

MOTHERS' UNION ACTIVITIES.

As the result of a two-days "Jumble" Sale held in the Church Hall on Friday and Saturday by the Mothers' Union over £34 was realised, the proceeds being in aid of the Cathedral Church Funds.

The Organising Committee consisted of Mesdames Lumsdale (president), Hall, H. Newing, F. Gleadell and Berntsen while there were a number of helpers assisting with the following stalls: Mothers' Union Stall, Jumble Stall, Teas and Refreshments, Toys, and Kitchen Stall.

On Friday evening His Excellency the Acting Governor (J.M. Ellis, Esq., O.B.E.,) attended, accompanied by his Private Secretary, and bought a number of articles.

THE VALUE OF FOLK DANCING.

On Tuesday last week His Excellency the Acting Governor (J.M. Ellis, Esq. O.B.E.,) accompanied by Major the Hon. J. Innes Moir (Aide-de-Camp) was present at a very enjoyable display of Folk Dancing and other school activities given by the girls of Government School under the charge of Mrs W.D.A. Jones. His Excellency was welcomed by Mr A.R. Hoare (Superintendent of Education). The display was also witnessed by a number of guests who afterwards were entertained to tea. The proceedings took place in the Gymnasium.

The programme included marching exercises, indian club exercises and such folk dances as the Ribbon Dance, Petronella (Flowers of Edinburgh), Glasgow Highlanders, Speed the Plough, The Merry, Merry Milkmaids and Lightsome Reel.

At the conclusion His Excellency expressed his delight with the performance and went on to say how much importance he knew Mr Hoare attached to that side of the work of the school. He himself thought it was a very good thing for, in the first place, it enervated the mind, developed the body and awakened the soul through a glimpse of the beautiful. He sincerely hoped that the folk dancing they were doing in school would lead to something which would take a bigger part in the life of the Colony as a whole and that their efforts would serve as a nucleus to a real, live and flourishing Folk Dancing Society for both boys and girls, men and women. There was a natural talent and love for dancing among the people of the Falklands; they enjoyed ordinary dancing in the Town Hall, why not Folk Dancing in the Gymnasium Hall?

In conclusion His Excellency thanked the girls and applauded the enthusiasm and diligent application of Mrs Jones through whose efforts the guests that afternoon had been able to witness so excellent an entertainment sponsored by Mr Hoare.

Mr Hoare thanked His Excellency on behalf of Mrs Jones and the girls adding that he would like to take the last opportunity afforded by the semi-public gathering that afternoon of thanking His Excellency for the very great interest he had always taken in the activities of the Government School during the eight years or so he had been in the Colony. The Superintendent of Education finally hoped on behalf of the School Staff and the Scholars that His Excellency and Mrs Ellis would have a very happy and successful time in their future career.

BALKAN POLITICS.

It is reported from Sofia that while the festivities associated  
with the visit of the Jugo-Slavian majesties are continuing, political  
discussions of the greatest importance have begun.

The Bulgarian Foreign Minister, Bataloff, and the Premier,  
Georghieff, had an audience with King Alexander while at the same  
time the Jugo-Slav Premier, Jettitch, had an audience with King  
Boris.

Later there was a general conference and Balkan questions  
generally were discussed.

According to press reports peace in the Balkans and thus in  
Europe, depends entirely on the friendship of Bulgaria and Jugo-  
Slavia.

From Belgrade it is reported that the Serbian Patriarch of  
Varnava has ordered prayers for the success of the negotiations to  
be offered in all the churches for a week.

A WESTERS' WEDDING.

A Wedding was solemnised at Port Stephens on Saturday, the 18th August, the ceremony being conducted by Mr Chas. Robertson (Acting Registrar). The bride was Miss Mabel Jones of Port Stephens and the eldest daughter of Mr and Mrs J. Jones of Port Stephens and the bridegroom was Mr M. White, the eldest son of Mrs White and the late Mr W. White of Chartres. The bridesmaid was Miss K. Jones, the youngest sister of the bride while the best man was Mr C. Jennings.

After the ceremony, which was performed in Mr Robertson's office where the bride was given away by her father, a reception was held at the house of the bride's parents, Mr Robertson toasting the couple on behalf of the Station. In the evening a dance took place in the Cook House and was kept going until 4.0 o'clock the next morning while during the coffee hour two of the "Boys" sang a couple of songs which were greatly enjoyed by all. After the last dance the bride and groom were carried shoulder high to appropriate music and singing.

The bride was dressed in a lovely peach coloured dress and wore a veil kindly lent by Mrs Robertson. The wedding cake which was also greatly admired was made by Mr J.F. Summers of Stanley.

A "PET" DAY.

It is with considerable trepidation that we dare type a few remarks about yesterday's weather for fear the Fates vent their spite to-day. But so glorious was the sunshine after weeks of longing and so happy seemed everyone basking in the glorious rays that in our exuberance we cast caution to the "winds" and give the Falkland Islands weather the full credit that is its due.

Yesterday was indeed a Pet Day, a rare phenomenon. From noon to sundown there was not a single cloud in the sky (we won't say anything about the drizzling rain at breakfast time and we are sure those whose early rising brought them the discomfort of being wet through will forget about it.) In sheltered spots the temperature was over 80 degrees and though the open air had a tendency to coldness walking proved a warm and fatiguing business and one envied those who rode up and down on cycles or in cars.

Our only hope is that yesterday is a fore-runner of more such days to come.

The famous Winchester House site in St James' Square, bought some time ago to erect a palatial new home for the National Sporting Club is not being used, the Daily Telegraph understands.

Commander Leake, the chairman of the company, has come to the conclusion that the future of boxing was as a popular spectacle with huge crowds rather than club entertainment and aims to establish a colossal syndicate of the leading boxing promoters throughout England and Scotland.

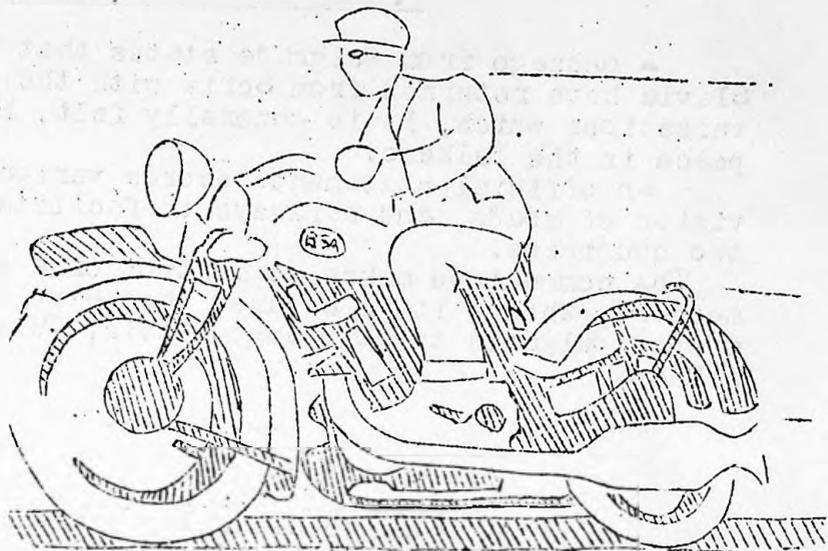

All the leading boxers would be invited to box on a percentage basis.

How the National Sporting Club will be connected with this vast combination of boxing interests is not yet decided.

PEACE FOR THE BALKANS.

A message from Belgrade states that the King and Queen of Jugo-Slavia have returned from Sofia with the conclusion of the conversations which, it is generally felt, have gone far to guarantee peace in the Balkans.

An official statement records various steps such as the provision of roads and railways to facilitate intercourse between the two countries.

The communique makes no mention of a Balkan Pact, states a Reuter message, whence it is assumed that King Alexander has not persuaded Bulgaria to join Jugo-Slavia, Turkey, Greece and Rumania in a Pact.

THE LATE MISS MURIEL HARDY.

The funeral of the late Miss Muriel Charlotte May Hardy, the youngest daughter of Mr and Mrs A.P. Hardy of the Rose Hotel, Stanley took place on Sunday, the service in St Mary's Catholic Church being conducted by Father Drumm.

There were many present to pay their last respects to one who was most popular not only among those of her own age but also among the children and grown-ups. She had many friends who had become attached to her through her various activities and drawn to her by her charming smile and happy nature. For some time she had been a pupil teacher at the Government School while shortly before her tragic illness she took over the duties of "Tawny Owl" with the Brownies with whom she had worked since leaving the Girl Guides. Miss Hardy was also a popular member of the Hockey Club and the Defence Force Badminton Club.

In addition to applying her life so usefully in Stanley Miss Hardy had numerous pen-friends with whom she corresponded, her mail coming from all parts of the earth, while she was an Overseas Collector for the National Children's Home and Orphanage besides being a member the Faithful Friends' Society which had as its object the care and well being of man's canine companions.

The many floral tokens and wreaths, numbering over two hundred, in themselves testified to the depth of sympathy coming from her numerous friends and those deeply touched by the tragedy of her passing. Not least among the tokens was a beautiful white Lily coming from His Excellency the Acting Governor, (M.C. Craigie-Halkett, Esq., O.B.E.) symbolical of the purity of her life.

The chief mourners were : Mr and Mrs A.P. Hardy (father and mother), Miss D. Hardy (sister), Mr P. Hardy (brother), Mr E. Hardy (cousin), Mrs A. Hardy (aunt), Mr M. Hardy (cousin), and Mr E. Aldridge (brother-in-law.) Captain W.M. Allan (representing His Excellency the Acting Governor), Mr & Mrs L.W. Aldridge, Mrs G. Perry, Mr & Mrs E.J. Gleadell, Mrs J.W. Grierson, Miss M. & Mr S. #### GENERAL O'DUFFY.

According to a message from Dublin, General O'Duffy held a convention of Blueshirts at the beginning of the week, supporting his opposition to Commander Cronin. The proceedings were private and were attended by four county directors and twenty leading members of the Blueshirts' organisation.

It is officially stated that many telegrams have been received affirming allegiance and loyalty to General O'Duffy and it was unanimously agreed to sever all connection with the United Ireland organisation.

THE AMERICA CUP.

It is understood in New York that if the differences of opinion with the New York Yachting Club could be settled with Mr Sopwith, before sailing for England he would be more than delighted to challenge again with the "Endeavour" in 1935 but the present rules did not allow the defeated challenger to challenge again.

In an interview Mr Sopwith stated "We were met here with a vessel which we feel did not comply with the America Cup rules. We would not accuse any official of the New York Yacht Club acting in any way other than that which he considered right. We did not probably see eye to eye regarding some of the interpretations of a number of the important conditions."

He emphasised that in his view the "Rainbow" did not comply with the rules from a structural point-of view.

TEXTILE TRUCE OFFERED.

It is reported from Washington that the United Textile Workers have written to President Roosevelt offering to enter on a six months' truce with the manufacturers in the hope that it may be extended towards a permanent industrial peace.

They have agreed to accept the findings of the new National Labour Board for six months and permit no stoppage of work in protest against such findings.

SPANISH CRISIS.

A political crisis is expected in Spain with the announcement of Senor Gil Robles' Popular Action Party withdrawing its confidence in the Samper government. The possibility of the crisis may, however, be postponed for a few days to enable the government to complete its budget estimates.

- London : Freddie Miller, the American World's featherweight champion was expected to meet Dave Crowley in the Albert Hall on Monday evening.
- Manchester : The Socialist leader, Sir Stafford Cripps, described the talk of bringing about a Workers' Government in Great Britain by revolution as "futile lunacy."
- Sandwich : The Prince of Wales Cup has been won by Robert Sweeney with an aggregate of 304 for four rounds.
- Washington : The Treasury's financial statement for the first three months of the financial year has disclosed a deficit of over 500 million dollars, twice the amount for the corresponding period in 1933. The Public Debt now totals 28,000 million dollars.
- Wellington : A new political party has been formed in New Zealand called the Democratic Party, aiming at abolishing socialism.

THE NAZIS INHERITANCE.

Hitler, addressing 700,000 people in Berlin at a harvest festival service during the week, admitted that Germany was facing a hard winter and already the standard of living was extremely low for thousands of Germans.

He emphasised that the Nazis were not heirs to a prosperous business but to a bankrupt undertaking.

Nevertheless, Germany had become stronger and not weaker & in the last twelve months work had been found for  $2\frac{1}{2}$  millions.

The Labour Service, he added, was not a mere palliative for unemployment but was a measure whereby every German, no matter what his origin or class, should be given a shovel and compelled to earn his daily bread.

RUMANIAN PREMIER RESIGNS.

According to a message from Bucharest the Rumanian Premier, M. Tatarescu, has handed in his resignation to King Carol who, however, asked him to form a new government but the political differences in the cabinet make the success of the venture doubtful.

The resignation of the Foreign Minister, M. Titulesco, is understood to have precipitated the crisis. The apparent reason for Titulesco's resignation was his fear that the government was weakening in opposition to the revision of the peace treaties.

Titulesco, who is a close friend of France, resigned and made the acceptance of a non-revision policy the condition of his re-acceptance of office. He was gravely concerned at the recent move made in this direction by Poland during a council meeting of the League of Nations.

BRITISH TRADE.

Advances in all the big British industries were quoted by Mr Neville Chamberlain at the Lord Mayor's dinner to bankers on Tuesday.

For the second quarter of 1934 the indices of production were: textiles 91, chemicals 109, non-ferrous metals 142, engineering & ship-building 119, and iron and steel 104 as compared with 86, 101, 104, 97 and 78 respectively for the second quarter in 1933. Ship-building has been doubled while the tonnage of shipping laid up has been halved.

"But one must record the impression that international trade difficulties seem rather to be increasing than decreasing," Mr Chamberlain remarked during the course of his speech.

OTTERS AT WEDDELL ISLAND.

A correspondent writes that otters have been introduced to Weddell Island by Mr W.J. Hamilton with the object of getting them to breed.

These animals, five in number, were caught under difficult circumstances near Cape Horn by the m.v. Penelope on which was a man specially engaged to look after and tame them. Apparently his efforts have been quite successful and on being released in Weddell the otters seemed quite tame and have been seen several times after being let free.

Incidentally while the search was being made for the otters a dog was found caught in a trap and apparently it was the survivor of a schooner wrecked off Cape Horn. It was in a wild condition and though Captain Schmidt of the Penelope intended keeping the animal it escaped and was seen no more.

On the same trip Mr Hamilton secured a number of tree plants which have been set at Weddell Island and seem to be doing well.

### CANADIAN WHEAT CRISIS.

Great excitement prevails in Canadian wheat centres as a result of a sudden "bubble" on the exchange.

In the early part of the week the development became apparent through international speculation rousing John McFarland, the manager of the Canadian Wheat Pools to allege that the proceedings might lead to investigations on the Liverpool and Winnipeg grain exchanges. McFarland further alleged that operations by overseas interests aimed at "crashing the Winnipeg price structure."

On Tuesday and Wednesday frenzied dealing took place on the Winnipeg exchange after the decision to call a meeting of members following McFarland's call for investigation which revealed, apparently, that the market was being hammered by Eastern and Chicago selling.

The Exchange Council decided to institute an analysis of trading and to seek wider powers for regulation.

A Reuter message from New York reported that the Canadian Government in Ottawa was losing 1½ million dollars through wheat price stabilisation and contemplated taking over the marketing machinery thus virtually closing the Winnipeg grain exchange as a wheat trading organisation.

A later message confirms the fact that the wave of liquidation is credited to Chicago and Eastern interests. The Winnipeg Exchange Council has granted wider powers to regulate trading and has authorised an analysis of trading operations during recent weeks but nothing drastic is contemplated at present.

It is officially stated from Ottawa that the question of the Winnipeg exchange had not been discussed up to Thursday by the Cabinet. But it is understood that McFarland is in direct communication with Mr Bennett, the Premier, who is at present in London.

### THE SPANISH "UPHEAVAL."

It is learnt from Madrid that the Spanish government has resigned following a violent attack by Senor Gil Robles, the leader of 115 deputies upon whom Premier Samper relied for support.

The cause of the crisis, reports the Daily Telegraph correspondent is a dispute over the Catalan land laws and Basque municipal autonomy with a growing antagonism from the workers who are dissatisfied with the government attitude towards them.

On Wednesday, a bulletin reports, the tense situation was unrelieved by Senor Lerroux's attempt to form a cabinet leaning towards the right. The left has reiterated its decision not to submit to a right wing dictatorship and a serious conflict seemed inevitable as Lerroux was including three members of the Catholic party in his Ministry.

The leading Socialist daily published notices calling upon the workers throughout Spain to be ready for action. Orders were given for a general strike if any Catholics were included in the Cabinet.

On Thursday Senor Ferrar de La Rias, a former Socialist Minister declared that the situation was delicate and great care was necessary in order not to provoke reactions making civil war almost inevitable.

S.S. LAFONIA.

We learn that the s.s. Lafonia left Montevideo at 7.0 p.m.
on Saturday for Stanley with Mr W. Adair as Master, Captain D.W.
Roberts having gone home on leave. We understand that Mr K.
Pitt has been taken on as Chief Officer while Mr Adair assumes
Captain Robert's onerous duties. It is the same Mr Pitt, we
believe, who as a cadet on the "Caroni River" in January 1930
brought to Stanley Yen Chie and two other Chinamen as the central
figures in a manslaughter charge, Yen Chie, the accused, even-
tually being acquitted.

The Lafonia has on board eighteen passengers and 75 bags of

A CLOSE BADMINTON MATCH.

Great interest prevailed in the Drill Hall on Saturday afternoon when the return match between the Stanley and the Defence Force Badminton Clubs was held. After a very close contest in which the home club put up a great fight to vanquish their former victors the Stanley Club just managed to win by 9 - 7 in games, the match being won and lost by two points in the final set. Up to that time the Stanley Club were leading 8 - 7 and the "betting" was in favour of the Defence Force managing to secure a draw.

LOCAL FOOTBALL.

No. 2 Platoon 4 : No. 3 Platoon 2.

With the return of some of their stalwarts from Home, No. 3 were hoping to retrieve their reputation in the League yesterday afternoon in the match against No. 2 Platoon but luck was against them in that three of the regular players were not able to turn out while No. 2 Platoon, playing as well as when they lost by an odd goal to No. 1 Platoon in a match which should have been their's, collected two praiseworthy points.

Kicking with the very strong westerly wind in the first half No. 2 Platoon secured three goals before the interval, the scorers being Creece, D. O'Sullivan and Grant. In the second period Creece added another before A.I. Fleuret responded with two which brought the lead down to 4 - 2. But try as No. 3 might they were unable to pull up the leeway and the game finished with two valuable points for No. 3 lost to the "wooden spooners."

Creece, who was the outstanding man in the "Green 'Uns" team against No. 1 Platoon, was also the main factor in securing the victory for his side yesterday afternoon.

The League Table now stands as follows :

	P.	W.	D.	L.	Goals		Pts.
					For	Agst.	
No. 1 Platoon	7	5	1	1	21	11	11.
No. 2 Platoon	8	2	2	4	15	20	6.
No. 3 Platoon	7	1	3	3	13	18	5.

DAYLIGHT ELECTRICITY.

The unusual occurrence of the electric light in the town being switched on yesterday morning in full daylight is explained by the fact that Stanley Studio was receiving a special test programme broadcast by the Union Telephone Company of Buenos Aires, by kind permission of Mr Stevens of the U.T.C., preliminary to the broadcasting this week of the proceedings of the Eucharistic Congress being held in the capital of Argentina from the 10th to the 14th instant.

It is expected that some 40,000 or 50,000 pilgrims will be present in Buenos Aires for the Congress which will receive a Blessing from the Pope, broadcast from the Vatican City.

KINGSFORD-SMITH OUT OF AIR RACE.

According to a message from Sydney Sir Charles Kingsford-Smith has retired from the London to Melbourne Air Race consequent upon the damage to his machine when starting for London last week. But the same day as this race begins - the 20th instant - he proposes to attempt a flight across the Pacific to the United States via the Fiji Islands and Honolulu.

It is reported from Santa Monica, California, that James Granger, the American competitor in the London to Melbourne Race, crashed on Friday and was killed.

### THE PERILS OF FRANCE.

The French Premier, M. Doumergue, broadcast an eloquent appeal from Paris on Friday night last appealing for unity in the country in the face of "A certain dictatorship if the united front of Socialists and Communists overthrow the Third Republic."

He referred again and again to the danger of civil war if the country did not unite in support of the proposed reforms and a strong democratic government and the probability of such a conflict leading inevitably to an international clash.

On France's foreign policy, states Reuter, he described Peace as the corner stone of the country's endeavours but those wanting peace were not those "bellowing peace and sitting with folded arms."

### THE AMERICA CUP.

#### Vanderbilt's Views.

Mr Harold Vanderbilt, interviewed by the Daily Telegraph on arrival at Southampton on Friday described the "Endeavour" as the finest British challenger for the America Cup and the fastest.

He spoke of Mr Sopwith's amateur crew as a very fine, sporting crowd who did very well.

With regard to the rules Vanderbilt asserted that the "Rain-Bow" complied with the regulations. In making this emphatic declaration he went on to say "The Rules are no affair of mine and I am not prepared to discuss the question of their modification."

### THE INSULL TRIAL.

A Reuter message from Chicago states that in outlining the case for the prosecution, District Attorney Green alleged that a company with a questionable table of assets was represented to investors as having assets of over 80 million dollars. The Insull family were given shares in this company totalling 150,000 dollars which would have cost the public 28 million dollars, while the issuing house received for nothing shares which would have cost the public 25 million dollars. The company's first report was re-written to show a large profit instead of a considerable loss.

### UPHEAVAL IN SPAIN.

A news bulletin received on Sunday evening reported that a revolt had broken out in Catalan but was afterwards suppressed with a number of casualties.

According to an earlier message from Madrid Senor Ferroux had formed a Cabinet with the late Premier, Senor Samper, as Foreign Minister.

Senor Alonso, the late Home Secretary, was eliminated owing to the stern handling of the public to ensure order by the request of the President who wished to please the Left.

In spite of the efforts to placate the Left, the Socialists ordered a general strike for midnight Saturday.

### AUSTRIA BETWEEN TWO FIRES.

Rumours still persist in Vienna of pending Cabinet changes despite official denials, reports the Daily Telegraph correspondent.

They suggest that Prince Starhemberg stands for a purely Italian orientation of policy while Major Fey insists on ending the quarrel with Germany as soon as possible.

Arrangements are being discussed, according to these reports, for Major Fey to leave the Cabinet and be given the Legation at Budapest or at Rome.

### FRENCH TRADE EFFORT.

A sweeping revision of the important restrictions is understood to be under preparation in France whereby the tariffs will be heavily increased and will replace the quotas on an extensive list of commodities.

French trade circles consider that even if the tariffs were almost prohibitive the abolition of the quotas would remove the major obstacle to trade and the cause of trading losses.

### THE SPANISH UPHEAVAL.

An early message from Madrid stated that as the result of a broadcast appeal made by the government to public servants to resume work or be dismissed the public services were working normally on Monday.

A further message stated that owing to the loyalty of the army the government achieved a signal victory in Barcelona where Senor Companys had proclaimed the independence of Catalonia.

Within ten hours, Companys and many of his friends had surrendered and were prisoners on a ship in the harbour where a court-martial has already been opened. An intensive search was carried out for rebels who had escaped.

Martial law prevails throughout Spain and 7,000 retired monarchist officers who had been placed on the retired list when the Republic was declared have been ordered to resume active service.

In Madrid itself the position is still critical, states the Daily Telegraph correspondent. Though attacks on the government buildings were defeated, fighting was breaking out from time to time and there was no sign of the general strike ending.

Senor Fernandez, the Minister of Agriculture, was shot at on Monday whilst travelling in a car through the streets of Madrid but he escaped injury. Shots also struck the room where the Premier, Senor Lerroux, and other Ministers were making plans against the rebels.

The latest report from Spain states that fighting is continuing in Madrid with serious food riots. The Daily Telegraph correspondent reports that a great socialist coup is expected at any moment.

The Cabinet has called up all the railway reservists to compel the working of the railways. Fighting is reported from all parts of the country and aeroplanes, warships and 24,000 soldiers have been despatched to different parts of the country from Morocco.

The Cabinet was still in session at midnight Tuesday and was expected to call up the first and second reservists, this including all men under the age of 39.

The latest estimates of the casualties put the dead to be 500 and the wounded 2,000.

There are indications of the movement spreading into the extreme South of Spain, which had otherwise been quiet, and the people in Madrid are frantic with anxiety.

### INDUSTRIAL IMPROVEMENT IN BRITAIN.

The Ministry of Labour's returns for the past month afford further evidence of the general improvement in industry throughout the country.

As compared with the previous month and with September, 1933, substantial increases in the number of employed are revealed.

On the 24th of September last there were approximately 10,233,000 insured persons aged between 15 and 64 in employment in Britain. This was 63,000 more than the month before and 352,000 more than a year ago.

The number of unemployed persons on the registers of the employment exchanges was 2,081,987. This was 54,591 less than a month ago and 254,740 less than a year ago.

WARSHIP TO THE RESCUE.

As a result of urgent messages from the liner "City of Cambridge" which had struck a coral reef known as the Prata Reef in the South China Seas on Monday H.M.S. Suffolk - a sister ship of H.M.S. Exeter rushed full speed from Hong Kong two hundred miles to the rescue of the passengers and crew. The liner fouled the reef as a result of a terrific storm which drove her out of her course and wedged her, in mountainous seas, on the reef.

The warship successfully rescued those on board and with the assistance of other vessels conveyed them all to safety. The last to leave the doomed vessel were fifteen lascars.

The owners have abandoned any attempt to salvage her and the liner remains a victim to the elements perched on an even keel but with the bow completely out of water while at the stern the loss of propeller is visible.

KING ALEXANDER ASSASSINATED.

King Alexander of Yugo-Slavia was assassinated on arriving at Marseilles on Tuesday.

A message from the French port states that as the King, M. Barthou and General Georges of the French Supreme War Council were driving from the docks a man with two revolvers leaped on to the running board of the closed car and fired a number of shots point blank.

M. Barthou made an effort to shield the royal visitor but the king's death must have been almost immediate.

M. Barthou was rushed to hospital for an immediate operation but hemorrhage which occurred under the anaesthetic proved fatal despite a blood transfusion. General Georges is lying critically ill as a result of his wounds.

The assassin, who has been identified as a Croat named Petrus Keleman, was struck down.

Queen Marie was making the journey by rail as she disliked travelling by sea or she would have been with the king at the time of the tragedy.

The outrage has caused consternation on the Continent. According to opinion in Geneva the whole of Central Europe is again in the melting pot.

M. Barthou hoped, points out the Daily Telegraph correspondent, that the conversations with King Alexander would assist a rapprochement between Italy and Yugo-Slavia which was a vital condition of the French and Italian agreement now being negotiated.

The news of the assassination was withheld from the public in Belgrade and the cafes and cinemas were open as usual on Tuesday as it was feared that the tragedy may be a signal for a Croat rising since the Croats have an ambition for a fuller measure of autonomy.

A later message from Belgrade states that the Crown Prince Peter, now at school in England, has been proclaimed king with Queen Marie and his uncle, Prince Paul, as regents.

NORTH ATLANTIC FARES DOWN.

According to a news report from London the decision of the North Atlantic shipping companies to reduce the tourist and third class fares to the United States and Canada has been followed by the issuing of new rates by the Cunard White-Star and the Canadian Pacific lines.

The cuts average twenty-five per cent of the present fares and apply to sailings both ways.

THE YUGO-SLAVIAN ASSASSINATION.

It is reported from London that Peter II of Yugo-Slavia who was proclaimed monarch twelve hours after the assassination of his father, left his preparatory school at Cobham, Surrey, for London on Wednesday morning to meet his grandmother, Queen Marie of Rumania with whom he travelled by the afternoon boat-train for Paris to join his mother Queen Marie of Yugo-Slavia.

The bereaved queen arrived at Marseilles early Wednesday morning and was conducted to the Prefecture where the body of her late husband lay covered with the national flag of Yugo-Slavia. Later in the day the queen was escorted to Paris by M. Tardieu and other members of the French government to receive King Peter.

The body of King Alexander was placed in a Yugo-Slavian destroyer which on Wednesday afternoon left Marseilles escorted by French warships for Yugo-Slavia.

A further message stated that Queen Marie of Yugo-Slavia followed the coffin of King Alexander on to the destroyer "Dobrovnic" from which he had landed some twenty-four hours before, and then returned with President Lebrun.

The boy king Peter II arrived in Paris with his grandmother Queen Marie of Rumania surrounded both in England and France by the with the most extraordinary police precautions.

Under his father's will he is to return to school in England after the funeral.

Meanwhile the police have combed the underworld of Paris for suspected Croats. The assassin has been identified as a marked man of a secret society which has been living in Paris recently in a small hotel.

Measures have been taken to fix the police responsibility while the inefficient arrangements for the safety of the dead king have been the chief cause of comment in the Paris press.

It is understood that a State funeral is being arranged for M. Barthou and it will take place on Saturday.

The German newspaper "Deutsche Allgemeine Zeitung" deploras the death of King Alexander who was counted as a friend of Germany.

Big loyalist meetings in Belgrade developed into anti-Italian demonstrations and had to be dispersed.

TO THE SOUTH.

The Graham Land Expedition.

With due acknowledgments we publish below an article appearing in the 12th of September number of the S.B.C. Journal, "The Listener", and contributed by Mr J.R. Rymill, the leader of the British Graham Land Expedition, which left London the previous week in the ship, "Penola" for Port Stanley en route for the Antarctic.

An expedition in the Falkland Islands Dependency of the Antarctic was being thought out two years ago by Gino Watkins, who had come home the previous autumn from leading the British Arctic Air Route Expedition. But the economic depression prevented him from getting enough funds for his project, so he postponed this plan and set out to continue the work in East Greenland which he had so successfully begun. As you know, he was drowned on this expedition and it was therefore left to his followers to carry on his work in the south.

Four other members of this new expedition besides myself gained their first Polar experience with Watkins. Our ship, the "Penola", is a three-masted topsail schooner, with a net carrying capacity of about 130 tons. She has been fitted and specially strengthened at Southampton for her voyage south; her two 50 h.p. Diesel engines have been thoroughly overhauled and there have been special guards built round her twin propellers to protect them from the ice. A great part of the space below deck has been utilised as a hold, but this still leaves us ample accommodation. Six of us are sleeping in a large cabin aft and the remainder in small cabins round the port side of the ship. Part of the stores, including the aeroplane, the sections of the base hut and the dogs, have already been taken to the Falkland Islands by Hampton and Stephenson, but even without these our ship will be well loaded. She has on board a Bristol air-cooled tractor, sledges, skis, fuel for power and lighting, scientific apparatus and a three years' supply of food.

More Dogs From Labrador.

Unlike any previous Antarctic expedition, we shall sail the ship ourselves without the help of a paid crew. Some of the party are already experienced seamen. Ryder, the captain, crossed the Pacific and Atlantic in command of the 24-ton ketch, "Taimoshan", and his brother has also had considerable sailing experience. Martin, the first mate, has twice sailed to the Antarctic under Mawson, and those of us who were with Watkins have gained considerable experience in the ice. Some of the scientific staff, however, have yet to be trained in seamanship, and in return for their instruction they hope later to get the mariners of the party to lend them a hand in their scientific work.

The "Penola" is expected to reach Montevideo, the first port of call, about the 20th of October. There she will await the arrival of Bingham, the expedition doctor, who is to bring with him some thirty-five sledge dogs, which are being sent to Liverpool from Labrador. Our first consignment of dogs was bought in Greenland, but more than half of them have died on their voyage to the Falkland Islands. As soon as Bingham reaches Montevideo, probably on the 26th of October, he will bring the dogs on board the "Penola" and we shall sail for the Falklands. There we pick up our advance party and meet the Royal Research Ship "Discovery II", which has promised to help in the transport of stores as far as the base in Graham Land. When we reach there, the aeroplane will be rigged and a reconnaissance flight made towards the south to observe the state of the ice.

I cannot possibly tell you what the movements of the expedition will be after that, because they depend on the date of the breaking up of the sea ice in the south, but information gained from aeroplane flights may help us to push the "Penola" far south and establish our base in unexplored territory. The further south we can get with our ship the more feasible it will be for us to carry out our main work, which is to explore the unknown country lying between Luitpold Land and Charcot Land. This may mean about 2½ years' work as two long sledge journeys will have to be made, one to the east towards Luitpold Land and one to the west towards Charcot Land. Each of these is expected to occupy a full summer sledging season, and before they can be undertaken, food depots will have to be laid in the spring. But the difficulty of foretelling conditions in an entirely unexplored land is so great that it is impossible to give a definite estimate of the time the expedition will take.

The fate of the Nordenskjöld's "Antarctic" and of Shackleton's "Endurance", both of which were crushed by the ice in the Weddell Sea, are sufficient evidence of the difficulty of sailing south on the east side of Graham Land. The west coast, however, has a better reputation, and if a good wintering place can be found for the ship it should be quite possible to freeze her in for the winters. On the other hand, she may have to return to winter in north Graham Land.

The base will consist of a two-storied hut, built with a double thickness of boarding with insulating material between; a hangar for the aeroplane will be attached to the house. Life at our base won't be so luxurious as at Little America, but with electric light, an excellent library, a gramophone and two accordions, we expect to be in reasonable comfort. We shan't get any mails, of course, after we leave the "Discovery II", but we have wireless communication, and accounts of the expedition will appear in the "Times."

The Antarctic climate has the reputation of being the most uncongenial in the world, except perhaps that of Central Greenland, and so it is very unlikely that it will ever be possible to explore any mineral resources which may be found. Exploration in this part of the world, therefore, probably won't reveal facts of immediate economic importance, except those found by modern biological research which are of value to the whaling industry. As with all attempts to interpret the mysteries of nature, the success of this adventure will depend largely on the resourcefulness of the individual members of our party and the kindly hand of Providence.

#### U.S.A. NAVAL SUPREMACY HLD.

According to a message from Washington the United States intends establishing a large fleet operating base at Dutch Harbour, in the Aleutian Islands off Alaska, if the existing naval treaties are cancelled and no new pact of limitation is made at the Naval Disarmament Conference.

Dutch Harbour is about 2,000 miles from Japan points out the Daily Telegraph correspondent, whereas Hawaii is now the most advanced base in the Pacific - 3,380 miles from Japan.

This is a part of other plans to secure absolute supremacy for the United States navy over all others and foreshadows the American answer to the reported intention of Japan demanding naval equality.

THE LATE KING OF YUGO SLAVIA.

According to a message from London the Duke of Kent is representing His Majesty the King at the funeral of the late King Alexander which is taking place in Belgrade.

The Duke is travelling overland and will probably be joined at Paris by Princess Marina, stated a message on Saturday. General Sir Walter Braithwaite will represent the British Army.

The Mediterranean Fleet was expected to meet the Yugo-Slavian warship "Dubrovnic" en route on Sunday with the body of King Alexander and fire a salute.

Thousands of school-children welcomed King Peter II and his mother, Queen Marie, when they reached Belgrade on Saturday. Extensive precautions were made to guard the royal train and carriage. It is reported from Belgrade that King Alexander refused to heed Queen Marie when she tried to dissuade him from going to France. A similar warning from the President of the Senate also met with the reply "It is my duty to go."

It is reported from Paris that the confessions made by two men arrested as confederates of the assassin implicate a foreign power with the further allegation that an attempt was to be made on the life of Peter II, the new boy king.

DOLLAR RUMOURS.

A fresh outbreak of inflation rumours in New York has led to a further acute weakness in the dollar, a message reported on Saturday.

Since President Roosevelt stated on Wednesday last that he was seeking a further rise in commodity prices the prospect of a fresh devaluation in the dollar has been widely discussed.

Whereas Senator Bulkley on Saturday said there was a strong possibility of a devaluation, Senator Lewis, the chairman of the Democratic Senatorial Committee, said that no changes were contemplated.

The dollar's gold content can be reduced a further nine cents and still remain within fifty per cent as specified by Congress.

THE SPANISH UPHEAVAL.

It is reported from Madrid that Oviedo, the capital of Asturias and the last stronghold of the rebels, fell on Saturday.

Over 10,000 troops and a fleet of bombing planes with two war-ships were engaged in the assault. Hundreds of rebels are dead, states the Daily Telegraph correspondent.

The city has suffered considerable damage and the rebels, before retreating set fire to and totally destroyed the famous fourteenth century cathedral which contained jewels and works of art of great value. Several other historic buildings were also burnt.

Princetown: Two convicts escaped from Dartmoor Prison on Saturday and commandeered a motor-van. They were caught at a village fourteen miles away after an hour's liberty.

St Johns, Newfoundland: The Commissioners appointed by the Government of Newfoundland may abolish the St Johns Municipal Council, it is reported. The Council's emergency meeting on Saturday refused the proposed government loan for city service.

Riga : Grave suspicions have been aroused by the death of Archbishop Joann, the Primate of the Orthodox Russian Church in Latvia. His charred body was found in a villa after a fire with wounds in the forehead.

Washington: President Roosevelt has issued an executive order reducing the working hours of the cotton garment industry from 40 to 36 hours weekly without reduction in wages. The order becomes effective from the 1st of December.

Washington: It is announced that the enforcement of the N.R.A. codes on industry will be effected henceforth by a close but informal cooperation between the N.R.A., the Federal Department of Justice and the Federal Trade Commission.

AMERICAN FLIGHT ACROSS ANTARCTICA.

New Ellsworth Expedition.

We understand that Lincoln Ellsworth, the wealthy American explorer who has been associated with expeditions with Sir Hubert Wilkins, is on his way down to Deception Island in his vessel the "Wyatt Earp" carrying on board a monoplane the "Polar Star" in which he proposes to make a 2,800-mile flight across Antarctica.

Lincoln Ellsworth who is the leader of the Ellsworth Trans-Antarctica Flight Expedition, proposes to take off from Deception Island with Bernt Balchen as his pilot, and fly along the west coast of the Weddell Sea as far as Luitpold Land when he will cut across the Continent to the Bay of Whales where Admiral Byrd is staying with his men in Little America.

The flight is expected to take twenty hours and approximately 2,000 miles of it will be over territory never before visited by man.

Meanwhile the "Wyatt Earp" will make its way to the Ross Sea and through the ice-pack to the Bay of Whales, where it will pick up the aviators who will have to wait five weeks before they are picked up.

In the "Little America Times", published in New York Ellsworth states that he will carry a two months' supply of emergency rations and will thereby be able to make himself and his pilot independent in their little tent until the arrival of the ship, even though they should not reach the vicinity of Little America.

"I have great faith," he declares, in the outcome of our effort to clear up some of the mystery that enshrouds the interior of Antarctica. Is it one great land mass closed by a continental mountain range, or is it two great islands, as some suppose? To shed light on this interesting problem is the object of our pioneer flight."

THE BOY-KING OF YUGO-SLAVIA.

A message from Belgrade stated that Yugo-Slavia gave an enthusiastic welcome on Monday to the eleven-year-old King Peter when he arrived there. Quiet and grave, the boy-king preserved a simple dignity before the ministers, generals and royal guards and over 100,000 of his people including thousands of children.

The Premier assured him of the "unbounded and unshakeable" devotion of the government and the people. "They swear," he declared, "that they will stand firmly behind Your Majesty, the hope of Yugo-Slavia, and that you will fulfil the sacred will of your great and immortal father, the hero King Alexander, unifier of Yugo-Slavia."

Representatives of fifty nations attended the funeral of M. Barthou, the late French Foreign Minister, in Paris on Sunday. The cortege was a mile in length and the funeral oration was delivered by Premier Doumergue.

Marseilles, the scene of last week's assassinations, was at a standstill on Sunday and all commercial activity had ceased.

A serious political situation has been created by the alleged confession of two suspects arrested near the Franco-Switzerland border, that the plot to assassinate King Alexander was hatched and rehearsed in a Croat refugees' camp in Hungary.

Bitter comments have been made in the French Press and there is a general agreement that the political consequences of a confession may be serious.

M. Sarraut, the French Minister for the Interior, resigned after the funeral of M. Barthou.

The Brooklands season motor racing ended on Saturday when the Mountain championship resulted in a Maserati being first, driven by Whitney Straight. Raymond Mays was second in an E.R.A. while Lord Howe was third in a Bugatti. The course was over twelve miles in length and was won by a hundred yards at an average speed of 78.29 miles per hour. There were ten runners.

Whitney Straight, in the Duesenberg "mystery" car, attempted to beat John Cobbs' record of 140.93 miles per hour but in his fastest lap he only attained a speed of 138.15 miles an hour.

SHIPPING NEWS.

The s.s. Lafonia was expected to arrive at South Georgia last night.

The Lovart left Magallanes on Monday and is expected to call at Fox Bay and San Carlos before coming to Stanley. She has on board some sixty horses and a cargo of wood.

The R.R.S. William Scoresby, we learn, left England last month on a six months' commission in southern waters and off Enderby Land engaged in whale marking.

THE LATE KING OF YUGO-SLAVIA.

Thousands of Yugo-Slavians citizens waited all night to pay homage to their murdered king when his body arrived at Spalato on Monday from Marseilles.

The funeral is to take place to-morrow in his native land. France will be represented by President Lebrun and other Ministers while a company of the 150th Infantry and two squadrons of French planes will be present.

The week-end developments in France elucidating the plot include twenty arrests and it is understood that the investigations reveal that the plot was hatched on the Hungarian side of the Yugo-Slavian border states the Daily Telegraph correspondent.

A further message states that France may support Yugo-Slavia in her protest to the League of Nations and her demand for the summoning of the League Council to deal with the situation threatening international peace.

BATTLE AGAINST NAZI RELIGION.

Extraordinary scenes were witnessed in Munich on Sunday following the "fighting proclamation" from all the protestant churches that Bishop Meiser, who was removed from office by the Reich Bishop Muller, is determined to lead his flock in the battle against the Nazi "religion."

Meiser was placed under "house arrest" immediately after the services and whole congregations marched to his palace, filling the courtyard.

Excitement reached fever heat when the Bishop appeared on the balcony, his hand held aloft in benediction, and the vast crowd shouted. When the clergyman had donned a surplice and read the service, the bishop, called upon for words of encouragement, recited the Lord's Prayer. Nothing else could have fitted the occasion so nobly or dramatically, states the Daily Telegraph correspondent.

The bishop asked the people to stand firm - "I shall not give way" he declared.

This amazing demonstration - the first of its kind since the days of Martin Luther - followed the indictment against the religious persecution read in all the churches of Bavaria on Sunday.

The indictment accused the Reich Bishop Muller and the National Synod of "violence against God" and the re-introducing of the Inquisition.

General Von Epp, the Governor of Bavaria and a Roman Catholic, conferred for two hours with Hitler the same day, urging him to settle the dispute, but Hitler refused to intervene.

BRITISH BARTER WITH MANCHUKUO.

According to a report from Deiren the British Industries Trade Mission, led by Lord Barnby, has asked the Manchukuoan government for assurances to be given for purchases from Great Britain amounting to £20 million in five years in return for a guarantee for an increase in the imports of soya beans into Britain with Manchukuo giving large orders for machinery needed for railways and reclamation schemes.

---o---o---

- Tokio : The dispute over the status of the Japanese Ambassador in Manchukuo has been re-opened, the officials at Port Arthur demanding Japanese civil instead of military administration in Manchukuo.
- Madrid : Spain is now quiet with the prime movers of the rebellion now rounded up. It is reported that President Zamora has refused to sign the death sentences imposed. Bull-fighting re-commences this week.
- Cape Town : The negotiations for the exchange of German machinery for South African wool on the barter principle has failed.
- Warsaw : General Comboes, the Hungarian Premier, is going to Pozand on Friday on an official visit. Many functions have been arranged in his honour.
- Washington: The Federal Alcohol Control Administration has announced the continuation of the unlimited importation of liquor until the 31st of December.

THE NAVAL CONFERENCE.

The Japanese and American delegations to the London Naval Conference have arrived and it is believed that Admiral Yamamoto has been instructed to press for full parity with the United States navy.

America, however, is not prepared to reduce the margin of superiority over Japan nor accept a reduction of twenty per cent in naval strengths.

Meanwhile, France is re-organising her Channel naval forces for the protection of the Channel and Atlantic seaboard and by next summer her fleet will outnumber the British Home Fleet and be the strongest for thirty years.

THE B.A. CONGRESS.

A message from Buenos Aires states that over 1,350,000 people gathered in the Palermo Gardens on Sunday to hear the Pontifical Mass and the Benediction by the Pope broadcast from the Vatican on the conclusion of the Eucharistic Congress.

Throughout the Congress the broadcast proceedings were heard admirably in St Mary's Hall, Stanley and many took advantage of the facilities afforded by Father Migone and all those who had given assistance to listen in to the reproduction of the impressive services.. On Sunday the music was broadcast in conjunction with the St. Mary's Church services.

LONE TREK TO NORTH POLE.

The Glasgow Herald of the 1st of September last published the following report :

In an attempt to discover the relics of the ill-fated Franklin expedition of ninety years ago, when 125 men, including Sir John Franklin, perished at the North Magnetic Pole, Mr Francis Kennedy Pease, a young Plymouth explorer, sailed from Liverpool to-day in the Canadian Pacific liner Duchess of York for Canada.

He proposes to make the journey to the Pole alone except for his fox terrier Jill, which has accompanied him on every expedition.

He will trek from Fort Churchill to Chesterfield Inlet - a distance of 1,100 miles - alone, and is searching for Franklin's log books. He believes he is the only man who possesses the maps of the Franklin expedition, which were given him by a famous explorer who has since died. His journey from Fort Churchill will occupy two years and his task will take him at least three years. Mr Pease is taking five tons of British foodstuffs with him.

Mr Pease has had ten years' experience of Arctic exploration. He was with the Discovery expedition from 1924 to 1927, and later was in the R.R.S. William Scoresby party.

---o---o---

MORRON CASTLE ENQUIRY.

Chief Officer Warms of the Morron Castle liner and the five next senior officers have been accused of neglect of duty and their conduct has been scathingly denounced in the official report issued on Tuesday, states the Daily Telegraph correspondent in New York.

All six officers have been called upon to face the Steamboat Inspection Board to show cause why their certificates should not be suspended.

The act of negligence cited includes charges of delaying the transmitting of the S.O.S., failing to stop the vessel after her superstructure had caught fire, failing to have the fire-hoses connected and ready for use, and failing to close the fire-screen doors besides failing to organise properly the deck crews.

---o---o---

HITLER.

Doctor Lammer, the permanent head of the Reich Chancellery, authoritatively confirms the general opinion that Hitler intends retaining his present powers indefinitely, reports the Daily Telegraph correspondent in Berlin.

In addressing the Academy of Public Administration on Tuesday, Doctor Lammer said that Hitler had assumed the office of Reich President and Chancellor for life and the two functions could not be separated. He added that the Reichstag, by passing the Enabling Act of 1933, had renounced its claim to further power and Hitler had taken office by legal means.

At the Cabinet meeting on Tuesday evening a law was passed requiring the Reich Ministers and the members of the State Diets to take the oath of personal allegiance to Hitler.

---o---o---

COAL TRIBUNAL.

It is reported from London that after a consultation between the owners and the miners' representatives the South Wales Coal Industry Arbitration Tribunal has been formed consisting of Sir David Shackleton, Viscount Bridgeman and Mr Lap Warner.

The body will take its place as a part of the industry's machinery and will continue for at least three years.

---o---o---

JAPAN'S OBJECTION.

Rear-Admiral Yamamoto, the Japanese delegate to the Naval Talks, stated in London on Tuesday that it is unlikely that Japan will be satisfied with any compromise on naval limitation on the ratio basis. Japan objects to the ratio system, he added, and the question will therefore probably boil down to global tonnage.

MORE U.S.A. PARKS.

A press message from Washington announces that the American government has bought a million acres of arid and worn-out farm land to transform into parks, forests, game preserves and Indian reservations, removing families to better land. "Farmers," it adds, "should not be allowed to bump their heads against a stone wall."

---o---o---

YUGO SLAVIAN UNITY.

The opposition which King Alexander could not subdue during his life has been quelled by his death states the Reuter correspondent in Belgrade. With the exception of the Croatian leader all the leaders of the former oppositions have rallied to the Regency's support.

Koroshetz, the leader of the Slovenes, and Spaho of the Bosnian Moslems, both of whom were fierce opponents to the late King, are attending the funeral while the Democrat leader, Davidovitch, has written offering help to the Regency.

---o---o---

THE NAZI "RELIGION" BATTLE.

The Bavarian protestants are still defiant, states the Daily Telegraph correspondent in Munich, with the pastors continuing to preach disobedience to the Reich church.

Both sides in the religious struggle are now consolidating forces and while the Reich Primate states that with the control of the church finances all primates will come to heel, a prominent Bavarian pastor states that only nineteen of the 792 protestant clergy have transferred their allegiance to the Reich, adding "We want a free church, divorced from politics."

---o---o---

Bombay : In the Indian Legislative Assembly elections now proceeding, twenty-four members have been returned unopposed of whom Congress members number eight, Europeans six, and Independents five.

GERMAN DEBTS.

The German government announced on Saturday night last that they had placed, between April and June last, sufficient foreign exchange at the service of the Trustees of the Dawes Plan to meet fifty per cent of the payment on coupons due on the 15th instant.

A New York message on the 15th instant stated that the termination of the trade treaty between Germany and the United States and Germany's notification of a new plan whereby the American holders of Dawes bonds would receive something less than seventy-five per cent of the amounts due to them on the coupons maturing that day had caused considerable irritation in administrative circles.

---O---O---

GERMAN OVERTURES TO POLAND.

Further signs of Germany's increasingly friendly relations with Poland, states the Daily Telegraph correspondent in Berlin, are afforded by the conclusion of a special broadcasting scheme for the exchange of talks on subjects likely to "enhance a greater understanding between the two countries in the interests of peace."

THE FITZROY BRIDGE.

To The West In Twelve Hours.

Great progress is being made with the new bridge at Fitzroy and with the steady development of the track from Stanley to that station, besides the facilities afforded beyond there to North Arm and Brenton Loch, it would seem that the time is not far distant when overland communication between the Seat of Government and the West Falkland will be a matter of less than twelve hours at any time, even taking into account the trip across the Sound from Brenton Loch to Port Howard.

The bridge is to span the Fitzroy River at Paterson's Point from Mr Yonge's camp on the north to that of the Company on the south. It will be some 607 feet in length and twelve feet wide, suitable for all kinds of traffic, and thereby link up the Darwin track with the Company's motor track at Fitzroy, thus avoiding the soft camp between Mount Wickham and Mount Pleasant. It will also

save a journey of one and a half hours to Fitzroy, obviating the tedious route along the river to a convenient pass and the subsequent return trip on the other bank.

On the south side, where the river bed slopes gradually, a 65-foot pier forms the first section and the bridge thereafter is being mounted on piles. These latter were constructed in Stanley and are made of reinforced concrete. Numbering about forty, they were transported to their destination in the Gwendolin and in a lighter towed by the s.s. Lafonia in August last. The longest span is to be 64 feet with the deepest set in some 20 to 50 feet of water on the north side where a difficult shelf necessitates the construction of a concrete platform to accommodate the final span. At the moment there are only four more sets of piles to be driven in over a distance of 125 feet before the most arduous part of the work is completed. It is interesting to note that the pitch pine cargo battens formerly belonging to the "Great Britain" and still in as good a condition as ever they were, are being used for the railings of the bridge.

The building of the bridge is being undertaken by the Falkland Islands Company with assistance from the Government and actual work commenced on the 1st of August last. Fourteen men are engaged in this enterprise, seven having been sent from Stanley while the remainder were recruited in the camp.

It is hoped that the bridge will be completed early in December.

DATE FIXED FOR ROYAL WEDDING.

The date fixed for the marriage of the Duke of Kent to Princess Marina in Westminster Abbey is the 29th of November.

The "Wedding Week" is expected to attract half a million visitors to the metropolis with a great appeal staged in the exhibition of the wedding presents at St James' Palace on the 1st of December.

The Royal Procession routes are, so far, unannounced but it is expected that there will be detours so as to enable as many sight-seers as possible to obtain a view of the royal bride and bridegroom and the Westminster Council is planning for extensive stand erections with the railway companies cooperating in issuing cheap fares during the period. It is anticipated that there will be decorations and illuminations with flood-lighting prominent.

MORRIS MOTORS NOT FOR SALE.

Lord Nuffield, speaking at the Morris Distributors' Luncheon on Wednesday in London, stated that within recent years he refused a foreign offer of £11,000,000 for the Morris business.

It is learned that this offer was made by General Motors of the United States and Canada in 1926. Lord Nuffield said that he considered that selling the business would be a betrayal to his own country which he would not do.

THE NAVAL DISCUSSIONS.

At the Naval discussions opening in London next week the Japanese delegation will submit concrete proposals for a drastic amendment of the Washington and London Treaties, states the Daily Telegraph special correspondent.

In an interview Rear-Admiral Yamamoto left no doubt that Japan in her demands will ask for a substantial increase in the tonnage of cruisers, destroyers and submarines over their present strength.

Japan is clearly reluctant to tear up the Washington Treaty in so far as it secures Tokio against further fortifications in the British and American Pacific bases. It is her hope that she will be able to obtain legal right to increase her strength in classes considered "defensive."

She is likely to press for the adoption of "global" tonnage coupled with a restriction or abolition of vessels regarded as offensive, among which aircraft carriers are mentioned but submarines are specifically excluded.

COTTON SETTLEMENT.

According to a message from Manchester the settlement over the weavers' wages negotiations, affecting 150,000 Lancashire operatives, was announced yesterday, states the Daily Telegraph correspondent.

The new agreement, intended to operate for three years, must be ratified by the parent bodies on both sides and then presented jointly to the Ministry of Labour who will be asked to make an order enforcing the provisions upon the whole industry.

It is understood that serious attempts are to be made by the Weavers' Council to reject the terms but a large body of the operatives are anxious for wages legislation while the general body of the trade is extremely desirous that stable conditions shall be created in the manufacturing section of the cotton industry.

Both sides, however, have refused to make any comment upon the settlement terms in view of the risk of provoking further opposition.

FRENCH REFORM.

M. Doumergue's plan for constitutional reform, a message from Paris states, has been seriously threatened by the Senate, the majority of that body being, apparently unwilling to surrender its rights of initiative in the dissolution of the Chamber though the eventual transfer of this right to the President is the chief feature of M. Doumergue's scheme.

Without the consent of the Senate there can be no National Assembly and therefore no change of constitution.

Until a few days ago it was thought that the Assembly would meet early next month but the Senate's opposition has changed this anticipation and delicate negotiations are now necessary to ensure a meeting which is improbable before the end of November or the beginning of December.

LOCAL FOOTBALL.

No. 1 Platoon 3 : No. 3 Platoon 0.

No. 1 Platoon assured themselves of the Football Trophy yesterday afternoon when they met No. 3 Platoon in an Inter-Platoon League match. It was expected that an excellent game would be witnessed but when it was found that three of No. 3's men could not turn out and that the side had difficulty in making up the eleven, it was a foregone conclusion that No. 1's successful career in search of the Shield would not be checked.

A very strong wind blowing from the west made football as it should be played, an impossibility and the game developed into something of a ragtime performance.

Playing with the wind No. 3 Platoon could not take advantage of their opportunities in the first half and though they made one or two noble efforts in the second half they could not score a goal. The only really thrilling incident of the whole game was when No. 1 were leading by the only goal scored and their goalkeeper was "pulled up" for carrying. A free-kick in No. 3's favour was awarded practically on the goal-line but after a tremendous melee No. 1 cleared the ball which went out to Steen on the right wing and was transferred to the losers' goal where another tremendous scrimmage took place, this time, however, resulting in a goal being scored. Before the end of the game No. 1 Platoon increased their lead again and the result of the match was 3 - 0 in their favour. Clifton (2) and Spencer scored the goals.

The League Table now stands as follows

### THE MELBOURNE AIR RACE.

Enormous interest is being taken in the air race to Melbourne, the Mollisons, who set off in a rare style, were however afterwards deprived of their position as leaders and Scott and Black are now making a fair bid for the honours with the Dutchmen several hours behind them.

Mollisons were the first to arrive at Baghdad their speed averaging over 200 miles an hour, their hour of arrival being 1910 G.M.T. Saturday. Parmentier & Moll (Dutch), flying a Douglas, left Athens at 1552, Asjes & Geysendorfer (Dutch), flying Pander, left Athens at 1655, Turner & Pangbourn (American), flying Boeing Transport, left Athens at 1800. All machines were well up on the Athens-Baghdad stage.

A perfect start had been made in the race at Mildenhall in the presence of a huge crowd with the Mollisons away at 0630. Fitzmaurice dropped out before the race started, but is understood to be making a sporting effort of his own.

All the twenty machines with flames spurting from the exhaust pipes roared away within fifteen minutes though Captain Stack returned to pick up films of the start for Australia and Captain Cathcart Jones made a false start with a spluttering engine. The flyers reported difficult weather conditions over the continent with fog, low clouds and intense cold but only five encountered serious trouble. Miss Cochrane (American) descended at Bucharest as her stabilizer had frozen and refused to act and she is believed to have abandoned the flight.

To-day's noon bulletin from London reports as follows :

The position of the leading competitors in the great 12,000 miles air race from England to Australia is as under :

The British de Havilland, piloted by Scott and Black passed over Timor Island at 7.30 this morning (Monday G.M.T.) on the way to Darwin. The Dutch Douglas, piloted by Parmentier and Moll, reach Batavia at 7.16 p.m. (Local Time). The American Boeing Transport, piloted by Turner and Pangbourn, passed over Rangoon at dawn on its way to Singapore. The British de Havilland Comet, piloted by Cathcart Jones and Waller, arrived at Allahabad. The Mollisons' de Havilland Comet was held up at Allahabad by a broken oil pipe which will probably put them out of the race. The Dutch Pander, piloted by Asjes and Geysendorfer, crashed at Allahabad and is out of the race; no one was hurt. The rest of the competitors left in the contest are still on the wrong side of Karachi. The American monoplane, piloted by Miss Cochrane and Wesley Smith was withdrawn at Bucharest. The Lockheed Vega, piloted by Woods and Bennett overturned at Aleppo. Stack and Turner had engine trouble in France but are continuing the journey to Australia in a non-competitive manner.

So far the contest has produced two remarkable new records. The non-stop flight of Jimmie and Amy Mollison to Baghdad where they were the first competitors to arrive, excelled anything previously done on that journey and a speed of over 200 miles an hour was maintained for a distance which on the shortest possible route exceeds 2,500 miles. They received a great ovation on arrival but thereafter they encountered misfortune and they had to return to Baghdad. After their departure they had to return again as they had left their proper map behind. The Oil pipe trouble at Allahabad ruined their chances of victory.

A still more remarkable record was set up by Scott and Black who, by taking a course over the Bay of Bengal, reached Singapore in under forty hours which is about two days less than the best time for the journey made by C.T. Ulm a year ago. After less than a two hours' halt they pushed on with the intention of maintaining their commanding lead. The Dutch Douglas air liner made a better time than any commercial aeroplane had ever before made on the route to the east.

THE MELBOURNE AIR RACE.

Won By Scott & Black.

London - Mid-day,  
 Tuesday, 23rd October.  
 (9.0 a.m. Stanley Time.)

The great air race was won to-day by Charles Scott and Campbell Black flying their British de Havilland Comet aeroplane, equipped with two Gipsy Sixth engines.

They passed over the finishing line on the Flemington Race Course, Melbourne, at 3 hours, 34 minutes, 38 seconds p.m. local time, or 5 hours, 34 minutes, 48 seconds a.m. Greenwich mean time.

The airmen were overwhelmed with congratulations from the immense crowd which had been keyed up to a high pitch of excitement as the news was flashed through from time to time reporting the progress on the final 787 miles on the Charlesville to Melbourne stage of the flight.

The Lord Mayor of Melbourne and Sir MacPherson Robertson, the promoter of the race and the donor of the £10,000 prize for the successful airmen, were on the ground to welcome the winners whose arrival was also awaited by scores of aeroplanes which circled over the race course.

The times are subject to official checking but it would appear that the winners have flown the 11,400 miles from Mildenhall to Melbourne in two days, twenty-three hours and eighteen minutes, which represents an average speed for the journey of about 118.94 miles an hour.

The result of the race was immediately communicated to Sandringham where Their Majesties the King and Queen are in residence and Their Majesties cabled a message of congratulation to the successful airmen. Other cables received by Scott and Black were from the Prime Minister - "Hearty congratulations on your achievement, splendid skill, courage and endeavour"; from the Air Minister, Lord Londonderry - "Heartiest congratulations on your remarkable performance of which British aviation is deservedly proud. The achievement has set a high standard of airmanship and demonstrated the outstanding quality of the production of British aircraft industry and its designers"; and from the Dominions' Secretary, Mr J.H. Thomas - "Well done both. Your feat has thrilled us all and we are proud of your record making the flight yet another triumph for British airmen and British aircraft."

Scott and Black were both very exhausted on landing. Scott said "It seems that we started the race five centuries ago - with every mile on our last lap to Melbourne seeming as if we had slipped back two. I do not adequately realise that I am here." Black when called upon to respond to Sir MacPherson Robertson's congratulations said "I have never made a speech in my life and I am too overcome to say anything except that I thank you."

(continued over

One of the tributes paid to Scott and Black and which they prize most highly was a floral wreath with the streamers of the Netherlands' colours, sent by the Netherlands Consulate in Melbourne at the instance of the Dutch Air Line Company whose Douglas D.C., piloted by Parmentier and Moll, has shown a performance scarcely less remarkable than that of the winners. The consistency with which this great plane has flown throughout has won the warmest praise in the British press. This machine reached Darwin about twenty minutes after the Comet had landed at Charlesville, so that it was almost exactly 1,389 miles behind at this stage. The Comet had completed the course some three hours when at 8.45 Greenwich mean time this morning Parmentier and Moll arrived at Charlesville. They left for Melbourne at 10.0 a.m. Greenwich mean time.

There seems little doubt that they will be second in the race. The third position is still held by the Americans, Turner and Pang-Bourn who landed at Darwin at 6.46 Greenwich mean time this morning.

GERMAN RELIGIOUS DISSENTION.

Open war has been declared on the Reich Bishop by the Confessional Synod Organisation of the opposition pastors with the despatch of a strongly worded note to the government, reports the Sunday Times correspondent in Berlin.

Referring to the use of police against the Wertemberg Bavarian churches the organisation declares that the "Church Government" has punished obedience to the Scriptures and the Faith as an offence against church discipline, making pastors responsible to the "Church Government" instead of to Christ.

Hitler held a conference with the Reich Bishop and his legal adviser, Doctor Jaeger, when the use of the police by Doctor Jaeger was thoroughly discussed, and well-informed circles believe that a conciliatory answer to the note is possible without loss of dignity and with a tacit condemnation of the use of State authority in the church affairs by the dismissal of Doctor Jaeger.

A later message reports that Hitler has postponed the swearing-in ceremony of Reich Bishop Mueller "owing to the recent developments in the situation."

SUBSIDISING TRAMP SHIPPING.

It is reported from London that the British government may make an effort to pass the Bill authorising a £2,000,000 subsidy to tramp shipping before Christmas.

The Daily Telegraph understands that during the parliamentary discussion a claim for assistance for cargo-carrying liners is likely to be advanced and the question will arise whether additional money will be voted or whether the £2,000,000 is to be shared.

ANOTHER RUSSIAN TRIAL.

It is reported from Moscow that at a secret trial in Leningrad ten days ago, Kurt Fuchs, a German engineer, was sentenced to eight years imprisonment, and Kotgasse, an Austrian, to six years imprisonment, while Borchikovsky, a Russian, was sentenced to death, in connection with an alleged military, naval and air force espionage organisation in German interests.

THE LATE MR J.T. LUXTON.

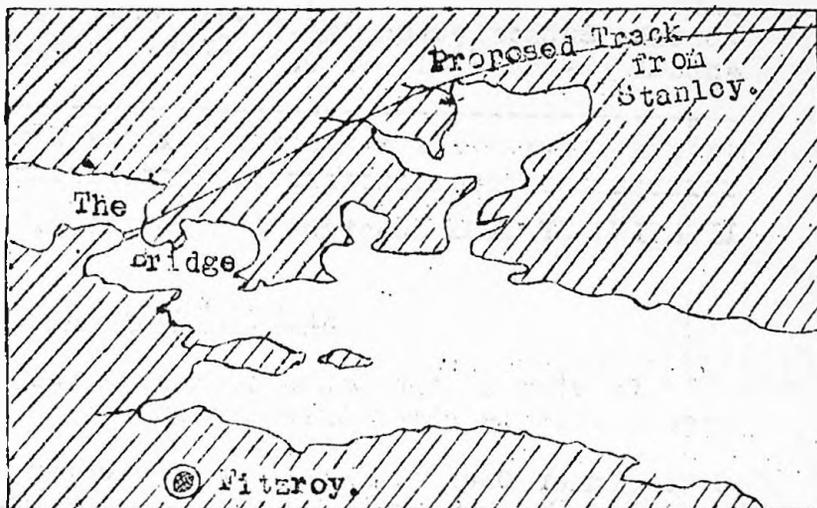

The funeral of the late Mr John Thomas Luxton, formerly a sergeant in the Defence Force, took place yesterday afternoon, the service being held in the Tabernacle by the Rev. W. McWhan, while the deceased was accorded full military honours.

A full report will appear in the "Penguin" in due course.

---o---o---

THE FITZROY BRIDGE.

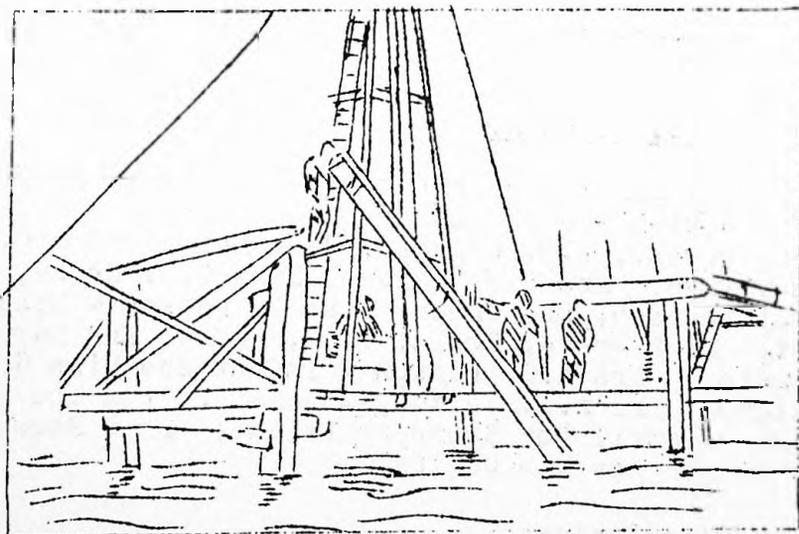

His Excellency the Acting Governor, accompanied by the Hon. G. Roberts, the Hon. L.W.H. Young, the Hon. A.R. Hoare and Mr G. Bonner, O.B.E., paid a visit to the new bridge being constructed at Fitzroy on Tuesday in the s.s. Lafonia. The vessel reached Fitzroy River at 1.0 p.m. and the party proceeded to the site of the bridge by motor-boat where they were met by Mr F.G. Langdon and Mr E.S. Crawford.

His Excellency and party in inspecting the bridge were greatly impressed with the progress made in the work and they stayed on the site for one and a half hours.

Three more sets of piles are to be driven to complete the span and also a concrete buttress is to be formed on the rocks on the north side to take the final section. This latter part of the work is the most difficult as the water is some twenty-three feet deep with sloping ledges of rock but it is anticipated that the span will be completed in about four weeks' time and then there remains the

fixing of the final braces, ties and approaches on the north side. A cargo of timber and battens formerly belonging to the "Great Britain" was conveyed by the Lafonia on this trip to the bridge for this purpose.

Excellent progress has been made & Mr Crawford and his men are to be congratulated on their splendid performance often under very trying conditions.

The trip was made possible by the kindness of the Hon. L.W.H.

Young, (Manager of the Falkland Islands Company) to whom a word of appreciation is due for organising the expedition.

The map gives the position of the bridge while the lower illustration is an impression of the pile-driver in action.

---o---o---

Moscow : The negotiations for the sale to Japan of the Chinese Eastern Railway are proceeding smoothly with the price of 140 million agreed upon. It is anticipated that now there will be a great relaxation of the Soviet & Japanese tension.

---o---o---

GANDHI.

Gandhi has announced to the All India Congress Committee his intention of retiring from the leadership of that organisation, states the Daily Telegraph correspondent in Bombay, adding that the Mahatma has vigorously attacked the other leaders' views, accusing them collectively of artificiality, corruption and an overpowering desire to wrangle.

---O---O---

FRENCH NATIONAL ASSEMBLY TO BE CALLED.

Official circles in Paris are surprised that the Cabinet communique did not mention the National Assembly at Versailles for the revision of the constitution, states the Daily Telegraph correspondent. But it is reported that Doumergue intends calling this Assembly though in all probability the vital move in connection with this problem will be taken at the Annual Congress of the Radical Party at Nantes to-day (Thursday). The attitude of this party is difficult to predict as opinions are divided and the succession is likely whatever the majority vote may be.

The Chamber is being convoked for the 6th of November.

---O---O---

SAAR DISCREPANCIES.

Reports received in London state that the Saar Plebiscite Commission has discovered considerable discrepancies in the voting list submitted by the local authorities with 100,000 wrongly included many of whom are dead, non-resident or duplicated in the register.

---O---O---

ANGLO-AMERICAN RELATIONS.

In addressing the Philosophical Institution in Edinburgh on Tuesday, the American Ambassador, Mr Bingham, yet again stressed the need for Anglo-American cooperation along all lines for the benefit of the world generally.

Bingham said that with an overwhelming majority America is supporting Roosevelt to a degree heretofore non-existent in American history but while there was a small minority in opposition there was sound stable common sense in the Anglo-Saxons which guarded against dangerous extremes.

For the welfare of both nations, the Ambassador continued, the pound and dollar should be stabilised between themselves, then other nations would in their own interests promptly come into agreement. He concluded with an appeal for a better understanding and cooperation between the two nations thus to "play the magnificent role of aiding the world, ill nearly unto death."

The attempts of the member of County Dublin, Patrick Belton, to heal the breach in the Free State Blueshirts between those accepting Cronin as leader and those following General O'Duffy, appear to have failed and the breach is widening day by day.

---o---o---

NORTHERN SPAIN NOW NORMAL.

Various columns of the Spanish army and Foreign Legion have captured the rebels main stronghold in the Asturias Mountains, thus ending the rebellion in Northern Spain, states the Sunday Times.

General Ochoa states that the situation at Oviedo is now normal but the city's aspect is that of Arras after the war and the task of clearing the dead from the streets is now being completed.

---o---o---

CREDIT FOR BELGIAN ARTIZANS.

Royal decrees in Belgium have extended financial facilities to small traders and business men by increasing credits through the savings bank to artizans running their own workshops, for the purchase of tools, by fifteen to fifty million francs.

Similar credits extended to professional men are being increased three-fold to 150 million francs with interests below 6 per cent.

---o---o---

ROOSEVELT & FINANCIAL INTERESTS.

The annual convention of the American Bankers' Association opened at Washington on Tuesday. It is the most important of recent years states the Daily Telegraph correspondent in view of the relationships between the President and the country's financial interests.

The developments of the next few days are likely to indicate to what extent the Bankers are prepared to align themselves with President Roosevelt or whether there will be a swing back to the orthodox financial methods.

It is understood that Roosevelt will assure the bankers that the orthodox methods will be followed for the next six months and that he urgently needs their cooperation in the general recovery and the stimulation of business. It is possible that there will be a secret conversation at White House.

---o---o---

YUGO-SLAV REGENT TO REIGN.

Political interest in Yugo-Slavia centres in the personality of Prince Paul who was obviously intended by King Alexander to be the ruler in all but name with his fellow regents controlling the king's private fortune estimated at approximately one million sterling.

French bankers are backing most of the country's enterprises and believe that the regent will be more conciliatory than King Alexander though quite as firm.

LIGHTING UP TIME to-night will be at 8.56 o'clock.

THE MELBOURNE AIR RACE.

The winners of the speed contest in the Mildenhall to Melbourne air race are announced as follows : 1st Scott and Black (Great Britain) on a D.H. Comet who arrived in 2 days, 23 hours, 18 minutes at an average speed of 164 miles an hour; 2nd Parmentier & McIl (Holland) who arrived 19 hours 19 minutes after the winners in a Douglas D.C. 2 air-liner; 3rd Roscoe Turner & Pangbourn (America) who landed 2 hours 42 minutes after the second in a Boering Transport.

Interest is now being displayed in the progress of the other competitors and in the handicap race held in connection with the event.

The only other competitors who have so far reached Australia are Jones & Waller on a D.H. Comet (Britain). On arriving at Darwin they flew to Mount Isa, Queensland, where they stayed the night before proceeding to Charlesville. MacGregor & Walker (New Zealand) on a Miles Hawk, are reported to be at Batavia. The New Zealanders Hewitt & Kay on a D.H. Dragon have left Bangkok for Singapore. Stodart and Stodart on an Airspeed Courier A.S.5 (British) and Hansen & Desoulter in a Mark II (Denmark) have arrived at Calcutta. Melrose on a D.H. Puss Moth, has reached Allahabad.

The result of the handicap event for which the first prize is £2,000 will not be known for some days as all the pilots are allowed sixteen days in which to reach Melbourne and only actual flying time counts against the competitors.

The reactions of the air race are having varied results being based principally on the Dutch air liner's achievement.

The Daily Telegraph correspondent at The Hague states that the Dutch Air Liner Company has given an immediate order for ten more Douglas machines with delivery in six months for the purpose of inaugurating a twice weekly service between Amsterdam and Batavia.

The London Chamber of Commerce has issued a statement emphasising that the British Government must not delay in remedying the present deficiencies in the British commercial services. A similar call has been issued by the Australian High Commissioner, Mr Bruce, while British aeroplane manufacturers admit that the country is three years behind in air line development.

Negotiations are already in progress between the Air Ministry and Imperial Airways, more speed consistent with safety being the aim but finance is at the moment the chief difficulty.

Holland is prepared to make great sacrifices for the purpose of carrying British mails to Australia while Italy projects a four-hour mail service between Rome and London.

Sir Macpherson Robertson in presenting the prizes at Melbourne stated that his aim was not to support an air dash across the world but to stimulate air communication between countries.

RESTRICTING U.S. OIL.

President Roosevelt in an interview at Washington on Wednesday indicated the hope that definite means of preventing the enormous oil surpluses now accumulating would be worked out by Federal agents. Although he hinted at enforcement he did not offer any suggestions of methods.

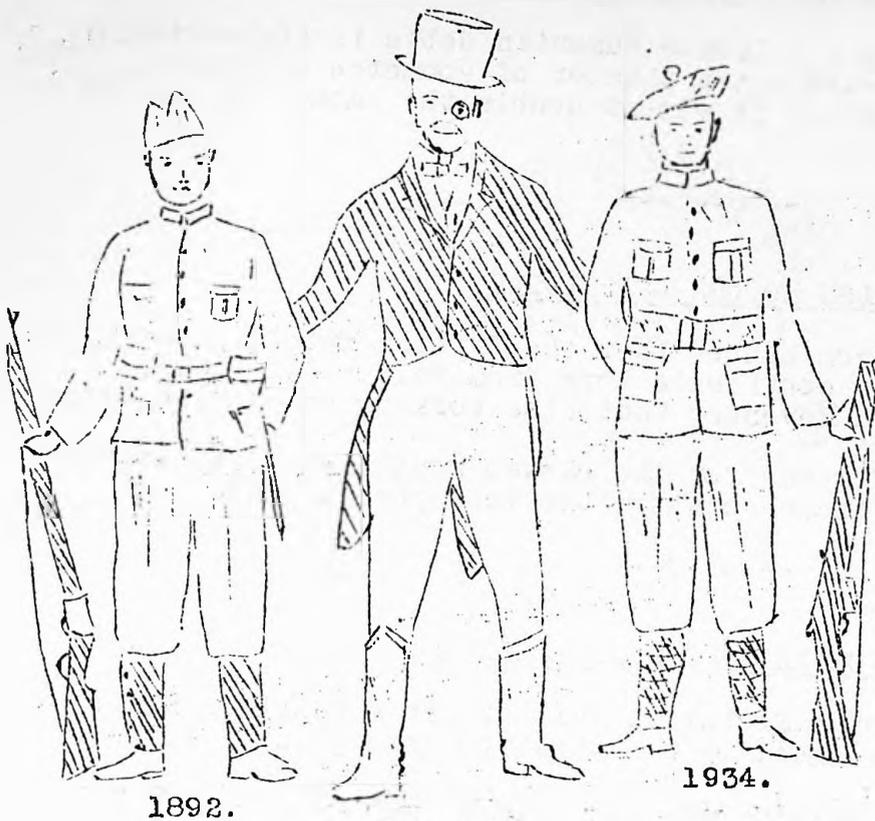

Meanwhile the retail price of petrol is ten cents a gallon and crude oil sixty cents a barrel, but the impression is current that the larger companies will not meet the latter price cut until the Oil Administration has taken further steps.

NEW U.S.A. SCARE.

A Reuter message from New York states that the agricultural leaders are taking up with the administration, the complaints of numerous exporters that the Reconstruction Finance Corporation has neglected to maintain and extend foreign markets by a more liberal credit policy. Unless steps are taken to facilitate such exports the Senate Agricultural Committee will investigate the R.F.C. loans to explore the reasons therefore.

The Textile Workers' vice-president, Gorman, states that the situation is extremely critical with several unions demanding strike action owing to the employers "discrimination."

THE LATE MR J.T. LUXTON.

The funeral of the late Mr John Thomas Luxton, who passed away early Monday morning last at the age of 64 years, took place on Wednesday afternoon when the service in the Tabernacle was conducted by the Rev. W. McWhan. This is, we understand, the first funeral service that has been held in the chapel since March 1923 when the service for the late Mr G.F. Kelway was taken by Mr J.E. Hamilton.

The deceased who was a member of the Defence Force and formerly of the F.I. Volunteers was accorded full military honours while His Excellency the Acting Governor was represented by Captain W.M. Allan. Lieutenant A.I. Fleuret commanded the Defence Force parade with Sergeant S. Sumners in charge of the gun crew, Corporal R. Campbell in charge of the firing party and C.Q.M. D. Lehen in charge of the carrying party.

Mr Luxton was born in Stanley, his father, Mr William Henry Luxton being one of the Marines who came to the Colony in the early Sixties and previously while serving on H.M.S. Hero being valet to the late King Edward at the time he was the Prince of Wales.

When fourteen years of age Mr Luxton went home to Swansea to school and to learn his trade as a cabinet maker. Being also a keen footballer he used to play rugby for a Swansea club. After his return to Stanley in 1891 he joined the Stanley Benefit Club in 1892 and was, therefore, one of the oldest members of this institution. In 1895 he married Miss Sharp, the daughter of Mr & Mrs T. Sharp, and except for an occasional trip home or to the camp on business he has spent all his time in Stanley; his last trip home was in 1920. Besides being a member of the Benefit Club he was also a member of the Reform League and very popular among his fellows who who deeply regret his tragic death.

In the Defence Force Mr Luxton's record showed that he enrolled in the Falkland Islands Volunteers in June 1892, was promoted to Colour Sergeant in 1901 and resigned in 1902. But after re-enrolling in 1914 he served in the Ambulance Section from 1915 until he resigned again in 1919. On an appeal being made in 1930 to form an Ambulance Section in the Defence Force, he re-enrolled in May of that year, was promoted to Sergeant and posted to this Section with which he served as an active member until he died. Mr Luxton is survived by his wife, three sons, one daughter and five grandchildren to whom our sympathy is extended in their bereavement.

The family mourners on Wednesday were : Mrs Luxton (wife), Miss R. Luxton (daughter), Messrs Markham, Stanley & Ernest Luxton (sons), Mesdames M., S. & E. Luxton (daughters-in-law) with Mrs Sedgwick, Mrs Dixon, Mrs E.J. Smith, Mrs Etheridge, Mrs Meierhofer, Mrs A. Mercer, Miss D. Hardy, Mr S. Smith & Mr W. Hills (friends). Members of the Benefit Club with the Banner and members of the Reform League also followed.

Wreaths and flowers were received from : Mary & Moll; Mark & Winnie; Ern & Syb; Henry, Ada & Ursula; Joyce & Lorna; Willie & family; Riss & Reg; Beattie & Hugh; James, Marion, Mina & Tom (Glasgow); His Excellency the Acting Governor & Mrs Halkett; The Hon. Lisbon : Reports from Spain declare that ex-Premier Azana is to be tried on a charge of treason though he denies participation in the recent insurrection.

---o---o---

HITLER INDEFINITE.

For the third time the swearing-in ceremony of the Reich Bishop Muller, who is the Nazi Primate and a newly appointed bishop, has been postponed, states a message from Berlin.

The official reason is that Hitler has a cold but it is pointed out that he has received the French Ambassador while both sides envisage the delay as giving support to their own views.

It is doubtful if Hitler will give any definite decision state well-informed circles.

FRANCE & HER CONSTITUTION.

Surprise has been occasioned by the silence of M. Herriot, the French Radical leader, on M. Doumergue's plans for reforming the constitution, states a message from Nantes.

The delegates and the nation expected a lead from him but in his brief speech he gave no indication of opinion.

The meeting was chaotic with fiery speeches but there emerges only one point of disagreement and that is ; the Premier's right of dissolution. It is thought that probably the radical leaders will be entrusted to approach M. Doumergue, requesting a modification of the programme which will be acceptable to both sides.

AMERICA NOT INSISTENT.

It is reported from London that uneasiness among the United States naval delegates, caused as a result of statements in Japan by members of the British Trade Mission, has been removed by a frank talk at Downing Street.

The statements referred to implied that Great Britain was about to renew the Anglo-Japanese Alliance.

From Tokio it is officially reported that Japan wishes to conclude a new naval disarmament treaty based on the principles of equality and non-aggression, in place of the Washington Treaty which she now considers has outlived its usefulness. A renewal of the 1936 treaty would compromise Japan's national defence it is claimed.

Finally it is pointed out that America only wishes to defend her own mainland, especially since the independence of the Philippines is mooted, so, therefore, the 5/5/3 ratio need not be insisted upon.

London : It is learned that Ministers are contemplating the desirability of inviting arms exporting countries to subscribe to a new declaration designed to rationalise and extend governmental control over the export of arms.

Port Darwin: MacGregor and Walker (Miles Hawk) arrived at Darwin at 21.50 G.M.T. on Friday and left at 23.07.

Stockholm : The American research workers Minot, Murphy & Whipple have been awarded the Nobel Prize for 1934 for blood specialisation.

LOCAL FOOTBALL.

No. 1 Platoon 1 : No. 2 Platoon 0.

In a very tame game yesterday afternoon No. 1 held their present "unbeatable" position by defeating No. 2 Platoon 1 - 0. Neither side could field a full eleven and even though volunteers were recruited on the touch-line they played with ten men each. The only goal obtained was scored in the first half by Spencer.

The League Table now stands as follows :

BANKERS TO HELP U.S.A. RECOVERY.

A press message from Washington states that four members of the United States Banking Association called on President Roosevelt on Friday last informing him that the Bankers' Association was prepared to cooperate fully with the Recovery Campaign and was anxious to lend to industry.

Mr Hecht, who is the leader of the body, was expected to hold discussions with the President on Saturday on plans to remove the foreign exchange risks to exporters by clearing all exports through a stabilisation fund.

The advocates of the plan contend that the foreign exchange uncertainties are an important barrier to trade revival and America had the worst of matters through foreign restrictions.

RETURN FLIGHT FROM MELBOURNE.

A message from Melbourne on Saturday stated that the fliers Cathcart Jones and Kenneth Waller started that day for a return flight to England in an attempt to lower the record for a flight to Australia and back, while the Americans Turner and Pangborn are considering competing "for love".

A later message stated that after beginning at dawn Cathcart Jones and Kenneth Waller had already beaten the records Melbourne to Charlesville, Charlesville to Darwin, and the Melbourne to Darwin journeys and they hope to complete the round trip in phenomenal time.

They took off from Darwin at daybreak yesterday to cross the Timor Sea.

From Darwin it is reported that the New Zealander White has arrived there after a six weeks' flight from Hoston and piloting a second-hand machine.

OTHER SPORT.

Lawn Tennis: Surrey Hard Courts Championship finals : Frenn beat Jones 6/2, 9/7; Mrs Pittman beat Mrs King 6/2, 2/6, 6/4.

Billiards : A Reuter message from Melbourne states Lindrum retaining the world's title by beating the British champion Davis by 875 points over a fortnight's play, the final scores being Lindrum 23,553, Davis 22,678.

OPPOSITION TO DOUMERGUE.

According to a message from Nantes the French Radical Socialist Party Congress almost unanimously passed a resolution on Saturday embodying an undisguised opposition to M. Doumergue's plan to introduce powers of dissolution into the constitution, but while there was no declaration of war upon Doumergue nor a party truce, the Congress gave a mandate to the Radical Ministers to negotiate for a compromise with the Premier.

ANGLO-GERMAN FINANCE.

An agreement in principle for the conclusion of a new Anglo-German financial agreement has been reached it is understood from the Sunday Times correspondent in Berlin.

The British negotiating party is to meet Herr Ulrich who is conducting the proceedings to-day and the document is likely to be signed during the current week.

---o---o---

MANCHUKUOAN OIL.

It was stated in Washington on Saturday last that America is making a protest to Japan with reference to the latter's intended monopoly of the Manchukuoan oil supply and that she will be supported in this protest by Britain and the Netherlands.

A message yesterday states that the Manchukuoan Foreign Office declares that the oil control is purely a domestic affair since the country has been constituted and since the ratification of the Nine Power provisions which cannot be disputed.

The principle of "the open door" is being maintained, stated an official communique from Hsingkiang, but foreign powers must respect Manchukuo's sovereignty in all domestic matters.

ON THE RANGE.

Marksmen made the most of the fine weather experienced over the week-end to "get going" on the range and quite a number of nineties and over were registered, the best score being obtained by J.M. Campbell on Sunday when, with a possible at the 500, he returned a card totalling 99 points. A.I. Fleuret made the second highest with a 98 on the same day.

On Saturday the strong wind proved a handicap while on Sunday the conditions were good as far as the light was concerned with a warm, light and variable wind which was, however, troublesome at times

The detailed scores were :

<u>Saturday.</u>	200	500	600	Total.

THE MELBOURNE AIR RACE.

The latest positions in the World Air Race are as follows :  
 Cathcart Jones & Kenneth Waller (attempting to break the record for the double flight England/Australia) reached Singapore 0740 G.M.T. Sunday, having smashed five records since leaving Melbourne. Averaging over 200 miles an hour they have eclipsed the records Melbourne /Charlesville, Charlesville/Darwin, Darwin/Singapore, Melbourne/Singapore beside the Melbourne/Darwin stage, with a total flying time of 20 hours 50 minutes for 3,260 miles which is better than Scott & Black's outward journey by four hours.

The New Zealanders, McGregor and Walker, arrived at Melbourne on Sunday having taken six days, fifteen hours, while the New Zealanders Hewitt & Kay have reached Cloncurry; the Britishers Stoddart & Stoddart have reached Newcastle Waters; and the Australian Melrose has left Darwin. The latter solo flier's log states that he landed at Darwin without petrol and had previously "sighted Australia" - an hour later "lost" - another hour still "lost" - and later "the end." His motor gave out over the sea and he glided into the aerodrome explaining that he had lost his way having fallen asleep when crossing the Timor Sea. It is thought that he has a great chance of winning the handicap prize with the smallest machine entered.

A later message from Reuter's correspondent at Singapore states that Jones & Waller took off for Allahabad at 2320 G.M.T..

KING OF SIAM RUMOURS.

There have been conflicting rumours from Asiatic sources over the week-end relating to the possible abdication of the King of Siam but a strict censorship in Bangkok has prevented the transmission of any official news.

The King and Queen of Siam are at present in England and it is learned that His Majesty has intimated his willingness to abdicate if his views on questions relative to his prerogative are unacceptable.

BELGIUM'S FRONTIER DEFENCES.

King Leopold of Belgium when reviewing 10,000 troops on the anniversary of the Battle of the Yser deplored that defence questions had become a ground for dispute.

He declared that the country's defence plans would be carried out in their entirety to ensure the frontier population from invasion horrors and "the defence must be solid and powerful enough to inspire fear in any possible invader."

The speech received universal approval.

GERMAN WORK RETRENCHMENT.

In addressing the Craftsmen's Conference at Brunswick on Saturday, Dr Schacht, the German Economic Minister, issued a warning that public works were costing so much money that the grant now available could not be renewed annually, states the Daily Telegraph correspondent.

Dr Schacht was optimistic as to retrenchment results but he added that higher wages could not be discussed till all the unemployed had been absorbed.

From all quarters activity among local authorities is being reported owing to a steady rise in retail prices and a national campaign is being launched to reduce or standardise food costs.

## THE BISLEY DANCE.

### A Proud Colony Receives The Cup.

There was a good attendance at the dance held in the Town Hall on Friday last given in honour of the Bisley Team and for the distribution of the prizes won at the last Local Bisley, though the outstanding feature of the evening was the presentation of the Junior Kolapore Cup to His Excellency the Acting Governor by Lieutenant A.I. Fleuret. Accompanying Lieutenant Fleuret in this pleasurable task were Sergeant J.R. Gleadell and Privates E.J. McAtasney and L. Reive, the other members of the team which in July last gained so signal a victory at Home in this most popular and important of Colonial competitions.

His Excellency was accompanied by Mrs Craigie-Halkett and Major the Hon. J. Innes Moir (Aide-de-Camp) and was supported by Members of Councils and their wives.

### A Wonderful Achievement.

After an introductory remark by Captain W.M. Allan, the Adjutant of the Defence Force, Lieutenant Fleuret, with the cup in his hands, addressed the Acting Governor as follows: Your Excellency, we have very much pleasure in handing to you, on behalf of the Colony, the Junior Kolapore Cup which we have brought back from Bisley. (Loud applause.)

When the cheering had subsided His Excellency said: Members of the 1934 Bisley Team. I consider it a very great honour to receive on behalf of the Colony the Junior Kolapore Cup won by you at Bisley and on behalf of the Colony I congratulate you most warmly on your wonderful achievement in again winning this trophy for the Falklands in the comparatively small space of four years. As chairman of the Bisley Selection Committee I may say that it was felt that we had selected the right team; we knew that you were all good shots and we knew also that you had the right temperament to represent the Colony at Bisley. I am sure everyone here will join me in thanking you for what you have done.

I should like to congratulate Lieutenant Fleuret on his two wins in this competition as the captain of the team. I think it is rather a wonderful achievement. (hear, hear.) I would also congratulate the other members of the team on their very fine shooting and also on the fact that they won no less than £75 in money prizes at Bisley; then, I would also congratulate "Mac", or I should say Mr McAtasney, in getting into the King's Hundred and winning, I believe, the National Rifle Association's Badge (hear, hear.)

Members of the Bisley Team, I think you may feel proud of yourselves; the Colony is proud of you. But we must not forget that a word of thanks is due to that very great sportsman, Sir Arnold Hodson. He fostered and encouraged rifle shooting in this Colony and he initiated the Annual Local Bisley Meeting. The prizes which you see here are to be given out to-night to the successful competitors at the meeting held during the present year. Sir Arnold was also responsible for the sending of the first team to Bisley. Had it not been for his enthusiasm this Colony would probably have never sent a team to Bisley. We also feel proud that the team were honoured at Bisley by being presented to His Royal Highness Prince Henry. It was an honour to the Colony besides being an honour to the team - and for that honour, I think, we have to thank Sir Arnold Hodson who was, I understand, responsible for introducing the team to the Prince (hear, hear.)

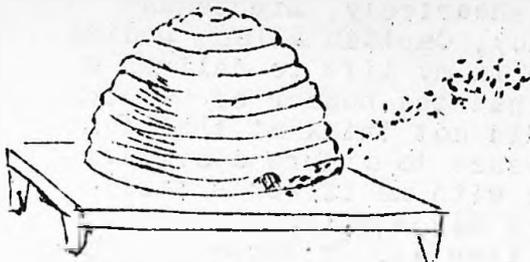

Now there is one other thing I should like to mention. Bishop de Jersey, recently sent us a very handsome donation to the Bisley Fund and in a similar way he has made donations to the Fund during the past four years while, in addition, he has given a Challenge Cup to be shot for at the Local Bisley. He has also given a Shield with ten medallions attached for the purpose of inscribing thereon the names of the Falkland winners of the Junior Kolapore Cup. His Lordship is an optimist as he expects the Colony to win the Cup ten times! However, we have won it twice and that leaves eight more shields for eight more wins.

 STORES DEPARTMENT.

(Continued from page 2 -

Now, Ladies and Gentlemen, I will ask you to give three hearty cheers for the 1934 Bisley Team.

After the cheers had been given wholeheartedly, Lieutenant Fleuret in reply said : Your Excellency, Captain Allan, Ladies and Gentlemen, I have attempted but once in my life to deliver a speech in public and that in 1930 when I had the honour of handing over to the Colony this same Cup, but I did not think at that time that I should be called upon four years hence to endure a similar ordeal and I hope you will be sympathetic with me if words fail.

On behalf of the team I wish to thank His Excellency for his kind and appreciative remarks. I would like also to convey to His Excellency, the Rifle Association, and the general public, an expression of our deep appreciation of this delightful dance organized in honour of our return.

I do not propose to comment at length on the competition for the Junior Kolapore Cup. The result speaks for itself. But I will say that in defeating a team led by Sir Arnold Hodson by a margin of ten points, I consider the Colony has achieved something of which it might well be proud. The conditions under which we had to shoot can better be imagined than explained when I say that the temperature in the sun during the competition was well over 100 degrees.

It was a matter of disappointment to us that we were not so fortunate in the Mackinnon competition but we hope that next year's team will meet with that success.

Great credit is due to Mr Alex. Martin for his splendid coaching in the Kolapore match and also to Captain Andrews and Lieutenant Middlemas both of whom coached the team in the Mackinnon competition.

As you are aware Private McAtasney had the distinction of reaching the final of that most important competition - the King's Prize - and he is to be warmly congratulated on his achievement.

While at Bisley we saw quite a lot of Sir Arnold Hodson and before he left he asked me to convey his best wishes to the people of the Colony on my return. I do so now.

It would not be proper for me to conclude without a word of praise for the other members of the team and I have to express my thanks for and appreciation of the support and assistance received from them at all times. The mutual good feeling and confidence which were so obvious between team and coach was the foundation on which they won that glorious victory under difficult conditions. (loud applause.)

His Excellency then presented the Local Bisley prizes afterwards being thanked by Captain Allan. In response the Acting Governor said that it had given him much pleasure to present the prizes and then went on to remark that he had heard people ask what is the use of sending a team to Bisley. "Personally," His Excellency continued, "I think it does a great deal of good. It brings the Colony into prominence and it also shows the world that our marksmen are second to none. Again it encourages the budding marksman to endeavour to qualify to represent the Colony at Bisley and perhaps some day equal Lieutenant Fleuret's record as Captain of the Colony's two winning teams in the Junior Kolapore Cup Competition.

THE LATE MR F.E. COBB.

We deeply regret to learn of the death of Mr Frederick Edward Cobb, aged about 88 years, of Furze Lane, Hove, England, who passed away on Saturday last, the 27th of October.

Mr Cobb was Managing Director and Chairman of the Falkland Islands Company from 1891 to 1914, eventually retiring from the Board of Directors in 1922 after being associated with the Company for some fifty-five years.

He first came to the Falklands in 1867, when he had to transship at Rio in a small paddle steamer for Montevideo there catching the Falkland Islands mail schooner "Foam" of 70 tons, and arriving in Stanley on the 6th of August. He finally returned to England in 1891.

AMBITIOUS RELIEF SCHEME.

The United States Public Works' Administration has submitted to President Roosevelt one of the most ambitious schemes ever worked out for the relief of the country's unemployed.

According to the Daily Telegraph correspondent the scheme involves the expenditure of 12,000 million dollars over a period of five years.

It is understood that the scheme came under discussion on Wednesday at a White House secret conference between President Roosevelt, the Treasury and State officials.

The unemployment figures announced by the Emergency Relief Administration provide a surprise and those receiving relief in September were considerably more numerous than during August while there has been an increase of a million during the six months since May.

GLEAM IN DISSOLUTION DARKNESS.

The French National Socialist Congress has provided the greatest success of M. Herriot's career, states the Nantes correspondent of the Daily Telegraph, since, after the first day's imprecations directed against the Premier, M. Doumergue, plans have been passed with only a few dissentients.

This is mainly due to Herriot's personal magnetism in the conflict raging about investing the Premier with dissolution rights, and the Radicals' congress has reached the decision that the same end can be achieved by a referendum and only procedure methods now block the passage to tranquility.

Herriot, however, has issued a warning which infers that difficulties might arise owing to the Saar Plebiscite.

### PROGRESS OF AIR RECORD BREAKERS.

Sir Charles Kingsford Smith has completed the 3,000 miles flight across the Pacific to Honolulu where he is now held up on account of bad weather.

Throughout the flight he maintained communication with shore stations and reported beautiful flying conditions though heavy rainstorms were encountered.

From Allahabad it was reported on Tuesday that Jones and Waller were taking off for Karachi at dawn that day, having already covered 6,470 miles in sixty hours with the last stage from Singapore being flown at 208.8 miles an hour. Jones and Waller were only flying during the day-time and resting at nights. They are making higher airspeeds than Scott and Black on the outward journey to Melbourne with their main intention being to break records for the round trip from London to Australia and return.

Melrose arrived at Melbourne at the conclusion of his flight from England at 2308 G.M.T. yesterday.

Fitzmaurice in the "Irish Swoop" has postponed his England to Australia flight indefinitely, the machine being returned to the American manufacturers for tests.

### THE SAAR PLEBISCITE.

According to the Daily Telegraph Paris correspondent 100,000 appeals have been lodged in respect of the Saar voting roll for the forthcoming plebiscite and while fears are expressed that the corrections might delay the plebiscite Saarbrucken messages indicate that the Commission is confident that all appeals will be disposed of by the 9th instant.

Anti-Nazis allege that the lists contain the names of some 10,000 to 15,000 persons who are working in the Saar but live outside, as well as those of officers, non-commissioned officers and officials of the old German garrison, with many dual entries and at least ten per cent being those of deceased persons.

---o---o---

### THE NAVAL TALKS.

Britain, Japan and the United States are unanimous in declaring that the super-dreadmought is the backbone of sea power, and consequently the British proposal for the limitation of ship tonnage on a smaller basis is regarded as definitely negatived states the Daily Telegraph.

As a result of this situation when the "battleship holiday" terminates in December 1936 Britain will be faced with the necessity of renewing her entire battle fleet of fifteen vessels by yearly instalments at a cost of £90,000,000.

Meanwhile the other powers are feverishly engaged in warship construction with building steadily increasing it is stated from the same source.

The British Air Force expansion by forty-one new squadrons has necessitated the re-engagement of 300 reservists.

A later message states that it is revealed that the preliminary Naval Talks have resulted in the the British naval plans encountering unyielding opposition.

While France, Japan and Italy are sympathetic to the British proposals for a restriction unit in the tonnage of cruisers, the United States has finally rejected the project.

Britain, supported by the United States, urges the total abolition of submarines but Japan and France refuse while Italy, agreeing on principle, is loath to grant France the monopoly of this weapon.

NAZI CHURCH COERCION TURN.

According to a Daily Telegraph report from the Berlin correspondent, thirty Bavarian peasants, claiming to represent all the protestants of their province, defied the Chancellery guards on Wednesday, and forced themselves into Hitler's office, demanding that the Nazi leader should be allowed to know the truth of the treatment of Bishop Meiser at the hands of the Reichs Bishop Mueller.

They were persuaded to return the next day for a more amicable submission of their views.

Meanwhile, states the Daily Telegraph correspondent, Hitler is moving towards neutrality in church affairs as indicated by the resignation of Dr Jaeger from "all church functions."

A later message states that Hitler suggests that the religious difficulties might be settled by a round table conference arranged by the Minister of the Interior.

---o---o---

THE EXPORT OF ARMS.

In answer to a question in the House of Commons yesterday, Sir John Simon, the Secretary of State for Foreign Affairs, said that the international agreement to prevent the supply of arms to Bolivia and Paraguay, initiated and pressed by His Majesty's government, had at last been put into operation.

All the arms manufacturing countries have been approached by the League of Nations Committee who had previously announced their acceptance in principle of the proposed embargo, and they now state that they have taken the necessary steps without any reservations as regards the execution of current contracts.

---o---o---

MANCHURIAN CHANGE.

Reuter's correspondent in Moscow reports that a complete agreement for the transfer of the Chinese Eastern Railway in Manchuria from Russian to Jap-Manchukuoan control is expected shortly.

The price is fixed at 140 million yen which is below the real value but is accepted by the Soviet as a token of its desire for peace.

BRITISH AIR DEVELOPMENT.

A scheme for the further development of British commercial air transport upon plans which the Ministry, in conjunction with the Post Office and Imperial Airways, have been actively engaged for several months past, will, it is hoped, be revealed within the next month or two.

This announcement was made yesterday in an interview by Sir Philip Sassoon, the Under Secretary for Air, who has just returned from a 19,000 miles flight over fourteen countries, and during which he has travelled as far east as Singapore and visited the Royal Air Force stations in Egypt, the North West frontier and India.

Sir Philip Sassoon's journey was made in seven different types of aircraft, civil and military, and he is convinced that civil air transport must, in the not far distant future, tend increasingly to supplant the older forms of transport.

During his long tour there were no forced landings and all the flights were made strictly to schedule.

He expressed his satisfaction that the speed race in the great Australia contest was won by a British machine and British engine, and paid a tribute to the excellent performance of the American Douglas machine flown by the two very able Dutch pilots.

But he did not wish it to be thought that there would be any special action on the part of the Air Ministry on the result of the race.

Referring to the work on the plans for ordered development which has been proceeding at the Air Ministry in conjunction with the Post Office and Imperial Airways for many months past, Sir Philip Sassoon said that they had reached the conclusion that the present flying times between London and the other Empire capitals must be progressively and drastically curtailed, and that measures must be taken for the further development of the air mail traffic in particular.

PROGRESS OF AIR RECORD BREAKERS.

Jones and Waller landed at Athens at 1326 G.M.T. yesterday and were expected to arrive in England to-day but the two fliers had decided to remain at Athens for the night, having arrived from Baghdad after an excellent journey.

The solo flier Melrose arrived at Melbourne at 1115 G.M.T. on Thursday being the seventh in the race to make his destination. It is considered probable that Melrose will be the winner of the handi-cap prize.

GOVERNMENT NOTICE.

Armistice Day Arrangements.

It is hereby notified, for general information, that the following arrangements have been approved by the Acting Governor for the observance in this Colony of Armistice Day, the 11th of November, 1934.

Divine Service will be held in the Cathedral at 10.20 a.m. at which His Excellency will attend officially and will be supported by the Honourable Members of Councils. The Falkland Islands Defence Force, the Stanley Sea Scouts, the Stanley Boy Scouts and Girl Guides, will parade and will take part in the service and subsequent ceremony.

At the end of the service the Acting Governor and the several parties on parade will proceed to the Cemetery.

At 11.00 a.m. a maroon will be fired from the Police Station. The customary two minutes silence will then be observed after which at 11.02 a.m. a second maroon will be fired and the Last Post sounded. His Excellency will lay a wreath at the foot of the Cross of Sacrifice and the Ceremony will terminate. Wreaths may then be laid by private individuals at the foot of the Cross of Sacrifice and on the Naval and Military graves.

It is hoped that as many of the public as possible will be present both at the Service in the Cathedral and at the Ceremony at the Cemetery and that Heads of Departments and Government servants generally will make a special effort to attend.

The children from the Government School will not be present at the Cathedral, but will be assembled and drawn up in readiness for the Ceremony at the Cross of Sacrifice.

By command,

Stanley,  
31st October, 1934.

A.I. Fleuret,  
for Colonial Secretary.

HITLER "BOWS DOWN."

Reuter's correspondent in Berlin states that Hitler has bowed down to the religious storm and the flags displayed on Thursday indicated that the "rebel" bishops have gained the victory. Since Hitler's interview with Bishop Meuser and others on Tuesday the police have been ordered not to interfere any further in church matters and henceforth the government will keep entirely aloof from church matters.

Reichs Bishop Mueller now becomes relegated to the background and Evangelical opinion has been voiced by the Dresden preacher Hahn - "God does not need Germany, but Germany needs God," taken as his text.

JONES & WALLER HOME.

Cathcart Jones and Kenneth Waller the two British airmen flying back to England in an effort to complete the double journey from Australia in eight days, arrived at Lympne, Kent, yesterday. They had three efforts at getting away from Athens but on two occasions they had to return there on account of bad storms while previously they encountered engine trouble and were assisted by the Hollisoms who are understood to have abandoned their effort to get to Australia and are returning home.

Although Jones and Waller did not achieve their ambition of lowering the record speeds for each way they made the journey to England (actual flying time) in a shorter period than Scott and Black's outward journey (actual flying time.)

NATIONAL WEDDING GIFT.

The London official press at noon Saturday stated that it has unanimously been decided to make a national wedding gift to Prince George and Princess Marina when they are married on the 29th instant.

A committee of nine Georges has been set up in London for the purpose of drafting a letter to the public and organising the presentation. The letter mentions the fact that though the Prince will be married under the title of Duke of Kent, the nation admire and respect him as Prince George and it is felt that a national wedding gift will express fully the whole of the nation's respect, admiration and loyalty to Their Majesties the King and Queen and to Their son Prince George.

Prince George and Princess Marina have informed the committee that they wish the national wedding gift to take the form of a fund which will be used to give a Christmas treat to the hundreds of children of the unemployed and also that the fund will be used to send sick and convalescent children of the unemployed to the seaside and country for a holiday.

The committee includes George Ferguson, George Lansbury, George Arliss, George Drummond and others.

FRANCE & DISSOLUTION.

The Daily Telegraph's correspondent in Paris on Saturday stated that the crucial points in M. Doumergue's constitutional reform plan have been discussed in unofficial quarters and it is thought that the suggested changes are very moderate.

He does not propose to abolish entirely the senate's right to veto dissolution but he requires more than a simple majority.

M. Doumergue had a long conversation Saturday morning with President Lebrun and it is reported that the latter is acting as mediator between the premier and the extreme radicals.

A later message stated that Saturday night's cabinet meeting ended with the threat of a government split undispersed.

An official communique states that "the premier submitted to the members of the government his plans for constitutional revision and explained the motives. The cabinet then examined the plans and their decisions were to be taken before a Ministerial Council."

M. Doumergue, on leaving the Quai d'Orsay said "The things went as well as could be expected."

Later the cabinet unanimously adopted Doumergue's plans.

A message yesterday, however, reported that the French government was facing defeat over Premier Doumergue's proposals to reform the constitution in an attempt to end the system of precarious and short-lived ministries which have prevailed since 1870.

At the most recent cabinet meeting six Radical Socialists, headed by M. Harriot, opposed the proposals empowering the President to dissolve the Chamber of Deputies without the consent of the Senate. They are afraid it will prove a loop-hole for a dictatorship it is stated.

A meeting of the Radical Socialists has been called to decide upon the party's attitude. If, as is considered likely, they support their Ministers in opposing reform, the government is expected to fall - probably on a vote of confidence - on Friday next states the Sunday Times correspondent in Paris.

The premier, in a broadcast yesterday said "The government's authority in France is non-existent. If the situation continues we shall rapidly arrive at a state of anarchy."

The premier declared that he would not hesitate to dissolve parliament and appeal to the country on the question.

NEW MOTOR INVENTED.

It is reported from Amsterdam that a Friesian engineer, named Wardenier, has invented a motor suitable for omnibuses, vans, lighter cars and other machinery which does not require petrol, oil or water.

The Daily Telegraph correspondent states that the power is based on the principle of compressed air and this has won the approval of the engineering profession, the government and the municipal authorities.

Tests prove that the unit is operative at a cost of from £3 to £4 over a full year's running.

A syndicate has been formed with a capital of £1,500,000 and it is expected that a factory, employing 13,000 hands, is being built for the production of motors for cars and omnibuses while another for the construction of heavy stationary motors for factories and a third for aeroplanes, trains and vessels are to be established early next year.

CLUB SHOOTING.

The outstanding incident of the practice shoots held this last week-end on the Range by the Club was the performance of the veteran marksman J.F. Summers who secured a possible at the 600 yards, returning the second highest card for the day on Sunday.

On both days - Saturday and Sunday - the light was good and though those who went up on Saturday had a strong wind to contend with those who went up the next day had the disadvantage of starting off with reasonable scores which, however, were in some cases spoilt at the last ranges by the difficult wind experienced between 11.0 a.m. and 1.0 p.m..

### FRANCE & DISSOLUTION.

A critical week for France began yesterday. The fate of Doumergue's government and of national union hangs in the balance.

A policy of constitutional reform was passed by the Cabinet on Saturday by a bare majority. Parliament will debate the question to-morrow (Wednesday) or Thursday.

To enable parliament to be free to devote all its attention on the constitutional question, the Premier is deferring the budget discussions and is submitting a bill immediately granting for three months credits that will meet the national expenditure.

The debate on this bill will probably decide the fate of the Doumergue Ministry, states the Daily Telegraph Paris correspondent.

### ELECTION DAY IN U.S.A.

To-day (Tuesday) is election day and 47,949,928 American citizens go to the polls to elect a new House of Representatives of 435 members, 31 out of 96 senators, the governors in 33 States and a number of subordinate officials all over the country.

The sole issue before the electors is : Do American people wish President Roosevelt to continue with his "New Deal" programme in his own way ?

The question is to determine the extent to which the Administration, the Democratic Party and the President in particular retain control of the Congress.

But all the portents point to another triumph for the New Deal and a fresh vote of confidence in Mr Roosevelt says the Daily Telegraph correspondent. There are many signs lately that the President has begun to swing back from the "left" or extreme policies that marked his first year of office to more orthodox schemes.

### THE LENA GOLDFIELDS.

It is reported from Moscow that the long standing dispute between the Soviet and Britain over the cancellation of the Lena Goldfields concession was settled on Monday.

An agreement has been reached whereby Russia agrees to pay £3,000,000 in compensation over a period of eight and a half years in complete settlement of all claims.

The Arbitration Court in London has awarded the company £12,265,000 against the Soviet who have refused to acknowledge the Court's award.

A SPRING CABBAGE.

The day before yesterday Captain W.M. Allan cut from his garden a fine spring cabbage with a heart weighing over 1½ lbs. Set late last autumn with a number of others now well grown and promising further succulent dishes within a few days, this vegetable seems to have become imbued with the modern "record" tendency. A gardening enthusiast informs us that it is yet exceptionally early for a spring cabbage to be so well developed.

A LOST HOPE TO GERMANY.

According to a message from Cape Town, South West Africa has secured the necessary two-thirds majority to enable it to join the Union Government as the fifth province.

The Union party's striking success in winning ten of the twelve seats has dissipated Germany's last hope of her former colony being restored.

Major Weigall, the Nazi leader in South West Africa, has been served with an order to leave the colony within three weeks.

| J.R. Gleadell. | J.F. Summers.   |
| J.W. Grierson. | W.J. Summers.   |
| J.J. Harries.  | G.H. Thompson.  |

The first two of these trial shoots have been fixed for Saturday, the 10th of November, commencing at 1.30 p.m., and Sunday, the 11th, commencing at 1.00 p.m., on the New Range.

Markers will be provided but ammunition will be charged for at the usual rate of 6d per 10 rounds.

Shooting will take place at the 300, 500 and 600 yards distances - 1 sighting shot and 10 rounds to count at each range.

The order in which the members will shoot has been arranged as follows :

- At 300 yards - Members will shoot in the order in which they arrive at the firing point.
- At 500 and 600 yards - Members will draw for places.

The signal for shooting will be the "F.I.D.F.R.A." Flag hoisted at Headquarters at 12.00 noon on each day if weather conditions are considered suitable.

- o -

A Club Practice will also be held on the Old Range on Saturday and Sunday, the Range Officers for the week being : Saturday - J.M. Campbell; Sunday - J.J. Harries.

Class Firing.

On Sunday last No. 1 Platoon of the Defence Force put in their Class Firing Annual and with only one member absent the turn-out was exceptionally good. The weather for open sight shooting was all that could be desired and the shooting was of a very high standard indeed, two members dropping only six points out of an aggregate of 120. The whole course embodied sharp-shooting, rapid and deliberate fire.

The best scores at each practice were :

The Disarmament Conference chairman, Mr Henderson, proposes from Geneva that the forthcoming meeting of the Bureau Commission should be held on the 20th instant and that it should recommend the conclusion of separate protocols embodying questions upon which some agreement has already been reached.

He makes it clear that the fundamental aim of the conference has not been abandoned.

GERMAN WINTER SCARE.

The German Cabinet, on Hitler's instructions, has appointed a "Price Commissioner" states the Daily Telegraph Berlin correspondent, to ensure that the food prices will not rise during the critical months of the winter.

The appointment has been given to the Burgomaster of Leipsig, Herr Gordeler.

The drive is to be against high prices and is due to commence about the middle of this month, wholesalers and retailers being threatened with exemplary punishment. Many butchers shops have already closed because prices refused to respond to political consideration.

---o---o---

GOVERNMENT HANGS IN BALANCE.

A pointer in France's feeling towards the Premier was shown on Tuesday, states the Daily Telegraph Paris correspondent, by the action of the delegations of the organisations representing a membership of three and a half millions, chiefly war veterans, who have given assurance of supporting M. Doumergue.

The debate in the Chamber on constitutional reform takes place to-day (Thursday) but at a Radical meeting held on Tuesday it is learned that opposition would be made to the Finance Bill and if such is the case, M. Herriot and his party colleagues, will be unable to remain in the Cabinet.

It is considered that a confidence vote will be passed by a small majority owing to Radical abstention, but there remains the possibility of Radical resignations.

The Socialists have already decided unanimously against constitutional reform and credits.

THE SAAR SITUATION.

Collated reports have been received in London from Paris and Berlin with reference to the Saar situation on the suggestion that France will re-occupy the territory.

Paris states that the precautions outlined are for the purpose of preventing disorder while Berlin refers to the French attitude as "playing with fire" and an attempt to influence the plebiscite.

---o---o---

CLEVELAND SHOPS RE-OPENING.

It is stated from Washington that the Atlantic and Pacific Tea Company and the trade unions have agreed upon a settlement which has been proposed by the Labour Relations' Board and this provides for the re-opening of some 300 of the company's shops in Cleveland and the re-engagement of all employees.

---o---o---

PRECAUTIONS IN AUSTRIA.

Extensive precautions are being taken by the Vienna authorities during the visit of the Hungarian Premier, Dr Gombos, who had a conference with the Austrian Chancellor on Tuesday.

Dr Gombos afterwards left for Rome where he is to have an interview with Mussolini.

EGYPTIAN DIFFICULTIES.

Difficulties are looming up in the Egyptian Cabinet and a Reuter message from Cairo on Tuesday reported that the Premier, Yehiah, had an audience with King Fuad that day and tendered the resignations of the Agricultural and Communications' Ministers.

His Majesty was considering a further audience with the Premier but it was denied that the purpose was for considering the resignation of the entire Cabinet.

Meanwhile the king has developed ill-health but a bulletin now states that his condition gives no cause for alarm and he is making progress. Meanwhile the political situation still remains unclear and it is unknown whether the King has accepted or rejected the resignations of the two Ministers.

Well informed circles believe that the whole Cabinet will undoubtedly resign within a few days unless an agreement is reached between Ahmed Zivar Pasha, the newly appointed chief of the royal Cabinet, and Mr Petersen, the British Acting High Commissioner.

ROOSEVELT'S SWEEPING VICTORY.

The American people, a message from Washington reports, have given President Roosevelt and his "New Deal" an overwhelming confidence vote in the most amazing support ever accorded the President during his term of office with the Democrats sweeping the country from coast to coast.

It may now be said that the "New Deal" has taken a place in both parties which have been merged into one bloc almost too unwieldy but solidly behind the administration.

The effect of the Congressional elections practically wipes out Roosevelt's opposition and the following are the latest results in the House of Representatives.: Democrats 301, Republicans 99, Progressives and Farmer Labourites 4 each; 28 returns are awaited but it is definite that the President is supported by the most powerful Democratic representation in the history of the House.

According to the Daily Telegraph correspondent in New York the early election returns indicated the sweeping victory which was afterwards so apparent. The President has, thereby, won a clear right of way for the next two years, even the Republicans watching the first figures on a heavy poll, conceding him this.

The police have been rounding up all the known criminals on vagrancy charges in order to avoid conflicts in New York while the city has returned to prohibition until the closing of the books thus ensuring quiet throughout the metropolis.

Elsewhere, however, riots and shootings have occurred and following a machine gun outrage at Hazeldon Street fighting has been reported. There have been wholesale arrests at Pittsburg and Philadelphia while riots have broken out in Missouri and troops have been called out in New Mexico.

#### EGYPTIAN CABINET RESIGNS.

King Fuad has accepted the resignation of the Cabinet, this being the climax to the political confusion consequent upon his illness. The retiring premier in his letter of resignation alleges that the attitude of the British Residency during the crisis constituted "unwarrantable interference."

Tewfik Nessim Pasha, a later message reports, accepted the Premiership on the condition that King Fuad immediately dissolved parliament & allowed the Pasha a free hand in the direction of policy. King Fuad is most unlikely to accept these conditions.

THE ARMISTICE.

As throughout the Empire, Stanley and the Falklands yesterday observed Armistice Day with its significance for the perpetuation of peace.

The usual Commemoration Service was held in the Cathedral Church yesterday morning attended by His Excellency the Acting Governor, Members of Councils, the Defence Force under the Command of Captain W.M. Allan, with Lieutenants S.W. Harding and A.I. Fleuret on parade, the Sea Rovers, Boy Scouts and Girl Guides under their respective officers, Government Officials and members of the general public. The Very Reverend the Dean conducted the proceedings.

Following the service His Excellency the Acting Governor and the several parties on parade proceeded to the Cross of Sacrifice with the Defence Force headed by the Brass Band. There, the Two Minutes Silence was duly observed with the ceremony concluding with the sounding of the Last Post by Corporal F. O'Sullivan and Private H. Summers, and the laying of wreaths at the foot of the Cross by His Excellency, Lieutenant A.I. Fleuret and Captain Allan.

NEW FRENCH SCANDAL ?

The outcome of the first meeting of the new French Cabinet on Friday afternoon was the decision to take firm steps for economic reform, states the Daily Telegraph Paris correspondent.

The realisation that Premier Flandin stands for the maintenance of the party truce and trade expansion has led to a remarkable manifestation of confidence on the bourse and stocks soared to boom proportions.

Nevertheless, there are rocks ahead for the new administration in a new financial scandal threatening to eclipse the Stavisky affair. The chief company concerned is the Societe Speciale Financiere, controlling some thirty subsidiary companies. But though it is believed that they are threatened with bankruptcy, a legal announcement has been made to the effect that there is only a temporary difficulty.

It is stated that millions of francs are involved and that the Public Prosecutor has issued preliminary charges of breach of trust against prominent officials on the complaint of the Foreign Minister.

GERMAN PRESSURE IN SAAR.

The Saar Governing Commission President, Mr Knox, has reported to the League of Nations that pressure is being exerted on the Saar inhabitants by the extension of the "German front".

Based on documents seized by the Saar Police, the report states that the German front is relying not only on the cooperation of certain Saar officials but on the support of envoys also, while an indefinite Nazi secret police of nearly 10,000 strong, of which 1,500 are women, are active propagandists.

Mr Knox added that he was also subjected to espionage within his own house in the person of the butler employed by the Nazis to over-hear dinner-table conversations.

NAVAL COMPROMISE.

A Reuter message from Tokio states that the British compromise suggestion made to the American and Japanese naval delegates in London, which recognises Japan's claim for equality on certain conditions, is receiving the attention of the Japanese Cabinet and Foreign Office.

The British proposals are appreciated as an effort to reach an amicable conclusion but they are considered to be far from the original Japanese suggestions.

The Japanese press declares that if the London Talks fail the fault will be America's in refusing to concede Japanese equality.

AN IMPRESSIVE ARMISTICE.

His Majesty the King attended the Cenotaph Armistice Service on Sunday with the Prince of Wales & the Duke of York while the Queen watched the ceremony from the Home Office windows.

Among those present were : the Premier, Mr Ramsay MacDonald, Mr Stanley Baldwin, Mr Neville Chamberlain, Sir John Simon, Lord Halifax, Lord Londonderry and Sir Kingsley Wood while the Empire countries representatives were present headed by General Smuts.

The attendance at the Cenotaph, with night-long queues for wreath-laying showed an increase over previous years.

The Duke of Kent acted for His Majesty at Edinburgh where the ceremony was most impressive with 10,000 attending. Throughout the provinces the solemn occasion was honoured as never before.

In Melbourne the Armistice feature of the Centenary Celebrations was the unveiling and dedication of the Shrine by the Duke of Gloucester. Tens of thousands of people gathered from early dawn for the ceremony and the proceedings opened with a march past of 25,000 returned soldiers, twenty-five abreast, who took up a position in the vicinity of the shrine. The Duke's speech was amplified through thirty-two loudspeakers.

It is understood that 317,000 attended while from all parts of the Empire messages continue to arrive stressing the day's observance with solemn ritual.

A message from Washington states that President Roosevelt led the American nation's Armistice observance by laying a wreath on the unknown warrior's tomb at Arlington while Mrs Roosevelt laid a single white chrysanthemum. Five thousand people witnessed the ceremony and joined in the two minutes silence.

The Armistice Celebrations in Paris were affected by the prevailing political tension and strong police forces were concealed about the Arc de Triomphe and other potential centres of disorder but outbreaks were confined to minor incidents with only a few arrests.

A warm welcome was given yesterday by the townspeople to H.M.S. Exeter which dropped her anchors inside the Narrows at 10.0 o'clock on her return visit to the Colony and, incidentally, on the first anniversary of the commencement of her commission in these waters. We add to this our own salute and hope that Commodore A.E. Evans, O.B.E., R.N., his officers and men will once more enjoy a happy stay in these Islands.

The following telegrams have been exchanged between His Excellency the Acting Governor and the Commodore :  
"In the name of the Colony and myself bid you all a very cordial welcome. We are delighted at prospect of your return on Sunday and trust that you will thoroughly enjoy your stay. (sd) Craigie-Halkett, Acting Governor." 16th November.

"Thank you for your hearty welcome we have for long looked forward with pleasure to re-visiting your Imperial Outpost. (sd) Commodore, Exeter." 17th November.

To-day the official visits will be made and we understand that a full programme of activities is being arranged. Yesterday, by kind permission of the Commodore, the ship was open to the public.

This visit of H.M.S. Exeter is of particular interest to Stanley people for on board is J. Harries, a Falkland Islander who has joined the Royal Navy and who last came to Stanley in H.M.S. Dragon in July 1930.

LEGISLATIVE COUNCIL MEETING.

The Estimates.

The principal business before the Legislative Council which met in the Council Chamber on Friday last was the passing of a Bill to provide for the Service of the Year 1935. His Excellency the Acting Governor presided and the following members were present - Major the Hon. J. Innes Moir (Senior Medical Officer), the Hon. G. Roberts (Director of Public Works) and the Hon. L.W.H. Young (Unofficial Member) with Mr A.I. Fleuret (Clerk.)

In commenting on the Bill His Excellency pointed out that so far as concerns the Colony proper, the Ordinary Revenue of £52,761 exceeded the Expenditure by £167 and the Government did not propose to make any change of policy or alterations in taxation.

The Ordinary Revenue of £52,761 for 1935 exceeded the approved estimate for 1934 by £783. The estimate of the Ordinary Expenditure for 1935 was put at £38,124 or more by £832 than the original estimate for 1934; under all heads the expenditure amounted to £52,594 or more by £662 than the approved estimate for 1934. In addition it was proposed that a sum of £10,750 should be charged to surplus balances making a total estimated expenditure for the year 1935 of £63,344. The changes proposed under the Ordinary Expenditure were few and did not seem to call for special comment but with regard to the Extraordinary Expenditure, provision had been made for carrying on certain works - principally the track towards Fitzroy and the North Camp - while provision had been made under the Appendix for improving the equipment of the wireless station in accordance with proposals put forward through the Secretary of State.

The Dependencies' Revenue for 1935 had been put at £15,300 with the Expenditure totalling £16,363, the revenue having been calculated on the basis of the operations actually to be conducted by the two companies who are to operate under licence during the 1935-6 season and so be liable to pay duty to the government. The expenditure showed a decrease compared with that of 1934 to the extent of £1,617.

In conclusion His Excellency said that the Estimates had been framed on sound lines but it had been a difficult task and it had been necessary to proceed with caution. Furthermore, as the new Governor would be coming out to Stanley early next year he would no doubt be consulted by the Secretary of State about the estimates and certain provisions that had been considered might not meet with his wishes.

Stanley Rating.

Five other Bills were passed in addition to two Resolutions one of the latter dealing with the Stanley Rating in which it was resolved that 1/9d in the pound should be charged on house property in Stanley for the year 1935. The Council also resolved to sanction the expenditure of £3,241 9s. 9d. from public funds for the additional provision required for the service of the Colony and its Dependencies for the year 1934.

The five other Bills dealt with : the amendment of the Tariff Ordinance, 1900, as amended by the Tariff (Export Duties) amendment Ordinances, 1923 and 1924; provision for the institution of a system of quota regulation of imports of foreign textile goods; the amendment of the Dangerous Drugs Ordinance, 1925, as amended by the Dangerous Drugs (Amendment) Ordinance, 1926, and the Dangerous Drugs (Amendment) Ordinance, 1932; the prohibition of the passing of sentence of death upon expectant Mothers; and the provision of a woman, under certain conditions, being convicted of infanticide.

STANLEY WELL BEATEN.

H.M.S. Exeter obtained an easy victory over Stanley yesterday afternoon when these two teams met on Government House Paddock in an association football match, the ship scoring six goals to Stanley's one.

Throughout the game the visitors were far superior to the home-sters who lacked combination while the sailors' complete understanding one with another kept their opponents at sixes and sevens, though the latter certainly worked hard in trying to stem the onslaught on their goal. The scorers were Blades (3), Nicholas, Fitzgerald and Ward, one each for the ship; and Grant for Stanley.

The teams were ;  
 H.M.S. Exeter : Toms; Lewis & Chism; Howatt, Nicholson & Edwards; Nicholas, Fitzgerald, Blades, Ward and Ellis.  
 Stanley : Thomas; Aldridge & Wallen; Williams, O'Sullivan & Atkins; Clifton, Grant, D. Fleuret, Pike & Creech.

BRITISH FOR BRITISHERS.

The Empire Industries Association, in analysing the Board of Trade returns, states that the British manufacturers' exports to Empire countries are making rapid headway.

During the first ten months of 1933 the British manufactured exports to foreign countries exceeded those to British countries by over £11,000,000 but in the corresponding period for 1934 the British overseas exports exceeded those to foreigners by £4,000,000.

The total value of manufactured exports to British countries in 1934 to date is £128,000,000, being an increase of £17,000,000 while those to foreign countries have increased by approximately £2,000,000.

ARMS & THE COUNTRIES.

It is reported from Washington that the American plan for the international control, manufacture and traffic of arms and munitions by the licensing and publicity provisions provided therein was to be formally presented to the Disarmament Steering Committee yesterday, although Mr Wilson, the United States delegate at Geneva, has already outlined Washington's views to Mr Henderson, states Reuter's correspondent.

It is learned from Tokio that the Minister of Finance, Fujii, has decided to propose tax increases and new taxes producing 30,000,000 yen additional revenue among which, on the strong recommendation of the Minister for War, there will be a tax on munition factory profits.

---O---O---

ASSASSINATION COMPLICATION.

According to a bulletin from Geneva a memorandum on the assassination of the late King Alexander is being handed to the Secretariat of the League of Nations some time this week by the Jugo-Slav government, declaring that a situation threatening peace has developed between Hungary and Jugo-Slavia.

The memorandum contains an indictment of Hungary including documentary evidence and photographs which, it is alleged, establish the complicity of Hungarian officials in the conspiracy that resulted in the king's death, and further asks the League to take such measures as may be deemed appropriate to remove the threatening situation.

With the exception of the French Foreign Minister, M. Laval, all the principal delegates to the special assembly have arrived at Geneva. It is learned that there is complete agreement on the course to be taken relative to the Marseilles murders and it is practically settled that the question will not be debated in public or private by the present session, but that it will be placed on the agenda of the next council.

(Special Correspondent.)

Here they are again. The "UNDEFEATED" are under way again. Roll Up in your thousands and see how the game of Soccer should be played.

The undermentioned team have been called from the Fireside, Home, wife and Beefhounds (kiddies) to uphold the prestige of the British Empire and any other country they belong to.

Oh ! Boy ! To have seen these "Old Has-beans" in their prime would have been an eye-opener to all and sundry of the present day. They are all proud possessors of many caps, some Blue and others White Duck, many have had peaks attached.

The public of the Falkland Islands have asked them as a special favour to come out of retirement and demonstrate their old prowess. What magnanimous men they are. Men, women and children, do not miss this match. Come and see something you have never seen before nor, perhaps, will ever see again.

No entrance fee. Everything Grippoo.

OPENING OF PARLIAMENT.

Although fog robbed London on Tuesday of its pageant and the King and Queen drove to Westminster for the State opening of Parliament in a closed car instead of a great gilded coach with postillions and outriders, large crowds nevertheless lined the route and loudly cheered Their Majesties who, in order to mitigate the people's disappointment, had given special orders that their car should proceed slowly.

In the House of Lords where the King delivered his speech from the throne, the ceremony had all its customary mellow dignity,

The Duke of Kent, by virtue of his recently conferred peerage, was present for the first time and sat near his brothers, the Prince of Wales and the Duke of York.

His Majesty's speech took only a few minutes, after which, the King and Queen, followed by their sons, left the Chamber. They were again loudly cheered as they drove back to Buckingham Palace.

---o---o---

COTTON DISSATISFACTION.

Yesterday dissatisfaction was expressed at the "meagre concessions" granted by the Australian government in connection with their cotton duties at the meeting of the Cotton Traders' Organisations in Manchester.

Immediate representations are being made to the Board of Trade for transmission to the Commonwealth.

It is learned from Sydney that Premier Lyons will attend the King's Jubilee celebrations in London when the opportunity will be taken to discuss trade matters.

---o---o---

DOUGHTY DOUMERGUE.

M. Doumergue, in an interview with a newspaper man on Tuesday indicted the younger generation of politicians. He stated that if he had had the duty of forming a new cabinet of twenty members he could not have done it within the confines of the present parliament. The Daily Telegraph correspondent adds that he said that he had been broken on petty interest and the decadence of the individual could only be remedied by the elector.

---o---o---

IN THE HOUSE OF COMMONS.

There was a large attendance in the House of Commons on Tuesday when the members, on re-assembling, soon settled down to the work of this new and important session.

The address to the throne was moved and seconded as is usual, by a private member, on this occasion by Mr N.K. Lindsay, and Colonel Kerr. Both the leader of the opposition, Mr Lansbury, and the Prime Minister were early speakers in the debate which followed

ROYAL BRIDE IN ENGLAND.

On Wednesday morning Princess Marina, accompanied by her parents and her two sisters, left Paris for London. They were seen off by the British Ambassador, Sir George Clerk, and his staff, and representatives of the French Government, besides a large crowd of well-wishers.

Meanwhile the Duke of Kent in order to avoid the possibility of delay through fog, left London by an early train to meet his bride-to-be at Dover. Formal and public interest is being taken throughout Great Britain in the Royal Wedding.

Despite the fog, which reduced visibility to a few yards, immense cheering crowds gathered at Victoria Station and lined the route to Buckingham Palace along which Princess Marina and the Duke of Kent drove on arrival in London Wednesday afternoon.

The King and Queen, Prince of Wales, Duke and Duchess of York, and the Princess Royal and Lord Harewood were on the platform when the special train arrived and they cordially greeted the Princess and her parents who were accompanied from Dover by the Duke of Kent.

On leaving the station the King and Queen entered the first car with Prince and Princess Nicholas of Greece and the Duke and Princess Marina occupied the second.

They did not conceal their pleasure at the popular enthusiasm of their reception and smilingly returned the salutations which continued until they reached Buckingham Palace. Later the Duke and Princess drove to York House to take tea with the Prince of Wales.

STOKERS WIN INTER-PART TROPHY.

In an exciting match on Saturday afternoon the Stokers Starboard won the Inter-Part Football Association final against the Torpedomen by 3 - 2 after playing extra time and after being within an ace of losing the game.

The Torpedomen scored within a few minutes of the opening of the game through Freeman. At half time there was no alteration to the score and it seemed that the Torpedomen would be the winners inspite of the determined efforts of the Stokers. But practically with the last kick of the match Nicholson scored the equaliser.

After a minute's play in extra time Morris put the Stokers ahead and Fitzgerald increased the lead eleven minutes later. Immediately after the change over the Torpedomen got another goal, Crossley deflecting the ball into his own goal. Just as the whistle was about to blow a fumble by the Stokers' goalie nearly brought about the Torpedomen's equaliser.

Result - Stokers 3 ; Torpedomen 2.

THE ROYAL WEDDING.

London's Gift.

The Lord Mayor of London, wearing his robes of office, with the Sheriffs and Alderman, drove to Buckingham Palace on Friday in four coaches, followed by the members of the City Corporation in fifteen motor-cars, to present formally, the City's wedding gift of plate and jewellery to the Duke of Kent and Princess Marina.

It is many years since the Lord Mayor has made a semi-state visit to the palace. Other deputations bearing presents, including Mr Montague Norman, the Governor of the Bank of England, were also received by the Duke and the Princess.

The King of Norway, who is to be at the wedding on Thursday, arrived at North Shields on Friday. The King and Queen of Sweden are due to arrive in England to-day.

Their Majesties the King and Queen are giving a State Banquet at Buckingham Palace on the evening of the wedding day in honour of the King and Queen of Denmark who are also to be their guests for this royal event.

Traffic Preparations.

Elaborate traffic arrangements have been made by the police for the occasion of the wedding and in addition to the Royal Route itself large numbers of neighbouring streets will be closed after 8.0 a.m. and a net-work of alternative routes has been arranged to form a ring round the wedding traffic area.

London is being re-sign-posted to assist traffic along the new channels and on Wednesday between noon and midnight five thousand special signs will be erected in this outer ring.

CONSERVATIVES & GOVERNMENT.

In a speech at Birmingham on Friday, the Chancellor of the Exchequer, Mr Neville Chamberlain, said that after three years with the three-party government in power, he did not think that the country yet desired the combination to come to an end. Although in the nature of things it could only be transitory, the world conditions were such that it could not afford to lose such a stable government.

The government had entered upon a session of outstanding importance in the history of the British Empire, notably - the question of the future of the Indian Empire.

Everyone was agreed that there must be an advance towards self-government in India, but not such a complete system of self-government as to deprive her of the guidance and direction of Britain which had brought her out of chaos to her present condition of peace and security.

The differences which appeared in the Conservative party on the subject were narrowed down to two things - how far should they go, and how fast they should go. He thought that after consideration, the majority of the Conservative Party would be of one mind.

SOUTH AFRICA BANS NAZIS.

A message from Pretoria states that the Department of External Affairs has issued an official statement giving the reasons for the banning of the South African Nazis and the expulsion of their leader Major Weigel, adding that the minds of the party leaders and German speaking members had no loyalty and authority other than that of the German nation, which state of affairs the Union Government could not tolerate.

 of an inch was recorded in the  
 water gauge while another  $\frac{1}{2}$  in.  
 has fallen up to this morning.

This welcome supply, al-  
 though upsetting most of the  
 week-end arrangements, has un-  
 doubtedly put the Stanley water  
 supply practically on a normal  
 footing.

MANCHUKUO OIL.

Sir John Simon, stated in the  
 House of Commons yesterday that the  
 British Ambassador in Tokio had been  
 instructed to communicate to the  
 Japanese Government the observations  
 which the Japanese reply to British  
 representations regarding the Man-  
 chukuo oil monopoly appeared to re-  
 quire.

The whole question, he added,  
 still engaged the close attention of  
 the British Government, but he could  
 say nothing further at present.

Asked if the Government were  
 cooperating with the United States  
 & other countries interested in  
 the matter, Sir John Simon said that  
 all proper contact was being kept.

BRITISH TRADE NEGOTIATIONS.

Negotiations for the conclu-  
 sion of trade agreements with Great  
 Britain are proceeding with Poland,  
 Uruguay and Turkey, stated Colonel  
 Colville in the Commons yesterday.

He added that discussions  
 about protective duties are taking  
 place in India with the possibilities  
 of an arrangement of a limited scope  
 with Italy being explored.

A convention covering a number  
 of matters normally dealt with under  
 commercial treaties is also being  
 discussed with France.

ROYAL WEDDING EXCITEMENT.

Throughout the Empire and particularly in London everybody is keyed up to a high pitch of excitement in anticipation of Thursday's Royal Wedding between The Duke of Kent (His Royal Highness Prince George) and Princess Marina of Greece.

Wedding Week in London began yesterday & throughout Britain preparations were undergoing the final touches to make this week a fitting climax to the Royal Romance, while the Metropolis is expected to experience the most colourful week known for years. The greatest crowds London has seen for a quarter of a century are expected while special trains are being run, with the hotels, restaurants & theatres planning galas.

Barricades, which are anti-

cipated as necessary for crowd restraint are being erected along the route & orders have been issued for traffic control.

The gathering in London now represents practically all European Royalties & high diplomatic personages.

His Majesty the King held a private dinner party yesterday at Buckingham Palace when the Royal guests & the engaged couple were present.

To-day & to-morrow there are wedding rehearsals at Westminster.

INSULL HAS HOPES.

The acquittal of Samuel Insull on fraud charges met an enthusiastic court reception in Chicago on Saturday, the financier subsequently stating that this was the commencement of his vindication.

The other cases against him have not yet been heard. They are the Federal charges of removing the assets from a bankrupt corporation and State charges of embezzlement based on the alleged use of company funds for stock speculation.

ENGLISH CHURCH AS PATTERN.

The latest development of the church situation in Germany is the police seizure of Reichsbishop Mueller's religious journal on the grounds of its advocacy of "every means" by German Christians to attain their aims by deprecating a fight with "palm leaves and peace songs" and calling upon Herr Goebbels to forbid all publications by opposition clergy.

It is possible that there will be a final separation between the Church and the State & that the Church of England organisation will be adopted as a model for evangelical constitution.

FORD FEUD OVER.

A meeting which is regarded as terminating the Roosevelt-Ford feud has taken place with Ford's son, his business associate & his wife dining with the President on Sunday.

Edsel (Ford's business associate) denies that the company has signed the N.R.A. compliance certificate, stating that they were already fully complying with the code requirements.

PETPOL FROM RUBBER.

The Fuel Research Board in London states that successful experiments have been undertaken to demonstrate the possibility of the extraction of motor spirit or lubricating oil from rubber by hydrogenation, but the process is uneconomic unless rubber is at a very low price.

SCOTT-PAINE HONOURED.

Scott-Paine of Great Britain has been presented with the International Gold Medal for the best 1934 motor-boat racing performance. The award has been made in Brussels.

This is the world's highest award in this particular field & was won in "Miss England III."

BALKAN SITUATION.

A meeting of Balkan "Interests" under secretive conditions, states the Daily Telegraph correspondent in Vienna, has set Central Europe agog with expectation.

The principal question to be decided is the line likely to be taken by the "Revisionist States" - Austria, Hungary & Italy - if Yugoslavia should follow up her League Note by demands on Hungary of an ultimative nature. These secret talks are being held at the old Hapsburg Imperial Shooting Lodge & it is reported that the Italian Minister in Vienna will be present while another report which was subsequently denied was that Suvich, the Italian Foreign Secretary, flew secretly to the meeting. An official statement from Rome says that responsible circles consider that the situation is delicate but they do not believe it would immediately lead to more serious complications.

EQUALITY FOR JAPAN.

A New York Senator has expressed the opinion that Japan's decision to terminate the Washington Treaty is justifiable. He is for calling on the United States & Britain to grant Japan naval equality if an arms reduction is honestly sought.

THE BOMBARDMENT.

On account of the bad weather yesterday the Bombardment of Horse Point by H.M.S. Exeter had to be postponed until to-day.

The PUBLIC are warned, therefore, to avoid the vicinity of that Point to-day between the hours of 2.0 and 4.0 p.m.

R.S. PENOLA.

The Research Ship Penola, of the British Graham-Land Antarctic Expedition, with Mr Rymill and the remaining members of the explorers is arriving to-day.

Meanwhile the shipment of the expedition's stores to R.S. Discovery II is proceeding apace and the latter vessel is expected to leave for the South within a day or two.

EXPRESS TRAIN CRASH.

2 Killed.

The driver & the fireman of an express train from Cambridge to London were killed and several persons were injured when the train, travelling at 45 miles an hour, crashed into a motor-lorry yesterday morning at a level-crossing at Wormley, Hertfordshire.

The engine overturned. The two men in the lorry escaped with injuries although their vehicle was smashed to pieces.

TWO MILLION TREES.

More than 2,000,000 trees were planted in Britain last year by the Forestry Commission. During this winter another million will be set throughout Great Britain and 3,500 men will be engaged on this work.

H.M.S. Exeter concert report will be published to-morrow.

BOXING THRILLS.

There was a large attendance at the Gymnasium yesterday evening to witness the Boxing bouts and fencing displays given by H.M.S. Exeter. His Excellency the Act-Governor was present but Commodore A.E. Evans, O.B.E., R.N., was unfortunately prevented from attending on account of a cold.

The most popular event of the meeting was the combat between Mne Colwill and Garry Walsh - a local boxer - in a four-two-minute-round contest. The Marine proved the winner on points but Walsh was heartily congratulated by the referee on his display.

Practically every one of the boxing events drew blood while in one the spectators had the satisfaction of witnessing a knock-out - this being the fight between Mne Wright and A.B. Rudling, the former "going to the floor" in the second round.

The results of the contests were :

O.S. Sleep beat Sto. Tonge.

Mne Febrey beat Sto. Morris.

### ROYAL WEDDING FESTIVITIES.

Not since pre-war days have so many members of Royal Families been present together in London. On Monday night the first of the official festivities in connection with the Royal Wedding was held at Buckingham Palace where the King and Queen gave a dinner party to the Royal Visitors.

Three ruling monarchs - King George, King Christian of Denmark and King Haakon of Norway - were at the head of the table and altogether 98 guests were present.

A considerable crowd watched their arrival - indeed, popular interest in the wedding personalities is so great that Buckingham Palace and York House have their crowds of varying sizes from early morning to late at night, while on the wedding day, road and rail excursions are expected to bring several hundreds of thousands of extra spectators to London.

Yesterday morning's crowd at Buckingham Palace was rewarded for its patience, not only by the sight of King Haakon and the King & Queen of Denmark, but by the arrival of all eight bridesmaids who visited Princess Marina to talk over wedding plans.

At York House the Duke of Kent received many deputations from the different public bodies in the city and the diplomatic representatives of various countries, bearing presents.

The Prime Minister and the Cabinet are presenting the Duke with a study writing table and chair, fine examples of modern British craftsmanship, designed by the staff of the Office of Works.

Many London thoroughfares are already decorated for the wedding.

#### Final Arrangements.

Their Majesties the King and Queen drove to Westminster Abbey yesterday morning to inspect the final arrangements for the Royal Wedding. Rehearsals of the wedding ceremonials, in which the bridesmaids took part, were held yesterday morning at the Abbey and in the private Chapel at Buckingham Palace where the Greek Church ceremony will take place.

#### London Gaily Decorated.

Groups of workmen were engaged in finishing the public stands along the route and decorating the tall trees with bunting in which the British colours blend with the blue and white of Princess Marina's country.

Last night, the air was filled with voices as the elaborate broadcast apparatus was being tested. Sixty loud-speakers, fourteen tons of Marconi gear, and 110 miles of wire have been fitted so that all people along the route can be kept informed of the progress of the Royal Procession and can hear clearly the broadcast of the wedding service inside the Abbey.

Practically every town of importance throughout Britain will also be equipped with Marconi-phone apparatus and, of course, all broadcast will go to the Empire and to many foreign countries besides to ships at sea.

#### Display Of Wedding Gifts.

The wedding gifts comprise a magnificent display. For weeks past they have been coming from all parts of the world and now number nearly 1,000. They include some superb jewels - part of the King's present was a necklace of thirty-six graduated diamonds, while one present from the Queen was a tiara and necklace of sapphires and diamonds. The Duke's present to the Princess also included a ruby and diamond necklace with ear-rings, a pearl necklace and a diamond & ruby tiara.

In the heavyweight boxing contest stage in London on Monday, Len Harvey (British) drew with Neussel (Germany) in a 10 rnds. contest, Harvey conceding 2 st.

Jack Doyle, the Irish heavyweight is proceeding to the United States after Christmas under the management of Jack Dempsey, ultimately to meet Max Baer, the world champion.

FRANCO-POLISH AMITY.

The French Note replying to Poland's objections to the proposed Eastern Pact is couched in sympathetic terms & has received a favourable reception from Warsaw, states the Daily Telegraph correspondent in Paris.

This is sequential to the French denial that she has entered upon a military alliance with the Soviet.

France states that her proposals are consistent with the separate agreements between the one nation and the other & suggests that the Franco-Polish and the German-Polish pacts could be included.

-----

RUSSIA'S COTTON CALL.

Seven of Russia's leading cotton experts have left the country for Germany, England and America, states the Daily Telegraph correspondent in Moscow, to place machinery orders & study the possibility of hiring the services of foreign firms as Soviet advisers since cotton is the most backward branch of national economy there.

-----

SHIPPING COOPERATION.

An important move towards the rationalisation of world shipping is announced, the Norwegian, Danish, Dutch & Swedish governments having agreed to cooperate with Britain.

They state that they share the British view that a formula should be undertaken, in the first place, by ship-owners directly interested since they favour the abolition or limitation of un-economic subsidies.

WHEAT CONFERENCE PROGRESS.

An official communique from the Wheat Conference in Budapest states that substantial progress towards a new international agreement has been attained with the importing countries agreed and the European exporting countries, including Russia, willing to accept the proposals with minor modifications.

YUGO-SLAV'S COMPLAINT.

Sir John Simon had an interview with Prince Paul, chief regent of Jugo-Slavia at Buckingham Palace on Monday evening when according to the Daily Telegraph, Belgrade's complaint to the League against Hungary over the assassination of King Alexander was discussed.

The talk followed a lengthy review of the situation earlier in the day when Hungary's demand for an early discussion of the Jugo-Slavian charges by the League be considered.

The decision as to whether this demand be supported or, as suggested by Jugo-Slavia, be postponed, was delegated to Mr Anthony Eden, who departs for Geneva during the next few days.

Italy is urging Hungary's request for an immediate hearing of the Jugo-Slavian charges while Rome on Monday refused the French request for the extradition of the two Croat prisoners who were arrested at Turin on suspicion of plotting the regicide.

JAPAN'S PRIDE HURT.

Notwithstanding that the Naval Talks are considered to be moribund, the Japanese Ambassador Matsudaira met Mr Norman Davis, the head of the American Delegation on Monday and during a long talk said that the Japanese have many points still to discuss with the British. This probably means that the Washington Treaty clause relative to the Pacific fortifications will be brought up to keep the talks alive until Matsudaira receives instructions from Tokio.

It is apparent that the delegates are marking time until Japan announces the abrogation of the Washington Treaty which will probably take place on the 10th of December.

Reuter reports from Tokio that the ex-War Minister, Araki, in broadcasting his views on the naval issues, denounced the 5-5-3 ratio as hurting the pride & honour of the Japanese navy & indicating the talk of war between the United States & Japan, blamed the western civilisation for the absurd fears which have been responsible for international complications.

AIR TRANSPORT IN THE FALKLANDS.

## Practicability Of Flying.

Passenger &amp; Mail To San Carlos In 50 Minutes.

## Red Letter Day For Station.

The first civilian passenger by air in the Falklands, Mr Norman Keith Cameron, of Port San Carlos, made a journey from Port Stanley to San Carlos Station on Monday & with him went a letter addressed to Mr J.F. Bonner of San Carlos, sent by Mr E.G. Rowe. On the return trip a number of letters were sent for posting in Stanley, addressed in a covering envelope to the Postmaster; included among them was one for His Excellency the Acting Governor from Mr G. Bonner, O.B.E., & Mr J.F. Bonner.

Mr Cameron, piloted by Lieutenant A.C.R. Duvall, flew in one of the two seaplanes attached to H.M.S. Exeter. Both planes made the journey, the route taken being via Fitzroy & Darwin while the flight out was completed in fifty minutes.

The letter received by His Excellency the Acting Governor from San Carlos by the Seaplane of H.M.S. Exeter is reproduced below by kind permission.:

San Carlos,  
 26th Nov. 1934.

Your Excellency,

On this special occasion of a visit by the Seaplanes of H.M.S. Exeter to this Station & Port San Carlos, we take this opportunity of sending you greetings from this Station which will probably be one of the first letters to be carried by air in the Falklands.

Episodes such as these make us feel that the time is not far hence when we shall be in very much closer communication with the

outside world, & we wish to thank the Commodore for allowing the seaplanes to pay us this visit, which will indeed be a "Red Letter" day for the whole station.

We have the honour to be, Sir,  
 Your obedient servants,  
 sd. Geo. Bonner,  
 (for & on behalf of Messrs  
 George Bonner,)  
 sd. J.F. Bonner,  
 (Manager.)

His Excellency,  
 M. Craigie-Halkett, Esq., O.B.E.,  
 Government House, Stanley.

Instead of riding out for a number of tedious hours, Mr Cameron, through the courtesy of Commodore A.E. Evans, O.B.E., R.N., was able to accomplish his long journey in a manner which opens up tremendous possibilities for the improvement of communications in the Colony.

Starting from the ship at 11.10 a.m., the seaplanes left Stanley in a foggy atmosphere but when away from the eastern corner of the Island the weather cleared considerably though, throughout trip the sky was overcast. Both at Fitzroy & Darwin, which have

been visited by the planes before great interest was aroused while at San Carlos, the whole settlement, thoroughly excited, came out to welcome the fliers. After circling overhead two or three times the planes gracefully alighted on the water & their occupants were cordially received about noon. Soon after 1.0 p.m. Mr Cameron proceeded to San Carlos on horseback while the planes after again circling above the station in farewell, made off for the ship across the North Camp to arrive back in Stanley in due course.

THE ROYAL WEDDING.

Whatever the weather may be like in London for the Royal Wedding in Stanley the day is perfect. H.M.S. Exeter has dressed ship while at Government House & the Victory Green Flagstaff are gaily bedecked with flags. At noon the ship is firing a royal salute and this evening from 9.0 to 11.0 p.m. it is expected that H.M.S. Exeter will be illuminated.

The school-children have a day's holiday in honour of the occasion.

- o -

A message from London last night reported that all the preparations are now complete for the ceremony to-day but there has been some anxiety about the weather. Early yesterday morning London was plunged into darkness by a layer of cloud which imprisoned the city's smoke but the forecast for today is mild weather with bright intervals. A breeze is badly needed to move on the cloud and smoke. Even if to-day is foggy however, all existing plans for the processions will remain in force.

RUGBY.

In spite of the rain and the heavy condition of the football field yesterday afternoon a rugby match between the Ship & the Rest took place on Government House Paddock, the former XV winning easily by 24 points to nil.

SOCCER.

Owing to a misunderstanding concerning the signal for playing the association football match between the F.I.D.F. and H.M.S. Exeter did not take place. In view of the weather conditions & the terrible state of the pitch it is as well that the teams did not meet for good football would have been impossible. Arrangements have been made for the game to be played this evening at 5.30

DANCE.

A Dance will be held in the Town Hall this evening from 9.0 to 1.0 a.m.. Prices as usual.

J.F. SUMMERS.

THE PUBLIC BATHS.

The Public Baths are now open at the usual hours on Wednesdays, Thursday, Fridays, Saturdays & Sundays.

F.I.D.F.

Class Firing for No. 3 Platoon will take place on Sunday at 9.0 a.m. Rifles can be obtained from the Armoury this evening & to-morrow (Friday.)

ARRIVALS & DEPARTURES.

Mr F.G. Langdon rode in from Fitzroy yesterday afternoon and is expected to return to the Station to-day with Mrs Langdon.

H.M.S. EXETER.

H.M.S. Exeter is expected to leave Stanley for Port Stephens en route for Magallanes at 6.0 o'clock to-morrow morning.

GOLF.

A Reuter message states that Jacobs, the President of the United States Professional Golfers Association, states that the British Ryder Cup Team without Cotton is ridiculous.

AN UPROARIOUS CONCERT.

H.M.S. Exeter Entertain Us Again.

Once again a packed Town Hall witnessed an uproarious concert given by H.M.S. Exeter. There was not a single space available & among those present were His Excellency the Acting Governor, Mrs Craigie Halkett, and Commodore A.E. Evans, O.B.E., R.N., with officers of the ship and practically all the well-known people of Stanley.

Compere (Commander J.S. Cowie) set the ball rolling in his own inimitable style and then we saw something which more than amazed us - six charming & fascinating "ladies" of the "Sexeter Sirens" - and they were sirens too! All the men-folk who had glasses took them off to clean them thoroughly so as not to miss enjoying the full effect these fascinating creatures of whom we saw more later (we do not refer particularly to marvellous beach creations!) Our heartiest congratulations are extended not only to them but to the Ship as well on possessing so charming a bevy. All the Stanley ladies were terribly jealous - particularly on afterwards learning that the creations they wore were made by another of the sailors on the ship. They certainly "Opened the Window" and let in a glorious ray of sunshine to the men-folk who (so rumour has it) get very hit up on the arrival of a visiting man-o-war. The Sexeters were - Mellows, Marshall, Sleep, Norran, Lovell & Pritchard with A.B. Steer as the "best man."

Following on this pleasant surprise we were entertained to a further thrill by Mr. W.J. Cocks in a magical interlude with Mechn Rogers as a doughty rival - (as his assistant A.B. Tapper discovered to his cost.) One of the most charming items of the evening was the trio formed by Mscn Hazel, Mscn Chism & Cpl. Ough who delighted all with their selections on piano, violin and cello. "Pep" & "Penguin" had a little to learn in the next amusing number "News" in which Commander Cowie acted the part of the newspaper proprietor with A.B. Ellis, Mr W.J. Cocks & A.B. Steer

as the reporters. The Male Voice Octet, comprising C.E.R.A. Rowe, E.R.A. Hill, E.R.A. Morton, E.R.A. Milford, Shipwt Grant, L.S.A. Townsed, Mechn King & Sto. Fitzgerald, were very well received. Sto. Fitzgerald who has a pleasant tenor voice was also heard later to good effect in some charming solos for which he was well applauded.

Diamond Dillinger & Dynamite (the wonder horse) by P.O. Vingoe and presented by Mertram Bills (Mechn Rogers)

kept everybody screaming with laughter while the final piece of the 1st half "Mr & Mrs Brown" who listened in to The Elopement was an unmitigated scene of delight. All are to be congratulated on their caricature - the actors were : A.B. Ellis, Mechn Rogers, A.B. Ward, A.B. Beable, Mid. W.A.C. Keppel, Sto. Fitzgerald & P.O. Vingoe with C.E.R.A. Rowe, E.R.A. A. Morton, Mechn King & Shipwt Grant as extras. A.B. Beable as "Mrs Slugg" kept everybody's eyes & ears rivetted while Comdr Cowie was no less pressing in his attentions as "Hard Boiled Horace."

After another feast of the Sexeter Sirens & Sto. Fitzgerald who then gave his tenor selections, the final effort of the evening "The Lady of the Lake" - a clever impersonation for the imagination - was acted by Comdr Cowie as Bentley Ford and Lt-Com. A.M. Chovil as Gregory Grouch; the thing though is, did we or did we not envy them in their role of rescuers of the lady they spoke so much of?

The finale was a fitting climax to a concert which excelled the previous one given in March last & the illuminated representation of the ship was a masterpiece of artistic effect.

In addition to those who did so much to entertain us on the stage we must not forget those who had all the hard work to do behind the scenes and who included - Lieut. (E) H.H. Finch Dawson (producer), Lieut. F.C. Goodenough (stage manager), Schoolmaster R.B. Murray (asst. stage manager & prompter) C.E.A. Davis, P.O. Keehan, L. Sea. Freeman & A.B. Nicholls (lighting effects), Shipwt Grant, A.B. Manuel, A.B. Robinson, Sto. Anderson & Sto. Tripp (stage crew), C.E.A. Davis, Cpl Ough & Sto. Sandercock (concluded on page 2.)

VICEROY'S INVITATION.

The Viceroy of India, Earl Willington, at the opening of the Police Conference at New Delhi, stated on Tuesday that the government would cordially accept recommendations on the India Report with reference to police order & intelligence in all steps to secure implementation under the new constitution being taken.

JAPANESE COHESION.

Agreement has been reached between the Seiyukai and the Minshuto, the two principal political parties in Japan, for cooperation on pulling through the national emergency scheme by formulating a long-sighted national policy.

NAMING BRITISH CRUISERS.

The Admiralty announces that the new "M" Class cruisers are to be named after towns instead of after mythological monsters & so the projected Polyphemus & Minotaur are to become the Southampton and Newcastle respectively while three others are to be called Birmingham, Glasgow & Sheffield.

DRIVERS TO BE TESTED.

The Minister of Transport has decided to set up a special organisation to undertake the tests for new drivers under the Road Traffic Act.

In accordance with this Act all those driving licences bearing a date subsequent to the 1st April, 1934, are subject to such tests, & future licences will not be granted until these tests are passed.

JAPANESE BUDGET.

A message from Tokio states that the Cabinet has formally approved of the draft of the 1934/5 budget with a revenue & expenditure balanced at 2,122,000,000 yen.

Appropriations include - Foreign Office 463,000,000; War Office 491,000,000; Navy & Overseas affairs - 530,190,000 and 22,550,000 yen respectively.

SILVER JUBILEE REVIEW.

It has been announced in the House of Commons that, in connection with the Royal Silver Jubilee Celebrations, the King will hold a Military Review next summer, the details of which are at present under consideration.

DUKE OF GLOUCESTER.

The Duke of Gloucester, on his return home from his visit to Australia & New Zealand will travel via the Panama Canal.

He will arrive at Kingston, Jamaica, on the 16th of February, and leave that port on the 8th of March. A short visit to the Bahamas & Bermuda will follow. The Duke will arrive at Nassau on the 10th of March & leave late at night on the 13th. Bermuda will be reached on the 16th & the Duke will leave on the 19th for England where he is due to arrive on the 28th of March.

NORTH SEA FISHERIES.

The two boards envisaged in the recent agreement between the United Kingdom & Norway regarding the settlement of claims between British and Norwegian fishermen, have now been constituted.

Commander Cumming, the British Vice-Consul in Northern Norway, and M. Dassoe, the Governor of Finmark, will sit on the Board in Norway, and Mr Mose Blundell, Chief Inspector of Fisheries, and M. Arvold, Counsellor to the Norwegian Legation in London, will sit on a corresponding Board in Great Britain.

RUSSIA & FRANCE.

When asked in the House of Commons if he had any statement to make regarding the reported defensive alliance between Russia & France, Sir John Simon said that he had no information of there being any intention of concluding such an alliance. He called attention to the French Foreign Ministry's official denial of the existence of any agreement.

DEATH OF

BISHOP DE JERSEY.

In the course of their News Bulletin announcements last night the B.B.C. stated that Bishop de Jersey, until recently Bishop of the Falkland Islands, died at the Bristol Nursing Home yesterday.

No official intimation has been received by the Very Reverend the Dean concerning this announcement but as there seems no doubt as to the authenticity of this sad news the Office for the Dead will be read in the Cathedral Church on Sunday at evensong on behalf of the Bishop's soul.

Bishop de Jersey, whose wonderful kindness and understanding admirably suited him for his high office, was sixty-nine years of age. It will be remembered that His Lordship retired last year on account of ill-health and on arriving home had to be admitted to the Bristol Nursing Home. In spite of his infirmities, however, he maintained a strong interest in the activities of the Colony to which he was deeply attached.

WEST FALKLAND OBITUARY.

It is with deep regret that we have to record the death of Terence Bailey of Hill Cove, who passed away on Wednesday last, the 28th instant, after a long illness. Our deepest sympathy is extended to his relatives and friends in their sad loss.

BRIDGE BUILDERS RETURN.

Yesterday the Gwendolin returned to Stanley with Mr Crawford & the Stanley men who have been engaged upon the construction of the bridge at Fitzroy.

The expeditious manner in which they and their Camp companions undertook their task is worthy of very warm praise.

H.M.S. EXETER.

At 6.0 o'clock this morning H.M.S. Exeter left Stanley for Pt Stephens en route for Magallanes, after a most pleasant stay in the Falklands. She is expected to leave the West Falklands for the Coast to-morrow morning.

The two seaplanes, however, remained in Stanley and will fly over to Port Stephens this afternoon to join the ship. Their stay in Stanley has been prolonged in order to give wireless assistance to the R.S. Penola which has been experiencing some difficulty with her equipment.

R.R.S. DISCOVERY II.

It is probable that R.R.S. Discovery II will leave Stanley for Port Lochroy, on Saturday evening with a large proportion of the Penola's stores on board, including the expedition's plane, the dogs, and Mr W.E. Hampton & Dr Bingham.

After depositing them at their destination the ship is expected to make her way to Cape Town and thence home to England arriving there about the middle of next year.

FOOTBALL.

Yesterday afternoon H.M.S. Exeter played two association football matches. The first was against R.R.S. Discovery II in which they beat the Research Ship 2 - 0, while the second was against the F.I.D.F. when they again won by 5 - 0. Neither team in the latter match was at full strength and three of the ship's goals were scored within the first ten minutes or so. At half-time the score was 4 - 0, the sailors only managing to obtain one goal in the second half. The outstanding player on the home side was Pike who gave an excellent exhibition at back.

Mr Hamilton also left town yesterday for the North Camp.

IRISH CITIZEN BILL

The second reading of the Irish Citizen Bill passed without a division in the Dail yesterday, states a message from Dublin. De Valera wound up the debate by declaring that "No one in the Free State will be a British subject when the Bill becomes law, and if some other country chooses to regard our citizens as their citizens we will take no cognisance so far as our law is concerned."

Mr J.H. Thomas, the Secretary of State for the Dominions, in the House of Commons, states that the Bill does not purport to nor deprive any person of his status as a British subject.

IMPORTANT SPEECH BY BALDWIN.

## The Secrecy Of Germany.

A debate on armaments in which an important speech was made by Mr Stanley Baldwin, took place in the House of Commons on Wednesday.

The speech arose out of an amendment to the "Address to the Throne", moved by Mr Winston Churchill who stated that in the present circumstances of the world, the strength of Britain's defences, especially in the air, was inadequate.

Mr Baldwin, who stated that the subject had engaged the attention of the government for some time past, said that he had not yet given up hope of some kind of armament restriction or limitation.

He desired to say nothing which would make more difficult the approaches which must follow from their discussion, but one of the foundations of suspicion and malaise in Europe to-day was not only fear but ignorance outside and secrecy inside Germany.

He sketched the political developments in Europe of the last year or two, following the change of regime in Germany and particularly referred to the withdrawal of Germany from the League of Nations and the Disarmament Conference which had occurred at a time when there were fairer hopes of accomplishing something substantial than had been the case for many years. The team work at Geneva among the European nations was thus broken in relation to the nation whose presence was of first importance.

Referring to the particular points raised by Mr Winston Churchill, in regard to the extent of German re-armament, Mr Baldwin said that secrecy is enshrouding what is going on in Germany and made it difficult for him to give particulars.

Rumours had been prevalent about the formation of an army. The British Government believed they were founded on fact and that Germany was increasing and extending her long service army of 100,000 men into a short service peace time army of 300,000. That was claimed for her at the time she left the Disarmament Conference. To what extent it was completed he could not say for certain.

"I think it is correct to say," he went on, "that the Germans are engaged in creating an Air Force. I think most of the accounts given in this country (Britain) and in the press are very much exaggerated. I cannot give the actual numbers of service type of aircraft but I can give two estimates between which the correct figures can probably be found. The figures we have range from a figure given on excellent authority and from a source of indisputable authority, of 600 military aircraft altogether, and the highest figure that we have been given, also from a very good source, is not over 1,000. The probability is that the figure ranges between these two, but nearer which I cannot say. It is interesting to note that the French Government gave the figure of military aircraft as 1,100. So far as we know no service units have been formed, although they have some bombers but there is great haste being shown in the preparation of aerodromes & a great secrecy in their construction and as to where they are."

Britain's first line of air strength at Home and Overseas was 880 aircraft, behind which was a far larger number held for replacement experiment and so on.

Continuing, Mr Baldwin said that there was no ground at this moment for undue alarm and still less for panic. No immediate menace confronted Britain or anyone in Europe. There was no actual emergency but they must look ahead for there was ground for very grave anxiety. That was why the government had been watching the situation for many months past and would continue to watch it with regard to their own position and as subscribers to the League Covenant.

Notice :

As a regrouping of the Studio Programmes commences on Wednesday next, the 5th instant, no Special Requests can be given for at least a month from that date.

Each Programme & Record will be numbered on publication in the "Penguin" & Listeners are requested to note on which night any Special record they desire to be re-played was given, and, later, when asking for Special Requests, quote the numbers of the Programme & records desired.

By so doing they will greatly assist the Studio Staff and, furthermore, practically ensure their particular selection being broadcast.

S.S. LAFONIA.

The s.s. Lafonia is expected to arrive at Stanley from Montevideo about the 8th instant.

Nearly 400,000 letters were dispatched from Britain by air in the past three months than in the corresponding period last year.

EXPEDITION DOGSDEPART.

When R.R.S. Discovery II left Stanley yesterday about 1.0 p.m. she took with her the fifty dogs belonging to the British Antarctic Expedition for Port Lockroy.

Although the sea was somewhat rough and the ship lying out in the harbour the dogs were placed on board without mishap. On their journey south they will be under the care of Mr W.E. Hampton & Dr Bingham of the Expedition.

The R.Y. Penola, which has been undergoing modifications in her rigging with the assistance of H.M.S. Exeter and R.R.S. Discovery II is not expected to leave for the south for some days yet. It is understood also that she will not be placed on the floating dock as at first anticipated.

GOLF.

In an interesting golf match (singles) on Saturday afternoon between members of the Discovery II and the Stanley Golf Club the latter won by  $5\frac{1}{2}$  to  $\frac{1}{2}$ . Although the total showed a big deficit for the Research ship practically every game was won or lost on the last hole.

A HAT EXPLOIT.

We hear that one of the air mechanics attached to H.M.S. Exeter had a double bath in the harbour on Saturday.

When getting aboard his plane he fell overboard and on clambering out of his cold bath found his hat floating away merrily. He "merrily" went in after it, safely rescuing the deserter. Either he had a fond regard for his hat or liked bathing - for the water was well below 50 degrees!

U.S.A. BLIZZARDS.

A Reuter message from Detroit states that blizzards swept over northern U.S.A. on Saturday. There were record falls of snow in the Ozark Mountains' region, Missouri, and drifts paralysed transport in Minnesota, Wisconsin & Iowa.

Snow-storms were still raging over Wyoming, Utah, Nevada & Idaho yesterday.

LITHUANIAN UPSET.

The Memel Directory, under the presidency of Herr Reisgys, resigned on Saturday, states a message from Kovno (Lithuania) following its failure to secure a vote of confidence in the chamber.

It is reported that the Governor of the territory is likely to appoint someone who enjoys the sympathy of both the Lithuanians and the Germans.

Under the Treaty of Versailles, Germany renounced her sovereignty over the town & territory of Memel and a French High Commissioner with a small garrison governed the territory in the name of the Allies until January 1923, when the Territory was invaded and occupied by Lithuanians. The sovereignty of the Territory has now been transferred to Lithuania, as set out in the Convention signed in Paris in 1924 & ratified in August, 1925.

MANCHUKUO OIL PROTEST.

The United States government has sent a further note of protest to Tokio concerning the oil monopoly by the Manchukuoan Government, states a bulletin from Washington.

It is also understood that Great Britain, who has also made strong objections to the monopoly, holds the view that Japan must be held responsible for the actions of the Manchukuoan government.

THINGS PEOPLE SAY.

A LENIN SUCCESSORASSASSINATED.

A sensational official announcement has been made from Moscow that Serge Mironovich, the Kirov High Soviet authority, has been "assassinated" by murderers sent by enemies of the working class." The Kirov has been generally regarded as a likely successor of Stalin.

The assassin has been captured & his identity is being investigated.

AGAINST JAPAN.

Both France & Italy have rejected Japan's proposal to join her in abrogating the Washington Naval Treaty, states a Reuter message from London.

The French view is that there is no ground for joining Japan in such an action as it was the outcome of a three power conversation to which France was not a party.

It is understood that the Italian view is that such an agreement would not promote peace. Signor Mussolini, it is stated, wants to avoid any suggestion that Italy would acquiesce in a three power bloc against Britain and the United States.

JUGO-SLAV & FRANCE.

Prince & Princess Paul of Jugo-Slavia, who are returning home from the Royal Wedding in London, lunched on Saturday with President Lebrun in Paris.

The Premier, M Flandin, & the Foreign Secretary, M Laval, were also present, Prince Paul holding political conversations with M. Laval.

PRISON FOR £40,000 GIRL.

A girl who will receive £40,000 when she is 21, Esmac Sibley, 18, has been sentenced to 6 months imprisonment for obtaining goods by false pretences.

in the interest payments.

AID FOR U.S. FARMERS.

It is reported from New York  
that President Roosevelt's Com-  
mittee on the Co-ordination of  
Government Lending Agencies, has  
proposed the creation of a fund  
of 500,000,000 dollars for loans  
to farmers on stored farm prod-  
ucts with a view to tiding the  
country over the years of scar-  
city and plenty.

MILLION P. FISH DOCK.

After nearly four years' work  
in construction, Grimsby's new  
fish dock has been opened.

Work began on the new dock in  
November, 1930, and its construc-  
tion has involved many engineering  
feats of considerable importance.  
It will add an area of 37 acres to  
the fish docks, bringing the total  
up to 66 acres.

The cost will be between £  
1,600,000 and £1,700,000.

FLYING "75".

Successful official ex-  
periments are claimed to have been  
made in France with the mounting  
of the famous "seventy-five" gun  
in a bombing aeroplane.

The flight on the machine (says  
Reuter) is said to have been in no  
way interfered with by the gun's  
recoil, even though the shells were  
more heavily charged than usual.

R.F.A. EXTENSION.

In connection with the five-  
year expansion programme of the  
Royal Air Force, sites for two  
new aerodromes have been acquired  
in Norfolk.

One is at Feltwell, about 13  
miles north-east of Fly, and the  
other at Merham, about eight miles  
south-east of King's Lynn.

The Air Ministry is in nego-  
tiation for further aerodrome sites  
but the location of these cannot  
at present be disclosed.

Norfolk has been selected for  
the first two new aerodromes for  
strategic reasons and for the pro-  
tection of the Midland towns. The  
work of constructing the necessary  
new buildings is to begin at once.

Each of the aerodromes will  
accommodate two or three new  
squadrons. The expansion pro-  
gramme provides for a total add-  
ition of forty-one squadrons over  
a period of five years.

SAVE THE CHILDREN FUND.

Sincere Appreciation.

We publish below a letter recently received by Father Migone from the Hon. Overseas Organiser of the Save the Children Fund, for which cause over £40 has been raised this year from subscriptions

40 Gordon Sq.,  
London, W.C.1.  
15th Sept. '34.

Dear Father Migone,

It is with our warmest thanks that I write to acknowledge the further splendid cheque of £10.18.6. This brings the total amount raised in the Falklands for our work this year up to £40.18.6, a sum of which you must be justly proud, & for which we are most truly grateful.

Your people have made a fine response to your appeal for our work, & have shown what a wonderful spirit of unity & brotherhood must exist among you. If everyone were to realise the needs of the children as you all have done, & were to respond as generously, then there would be very much less suffering & misery among these little ones to-day.

We can but say 'thank you', yet we would convey to you all our sincere appreciation & heartfelt thanks for your keen sympathy and generous gifts.

With greetings & good wishes,  
Yours sincerely,

sd Cecilia John (Miss)  
Hon. Overseas  
Organiser.

MAN BREAKS INTO PRISON.

While the majority of criminals are only anxious to get out of prison, Denmark offers an instance of one who actually broke into prison from which he had been released in February this year, after serving a term of five years for theft.

This man, A. Poulsen, has published a book on prison life & requiring some authentic o-graphs of prison life taken without the knowledge of the warders, hit upon this method of securing them.

He was caught climbing over the wall one night reclaiming his camera which he had lent to one of the prisoners.

BULL FIGHTING IN SPAIN.

Frank criticism of the bullfight is seen so rarely in the Madrid press - exception must be made of "El Sol" and "El Socialista" which refuse even to report this sport - that many were surprised to see recently an article published in the conservative journal "A.B.C." in which it was said : "When shall we terminate this cruel & brutal sport."

The article drew attention to a spectator being killed by a sword knocked out of the ring. The public showed complete indifference & the bullfight was not even stopped, even though a human life had been lost.

AFTER THIRTY YEARS.

After being in existence for 30 years, Bournemouth's military band is to be abolished & the municipal orchestra reorganised.

The band, of which Sir Dan Godfrey was the director, holds the record for continuous existence in its class of performance.

RISING TOLL OF ROADS.

Despite all efforts to lessen the death-roll of the roads in Britain, the number of fatalities recorded by the Ministry of Transport in one week recently was 160 as against 142 for the week previous.

Only once during the half year has the total of 160 been exceeded.

BIT OF EAR IN COURT.

A piece of a man's ear preserved in a bottle of spirits was recently produced in the court at the Old Bailey when Harold Walcott, (43) a coloured seaman, was found not guilty and discharged on charges of wounding a white man.

Walcott said that four white men set upon him and he did not remember biting anyone's ear.

GIRL SHEEP FARMER.

Sheep mean a lot to Miss Eileen Rossiter, of Glen Alva, Herefordshire.

She has established a flock of pedigree animals and in a few years has made such a name for herself that she is looked upon as an authority and has been called upon to act as a judge.

Still in the early twenties she bought her first sheep when she was sixteen, began showing when she was eighteen, and now has a flock of 67 pedigree animals, including some important prize-winners.

She does the whole of the work without help. She does the buying and selling, the lambing down of the ewes, and the clipping & preparing of the animals for the shows.

"People think sheep are such silly things," said Miss Rossiter in an interview. "Actually, sheep have more intelligence than many humans I know."

S.S. LAFONIA.

The s.s. Lafonia left Montevideo for Stanley at 8.0 p.m. last evening with the following passengers on board: Dr H.C. Edmunds, Mr F. Summers & Signor José Mandrino (an Italian photographer.)

There are 123 bags of mail on board.

EXETER MESSAGES.

The following message has been received by His Excellency the Acting Governor from Commodore A.E. Evans, O.B.E., R.N., of H.M.S. Exeter :

"On behalf of myself & our officers & men under my command I beg to convey to Your Excellency & Mrs Craigie-Halkett and to all in Stanley the warmest thanks for the welcome which we received on arrival and for the thoughtful hospitality and entertainment which we have so much enjoyed with our own countrymen. We wish you all every success and prosperity."

His Excellency has replied as follows :

"On behalf of myself, wife & the Colony I thank you all most warmly for your very kind message. We shall all look forward to your early return to the Colony. Good Luck & God-speed."

£200 FOR STANLEY MUSEUM.

U.S.A. Donation.

The Committee of the Stanley  
 Library & Museum are pleased to in-  
 form the Colony that a grant of  
 money for the improvement of the  
 Museum has been received from the  
 Carnegie Trust, through the Museum's  
 Association of London. This Trust  
 distributes large sums of money in  
 assisting communities all over the  
 world to improve museums & librari-  
 es; not infrequently the grant is  
 accompanied by a provision that the  
 locality must raise a sum equal to  
 the grant. In this case no such  
 stipulation has been made but the  
 donors have expressed, in their  
 letter, the hope that the Falklands  
 will rise to the occasion & sub-  
 scribe a similar amount to the  
 Museum. The Committee would be  
 pleased to receive any sums towards  
 this, a separate, fund.

The Committee have long felt  
 the need of enlarging, improving and  
 providing a new front to the bird  
 case in the Museum, but sufficient  
 funds not being available the ques-  
 tion has remained dormant for some  
 years.

It became known that the Car-  
 negie Trust of Washington, U.S.A.,  
 was about to make grants in aid  
 throughout the British Empire and a  
 letter was written by Mr A.G. Ben-  
 nett, a member of the Committee &  
 the Curator of the Museum, urging  
 the needs of the Stanley Museum.

This has resulted in a grant  
 of £200 being made to the Falklands  
 and the money will be spent on the  
 bird case as asked for.

At the same time many more  
 pieces of furniture are badly  
 wanted to replace the older mater-  
 ials that have been in use for over  
 twenty-five years.

Although almost at full strength No 3 Platoon had to abandon their Class Firing on Sunday last on account of the adverse weather conditions.

Shooting commenced at 9.10 a.m. with the morning fine except for a fresh breeze that was blowing from the south-west.

The first two practices were completed by 11.0 o'clock but during the Snapshooting the rain came on heavily and it was then considered advisable to abandon firing for the day.

Weather permitting the Platoon will do their Class Firing next Sunday, the 9th instant, commencing at 9.0 a.m..

TRIBUTE TO BRITAIN.

French Finance Bill.

Heated exchanges occurred in the French Chamber on Monday when the revenue side of the Finance Bill was debated, Deputy Denais attacking the Minister of Finance, Germain Martin, complaining that the axe had not been used sufficiently.

The Minister replied that "Britain alone has done as much as we & even more rapidly but with the exception of that country all can admire us, for without such compression the budget expenditure would have been 60 or 65 milliards instead of 47 milliards."

During the afternoon the Premier, M. Flandin, and ex-Minister of Finance, M. Renaud, contended on the subject of inflation of which the latter was a supporter, he stating that world peace & order was dependent upon monetary stability.

Renaud added that the gold bloc countries should align themselves with the international currencies, citing in his argument, the examples of South Africa, Austria & Jugo-Slavia where devaluation had proved successful; it was France's last card.

BOXING Manchester - On Monday McAvooy (British middleweight champion) defeated Tunero (Cuba), the latter retiring in the 7th round.

A French trade mission has gone to Moscow to conclude a new commercial agreement with the Soviet.

WEATHER DISTURBANCES

Reuter's London correspondent states that worldwide weather stories indicate the continuance of typhoons in the Pacific with new

visitations in the Philippines, causing extensive damage, while from Melbourne it is reported that 5,000 people are homeless & 200 dead as the result of the overflowing of the Yarra.

The damage in Australia is already estimated at £1,000,000 & aeroplanes are dropping food to the marooned Gippsland inhabitants.

Salvador & Guatemala have been shaken by a strong earthquake but the damage has not yet been estimated.

"AUDACIOUS" GERMANY.

The official report of the German Minister of Propaganda, Herr Goebbels' speech at Stettin, published following the public meeting he addressed on Monday, is to the effect that Germany is about to launch "the most audacious experiment in history."

Goebbels, subsequently interviewed, said that the experiment was of a peaceful nature & was included in the party's programme being applied to the nation internally only.

The programme as cited, includes demands for the abolition of unearned incomes & mortgage interests, the communalisation of wholesale stores & the provision of Colonies for the country's surplus population. Hence the considerable speculation aroused as to the Minister's actual reference.

SINGAPORE MANOEUVRES.

British combined naval, military & air manoeuvres, on a scale unprecedented in the history of Singapore are to take place about the middle of this month. Twenty-four warships of the China Station are taking part.

H.M.S. EXETER VICTUALLING.

Vendors of goods for the warship victualling should apply for payment at the F.I.C. Main Office.

U.S.A. & LIQUOR.

An alarming & unexpected decrease in the revenue from liquor import taxes may compel the administration to make a sharp reduction in the duties in order to increase the consumption states the Daily Telegraph correspondent in New York.

Due, he says, to the wholesale bootlegging and illicit distilling, the revenue from internal taxes is expected to reach only 350,000 million dollars instead of 500,000 million as estimated.

THE KIROV ASSASSINATOR.

It is now revealed that the assassin of Serge Mironovich, the High Soviet authority and a friend of Lenin besides being one of Stalin's chief lieutenants, is Leonid Vassilievich Nikolayev, aged 30, a former employee of the Lenin-grad branch of the now dissolved Commissariat of Workers & Peasants' Inspection.

The assassinated man was shot at his desk at the Smolny Institute - Lenin's citadel in 1917. It is stated that Nikolayev secured entrance by false papers.

The reason for the shooting is so far unknown.

FRANCO-POLISH WARMTH.

Paris reports that France's last note to Poland on the proposed Eastern Security Pact has taken a good deal of the chill off the relations of the two countries & this is confirmed by the extraordinary cordiality of the speech at Nancy by the Polish Ambassador, states the Daily Telegraph correspondent.

The ambassador declared that the Franco-Polish alliance remains the corner-stone in Poland's foreign policy. The alliance to the Polish people, he said, was not merely a question of reason & interest but a profound & enduring sentiment.

The ambassador also said that the Franco-Polish Pact was absolutely necessary to European equilibrium, an indispensable guarantee of peace and a most precious pact, both moral and material, which neither Poland nor France could dispense with.

ITALY & MALTA.

An interpellation, backed by 320 senators, is being read in the Italian Senate this week inviting Mussolini, as Foreign Minister, to express an opinion on the decrees against the Italian language being used in Malta, in particular to the suppression of Italian as the official language of the Maltese Law Courts.

"OTTAWA CONFERENCE"FOR FRANCE.

The Economic Conference for France at Home & Overseas, opened in Paris on Monday with the colonial governors, administrators & representatives of private interests attending.

The French are calling the gathering for brevity the "French Ottawa Conference"; the preparatory work has taken two years & the conference is expected to last three months.

ANGLO-POLISH COAL.

Great hopes are based on the Anglo-Polish coal discussions taking place this week with a view to reaching an agreement on price-cutting.

The signed agreement between the two countries may form a prelude to a wider international agreement which would eventually eliminate the surplus output in a number of European countries.

HITLER OLYMPIC PATRON.

According to a message from Berlin Hitler has accepted the patronage of the Olympic Games Organisation Committee which is arranging the games in Germany for 1936.

Forty-one countries have been notified for participation.

ITALIAN MOBILISATION.

Stanley,  
 Falkland Islands.

Lighting-up Time 10.06. Thursday, 6th December, 1934.

TWENTY YEARS AGO.

The Fate Of Stanley In The Balance.

Days Of Anxiety Recalled.

Twenty years ago the Falklands - remote and obscure in a distant corner of the earth - found herself thrust to the centre of the world's stage to play an important and decisive role in one of the greatest dramas in history.

The curtain was up and the Great War in Europe had gathered speed in its irresponsible course of destruction with the shock of its impetus penetrating to these Islands 8,000 miles away.

On the 1st of November, 1914, Admiral Cradock met his tragic end at Coronel, nine days after bidding farewell to Stanley.

On the 8th of December, 1914, Admiral Sturdee steamed out from Stanley to annihilate the German squadron & revenge fullfold his brother admiral's death.

To the world these are but the dates and names of two glorious victories and defeats; to the Falklands they are the vivid flashes in a period of memory seared with anxiety and harrowed with fear - but then, glamoured with exultation.

The 6th of December.

To-day, twenty years back, Admiral Von Spee's decision "to go to Port Stanley" was recorded by his ships.

Stanley knew not the impending peril. Here, with only the "Canopus" to comfort her, with the bitter news of Coronel hardly a month old & a cruiser raid imminent, she was bearing with stoic heroism the loss of eight volunteers drowned in bewildering circumstances on the 1st of December. The tragedy was a bitter blow to the small community. Immersed in this sorrow she was innocent of the approach of Von Spee and of the proximity of Admiral Sturdee - racing against time; she did not know how near to disaster had dropped the balance in the hands of Fate.

Over one hundred thousand already have signed and the petition is to be completed in January.

PRESSURE ON COTTONDEBTORS.

At a meeting of the exporters in Manchester engaged in the Rumanian trade a resolution was passed on Tuesday urging the government to apply the strongest possible pressure to obtain a settlement, the amount involved being three-quarters of a million sterling.

- o -

The news from Berlin that facilities for the import of cotton yarns and threads have been extended is considered satisfactory but a new factor has been introduced by Berlin's unconfirmed report that the Bank of England is granting the Reichsbank three-quarters of a million for the payment of German imports from Lancashire spinners.

FRENCH FINANCE MOVES.

It is stated from Paris that the new "Business Government" in France has made an excellent start in a speedy handling of the budget. The Daily Telegraph correspondent reports that the measure was passed by 471 as against 122 votes and was immediately sent to the Senate Tuesday evening.

Old Parliamentarians state that this is a record in efficiency. The final figures were - expenditure 47,581,000,000 francs & revenue 46,986,000,000 francs with an estimated deficit of 594,000,000

-----

AMERICAN TRADE.

The United States exports to the United Kingdom have increased 7½ million dollars during October to 47 million while the imports from the United Kingdom have decreased 7½ million to 8½ million, states the Daily Telegraph correspondent in Washington.

During the first ten months of 1934 the exports have increased over 469 million and the imports by 1,371 million.

The exports to Europe generally showed heavy decreases but to Asia there was a steady increase.

The Treasury announces a 900 million dollars' issue of bonds and notes for cash and this has been substantially over subscribed while lists for refinancing 992 million maturing certificates are being held over for the further exchange of subscriptions.

REICHSTAG FIRECOMPLICATIONS.

A remarkable document has come to light in Germany concerning the Reichstag fire.

The document alleges that Herr Ernst, with two colleagues, spread phosphorescent substance in the Great Hall of the Reichstag, supplied by General Goering, and this spontaneously ignited thirty minutes later.

It also alleges that the implication of Vanderlubbe was a blind.

Ernst is reported to have said that the decision to fire the Reichstag was only taken after the idea of a simulated communist plot against Hitler had been abandoned.

Loyalty to Hitler is asserted but protests against "creatures" like Goering and Goebbels being hailed as heroes when really they were endeavouring to drag Hitler into manoeuvres against the Storm-troops, are made.

Full details of the plans of the development of the fire are supposed to be given including the introduction of Vanderlubbe, and the Germans involved and cited are - Goering, Goebbels, Roehm, Heines, Killinger, Hanfstaengl and Sander.

TWENTY YEARS AGO.

At 10.30 this morning twenty years ago - a Monday - Admiral Sturdee with his squadron steamed into Port William and anchored there, with the exception, writes Boyson, of the Bristol and Glasgow, which passed into Stanley Harbour.

He had come secretly and swiftly his two great modern battle cruisers - the Invincible and the Inflexible, having been joined by the lesser Carnarvon, Cornwall and Kent, the yet smaller Bristol and Glasgow, and the armed liner Orama.

The Bristol Glasgow and Inflexible at once began to coal; the others were to await their turn.

No one knew how close was the German Admiral nor how surely he was steaming to his doom.

ULM LOST.

According to the Daily Telegraph correspondent in San Francisco the hopes of finding the Australian airman Ulm and his two companions has been abandoned after a thirty hours search.

Two liners, twenty-four naval seaplanes, eighteen submarines, three minelayers and two coastguard vessels besides many private yachts and fishing boats have been engaged off Honolulu when the last wireless message was received.

INDIAN REPORT REACTIONS.

The Daily Telegraph correspondent at Bombay, in making a comprehensive survey of the reactions to the Indian Report states that the hostility is moderating.

The press have reported the London Conservative meetings fully and the vote has proved gratifying.

Members of the various parliamentary parties are holding meetings and it is indicated that the Congress Parliamentary Board is canvassing other political elements for the rejection of the Report by the Assembly.

Nevertheless the frequent Delhi conferences provide evidence that the government is concentrating on reforms and the Central Council's effort is having an excellent effect upon the moderate & enlightened opinion.

NAVAL TALKS.Japanese Denunciation.

It was expected in London that the meeting between Sir John Simon, the Foreign Secretary, and Matsu-dairo, the Japanese Delegate to the Naval Talks, yesterday would probably determine the outcome of the Talks with Japan denouncing the Washington Treaty.

Unless Japan revives the talks they will probably be adjourned for the extended Christmas Holiday, but the Washington message says that State Secretary Hull denies the reports that the United States is withdrawing from the talks when the Japanese denunciation is made.

Even in that eventuality America would remain in London. The Daily Telegraph adds that next year's naval estimates will seek a substantial increase in personnel which is at the present considerably below strength.

BANK OF ENGLAND PAYMENT.

The Reichsbank in Berlin confirms the news that the Bank of England is paying £750,000 into a special fund for the liquidation of overdue British credits.

All-Ceylon Trades' Union Congress intends tabling a resolution for self-government.

SOUTH AFRICAN UNITY.

Bloemfontein witnessed on Wednesday the largest political gathering in the history of South Africa when, amid enthusiastic scenes a United South African Party was inaugurated by the fusion of the Hertzog and Smuts parties.

Hertzog, speaking in English & Afrikaans, said that by means of the union the nation would be built up and made worthy of the esteem of the outside world.

Smuts, in paying a tribute to Hertzog's attitude during the past two years, said those present were witnessing not only the birth of a great party but also the birth of a great nation.

The Congress, consisting of 800 delegates, has unanimously approved of the party programme which includes the maintenance of friendly relations with neighbouring communities, the permanent improvement of industrial conditions, including agriculture, the institution of unemployed insurance & an adequate system of national defence based on peace training.

It is hoped that the fusion will terminate the racial bitterness. Hertzog was appointed leader.

### DIAMOND TRADE DEPRESSION.

The once prosperous city of Kimberley is "in extremis" through the collapse of the diamond market.

The South African Government have decided to afford permanent relief through the setting up of a new industry, as Kimberley cannot await a revival of the diamond trade, which experts now fear may still take several years.

### H.M.S. DRAGON IN COLLISION.

A few months back H.M.S. Dragon, which is known in Stanley, came into collision in Victoria Basin, in the Port of Montreal, with an oil-refueling vessel which sank.

The cruiser swung round to avoid a collision with the Montreal steamer Saguenay, but the current caught her and her stern struck the tanker amidships.

The tanker began to sink immediately and filled so quickly that tugs were unable to tie up to her except from the bows, but the crew were rescued by the cruiser. The tanker looked like a huge wounded sea-monster as she rolled over with oil and spirit spurting from her sides.

A week prior to the accident the Dragon had taken Mr Ramsay MacDonald from Nova Scotia to Newfoundland.

### SWISS DEFENCES.

Works designed to make Switzerland's frontiers impregnable are being put in hand shortly.

The programme elaborated by the technical committee of the League of Swiss Officers is likely to be adopted by the Federal Government.

No additions to the existing forts of a permanent character are suggested but a network of artillery and machine gun emplacements commanding all vulnerable points is to be spread along the frontiers. Strategic routes linking up the new emplacements with the main defence works are planned, and concrete pill-boxes are to be built at key points which could be held by a handful of men.

### MELBOURNE CONGRESS.

The Eucharistic Congress being held in Melbourne in connection with the Centenary Celebrations was inaugurated at St Patrick's Cathedral on Sunday by Cardinal MacRory, the Archbishop of Armagh.

### FRENCH SECRET FUNDS.

When a demand was made in the French Chamber on Saturday for the suppression of the French Government's secret funds, Premier Flaudin treated the matter as a question of confidence and received a favourable vote of 457 as against 120.

### ITALY'S AUSTRIAN INTEREST.

A decree has been issued in Rome authorising Italian participation in the new Austrian Loan 1934/59 up to 131,500,000 lire.

### U.S.A. FINANCE.

The United States Treasury Secretary, Morgenthau, has announced the financing for December to amount to 1,892 million dollars. Nine hundred million of this is to be offered for cash, half in  $3\frac{1}{8}\%$  15/18 year bonds & half in  $1\frac{1}{8}\%$  Treasury notes maturing on the 15th of June, 1936.

In exchange for 992 million maturing certificates, the choice is offered between  $1\frac{1}{3}\%$  notes 1936 and the  $2\frac{1}{8}\%$  notes maturing on the 15th of June, 1939.

The term of the bonds is the longest since the commencement of the Roosevelt Administration and the amount is considerably exceeding Wall Street expectations.

This is construed as indicative of a desire to maintain a large cash balance covering winter relief.

### FRENCH WHEAT PURCHASE.

The French Government is submitting a Bill to the Chamber authorising the purchase of the surplus wheat stocks for export by the issue of a loan, the sum involved being 1,500 million francs.

HIS EXCELLENCY AT SCHOOL.

On Friday morning last, His Excellency the Acting Governor, accompanied by Mrs Craigie-Halkett, paid a visit to the Government School. His Excellency inspected the work of the various classes & on conclusion addressed the school as follows :

"Mr Hoare, Teachers, Girls & Boys. I am glad to have the opportunity of visiting the School to-day and I congratulate Mr Hoare and his assistants on the high standard of efficiency maintained. I think that what interests the children most is what we are going to do about a holiday for Falkland's Battle Day - Well as it falls on a Saturday which is not a school day you lose your holiday, but after consulting Mr Hoare I have

ST MARY'S SCHOOLPRIZE GIVING.

The annual Prize-giving Ceremony took place at St Mary's R.C. School on Thursday afternoon last, when His Excellency the Acting Governor, who was accompanied by Mrs Craigie-Halkett, presided.

An excellent programme of entertainment was given by the pupils of the school and at its conclusion & after distributing the prizes, His Excellency addressed those present in the following words :

"Father Drum, Ladies & Gentlemen. I feel sure all who are privileged to be here to-day have appreciated that behind this entertainment lies a great deal of hard and devoted work on the part of the Sisters in training the children.

"Now, to-day is the close of the school year for St Mary's School. When I presided here last year I little thought that I should be presiding again this year, but by a turn of the wheel of fortune I have the honour again.

"If I may say so, everyone knows and appreciates the good work carried out by Father Migone and the Sisters - work which is carried out silently and without advertisement and the blowing of trumpets. Therefore on behalf of the Colony I wish Father Migone, Father Drum & the Sisters all success & prosperity in their future work & would add for myself & you the hope that Father Migone will long be spared to continue control of the work of the Roman Catholic Mission in this Colony."

"Among those present was the Hon A.R. Hoare J.P., Superintendent of Education.

At the conclusion of the ceremony those present visited the exhibition of school work.

A list of the prize-winners will be published in the "Penguin" in due course.

THE STANLEY CUP.

Our heartiest congratulations are extended to Lieutenant A.I. Fleuret who won the Stanley Cup Competition held on Saturday. This annual event drew a large number of competitors.

Lieutenant Fleuret took the Trophy with a score of 98 from Pte H.H. Sedgwick by one point out of a possible of 105.

We hope to publish the full details concerning the competition in due course.

CHILDREN'S FANCY

DRESS PARTY.

The Annual 8th of December Party organised by the Stanley Benefit Club was as great a success on Saturday as ever it has been with practically three hundred children present and the majority of them in fancy dress.

Among the many spectators were His Excellency the Acting Governor & Mrs Craigie-Halkett with members of Councils and their wives.

Some of the costumes were most praiseworthy and the ballot for allotting the handsome prizes that had been given was a very difficult business.

Eventually the prize winners were pronounced to be :

- 1st Class - Molly McAtasney (Tong Queen) & Len Hirtle (An out-of-work) (Prizes presented by His Excellency & Mrs Craigie-Halkett).
- 2nd Class - Fanny Henriksen (South Sea Islander) & Louie Robson (A Tramp). (Prizes presented by Mrs Louis Williams & Mr J.D. Creamer.)
- 3rd Class Heather Sedgwick (Pierette) & Tony Carey (Old English Costume). (Prizes presented by Mrs A.R. Hoare & Messrs McAtasney & Sedgwick.)
- 4th Class - Terence Reive (Golliwog), Jenna Jennings (Mazawattee Tea), May Slade (An Old Fashioned Lady), Lorna Luxton (Fairy), Joan Craigie-Halkett (Columbine) & Gerald Jennings (Robinson's Patent Barley). (The prizes were given by "Uncle Ralph", "Aunt Dorothy", Mr M. Evans (2) & Mr W. Gatten (2).)

The Stanley Benefit Club's officers and helpers are to be heartily congratulated on the success of their effort both concerning the Fancy Dress Parade & the Tea.

### NEW NUERNBERG.

#### Falklands Battle Launching.

A message from Berlin states that the new 6,000-ton cruiser "Nuernberg" was launched & christened on Saturday by the widow of Captain Von Schoenberg who lost his life twenty years ago in the Falkland Islands Battle where the German vessel of the same name was sunk.

In press notices Captain Pochhammer, who was the first officer of the "Gneisenau" and the senior officer saved when Von Spee's fleet was annihilated, recalled the battle and said all the credit for the British victory was due to Lord Fisher.

### ITALIAN BONDHOLDERS

#### SEVERE DECREE.

A decree was issued in Rome on Saturday ordering all Italian residents to render up their creditor bonds held abroad to the Government for which they will receive lira credit.

Those who do not comply will subject themselves to severe penalties, including imprisonment or deportation, with fines totalling the their entire credit.

This mobilisation of the country's foreign security is considered necessary for the maintenance of the lira at the present rate and to avoid departure from the gold standard.

### THE DUKE & DUCHESS.

The Duke & Duchess of Kent are leaving Kimley Hall to-morrow to continue their honeymoon at Trent Park, lent by Sir Philip Sassoon, where they will stay probably until shortly before Christmas.

### FRENCH WAR DEBTS NOTE.

The French Note to the United States on war debts will be dispatched after the sanction of the Ministers' Council to-day.

The Note states that there is no change in the situation and the French attitude remains the same as in December, 1932: viz - There will be no more payments on the instalment system pending a meeting of the General Debts Conference.

### BOXING.

The World Heavyweight Champion, Baer, has been offered a forty per cent gate with a guarantee of £15,000 for a title fight with the British Empire Champion, Peterago, in London during Derby Week, 1935.

### FRENCH COTTON MILL

#### IN MANCHESTER.

It is announced from Manchester that an influential French group has acquired a large cotton mill for the manufacture of fine silk yarns which hitherto have been almost a French monopoly, and will commence operations in the new year.

The Daily Telegraph states that the factory has long been idle but with the installation of machinery manufactured in England and coming many thousands of pounds employment for many thousands of operatives is anticipated.

The output will replace the Lyons imports which are affected by the protective tariffs.

### U.S. UNEMPLOYED.

According to the National Industrial Conference Board in New York the unemployed in the United States at the end of October was 9,604,000, being 345,000 less compared with that in September owing to the settlement of the Textile Strika.

The chairman of the Reconstruction Finance Corporation has announced that another 500 million dollars is to be disbursed before the R.F.C. aid for banks and depositors is completed.

### U.S.A. & THE GRAN CHACO.

The United States has informed the League of Nations that she is willing to join the Supervisory Commission in the Gran Chaco peace efforts.

While declining to join the Advisory Committee in connection with the prohibition of arms to the belligerents, the United States is prepared to send delegates to the Commission's headquarters at Buenos Aires & as "good neighbours" has accepted the role of peacemaker.

SIR JAMES O'GRADY.

It is with the utmost regret that we have to record the death of Sir James O'Grady, K.C.M.G., yesterday at the age of 68 years.

Although the news is not official it was broadcast by the B.B.C. Announcer yesterday evening over the West African Zone.

Sir James, it will be remembered came to the Colony as Governor and Commander-in-Chief in June 1931 and on account of illness went home in 1933, since when his condition, though showing signs of improvement at one time, has remained a source of anxiety.

THE SIAMESE KING.

The Siamese mission visiting King Pradedhipok has arrived in London and the audience with the king of that country was expected to take place yesterday.

It is understood that the king has not changed his mind with reference to the abdication threat but awaits the delegation's statement.

GERMAN SHIPPING CHANGES.

The Hamburg-London Shipping Line has been re-purchased from the Hamburg-Amerika by the former owners, the Kersten Company, while the North German Lloyd has discarded its plan for a China-Australia service and has sold the vessels thus employed to Messrs Burns & Phillips of Sydney.

These are regarded as further steps in the policy of German shipping decentralisation.

Bushire : Lady Blanche Scott-Douglas with Flight-Lt Ogden is reported safe after being missing since Saturday on a flight to India. It appears that the machine made a forced landing in a desert.

BALKAN COMPLICATIONS.Hungarians Expelled.

The Daily Telegraph correspondent at Szeged, Hungary, states that 2,000 Hungarians have been expelled from Jugo-Slavia and on crossing the border the majority of them are destitute.

They state that the Jugo-Slav officials have ejected them from their houses saying "You have murdered our King. Get away to your own country where before long we will invade you."

In the inclement weather the plight of the refugees is distressing and trains are arriving from the frontier filled to their utmost accommodation without any provision for infants, many of whom are suffering.

Many of the refugees are complaining that their small farm-holdings have been seized while others who formerly applied for Jugo-Slav citizenship now stand in a no-man's-land between the two frontiers as Hungary is unwilling to accept them.

The Hungarian government has taken diplomatic steps with reference to the expulsions and the Cabinet has met to decide upon relief action.

It is officially denied that diplomatic relations have been broken off. A Jugo-Slavian statement has been issued to the effect that the expulsion is legal and has been due to the prevailing economic situation.

Later news reports that the assemblage at the frontier has received information that their homes have been plundered.

A wave of ardent patriotism is sweeping over the people and several anti-Serbian demonstrations have taken place, resulting in the necessity of guarding the residence of the Serbian Patriarch of the Greek Orthodox Church.

Armed Jugo-Slavian troops are reported to have crossed the frontier.

CLASS FIRING.

No 3 Platoon of the Defence Force put in their Class Firing on Sunday when, although a fresh breeze was blowing across the range the conditions were ideal for service sight shooting.

ABYSSINIAN RAID.

Belated reports from Italian Somali-land indicate that an Abyssinian raid on the frontier post has resulted in sharp fighting with sixty Italian native soldiers killed before the raiders were repulsed with heavy losses by means of bombing from military planes.

A message yesterday from the Daily Telegraph correspondent in Rome indicates that the controversy is not yet settled, the centre of the trouble apparently is concerning the possession of some wells which have been held by Italy for the past five years.

The Abyssinian Minister in Rome has lodged a protest with the Italian Government demanding the return of these wells, claiming that the attack on the Italians was not of any political significance since it was made by tribesmen owing allegiance to a local chieftain.

It is thought unlikely that the affair will result in serious consequences.

THE IRISH CONFLICT.

The Free State opposition leader, Cosgrave, in addressing a Gael Convention at Ennis, County Clare on Sunday, said that the Irish Government was endeavouring to carry on the economic conflict with Britain without the support of the Irish people and its continuance would mean hardship, deprivation and want.

Ireland would be better able to bargain but for the nonsensical stupidity of exhibiting to the world her economic weakness.

LAWN TENNIS RESOLUTION.

At the annual general meeting of the Lawn Tennis Association held in London on Friday last under the chairmanship of Sir Samuel Hoare, a resolution was debated to amend the rules prohibiting amateurs writing instructional press articles.

The resolution was carried by 53 votes as against 47, but a two-thirds majority is necessary for the alteration of the rules.

AUSTRALIA AIR MAIL.

A Reuter message from Sydney states that the new Australia to London Air Mail was inaugurated yesterday evening with the despatch of 25,000 letters for Darwin via Cootamundra.

A later message from Marseilles reports that the inaugural mail plane "Hengist" from London was compelled to remain there yesterday owing to the bad weather.

RAIN IN ENGLAND.

Just as in Stanley we are being surfeited with rain so in England the supply is now becoming a nuisance.

The week's rain, a message from London states, has brought the Thames level almost to normal and the reservoirs are filled.

The week-end weather, however, has resulted in floods and hurricanes throughout the country and notwithstanding the record temperature for December on Saturday - 19 degrees above freezing point - gales are continuing with the prospect of further rain and warmth.

From New York seventeen degrees of frost are reported with 29 deaths while 10,000 have been crowded into the shelters.

IMPERIAL AIRWAYS AGREEMENT.

It is reported from Rome that the Council of Ministers has approved of the agreement with Britain enabling Imperial Airways to have a direct passenger service from London to India, Australia & South Africa, thus avoiding the present train journey from Paris to Brindisi.

The agreement provides for alternative routes via London, Marseilles & Rome or London, Marseilles, Naples and Athens for the Far East or via Benghazi, in Italian North Africa, for the Cape Services.

It is expected that the new service will open in the Spring.

THE COLONIAL SMALL BORE

TROPHY, 1934.

Our Chance Of Success.

By this mail Captain W.M. Allan received from the Secretary of the Society of Miniature Rifle Clubs the official scores made by the Falkland Teams in the Colonial Small-Bore Match and the Dominion Clubs Team events. The final results will not be available until all the targets are in. But on the face of it the Falklands stand a handsome chance of regaining the Trophy for they have registered a total of 1,945, nine more points than Kenya (last year's winners) made and two more than adjudicated locally.

In previous years the tendency has been to over estimate the total but in under estimating it this time the revised list has brought to light the fact that one member of the team - Pte A.E. Hills has gained the distinction of making a possible in one of the two shoots. In Stanley he was allotted 99 points in his first effort but the judges have awarded him the extra point which, as far as we know, gives him the honour of being one of the first to obtain a possible - if not the first - for such a feat has not been performed before. The other extra point has been allocated to Pte J. Petterssen who was given a 98 & a 96; his score now reads 98 & 97.

It must be borne in mind that locally it is not possible to adjudicate the scores accurately and so, unfortunately, Petterssen lost his position in the "A" Team for the Dominions Club Team Competition. From the table of results given had he been in the first team the total of the "A's" would have been four more. But even then the chances of either of the teams securing the Medals & Challenge Cup are not by any means so rosy as those in the Small-Bore Competition for as they stand "A" team's total is ten lower than their winning score of 1933 and even with an extra 4 points of Petterssen's would still have been 4 below the second & 3rd, and 1 below the 4th. Still the result is not yet known!

The detailed scores are given in the next column.

BALKAN COMPLICATIONS.

## Cause for Anxiety.

Mr Anthony Eden, as the British representative to the League of Nations' Council delivered a powerful warning against any action which might aggravate the dispute between Jugo-Slavia & Hungary, states the Sunday Times.

In declaring "certain reports" that he had received had given cause for anxiety, he said that : "There is a heavy responsibility on us not to allow local conditions to deteriorate while we are seeking a solution."

Britain was taking no sides in the dispute, he added. But on the other hand it is stated that the French Foreign Minister, M. Laval, has expressed the view that the responsibility of certain Hungarian authorities is established and Hungary should open an enquiry. But Italy's representative, Baron Aloise, considers that Hungary has proved her goodwill and wish to collaborate with Jugo-Slavia.

Meanwhile, the expulsion of Hungarian refugees from Jugo-Slavia continues and with 2,700 expelled in the last four days, it is alleged that Jugo-Slavia intends removing all the Hungarians in her territory, totalling 30,000.

- o -

The Daily Telegraph correspondent in Hungary gives further harrowing details from Szeged of the refugee arrivals from Jugo-Slavia.

Excitement has reached fever heat in the frontier village of Roeskce where the armed Jugo-Slavian regulars have penetrated. The inhabitants have requested the government to supply arms and ammunition for self-protection.

The Hungarian Cabinet has held a meeting specially to consider measures for succouring the refugees and an appeal is being made to the public for private assistance for the victims, states a message from Budapest.

-----

Tokio : Subsequent to the arrest of an armed youth attempting to enter Prince Saionji's house a plot has been revealed for the assassination of the leader of the political parties - the Suzuki, the Adachi and the Wakatsuki. Two more arrests have been made.

INDIA FOR INDEPENDENCE

## Congress Appeal.

A message from Bombay states that a joint meeting of the Working Committee and the Parliamentary Board of the Congress has passed a resolution rejecting the Select Committee's report and appealing to the nation to give its support in securing complete independence.

-----

WAR CRIPPLES DEMONSTRATION.

War cripples, numbering 1,500, demonstrated in Paris yesterday against the French pension cuts.

Serious disturbances occurred outside the Place de l'Opera, with many being injured in a clash with the police and the guards.

Subsequently a deputation was seen by the Minister for the Interior and Premier Flandin who promised to investigate the alleged grievances.

-----

ASKING AFTER ARMAMENTS.

A Washington message reports that Senator Nye has stated that if Britain holds an investigation into private armament activities, the United States Investigation Committee would give their full support with much valuable information already being on the Committee's files.

He added that many British Parliamentarians were on the waiting list of the Senate Committee, desiring copies of all the Committee's hearings.

THE NAVAL TALKS.

## U.S.A. On Her Position.

The first official explanation of the United States position relative to the Naval Talks has been made by Mr Norman Davis (Ambassador in London) who states that the fundamental question was either that the equilibrium established by the Washington Treaties should be endorsed or upset.

America stood for their continuance or alternatively a progressive reduction of armaments.

Japan says that the plans for reduction differ fundamentally for Tokio wishes to cut the ratios while the U.S.A. would retain them.

THE LATESIR JAMES O'GRADY.

The following telegrams have been exchanged between the Secretary of State for the Colonies & His Excellency the Acting Governor:

From the Secretary of State -  
 (11th December.)

"Deeply regret to inform you that Sir James O'Grady died yesterday."

From His Excellency the Acting Governor  
 (11th December.)

"It is with profound regret that myself and Colony have learnt of the death of Sir James O'Grady, K.C.M.G., Governor of this Colony. Beg to request that deepest sympathy of myself and Colony may be conveyed to his relatives."

THE ANNIVERSARY OF THE 8TH.

The twentieth anniversary of the Falkland Islands Battle was commemorated fittingly on Saturday last when a special service, conducted by the Very Reverend the Dean, was held in the Cathedral Church attended by His Excellency the Acting Governor, members of Councils, a large number of the public, the Defence Force, Girl Guides and Boy Scouts.

Following the service His Excellency took the Salute as the Defence Force marched past Victory Green.

Among those present at the service was Mrs J.D. Creamer, O.B.E., who, on the morning of the battle in 1914, phoned information through to Stanley from Fitzroy Station of the approach of enemy vessels, and for her greatly appreciated assistance had conferred upon her by the gracious pleasure of His Majesty the King the appointment as an Officer of the Most Excellent Order of the British Empire.

"HAIL" TO THEE .... !!

The Clerk of the Weather has undoubtedly been studying the poet Shelley but, unfortunately for us, has just as undoubtedly confused it with his duties.

For several days past we have been regaled with severe hail-squalls which, we hope, reached a climax yesterday when they harrassed us perpetually from morn 'til night.

Perhaps if we suggest just as well known a quotation, though not of such classic origin - "Somewhere the sun is shining" - & suggest to him that we are practically within a week of "mid-summer", his more concentrated efforts might bring that "somewhere" a little nearer to Stanley.

FIFTY DEATHSIN HOTEL FIRE.

Lancing, Michigan, 12.11.'34.

The palatial Kerns Hotel, adjoining the river was gutted by fire at dawn on Tuesday and while the hotel register is missing it is estimated that there are fifty deaths.

There were approximately 200 guests, many of whom were legislators and their families who had assembled for a special State Session. Five politicians have already been found dead.

Many of the guests were trapped in the blazing building and jumped to the frozen river beneath being drowned on falling through the ice. Others leaped from the fourth story to the street and were killed.

The Daily Telegraph correspondent states that many were incinerated in the upper floors or buried by falling masonry which also involved firemen who were unable to render aid owing to the rapidity with which the fire spread from the second floor upwards. A number of children also perished.

S.S. LAFONIA.

At 8.0 p.m. yesterday the s.s. Lafonia was 365 miles from Stanley. At the time the weather was moderate and getting better after a bad day of hail and snow.

NORTHUMBERLAND COAL.

Blyth, 12.11.'34.  
The Northumberland coal shipments this year total six million tons, an increase of twelve per cent over a similar period in 1933.

The Tyne also reports record shipments as the result of the Scandinavian trade agreements.

AUSTRALIAN TENNIS.

Melbourne, 12.11.'34  
All the British players have advanced into the next rounds of the Victorian lawn tennis championships.

SEVERE WINTER IN U.S.A.

New York, 12.11.34  
Intense winter conditions are reported with twelve degrees of frost here while in the Adirondacks seventeen below has been registered. The central Maine lakes are covered by six inches of ice with Chicago reporting a ten-inch snowfall.

Cold blizzards are sweeping the country from coast to coast.

FRIENDLY DEVELOPMENTS

BETWEEN

THE FREE STATE & BRITAIN.

Holyhead, 12.11.34  
In addressing the Traders' Association the Lord Mayor of Dublin said that the friendly negotiations between the Free State and Britain were progressing and developments were expected shortly.

(Concluded from next column.)

The Daily Telegraph correspondent in New York announces that the Red Star line are discontinuing their sailings and the "Westernland", "Belgenland" and "Fennland" are being scrapped.

URUGUAYAN TRADE

WITH BRITAIN.

Rio de Janeiro, 12.11.34  
Arriving here en route for Montevideo yesterday, the Uruguayan Minister in London expressed optimistic views with regard to the projected trade agreement with Great Britain.

ITALIAN EXCHANGE TROUBLES.

Rome, 12.11.'34.  
Following on the imposition of the exchange ban the foreign banks are now at a standstill pending the official explanatory order, with the result that tourists and foreign residents have been placed in a difficult position since cheques cannot be cashed.

FLANIN THREATENS.

Paris, 12.11.'34.  
Following the tabling of 150 amendments in the Chamber of Deputies with reference to the Wheat Bill, Premier Flanin has threatened to resign if the opposition to "an indispensable work for the country be continued".

It is believed that the Bill will be passed to-day (Thursday.)

GERMAN SHIPPING.

Call For Smaller Companies.

Berlin, 12.11.'34.  
Before a meeting of 400 ship-owners in Hamburg, Esseberger, who is the leader of the German shipping organisation, announced that the Hapag Lloyd Union, controlling 70 per cent of the German mercantile Marine, was being dissolved.

The combine, including the N.D.L. and the H.A.L., would be split into various small firms. The Reich Marine Ministry statement was quoted to the effect that the crisis years had proved that smaller firms were better able to overcome the difficulties than the large.

The H.A.L. will operate independent companies on the North Atlantic, the Far East including Australia, and Southern America,

(concluded in previous column.)

### THE LOST ULM.

Kingsford-Smith Hopeful.

Honolulu, 11.12.'34

A Reuter message reports that the search for the missing Australian airman Ulm and his companions has been abandoned but Sir Kingsford Smith is still hopeful.

### GRAN CHACO DISPUTE.

Geneva, 11.12.'34.

Bolivia has unconditionally accepted the proposals forwarded by the League of Nations for the settlement of the Gran Chaco dispute.

These proposals for the termination of a two and a half years' war include the cessation of hostilities, the withdrawal of troops behind the neutral zone and a Peace Conference at Buenos Aires.

Paraguay apparently is unwilling to agree to the plan which is supported by Britain, France and Italy as well as nine other powers.

### "YELLOW PERIL" WARNING ?

Yogosuka, 11.12.'34

The new Japanese Commander-in-Chief of the combined fleets, Vice-Admiral Takahashi, has issued a statement that Britain and America should abandon their superiority complex over Japan and seek a true peace by conceding Japan equality in naval armaments.

He further expresses the opinion that the time is approaching when Japan, Manchukuo and China will cooperate in safeguarding their co-existence and promoting mutual prosperity.

- o -

The Daily Telegraph states that as a result of overlapping programmes and past delays naval construction under way in the British yards at the end of 1934 is :

four 10,000-ton cruisers, two each 7,000 & 5,000-ton cruisers, 22 each flotilla leaders and destroyers, 6 submarines, one 10,000-ton aircraft carrier, 5 sloops and one depot ship.

### BOXING.

Liverpool, 11.12.'34

The featherweight champion, Tarleton, retained the title on points in a fight to-day against Crowley.

The possibility of an open conflict between Jugo-Slavia & Hungary augurs a little future.

### VERSAILLES "FETTERS."

German Denial.

Berlin, 11.12.'34.

In the Reich officials association press Dr Schacht denies that Germany will ever proclaim a moratorium on foreign debts and adds that payments have only been made impossible by the economic fetters of the Versailles Treaty which, once shaken off, will give Germany complete trade freedom.

### INDIAN COTTON IN JAPAN.

Tokio, 11.12.'34.

The imports of Indian cotton from January to November have reached 1,825,000 bales and are expected to reach the two million mark by the end of the year as compared with the treaty minimum of 1,500,000.

### FRENCH RELIEF BILL.

Paris, 11.12.'34.

Premier Flandin announced at Ministers' Council that a Bill has been drawn up relieving the disabled soldiers situation and this was to have been tabled the following day (Wednesday.)

The Council has also decided to inform the United States that France will again refuse to pay her war debt instalment due in December while M. Heriot told his colleagues that he still considered that France should pay.

Washington understands that Britain will not make any payment of the instalment due on Saturday.

### ITALIAN LIRA STABILITY.

Basle, 11.12.'34.

A meeting of the governors of the Central Banks of the gold bloc countries to-day (Tuesday) heard the Bank of Italy governor's details of the new technical measures adopted by his government. He explained to his listeners that the object of the measures was to assure the stability of the lira on the basis of its gold value fixed by the 1927 law.

From Rome, however, it is reported that the bankers have not yet given instructions as to governmental intentions relative to the new decree but an announcement is expected next Friday.

AUSTRALIAN TARIFF CHANGES.

Canberra, 7.11.'34

The Minister of Trade, Mr. White has introduced a new tariff schedule in the House of Representatives under which 11 classes of British goods have been increased, 104 reduced while foreign goods have been increased in 15 instances with 101 reductions, all duties allowing for protective incidence of exchange rate.

An earlier announcement of the reduction of duties on cotton goods was received coldly by Lancashire interests who consider that such duties are a breach of the Ottawa Pact.

SOVIET-FRENCH PACTPROLONGATION.

Geneva, 7.11.'34.

The Soviet-French Pact initiated to-day is merely a prolongation of the agreement already existing but a further understanding has been reached as the outcome and this is another step towards the conclusion of an Eastern Pact.

France & Russia have agreed not to take separate diplomatic action or conclude agreements which might hinder subsequent negotiations towards such a pact.

This is the outcome of long conversations between M. Laval & Litvinoff.

ASSISTING DOLLAR CREDIT.

Washington, 7.11.'34

The administration has proposed to Congress the creation of a new Federal Bank-handling agency, consisting of five members under Mr Crowley, the chairman of the Federal Deposit Insurance Corporation, it being considered that one agency carrying out the work of the existing five would facilitate business and release millions of dollars in credit to the whole nation.

Simultaneously it is announced from New York, at the suggestion of the Austrian parties concerned, that the Austrian standstill agreement between the British and American bank creditors and the Austrian banks should be terminated.

NO NEW PACT FOR GERMANY.

Berlin, 7.11.'34.

An official statement has been issued to the effect that Hitler is not considering a Tripartite Pact between Germany, France and Poland, while observers state that the time is not ripe for the launching of any new German pact.

WHEAT PEACE IN FRANCE.

Paris, 7.11.'34.

The disagreement between the government and the Chamber Agricultural Commission has been ironed out and the passage of the Wheat Bill is assured, both sides yielding slightly to effect a compromise.

DUTCH TRADEREORGANISATION.

The Hague, 7.11.'34.

The Netherlands Trading Company is reorganising its capital by the reduction to a quarter of £1,650,000, and new capital to the extent of £1,250,000 is to be issued to an international syndicate guaranteeing the placing of a new issue.

95 MARRIES 34.

Daily Mirror.

Captain Demetri, a ninety-five year-old seaman who lives at Thasos Island, has married a woman of thirty-four, says Reuter from Athens.

The wedding feast lasted 24 hours, and the bridegroom danced, sang and drank without showing the least sign of fatigue.

When somebody hinted that he was rather old to marry again, he cheerfully replied, "Why, I expect to live another thirty years. Surely you don't expect me to live alone all that time!"

A Tom Thumb, only 32 inches tall has been found in Ceylon. He is 19 years of age & very clever.

THE WORLD'S FASTESTNEWSPAPER TRAIN.

Daily Telegraph.

The world's fastest newspaper train has been introduced by the Great Western Railway.

It leaves Paddington for South Wales at 1.20 a.m. and, running non-stop to Newport, covers 133½ miles in 137 minutes in spite of severe speed restrictions for four miles while passing through the Severn Tunnel.

After Newport, where the train arrives at 3.37 a.m. it calls at Cardiff at 3.59 a.m. and the principal stations, to Swansea, where it arrives at 5.44 a.m..

This train affords a forty-five minute acceleration between London, Newport, Cardiff and Swansea over the previous service which left Paddington at 1.0 a.m..

"QUEEN MARY II".

Daily Telegraph.

The closely guarded secret of the name of the new Cunarder "Queen Mary" which was given to the ship by Her Majesty at the launching recently was shared by a Glasgow firm.

Messrs Williamshon-Buchanan had a ship named Queen Mary last year. According to the Board of Trade regulations the new Cunard White Star liner could not have been given the name in these circumstances.

The firm was approached and agreed, at the express wish of Her Majesty, to rename their vessel Queen Mary II.

Daily Telegraph.

A trade agreement has been signed between Germany and the Argentine for the purpose of safeguarding German imports of raw materials from the latter country.

Imports of wool into Germany are further restricted by an order published by the appropriate control office. Until further notice the import permits already issued will be valid only for a third of the quantity of wool for which the licence was originally given.

RECORD CEYLON DROUGHT.

Daily Telegraph.

Ceylon has been suffering from one of the most severe droughts in living memory. Coconut, rice and tea cultivation has been seriously affected.

It is feared that portions of some of the tea estates will go out of cultivation altogether.

The water supply in some districts has given out while in the northern areas monkeys have been driven mad by thirst and have attacked human beings.

THE FALKLAND ISLANDS COMPANY LIMITED.

STORES DEPARTMENT.

DIOCESE FAREWELL.

Guardian.

The retiring Bishop of the Falkland Islands (Dr N.S. de Jersey) sent a farewell message to his diocese through the "South Pacific Mail".

The message was written from a bed of sickness in a private nursing home at Clifton, Bristol. The bishop arrived in Valparaiso 19 years ago, he said, "with very great misgivings," and had to "break through a wall of suspicion before I found the value of the warm west coast heart." At that time there was no diocese organisation, and in trying to deal with the situation the bishop had to divide the coast into three sections beginning with the Falkland Islands and ending at Lima. Dr de Jersey referred to the "wonderful impression" that the work of the Araucanian Mission made upon him. The year 1922 saw the first diocesan synod, which showed that the work had begun to take root. There were other synods - 1925, 1928 & 1932. An advance has been made in church building, and a new arch-deaconry has been formed in northern Peru and Ecuador. It is the charge of the Ven. W.J. Foley-Whaling, who holds it under the title of Arch-deacon of Stanley. The bishop had hoped before he laid down his work to be able to press forward with the appeal that is being made for the improvement of the Cathedral in Stanley in memory of Dean Brandon.

Referring to the work of the clergy in the diocese, the bishop mentioned two in particular - the Rev. C. Sadler, who distinguished himself by choosing the site of the Araucanian Mission, and Canon Walker, who was 25 years at Santiago and achieved the ambition of his life by building up the war memorial church. The bishop also paid a tribute to those clergy who acted as his representatives in England - the Rev. the Lord Thurlow, Dr R.S. Cambie, Canon W.J. Mackain and the Rev. C.H. Hodgson. All had given their support whenever needed "Of these stands out prominently Canon Mackain . . . . When I became Bishop of the Falkland Islands he gave practically his whole time and energies for the furtherance of the work. He put straight the endowment fund

fund of the diocese, he selected a great many of the clergy, formed a diocesan association, and helped to get together the fairly considerable sum which I hope to pass over to my successor."

The new bishop, (the Rt. Rev. J.R. Weller) has left England for the diocese. Members and friends of the South American Missionary Society have recently presented him with a travelling staff as a token of good will as he enters on his new labours.

THREE MONTHS IN THEWHALING AREAS.

The Times.

The Royal Research Ship William Scoresby left London on the 16th of October on her fourth commission.

During this Antarctic summer the William Scoresby, after calling at the Cape, will proceed to the ice edge in the neighbourhood of Bouvet Island and Enderby Land, which are the chief hunting grounds of floating whale factories, and if practicable to other areas where whales may be found.

It is expected that she will be on the whaling grounds for some three months without touching port.

The experiments which will be undertaken are a part of a general scheme of investigations in the course of which the Royal Research Ships Discovery and Discovery II, as well as the William Scoresby, have been employed on previous commissions.

The William Scoresby's investigations this season will be specially directed to determine the migration of whales.

The Discovery investigations are controlled by the Discovery Committee, acting on behalf of the Falkland Islands Government under instruction from the Secretary of State for the Colonies. Mr G.W. Rayner will be in charge of the experiments conducted by the William Scoresby, with Lieutenant C.R.U. Boothby, R.N.R., in executive command of the vessel. The ship is expected to be absent from England for six or seven months and will return home about next April, as will Discovery II, which sailed from London in October last year.

Hopes have been expressed that the Anglo-French collaboration so fruitful at Geneva would be continued and developed with results always as fruitful and with equal benefit to world peace.

SWEEPSTAKE TICKETS SEIZED.

Belfast, 13.11.'34.

The postal authorities seized a consignment of Irish Sweepstake tickets, mainly addressed to Canada, and the United States, valued at £25,000, but these were subsequently released on the grounds that they had no authority to confiscate or hold up the tickets.

BRITISHERS FOR THE SAAR.

In accordance with the decision that Britishers should help police the Saar Plebiscite, General Brind has been appointed Chief of the Imperial Staff and was expected to reach Saarbruecken yesterday. The main body will proceed via Calais next week.

The last time a force of the size being taken out (1,500 including officers) was for the purpose of making war. Their object now is to keep the peace.

IMPERIAL AIR SERVICES.

In the House of Commons on Thursday, the Under Secretary for Air, Sir Philip Sassoon, in referring to the Anglo-French negotiations regarding the operation of Imperial Air Services across French territory said that a formal agreement had not yet been concluded.

Greetings from the Empire were received by His Royal Highness the Duke of York on the occasion of his thirty-ninth birthday yesterday.

THE HOUSE OF COMMONS.

The House of Commons will adjourn for the Christmas Recess on the 21st instant and will reassemble on the 28th of January.

NAVAL TALKS ENDED.

London, 14.12.34.

The Naval Talks are being terminated on the 20th instant when all the delegates will leave for the Christmas holidays, with the Americans sailing on the 29th of December, this postponement being due to the instructions which have not yet arrived but are expected to come from Tokio for the Japanese.

No question of definitely renewing the talks has been discussed by Premier MacDonald and the American Ambassador, Mr Davis, but Japan is not satisfied with leaving the conversations unfinished and wants a resumption date fixed.

It is not probable that the talks will be called again, however, and whatever preparation is necessary for the 1935 Naval Conference is likely to be conducted through diplomatic channels.

Meanwhile, the Japanese Admiral Yamamoto, will remain in England until either the talks are resumed or the Naval Conference is convened in May.

NEW EVEREST EXPEDITION.

Darjeeling, 14.12.'34.

Keen interest has been aroused by the news that Brigadier-General Bruce, the leader of the former Everest Expeditions, is proceeding to Tibet with a view to getting the ban on such expeditions lifted and prepare the way for another attempt on the mountain in 1936.

The interest involved are due to political influences revolving about Tibetan objections to European penetration.

U.S.A. & WAR.

Washington, 14.12.'34.

In palliating the feelings of the Senate Arms' Trade Committee, some of whose members have accused him of endeavouring to "smother" their enquiry, President Roosevelt has suggested that his War Profits Committee should cooperate with the Senate Committee in framing legislation "to take profit out of war".

The President has stressed the inequalities of national effort during war when men in the trenches got a dollar daily while those working in factories earned ten dollars.

According to the Daily Telegraph correspondent, the war profit figures mentioned at the recent arms enquiry ranged from 40 to 800 per cent on the capital of the munition, copper, armaments and shipbuilding firms.

The head of the Dupont firm denies excessive profits, stating that the government recovered 80 per cent through excess profit tax.

THE KING OF SIAM.

London, 14.12.'34.

The head of the Siamese delegation states that there are high hopes that King Prahadhipok will return to his country as the preliminary talks with Their Majesties were most cordial.

These talks are shortly to be followed by serious conversations but the king has not yet fixed a date when, if important issues arise in Siam he should be kept in touch by cable.

CONTRACTS FOR BRITAIN.

London. 14.12.'34.

Modern Transport reports that important contracts have been awarded British steel firms for the building of fifty bridges for the Canton-Hankow Railway. The bridges approximate in weight 2,000 tons.

Italy has secured the contracts for two lathes of 300 and 250 tons respectively.

These contracts were secured in the face of keen German competition.

A S. AFRICAN "DEATH BLOW."

Capetown, 14.12.'34.

The newly formed Dominion Party with a programme to resolve the Empire's component parts into sovereign states has received its death blow, states the Daily Telegraph correspondent, who reports the heavy defeat of the party's candidate by the Fusionist in the Queenstown by-election.

U.S. TRANSACTION WITH GERMANY.

New York, 14.12.'34.

The Wall Street Journal reports the conclusion of a further transaction with Germany involving thirty million dollars' worth of cotton.

The State Department and the Treasury have approved and the sale terms have been agreed upon subject to the Reichsbank confirmation.

200 INJURED IN HALL COLLAPSE.

Liverpool, 14.12.'34.

When a concert hall in Liverpool collapsed on Wednesday 200 people were injured. Thirty-three were detained in hospital but no fatalities have occurred as yet although the condition of some of the patients is critical.

P.S.P. RANGERS F.C. "FOR SALE".

A press message last night reported that Queen's Park Rangers Football Club has notified all the clubs of the Second and Third Divisions that the entire playing staff, numbering 30, is for sale.

This economy measure has been taken owing to the cup-tie defeat sustained by them at the hands of Brighton & Hove when the financial outlook was considerably affected. The Club, it is stated, intends to carry on.

London: Mancine has been acquitted of the "Trunk Murder Crime No. 2", the police stating that they are convinced that he is not connected with the No. 1 crime.

BOXING FEAT.

London, 14.12.'34.

The Fast Ham heavyweight, Len Harvey, has smashed the world record held for thirty-five years by the weight-lifter Thomas Inch, by pulling the compressing grip machine at 520 pounds pressure with the right hand.

Inch, on handing over the medal and cup, said that there had been over ten thousand attempts to break the record.

COOPERATION BETWEEN

THE UNION OF SOUTH AFRICA & GREAT BRITAIN.

Capetown, 14.12.'34.

The Union High Commissioner in London, Mr T.E. Walters, states that the conversations with the South African Government show a great prospect of cooperation with Great Britain on all trade questions while there would probably be a great improvement in tourist traffic.

From Salisbury it is reported that the Trade Minister, General Smuts, has advocated a Rhodesian customs barrier for the purpose of giving preference to Britain and the Dominions.

"SCHARHORST" LINER

LAUNCHED BY HITLER.

Berlin, 14.12.'34.

Hitler launched at Bremen the North German Lloyd liner Scharnhorst for far eastern service. An announcement was made that there would shortly be a sister ship, Gneisenau, fitted.

These electrical driven vessels will reach Shanghai from Genoa in 23 days.

The director of the company, Herr Schwamm, in his introductory remarks before the launching, condemned subsidies and declared that Germany must have a great mercantile marine with industry recovering by international cooperation, stat

We are very pleased to learn that the Stanley Wolf Cub Pack is being re-started and those youngsters who wish to join should apply to Miss D. McAtasney and Miss G. Petterssen.

Boys from 8 to 10 years and former Cubs will be welcomed.

It is anticipated that the first meeting will be held next Saturday afternoon. Further details will be published later.

MOTOR CYCLIST FOUNDUNCONSCIOUS.

A distressing discovery was made on Saturday afternoon by Mr Noel Biggs and Master T. Biggs who found their brother Basil, lying unconscious near his wrecked motor-cycle on the bank by the sea wall at Sullivan House.

Apparently, the two brothers who were also on a motor-cycle, must have passed unnoticed the injured boy and it appears that he had lain for some time with nobody knowing what had happened to him. They had gone out to look for him along the North Camp Road and were on their way back when they found him.

Help was immediately obtained and Basil Biggs was conveyed to the hospital where, throughout yesterday, he remained in an unconscious condition suffering from a severe head injury.

CEYLON & SELF GOVERNMENT.

Columbo, 15.12.'34.

The All-Ceylon Trade Union Congress has passed resolutions demanding self-government for Ceylon, condemning interference by the Secretary of State for the Colonies in internal affairs.

IN BRIEF

15.12.'34.

Teheran : Afghans, including army officers, are alleged to have entered Persian territory via Zoorabad and looted twenty-five villages. Three road guards have been killed and 2,000 Persians have been carried off as prisoners. The damage done is estimated at £50,000.

Walton Heath : Naval problems were discussed over a game of golf by Sir John Simon and Mr Matsudaira on Saturday.

Poland : The country is offering 50 million zlotys, approximately £2,000,000 in a perpetual 5 per cent loan at par.

Paris : The clause in the government Bill prohibiting the sale of wine from undesirable plants except for vinegar or spirit making, has passed by the narrow majority of 271 against 264.

Berlin : The Reich Minister of Communications has issued a statement that the report of the Hamburg America line & the North German Lloyd dissolving their union is without foundation.

SAAR SUSPENSION.

Saarbrueken, 17.12.'34.

A British officer of the Saar Neutral Police Force, Mr James Justice, has been suspended by the governing commission, following a violent street scene in the early hours of Sunday morning and an official enquiry has been ordered.

An enquiry was taking place in the theatre cafe regarding a formal complaint made by Prince Lowenstein to Mr Knox, head of the governing commission, states the Daily Telegraph correspondent, when Mr Justice left accompanied by a friend, Lord Aylesford.

His car struck a person in the crowd collected which took up a threatening attitude. A free fight followed and several shots were fired, one person being injured by a grazing shot. In the subsequent melee Justice was badly injured.

THE ABYSSINIAN OUTBREAK.

Rome, 17.12.'34.

Italy has addressed a reply to the League of Nations, giving an account of the events leading up to the fighting on the 5th of December, at Ualual, declaring that the Abyssinians began it with a fusillade on the Italian outposts, causing serious losses.

CHICKEN POX.

In view of the existence of  
 CHICKEN POX amongst children in

Port Stanley

it is advised that the ap-  
 pearance of any unusual spots in  
 children or adults be reported at  
 once to the Hospital.

Meanwhile the affected person  
 should be confined to bed until  
 visited by the Doctor and should  
 have as little contact as possible  
 with other members of the family.  
 It is hoped that all will co-oper-  
 operate in this manner in order to  
 limit the spread of this infection.

NEXT YEAR'S HISLEYCOACH.

We have much pleasure in be-  
 ing able to publish the following  
 letter received by His Excellency  
 the Acting Governor from Lieutenant  
 A.E. Martin who so ably coached  
 the 1934 Hisley Team :

"Your Excellency,

I am honoured by the message  
 in your letter of the 26th Septem-  
 ber, and by the invitation to act  
 as coach to next year's rifle team.

I shall be glad to do this a-  
 gain and hope the result of last  
 year may be repeated.

Your team were a pleasure to  
 work with in their complete  
 devotion to the job in hand.

I am, Your Excellency,

Yours truly,

sd A.E. Martin."

PANAMA CANAL QUESTION.

New York, 18.12.'34.

The question of a new canal  
 in place of the Panama has once  
 more been raised by Senator Vinson.

He said the time has come  
 when countries are building larg-  
 er ships and it will be only a  
 short time before the Panama Can-  
 al will not be capable of dealing  
 with this larger shipping. The

The proposed canal would be  
 172 miles long and would cost  
 720 million dollars.

It is understood the Presi-  
 dent Roosevelt favours the scheme.

ENGLISH WEATHER.170 Years Record.

London, 15.12.'34.

Besides being the mildest December for 170 years, the rainfall of 2.74 inches already exceeds the normal for the month by two-thirds of an inch.

There has been extensive flooding in Sussex with several roads under water, while the flow of the Thames over Teddington Weir has been 3,000 million gallons in 24 hours as against the December normal of 2,000 million.

In some places on the southern coast the December rainfall exceeds six inches.

ITALIAN TRADE DOWN.

Rome, 15.12.'34.

Some explanation of the strict control on foreign exchange dealings is afforded from the export figures for the first eleven months which shrank 781,372,000 lire with adverse trade balance nearly doubled at 2,185,183,160.

SIAMESE HOPEFUL.

Bangkok, 15.12.'34.

It is officially confirmed that the Siamese mission to persuade King Prajadhipok to return from England is hopeful of success.

The premier read the king's speech at the opening of the people's assembly.

A PARLIAMENT PROPHECY.

Lisbon, 15.12.'34.

Dr Salazar, the Portuguese Premier, has declared that there will be no such thing as Parliaments in twenty years' time.

He made this statement in giving a description of the country's new programme of ruling the country by a new corporate State form on Mussolini's plan. The elections are being held for the two chambers constituting this new method of controlling the people.

Berlin : The November exports exceeded the imports by 9,000,000 marks.

Budapest, 17.12.'34.

Fifty-three Hungarians have arrived at frontier towns from Jugo-Slavia, despite the official announcement from Belgrade that the expulsion orders have been suspended, arousing considerable indignation.

ROYAL MAIL LINES ANNOUNCEMENT.

A circular from the Royal Mail Lines, Ltd., states

"With reference to the misconception which appears to have arisen regarding the position & future of Royal Mail Lines, Ltd, it cannot be too strongly emphasised that this Company exists independently of The Royal Mail Steam Packet Company.

"There is a clear distinction between the two concerns; Royal Mail Lines, Ltd, being the Company owning & operating the ships which formerly constituted the fleets of The Royal Mail Steam Packet Company & certain other companies. In the event of the R.M.S.P. Company being wound up it would neither weaken the structure nor involve the liquidation of the Royal Mail Lines, Ltd."

JUGO-SLAVIAN LOYALTY.

Belgrade, 17.12.'34.

Sixty thousand members of the Reserve Corps took the Oath of Loyalty to the boy king Peter on Sunday on the city parade ground, while throughout the country two million other members took the Oath at the same time.

The Reparations bridge over the River Danube was opened the same day by Prince Paul. The reparations by Germany ceased when the bridge was only half completed so the Jugo-Slavians have finished it themselves.

-----

BULGARIAN PLOT OUT.

Sofia, 17.12.'34.

Some 500 people have been arrested, including 120 soldiers, in connection with a serious communist conspiracy discovered at Heskovo.

It was planned to start with a mutiny in the army while bandits attacked State buildings when a Bulgarian republic would be proclaimed.

-----

THE SAAR INCIDENT.

Saarbrueken, 17.12.'34.

At a mass meeting of 40,000 supporters of the German front, Dr Niepmann referred to the incident on Sunday when a British Neutral Police Officer was suspended, declaring that the affair had shocked all.

"We must be calm," he said. "Discipline is expected from us so therefore those put over us must exercise discipline."

Other zones are being instituted in the neighbourhood of large hotels where tourists stay in business quarters with police controlling the cross-roads.

-----

U.S.A. TO AVOID

WAR COMPLICATIONS.

Washington, 18.12.'34.

President Roosevelt will demand from Congress at the coming session, the Daily Telegraph correspondent understands, a mode of discretionary authority to safeguard America's neutral position in war, wherein the United States is not involved.

A plan has been prepared by Secretary of State, Hull, which is believed to embrace such measures as : 1 - an arms embargo against all belligerents; 2 - discouragement of Americans from travelling in foreign ships entering war zones; 3 - control or prevention of shipments of munitions from American ports; 4 - the taking of steps to discourage the misuse of the American flag.

The President's aim appears to avoid the development of situations such as the recurring violations of American neutrality on the high seas which precipitated her into the last war. Cordell Hull said that the U.S.A. Government should warn shipping that they ventured into war zones at their own risk.

JUGO-SLAV PREMIERREFUSES TO RESIGN.

Belgrade, 18.12.'34.

The Jugo-Slavian Regent, Prince Paul, is meeting difficulties in forming a new cabinet as the Premier, Uzonovitch, refuses to resign.

In the face of this opposition many potential parliamentarians, states the Daily Telegraph correspondent, are refusing to accept office.

The present tension between Croats and Serbs portends a political storm in the near future and the general feeling is present that the regime should weather it without any change.

LUMINOUS WOMAN.Mysterious Light on Patient.

Observer.

The "luminous woman of Pirano" who had puzzled scientists in Italy by emitting a glow of light from her chest as she sleeps, has been the subject of a report to the International Radio-Biological Congress, states a message from Venice.

The woman, Anna Monaro, aged 42, was in hospital at Pireno, suffering from asthma and under-nutrition, and night nurses insisted that on several occasions they saw the glow. A Viennese professor has made an official investigation, confirming the phenomenon which lasted only a second. Cinematic photographs, however, produced no result.

GOVERNMENT SCHOOL

PRIZEGIVING.

The Annual Prizegiving of the Government School, Stanley, will be held in the Town Hall this evening, commencing at 6.0 p.m..

His Excellency the Acting Governor will distribute the Prizes.

Parents, friends and the general public are cordially invited to be present.

S.S. LAFONIA.

The s.s. Lafonia was expected to arrive at Stanley between 6.0 and 7.0 this morning. At 9.0 p.m. last night she was reported to be 85 miles distant experiencing fine weather.

She is expected to leave again to-night inter-insular ports.

POST OFFICE NOTICE.

Mails for the undermentioned places on the East & West Falklands will be received at the Post Office not later than 4.0 p.m. to-day :

Fox Bay, Port Howard, San Carlos, Port San Carlos & Salvador Waters.

ARRIVALS.

Mrs J.E. Hamilton arrived in Stanley with Mr V. Johnson from Fitzroy and with Mr M.G. Creece from Darwin on Tuesday evening.

Yesterday Mr J.E. Hamilton arrived in town from Douglas Station.

BASIL BIGGS.

Basil Biggs was still in an unconscious condition yesterday.

THE OVERSEAS .303 POSTAL MATCH.

Yesterday's Shoot-In  
 New Competition.  
 A Disappointing Result.

Although there were great expectations of the Colony putting up a good score in the Overseas .303 Postal Match, shot off yesterday afternoon, the result proved disappointing with the total score amounting to 1,063, averaging 132.8 per marksman out of a possible of 150.

The detailed scores were :

	300	500	600	Tot.

Range Totals	362	368	333.	

Grand Total 1,063.

This is the first year of the competition and the Defence Force Association had entered it with justifiable pride and enthusiasm.

Early Expectations.

After nine days of wind and rain, and waiting for the opportunity, yesterday proved to be the first chance afforded for firing off the match and the team selected gathered on the Range with the two supervising officers, the Hon. G. Roberts and Captain W.M. Allan, the latter also being the captain of the team.

Firing commenced at 12.30 at the 300 yards distance with the wind mild though variable and changing from 11 to 1.0 o'clock quickly, making the task of the coach (Mr. J.F. Summers) difficult. The same

ST MARY'S BAZAAR.

"Every Good Action Brings  
Its Own Reward."

The amount realised yesterday evening as a result of the sale of stall articles and raffles on the first day of St Mary's Church Bazaar was £43.

His Excellency the Acting Governor, accompanied by Mrs Craigie-Halkett, performed the opening ceremony, being introduced to the assembled stall-holders & prospective purchasers by Father Drumm.

In his remarks His Excellency pointed out that the Church largely depended upon the proceeds of the annual bazaar for funds since all their work was voluntary and since Father Migone, Father Drumm & the Sisters received no grants of assistance from the Government or other bodies.

His Excellency appealed to all to assist as much as they could and commented upon the sympathetic interest shown by the Very Reverend the Dean of Stanley and Mrs Lumsdale who were among those present.

In concluding His Excellency emphasised how much the Catholic Church was in need of funds and that in helping so worthy a cause the public would realise how "every good action brings its own reward."

The stalls and the names of the stall-holders were :

Fancy Stall - Mrs Craigie-Halkett, Mrs Egillie & Miss K. Perry  
Fancy Stall - Mrs Louis Williams, Miss Bossingham, Mrs S. Miller and Miss K. Smith.

Toy Stall - Mrs V.A. Biggs, Mrs Nilsen & Miss Alazia.

Fancy Stall - Mrs Martin Biggs & Miss Madge Biggs.

Fish Pond - Miss I. Biggs, Mrs D. Atkins, Miss M. Reive, & Miss M. Duffin.

Sweet Stall - Mrs Swain and Miss Bender.

Gypsy Stall - Miss Lees, Miss Sten, Miss Hirtle, Miss M.A. Lees.

Spinning Wheel - Mr R. Biggs.

Tea Stall - Mrs Ryan, Mrs Eowles, Miss McAtasney, Miss V. Pauloni, Miss I. Pearson, Miss P. Atkins, Miss E. Lellman, Mrs McAtasney, Mrs J. Miller, Mrs Atkins and Mrs Roberts.

(concluded in next column.)

(continued from page 1.)

conditions applied at the 500 yards but nevertheless the scores were comparatively good. Private E.H. Sedgwick came back to the 600 with 97 out of 100, closely followed by Private L. Reive with one less.

The average at the 300 was 45.2 and at the 500, 46.0.

Optimism prevailed and there were great expectations when going back to the 600 of a good total being realised with, perhaps, some record scores.

But at this point luck fell completely against the team for a severe change in wind and light occurred while the high altitude of the sun, shining very brightly down over the target as it did, made the bull almost impossible to pick up. In addition, the wind increased in velocity and changed trickily sometimes as much as two minutes right or left.

Consequently the anticipation of a high total was slowly but surely dissipated and when the last bullet had been fired it was found that the average for the 600 yards had dropped to 41.6.

(St Mary's Bazaar.)

Raffles - Mr V.A. Biggs, Mr A.L.S. Biggs & Mr J. Ryan.

Mr Martin Biggs and Mr J. McAtasney (door-keeper) also assisted ably.

Only one raffle was drawn last night and that - a Tin of Toffee - was won by ticket No. 4 "Wosco & Myles."

STANLEY SPORTS ASSOCIATION.

Alteration.

The latest time for sending in tenders for the catering of the Sports Association Dances next week has been altered from Saturday, the 22nd instant, to to-day (Thursday) 6.0 p.m..

The Tenders (inclusive of charges for crockery and waiters) should be addressed to Mr D.R. Watson (Joint Hon. Secretary.)

STANLEY BOY SCOUTS.

The Troop Meeting will be held to-morrow, instead of to-day, at 6.30 p.m..

LESS MONEY OUT OF ITALY.

Rome, 18.12. '34.

The new currency decree prohibits the exportation of bank-notes, cheques and money orders payable in Italy, her colonies or possessions, while the maximum amount that may be taken out by travellers proceeding abroad has been reduced from 5,000 to 2,000 liras.

AUSTRALIA AIR MAIL.

Darwin, 18.12. '34.

The Melbourne Postal Department is somewhat disappointed with the decrease in patronage for the second Australia to England mail articles to be sent by air. The number posted is 8,861 as compared with the previous total of 53,967.

The air liner Athena carried the first England to Australia air mail, including the Duke of Gloucester's Christmas mail.

ATHENS TO BE LIGHTED

BY BRITISH COMPANY.

Athens, 18.12. '34.

The contract for electrically lighting the city has been awarded to a local British company with a six-year agreement.

MALARIA IN CEYLON.

Colombo, 18.12. '34.

An extensive epidemic of malaria has broken out in Ceylon & after visiting the afflicted areas the Home Minister announced that the government would spend every penny necessary for medicine and aids.

The touring districts have not been affected.

THE AUSTRALIAN JAMBOREE.

Fifteen thousand Scouts are to assemble at Christmas in a great city of canvas twenty-six miles from Melbourne to meet the Chief Scout. To this jamboree scouts are expected to come from all the countries bordering the Pacific & Indian Oceans.

A SAAR RESIGNATION.

Saarbrücken, 18.12.34

Following the street incident on Saturday last in which a British member of the Neutral Police was involved, Major Hemsley, the British Head of Force, resigned and the head of the Governing Commission, Mr Knox, has accepted.

Hemsley stated that his action was voluntary with a view to saving the prestige of his men and give them the opportunity of proving that they are carrying out with credit the duties assigned to them.

THE INDIA REPORT.

Lord's Amendment Rejected.

London, 18.12. '34.

The House of Lords has endorsed the Select Committee's India Report, rejecting the Marquis of Salisbury's amendment that the pronouncement should be deferred until the proposals have been embodied in the bill. The voting against the amendment was 239 to 62.

Striking evidence of the debate's importance is indicated by the large attendance with a strong muster in the Commons precincts and the result was received silently after a gravely conducted discussion which was without heated controversy or dramatic rhetoric.

Earl Peel put the case for acceptance and Lord Rennell supported with Lord Lloyd as the chief spokesman for the opposition and Lord Reading making a powerful reply. After which Lord Hailsham summed up the points and the Lord Chancellor put the question, the subsequent figures eliciting only a mildly approving murmur.

PILSUDSKI HILL.

Observer.

An unusual Pilsudski monument is being built in Poland. Earth is being collected from all countries where Poles live, and it is being used to build up a large hill in Cracow, where Pilsudski formed his first legion in 1914. Poles are arriving from all corners of the globe with sacks of earth for Pilsudski Hill.

REDUCING WHEAT QUOTAS.

London, 18.12.'34.  
 Argentina, Australia, Canada and the United States have agreed to reduce the 1934-5 export wheat quotas by four million bushels while miscellaneous exporters are to reduce their total by a similar amount and the North African exporters by three million, thus enabling France to dispose of 88 million surplus.

France will distribute her exports evenly over a period and take legislative steps to prevent excessive production, states the Daily Telegraph.

FRANCE & THE WASHINGTON TREATY.

Paris, 18.12.'34.

The French attitude towards the Washington Treaty has been defined by the Minister of Marine, M. Pietri, during the Marine budget discussion.

He states that the Treaty has always been regarded as a temporary necessity and the French refusal of Japan's proposal to denounce it was in order not to embarrass Britain and make a gesture which might appear discordant.

The Senate voted the budget.

The Foreign Minister, M. Laval in discussing the Foreign Affairs budget denied the existence of a rumoured military pact with the Soviet, that he had made overtures to Germany for a new understanding, that he had tributed Eden and Britain for the Saar action, and that he had praise Mussolini for European peace.

The speech was approved and the estimates voted.

MEXICO'S 150 GENERALS.

Observer.

The War Office in Mexico City reports that Mexico's standing army has 48,700 men and 9,862 officers. Of the officers 150 hold the rank of general.

Names will be taken as you arrive on the Range.

JUGO-SLAV COMPLICATIONS.

Belgrade, 18.12.'34.

Based on the Geneva conversations Premier Uzonovitch's campaign against the Foreign Minister Jevtitch has resulted in the latter's resignation being handed in early to-day (Tuesday), followed by that of the Agricultural Minister Kojitch, who acted as his deputy, states the Daily Telegraph correspondent.

Prince Paul, as Regent, had several interviews with the party leaders without result apparently and at a late hour it was announced that the Premier had handed in his resignation with that of the entire Cabinet.

Prince Paul's consultations with the opposition leaders indicate that he is endeavouring to form a government on a broader basis.

NEW JUGO-SLAV MINISTRY.

Belgrade, 19.12.'34.

The former Foreign Minister, Jevtitch, has accepted a mandate from Prince Paul, the Regent, to form a new ministry on a broad national basis, states the Daily Telegraph correspondent.

Jevtitch subsequently received members of the Serbian, Radicals, Slovenian and Bosnian Moslem parties but there is a general reluctance of the old party leaders to represent their parties unless elections are held.

The party leaders alternatively declare that they will join Jevtitch as individuals.

The government members, numbering 150, who recently disagreed with the Uzonovitch policy state that they will support Jevtitch's Cabinet if formed.

AUSTRALIAN EXPORTS.

Melbourne, 19.12.'34.

The Ministry is definitely opposed to the restriction of primary exports, states Premier Lyons. On the other hand Canberra opinion is to the effect that Australia will be forced to accept the most export limitation while the principle trade representatives declare that Australia should unhesitatingly comply as the restriction would improve prices while refusal to accept the conditions might adversely affect the sales of general products.

INDIA REFORM SPEECH.

Calcutta, 19.12.'34.

At a dinner of the European Association, the Viceroy, Lord Willingdon, put in a vigorous defence of the Joint Committee's Indian Report, stating that the Government was determined to allow no undue delay in the passing of the Reform Bill. The Indian Government, meanwhile, should push on with the necessary preliminary measures.

The Viceroy added that he believed that the large majority in India and England was ready to support the proposals as fair and just in their efforts to deal with the manifold difficulties of Indian Reform.

NEW ROOSEVELT LOAN.

New York, 19.12.'34.

President Roosevelt has indicated that he is prepared to loan Federal Funds to New York City or other municipalities for the construction of power plants if investigation proved this was the more economical operation.

ENGINEERS WAGE CLAIM.

London, 19.12.'34.

A deputation representing half a million members of thirty-one trade unions in the engineering industry has submitted a claim to the employers' federation for a wage increase of two-pence an hour.

Ramsey, the director of the employers' federation replied asking for time to give the matter consideration, suggesting a further meeting in the new year.

PARAGUAY DISSATISFIED.

Geneva, 19.12.'34.

In reply to the League of Nations resolution concerning the Gran Chaco dispute, Paraguay states that the proposed settlement is unworkable and suggests further talks.

U.S.A. & FINLAND.

Washington, 18.12.'34.

State Secretary Cordell Hull announces that negotiations for the conclusion of a trade agreement with Finland commences on the 11th of February next while negotiations for a commercial treaty with Belgium will be opened in January.

FRENCH TRADE RETURNS.

Paris, 19.12.'34.

For eleven months in 1934 the trade returns show that the imports have been falling off 4,888 million francs to 21,241 million and the exports 598 million to 16,243 million francs.

ARRIVALS.

Mr and Mrs A. Pitaluga and Miss Pitaluga arrived from Rincon Grande yesterday.

CRIPPLED SOLDIERWALKS AGAIN.

D. Telegraph.

Trumpeter George Grouch, believed to be the youngest soldier who served in the British Army during the war, has recovered the use of both legs after seven years in a cripple's wheel-chair. During the war and afterwards Grouch went through a dozen operations, the last seven years ago.

In June last he was nearly run over by a motor-car. It is thought that the shock he then received was responsible for the strength returning to his legs.

A fortnight ago he suddenly felt as though his legs were different. On the impulse of the moment he rose from his chair and found he could stand up. After a minute he attempted to walk. He is now walking about without difficulty.

"No one will ever know what I felt like," he said. "I took a few strides up and down the room of my house. I could walk again. It seemed impossible, but it was true."

BLIND WOMAN'S SIGHTRESTORED.

D. Telegraph.

Walking with her daughter in their garden, Mrs Hamer of St Helens who had been blind for thirteen years, shouted: "I can see! I can see!" Her sight was restored.

Mrs Hamer said in an interview that she could not account for the occurrence, but added: "I have never ceased praying for this all the thirteen years that have seemed so long."

IN A TRANCE FOR FOUR YEARS.

"Dead" Man Home Again.

D. Telegraph.

Mr Victor Cleave of Folkestone, formerly a Southern Railway employee, has returned to his home after having been in a trance for four years. He is being nursed back to health by his wife.

Early in 1928 Mr Cleave's health gave way and he was taken to hospital. The following day he went into a trance, which was not broken until Whit Sunday, 1932.

Slowly he regained the use of his limbs, which had been dead for all that time, and now he is back at his home, having been granted leave of absence from hospital.

"I am feeling ever so much better now," Mr Cleave told a reporter, "and I do not expect to return to hospital. I remember nothing of those four years. I was cut off from the entire world and all around me."

"When I awoke I recognised my wife but could not speak at first. The doctors were puzzled, but I understand they attributed my condition to the complete failure of the nervous system of my body."

BIG CONTRACTS FOR LONDON.

D. Telegraph.

The Greek Government has invited Messrs Henry Boot & Sons, Ltd, engineers and contractors to construct the flood protection works of Kephinos, in Bocotia, as well as those of Larissa Plain, in Thessaly.

Messrs Topham Jones & Railton Ltd, public works contractors, of London, have secured the contract for the extension of the west wharf at Singapore Harbour.

LONDON last night. It was announced that the Dutch air liner that was second in the Melbourne Air Race met with appalling disaster while engaged in taking Xmas mail to the Dutch East Indies. The crew of four and 3 passengers were killed while the plane was a total wreck.

PRIZEGIVING SPEECHES.

It was estimated that some 500 people were present in the Town Hall on Thursday evening for the Annual Prizegiving in connection with Government School.

After an excellent programme of items by the pupils His Excellency the Acting Governor distributed the prizes being introduced by the Hon. A.R. Hoare, Superintendent of Education.

In the course of the prize-giving Mr Hoare pointed out that one pupil, Betty Sedgwick, was receiving a prize specially awarded as she had not missed a single attendance for the past five years. Altogether this year thirty-three scholars were receiving certificates for a complete attendance during 1934 as compared with twenty-three last year, twelve getting the certificate for the second year in succession.

His Excellency in his remarks said he was glad to see so many people present which showed the interest taken in Education. He

took the opportunity of thanking Mr Hoare and the School Staff for the excellent entertainment given by the school and congratulated the children on the efficient manner in which they carried out the programme. Thanks were also due to Mrs Hoare for supervising the dancing. Without her good services it was doubtful whether they could have had that item that day.

In continuing His Excellency said that a short time ago he visited the Government School and saw the work carried out in the various classes. Needless to say he found the school highly efficient and at the time congratulated Mr Hoare and the school staff. He was glad of the opportunity to do so again publicly.

On the other hand efficiency could not have been maintained without the assistance and cooperation of Mr Evans and other teachers while Mr Hoare has been engaged in other Government Departments. Although Mr Hoare had to spend a lot of time on other work the school had not suffered and he thanked the School Staff for their assistance during the year, including with them the itinerant teachers.

His Excellency concluded by saying how glad he was to be able to be present that evening at the end of the school year to distribute the prizes.

In addressing the children the Acting Governor said: "I know you cannot all get prizes but notwithstanding that I feel sure you have all worked well during the year and deserve your holidays. I hope you will have a happy time in the enjoyment of them and have what we are all looking forward to - A Jolly Xmas." (Applause.)

The Hon. A.R. Hoare in response thanked His Excellency on behalf of the Children and the Teachers for the very kind remarks he had made about them, both as regards the state of the school and also as regards the performance that evening. Mr Hoare also thanked the members of the public present for turning up in such large numbers and once more showing their appreciation of the children's efforts. He was sure they would all agree in congratulating Miss Bessie Newing on the way she was bringing up her rather large family of little children. (Applause.)

HERRINGS - ALIVE-O'.

Housewives have had a pleasant surprise with the glut of "herrings" purveyed in the town. This is the first time for several years. At the Lighthouse we learn they have been catching them in buckets.

ARMS COMPLAINT AGAINST  
BELGIUM & NORWAY.

Geneva, 20.12.'34.

A formal note has been presented to the League Council alleging the violation of the arms embargo as applying to Bolivia and Paraguay by Belgium and Norway.

The note cites the shipment & quantities besides the ports to which they are consigned and the vessels employed, states the Daily Telegraph correspondent, while the dates of embarkation are also mentioned.

The note will be discussed in committee on Friday (yesterday).

A technical committee of the League has drawn up a scheme for the international supervision of all armament expenditure on a basis of complete exchange of all information regarding estimates and closed accounts for money spent on national defence.

In the committee's opinion the scheme will keep a check on all forms of military strength since the appropriations must appear in the returns forwarded to the League.

JAPAN HANGS ON.

Tokio, 20.12.'34.

In reply to Admiral Yamamoto's message the Navy Minister has instructed him to remain in London & to continue his efforts to carry Japan's point of view.

The press declares that the British and Japanese points of view are steadily growing nearer but there is no hope so long as the United States maintains a stubborn resistance to Japan's demand for a fair, just and reasonable parity.

From Washington it is reported that State Secretary Cordell Hull has indicated that the United States will await Japan's formal denunciation of the Washington Treaty before undertaking any new moves.

MORE TRAFFIC FOR SOUTHAMPTON.

Southampton, 20.12.'34

The westbound vessels of the French Compagnie Generale Trans-Atlantique are calling here instead of Plymouth. They will still call at the latter port on the return trip.

KID BERG.

London, 20.12.'34.

The British lightweight champion, Kid Berg, is meeting the French "Tiger" Humery at the Albert Hall, London, on the 21st of January next.

CITROEN DOOMED ?

Paris, 20.12.'34.

The government is making every effort to avert the closing down of the Citroen Motor Works which is now financially embarrassed and is only kept going by a private arrangement between the creditors.

UNION CASTLE LINE.

Belfast, 20.12.'34.

The launching of the new Union Castle motor-cargo steamer "Roslin Castle" to-day by Belfast ship-builders has completed the most successful year since 1930, while the 1935 prospects are excellent with 200,000 tons on order.

SOVIET ORDERS IN BRITAIN.

London, 20.12.'34.

Orders placed in Britain by the Soviet during November amounted to £934,204 as compared with £574,466 in October and £819,266 in November, 1933, bringing the total during the past eleven months to £9,271,467 as against £4,473,531 in 1933 for the same period.

The most striking increases are in machinery and equipment, metals and alloys. Large quantities of herrings were purchased which did not appear on previous returns.

AUSTRALIAN SECESSION BID.

London, 20.12.'34.

The Western Australian Seccession delegation has issued a statement outlining the view that, contrary to the Commonwealth Government's attitude that they alone are competent to deal with the matter, the delegation considered Imperial Parliament only was empowered to release the State.

#### THE SPORTS.

First of all the weather promises to be fair for the Xmas Sports held under the auspices of the S.S.A. and the many Campers who have come into Stanley either riding or by the Lafonia which got in to Stanley overnight should have a most enjoyable time.

We hear that the new West racer has been brought in by the Lafonia and this should add a considerable fillip to the events particularly if, as is anticipated, Bambina is matched against it.

#### ST MARY'S SALE OF WORK.

A Sale of Work will be held in St Mary's Catholic Church Hall tomorrow evening (Xmas Day) doors opening at 8.0 p.m.

To-morrow afternoon the usual Christmas Cinema Show will be held commencing at 3.0 p.m.; doors open at 2.30 p.m..

They will be closed Christmas Day and Boxing Day and will open on Thursday from 4.0 to 9.0 p.m. and on Friday and Saturday at the usual hours.

#### CARGO BOAT CHANGES.

We understand from the Falkland Islands Company, Limited, that the following changes have been made concerning vessels arriving in the early part of 1935 :

"Clan Macquarrie" arriving early in January (vice Loriga.)  
 "Loreto" arriving early in March (vice Laguna.)

#### MAIL HOME.

The mail which left Stanley in the latter part of November arrived in England on the 20th instant.

#### D.F. PRIZE SHOOT.

The Defence Force Prize Shoot took place yesterday in excellent weather with 47 members taking part in the various competitions; in the team competition ten quartettes fired. Shooting was of a very high standard and His Excellency the Acting Governor who visited the Range, was greatly impressed with the marksmanship.

STORES DEPARTMENT.

XMAS AT HOME.

London, 21.12.'34.

The shopping crowds exceed all records notwithstanding to-day's fog which has considerably impeded traffic.

The weather forecasts indicate mild conditions with probable rain from along the Atlantic belt 2,000 miles wide approaching the western coast.

All the post office records have been smashed by the 1934 London Christmas traffic with 12 million letters posted daily while 350,000 parcels have been delivered and 600,000 posted. In addition £9,000,000 have been withdrawn from the Savings Bank - an increase of £1,000,000 over 1933.

THE WRECKED DUTCH LINER.

Rutbah, Syria, 21.12.'34.

Following the location of the wrecked Dutch mail plane relief parties have reached the scene and report that all on board were dead, the machine having apparently been struck by lightning.

Tributes have been paid by the Dutch Government and the Company to the British R.A.F. in their willing and valuable assistance in locating the ill-fated plane. The bodies have been removed to Cairo and the enquiry has already been opened.

CITROEN NOT YET BANKRUPT.

Paris, 21.12.'34.

An application for the declaration of bankruptcy against the Citroen Motor Company has been rejected and the company, meanwhile, will be "judicially liquidated" according to the decision of the Commercial Court.

The company is continuing to carry out orders already received.

CEYLON MALARIA EPIDEMIC.

Colombo, 21.12.'34.

The casualties in the malaria epidemic have already passed the 2,000 mark while the price of quinine has increased 250% with supplies being rushed from Java, India and England.

FRANCE TO DENOUNCEWASHINGTON TREATY.

Paris, 21.12.'34.

According to well informed circles France is going to pronounce in favour of the denunciation of the Washington Treaty and will inform Britain, the United States, Japan and Italy of the position she intends taking up in negotiations for a new treaty.

The Japanese delegation state that they have not yet received instructions from their government relative to the mutual modification of building programmes but Tokio reports that such instructions have already been despatched.

The official American view is that Britain and the United States will attempt to avert a naval race when the Treaties have terminated but this will centre on auxiliaries while the capital ships' issue is not likely to become acute for several years.

ARMS ENQUIRY ASSURANCE.

London, 21.12.'34.

Premier MacDonald gave an assurance in the House of Commons to-day that nobody with vested interests in the arms' industry would be a member of the proposed Arms' Enquiry while Washington announces that the Senate Munitions Enquiry welcomes the British attitude.

The senators concerned have expressed the hope that the British action will constitute a great service to posterity and probably be the commencement of a world-wide move in all nations not controlled by dictators.

Geneva sends messages to the effect that following the discussion of the British Note relative to the breaches of the Chaco arms' embargo by Belgium and Norway, a memorandum will be despatched to the countries concerned.

BASIL BIGGS.

We understand that there has  
 been but little change in the con-  
 dition of Basil Biggs during the  
 last three or four days.

ELLSWORTH FLIES ACROSSTHE ANTARCTIC.

Wellington, New  
 Zealand, 27.12.'34.

The American explorer Ells-  
 worth has completed a 2,700 miles  
 flight across vast unexplored regions  
 of the Antarctic continent, passing  
 within three hundred miles of the  
 South Pole and traversing 1,500  
 miles of the polar belt hitherto un-  
 seen by any explorer, states the  
 Daily Telegraph correspondent.

Piloted by Balchen, the ex-  
 plorer's machine left Deception Is-  
 land with petrol sufficient for  
 4,000 miles and a three months' food  
 supply, but it accomplished the trip  
 in twenty hours and landed safely in  
 the Bay of Whales, Ross Sea.

The Australian explorer, Sir  
 Hubert Wilkins, is en route in the  
 expedition ship to make contact. It  
 is confidently expected that data  
 will be provided to answer many  
 geographical problems.

FIRE AT SOUTH GEORGIA.

We understand that a serious  
 fire broke out at the Argentina de  
 Fesca Company's premises at South  
 Georgia two or three days ago. As  
 far as is known no personal injuries  
 were sustained.

CANADIAN RAILWAY CRASH.

Toronto, 27.12.'34.

A Canadian Railways' express,  
 travelling at 55 miles an hour,  
 crashed in to the rear of an excu-  
 sion train at Dundas, near Hamil-  
 ton with at least fifteen  
 people being killed and many injured.  
 The train carried over 400 passen-  
 gers and the search had not been  
 completed. The track was littered  
 with children's toys.

BRITAIN'S 1934 TRADE.

London, 27.12.'34.

The 1934 industry revival is reflected in the figures published to-day concerning ship-building & electricity.

The Clyde has led the world by launching 67 vessels aggregating 268,121 tons and representing nearly 50 per cent of the United Kingdom total and approximately 25 per cent of the world production. This is almost equal to the last three years' total and slightly more than one-third of the record year of 1913 when 750,000 tons were launched.

During the year six firms reopened. Marine engineering, which is closely related has also reached its highest figure since 1929.

The report of the Electricity Commissioners to the 31st of March shows the first definite and sustained improvement in general industrial conditions since early 1930, with a revival of the demand for electricity in all districts.

In the badly depressed areas the demand was almost equal to that of 1930 while elsewhere there was an increase.

FRANCO ITALIAN NEGOTIATIONS.

Paris, 28.12.34.

The general opinion is that notwithstanding the several delays already encountered, the Foreign Minister, M. Laval, will proceed to Rome within a short time, in view of the good progress being made in the Franco-Italian negotiations.

This is only a side light on the proposed security pact in today's news but Belgrade states that the deportations of Hungarian subjects have definitely ceased though Romania is spending approximately 4/5ths of her recently raised internal loan on the army.

Berlin admits 300 arrests have been made in connection with the Nazi purge but 200 are being released.

From Cannes it is learned that Sir John Simon will meet Mussolini next week.

Russia has warned Italy that the protests against territorial shootings are not welcome.

BRITISH FILM GETS PRIZE.

New York, 28.12.'34.

The British film "Man of Aran" has been awarded the prize for the best film of the year by the National Board of Review, states Reuter.

London : The Turkish government has completed punctually the payment of her pre-war indebtedness to seventy British claimants, some dating from 1874.

KING'S SPEECH RECEPTION.

London, 26.12.'34.

The reception of the Empire Broadcast of His Majesty the King's Christmas Speech was varied.

The reception in India was particularly affected by atmospheric conditions and this condition also affected the reception in Australia. In Canada and America the speech was received with exceptional clarity.

XMAS WEATHER AT HOME.

London, 25.12.'34.

The weather was dull and rain fell in different parts of England while in Scotland snow was reported in many parts.

ABYSSINIAN PROTEST.

Geneva, 25.12.'34.

The Abyssinian government has sent another note to the League protesting against further movements by Italian troops which, they allege, are taking place in Abyssinian territory.

From Addisababa Reuter's correspondent states that Abyssinia alleges that the Italians are constructing a motor road from Radir to Ado and Guerlogubi within Abyssinian territory and they also officially declare that the Italians have occupied Afdub.

HOME FINANCE RETURNS.

London, 25.12.'34.

According to the Treasury returns covering the week ending the 22nd of December, there was an excess of revenue over expenditure of £2,122,563 with the revenue amounting to £10,201,030 compared with £10,259,048 for the corresponding week in 1933.

For the year the expenditure exceeds the revenue by £108,920,908 the figure this time last year being £24,034,787.

While the income tax and death duties are down over the week, the sur-tax, stamps, customs & excise are up.

The total ordinary revenue to date is £404,064,177 as compared with £407,111,430 in 1933 while the expenditure is £512,985,085 as against £501,196,217.

CEYLON MALARIA.

London, 25.12.'34.

The Colonial Office has received a cable from the Governor of Ceylon reporting that the malaria epidemic is affecting still the villages and rural areas. The disease is mostly of the subtertian variety and with the coastal fringe between Futtalam and Kalutara now affected the seasonal prevalence of the ailment in the North and Central Provinces is greater than usual.

LINDBERGH BABY NURSE INTHE U.S.A.

New York, 25.12.'34.

Miss Betty Gow the nurse to the former Lindbergh baby which was kidnapped and later found dead, has arrived under another name and immediately on landing proceeded to Flemington,

The utmost precautions have been taken to preserve secrecy regarding her visit to the United States.

TO GERMANS ABROAD.

Berlin, 25.12.'34.

In a Christmas Eve broadcast to all Germans abroad Hitler's deputy, Herr Hess, gave a colourful picture of Germany under Hitler, stating: "We have every right to pride in that we belong to a people that has found its way back to the best qualities of character. No victory of arms can be as great as 'Fuehrers'!" he added.

FRENCH ARMY RUMOURS.

Paris, 25.12.'34.

Rumours concerning changes in the French army command are authoritatively declared to be unfounded at present since General Weygand, the Inspector of the Army, does not reach his permitted age limit of 63 until January 21st next.

Berlin : The Heinkel aeroplane "Judos" landing at Frankfurt on Monday last twenty-four hours ahead of schedule, brought mails from Brazil despatched on Friday last week.

NEW SPEED RECORD CLAIMED.

Paris, 25.12.'34.  
The world's aeroplane speed record is claimed by Raymond Delmotte in attaining 502.455 kilometres an hour at Istres compared with Weddells record of 490 kilometres.

SOVIET ARRESTS.

Moscow, 26.12.'34.  
The arrest of some fifteen Soviet leaders including Zinovieff the reputed author of the celebrated "Red Letter", and Kameneff, the former Soviet Ambassador in Rome, is officially announced.

The arrests are stated to be in connection with the Kiroff murder and since the evidence is insufficient against Zinovieff, Kameneff and five others they are likely to be exiled.

AUSTRIA & MONARCHY.

Paris, 26.12.'34.  
The Austrian Arch Duke Otto, in making his first public expression of his views concerning his country's political situation, said that Austria could be saved by reforms along the lines of Mussolini's plan.

According to the Daily Telegraph correspondent he is convinced that the majority of Austrians favour the re-establishment of a monarchy and there is nothing in the existing treaties to prevent people having their way in this matter.

DUKE OF GLOUCESTER  
WELCOMED BY MAORIS.

Rotorua, New Zealand, 26.12.'34.

The Maori welcome to the Duke of Gloucester took place on the race course where with primitive dances and war-songs there was a tribal demand for the renewal of Queen Victoria's assurance of protection.

The Duke assured the assembly that the Empire would remain their shield and guardian when a deep-throated contentment was expressed in stirring exhibitions.

THE CITROEN AFFAIRS.

Paris, 26.12.'34.  
According to the balance filed by Andre Citroen in connection with the liquidation of the company, the estimated position on the 30th of September was: liabilities 1329 million francs, assets 1237 million. The staff were paid on Saturday last without incident but they anticipate re-instatement on the 3rd of January.

Relative to the rumours of the re-opening of the company's plants with increased staff, Citroen said "The liquidators will henceforward decide everything."

BRITISH PLANES FOR SPAIN.

London, 26.12.'34.  
Twelve Moth Major training planes for the Madrid military aerodrome are leaving with British pilots at dawn on Monday via Paris, Dijon, Nimes, Barcelona and are due at Madrid on Thursday.

GERMANS FOR THE PLEBISCITE.

Berlin, 26.12.'34.  
More than four hundred Germans are leaving the United States this week to return to vote in the Saar Plebiscite.

They will be accorded a civic welcome at Bremerhaven concluding with the singing of "German is the Saar."

THE DUTCH AIR LINER  
DISASTER.

Baghdad, 26.12.'34.  
The victims of the Dutch air liner disaster have been interred in the British cemetery and were borne by British airmen, but on behalf of the Royal Dutch Air Lines requests have been made to the authorities to arrange for the transport of the bodies to Holland for reburial.

Callendar, Ontario. Three truckloads of Christmas gifts have arrived for the Dionne quintuplets, many of the donors living in England & Scotland.

CHURCH CALL FOR PEACE.

Vienna, 26.12.'34.

The Austrian Catholic Bishops headed by Cardinal Archbishop Innitzer have issued a Christmas proclamation urging the need for social, economic, citizen and religious peace.

On the latter subject the bishops repudiate the report that the new State system prejudices or persecutes other denominations, such behaviour not according with the Catholic conception.

U.S.A. PROSPERITY HOPES.

Washington, 27.12.34.

Basing his views on the general consensus of opinion of business leaders, the Secretary of Commerce, Mr Roper, predicts an acceleration to recovery with a steady return to prosperity in 1935 states the Daily Telegraph interviewer.

The American people have regained mental poise, he added, and there is evidence of a will to carry on.

The Minister of Agriculture, Mr Wallace, is also optimistic while it is pointed out that considerable rises have taken place in the imports and exports with a substantially increased favourable balance compared with 1933.

From other quarters of the world there are more good omens. Substantial cotton orders from Australia have resulted in the Manchester mills re-engaging operatives to cope with a three months rush, and Barrow has orders for building a New Zealand liner and two Estonian submarines, while the Great Western Railway is laying down 95 new locomotives.

Retail trade has increased four per cent during the year.

Sweden is also benefitting by the general recovery and new commercial agreements based on reciprocity are brightening the outlook.

St Moritz : Cambridge defeated Oxford in all the three ski races of the annual Varsity event.

There is now to be a twice-weekly air mail to India & South Africa.

JAPANESE RAYON SCANDAL.

Tokio, 28.12.34.

The press censorship on the Rayon shares scandal has been lifted revealing seventeen former high government officials and other officials being implicated and being committed for trial on charges of bribery, breach of faith and perjury.

These include the ex-Ministers of Railways, Mitsuchi, of Commerce, Baron Nakajima, of Finance, Jurota, of the ex-President of the Bank for Formosa, Shimada, and of the ex-president of the Imperial Rayon Company, Takagi.

KING PETER.

Belgrade, 27.12.'34.

Nothing definite has yet been decided relative to King Peter's return to England for his education but Queen Marie is strongly supported by the Prince Regent in favouring this.

The government factions consider that the absence of the Boy King might create a dangerous constitutional precedent.

Oran : Waller, flying the "Reine Astrid" from the Belgian Congo, has safely landed after an uneventful 1,500 miles flight over the Sahara at 160 miles an hour.

Paris : From the 1st of January radio advertising will be banned from Radio-Paris, Paris Pt, the Eiffel Tower and the Poste Colonial programmes.

Berlin: It is reported that Germany has made an offer to the Egyptian government to barter home produced coal for cotton.

Berlin: The rubber factory of Vorwercks in Wuppertalbahien, has been partially destroyed by fire. The damage is estimated at hundreds of thousands of marks.

Pisa : The newly built Littorio Bridge, not yet opened to traffic, collapsed owing to a pier weakness accentuated by the recent torrential rain. There were no casualties.

Nanking : The Minister of Finance has requested the aid of the military and the police to assist the customs in a campaign against silver smuggling.

GOVERNOR'S CUP SWEEPSTAKE.

The outstanding feature of the  
 S.S.A. Dance held in the Town Hall  
 on Saturday night was the drawing of  
 the Sweepstake on the Governor's  
 Cup. Starting about 8.0 p.m. the

ELLSWORTH FLIGHT DENIAL.

With the kind permission of Mr  
 J. Rymill, the leader of the Penola  
 Expedition we are able to publish  
 the following radio messages ex-  
 changed between the Penola and the  
 Ellsworth ship - Wyatt Earp.

Penola to Wyatt Earp :

"Understand British Daily Tele-  
 graph reports that your flight has  
 been successfully accomplished &  
 that Wyatt Earp now on its way to  
 Ross Sea."

Wyatt Earp to Penola :

"Thanks for your note. Infor-  
 mation probably originated in New  
 Zealand. We have had no flying for  
 weeks. Papers are retracting state-  
 ment now. Weather still bad. Snow-  
 ing since last evening. Still at  
 Snowhill."

A CURIOUS COINCIDENCE.

On Christmas Eve during the  
 course of blasting operations at  
 Sapper Hill a sealed bottle was  
 found by Mr Mansell Hardy contain-  
 ing particulars of a picnic held there  
 on the 30th of December, 1923.

There were four names on the  
 enclosed paper, curiously enough one  
 being that of his sister Miss Irene  
 Hardy. The other three names were:  
 Nes Binnie, Muriel Binnie & Sybil  
 Binnie.

"NEW COLONISTS" BUSY.

Recently two hives of bees were  
 imported by Mr E.G. Rowe of Messrs  
 Estate Louis Williams, one he retained  
 while the other was sent to the West  
 to Dr Binns.

During the past week or two these  
 busy "Colonists" have been seen in  
 many gardens industriously storing  
 away pollen.

It is believed that these are the  
 first bees to have been brought to  
 the Colony and considerable interest  
 has been aroused in them.

ROOSEVELT DOOMS THE DOLE.

Washington, 29.12.34

According to the Daily Telegraph correspondent President Roosevelt is convinced that the dole for unemployed is fundamentally unsound.

Under a scheme now being considered it is suggested that those by age or ill-health who are unable to earn should become subject to Federal Relief.

Of 20,000,000 now dependent this affects 4,000,000, but there is a growing feeling in government circles that relief money should be paid only for labour on public works.

NAVAL TALKS OPENING.

London, 27.12.'34.

The Daily Telegraph states that fresh instructions have reached the Japanese Naval Talks delegates, Matsudaira and Yamamoto, from Tokio justifying a further Anglo-Japanese meeting.

The latest instructions are believed to outline a less uncompromising attitude towards an ultimate settlement.

HOPE OF RESPONSE FROM INDIA.

Bombay, 27.12.'34.

The press express the hope that there will be a cordial response to the King's Speech and urge the need for the cultivation and spread of the family spirit stressed by His Majesty, declaring that there is no justification for the fears that India will be kept in perpetual subjection from the omission in the India Report of Dominion Status.

Nationalist circles express the belief that the King's Message can only be regarded as a formal statement.

From Rangoon, Reuter states that the anti-Separationists have rejected the India Report on the grounds that it is against the Premier's pledge, the results of the last general election and the people's requirements. They also contend that the constitution outlined is totally unacceptable.

Separationists received the report joyfully.

Paris Reuter reports that the Franco-South African trade negotiations have been postponed until the middle of January. Meanwhile the representatives are completing the drafts for the final agreement.
