball from the Kick-off and running for nearly half the length of the field sent in a shot which Shackel failed to save, thus putting his side two in the lead.

Nothing daunted the 'Single's' from the kick off went straight down the field and from a melee in front of the 'Married's' goal they obtained their first point. Their second followed in a few minutes when GRIERSON found the net.

Then followed a ding-dong battle and Shackel was occasion-cally called upon, but experienced no real difficulty. The 'Single's' eager for victory lost no opportunities and their third, fourth and fifth goals, scored by Beardmore, Doug Fleuret and Grierson, respectively, all came within a quarter of an hour. - The final moments of the game finding them still pressing.

RESULT 'SINGLES' 5. 'MARRIED'S' 2.

We venture to assert that the result is no criterion of the actual play, for the 'Married's' obtained far more of the game than the result would indicate, and in fact their play in the first half was deserving of a better fate. However, we are given to understand that a return match is to be played at an early date, which if favoured with good weather should provide some sparkling football.

-----  
We are asked to announce that the Sweepstake which is being run in connection with the above match will close at 8 o'clock on Wednesday, and the Draw will take place in the Drill Hall on Thursday evening at 6 o'clock.

'WEST FALKLAND' ARRIVES AT FOX BAY.

We learn that the m.v. 'West Falkland' arrived at Fox Bay on the 11th instant, after making the passage from Dungeness in 46 hours.

Tuesday, 13th September, 1952.

'AFTERGLOW' LEAVES STANLEY.

The s.s. 'Afterglow' left Stanley on Monday morning for North Arm, taking with her Miss Wells, the Government Nursing Sister, for the purpose of bringing in Mrs Paulline for treatment in the King Edward Memorial Hospital.

The vessel is due to arrive in Stanley about noon today.

We now understand that the 'Lafonia' was 240 miles distant from Stanley at 4 o'clock yesterday afternoon, and given favourable weather will arrive some time this afternoon.

FEARS FOR THE SAFETY OF THE 'FLYING FAMILY'

It is reported from Copenhagen that disaster is believed to have overtaken the 'Flying Family' of Col. G. Hutchinson after an emergency landing at sea off the East coast of Greenland.

The Greenland authorities have expressed the fear that the aeroplane has been lost.

GERMANY AND DISARMEMENTS.

It is reported from London that Britain does not propose to intervene in the discussion between France and Germany in regard to the latter's claim for equal right to arm. The United States Govt is reported to be adopting the same attitude, and await issue of the conversations. If they fail thus jeopardising the prospects of the Disarmament Conference the policy is subject to reconsideration.

HURRICANE IN THE BAHAMAS.

A message from New York states that many casualties have occurred as a result of a hurricane which has swept Abaco Island in the Bahamas.

THE PAYMENT OF WAR DEBTS.

It is reported from London that unless notice is given to the United States by Thursday next Britain's Debt Payments must be legally resumed on December 15th when the Hoover Moratorium ends.

The sum of £25,000,000 then falls due, and a postponement can only be claimed £8500000.

Complete silence is being maintained by Official circles as to the intention of the British Government regarding the payment, and the absence of any official hint on the subject is undoubtedly due to the significance given to the debts question in the American Presidential campaign. It has been reiterated in America that she is not prepared to discuss debt negotiations until the question is formally raised by the Debtor Countries whose payments fall due on December 15th.

THE ARMS OF THE COLONY.

The Arms of the Colony were granted by Royal Warrant dated the 16th October, 1926. Heraldically their description reads as follows : "per bend azure and Or sinister a representation of the Ship "Desire" dimidiated and issuant Argent Flag and Pennon charged with a Cross Gules, and dexter a Sea Lion proper with the Motto "Desire the Right".

The 'Desire' is intended to portray the Elizabethan tall-ship of that name in which John Davis first discovered the Falkland Islands, while the Sea Lion species of the hair seal genus frequents the shores in abounding herds. The wording of the motto contains a punning allusion to the southern Right whale which is still found in the waters of the Dependencies. The leather strap on which the motto is inscribed has no special significance but is appropriate to a Colony where much of the horse gear is hand-made.

The original badge of the Colony, known to have been in use as early as 1846 and still in use as the public seal and for flags, bears a Bull and a Full-rigged ship and symbolises the beginnings of the present era when the staple industry centered in the wild cattle and in the business of the seas.

In 1903 an alternative badge was adopted on which figured as devices a penguin, a seal and two upland geese typifying the local fauna. This badge was used only for the public seal and discontinued on the accession of His Majesty in 1911.

MR. GHANDI 'TO FAST UNTO DEATH'

A threat by Mr. Ghandi to 'fast unto death' as a protest against the Government's Communal settlement is made in correspondence which has just been released for publication.

The feature of the Government's proposal which has led Ghandi to adopt this course is the special electoral treatment provided for depressed classes, who although within the Hindu system are untouchable. The Simon report said " Their state is indeed pitiable - Living on the edge of starvation, and unaware of any hope of improving their lot."

The Government's decision sought to place depressed classes in a position to speak for themselves through a certain number of their own choosing in the Legislatures of seven out of nine Provinces, but in order not to deprive them of unity in the Hindu Society they were permitted to retain their votes in that body..

The decision had not, however, been published on March 11th, the date of Ghandi's first letter to Sir Samuel Hoare. In it Ghandi says that he would resist with his life the grant of separate electorate to the depressed classes, and ' I hold that a separate electorate is harmful for them. To appreciate the harm which separate electorates would do to them one has to know how they are distributed amongst the so called caste Hindus, and how dependent they are on the latter. So far as Hinduism is concerned separate electorates would simply vivisect and disrupt it. For me the question of these classes is predominantly moral and religious. I therefore respectfully inform His Majesty's Government that in the event of their decision in creating separate electorates for the depressed classes I must fast unto death. So far as I can see now my discharge from imprisonment would not make my duty of fasting any less imperative. "

Replying on April 13th, Sir Samuel Hoare, said he realised fully the strength of Ghandi's feelings upon the question, and promised it would be taken into account before the Government decision was given

The Prime Minister, Mr. Ramsay MacDonald, cabled on Sept 8th expressing his surprise and sincere regret at Ghandi's letter, and pointing out that it was the belief of His Majesty's Government that Ghandi was always irrevocably opposed to the permanent segregation of the Hindu community from the depressed classes, and that this point had been most carefully considered before a decision was arrived at to give the latter two votes, so that their membership of the Hindu community should remain unimpaired. The Prime Minister went on to say that he understood Ghandi's attitude of adopting an extreme course of starving himself to death was not in order to secure depressed classes joint electorate, because that was already provided for, nor to maintain unity of Hinduism, which was also provided for, but solely to prevent the depressed classes obtaining a limited number of representatives of their own choosing to speak on their behalf. In the light of the very fair proposals made by His Majesty's Government, the Prime Minister said he was at a loss to understand Ghandi's step.

Ghandi replying on Sept 9th affirmed that the matter was for him one of a purely religious nature, and asserted that the fact of the depressed classes having double votes would not protect them or the Hindu Society from becoming disrupted, adding that he was reluctantly compelled to adhere to his decision.

A further letter from Ghandi dated August 18th, after the Government's decision had been announced, states that he had "no alternative but to resist the Government's decision with my life, and the only way I can do so is by declaring a perpetual fast from food of any kind, save water with or without salt or soda."

The fast will cease if the British Government on their own motion revise their scheme. The fast will commence at noon on September 20th.

THE 'FLYING FAMILY' SAFE.

A message from Reykjavik, states that Col and Mrs Hutchinson, and their two daughters have been found on the coast of Greenland by the British Trawler 'Lord Talbot'. All are safe and well, but their machine was totally wrecked.

THE POLITICAL SITUATION IN AMERICA.

It is reported from Washington that a striking surprise victory has been won by the Democrats in the State of Maine general election.

The results are held to presage greater possibilities of the return of the Democrats, and Mr. Franklin Roosevelt as President in succession to President Hoover in the National Elections in November.

The latest available returns, which are virtually complete, show Brann, Democrat, with 118792 votes, and Martin, Republican, 117412.

The success of Brann, who is now Governor of Maine, is also a big blow to prohibition, Brann being a 'Wet' candidate, while his opponent Martin, is a 'Dry'. This is regarded as an indication of the change of public opinion as Maine has hitherto been traditionally dry State for the better part of a Century.

This is the first time the Republicans have lost the Governorship, or Congressional seat to the Democrats since 1914.

It is feared that this Democratic success has had a depressing effect on Wall Street where stocks have declined from one to four points.

POLITICAL SENSATION IN BUCHAREST.

A political sensation has been caused in Bucharest by an Editorial article in the newspaper 'Patria' on Tuesday.

It is reported that the article was written by a near relative of the former Premier, Julius Maniu. The article treats with the recent baptism of the infant daughter of Princess Ileana and Arch-Duke Anton of Hapsburg, and is regarded as a move towards the restoration of the Hapsburgs.

The writer suggests the circumstances of the christening made it an event of International importance. He declares the Roumanian people wish to have nothing to do with the Hapsburg restoration plans, and complains of the presence of the Roumanian Minister from Berne being present at the ceremony.

The official statements issued on Tuesday night explained the presence of the Roumanian Minister at the christening as an act of courtesy to Queen Marie.

FRANCE REPLIES TO GERMANY'S APPEAL FOR EQUALITY OF ARMAMENTS.

A message from Paris states that the French reply to Germany meets with general approval, particularly M. Herriot's refusal to admit any re-armament by Germany.

In Berlin the French reply has provoked bitter resentment, and the newspapers published on Tuesday night urge the Government not to deviate from its decision, and to hold aloof from the Disarmament Conference until the claim is settled.

-----  
ANOTHER REVOLT THREATENED IN CHILE.

It is reported from Santiago that another revolt is threatened in Chile. The Aviation Corps, which has taken a prominent part in politics, has demanded the resignation of Carlos Davila, the Provisional President.

They declare the Government is not carrying out its promised programme.

Rebel aeroplanes are reported to be flying over Santiago, and meanwhile the leaders of the latest uprising are considering whether they will declare an open revolt against the Government.

Material improvement is reported from Salzburg, Austria, in the condition of Mr. Winston Churchill, who is, as previously reported, suffering from an attack of paratyphoid.

THE 'FLYING FAMILY'

Particulars of the rescue of the 'Flying Family' are given by the Master of the Trawler 'Lord Talbot' over the wireless on Tuesday night.

The Captain said ' It was one o'clock in the morning when the signal from the 'Flying Family' was observed, but the swell made it impossible to effect a rescue in the dark. The 'Family' was found at the lower end of Hersnak Fjord, fifty miles south of Angmagssalik, which is the headquarters of the British Arctic Air Survey expedition, two members of which had joined in the search by motor boat."

The owners of the trawler had given Captain Watson instructions to render every possible assistance in the search, and to fall in with any wish of the Hutchinson family.

After landing the family and the crew of the aeroplane, the trawler proceeded to the fishing grounds.

POSSIBILITY OF RESUMPTION OF WORK  
ON CUNARD LINER

A message from London states that conversations now being held offer some promise of the resumption of work on the new 73,000 ton Cunard liner at Clydebank.

Those participating were Mr. Neville Chamberlain, Chancellor of the Exchequer, Mr Runciman, President of the Board of Trade, and Sir Thomas Roydon, a Director of the Cunard Company.

BRITISH REVENUE AND EXPENDITURE.

The British Exchequer returns continue to show an increase of revenue, and decrease of expenditure, in comparison with last year's figures.

The National Revenue for the Week ending September 10th totalled £8399501, exceeding the expenditure by £300546.

The figures from the 1st April to the 10th September shows that Customs receipts amounted to £73127000, and increase of £15526000 on last year. For the same period the excess of ordinary expenditure over revenue was reduced from £91928595 to £2813325. £28139920 was expended on repaying the credit of £20000000 obtained from France in September 1931.

It is reported from Yarmouth that two hundred and eleven crans, or more than 200,000 herrings, the largest catch this season, were landed there on Wednesday from the Lowestoft trawler 'Feasible', another trawler the 'Achievable' landed 180,000 herrings.

EXTENSION TO BRITISH AIR FORCE.

It is reported from London that an important extension to the scope of the British Air Force is marked by an order for a number of 'Cloud Amphibian Aircraft' which has been placed with Messrs Saunders Roe, Ltd.,

This type of aircraft can operate on land, water, and air. With wheels wound down into position the craft can take off from the ordinary land aerodrome, and when the pilot has wound the wheels up to a position alongside the hull it can alight on water.

Another interesting feature is that the machine can taxi from the water up on to the slipway under its own power, the latter operation being regarded as a great advance.

Fitted with two Armstrong-Siddoley double monger engines of 340 horse power, the machine can cruise at 100 p.m.h. and with top speed can travel at 120 miles per hour, remaining for four hours in the air with a full load.

BANDITS HOLD UP EXPRESS TRAIN IN MANCHURIA.

A message from Tokio states that J.M. Pennington, a Daily Telegraph correspondent, who escaped from the hold-up of the Harbin - Chang-Chaung express in Manchuria, has cabled a dramatic first hand story of the bandit attack.

It appears that after the train had crossed the Sangari River, about 30 miles south of Harbin, the passengers were congratulating themselves in having passed the danger zone, when the train was suddenly brought to a standstill by the derailment of the tender of the foremost coach, which was accompanied by a terrific fusillade from out of the darkness.

The first class compartments were the main objective of the raiders, who swarmed into the corridors. They attacked and robbed the passengers, and deprived them of their clothing. After wrecking the interior of the train, and killing four soldiers, and wounding many other people, the raiders made off with their booty. When daylight came the unfortunate passengers were conveyed to Harbin.

IRISH FREE STATE AND LAND ANNUITIES.

It is reported from Dublin that Mr. Devalera will probably visit London prior to his departure for Geneva in order to have a final interview with Mr. J.H. Thomas on the question of Land Annuities.

The outlook, however, is not considered to be any more hopeful. Mr. Devalera's latest note to Britain is believed to have fixed a time limit for holding the £2,000,000 already collected, and is stated to have declared his intention of using the money for relief of sufferers in the 'Economic War', if an agreement is not reached.

ENTIRE YOUTH OF GERMANY TO UNDERGO  
MILITARY TRAINING.

A message from Berlin states that a decree which provides for the military training of the entire youth of Germany was signed by President Hindenburg on Wednesday.

Camps are to be established on twenty of the manoeuvre grounds formerly used by the German Imperial Army. In each of these from one hundred to two hundred young men will be quartered for a period of three weeks training by ex-Army Officers. When one complement finishes it will be replaced by another.

MR. S.H. RICHES.

We are glad to report that His Majesty the King has been graciously pleased to award the Imperial Service Medal to Mr. Sidney Herbert Riches, late Assistant Customs Officer, in recognition of his long and valued service under the Crown, and we feel assured that his family, and many friends in the Islands, will be delighted to hear of his services having been recognised in this signal manner.

We understand arrangements will be made for the presentation of the medal to Mr. Riches in the United Kingdom.

It will be remembered that Mr. Riches, with his wife and daughter, left Stanley for the United Kingdom on the 17th March this year on leave of absence, and that he retired from the Public Service on pension with effect from the 1st May, 1932.

Mr. Riches joined the Royal Navy in 1889, and served for a period of eleven years before leaving to enter the Police Force of the Falkland Islands as a Constable. He was promoted to be Assistant Customs Officer in 1912, and held this post until his retirement.

On many occasions he acted as Whaling Officer in the South Shetlands area.

Mr. Riches thus had over 43 years practically unbroken service under the Crown, a record, of which, any man might well be proud.

THE S.S. 'LAFONIA'.

The s.s. 'Lafonia' which left Stanley on Thursday night was yesterday reported to be awaiting an abatement of the weather in Port William.

It is reported from Istanbul that two Turkish civilians are planning a non-stop flight across the Atlantic from Istanbul to New York.

REDUCTION IN GERMANY'S IMPORTS  
AND EXPORTS.

A message from Berlin states that Germany's imports for August totalled 331,500,000 marks, and exports amounted to 428,200,000 marks, as compared with 454,000,000 and 820,000,000 in August, 1931.

AMERICA AND THE APPROACH OF WINTER.

It is reported from Washington that President Hoover on Thursday made an urgent plea to the Conference of Charity Organizations for assistance in meeting the needs of the people during the approaching Winter.

During the speech, which was much applauded as an utterance of a man who in early youth was very poor, said there are millions of American men and women who face the approach of the Winter with fear in their hearts for themselves and their children.

PREPARATIONS FOR MR. GHANDI'S SELF-REINFORCED  
FAST.

The Government's intentions regarding Mr. Gandhi in view of his vow to begin on the 20th a "Fast unto death" were announced in the Legislative Assembly at Simla on Thursday, and are set out by the following statement issued by the India Office in London:

'Ghandi has made clear by his correspondence with the Prime Minister that he proposes to starve himself to death, not as a protest against his detention, nor against the measures taken to deal with civil disobedience generally, nor with the object of securing his release, but on a point of principle which is not related to the Civil Disobedience Movement. It has been decided that as soon as Ghandi actually begins his fast he should be removed from jail to a suitable place of private residence, and the only restriction that will be imposed upon him there as at present contemplated is that he should be served with an order directing him to remain there. It is hoped that it will prove unnecessary to impose any further restrictions on Ghandi but this is a matter which will depend primarily on whether liberty accorded to him is found itself to the promotion of civil disobedience movement, or any similar agitation directed against the Government or to affect the maintenance of law and order.

THE FIVE PER CENT WAR LOAN CONVERSION.

It is reported from London that the total applications for conversion of the five per cent War Loan have now reached £1865000000 according to a statement issued at the Headquarters of the National Saving Committee by General Seely on Thursday evening.

The total redemptions applied for amounted to £80,000,000, and Redemption forms for £25,000,000 have been formally revoked by the holders, who changed their minds.

In addition, holders of £1,200,000 in stock or bonds, have applied for holdings to be changed in another form.

The balance of £112,000,000 remains in respect of which no action has yet been taken.

MR. DEVALERA'S POLICY CONDEMNED.

A message from Dublin states that resolutions condemning Mr. Devalera's policy were passed on Thursday at a Convention in that City at which farmers and ratepayers attended from all parts of the Free State.

An "All Ireland Organisation" was formed to embrace large and small farmers, as well as Labourers, and resolutions that were passed with only two dissentients condemned the 'Jingo' policy of the Government, and called upon them to take immediate steps for the restoration of Overseas markets, and preferences to which the farmers were entitled; the Government was warned that pending the return of normality the Farmers could not find money to pay either rates or land annuities, and called for distribution over other sections of the community of the burdens created by the Government's policy.

'FLYING FAMILY' NOT TO BE ACCORDED  
AN OFFICIAL WELCOME.

It is reported from New York that the Hutchinson 'Flying Family' will not be accorded an official reception which New York City invariably gives returning aviators. There will be no triumphal march up Broadway, no freedom of the City, no inscription of their names upon the scroll of honour. This is the recognition by the now Mayor, Mr. McKee, of the National protest against aviation 'Stunt' wherein little girls are used as advertising properties. The New Congress is to be asked to taboo flights of 'Flying Families'. American aviators are demanding that Mr. Hutchinson's flying licence be permanently suspended.

THE WORKING MEN'S SOCIAL CLUB.  
ONE SHILLING SWEEPSTAKE.

A sweepstake run in connection with the above Club on the results of matches played in the 1st and 2nd Divisions of the English League has been inaugurated. Tickets will be on sale after noon on Monday, the 19th instant, at The Globe, Falkland and Penguin Stores, and also at Woodbine Bakery. The sweepstake will close at 7.30 p.m. on Friday in each week.

12½% will be taken for the Club Funds, remainder will be divided as follows :- First Prize, 50%. 2nd, 30%. 3rd, 20%.

In the event of obtaining the same number of goals for more than one team, the prizes concerned will be divided.

The draw for the teams will take place in the Club Card Room, in the presence of the Committee, who will check all tickets sold, and see them placed in drums, and will also be present during the draw.

OUR FOOTBALL GALLERY. NO. 12. EVERTON.

Everton Football Club was founded in 1878, and joined the Football League at its inception in 1888. In the second season of the Competition the 'Teffee-moh' were runners up to Preston North End, and the next season succeeded in carrying off the Championship.

They remained in Division 1 until the season 1929-30 when they were relegated to Division 11. Up to that season only three clubs, namely, Everton, Aston Villa, and Blackburn Rovers had enjoyed an uninterrupted stay in the premier circle.

Everton won the Championship of Division 1 in 1914-15, and 1927-28, and again last season, 1931-32. As stated above they descended to Division 2 in 1930, but after one season in this section were back in Division 1, having won the Championship of Division 2 at the first time of asking with 61 points.

Everton have won the Football Association Challenge Cup once only, the occasion being in 1905, when they defeated Newcastle United by 1-0 at the Crystal Palace.

They have reached the semi-final stage of the Competition on nine occasions, the last being in the 1930-31 season, when as Champions of Division 2, they stood a great chance of accomplishing the 'Double'. They were, however, defeated by West Bromwich Albion in the semi-final by 1-0, and the 'Trestles' went on to win the Cup at the expense of Birmingham. Last season they were removed from the Competition in the third round, being beaten on their own ground by Liverpool, their near neighbours.

Amongst well known Everton players we have :-  
Dixie Dean, centre-forward, whose goal scoring achievements have meant much to Everton, who secured this young player from Tranmere Rovers in 1926. Dean scored sixty league goals for his club in 1927-1928. Thirty nine goals in the season 1930-1931, and 44 goals last season. He has played as England's centre-forward on many occasions.

Sam Chedzoy, outside-right, eight caps for England between 1921 and 1925.

Warner Crosswell, right back. Crosswell, who was with South Shields and Sunderland before going to Everton in 1927, has many International Caps.

-----  
BRAZEN ROBBERY IN BERLIN.

A message from Berlin states that a motor bandit robbery unexampled for impudence and ruthlessness took place on Thursday in one of the main streets of the West End of Berlin.

Firing twenty shots the bandits killed one man and wounded another. There followed a chase of some miles along the main thoroughfares, but the bandits escaped with their booty amounting to upwards of £2000. The money should have been paid as wages to the employees of the Omnibus Department, and it was being conveyed from the Bank to the Depot. Two men carried the treasure chest, while two others were on guard, when the bandits drove up in a smart car, and opened a brisk fire with revolvers. One bearer was struck in the arm by a bullet, and his companion disabled by a vigorous kick. They dropped the box, which the robbers immediately seized and carried off in the car.

WEDDING.

The marriage between Mr. W.G.Gleadell, second son of Mr and Mrs Gleadell of Patagonia, and Mrs Nellie Poole, took place at 2.30 p.m. in the Registrar's Office, Stanley, on Saturday, the 17th inst. The witnesses were Mrs B. Peck, and Mrs. A.W.Summers. After the ceremony a reception was held at which a number of guests attended.

MOVEMENTS OF VESSELS.

The s.s. 'Fleurus' arrived in Stanley at noon on Saturday last from South Georgia, bringing with her Mrs A.G.N.Jones and Mrs F.B.Dixon.

The M.S. 'West Falkland' left Stanley yesterday for the West Falklands, taking mails for Roy Cove, Hill Cove, Port Stephens, Carcass, New Island, West Point Island, Weddell, Beaver, and Pebble Islands.

WOOL PRICES.

The following extract from the Buenos Aires 'Standard' of the 29th August, is published, with all due acknowledgement, as being of local interest :-

'Sydney, August 28th, Experts anticipate that wool values will increase 20% at the opening of the Sydney Wool Sales, chiefly because the prices at the latest private sales moved upward.'

FLG SHOWING ON WEST INDIES STATION.

With all due acknowledgement to the 'Daily Telegraph' we publish the following as being of interest locally :-

'In consonance with the Admiralty's policy of keeping our overseas cruiser squadrons at full strength, an important reorganisation of the forces on the America and West Indies Station will, I learn, be carried out in the near. The present squadron consists normally of 'Delhi' flagship of Rear-Admiral the Hon.R.A.R. Kilo-Drax, and four other 'D' class cruisers. These are small ships of less than 5000 tons, lightly armed and of only 29 knots speed. They are heavily outclassed by the big 8" gun cruisers of other Navies. Hence the necessity of reconstituting the squadron with ships more worthy to show the flag. 'Delhi' is shortly to be relieved as Flagship by 'Norfolk', one of our latest 10,000 ton cruisers, and in due course 'Dorsetshire', a sister ship, and the 8,400 ton 'York' or 'Exeter' or possibly both, will proceed to the America Station. The small 'D' cruisers, on being relieved, will be transferred to the Mediterranean. There they will be useful auxiliaries to the four 10,000 ton County ships comprising the first Cruiser Squadron in those waters.'

SIR RONALD ROSS DEAD.

A message from London states that Sir Ronald Ross, whose discovery that the parasite of malaria fever is carried by the female anopheles mosquito and freed humanity from the scourge of malaria, besides saving countless victims from suffering and death, last night died at the Ross Institute in Putney in his 75th year and after an illness of over five years duration.

A son of General Sir C. Ross, a distinguished Indian Army Officer, he was born on May 15th, 1857, in India. He studied at St Bartholomews Hospital, London, and after qualifying entered the Indian Medical Service in 1881.

At that time Malaria constituted the greatest danger to residents in tropical climates.

In 1880, Laveran, the French physician, had indentified malarial germs, and Sir Patrick Manson had suggested their carriage by mosquitoes. It remained to Ross, in face of discouragement and ridicule, to solve the question, and after long and patient research into malaria of birds and human beings, he succeeded.

In 1889, after a visit to West Africa, Sir Ronald, became Professor of Tropical Medicine at the University of Liverpool, and in 1901 visited the United States to lecture. Then followed visits to the malarious districts all over the world, including Panama, Mauritius and Cyprus. In 1902, He was chosen Nobel Laureate and prize winner for Medicine. He was made Knight Commander of the Bath in 1911, and Knight Commander of Saint Michael and Saint George in 1910.

He founded the Ross Institute and Hospital for Tropical Diseases at Putney for individual treatment and Research, which institution was opened by the Prince of Wales in 1926.

THE FAULKLANDERS IN SOUTH GEORGIA.

We understand the five men from the Falkland Islands for whom work was obtained, through the intermediation of the Government, at the Compania Argentina de Pesca's Whaling Station at South Georgia are giving satisfaction in the performance of their duties, and are themselves well contented with the terms and conditions of their employment.

WOOL PRICES MAINTAINED.

The following is published as being of interest locally, and with due acknowledgement to the Buenos Aires 'Standard' of the 31st August :-

" Sydney, August 30th, Prices were maintained at the Wool sales, and the market was very active. French buyers paid 1/4<sup>1</sup>/<sub>2</sub> for super combings, the highest price of the season."

THE FAULKLAND ISLANDS CENTENARY.

The following reprint from the "Times" of the 2nd August, 1932, will, we think, prove of interest to Falkland Islanders generally.

" The Falkland Islands are to celebrate the centenary of the Colony during the second week of February next. A programme of celebrations has been drawn up, and includes a Church Parade, and commemoration service at the Cathedral on Sunday, February 12th, and a Colony dance on the following day. Further events are a stock show, sheep dog trials, horse races, steer riding, and old people's dinner. The Governor will lay a foundation stone of a swimming bath at Stanley, and on February 15th tableaux illustrating the Colonial history of the Islands will be followed by fireworks and flood-lighting. The celebrations will end with a farewell dance on February 18th."

MODERN METHOD OF CONVEYING BOYS TO SCHOOL.

Huyton Boys Preparatory School, near Liverpool, enjoy a unique distinction in that they possess a private landing ground for aeroplanes.

The Liverpool Aero Club has quoted a price for conveying boys from the North Wales district, and it is thought that the lead will be followed by other Aero Clubs in the Country.

FOOTBALL.

MARRIED -v- SINGLE.

The return match between representatives of the Married and Single members of the Defence Force took place on Sunday afternoon in bright, but cold and windy weather. Interest did not in any way appear to have decreased from that obtaining in the first match, and there was quite a good attendance.

The 'Married' won the toss and chose to defend the western goal, and obtain the advantage of the strong westerly breeze. In the early stages it was obvious that the 'Attached' had benefited by the lessons learnt on the previous Sunday, the team displaying evidence of better understanding and combination.

Play during the first moiety was confined to the half defended by the 'Unattached' and their goal was subjected to a fierce bombardment, SHACKEL clearing some very good shots.

First blood was drawn by the 'Singles' in one of their periodic raids into the enemy country - Grierson having secured the ball beat several men and continuing his progress along the line sent in a stinging shot which Shackel stopped but failed to hold giving Mark Campbell an easy task in netting the ball.

From the kick off the 'Married's' seemed possessed of even more vigour, and within five minutes their efforts were rewarded when D. O'SULLIVAN scored an equaliser.

Despite every effort made by the 'Singles' they found the 'Married' defence impregnable, and, indeed so forceful were the "Attached" forwards, that most of their efforts were concentrated on defence. The 'Marrieds' however, were not to be denied and from a melee in front of goal PALLINI sent his side ahead after approximately 30 minutes play.

Immediately after the kick off the "Married's" secured the ball, and following some very pretty combination, it was sent across to DOLAN WILLIAMS who taking it along the line centred beautifully for BYRON to score.

Play continued in the 'Unattached' half until the whistle for half time, the score being :-

MARRIED 3. GOALS. SINGLE. 1.

On the resumption of play the 'Single's' made every endeavour to reduce the lead, but Pike, who had replaced Shackel in goal, found no real difficulty in clearing.

During this half, it must be said in all fairness, that the 'Married's' had by far the most of the game, and the 'Single's' goal seemed to bear a charmed existence.- Shot after shot being sent in, and missing on several occasions only by inches.

The final whistle came with the Married team still pressing.

RESULT MARRIED. 3. SINGLE. 1.

GIANT SOVIET AEROPLANE.

The Soviet's giant aeroplane, which is claimed to be the world's most powerful land machine, is shortly to make an exhibition flight from Moscow to Berlin.

The plane has a maximum speed of 132 m.p.h. and besides a crew of five carries 32 passengers.

GERMANY'S CLAIM FOR EQUALITY  
OF ARMAMENTS.

It is understood the British Government has communicated to the Powers its views on the way wherein the deadlock over Germany's claim in regard to equality of armaments can best be dealt with.

The raising of an acute political controversy by Germany at the present juncture is declared to be unwise and unfortunate.

The question of status, it is declared, cannot be settled by peremptory challenge or withdrawal of negotiations, but must be dealt with by friendly negotiations. Britain's proposal is that a Disarmament Convention should be framed by mutual agreement, and then there would be no distinction.

BRITISH CAPTIVES IN MANCHURIA.

It is reported from Newchwang that important news is expected hourly regarding Mrs Pawley and Mr Kirkman. Eleven days have now passed since they were carried off by bandits whilst riding on the Newchwang Race Course, and no definite news has been heard of them for over a week. The British community is now standing by with tense anxiety awaiting the arrival of the courier from the Interior. In the meantime a Conference is proceeding between Chinese Agents and investigators appointed by the British Legation. Chinese and Japanese officials have also been active in making enquiries, but are extremely reticent regarding results.

TERRIFIC DELUGE IN OXFORD STREET.

It is reported from London that on Monday the City experienced a terrific downpour of rain. People leaving Cinemas, and Theatres were literally saturated before they could reach shelter. Hundreds of cars were forced to stop by the side of the road in Oxford Street the drivers being unable to see through what one described as 'a solid wall of rain'. So heavy was the fall that at one time there was a depth of two inches of water in Oxford Street.

CANADIAN RAILWAYS.

A message from Ottawa states that the shareholders of Canadian Railways are interested in the formation of a Board which is the outcome of a Commission to coordinate for purposes of economy the work of the two main systems of Railways in Canada - The privately owned Canadian Pacific, and the State owned Canadian National. The National is now running at a loss of £15,000,000 yearly constituting a fantastic burden on the tax payers of a Country of only one million population.

NO NEWS OF THE "AMERICAN NURSE".

It is reported from London that no news has been received regarding the aeroplane 'American Nurse' which left the United States towards the end of last week on a non stop flight from New York to Rome..

The Italian Government has issued instructions for a search in the Appenine Mountains in case the 'plane had been forced down in those regions. Meanwhile grave anxiety is being felt for the safety of the aviators.

INVESTITURE IN THE CATHEDRAL.

The first Investiture of the Rovers is to take place on Sunday September 25th in the Cathedral, the period of probation having been duly kept. As it is the first Investiture it will be the inauguration of the Rover Movement in the Colony.

The ceremony is picturesque and romantic being founded on the ancient Orders of Chivalry, and is preceded by a Vigil before the altar.

The Vigil will last from 6 p.m. and will be private, it will consist of a hymn, the repetition of the Scout Law, reading of Psalm xv, followed by the long silence.

The hymns and psalms, and lessons of the evening have been adapted to the Investiture, which will follow the third collect at evensong.

The members of the Local Association are invited to attend, as are also the Scouts, Guides, (wearing uniform, but not parading) and the general public.

POIGNANT APPEAL FROM MRS PAWLEY.

Newchwang. "The bandits are vile. Oh. Please, got us out of this hell incarnate". This poignant appeal was contained in a long letter hurriedly written by Mrs Pawley, the 18 years old bride, who with Charles Corkran, was captured by bandits on the Newchwang Race Course on September 7th.

Her father, Dr. Phillips, of Newchwang, showed the letter to a Press representative a few minutes after its receipt. There were four postscripts which were evidently written under the stress of deep emotion.

GANDHI MAKING PREPARATIONS FOR HUNGER STRIKE.

It is reported from Bombay that Gandhi is already conditioning himself for a hunger strike 'to the death' in protest against the British settlement of the Indian question. It is said that he may refuse the Government's offer to release him from prison unless he is granted full freedom.

DISARMMENTS.

Washington. The American Government, it is said, would regret to see the rise of any political dispute in Europe which would retard disarmments, but otherwise is not interested in the Franco-German disagreement over armament equality.

A message from Rome states that the Italian Government recognises Germany's right to equality in arms, but believes it must be approached through disarmament to Germany's level rather than re-armament towards the level of other Powers.

FIRE IN DRURY STREET.

A fire, which had there been any wind would undoubtedly have assumed a more serious nature, broke out at approximately a quarter to nine yesterday morning in the upper room of a house in Drury St occupied by Mr & Mrs T. Paice, their daughter and son-in-law.

We are given to understand that the outbreak was first observed by Mr. F. Berntson who gave the alarm.

The Stanley Fire Brigade, under the supervision of Mr. J.W.Grier-son, together with the Police and neighbours were quickly on the scene and soon had the situation well in hand.

The origin of the fire is, we believe, unknown. Extensive damage to the structure was caused by the flames, and smoke, in addition to which there was considerable loss by way of furniture, clothing and money.

THE WORLD'S WATER SPEED RECORD.

It is reported from London that the World's Water speed record passed on Tuesday to Gar Wood, who in 'America 10th' attained an average speed at Detroit over two runs of a statute mile of 124.91 miles per hour. The record was previously held by Kaye Don who last July in 'Miss England III' averaged 119.91 miles per hour.

THE PRIME MINISTER'S DAUGHTER  
MARRIED.

Doctor Joan McDonald, the second daughter of the Prime Minister, was married on Tuesday to Doctor Alastair McKinnon. The Bride and Bridgroom qualified as Doctors at the same University.

The Prime Minister gave his daughter away in the presence of a very large congregation, including several Cabinet Ministers, and other famous men and women.

Large crowds cheered the bride as the Pipers played her car to the Church. The reception after the ceremony was held at Chequers.

-----  
THE UNION OF THREE METHODIST  
CHURCHES.

The legal Act of Union of three Methodist Churches took place on Tuesday afternoon in the Albert Hall, London, in the presence of a large congregation, which included the Duke of York, who represented the King, The Duchess of York, The Bishop of London, and many Provincial Bishops. There were also present the Lord Mayor of London, Mr. Walter Runciman, President of the Board of Trade, several Members of Parliament, Sir Josiah Stamp and other prominent Methodists.

The Governing bodies of the Wesleyan Methodists, the Primitive Methodists, and the United Methodists having given their separate and joint assent to the Deed, Dr. Lidgott, President of the United Conference declared the Union accomplished.

There are over one million adherents to the Methodist Connexion in Britain, and the whole Church comprises about twelve million members.

The Duke of York read a message from the King, in which His Majesty said 'I welcome the union as marking one step towards the unity of Christian people - a cause always near my heart -.

Continuing, His Royal Highness said 'The union marks the opening of a new era in the life of one of the greatest spiritual forces in the modern world'.

NEGOTIATIONS FOR THE RELEASE OF  
TWO BRITISH CAPTIVES.

A message from Newchwang states that messengers who brought news on Monday of Mrs Pawley and Mr Charles Corkran have been sent back to the Bandit lair with instructions for negotiating the release of the two captive Britons. They have been guaranteed immunity from arrest by the Japanese authorities.

No news of their mission is likely to be received for four or five days as the Bandit Headquarters are situated in a district 40 miles North East of Newchwang and involves a circuitous route. Moreover the Bandits are becoming more and more nervous and do not keep their captives in the same place for two nights running. It is said that every precaution is being taken to protect their haunts from possible attacks by air.

AN INTERESTING SEQUEL TO THE ACTIVITIES  
OF A YOUTHFUL NEW ZEALAND PHILATELIST.

Early this year Master Bell, of Dunedin, New Zealand, who is apparently an enthusiastic philatelist, communicated with the Superintendent of Education in Stanley, with a view to obtaining some specimens of the Falkland Islands Postage and Revenue stamps. His letter was passed on to Master Bernard Biggs, who in due course replied.

Bernard has now been good enough to send us a cutting from the "Evening Star" which Master Bell had forwarded to him.

The article deals comprehensively with the geographical features of the Colony, its climate and activities, and quotes in detail an account, from the 'Penguin', of the Falkland Islands Horticultural Exhibition held in March last. Further it contains a description of the 'Penguin', commenting favourably on the design of its cover, and speaking in kindly terms of its production. However, there would appear to be a misunderstanding in as much as the 'Penguin' is referred to as a monthly and not a daily publication.

FOUR MEN ON TRIAL FOR SHOOTING  
A NAZI.

It is reported from Berlin that four death sentences will be the inevitable result of a Trial which began on Tuesday morning before one of the special tribunals set up by President Hindenburg's decree of August 9th in regard to the adjudication of 'Political Acts of Violence'.

The defendants are charged with manslaughter in a political shooting affray. The accused who, with three other young Communists, is charged jointly with killing a Nazi in a collision wherein both sides are alleged to have fired shot, but which both sides strongly deny. Both sides also charge the other with being the aggressor, and actually appealed to the nearest Police Station for protection against each other.

-----  
THE DISARMAMENT CONFERENCE.

It is reported from London that the Bureau of the Disarmament Conference was due to meet on Wednesday at Geneva. Germany, it is understood, will not be represented, although it is expected that efforts will be made to find a compromise which will enable Germany to reconsider her decision.

President Hoover, on Tuesday, announced that the limitation of German arms is solely a European question, but that America is anxious for Germany to continue to participate in the Conference.

-----  
THE CANADIAN RAILWAY SYSTEM.

A message from Ottawa states that it is proposed the Canadian Pacific, and Canadian National Railways will continue as separate entities, but with an arbitration Board invested with authority to secure economies in the services, and works of extension.

This is understood to be the recommendation contained in the report of the Royal Commission which was presented to the Government on Tuesday.

AN EFFORT TO INDUCE GANDHI TO END FAST.

A message from Bombay states that while Gandhi placidly continues to fast the chief interest lies in efforts to reach a compromise which will induce him to end it.

Delegates from a Conference of Leaders of Caste Hindus and Depressed Classes, or 'Untouchables' visited him on Wednesday and submitted an agreement which had been proposed. This includes the reservation of a certain number of seats in the Legislatures for 'Untouchables' instead of separate electorates mentioned in the Government scheme to which Gandhi objects. It is said that Gandhi had no objection to such an alternative. After discussion with the Delegates he sent a message to Doctor Ambedkar, leader of the Depressed Classes, stating that he wished to see him with regard to the agreement. Though Gandhi did not make a definite statement regarding his attitude, it was thought that the prospect of a settlement of the Hindu differences was brightening. In a letter published later in the day, however, Gandhi said 'Only the complete removal of the 'Untouchables' from the religious and social system would alone satisfy his spirit.'

WEST STORE CHIT CHAT.

**BRITISH CANNED FRUIT**

Specially cultivated for the Overseas Trade.

Hundreds of acres of British land are under glass for the special cultivation of tomatoes, plums and other soft fruits.

Huge glass houses, each one in itself a large field, ensure a bigger and better fruit crop. Much of the fruit, it is true, is consumed at home, but a fair quantity is preserved and sent abroad. The fact that the Growers experience an increasing difficulty in supplying the Overseas Market points to the fact that consumers abroad are waking up to the fact that British goods ARE best.

NEW YORK SAVED FROM BANKRUPTCY.

It is reported from New York that the decision of the Courts in favour of Mayor McKee has caused great rejoicing in the City. Its bonds rose immediately for its financial outlook has improved since the new Mayor took over the office.

Mr. McKee's first step was to reduce his own salary from £8,000 to £5,000, and cut those of the Municipal employees by £400,000.

He travels by tube to and from his office and insists on other Officials doing the same. Mr. McKee, in a speech on Wednesday, said 'The City's budget of £125,000,000 for the year 1934 must be reduced by £20,000,000.'

His financial achievements are important because they have saved New York from Bankruptcy.

-----  
THE STOCK MARKETS.

It is reported from London that led by the vigorous rally in Wall Street, New York, the World's Stock Markets showed pronounced strength. The advance in New York gradually gathered momentum and during the day stocks closed buoyant with a rise of from two to ten points. The London Market was also cheered by the general rise in commodity prices.

There was a cheerful atmosphere obtaining in the Paris Bourse and prices improved generally, while a rise in rubber shares was a feature of the advance in Amsterdam.

The Italian Stock Exchanges enjoyed the sharpest rise for weeks.

CANADIAN GOVT AND IN THE IMPORTATION  
OF OIL.

It is reported from Ottawa that the Canadian Govt has decided to take whatever steps are necessary to prevent the breaking of oil prices by uneconomic competition of Soviet oil, and to secure special preferential treatment for oil exported from British Empire sources.

The most notable beneficiary at the present time in this respect is Trinidad.

This decision follows closely a statement to which the attention of Sir Philip Cunliffe-Lister, the Secretary of State for the Colonies, and the Canadian Premier, Mr. Bennett, was drawn.

The statement in question in effect is that a serious menace to British Oil producing interests is resulting from the arrival in Montreal of the first four ship loads of Soviet crude oil representing a barter payment for Canadian aluminium worth a million dollars.

Mr. Bennet had no time during the Ottawa Conference, when the Canadian Aluminium Company completed the deal, to consider the effect on Trinidad of the admission into Canada of Soviet oil. His subsequent investigations has resulted in the decision to prevent, if possible, the delivery of the last two ship loads of the consignment; to ensure by acquiring the requisite powers from Parliament that no further Soviet oil be dumped into Canada; to so alter the Canadian Tariff schedule on oil as to give special preference to the particular blend of oil now exported by Trinidad.

DESPERATE PLIGHT OF BRITISH CAPTIVES  
IN MANCHURIA.

A message from Newchwang states that two more letters have been received from Mrs Pawloy and Mr Charles Corkran. Mrs Pawloy's letter written in a despairing tone appeals for immediate action to save her from death. It reads " Got us out as soon as possible. They are going to cut off our ears and I rather want to keep mine. For God's sake be quick. We have a week to live before we are shot. These fellows are really serious."

It is reported that the days of Poi Patien, the Bandit leader, are numbered, -Whether or not he yields his prisoners to the Japanese-Manchurian Gendarmerie - They have a minute description of him, and his territory is surrounded to such an extent as to make escape almost impossible.

BIG CAMPAIGN LAUNCHED TO RELIEVE DISTRESS  
IN AMERICA.

New York, Thursday. A big campaign to raise funds to relieve distress has been launched in several cities today in anticipation of the coming winter produce problem, which, it is said, is unequalled in American history.

Although Congress passed an Emergency Relief Bill providing four hundred and twenty five million pounds for direct and indirect aid it is realised that this amount will fall far short of the needs of the situation.

A week hence all existing relief funds will have been exhausted.

BIRTH RATE STATISTICS.

The Birth Rate which had been on the decline in Britain shows an increase in the returns issued by the Registrar-General for the quarter ended June 30th. There were in that period 165456 births in England and Wales, 1696 more than in the corresponding period last year. The mortality of infants under one year was equal to 58 per 1000 of live births.

ENGAGEMENT.

The engagement is announced between Captain Paul Christianson, M.S. 'West Falkland', and Miss Mary Andreason, the only daughter of Mr and Mrs C. Andreason, of Port San Carlos.

THE FIRE IN DRURY STREET.

Mr and Mrs T. Paico, and Mr & Mrs J. Davis, desire to express their gratitude to all those who assisted them in any way on the occasion of the fire at their residence on the 21st instant.

THE DISARMAMENT CONFERENCE.

At a meeting of the Bureau of the Disarmament conference held at Geneva on Thursday evening Sir John Simon said that comprehensive proposals made on the subject of naval disarmament had been carefully examined by the British Government, which had established contact with other great powers on the matter. He had reason to hope that it might be possible in the near future to initiate exchange of views.

FOOTBALL.

We are asked to announce that a friendly football match will take place on Sunday afternoon between teams drawn from Nos 1 and 3 Platoons of the Falkland Islands Defence Force. The kick off is timed for 2.30 p.m. weather permitting.

REFUSED ADMISSION.

During the six months ended June 30th, one thousand three hundred and thirty eight aliens were refused permission to land in Great Britain.

SKYSCRAPERS FOR LONDON.

For some time the Incorporated Society of Architects and Surveyors has been pressing for the removal of restrictions on the height of business buildings in the Greater London area.

It is now understood that the ban on height is shortly to be removed, and business premises will then be able to rise to a height of 100 feet instead of 80' the present limit.

£112. FOR A COPY OF SHAKESPEARE'S  
'MERCHANT OF VENICE.'

An American paid £112 at Sotheby's for a 1619 quarto copy of Shakespeare's "Merchant of Venice", only twenty six copies of which are known to exist.

DISCHARGED FROM B. NRUPCY.

An immediate order of discharge was granted to Mr. Thomas Burke, the tenor, who failed last February with ranking liabilities of £2,601 and no assets. The discharge was subject to a payment of £50.

IN THE INTERESTS OF ECONOMY.

Four policemen costing over £1000 per year have been superseded by watchmen at the Prime Minister's official residence at Choquers.

CONSCIENCE MONEY.

The Chief Constable of Plymouth has received seven shillings 'Conscience money' from a former resident, who says he 'borrowed' the amount from his gas meter, when he was rather short of change.

BRITISH AIRMAN'S CLAIM CONFIRMED.

The Royal Aero Club has confirmed the claim of the British Airman, Captain C. Unwin, to the World's Altitude record. Last week Captain Unwin, who is the Chief Test Pilot to the Bristol Aeroplane Co, reached a height of 43976 feet - well over eight miles - which exceeds previous World record by nearly 800 feet. The machine used was five years old, and before being brought home from China and reconditioned, lay in flood water at Nanking Aerodrome for a considerable time.

A Bristol-Pegasus engine was chosen for the attempt, and Unwin believes that he could have flown even higher if the petrol supply had not been exhausted.

Two sealed barographs placed in his machine before the ascent were afterwards handed to the National Physics Laboratory for examination.

During the flight the pilot used electrically heated clothes and used oxygen apparatus. A temperature of one hundred degrees of frost was registered in the higher altitudes.

Captain Unwin, who sustained a dislocated neck in a War Crash, has in recent years done much experimental work in the development of aircraft.

THE PRINCE OF WALES OPENS BRITISH INDUSTRIES FAIR

It is reported from Copenhagen that the Prince of Wales inaugurated the British Industries Fair on Saturday afternoon. The crowd in the Town Hall square was one of the greatest that Copenhagen has ever experienced. The popularity of the Gordon Highlanders was shown when they arrived an hour before the ceremony and the crowd surged forward to give them a hearty welcome..

Following speeches of welcome, and the Prince was making his way to the dais the whole assembly stood and cheered him vociferously. Following the ceremony the Prince accompanied by King Christian proceeded to the Tivoli, where they together with other members of the Danish Royal Family made a tour of inspection of the Exhibition.

WARSHIPS WATCH INTERESTS OF BRITISH AND OTHER INTERESTS IN CHINA.

It is reported from Shanghai that fifteen warships are now anchored off Chefoo to afford protection to the large settlement of British and other foreigners endangered by the Civil War in the Shantung Province.

INVESTITURE OF STANLEY ROVER SCOUTS.

The Investiture of the recently organised crew of Rover Sea Scouts took place in the Cathedral on Sunday evening before a large congregation which included His Excellency the Governor, the Honourable J.M. Ellis, Colonial Secretary, and the Honourable G.R.L. Brown, (Private Secretary).

The Ceremony, conducted by the Dean, followed the first part of evening service, and was of an impressive nature, consisting of four points ; (1) Lavabo (The washing of hands) (2) The promise on the sword and Scout Flag, The Knights buffet, and (4) The Knot and Emblem.

It is interesting to note that the flag used in this Ceremony was the identical one which Scout Marr, now one of the Scientists on board R.R.S. "Discovery 11", took with him on his first Antarctic voyage in the "Quest" with the late Sir Ernest Shackleton.

After the initiation the Dean delivered an inspired and inspiring address, basing his remarks on the text "Be strong, and of good courage. I will not forsake thee". He urged the novitiates to emulate the example set by the Knights of old, whose sense of honour and chivalry was so developed as to warrant the respect of all men.

The candidates were Clarence Evans, George Bennett, Stanley Bennett, Howell Evans, Ernest Berntsen, and Edward Lellman, who prior to the service kept a solemn vigil in accordance with the customs of ancient chivalry.

IN THE POLICE COURT.

In the Police Court yesterday William Bonner appeared to answer a Judgment Summons for neglect to comply with an order for payment of the sum of £25. 4. 1. outstanding since 1921 in settlement of a debt for provisions supplied by Alexander Martin, Stanley. The Court refused to accept the Defendant's plea of lack of means as the evidence showed that since the date of the order he had earned sums which could have been used by him towards payment of the debt. Payment at the rate of £1 per month was ordered. The Defendant was warned that failing compliance with this order it would be open to the plaintiff to apply to the Court for enforcement of the order.

THE FALKLAND ISLANDS COMPANY'S  
NEW FLOATING DOCK.

The floating dock, which has provided employment for local men for some considerable time, was brought to its official moorings on Sunday afternoon. We are glad to state that we shall be in a position to publish, in an early issue, some particulars regarding its construction and capacity.

MORE COAL TO BE IMPORTED INTO  
FRENCH.

A message from Paris states that the French Government has decided to permit the importation of an additional one hundred thousand tons of coal from Foreign Countries starting from October 1st.

FURTHER NEGOTIATIONS FOR THE RELEASE  
OF BRITISH CAPTIVES IN MANCHURIA.

It is reported from Newchwang that Japanese Intelligence couriers have been despatched to the headquarters of Pei Patien, the Manchurian brigand who captured Mrs Pawley and Mr Corkran, in an endeavour to open additional contacts and expedite negotiations for ransoms. The Japanese Military Authorities are hopeful that the two captives will be released soon.

For three days drenching rains descending over the Bandit area have made quagmires of the roads, and rendered communication extremely difficult. The task of locating the bandits is also made additionally difficult as they move with their captives daily.

A message received from the Brigands on Monday demanded the equivalent in Chinese dollars of £30,000, together with a demand for machine guns and a huge consignment of ammunition.

THE LEAGUE OF NATIONS.

The sixty-sixth session of the Council of the League of Nations was opened under the Presidency of Mr. Devalera, who is attending Geneva for the first time.

During the private sitting of the Council Mr. Hambro, the Norwegian delegate and a member of the League Financial Committee, stated that many Countries were in arrears with their contributions.

LARGE INVESTMENTS TRUSTS ADJUDGED  
BANKRUPT.

A message from Chicago states that the Corporations Securities Company, and the Insull Investments Incorporated, two of the Insull Investments Trusts in which the public had invested three hundred million dollars, were adjudged bankrupt on Monday.

THE GREEK ELECTIONS.

A message from Athens states that the Greek elections commenced on Monday, the polling booths being crowded. It is understood the final results will not be published for some days owing to the proportional representation system.

AN APPEAL TO RELIEVE DISTRESS  
IN GERMANY.

It is reported from Berlin that an appeal, signed by President Hindenburg and Chancellor Von Papen, in support of the efforts being made by German Charitable Organisations to relieve distress during the coming winter, is to be distributed throughout Germany.

SOUTH AFRICAN MINISTER OF MINES TO  
VISIT ENGLAND.

Mr. Fourie, the South African Minister of Mines, who is visiting Europe to stimulate trade with South Africa, left Paris for London yesterday.

FRANCE AND GERMANY AND THE QUESTION  
OF ARMAMENTS.

In a speech on Monday Premier Herriot declared that the re-arming of Germany would be a "Beginning of the return to old follies". He indicated as a solution of the Reich's grievance a policy of general disarmament combined with security for all Nations.

TRADE BETWEEN FRANCE AND GERMANY.

It was announced in Paris on Monday that during the year 1931 France bought three hundred and forty eight million marks worth of goods from Germany more than she exported to her.

STANLEY FIFTEEN YEARS AGO.

The following appeared in the Buenos Aires Herald on the 20th April, 1917 :-Passing by Stanley in the 'Ortega' from Punta Arenas were Mr. Jack Gleadoll of Stanley, and Mr. Goddard, late of Hill Cove, West Falkland, and several Chileans of all English parentage, all going to offer their services in the War.

THE CANCELLATION OF WAR DEBTS.

It is reported from New York that the cancellation of War Debts is strongly recommended by the Research Committee of the Foreign Policy Association, a Non Partisan and Non Political Society, representing all spheres of American life.

The report issued on Monday admits that the American tax-payer would have to shoulder the burden resulting from cancellation, but urges from a financial standpoint that cancellation would be in the interests of the United States and the World generally.

A survey made of Inter-Governmental debts in the light of the Lausanne Conference shows a decline in Customs duties alone during the past two years of an amount more than the sum of scheduled War Debts payments during the same period.

Meanwhile Mr Norman Davies, the noted American Diplomat, sailed from New York on Monday to partake in the work of organising the World Economic Financial Monetary Conference to be held in London, and in which the United States has accepted full participation.

THE BRITISH INDUSTRIES FAIR AT  
COPENHAGEN.

It is reported from Copenhagen that the British Exhibition has proved an enormous success during the two days it has been open. Business is already booming, and one prominent oil Company has negotiated an important deal, while another firm has secured an order for ten thousand bicycles.

THE NEGOTIATIONS FOR THE RELEASE  
OF MRS PAWLEY.

A message from Nowchwang states that the Japanese have granted full authority to General Wang, the local Manchurian Commander, to treat with the bandits for the release of Mrs Pawley and Mr. Corkran. To avoid all complications through possible interference with General Wang and the local authorities the Japanese have withdrawn all active measures themselves.

TENNIS.

Los Angeles, Monday. F. J. Perry won the Pacific Southwest Tennis championship by defeating the Japanese, Satoh, in three sets.

The title was held in 1931 by Ellsworth Vines who beat Perry in five sets.

Perry and Austan also reached the finals of the double championship, and were only defeated by Vines and Gledhill after a close four set match.

TELEGRAPHIC BLOCKADE.

A message from Nanking states that a Telegraphic blockade against Manchuria became operative on Monday.

THE ERECTION OF PORPOISE POINT LIGHT.

A STANDING MEMORIAL TO THE BENEFICENCE OF MR. HAMILTON, OF WEDDELL

It will be remembered that some time ago Mr. John Hamilton, of Weddell and Magallanes, presented a sum of money to the Government of the Falkland Islands for the benefit of the Colony generally. A portion of this sum was set aside for the provision of a Marine Light, which has now become an accomplished fact.

The light, which is an automatic flasher, with a white flash of one second duration in every ten seconds, has a visibility of from five to seven miles, and is situated on Porpoise Point, near the extreme south point of the East Falkland, in Latitude 52 degrees 20 minutes 30 seconds S, and Longitude 58 degrees 18 minutes 15 seconds West. The light is of the unattended variety and is controlled by a sun valve.

The materials for its erection were conveyed to Bull Cove by means of the s.s. 'Lafonia' on the 15th September, and work was commenced on the 19th.

The whole work of clearing the site, preparing the pedestal and erecting the light together with a house for the storage of gas cylinders was completed before the evening of the 21st - an achievement which is all the more creditable in view of the inclement weather which obtained. - Indeed, the utmost credit is due to the Honourable G. Roberts, Captain Roberts of the 'Lafonia', Mr. Goddard, the Falkland Islands Company's Camp Manager, and their men who contributed so largely to the success of the work.

LIGHTING UP TIME.

THE SUN SETS IN STANLEY TODAY AT 6.7.P.M.  
LIGHTING UP TIME. 7.7.P.M.

THE FALKLAND ISLANDS COMPANY'S FLOATING DOCK.

Through the courtesy of the Falkland Islands Co., Ltd., we are enabled to publish some particulars of their recently launched floating dock.

The structure, which was designed by Messrs Clarke & Stanfield, Consulting Engineers of London, and built by Messrs Swan & Hunter, and Wigham Richardson & Company, Ltd., of Wallsend-on-Tyne, was transported to the Falkland Islands in sections, and has been assembled and rivetted principally by local labour under the supervision of the Resident Engineer, Mr. J.M. Thomson.

Its length overall is 196 feet, and its breadth 61 feet. The height of the walls above the level of the pontoon decks is 20 feet 10 inches, and these are supported by five pontoons, 5 feet 7 inches in depth, each being sub-divided into three separate water tight compartments.

When full to the deck level each pontoon will contain 365 tons of water.

The lifting capacity of each pontoon is one hundred and fifty tons, thus making a total lifting capacity of seven hundred and fifty tons. The dock is capable of taking a vessel up to fifteen feet in draught.

It is provided with two pumps of the centrifugal variety, which are contained in the bottom of the starboard wall, and are capable of dealing with approximately two thousand nine hundred tons of water in less than an hour. They are operated by two Gardner engines situated in a house on top of the wall, and are connected with the pumps by vertical shafting.

The Dock is secured by eight anchors and cables, and is moored in a position opposite Stanley Cemetery.

GANDHI BREAKS HIS FAST

Gandhi broke his fast on Monday at 5 p.m. after having been without food for six days and five hours. He took this course after considering for nearly an hour the British Government's message approving an agreement between the leaders of the Caste Hindus and Depressed Classes regarding the method of electing the latter's representatives.

It is reported that Gandhi's physical condition has suffered seriously from the effects of his fast.

MANCHURIAN COMMANDANT GIVES ASSURANCE  
REGARDING THE SAFETY OF CAPTIVES.

It is reported from Nowohwang that General Wang has given assurance in respect of the safety of Mrs Pawley and Mr Corkran. He said emphatically: 'The bandits would not dare to do any physical harm to Mrs Pawley. I am confident that both captives will eventually be liberated uninjured after the payment of a reasonable ransom.'

The Bandits are already regretting their act, and are anxious to find a way to a quick settlement.

THE GREEK ELECTIONS.

A message from Athens states that the preliminary returns of the General Election indicate that M. Venizelos, the veteran Greek Statesman, has gained a relative majority, and a great moral victory. The results so far calculated under the complicated proportional representation show Venizelists as having 110 seats, and the opposites on 90.

THE WEATHER IN ENGLAND.

With a measurement of ten hours sunshine on Monday London had its sunniest day since August 19th, and its best record in September for two years.

BOXING.

At Leicester on Monday Don McCormindale knocked out Reggie Moon of England in the fourth round of a heavy weight contest.

GOLF.

Ponabody, Massachusetts, Monday. Miss Ethel Wilson, of England, qualified in the first round of the match play in the American Womens' Golf Championship, doing the round in 79.

BRITISH WARSHIP GROUNDDED BUT LATER  
REFLOATED.

The Admiralty has announced that H.M.S. 'Challenger' grounded whilst surveying in uncharted waters off the Labrador Coast. The vessel struck a rock on September 25rd six miles north of Fords Harbour Light in Latitude 56 degrees 28½ minutes North and Longitude 61 degrees 10 minutes West. The weather was calm and she was later refloated. Damage to her forward oil tanks, and in several other compartments were reported.

After calling at Fords Harbour to ascertain as far as possible the full extent of the damage, she proceeded to St. John, Newfoundland.

The survey on which H.M.S. 'Challenger' was engaged is in connection with the Hudson Bay route, and the area in which she was working is quite unexplored.

FRENCH TRADE RETURNS.

It is reported from Paris that the Trade Returns for the first eight months of the current year show imports at 19,941,000,000 francs, and exports at 12,936,000,000 francs.

DEATH OF THE CHAIRMAN OF THE BANK  
OF VICTORIA.

A message from Melbourne states that the Honourable Sir E. Miller, for many years Chairman of the Bank of Victoria, has died aged 64 years.

NO FURTHER CREDITS FOR THE RECLAIMING  
OF THE ZUYDER ZEE.

It is reported from the Hague that owing to strained National finances the Government has resolved not to ask for further credits for the reclaiming of the Zuyder Zee.

FINAL LEGISLATION IN REGARD TO  
OTTAWA CONFERENCE.

A full attendance of Ministers was expected at yesterday's meeting of the British Cabinet. Mr Baldwin, having returned from holidays, had a long conversation with the Prime Minister, and other members of the Cabinet.

The business before the meeting was to consider final legislation in regard to the agreements entered into at the Ottawa Conference.

HOMeward MAIL.

Information has been received to the effect that the mail despatched by the s.s. 'Lafonia' on the 31st August arrived in the United Kingdom on the 27th instant.

AN ARREST IN CONNECTION WITH THE ISSUE  
OF PORTUGUESE BANKNOTES.

It is reported from Berlin that one Gustave Adolphe Hennies, alleged to be the real author and director of a gigantic plot by which Messrs Waterlow & Sons Ltd., were deceived into printing an immense issue of spurious Portuguese Banknotes, has been arrested in a small hotel in the centre of Berlin.

Although he admits being in Lisbon in 1925, and of being associated there with other members of the great forgery conspiracy, he denies any participation.

SIXTEEN BALLOONS IN GORDON BENNETT RACE.

Basle. Sixteen balloons, representing eight nations, competed in the Gordon Bennett Race for the Cup presented by Mr. Henry Ford. Great Britain was not represented. The competitors included 3 entrants each from Germany, France and Switzerland, two each from America and Poland, and one each from Belgium, Austria, and Spain.

A COMMITTEE TO SEEK SOLUTION OF  
WAR DEBTS PROBLEM.

A message from New York states that a Committee of leading Americans, who seek a practical solution of the War Debts problem for the benefit of all concerned, was set up on Tuesday.

In accepting the post of Chairman, Mr. Alfred P. Sloan (Jr.), President of the General Motors Corporation, declared the attitude of the Committee as one of scientific detachment. He denied that its objective was the cancellation or revision of debts. The Committee hopes to present at an early date a statement of the principal facts concerning inter-governmental debts, and a careful, scientific, and impartial analysis of the problems involved.

The opinions, and suggestions, of a number of practical men of the Nation are to be invited in an effort to convert them into a plan likely to secure the best possible advantage of all concerned. Already four hundred and twenty five acceptances of membership have been received from leaders of industry, labour and agriculture.

THE GORDON BENNETT BALLOON RACE.

It is reported from Basle that the Gordon Bennett Balloon Race was won by America, who also took second place, France occupying the third position. Thus for the second time America has won the Cup outright by three successive wins.

WORLD DECLINE IN SHIPS.

The analysis by 'Lloyd's Register Book' of the shipping tonnage of the world does not make pleasant reading. It shows a net decrease on the year 1931 of 396,370 tons, which is much less than the decrease which falls to Great Britain and Ireland - 631,230 tons. Some Countries, as is evident by these figures, show an increase. Norway, Soviet Russia, Italy and Greece, being notable in this class.

SMOKELESS FUEL FROM 'SLACK'.

Machinery, which is operation at Ashby-de-la-Zouch, is capable of taking the lowest possible grade of 'slack' coal and converting it into a readily combustible, slow burning, and smokeless fuel, for which commercially, it is claimed, there is a prosperous future.

SEQUEL TO YESTERDAY'S CABINET MEETING.

It is reported from London that the resignation of the Free Trade Liberal Ministers, and Viscount Snowden, after yesterday's Cabinet Meeting may now be taken as certain.

Last minute appeals made by the Premier to the National Government that it should be kept intact, at least until after the World Economic Conference, failed.

The National Liberals continue to support the Government, and they hope to secure reassurances that their standpoint will not suffer through the weakening of the Liberal element. Greater Ministerial representation is also desired.

The reconstruction of the Government is to take place without delay in order to prevent any misapprehension abroad as to the extent of the split.

In filling the vacant offices the Premier will seek the best men suited, and will not try to strike any strict mathematical balance as between parties.

The departure of Viscount Snowden means a severance between himself and the Premier of a political association lasting upwards of fifty years.

-----  
EARTHQUAKE IN THE BALKANS.

A message from Athens states that an earthquake which rocked the Balkans on Tuesday was most severe in Greece where it caused greater damage than any other within living memory. One hundred and twenty persons were killed, five hundred injured, and thousands rendered homeless. Nearly three thousand houses were destroyed. The devastation took place in the district of Chalcidice near Mount Athos. Several villages, including Stagira, the birthplace of Aristotle, were completely destroyed.

The old volcano near the peninsular of Cassandra is the centre of the disturbances, and shocks are still being felt at intervals.

The Government has taken prompt action to effect relief measures. Doctors and Nurses have been sent to the stricken area with food supplies, tents and blankets for the homeless and injured.

THE FALKLAND ISLANDS.

The following extract from the 'Daily Mirror' is reprinted with all due acknowledgements, as being of interest locally.

ROUND THE EMPIRE.

The Falkland Islands, off the coast of South America, and made famous by Admiral Sturdee's victory in 1914, were found by Captain J. Davis, in 1592. They were without trees and uninhabited except by sea-fowl and large foxes which preyed on these. In 1764 French settlers arrived and were bought out by two Spaniards, leaving behind domestic animals that ran wild. We went there in 1767 and were nearly at war with Spain over them, but left seven years afterwards. In 1832 a number of criminals and desperadoes had been shipped there from Buenos Aires, and for the protection of our whalers we asserted our old claim, and our Naval ships then surveying in that part of the world, took charge of the islands.

Since then they have remained under the British flag, and are now almost entirely devoted to sheep farming, the shepherds being largely of Scottish descent.

MAJOR WRIGHT'S SUCCESS AT BISLEY.

In the issue of the 'Penguin' for Thursday, the 7th July last, there appeared a brief account, together with a copy of a telegram sent to Major Wright congratulating him upon his success in the 'Eandoo' Competition at Bisley. We are now privileged to publish Major Wright's reply, which was addressed to the Honourable J.M. Ellis, Colonial Secretary.

N.R.A. Camp,  
Bisley, Brookwood,  
Surrey,  
25th July, 1932.

Dear Sir,

I want to express my thanks to you, to members of past teams of the Defence Force, and all friends for your kind message of congratulation on my winning the 'Eandoo' at the Bisley Meeting.

I believe the diagram of the target after I had finished with it will appear in the 'Game & Gun' for August.

This year the Trinidad Team asked me to call the wind for them, but we only got second in both events. They were beaten by better teams in both matches.

The only representative from the Falklands gave a very creditable account of himself at the Meeting, and appears to be of the right temperament for a team shot.

Please give my kind regards to all the good people of the Islands who appear to have taken me to their kind hearts.

I trust the good feeling will continue to exist until the end of the Chapter.

With compliments,

Yours very sincerely,

(Sgd) Wm.M. Wright.

Major.

Note.:- We believe that Mr. Henry Sedgewick, of Stanley, is the Falkland Islands representative mentioned in the above letter. We hope to publish within the next few days some particulars of Mr. Sedgewick's achievements while at the Bisley Shoot this year.

THE POLITICAL SITUATION IN

AMERICA.

It is reported from New York that intense interest is being taken in the election campaigns of both Mr. Roosevelt and President Hoover.

The Democrats are boldly proclaiming that nothing less than a miracle can give victory to President Hoover. On the other hand the Republicans predict that Hoover is now completely aroused to the urgency of the crisis, and will be able in a single speech to reverse the tide which all agree is running against him.

BRITISH CAPTIVES IN MANCHURIA.

It is reported from Newchwang that the Brigands, in whose hands are Mrs Pawley and Mr. Corkran, have reduced their demand for ransom by ten per cent. They still, however, insist upon a supply of arms and ammunition. These statements were conveyed to Newchwang on Wednesday afternoon. The messenger declared that Mrs Pawley and Mr. Corkran were well, and allowed to move freely about the Camp.

AMERICA'S ECONOMIC CAMPAIGN.

It is reported from New York that the Government's Economic campaign has begun with proposals for a reduction in the National Budget of from fifty million to a hundred million pounds which will extend to the States Municipal Governments throughout the United States. Unless drastic economies are effected many Cities, and even some States are in danger of Banruptcy. The problem of balancing budgets both National and otherwise have been rendered more difficult by the record breaking demands of Charitable Relief.

It is understood that representatives of the Ministry of Transport, the Home Office, the Scottish Office, and the National Safety First Association, have conferred with a view to the securing of a more comprehensive analysis of the causes of road accidents.

FRANCE'S ADVERSE TRADE BALANCE.

The adverse trade balance shown in the French trade returns shows an adverse balance of nearly £40,000,000, as compared with £56,000,000, for the corresponding period last year.

It is pointed out that 'invisible' exports have shrunk considerably. During the years between 1924 and 1929, Foreign tourists, the most important 'invisible' export item, yielded 12 milliard francs a year. This figure has now been reduced by 70 to 75 per cent.
