Amount collected £41.13.0,
 expenses 8s. 6d., 5 Club Funds £2. 1. 0d.; Prizes £39. 3s. 6d.

YOUNG LOGGER DUCK'S LATEARRIVAL.

An unusual nature note is recorded with the finding of a newly hatched logger duck at York Bay taking to the water for the first time on Saturday. The little creature - still only a ball of down - had apparently just emerged from the shell of the egg and though there was another egg in the nest the latter was added.

Generally logger ducks are hatched out about October.

Sofia : A Bulgar-Rumanian frontier clash has resulted in 2 being killed and 3 injured.

MOTORCYCLES IN COLLISION.

Two motorcycles came into collision yesterday afternoon about 4.0 o'clock at the junction of Ross Road and "Flagstaff" Hill, the riders B. Berntsen and E. Steen being thrown but without serious hurt. Both machines were somewhat damaged. Steen was turning out into Ross road while Berntsen was riding along that road at the time of the collision.

BELGIAN POLITICS.

Brussels, 31.3.35.

Following the Chamber's endorsement of Currency Devaluation by 107 as against 53 votes, the Senate Committee approved by 27 to 4 votes.

The Socialists unanimously favoured the proposals while the Liberals were equally divided and the Catholics, in a majority, supported.

The Premier stated that the government had either to depart from gold or close the banks and it is understood that if Van Zeeland does not obtain a confidence vote, he will resign.

Apparently the Socialist vote is carrying the onus of the devaluation decree.

Later it is reported that the Senate had adopted the confidence vote by 110 to 26 votes.

Brussels, 1.4.35.

After a dramatic all-night sitting during which the Cabinet's fate hung in the balance the Government approval of Van Zeeland's currency plans, stated the Daily Telegraph correspondent, and the Cabinet subsequently adopted the resolution devaluating the Belga by 28 per cent and business is being resumed to-day on this basis.

An extraordinary meeting of the Belgian Labour Party voted 519,672 as against 41,902 with 18,928 abstentions approving the Socialists' participating in a government of national reconstruction.

THE GRAND NATIONAL.

The Grand National Steeplechase was run at Aintree on Friday in the presence of the largest crowd ever seen on the race course.

Twenty-seven horses started but only six finished the course, those falling out included the famous steeplechaser "Golden Miller" which was the shortest priced favourite in the history of the race.

Major Furlong's "Reynold's Town" at 22 to 1 was the first, Lady Lindsay's "Blue Prince" at 40 to 1 was second, and Mr J. Whitney's "Thomond the Hind" at 9 to 2 was third.

EDEN'S OBJECT REALISED.

London, 30.3.35.

The results of Mr Anthony Eden's Moscow talks cannot be officially revealed until the Stresa Conference but the Sunday Times states that Eden has realised his object and has succeeded in impressing Stalin and the Soviet leaders that Britain stands by the London Declaration and does not oppose the eastern pact.

With a distinct improvement in the atmosphere Eden convinced Stalin that Britain was not intriguing for the destruction of the Soviet State while it is believed that the question of Communistic propaganda in the British Empire was discussed.

Mr Anthony Eden will visit Warsaw during the present week and from that source it is learned that the Dictator Pilsudski will outline the Polish attitude of refusal for joining the eastern pact without Germany, that she has no secret pact with Germany against Russia, holds herself to the pledge of supporting France against German aggression, and will interfere to prevent German action against the Balkan States' integrity.

HOCKEY.

International (Women's.)

England 6 : Ireland 2.

THE EUROPEAN SITUATION.

Moscow, 1.4.35.

The complete agreement of the Soviet and Britain for the safeguarding of European peace by collective security has been announced in an official communique at the termination of the Eden talks:

Eden, Stalin, Molotoff and Litvinoff agreed that in the present international situation it was more than ever necessary to promote the building up of a security system in conformity with the League of Nations principles.

The communique stresses the belief that there is no friction between the Soviet and Britain on international policy and therefore friendly cooperation was of primary importance to Europe.

From Berlin it is reported that 580,000 conscripts of the 1915 class are to be called on Monday (to-day) 300,000 of whom are to be kept under the colours and the numerical strength of the German forces will be, as a result, probably 750,000.

France is also speeding up her defence plans states a Paris message and Premier Flandin has received the generals for ascertaining their views on the present situation while the Air Commission's recommendation for the removal of factories to a less vulnerable spot than Paris is under consideration.

Reuter's Washington correspondent states that the chairman of the Senate Ammunitions' Enquiry Committee, Mr Nye, emphasises the necessity of America keeping out of another war even to the extent of abandoning all profits through trade with warring nations.

Roosevelt's view is that he sees the situation growing out of Germany's decision to expand her armaments and this has placed an obligation on America to forthwith write a law guaranteeing neutrality in the event of European hostilities, this including the prohibition of loan fluctuations on behalf of governments for nationals engaged in the conflict.

(continued in previous column.)

BRITAIN'S FINANCES.

London, 31.3.35.

The financial year ending to-night shows that the Chancellor's budget estimates have been exceeded providing a surplus of £7,500,000.

The revenue is ten million pounds above the estimates at £716,000,000 and the expenditure is £3,000,000 above the estimated £708,000,000.

The income tax and sur-tax made high yields.

ITALY AND ABYSSINIA.

Aden, 31.3.35.

Information has been received that large shipments of arms and ammunition destined for Abyssinia are being held up at Diibouti while in view of the Italo-Abyssinian situation all leave for British Somaliland officials has been cancelled as a precautionary measure.

The Abyssinian Charge d'Affaires in Rome states that direct negotiations have terminated and the League of Nations must endeavour to settle the frontier dispute, but official Italian circles state that negotiations are continuing.

Geneva, 1.4.35.

Abyssinia has addressed a new communication to the League and it is probable that the dispute may come before a special Council Meeting on the 15th of April.

U.S.A. COAL AGREEMENT.

Washington, 31.3.35.

An agreement has been reached between the bituminous coal industry owners and the United Mine Workers by the acceptance of the N.R.A. proposals to continue the age hour contracts after the 1st of April whereby the strike of half a million workers will be averted.

NEW ATTEMPT ON AIR RECORD.

Rome, 31.3.35.

The British flier Brook has arrived from Athens on his Australia to England flight many hours ahead of the existing record and is expected to complete his solo voyage with a drastic cutting of record times.

NEW FRENCH SCANDAL.

Paris, 1.4.35.

According to the Daily Telegraph correspondent the Insurance Committee of the Chamber of Deputies is considering the insolvency of the France Mutualiste - an extensive cooperative undertaking which has alleged deficits amounting to 730,000,000 francs.

The attention of the government and the judicial authorities has been called to a list of persons, among whom there are highly placed officials who are connected with the concern, and its contravention of the Company Laws.

It is inferred that this scandal will exceed the ramifications even of the Stavinsky affair.

POLITICS IN SPAIN.

Madrid, 1.4.35.

The outgoing Premier, Lerroux, is endeavouring to form a new Cabinet but it is expected that he will fail completely for all party leaders have excused themselves from cooperating on official grounds.

THE GREEK COURT MARTIALS.

The first of the court martials on the rebels connected with the recent revolution ended to-day (Saturday) says a Daily Telegraph message from Athens with sentences of life imprisonment being passed on Colonel Saraphis and nine other officers, while ten others received sentences of twenty years imprisonment, six others with shorter terms and four acquitted.

Public opinion was favourably disposed towards clemency whereby no death sentences were passed.

MANCHUKUO'S EMPEROR TRAVELS.

Hsingking, 1.4.35.

The Manchukoan emperor Pu Yi is breaking an age old tradition by being the first Chinese ruler to venture abroad when he is visiting Japan on Tuesday. It is said that some eighty-three notables will accompany him but the Empress's health prevents her making the journey.

SHIPPING The s.s. Hobart bound for Dakar from Wellington passed Cape Horn Saturday at noon.

UNEMPLOYMENT RELIEF.

Applications for unemployment relief were received at the Harbour Master's Office yesterday from 9.0 a.m, and these are being placed before a meeting of the Relief Committee which is being held this afternoon under the chairmanship of the Hon. G. Roberts.

GOVERNMENT SCHOOL ATTENDANCE.

Infants' Achievement.

The Infants' Department of the Government School distinguished itself by making an attendance of 100 per cent for the whole of last week, every child being present on every occasion.

This is believed to be unique in the history of the school records.

Standard 5 also made an attendance of 100 per cent for the week. The whole school averaged an attendance of just under 99 per cent, 2,070 attendances being registered out of a possible 2,100.

DEATH OF FORMER COLONIAL SURGEON.

News was received by the mail arriving in the s.s. Lafonia last week that Dr R. Earl died in December last.

Dr Earl was Colonial Surgeon of the Falkland Islands from 1909 to 1912 and retired from the Colony as a result of ill-health.

GRAF ZEPPELIN FLIGHTS TO RESUME.

Next Saturday the Graf Zeppelin will resume her mail service between Berlin and South America.

The weekly service which the airship makes is to be accelerated in the near future.

ARRIVALS & DEPARTURES.

The s.s. Lafonia arrived at Stanley about 1.0 p.m. yesterday with the following passengers : His Excellency the Governor, Miss Henniker-Heaton, Miss P. Henniker-Heaton, and Dr & Mrs R.L. Cheverton who made the round trip; Mr & Mrs J. Robertson and Mrs & Miss White from Port Stephens and Chartres respectively; Mrs McLaren and two children, Mr McLaren and Mr K.C. Betts from Roy Cove; Mr A. Bonner from Hill Cove; Mrs Hookings from San Carlos; Mrs G. Harris from Port San Carlos; and Mrs Yates from Douglas Station.

The s.s. Lafonia was expected to leave for South Georgia about 4.0 o'clock this morning with the following passengers : His Lordship the Bishop, Mr & Mrs A.G.M. Jones and two children, and Mr & Mrs T. Hooley & child.

When the Lafonia returns from the Dependency she is expected to bring as passengers His Lordship the Bishop, Mr & Mrs J. Mercer and the local men who have been engaged in whaling during the past season.

LAFONIA BOSUN'S ACCIDENT.

While the s.s. Lafonia was at Fox Bay on Monday last week, Mr C. McKinnon, the popular bosun, had the misfortune to fall between decks in the fore hatch and as a result was rendered unconscious for practically twenty-four hours. Fortunately he does not appear to have sustained any serious injury though he has been ordered to rest on the doctor's advice.

The accident happened about 10 o'clock in the morning and Mr McKinnon fell a distance of about eight feet. Besides concussion he sustained considerable bruising to the left shoulder and a severe shaking.

EDEN IN POLAND.

London, 2.4.35.

The British Minister, Mr Anthony Eden arrived in Warsaw yesterday accompanied by Red Guards throughout journey from Moscow.

A short conversation was held with the Foreign Minister, Beck, on arrival and the official talks will commence to-day at 11.0 a.m. continuing until 5.0 p.m., states the Daily Telegraph correspondent, with a luncheon interval with the President.

So far as can be ascertained Poland will be prepared to listen to Eden but will not submit any proposals while she is also prepared to agree to any reasonable suggestion.

The Polish press, while making flattering reference to Eden made no definite comment upon the Anglo-Russian talks but states that the British Minister has "the key to the situation in his pocket," having already heard the views of Berlin & Moscow.

Berlin approves of the Moscow communique with reservations casting doubt upon the possible effects on the Third International influence but regards with grave disapproval the suggestion of an Anglo-Soviet Pact.

ROMINGUS PREPARATIONS.

Paris, 2.4.35.

The Chamber approves of the charter for the reorganisation of the French Air Force with the speeding up of construction so that France's fleet in 1935 equals Germany's.

Meanwhile Rome issues official statistics showing that eight million Italian military units have been instructed and are ready to bear arms.

A Tokio message states that Japan is not capable of following European events which are so changeable but an alliance with Germany is unthinkable.

It is reported from Washington that the Senate 'Munitions' Committee recommends the United States to take action by declaring an arms' embargo in the event of war among foreign nations with the conscription of industrial leaders under the control of the War Department.

ENGLISH PREPARATIONS.

London, 2.4.35.

Consultations are proceeding between the Home Office and local authorities for the protection of civilians against air attacks, the authorities concerned being the ambulance, medical, fire, police and hospital services with plans envisaged for the protection of water and food supplies and anti-gas training for the population.

THE POPE'S CONDEMNATION.

Vatican City, 2.4.35.

The Pope, in addressing the Consistory Court in connection with the English Saints More and Fisher, takes the opportunity of condemning the prevailing war talk which might "result in enormous crime manifestation made fury."

AUSTRALIAN MEAT IMPORTS.

London, 2.4.35.

The Australian Premier, Mr Lyons, has made a general statement of the Australian view relative to meat imports while it is understood that a further meeting is to be held on Tuesday (to-day.)

The Australian view is that the home producer should have the first preference with the Dominions next and, therefore, the Argentine agreement is to be condemned.

CANADIAN EMPLOYMENTIMPROVEMENT.

Ottawa, 2.4.35.

The employment statistics indicate an upward trend with the most employed in the heavy industries and a brisk trade in motorcars while also in the retail trade the figures are being well maintained throughout the Dominion.

BOXING.

London, 2.4.35.

Yesterday the French lightweight champion Humery out-pointed the Britisher Kid Berg in a ten rounds' contest at the Albert Hall.

SEVERE STORM IN ADRIATIC.

Venice, 1.4.35.

A severe storm has been raging over the Adriatic Sea since Saturday and drained the canals. It is reported that seventy lives have been lost while many fishing craft are missing.

A phenomenal tide of 43 inches below the average was experienced.

A later message states that the casualties are now anticipated to be nearly 100, including sixty persons missing.

NEW SPEED OFFENDERS IN BRITAIN.

London, 1.4.35.

The first offenders to have broken the speed limit imposed recently appeared in the London Police Courts to-day.

Fines ranging from thirty shillings to five pounds were made with each one of the drivers licences being endorsed automatically.

NEWMARKET LOSES A FAVOURITE.

London, 1.4.35.

Paris, 1.4.35.

It is reported by the Daily Telegraph correspondent that a Franco-German commercial treaty has been signed.

THE DUKE OF GLOUCESTER'S

RETURN.

The Duke of Gloucester was welcomed last week on his return home after a seven months Empire Tour with a right royal reception by the City of London.

Large crowds greeted the Duke as he drove in an open carriage with an escort of Life Guards.

At the Guildhall a luncheon was given in his honour and the distinguished guests included the Archbishop of Canterbury, the Prime Minister and members of the Cabinet.

The City's address of welcome referred to the service done by the tour in strengthening the ties which bind together the peoples of the Empire in their loyalty and devotion to the throne and the person of the King.

In his reply the Duke said that in every part of the Empire he visited he was received with the same enthusiastic demonstration of loyalty as greeted the King and Queen, and his brother and the Duchess of York on similar tours.

In proposing the Duke's toast at the luncheon, the Prime Minister said that the sincere interest His Highness took in the daily lot and the activities of all he met had shown instinctive sympathy for the welfare of the Empire.

THIRTY-TWO YEARS AGO.

The "Thetis."

Messrs Jensen and Johnson went
 to the Elephant Jason Island to seal
 on July 29th, 1901. The following
 weather was experienced : -

On the evening of July 29th the
 wind was north-nor' west moderate;
 on the 30th a strong north wind with
 heavy rain; on August 1st a gale from
 the north was blowing, at sunset there
 was heavy rain; on the 2nd raining
 hard all day with a light north wind;
 on the 3rd from sunrise a north west
 gale blew all day, rain fell heavily
 towards and during the night; on the
 4th the wind blew hard from the north
 nor' west; on the 5th the wind was
 south east, blew and rained hard all
 day; on this day, the 5th, wreckage
 commenced to be picked up, consisting
 of deck planking, pieces of deal with
 pencil marks; wool also appeared;
 every day afterwards boards and
 stringers with "F.I.C." marked on them
 were found.

Messrs Jensen and Johnson and
 Crawley went to shear on the Grand
 Jason on October 26th. In the large
 bay looking to the south west there
 were found, a piece of yard arm about
 eight feet long, a piece of topmast
 of much the same length, a skylight
 with two large brass hinges, and a
 large quantity of small wood was lying
 all round the bay and round the north
 west point. On the north beaches
 there was no wreckage to speak of; a
 lifebuoy was found on the east side
 with "tis" on it, the rest of the
 canvas had been torn off; also two
 tins of coffee in powder.

On November 10th, they landed on
 Steeple Jason. On the south side of
 the rock there was found a spare spar
 painted yellow, broken into pieces of
 eighteen feet, eight feet and three
 feet in length; there was also a
 large quantity of small wood. On
 the west end there were found a
 wheel grating, several small pieces
 of boats - some painted grey and
 others light green, pieces of lining
 (continued on page 2.)

boards nine inches wide, many pieces of cabin fixings, deck houses, a cook's rolling pin and potato masher; there was more wool seen about the beach here than anywhere else.

From the places where the wreckage was found the theory is that the "Thetis" running before the gale tried to clear the islands and ran on the East or West Jason Cays.

A ship's foghorn was picked up on the South Jason Island. No oil-skins or clothes were found.

(Extract from the
Falkland Islands Magazine,
March, 1932.)

BELGIUM & FRANCE.

COUNTRIES' GOLD POSITION.

Brussels, 3.4.35.

The Cabinet is reporting the return of capital to the country following the bloc fixation.

A Paris message states that the government is making a gesture to support the formal determination of defending the gold franc by removing the counting of gold coins coincidentally with the releasing a part of the huge Bank of France gold stock.

MAURETANIA TO BE BROKEN UP.

Glasgow, 3.4.35

The Cunard White Star liner Mauretania has been purchased by Metal Industries for breaking up & is proceeding to Rosyth shortly.

SWITZERLAND'S ACTION

AGAINST GERMANY.

Geneva, 3.4.35.

Switzerland has requested Germany to release the anti-Nazi journalist whom it is alleged was kidnapped with German connivance.

It is understood that if Germany fails to comply with the request Switzerland will immediately expel all Nazi journalists in the country.

P E A C E ?

Berlin, 3.4.35.

The view is that peace will only be achieved by Hitler's alternative to an eastern pact which is - a series of non-aggression pacts embodying agreements which the League members are assured do not go behind the League Covenant to which the Soviet, France and other nations are already pledged.

IRELAND'S VIEWPOINT.

De Valera & "Explains."

Dublin, 3.4.35.

Interviewed by the Daily Telegraph representative to-day de Valera outlined the Irish views regarding the current "war" with England when he stated that Ireland was determined to win her freedom.

Passing the national claim on the grounds that Ireland was as old as Britain, de Valera added that the crown and republicanism were contradictory terms and Ireland's aim was complete and absolute freedom with the right to determine her own affairs.

Once this position of affairs was established there would be a closer expression of amity and co-operation between Britain and the United States proving a contributory factor to world peace on a basis advocated by General Smuts.

ABYSSINIAN TRIBAL DANGERS.

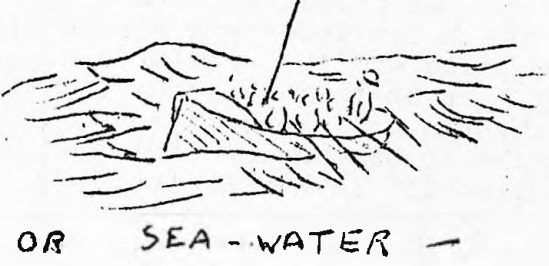

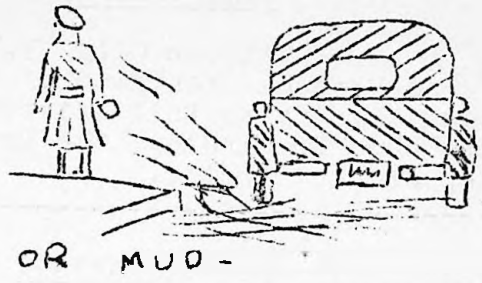

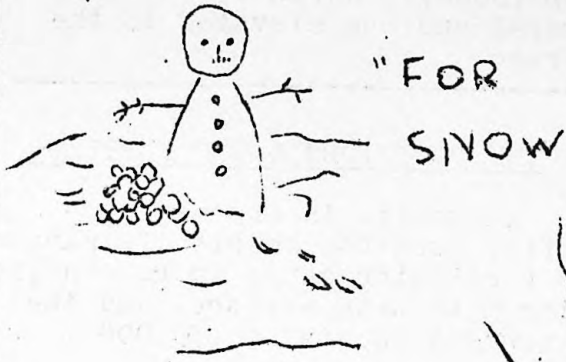

Addis Ababa, 3.4.35.

Wild rumours are reported of frontier incidents inflaming the soldiery and the position relative to the Italian dispute with Abyssinia is becoming increasingly dangerous with efforts to restrain the northern warlike tribes in a difficult and particularly acute situation.

Warlike preparations are being openly made and the tribes are mustering throughout the country.

Cslo The Foreign Ministers of Norway, Denmark and Sweden have all met together to work out a common policy in connection with German re-armament.

WEST STORE CHIT CHAT.

'MINE ARE MINER'

We have in stock a comprehensive range of MINER rubber boots.

THE NEW BISHOP OFWESTMINSTER.

Vatican City, 3.4.35

The Pope has bestowed a Pallium signifying full episcopal powers upon Dr Hinsley, the new Bishop of Westminster.

SPAIN STILL CABINET MAKING.

Madrid, 3.4.35.

Velasco has failed to form a Cabinet, the Daily Telegraph correspondent reports and the Premier has recalled Lerroux to make another effort but, the message continues, he is likely to be unsuccessful.

The Catholic leader Robles has warned the organisations to prepare for a general election.

NO INFLATION IN CHINA.

Shanghai, 3.4.35.

Mr Soong, the chairman of the Bank of China, has given the government assurance that there will be no inflation of currency.

U.S.A. & FRANCE

Washington, 3.4.35.

Mr Cordell Hull, states that parliamentary negotiations towards reciprocal trade agreements with France are in progress and a statement is to be expected within a few days.

WYATT'S BROKEN JAW.

Mr R.E.S. Wyatt's injury during the Test match with the West Indies has been x-rayed and it is now discovered that his jaw is broken in three places and it may be necessary to graft a piece of bone.

CANADA'S GOVERNOR GENERAL.

It was reported last night that Mr John Buchan after all is not the first commoner to be the Governor General of the Dominion.

Sixty years ago or more Sir John Young, a baronet, was Governor General and was elevated to the peerage.

THE DOMINIONS & THE JUBILEE.

Australia is organising a Jubilee Fund for charitable purposes the particular cause to be championed being maternity welfare, and the government is giving £50,000 to start it.

Other Dominions are also engaged in organising Funds in connection with the Jubilee with the proceeds being devoted to charitable institutions.

FRENCH MEASURES FOR "WAR."

The French Chamber has voted 410 as against 104 giving the government a Vote of Confidence in the decision that the country must organise her defences in view of German re-armament.

Yesterday the Air Minister re-affirmed the government's intention of speeding up the air defences and stated on the completion of the programme the range of action will be double and the personnel of the force treble to what it is at the moment.

RECENT DISCOVERIESIN PALESTINE.

Important discoveries have been made in Palestine by the Wellcome Archaeological Research Expedition to the Near East which has been carrying out work in connection with the Old Testament history.

Sir Charles Marston who is associated with the expedition states that a number of potsherds have been found in late Jewish levels at Tell Duweir.

BRITAIN'S FOREIGN VISITORS.

More than 207,000 holiday-makers visited Britain in 1934 from foreign countries states a recently published Home Office White Paper.

Travellers who came by air numbered 21,304 and of these 19,631 landed at Croydon.

7 P. Hardy	29	27	25	81.
8 J. Bowles	31	28	19	78.
9 E. Harvey	26	28	20	74.
10 G. Martin	29	27	17	73.

HOSPITAL NEWS.

An operation was performed on Mrs C.G. Allan in the Hospital on Tuesday.

THE MEETING of the F.I.R.L. to be held on Thursday, the 4th instant, will commence at 7.0 p.m. It is hoped that all members who are able will attend.

SHIPPING NEWS.

The R.R.S. Discovery II arrived at Capetown on the 15th of March and left on the 27th of March.

At 9.30 this morning (Thursday) the s.s. Lafonia was reported to be 300 miles from Stanley with a sou' west swell and a light sou'west wind. Snow is falling.

The Sydis whaling factory passed close to Stanley last night with five catchers which re-fueled thirty-five miles out.

It is understood that the Is-fire whaling factory, now 150 miles from the ice, is making in the direction of Stanley. It is not, however, certain whether she will call. It is probable that she will re-fuel her catchers outside as the Sydis has done.

The Sydis is making for Port Madryn.

SOUTH GEORGIA WHALING.

The whaling report from South Georgia up to the 31st of March is :

	Act.	Std.	Brls.
S. Georgia Co.	45	21	2,750.
Pesca	57	19	3,165.

The Magistrate reports that whales are very scarce.

The Pesca Company closed on the 30th of March.

The average per standard whale is 147.82.

SIR MALCOLM CAMPBELL.

Sir Malcolm Campbell with his car "Bluebird" is on board the Berengaria somewhere in the Atlantic, home-ward bound.

MUTTON : Will take orders for fat whethers, 90 lb and over, 10/-.

Alternative Policies.

London, 4.4.35.

With Mr Anthony Eden's departure from Warsaw for Prague the European tour is coming to a close and the Daily Telegraph, summing up the results, states that it is definitely known that Poland rejects the Eastern Pact while Germany regards the plan as dead.

The next stage is the Stresa meeting between the British, French and Italian statesmen on the 11th instant when, according to reliable reports, Mussolini will present his own plan for European peace.

In view of Eden's tour it is felt that the Stresa Talks will be called on to determine whether the peace efforts are to be continued along the line of regional pacts or alternatively - an entirely new policy must be adopted.

In the British view the League debate which follows on the 15th instant relative to Germany's conscription decree may well prove of the utmost importance.

There will be a special meeting of the Cabinet on Friday to consider Mr Eden's report. It is inferred from Sir John Simon's statement and German air force circles that Germany's present air strength is 1,800 bombing and fighting planes with the output of four new machines daily.

A Reuter message from Vienna states that the Austrian cabinet has decided to ask the great powers for permission to reintroduce conscription to attain an army strength of 60,000.

IRELAND'S FIRST CHEQUE TO U.S.A.

New York, 4.4.35.

The first cheque towards the repayment of the Irish Republic Bonds of six million dollars, issued in 1921, has been handed over by the Irish Free State Minister who stated that the payment was a matter of pride to every Irishman.

NEW MOUNT EVEREST ASSAULT.

The B.B.C. broadcast last night that listeners who were interested in mountaineering will be glad to hear that another British expedition is to make an attack on Mount Everest during the present year or next.

Mr Hugh Rutledge, who took charge of the expedition in 1933 is again to be the leader.

It is understood that both Germany and Holland are also planning expeditions to the Himalayas this summer while the French Alpine Club is contemplating organising an assault shortly.

WHY THE BLUEBIRD DID NOTATTAIN 300 MILES AN HOUR.

London, 4.4.35.

Sir Malcolm Campbell, broadcasting from the liner Berengaria last night for transmission over British circuits gave details of his record breaking attempts at Daytona, stressing the wonderful efficiency of the car's engines and attributing his failure to reach 300 miles an hour to beach conditions which resulted in damage being done to Bluebird and entailed considerable risks to himself.

FEARS FOR FOREIGNERS IN CHINA.

Hongkong, 4.4.35.

The victorious Red Army, after defeating Chiang Kaishek's troops, is advancing on Kweiyang and fears are felt for foreigners with Chiang Kaishek preparing to evacuate.

ABYSSINIA AND WAR.

Rome, 4.4.35.

An official statement says that the Italian government "knows that Abyssinia is preparing for war" and notes are being despatched to the League of Nations and Addis Ababa with a League note probably containing a dossier relative to Abyssinia's war material purchases and mobilisation.

JUBILEE CELEBRATIONSPREPARATIONS WELL ADVANCED.

London, 2.4.35.

The plans for celebrating the His Majesty the King's Silver Jubilee are well advanced not only in London and in the provincial towns but in all parts of the Empire.

In view of the celebrations which will extend over three months, added splendour is being given to all outstanding events and ceremonies connected with the London Season which began last week with the first two Courts at Buckingham Palace.

The central feature of the Celebrations will be the thanksgiving service on May 6th at St Paul's Cathedral where special stands are being erected and the seating accommodation otherwise increased. This service will be broadcast from all transmitters of the B.B.C. at Home and in the Empire.

On the evening of the same day the King will broadcast a message to the Empire from Buckingham Palace.

The festivities will continue throughout the week during which the King's engagements will include a State progress to Parliament to receive the addresses of congratulation, a State dinner at Buckingham Palace and a drive through North London.

General thanksgiving services will be held in the churches on May 12th and in the same week there will be a State Ball at the Palace and a drive through South London.

On May 12th the second State dinner will take place at Buckingham Palace and two days later there will be a Ball at the Guildhall which Their Majesties will attend.

On the 25th of the same month the King and Queen will drive through East London and on June 8th through West London.

The King will hold a Levee on May 31st and on the evening of that day he will attend the London County Council Reception.

The second Buckingham Palace Ball is fixed for June 13th.

A great Service Review will take place in July - that of the Air Force on the 6th, of the Military Forces on the 13th and of the Naval Forces on the 16th.

On the 10th of July a Police Inspection by the King will be held in Hyde Park and there will also be a

second Investiture at Buckingham Palace.

The last of the Royal engagements in London during the season will be a Garden Party at Buckingham Palace on July 25th.

COLONIAL AFFORESTATION.New Organisation Set Up.

London, 2.4.35.

An organisation for the development of Colonial forest resources has been set up under the Colonial Office.

Two technical officers of the Department of Scientific and Industrial Research have been transferred to this work. The two officers are - Major Oliphant and Major Cosgrove.

Major Oliphant as a forest economist will deal mainly with the organisation of production and will spend most of his time in the Dependencies concerned while Major Cosgrove as a market development officer will be engaged in market promotion work in both British and foreign markets.

MORE ELECTRICITY.

London, 2.4.35.

The Central Electricity Board in its seventh annual report shows that the output of electricity from the public supply systems in Britain has continued in growth.

Since 1929 the world output has expanded by about ten per cent whereas in Britain the increase has been fifty per cent. Every part of the country has shared in the increase which is mainly attributable to the general expansion of industry and the increased penetration of the domestic field of the supply.

The British electrical industry inclusive of electricity supply, wiring and contracting now gives employment to about four hundred thousand workers compared with two hundred and fifty thousand in 1921.

OLYMPIC GAMES BAN.

London, 3.4.35.

The Irish Free State has been banned from participation in the Olympic Games by the International Amateur Athletic Association.

At 5.0 p.m. yesterday the s.s. Lafonia was 350 miles off South Georgia.

We understand that the anticipated call of the m.v. Lautaro homeward bound in May has now been cancelled.

ARRIVALS : The passengers arriving at Stanley on Tuesday evening by the s.s. Lafonia were : Mr & Mrs J. Sornsen & 2 children, Mrs D. Rogers and child and Master B. Biggs

GOVERNMENT NOTICE.

No. 42.

Colonial Secretary's
 Office, Stanley.
 5th April, 1935.

His Excellency the Governor directs it to be notified, for general information, that the King has approved of the issue of a Silver Medal, to be known as "The King's Silver Jubilee Medal," in commemoration of the twenty-fifth anniversary of His Majesty's accession to the Throne. Some 80,000 medals will be struck for issue as a personal souvenir from His Majesty to persons in the Crown Services and others in all parts of the Empire. Individuals selected for award will receive the medal on or shortly after the 6th of May, 1935, but the medal will not be worn on the 6th of May, except by special instructions.

By Command,
 M. Craigie-Halkett,
 Colonial Secretary.

DEFENCE FORCE RIFLE ASSOCIATION.POSTAL TEAM SHOOT.

It is proposed that the Overseas .303 Full Range Postal Shoot should be held on the first fine day during this month between the hours of 9.0 a.m. and 4.0 p.m..

His Excellency the Governor has appointed The Honourable G. Roberts, J.P., to be Butt Officer while C.S.M. E.J. Gleadell, Cpl J. Peck and Pte W.J. Summers have been selected as Markers.

The signal for shooting will be the "F.I.D.F.R.A." Flag and a Red and White Streamer flown from Headquarters any time after 9.0 a.m..

If the weather is not considered suitable for the competition a practice shoot for the team will be held on Sunday next on the New Range, commencing at 10.0 a.m. when it is hoped that all members will make a special effort to attend. The markers

selected for the practice shoot are Denis Lehen and F. Coleman.

- o -

A Spoon Shoot will be held on Saturday (New Range) and Sunday (Old Range) at 200, 500 and 600 yards.

AUSTRIA AND ARMAMENT.

5.4.35.

In summing up European reaction to Austria's decision to present plans shortly for conscription on an equality basis Paris regards this primarily as a move to placate internal opinion in view of Germany's re-armament.

The Little Entente expresses guarded disapproval. Yugo-Slavia feels that Austrian conscription would merely add to Germany's strength since most of the young conscripts are believed to hold Nazi sympathies. If the request is made Yugo-Slavia would refuse to countenance the proposal unless it is made through the League. Czecho-Slovakia also says that the question, described as a tempting invitation to Germany's example, must be solved through League Channels.

The Rumanian government and press maintain silent reserve on the matter and are content to leave the problem with the Foreign Minister, Titulesco, in whom they have the greatest confidence.

BECHUANALAND PLEA.

Cape Town, 5.4.35.

A strong plea that the Bechuanaland natives wish to remain under the British Government rule and not be transferred to the Union of South Africa, has been made by Tshikedi Khama, the Regent of Bamanwato. He claims that the Union legislation attempts to preclude natives from forming an integral part of Union citizenship and the natives would prefer the practice where they could take a full share in the responsibility of the internal administration of their own country.

Newfoundland : The United States has unofficially signified its willingness to negotiate a commercial treaty with Newfoundland concerning fish, cod liver oil & blue berries.

THE FALKLAND ISLANDS COMPANY LIMITED.

STORES DEPARTMENT.

HOUSE OF LORDS BILL.

A press message reports that the Dominions will probably have representatives in the House of Lords at Westminster in due course. A Bill is before Parliament and was read yesterday for the second time.

NEW LINER LAUNCHED.Tyneside Employment.

One of the big events in Britain yesterday was the launching of the P.M.O. liner at Barrow-in-Furness with a bottle of Empire Wine by the Duchess of York who named the ship "Strathmore" after her father, the Earl of Strathmore.

The Managing Director of Messrs Vickers Armstrong in speaking of the boon the building of the vessel has been to the unemployed stated that one of the chief difficulties in dealing with this question on the Tyneside was due to the many local authorities involved.

It has been announced that the government has decided to set up a small Royal Commission to deal with the question of unifying the Tyneside authorities.

FEWER MOTOR DEATHS.

It is now just two weeks since the new motor traffic laws in built up areas have come into force and it is apparent that Mr Hoare Belisha's regulations are having some effect.

The number of killed last week was 100 - the same number as the week before and 20 less than for the corresponding week last year.

Many more cars are now coming out on the roads every day.

MR ANTHONY EDEN.

Owing to bad weather Mr Anthony Eden whose European tour is now finished was unable to complete his journey home by air yesterday owing to weather conditions and had decided to stay overnight on the Continent.

However, he is expected to arrive in London in time to take part in the Cabinet Meeting to-day as previously arranged.

TELEPHONE CONGRATULATIONS.

At the coronation of King Edward VII a telephone message of congratulation was sent to the King from the summit of Ben Nevis, Scotland, via Port William. In 1902 there was an observatory at the top of Ben Nevis - the highest point in the British Islands. Since then the observatory has been done away with and the telephone went with it, but the wire still stretches along the mountain-side and it is possible that the telephone will be renewed. In that case a group of Scotsmen will, once again be able to send their Loyal Greeting, this time to King George V on the occasion of the Jubilee of his accession to the throne twenty-five years ago.

LORD DERBY.

Yesterday Lord Derby celebrated his seventieth birthday and the people of Lancashire have contributed to make him a presentation. More than 80,000 people have subscribed a shilling to the presentation.

Lord Derby, whose name is a household word not only in connection with the Turf with which he is so intimately associated but throughout Britain and the Empire, has had many & various public offices to fill including that of Ambassador in Paris. Only a week ago he was appointed by the Prince of Wales to be one of the three Trustees to deal with the finances of the Jubilee Fund.

SWITZERLAND'S STANDAGAINST THE NAZIS.

Berne, 5.4.35.

The Foreign Minister of Switzerland, Motta, in the Federal Council yesterday stated relative to the alleged Nazi kidnapping of the journalist Jacob, that the Swiss sovereignty had been violated and neither weakness nor hesitation would be shown in upholding the country's national honour and moral repute.

London It is stated that the adjournment of the meeting of the British & Australian Ministers discussing meat imports has failed to reveal a wide divergence of views.

The Time Signal will be given at 9.0 p.m. followed by News Items at 9.30.

GOVERNMENT NOTICE.

No. 46. Colonial Secretary's Office, Stanley.

Applications, which should be addressed to the Colonial Secretary, are invited for the post of Traveling Teacher.

Particulars of the duties of the post can be obtained from the Superintendent of Education.

Applications will be received up to and including the 30th of April, 1935.

- o -

Conditions of Employment.

1. Applicants must be unmarried & the subsequent marriage of the person appointed will automatically terminate the engagement.
2. Person appointed will be required to assume duty about the 1st of June, 1935.
3. Salary - £120 by £6 to £150 a year with free board and lodging while on duty in the camp.
4. Engagement to be for a period of three years terminable at one month's notice. On satisfactory completion of engagement the person appointed may apply to be put on the permanent staff, and if this should be approved, service to count from beginning of engagement.

By Command,
 M. Craigie-Halkett,
 Colonial Secretary.

GOVERNMENT NOTICES.

No. 43. Colonial Secretary's Office, Stanley.

With reference to Government Notice No. 10 of the 15th of January, 1935, it is hereby notified, for general information, that the Public Offices will be closed on Accession Day, Monday, the 6th of May, 1935.

No. 45.

It is hereby notified, for general information, that in connection with the forthcoming Jubilee Celebrations it is proposed to introduce for a limited period from the 4th to the 11th of May, 1935, inclusive, special letter telegram facilities in plain language between the Colony and the United Kingdom in either direction.

Letter telegrams will be accepted for transmission at the total flat rate of 4/- for ten words and 5d for every additional word with the chargeable prefix JLT as the first word of the address.

The rules relating to the special service will be the same as for deferred telegrams but delivery will be effected on the morning following the day of filing.

By Command,
 M. Craigie-Halkett,
 Colonial Secretary.

THE BOAT RACE.

For the twelfth year in succession Cambridge University won the boat-race against Oxford on Saturday, on this occasion by $4\frac{1}{2}$ lengths.

Winning the toss Cambridge selected the Surrey side - the more sheltered bank of a choppy river.

WANTED : Cook wanted for the K.E.M. Hospital. Applicants should apply to the Matron any morning between 11.0 and Noon.

SWEEPSTAKE RESULTS.

GERMAN DYE TRUST DIVIDEND.

Berlin, 6.4.35.

The German Dye Trust, a Daily Telegraph correspondent reports, is repeating a dividend of 7 %.

INDIAN ASSEMBLY REJECT

FINANCE BILL.

New Delhi, 6.4.35.

The Daily Telegraph correspondent reports that the Assembly has rejected the Finance Bill by 64 to 41 votes, though Sir James Grigg pointed out that some of its amendments were not immediately practicable while others were absolutely impracticable.

The Bill is being placed before the Council of State on Monday and it is expected that it will be passed there.

U.S.A. AIR LINES' LOSSES.

Washington, 6.4.35.

The American Air Lines carrying air mail have lost 2,880,000 dollars during the last thirty-two weeks of 1934 and it is estimated that there will be terrific losses during 1935 unless the present rates are increased.

Chituary : Sydney - Sir William Cullen, aged 80, the Lieutenant-Governor of New South Wales from 1910 to 1925 has died.

GOVERNMENT NOTICE.

No. 44. Colonial Secretary's Office, Stanley.

His Excellency the Governor directs it to be notified, for general information, that intimation has been received from the Right Honourable the Secretary of State for the Colonies to the effect that His Majesty will not be advised to exercise his power of disallowance in respect of the following Ordinance of the Legislature of the Falkland Islands :

Ordinance No. 7. of 1934, entitled "An Ordinance to amend the Tariff Ordinance, 1900, as amended by the Tariff (Export Duties) Amendment Ordinances, 1923 and 1924,"

By Command,
M. Craigie-Halkett,
Colonial Secretary.

S.S. LAFONIA.

The s.s. Lafonia is reported to have arrived at South Georgia on Saturday at 6.30 a.m..

ARRIVAL & DEPARTURE.

Mr Langdon, the Manager of Fitzroy Station rode in to Stanley during the latter part of the week & returned to the Camp on Saturday.

U.S.A. WAR PROFITS' TAX.

Washington, 6.4.35.

The House of Representatives has unanimously approved of a proposal to impose in war-time a fifty per cent tax on profits to 6 % and one hundred per cent above that, with a ninety-four and a half surtax on individual earnings exceeding 100,000 dollars.

Lawn Tennis : Paddington Tournament Finals - Frenn (Germany) beat Stedman (New Zealand) 6 - 2 & 6 - 4 while Mrs Whittingstall beat Miss Adamson (Belgium) 4 - 6, 6 - 3, 6 - 4.

DANZIG ELECTION

EXCITEMENT.

Danzig, 6.4.35.

The election excitement for Sunday's polling reached a climax to-day with the arrival of Doctor Goerbels, the German Minister for Propaganda, with a trainload of Danzigers from Germany to vote.

The Nazis have already the strongest party in the legislature with thirty-eight of the seventy-two seats won at the last election in 1933.

While it is officially declared that the international status of Danzig under the League of Nations, established in the Treaty of Versailles, is not in question, the Nazis have openly proclaimed plans for a revision of the present antiquated constitution for which a two-thirds' majority is required.

Clearly great care is being exercised not to give offence to Poland.

Geneva League circles expect an 80 per cent electorate vote for the Nazis but the Danzig government cannot legally be recast in constitution without the consent of the League which is unlikely states Reuter's correspondent, while the Polish attitude would be of primary importance.

EMPIRE STATESMEN IN ENGLAND.

London, 6.4.35.

Though there will be no formal Imperial Conference, nearly twenty Empire statesmen will be in London by the beginning of May and informal conversations will be held proving more important than at first expected states the Sunday Times.

The questions for discussion are:
1 - the operations of quotas, tariffs, subsidies and levies; 2 - the possibility of a long-term agreement on Empire economic policy and development; 3- Imperial finance; and 4 - the resumption of emigration.

Australia will lead in pressing for definite declarations on an agricultural policy and how far Britain's encouragement of home produced wheat, beef, milk and eggs can be made a basis of an Empire agricultural policy, assuring the dominions a market in meeting the deficiency in home supplies.

DUTCH FINANCE.

Amsterdam, 6.4.35.

The guilder rallied following an increase of the bank rate to 3½ & the efflux of gold to France has been stopped though it is understood that shipments amounting to 50 million dollars are engaged for New York, states the Sunday Times.

Leading industrial and oil shares like Phillips' Lamps and Royal Dutch fell some ten per cent while fixed interest securities recovered substantially.

FRENCH & BELGIAN TRADE

UNDERSTANDING.

Paris, 6.4.35.

The flood of Belgian imports through the devaluation of the belga has been averted by an agreement that Belgium will only authorise exports to France on the condition that the prices are no lower than they would be without devaluation of the belga while the French imports to Belgium are not to be reduced.

DUTCH PLANE CRASHES.

Berlin, 6.4.35.

The Dutch passenger plane on the Frague to Amsterdam route to-day crashed near Cassel, the famous Dutch pilot Soer being killed with three members of the crew besides two passengers - both Dutch and one the son of the Burgomaster of Amsterdam, de Vlught.

FRENCH ARMY CONSCRIPTS

RETAINED.

Paris, 6.4.35.

Some 60,000 conscripts due to discharge this month are being retained until the 14th of July when it is calculated that the new recruits will be sufficiently trained.

The conscripts are being employed in guarding the frontiers and for work in defence activities.

Golf : In the Roehampton Professional Tournament semi-finals Padgham beat Easterbrook 5 & 4 while Compton beat Cox 4 & 2.

HIS MAJESTY THE KING'SSILVER JUBILEE.

Provisional Programme.

The provisional Programme drawn up in connection with the celebrations in Stanley for His Majesty's Silver Jubilee is : -

Monday, 6th May : Review on Government Paddock, including Falkland Islands Defence Force, Boy Scouts and Girl Guides, and firing of salute of 21 guns -
 10.0 a.m..

Thanksgiving Service at Cathedral - 10.40 a.m..
 Colory Dance - 9.00 p.m..

Tuesday, 7th May: Children's Tea, including amusements in the Town Hall.

Firework Display.

Wednesday, 8th May : Defence Force Dance - 9.00 p.m..

In addition it is proposed that dances should be held in the camps, two on the East and two on the West Falkland during June or July and that a supply of fireworks should be sent to the particular stations for display at each of the dances.

SWEEPSTAKE RESULTS.

W.M.S.C. : - 1st 1346, 1087, 19050, 868. £2.10.0d each; 2nd 1144, 209 £3.10.0d each; 3rd 909, 1731, 1340, 1221, 1681, 3365, 59, 19027, 1258, 1167, 544 13/- each. Twenty-seven team prizes of 13/- each.

The amount collected totalled £45.8.0.. Expenses 6/8, Children's Party Fund £1.2.6, Club Funds £4.7.11, Prizes £39.10.11.

Unclaimed prizes last week - 450 "M.H.S.", 1455 "Humbug", 1412 "11,45."

AGE-OLD BIRD REMAINS DISCOVEREDAT WEST POINT ISLAND.

Interesting Theory Advanced.

A discovery of recent years now being investigated by the Naturalist Department of the Colony may bring to light some interesting data of life existent in the Falkland Islands perhaps thousands of years ago.

On West Point Island several years back during peat cutting the late Mr A.E. Felton had his attention drawn to a deposit that had been revealed, and this was found to contain the remains of such birds as a Johnny Rook, Snipe, Geese, Seed Snipe and Petrel.

The remains, found some three hundred feet above sea level, were buried beneath eight feet of peat in a peat-matrix in which sand, not identifiable with seashore sand, could be discerned. The bony deposit is one foot thick and was found just above the clay foundation, indicating with very little doubt that it was of great age and suggesting a "Kitchen Midden" - a dump of prehistoric origin. To confirm this theory, however, there must be remains of man too, but as yet none have been discovered. The area of the deposit is, so far, unknown.

Mr A.G. Bennett, Acting Government Naturalist, is preparing some specimens for the Stanley Museum while Mr E.J. Hamilton, the Government Naturalist who is on his way to England, has taken with him a lump of the deposit for examination by the authorities at home.

WORKING MEN'S SOCIAL CLUB.

The usual Whist Drive will be held at the Working Men's Social Club on Wednesday next, the 10th inst, commencing at 8.0 p.m. sharp.

Admission for Ladies 1/-,
 Members 1/-.

A.V. Summers,
 Hon. Secretary.

THE WAR CLOUD LOOMS UP AGAIN.

London, 9.4.35.

In summing up the continental repercussions to the latest news on the Stresa Conference, Reuter states that French diplomatic circles unhesitatingly approve of the British Premier MacDonald's decision to attend and in view of the importance of the discussions consider it is expedient that the British, French and Italian Premiers should be present, but diplomatic circles do not discuss the delicacy of the negotiations.

Considerable satisfaction is evinced in Rome at the news that Mr MacDonald and Sir John Simon are attending the Stresa Conference and while the Italian government regards the conversations as vital on all sides there is fear expressed of war with Germany.

It is considered that if German ambition is restrained the three powers could establish a common front but Britain is regarded as a danger by her announced intentions of keeping clear of European commitments. There is support for this view from Berlin which welcomes the conversations with the hope that Britain will refuse to join in a united front against Germany with France and Italy.

The Soviet anticipates a fruitless discussion of a universal European Pact based on the League Statute which is only possible if Britain decides to sign and this is unlikely.

Meanwhile the Soviet would reject any arrangement which she did not negotiate herself.

Washington states that there will be no American observer at the Conference. The Daily Telegraph correspondent suggests that the principle feature of the discussions will be an entirely new peace plan taking the form of a Stresa Declaration on the inviolability of frontiers.

(Earlier news of the Sresa Conference is given on page 4.)

Manchester : It is understood that the government is taking action to check the foreign countries attacking and glutting the markets with cotton, rayon and textiles masquerading as British made.

S.S. LAFONIA.

The s.s. Lafonia was expected to leave South Georgia for Stanley yesterday evening.

SPOON SHOOT.

Some good scoring was recorded on the Range on Sunday last when seven of the eleven competitors returned with over 90. The "A" Class Spoon was won by E.J. McAtasney with a total of 97. The detailed scores are :

	200	500	600	Tot.
E.J. McAtasney	34	31	32	97.
A.H. Hills	30	34	32	96.
M. Campbell	34	32	30	96.
A.I. Fleuret	30	33	32	95.
W. Aldridge	32	31	32	95.
J.W. Grierson	31	32	31	94.
J.R. Gleadell	33	31	30	94.
J. Bound	28	34	27	89.
G. Martin	30	27	25	82.
J.J. Harries	28	27	26	81.
W.J. Grierson	27	23	29	79.

The tie between J.R. Gleadell & W. Aldridge for last week's Spoon ("A" Class) was decided at the 600 yds on Sunday and resulted in W. Aldridge winning the Spoon.

SOUTH AFRICAN CRICKETERS.

The delegates to the Imperial Press Conference in South Africa arrived back at Southampton last night. They sailed from England on the 18th of January last and since then have had a truly remarkable sequence of experiences. Major Astor who went as chairman, on being interviewed on arriving at Southampton described the mission as one of unqualified success.

Sir Stanley Jackson, the Chairman of the English Cricketing Selection Committee last summer said to a reporter that they could take it from him that the South Africans who were visiting Britain on a cricketing tour this season were a very strong team.

Paris An alarming fire broke out in the Palace de Justice yesterday endangering the archives but strenuous efforts on the part of the firemen saved all documents from being damaged

Gentle but thorough in action. 1/6 per bottle.

NAZIS SETBACK BYDANZIG VOTERS.

Danzig, 7.4.35.

The latest figures show that the Nazis have gained seats in the elections but have failed to obtain the two-thirds majority necessary to apply to the League of Nations for a new constitution.

There are reports of terrorism by uniformed Storm-troopers who are forcibly preventing Polish subjects from entering the polling booths, reports the Daily Telegraph correspondent, and the Polish Consul-General has lodged a strong protest alleging terrorism and declaring the election unlawful.

A second Polish protest has been made against the assault and imprisonment of two Polish members of the Legation.

A later message indicates that the Nazis only obtained six extra seats and this is considered the biggest set-back since Hitler came to power and a dramatic contrast to the Saar.

Some papers on the Continent refer to the event as only a half-victory for Hitler while others say that it is half a defeat.

LOOKING TOWARDS THE U.S.A.PRESIDENTIAL ELECTIONS.

Washington, 7.4.35.

Postmaster-General Farley, a Daily Telegraph correspondent reports, intends resigning soon after the end of the present session to devote the whole of his attention to next year's presidential campaign.

Another indication that the presidency will be keenly contested was clearly pictured in a speech made yesterday by Senator Dickinson in Virginia. He made it clear that the Republicans would direct their election attack on President Roosevelt personally, declaring that the country's position is worse now than in the beginning of 1933 and that the responsibility is Roosevelt's alone.

THE STRESA DISCUSSIONS.

Mussolini's Views.

London, 7.4.35.

Signor Mussolini has conveyed to the British and French governments an outline of his views on the Stresa Conference.

He is anxious to place on record, states the Daily Telegraph, that the three governments are not prepared to countenance any further flagrant violations of the Versailles Treaty by Germany and he has in mind, particularly, the contingency of military activity in the demilitarised Rhineland zone.

He is also expected to urge an immediate definition of Austrian independence.

The Rome controlled Italian press devotes a considerable amount of space to Britain's foreign policy. The Turin "Stampa" declares that if Germany agrees to collaborate for European peace - well and good. If not, Britain can choose between joining in a collective system of defence or break away from Italy and France.

In London Mr Eden is suffering from heart strain which developed during the rough air journey from Prague and has been ordered absolute rest.

It is probable that the Premier, Mr Ramsay MacDonald will head the British delegation to Stresa personally.

MOTOR CAR RACE TRAGEDY.

4 Killed; 22 Injured.

Chateau Thierry, 7.4.35.

Four people were killed and 22 injured to-day during a motor race when the Italian racing driver Cattaneo, when braking within a hundred yards of the finishing line, skidded and dashed into the crowd, ploughing a way through densely packed spectators.

Many had one or both legs broken. Cattaneo had a wonderful escape by jumping from the car before it reached the spectators.

McCombe, Mississippi. Ten people have been killed and forty injured as a result of a tornado.

THE DOMINIONS' CUP SHOOT.

High Hopes With 1,111.

48 Points More Than Last Year.

The shoot for the Dominions' Cup took place yesterday when conditions were considered favourable, the team collecting on the Range with the Butt Officer, the Hon. G. Roberts, and the team captain, Captain W.M. Allan, for the first squad to fire at about 12.40 p.m.. The weather proved kind though bitterly cold with a 3.0 o'clock wind blowing steadily across the range and little sun giving a uniform light.

Firing commenced at 600 yards with the eight competitors working up to the shorter ranges. The highest score was obtained by Mr J.W. Grierson with an aggregate of 142, including a possible at the 500. Lieutenant A.I. Fleuret was very unlucky with a new rifle with which he secured 134. The detailed scores recorded were :

	300	500	600	Tot.
J.W. Grierson	47	50	45	142.
E.J. McAtasney	45	47	49	141.
I. Reive	47	45	48	140.
H.H. Sedgwick	48	47	45	140.
A.H. Hills	48	48	43	139.
J.R. Gleadell	44	48	46	138.
J.M. Campbell	47	46	44	137.
A.I. Fleuret	44	46	44	134.

370 377 364 1111.

Compared with last year's results and excluding Kenya's phenomenal total of 1,137 which secured them the Challenge Cup, this year's aggregate by the Colony promises well for a successful issue - or at least there can be confident hopes of the Falklands being well in the running. Although it is 26 points below Kenya's score the 1,111 is four better than the runners-up (Barbados) and 48 better than the total which put us eighth on the list of twenty contestants in 1934.

London : It is reported from Cairo that the Egyptian government has banned labourers being sent to Eritrea...

MINIATURE RIFLE RANGESEASON OPENS.His Excellency Fires the First
Shots.

On Monday evening His Excellency the Governor paid a visit to the Defence Force Miniature Rifle Range at the Drill Hall to open the club for the season.

His Excellency was accompanied by Miss Henniker-Heaton and Miss P. Henniker-Heaton with Lieutenant A.I. Fleuret, Honorary Aide-de-Camp. There were also present three vice-presidents - the Hon. R.L. Cheverton (Senior Medical Officer) with Mrs Cheverton, the Hon. G. Roberts (Director of Public Works) and Mr L. Hardy.

In addition all the Committee Members were present, namely - Captain W.M. Allan (Adjutant & chairman), Messrs E.J. McAtasney (hon. secretary), A.V. Summers (hon. treasurer,) J.J. Harries, A.H. Hills, J.W. Rowles and O. Pike.

After firing the first shots His Excellency addressed a few words to the members assembled saying how great a pleasure it was for him to open the Range and how proud he felt of becoming the President especially since the Force had won the Small Bore Competition against British Colonies and Protectorates throughout the world two years out of three. He hoped very much that this would be the third year - with the ordinary luck of threes - that they would win the trophy and also the Junior Kolarapore; and that they would in addition win the Dominions' Cup.

"You have set an extraordinary high standard," His Excellency continued, "unfortunately for yourselves in a way, by winning the Small Bore Trophy the first year with a score of 1908 and by improving in the third year to 1943 out of a possible 2000. Now, you must remember that the spirit in which you should enter is not of defending the Cup but of attacking the record. What pleased me most about the scores last year was the fact that you were all so equal right through. This is the real team spirit and it is of the highest credit to the Force."

His Excellency went on to say how more and more difficult it was

getting for them each year but he was sure that they were quite equal to the task. Jokingly he added that the Colony was becoming more widely known by its rifle shooting than by its production of sheep. He was not prepared to say that the former was more important but shooting did hold a prominent place in the life of the Colony and he hoped they would all support the club well.

In conclusion His Excellency expressed his own great interest and said that if anything to forward the activities of the club were suggested to him what he could do to advance shooting he would only be too glad to do.

Captain Allan then called for three hearty cheers for His Excellency not only for being so good as to become the President of the Club but also for his kindness in opening the Range that evening.

The cheers were given unstintingly and afterwards some twenty-nine marksmen settled down to the sport of the evening, taking the places in turn at the firing point. Sergeant J.R. Gleadell obtained the highest score with 99 out of 100.

- o -

We learn that in order to stimulate regular attendance a special prize is being offered for the highest attendance during the season, commencing from Friday next, the 12th instant. Members will be required to shoot at least one card for their presence to count.

BRITISH STEAMER IN DISTRESS.

It was reported last night that the British steamer "Tower Bridge, London" was in distress in the Atlantic. The S.O.S. message stated that she was leaking badly having been holed by ice.

Several steamers were rushing to aid her the nearest being the "Newfoundland."

As no further distress signals have been heard from the vessel it is thought that the "Newfoundland" must have reached her.

One of the passengers on board the "Newfoundland" is Sir David Murray Anderson, the Governor of Newfoundland.

Washington: The 38 million dollar naval public works Bill is being considered by the President.

GENERAL VON LUDENDORF'SOPINION.

Munich, 9.4.35.

On the eve of his seventieth birthday General Von Ludendorf yesterday expressed the opinion that armament limitation was immoral as an offence against the sacred and divine laws, adding that only through a complete renunciation of Christianity would Germany achieve the unity which she needed and which would have saved her in 1918.

U.S.A. FOREIGN BALANCESHEET.

Washington, 9.4.35.

The United States foreign balance sheet for 1934 shows a record for gold imports amounting to 1,187 million dollars with the exports totalling 53 million; the silver imports were 103 million with the exports standing at 17 million.

The merchandise exports amounted to 2,133 millions while the imports were 1,655 millions. The receipts from tourists came to a total of 94 million and counteracting that American tourists abroad spent 322 million dollars.

ADELAIDE CENTENARY AIR RACE.

London, 9.4.35.

The South Australian Premier, the Hon. R.L. Butler, is discussing the plans for a London to Adelaide air race in connection with the State's centenary celebrations with the approximate finishing date being December 28th, 1936.

PHILIPPINES TYPHOON.

Manila, 9.4.35.

The Daily Telegraph correspondent reports that a typhoon has struck Samar Island and the entire population of Borongan has been rendered homeless with 33 deaths recorded. A number of people are also missing.

London : Sir Frederick Leith Ross is engaged in negotiations for an Anglo-Italian trade agreement.

UNEMPLOYMENT IMPROVEMENT.

London, 8.4.35.

The unemployed figures for March show that the number of people that has been added to the total on the employed lists is 119,000 while the total number of unemployed is given as 2,153,000 or 131,000 less than the previous month.

THE DUTCH AIR LINERDISASTER.

The Hague, 8.4.35.

The Dutch air liner which crashed in a forest near Cassel, Germany, and burst into flames on Saturday last was brought down as a result of ice forming on the wings, according to a statement made by the manager of Royal Dutch Air Liners. In view of this impediment the machine became too heavy to clear the mountains.

AUSTRIA'S HAPSBURG DILEMMA.

Frague, 8.4.35.

Any attempt on the part of Austria to restore the Hapsburgs will lead to Czecho-Slovakia and the Little Entente breaking off relations with that country and recalling their diplomatic representatives, states the Daily Telegraph correspondent. from information supplied by leading Czecho-Slovakian statesmen.

CARNEGIE LEAGUE OF NATIONSAWARD.

The Hague, 8.4.35.

The Carnegie Institute has awarded the Waterler Peace Prize to the Radio Service of the League of Nations for fostering an understanding of the possibilities of international cooperation.

WORDSWORTH ANNIVERSARY.

London, 9.4.35.

On the occasion of the anniversary yesterday of the birth of William Wordsworth, the poet, in 1770, the songs of the thrushes & black-birds outside Dove Cottage, Westmorland, where he lived for many years, were broadcast to the United States.

 Office, Stanley.

It is hereby notified, for
 general information, that His
 Excellency the Governor has been
 pleased to appoint

Mrs W.D.A. Jones.

to be, temporarily, Assistant
 Mistress, in the Government School
 with effect from the 8th April,
 1935.

By Command,
 M. Craigie-Halkett,
 Colonial Secretary.

HOSPITAL NEWS.

Twin daughters were born to
 Mrs A. May in the Hospital yester-
 day.

WHIST DRIVE.

Eleven tables were in use at
 the Working Men's Social Club
 fortnightly Whist Drive held last
 night. Mr A.V. Summers was M.C.
 and the prizes were won by Mr Les
 Cletherce and Miss T. Fulhendorff
 (firsts) and Mr C. McAtasney and
 Mrs R.H. Hannaford (boobies.)

BROWNIES.

There will be a Brownie Meet-
 ing at 4.15 this afternoon, Thurs-
 day.

ROME'S VIEWS ON STRESA

CONFERENCE.

London,
 Rome remains reserved in its
 opinion of the Stresa Conference
 which commences to-day but the
 view is held that if the Stresa
 talks do not achieve any definite

results the proposed agreement loses
 its significance, on the other hand
 if anything conclusive transpires
 then the Conference becomes increas-
 ingly important.

The Daily Telegraph Warsaw
 correspondent states that the Polish
 Government is definitely against
 signing any pact of a nature which
 France and the Soviet appear deter-
 mined to conclude.

BUDGET CONCESSIONS.

London.

The Daily Telegraph states that
 an outline of the probable direction
 of the Cabinet Budget will become
 known at to-day's (Thursday's) meeting
 of the Committee, but in view of the
 heavy increase in State expenditure
 the Chancellor will only be able to
 make minor concessions. These are
 likely to be :- The restoration of
 pay cuts in the Government services;
 the restoration of income tax allow-
 ances relative to the heads of
 families; and the abolition of the
 entertainment tax on cinema seats of
 6d and under; while there is an idea
 that there will be a lower spirit
 duty.

BELGIAN DEVALUATION REVELATION.

Brussels.

Following on enquiries into the
 excesses leading to the Belgian de-
 valuation and the flight of capital
 from the country the police have
 searched twelve banks and two finan-
 cial houses when a quantity of printed
 matter was seized discussing the
 possibilities of the devaluation dated
 prior to the fall of the Theunis
 government.

GOLD NEWS.

From New York it is reported that
 6 million dollars worth of gold have
 been engaged from Holland.

U.S.A. IMMIGRATION SCANDAL.

New York.

The Immigration and Naturalisation Commissioner MacCormack reveals that there has been frequent violation of the immigration laws over the last ten years involving extensive bribery amounting to large sums.

Aliens have already been arrested and deported to the number of 328 and 83 respectively while steps are being taken to initiate criminal proceedings against 34 individuals and the cancellation of 200 fraudulently obtained citizenship papers.

HITLER'S RIGHT HAND MANMARRIED.

Berlin.

Hitler's right hand man, General Goering, was married with almost royal pomp at the Lutheran Cathedral, Berlin, yesterday, to Fraulien Sonnemann after a procession through troop-lined streets with massed bands and one hundred aeroplanes providing an air escort.

Hitler and Herr Kerrl supported the bridegroom at the Cathedral which was filled with the nation's notabilities.

INDIAN COTTON EXCHANGE CLOSED.

Bombay.

The Indian Cotton Exchange has suspended all trading until further notice as a protest against the police raiding the exchange which is alleged to be involved in gambling.

SERIOUS STUDENT RIOTS.

London.

Student riots at Cairo and Bucharest have resulted in the closing of the universities in these two cities. At Cairo the outbreak was against the Rector while at Budapest the affair was the outcome of anti-Semitic disturbances.

GERMAN UNEMPLOYMENT.

Berlin.

Germany's unemployed sank by 465,000 during March to 2,400,000 as compared with a total of 2,798,000 in March 1934.

DISTRESSED BRITISHSTEAMER SAFE.

It was reported last night that the British Steamer "Tower Bridge, London" stated to have been in distress in the Atlantic is now safe and has been towed into St John's Harbour, Newfoundland by the liner Newfoundland."

SHIPPING NEWS.

A message from Southampton stated yesterday that the liner Acquitania had grounded on a mud bank and the passengers had been taken off by tenders. The ship is not expected to be able to get away until to-day (Thursday.)

Although there have been delays in the completion of the liner "Normandie" - the challenger from France for the Blue Ribbon of the Atlantic - it is expected that she will be able to make her maiden trip in May according to schedule.

SUGAR BEATSUBSIDIES TO DROP.

London.

The Sugar Beat Industry in Britain was the subject of a question in the House of Commons yesterday when it was revealed that since 1924 the Government had given subsidies to the industry and it was now considered that this should not be continued any longer as the industry could never be self-supporting.

There are only three countries in the world where the sugar beat industry is carried out without government support and these are - Java, Peru & San Domingo which produce about five per cent of the world's output.

MUSSOLINI FLIES TO STRESA.

The Italian and French delegations arrived at Stresa yesterday while the British delegation was not expected to arrive until 10 o'clock this morning. Mussolini flew from Milan in a large three-engined seaplane piloted by himself.

The actual conversations will take place on a small island in Lake Maggiore.

JUBILEE FEATURES.

By Royal Command the Master of the King's Music, Sir Henry Walford Davies, is to prepare a special British Concert to be held in the Royal Albert Hall during the Celebrations of the Silver Jubilee next month when the King and Queen will attend.

His Majesty wishes the programme to be typically English - of Elizabethan, Stuart and Victorian times as well as containing modern compositions.

There will be an orchestra of 200 players and a chorus of over 1,000 trained singers drawn from all parts of the United Kingdom and Ireland.

- o -

Their Majesties the King and Queen are proposing to use an open landau for the State Processions during the Jubilee Week.

There was a rumour that the Coronation Coach was to be used but it is found to be too heavy to draw at the pace at which the processions are expected to move. Besides this it is considered that an open landau will provide the crowds with a better opportunity of viewing their Majesties.

- o -

The city council of Pretoria, South Africa, is offering free electricity during Jubilee Week so that special displays can be carried out satisfactorily and that brilliant lighting schemes can be effected in the shop windows.

- o -

The Boy Scouts of Canada are taking the same line as the Scouts in Great Britain by arranging to join a line of bon-fires to reach across the 3,000 miles of the continent to the Atlantic. The fire at Winnipeg will be lit by the Chief Scout, Lord Baden Powell, himself.

- o -

In the House of Commons it was suggested that in India, with the object of promoting good feeling, clemency might be meted out with the releasing of non-political prisoners, but the Under-Secretary of State for India said that it would not be proposed to carry this into effect, pointing out that the number of prisoners affected by

such an arrangement would be very small indeed. There were only 67 prisoners not convicted for political offences in February and a number of these have since been released from the prisons.

CONTRADICTIONARY ABYSSINIAN REPORTS.

Two reports about the situation in Abyssinia have been received in London. In the first place it is learned that arms and ammunition are still permitted to pass through French Somaliland for the use of the Abyssinians and this contradicts last week's rumour that consignments were being held up; secondly a Cairo confirmation states that the Egyptian Government is still maintaining its terms for the employment of Egyptian labourers to build roads in Italian East Africa, contrary to the statement issued that labourers had been prohibited from road making in Eritrea.

KING EDWARD'S SHADOW DEAD.

One of the most famous of English detectives - Detective Inspector Finch - died on Tuesday morning. The most "conspicuous" chapter in his career was as the official bodyguard to the late King Edward VII, when he thus became known as the "King's Shadow."

He had many adventures particularly at the time of the Russian Revolution when on several occasions he came into contact with Lenin himself.

VICEROY OF INDIA& FINANCIAL BILL.

The Viceroy of India has carried out his intention of ratifying the Finance Bill on the grounds that it is essential to British India that the Bill should be passed in its recommended form. The discussion in the Senate has been tabled to start to-day (Thursday.)

London : Interviewed, Sir Malcolm Cambell yesterday expressed his disappointment at not having been able to achieve 300 miles an hour with "Bluebird" but he sincerely hopes to reach his goal before the end of this year.

STRESA FACTORS.

The British delegation to the Stresa Conference left London yesterday, the Conference starting to-day, Thursday. The Prime Minister, Mr Ramsay McDohald, and the Foreign Secretary, Sir John Simon, flew as far as Paris.

Reports from Paris state that France does not intend awaiting the results of the conversations at the Conference before deciding her course of action and has already reached an agreement with Russia.

- o -

A summary of Sir John Simon's account of the position in Europe subsequent to Mr Anthony Eden's visits abroad, show that Germany is not prepared to sign an Eastern Pact of Mutual Assistance though she favours a Pact of Non-Aggression providing the other powers fall into line. As for a Central European Pact Germany sees no real necessity for it, but she is prepared to consider such a pact.

Russia is enthusiastic for the proposed Eastern Pact and hopes that both Germany and Poland will come in. She emphasises her point of view that the pact will really make for security for all and not the isolation of any one country.

Poland herself is doubtful about the pact and she is unwilling to upset her relations with Germany and Russia with new negotiations.

- o -

Germany claims an army of thirty-six divisions with a maximum strength of 550,000 men and she claims the right to equip herself with all the weapons which other countries have though she is willing to abandon any type if the other countries do the same. She considers that the total tonnage of her navy should be 35% of that owned by Britain while concerning her air force she maintains that this should be equal to that of Great Britain and France. Hitler is in favour of the Aero-Locarno Treaty as suggested by France and Great Britain and for a general armament convention, but the Foerher holds out little hope of Germany's return to the League of Nations if she is to remain as an inferior nation.

LONDON SLUM CLEARANCE MOVEMENT.

The London County Council Developments Committee recommends that £5,500,000 should be spent on getting rid of the city's slums and the building of other houses for the people.

The chairman of the Committee states that 8,000 people were provided for last year and they hope to provide for three times that number this year with the building of 10,000 flats. They also hope to build at that rate a year until all the slums have been cleared.

During the course of the debate on the subject it was suggested that the flats should be built ten stories high but the majority of the Council were in favour of five-story flats.

POLICE WIRELESS ACTIVITIES.

A message from London states that in his Police Report for 1934 Lord Trenchard, the Chief of Police, devotes a long section to the use of wireless in the Force.

A special information room has been set up at headquarters for broadcasting messages to police cars all over London.

This service is particularly useful in car theft cases but its use is not restricted to any one type of crime.

NEW LONDON FLOWER MARKET.

There is a new addition to the list of London markets - a Flower Market at Spitalfields. The object of this new market is to relieve the severe congestion at Covent Garden where most of the streets round about are always almost completely blocked with lorries, vans and tramcars with stocks of vegetables, fruit and flowers.

The market at Spitalfields already deals with fruit & vegetables but with this innovation it will also have the same variety of goods to dispose of as Covent Garden.

Football results : Included in the football results broadcast last night were : Derby County 0 : Preston North End 3. Manchester City 1 : Sunderland 0.

THE MAURETANIA.

The liner Mauretania was towed off the mud-bank yesterday and will be examined in dock by divers. Ten tugs were used to pull her off.

MINERS' JUBILEE FUND.

The South Wales Coal Owners' Association intend to mark the King's Jubilee by raising among themselves a sum of not less than £50,000 to be used as a nucleus of a fund to provide special old age pensions for

The Association in notifying the South Wales Miners' Federation of this proposal stated that their object is to celebrate the occasion by an act which will result in a permanent benefit for those who spend their lives in the coal industry and they have invited the Federation to appoint representatives to cooperate in drawing up this pension scheme.

At a Conference in Cardiff yesterday evening the Miners' Federation decided not only to nominate representatives as suggested but also to subscribe an additional £20,000 towards the proposed fund.

COMET AEROPLANE'S NEW RECORD.

Despite very bad weather the de Havilland Comet, piloted by Captain Buckingham, yesterday flew from Croydon to Paris, a distance of 220 miles on a straight course in 53 minutes beating the record by 14 minutes.

Owing to bad weather the pilot could not proceed at full speed but maintained an average of 240 miles an hour.

The machine is one of two Comets acquired by the French government to undergo speed tests by French pilots. It was used by Jones and Waller in their record breaking flight of 13½ days to Australia and back.

PARLIAMENT GETS READY FOREASTER.

Parliament will adjourn for the Easter recess next Thursday and will reassemble on Monday the 29th of April.

The principal event in the House of Commons next week will be the Chancellor of the Exchequer's annual budget statement on Monday, which as usual is eagerly awaited.

Paris : The French Minister of Finance yesterday struck the first gold coin of the new currency at the mint.

BAD TRADE FOR IRELAND.

The Irish Free State has an adverse trade balance of more than £50,000,000 for the twelve months ending in February last.

This is the largest adverse balance of trade the country has ever experienced. The only increase in exports was shown in the goods sent to Germany and these amounted in value to £60,000 instead of £12,000 last year.

COCOS ISLAND EXPEDITION.

A new expedition to the Cocos Islands in search of treasure is shortly to set out.

On a former occasion the members of the expedition were arrested and their activities peremptorily ended by the government of Costa Rica. This time, however, the expedition has obtained the sanction and cooperation of Costa Rica and is expected to leave on its journey of adventure next month.

FLEET VISIT TO THE THAMES.

Among the many vessels to visit Southend and the Thames between the 15th and the 22nd of May will be the battleships Nelson, Rodney and Valiant with the battlecruiser Hood and the aircraft carriers Courageous and Furious.

INDIAN ASSEMBLY RECORDS.

New Delhi.

The Legislative Assembly has ended the session with records established for attendance and also for government defeats amounting to seventy-five per cent of the divisions which were mainly due to the obstructionist tactics of the Congress members states the Daily Telegraph correspondent.

A Bombay government communique relative to the Karachi shootings gives the casualties at 47 killed and 134 injured.

Lord Brabourne reports that troop action was fully justified in face of the mob being undeterred by bayonets and this has been endorsed by the Viceroy and no useful purpose will be served by an enquiry it is added.

The Governor in Council considers that the population were saved by the discipline and steadiness of the troops engaged.

PRAISE FOR THENATIONAL GOVERNMENT.

In addressing the Primrose League Conference on Wednesday evening, Lord Erbigham said that the National Government had justified itself to an extent unanticipated on its accession in 1931.

Britain's recovery was the envy of the whole world despite the unfavourable conditions and it was in the interest of every section of the community that the National Government should be returned to power at the next election.

RUSSO-GERMAN AGREEMENT.

Berlin.

A Russo-German agreement has been concluded regulating general trade relations, with the Soviet agreeing to place orders for 200 million marks on a credit basis extending over five years while the Soviet exports to Germany must exceed 150 million marks during the current year.

SHIPPING NEWS.

The s.s. Lafonia was reported to be 360 miles from Stanley at 4.0 p.m. yesterday. Fine weather was being experienced and the vessel was doing ten knots. She expects to arrive either this evening or early morning to-morrow.

The s.s. Afterglow was placed on the floating dock yesterday morning preliminary to her sealing activities this season.

SHOOTING.

The Defence Force Rifle Association will hold a Spoon Shoot on Saturday and Sunday at the 300, 500 and 600 yards.

ANOTHER AIR RECORD BROKEN.

A Dutch air liner on the London to Amsterdam route yesterday broke the record for the time taken on the journey covering the distance at an average of 127 miles an hour. The machine was a three-engined Fokker.

ANOTHER LINER AGROUND.

Another British liner ran aground yesterday off the coast of Greece. The weather was fine and it is thought that no damage has been done and that she will be able to get off easily to-day (Friday.)

COW'S MILK RECORD.

It was reported from London last night that a British Freisian cow has broken a milk record by producing 149½ pints of milk in one day. She was first milked at 3.30 in the morning and the last milking took place at 10.0 at night. The animal is eight years old. The net yield is certainly a record for Britain and may be for the whole world.

London : Yesterday Mr Hore Belisha unveiled a replica of Stevenson's Comet at South Kensington.

HIS EXCELLENCY SEESREFORM LEAGUE REPRESENTATIVES.

His Excellency the Governor saw four representatives of the Reform League at Government House on Thursday, the 11th instant - the Chairman, Secretary and two members - and they explained to His Excellency the objects of the League and suggested for consideration a number of works of development.

S.S. LAFONIA RETURNSFROM SOUTH GEORGIA.

A large crowd gathered to welcome home the men who left Stanley for the whaling at South Georgia in October last when the s.s. Lafonia arrived back from the Dependency last night soon after 8.0 o'clock.

The passengers on board were - His Lordship the Bishop who has been paying a short visit to South Georgia, Mr and Mrs J. Mercer, Mrs S. Atkins & Mr J. Neilsen & Stanley men returning from the whaling - Messrs A. Alazia, A. Barnes, E.J. Biggs, F. Bonner, F. Buse, R. Court-nay, B.C. Davis, E.E. Goodwin, R. Grant, C. Halkett, G. Harrison, T. Hicks, N. Kenny, J.A. Kirk, F.T. Lellman, D.J. McKay, J. McKay, T. McKay, W.A. Neilsen, J.G. Rowlands,

W.G Rowlands, A. Smith, R. Steel,
 W. Watts, J. White and M.S. Rutter.

The vessel is expected to leave for Magallanes via Darwin early to-morrow morning.

THE WEATHER.

After two appalling days when rain fell practically continuously, to-day broke with a clear sky promising a week-end of fine weather which, if it materialises, will be the first for a number of weeks.

Up to 9.0 a.m. yesterday the fall of rain for twenty-four hours was 1.92 inches - an exceptionally large amount.

 Wednesday and Friday.

Badminton 7.0 to 10.0 p.m.
 Tuesday, Thursday and
 Saturday.

W.M. Allan, Capt. & Adj.,
 F.I. Defence Force.

Canada is reported to be holding back her wheat supplies and a rise in the price of bread is expected in England at any time. The current price of standard bread flour is quoted at 27/6 per sack of 280 pounds and including quota rates the new price is expected to be 32/- per sack.

THE PRINCE OF WALES' TALK FROMTHE B.B.C.

H.R.H. & The Jubilee Trust.

Last evening listeners-in had the pleasure of hearing His Royal Highness the Prince of Wales give a talk from the B.B.C. on the fund that is being raised in Britain to commemorate the Silver Jubilee year of the accession of King George to the throne.

Atmospherics were at times bad but the substance of the Prince's remarks could be plainly gathered.

His Royal Highness explained first of all that the King wished it to be made quite clear that the Jubilee Trust was not an appeal for charity. For some time past there had been a widespread desire among countless people in Britain for some opportunity of expressing to His Majesty a mark of their sincere appreciation of his reign over the Empire during the past twenty-five years and His Royal Highness had discovered that nothing would give Their Majesties so much pleasure as that the proceeds of the Fund, raised as a more striking and permanent corroboration of Jubilee Year, should be devoted to the welfare of the rising generation.

All believed in the rights of every boy and girl and in saying this the Prince referred chiefly to those of that difficult period in their lives from the time of leaving school up to the age of about 18 years. Though the education systems gave little cause for anxiety in administering to their wants during school years he believed that there were over a million boys and girls between the ages he had mentioned who had little or no opportunity of enjoying games and with no outlet for the natural exuberance and practically no opportunity of developing themselves.

The object of the fund was mainly to provide more and better facilities of recreation and of guidance to the younger generation in order to cultivate their abilities with these outdoor features and activities which would make for mental and physical fitness. He had seen with his own eyes the marked difference both in body and mind that such opportunities made to those children who enjoyed them and those who do not.

There were many admirable voluntary organisations in existence whose aid to the welfare to the boys and girls the Fund would be able to strengthen & further, it would enable similar movements to start to pay special attention to those areas where this kind of work is held up through lack of local resources. Although it was not specially intended to create new organisations - there were quite enough as it was - the activities of the Fund were intended to promote cooperation of efforts.

As a Trustee of the Fund he had had many enquiries as to the future policy of the Trust and a very natural one as to whether the money subscribed would be returned to the area from which it originated. To these he could only say that the Committee responsible to the Trust would naturally bear in mind the claims of areas from which the subscriptions had come - whether they were from England, Scotland, Wales or Northern Ireland.

In his concluding words His Royal Highness said how glad he was to be able to have that opportunity of expressing his gratitude for the efforts that are being made on behalf of the Fund not only by the gift of subscriptions in actual money by private individuals, but by organisations of every kind and the press. He added too that the Postmaster General was offering free postal facilities for subscribers to the Jubilee Fund.

His Royal Highness's talk lasted about ten minutes and was received in Stanley from about 5.30 onwards local time, having been broadcast from London at 9.32 p.m. (G.M.T.)

ROAD ACCIDENTS FURTHER REDUCED.

London.

The number of persons killed in road accidents recorded by the Ministry of Transport for the past week is further reduced a press bulletin reports. The number of persons killed in Great Britain during the week was 85 as against 126 for the same week of last year; there was also a reduction in the number of people injured, this total being 3,000 for the week.

The number killed last week is the lowest record since weekly accident statistics have been kept now for over a period of 56 weeks.

STRESA NEWS.

For three hours yesterday morning and for four hours yesterday afternoon France and Italy were in close conference.

The latest news on the European situation seems to indicate that Germany has conceded a point. Sir John Simon announced that following yesterday's meeting he had been in communication with Berlin and had received assurance that the German government was now prepared to be a party to an Eastern Pact of non-aggression even if some of the other parties might conclude among themselves a separate and supplementary pact of mutual assistance. The only condition laid down by Germany is that the two pacts should not be included in the one document.

Press reports state that this step is considered as a most important advance by the three delegations at Stresa.

It is understood that Britain will support France in her appeal to the League by Council vote relative to German re-armament while France & Italy will prepare a draft guaranteeing Austria's independence which draft Germany will examine.

The urgency of the matters raised prevented the Conference from completing its work yesterday and there will be further talks to-day (Saturday) and Sunday. Ultimately a Conference of all the powers concerned, including Germany, will take place and increasing rumours envisage London as the place of venue.

Before leaving London, Sir John Simon informed the House of Commons that he did not anticipate that matters would reach a final stage at Stresa or at the League Council to which some of the delegates will proceed at the close of the Conference.

GIRL'S NEW GLIDING RECORD.

London.

Miss Joan Meaken, the London girl who has made many remarkable glider flights and holds the record for looping in a glider, arrived at Lymington, Kent, yesterday on a towed flight from Germany. Her glider was towed by an aeroplane.

A CHAPTER OF AIR ACCIDENTS.

London.

Reports from various centres mark yesterday as a particularly unfortunate one in air travel.

A French two-engined military seaplane crashed at Gironde when three were killed and two injured while a Czecho-Slovakian machine collided in the air with another plane east of Prague at the height of one thousand feet, both the pilots and mechanics being killed.

In a crash at South Zeeland a Swedish pilot of a military machine was killed and at a late hour last night a British R.A.F. reserve officer was killed when landing at Malmesbury.

The Graf Zeppelin also suffered damage to her envelope and engines as a result of fouling a house at Pernambuco yesterday on her first flight of the season. The accident occurred owing to heavy rain and poor visibility when attempting to reach the mooring mast.

A further message stated that the accident occurred on her way back from Rio de Janeiro and owing to the mist the commander failed to make a successful contact with the mooring mast at the first attempt. He swung her round but the wind dipped her nose and in trying to rectify the airship he navigated her round again but unfortunately the rear part of the dirigible tore through the walls of a house. The Graf, however, did not come down and after another effort was safely attached to the mast.

An examination later showed that several holes were to be found in the envelope and the rear engines were slightly damaged. It was hoped that the zeppelin would be able to proceed on her flight after a four hours' delay.

SHIPPING NEWS.

The Cunard White Star liner Aquitania was examined by divers yesterday who reported that no damage had been sustained when she went aground in Southampton Waters on Wednesday, and she will be able to carry on with her journey.

The British liner aground off the Grecian shore has not been dislodged yet.

LORD TRENCHARDAS GOVERNOR GENERAL OF AUSTRALIA.

London.

Lord Trenchard is being mentioned in political circles as the next Governor-General of Australia.

At the office of the High Commissioner in London the only comment was that nothing definite had been reported.

JOHN BUCHAN'S BOOKS SELLWELL IN CANADA.

Ever since the announcement that Mr John Buchan has been appointed Governor-General of Canada his books have been in enormous demand in the Dominion. The circulation has gone up a hundred per cent in the Ottawa Library while the Canadian members of Parliament have taken out every copy in the parliamentary library. The most popular book appears to be that of the Life of Lord Minto, the most popular Governor-General of Canada in the last century.

A JUBILEE HYMN.

A Silver Jubilee Hymn is being composed by the Master of the King's Music, Sir Walford Davies, with the words being written by the Poet Laureate, Mr John Masefield.

The hymn will be broadcast over the wireless on Jubilee Day while at the Military Review it is expected that it will be sung by 500 soldiers.

BRITISH INDIAN AGENT KILLED.

New Delhi.

Leslie Best, the British Political agent of Malakand has been killed during operations against the Fakir Alingai's forces in the Swat River region.

Best was engaged on a peace mission when he was ambushed from the rocks overlooking the pathway.

ANGLO-JAPANESE TRADE.

Useful progress has been made in the Anglo-Japanese trade discussions

and subsequent to Lancashire's representations relative to higher Japanese purchases in return for raw cotton.

The conference has ended satisfactorily.

BRITISH IRON & STEELIMPORTS.

London.

The House of Commons yesterday approved of the new duties imposed on iron and steel imports.

Mr Walter Runciman, the President of the Board of Trade, said that the imports from foreign countries rose last year by 36 per cent.

Negotiations had taken place between English producers and a continental cartel for the reduction of foreign imports but it appeared certain that there was no real prospect of an agreement being expected in the absence of official action.

CZECHO-SLOVAKIAN ELECTIONS.

Prague.

The general election will be held on May 19th although parliament should rule until October. The legislature is being dissolved after Easter as the present coalition cannot pass the urgent Socialist measures.

QUEEN OF THE BELGIANS ILL.

Brussels.

Queen Astrid is suffering from influenza and has been compelled to cancel all her engagements.

NEWS IN BRIEF.

Cape Town : The South African Prime Minister sailed yesterday for England to attend the King's Jubilee celebrations.

Nice : Disembarkation taxes have been lifted on tourists landing at Cannes, Nice and Ville Franche.

Wellington, New Zealand : The Union Steamship Company has granted a licence for a trunk air service and a British manager and British machines are to be selected.

 6th April 00489 9/1.

STANLEY HOCKEY CLUB.

The General Meeting of the Stanley Hockey Club will be held on Wednesday, the 17th instant, at 8.0 p.m. in the Committee Room of the Church Hall.

THE JUBILEE FUND.

A large response was received to the Prince of Wales talk on behalf of the Jubilee Fund on Friday. The next morning over 1,000 letters were received at St James' Palace. The first one opened contained a cheque for £1,000. The second contained a collection of foreign used postage stamps for disposal in aid of the funds while the third was a small contribution from a little boy who had written to His Royal Highness.

The Paris, Cote and d'Azur express left the rails on Saturday while travelling at 70 miles an hour near Bordeaux. Three people were killed.

THE STRESA CONFERENCE.

Stresa.

The Three-Power Conference ended yesterday (Sunday) and the international scene shifts to Geneva to-day when the Council will discuss Germany's conscription decree.

Stresa's conference stands revealed as one of the most important gatherings since 1918.

Premier Ramsay MacDonald, before leaving for England, said that the conference has made a lasting contribution towards the solution of Europe's peace problem.

The decisions reached include -

1. A new conference at Rome in May to conclude a pact guaranteeing Austria's independence;
2. A full study of the proposed Western Air Convention among the Locarno powers;
3. Renewed negotiations for Eastern Pact;
4. An expression of regret at Germany's conscription law;
5. General approval of the desire of Austria, Hungary and Bulgaria to have larger military establishments to protect their independence; and
6. A common line of agreement on Geneva statement by the three countries frankly admitting Germany's superiority on land and in the air over any European power.

The Daily Telegraph correspondent states that France's memorandum on Germany's conscription is couched in stern language and declares that the announcement of conscription and military assertion was a formal repudiation of the Versailles Treaty and the consecration of efforts long and methodically pursued in secret.

It is announced that were such denunciations general in Europe there would be room only for a policy of force.

Germany's reply has been issued in a statement to the press declaring that their action in introducing conscription was brought about by necessity when their last hopes of seeing the Versailles Treaty being fulfilled by others had disappeared.

Home : Obituary - The Marquess of Ely, aged 80.

THE CHURCHES AND

ARMS MANUFACTURE.

The sixteen leaders of the Christian churches in Great Britain and Ireland have sent a Memorandum for presentation to a Royal Commission on the manufacture of arms.

The Memorandum expresses the conviction that the present system of arms manufacture and trade in arms is provocative to war and repugnant to Christian morality.

COTTON TALKS SATISFACTORY.

A message from Manchester states that satisfaction is expressed with the value of the talks between the Lancashire cotton industry and the Egyptian Commission of Economic enquiry which has just concluded.

ITALY & ABYSSINIA.

The latest message from Addis Ababa states that the dangerous military situation continues there despite the Italian expedition's arbitratory efforts with Abyssinia states the Daily Telegraph correspondent.

Italy still keeps the disputed territory and stands mobilised along the frontiers of Abyssinia and Italian East Africa.

Earlier news is given on page 4.

TO-DAY'S BUDGET.

To-day the Chancellor of the Exchequer introduces the Budget in the House of Commons.

Hopes of concessions are distinctly modest though it is likely that they will be limited to restoration of the emergency cuts made in 1931 at a cost of four million pounds and the modification of two or three income tax allowances which drastically reduced the "Crisis" Budget on 1931.

The Government decision concerning an insurance scheme for agricultural workers is to be announced.

U.S.A. AND SILVER PRICE.

London.

The view held concerning the United States decision to keep pace with the rising price of silver is that Washington is capitulating to the mining interests while further encouragement is being given by the Agricultural Committee's approval of the Silver Coinage Bill setting up a ratio of 16/1 to gold.

Speculators, however; met with a challenge on Friday.

The prospective expenditure for raising the price of silver may not seem widely inflationary, states the Daily Telegraph, but it makes world consideration of stabilisation impossible.

Commodity prices have been given a further stimulus but cotton and wheat movements are not startling.

It is felt that in China alone there will be a definite result and that, it is feared, will be detrimental.

ABISSINIA AND ARMS.

Addis Ababa.

The Abyssinian government in refuting the reported heavy arms' shipments gives the figures at 10,000 rifles 4½ million cartridges 160 automatic rifles and 22 machine guns - none of which have been sent to the Italian frontier.

The situation remains stagnant pending news from Geneva where the League has received a letter from Rome outlining the suggested arbitration procedure which Italy is prepared to adopt.

BELGIUM ABOLISHES GOLD CLAUSE.

Brussels.

Belgium has followed the American example with regard to the Gold Clause, His Majesty the King of the Belgians having signed a decree abolishing it in contracts made before March 31st, the date of the belga deflation, states the Daily Telegraph correspondent.

In other cases payment must be made in the legal tender current at the moment.

It is reported from Paris that the Bank de France has lost 649 million francs' worth of gold up to the week ending 5th April with the bulk concentrating on London and New York while an additional 20 million dollars' worth of gold has been engaged from Holland and France states a New York message.

Brussels also announces a further modification in the exchange operation restrictions imposed on March 17th.

RUSSIA NEXT TO INDIA.

Moscow.

The Swedish explorer Sven Hedin, returning from the Gobi Desert Survey, is inspired by the Nanking announcement concerning reports that Chinese Turkestan, though nominally under Chinese sovereignty, has become virtually a Russian protectorate and with these radical changes in Central Asia Russia now becomes a neighbour of the Indian Empire.

The Soviets have cornered the trade of the entire territory without the incurring of expense or political risk of intervention in the administration of the province.

U.S.A. & JAPAN.

Washington.

A Reuter message reports that following conversations with the Secretary of State, Cordell Hull, the Japanese Ambassador, Saito, says that there are no causes for economic friction and in view of the friendly spirit existing it is unnecessary to negotiate for a new reciprocal trade agreement on the lines the U.S.A. is contracting with 13 other countries.

Unemployment relief will be paid to-day (Thursday) between 2.0 and 4.30 p.m. instead of to-morrow.

TUSSAC PLANTATION WORK.

Work began to-day on the Tus-sac Plantation at Rookery Bay Point with some twenty men being employed.

SOUTH GEORGIA SPORTS RECORDS.

At the South Georgia Sports held in February last Mr S. Atkins, the Government wireless operator, broke two records for the Dependency by winning the 100 metres in 12.2 seconds and the 400 metres in 61 seconds. The team in which he was running in the relay race also won.

Mr Atkins who is well-known as an athlete in Stanley is to be heartily congratulated on his achievements.

The barque "Dux", coming from London with material for Christ Church Cathedral has been delayed in the Thames by a mishap & bad weather.

U.S.A. VETERANS WAR BONDS BILL.

A Washington message states that the Senate Finance Commission chairman, Mr Harrison, introduced a Bill yesterday relative to the Veterans' War Bonds, providing for the advancement of maturity bonus certificates from 1935 to 1938, offering negotiable three per cent bonds in exchange.

SOVIET PURCHASES UP.

The bank figures, it is stated from Moscow, reveal that the Soviet purchases for January to March this year, compared with 1934, rose half a million sterling to £2,738,050 with textile raw materials registering a marked advance and representing the bulk of the increase.

CZECHO SLOVAKIAN ELECTION.

According to a report from Prague the Czecho-Slovakian Senate and the Lower Chamber have been dissolved by a presidential decree and a new election date is being fixed shortly.

BELGIAN FRANC ENQUIRY.

A Brussels report states that the Chamber has decided to set up a Parliamentary Commission to inquire into the responsibilities for the devaluation of the franc.

FORTY-FIVE YEARS AGO.

(From the Falkland Islands Magazine, 1890.)

The "Hengist", a sailing ship of 1,400 tons, fitted out with refrigerating machinery, is expected to arrive in the Falkland Islands. She can carry about 1,300 carcasses of mutton.

(continued in previous column)

for you any record not in stock,

HIS MASTER'S VOICE, REGAL-ZONOPHONE,

DECCA, BRUNSWICK, DECCA-POLYDOR or PANACHORD.

THE FALKLAND ISLANDS COMPANY LIMITED.

STORES DEPARTMENT.

A NEW TURN IN THE
EUROPEAN SITUATION.

According to the Daily Telegraph last night Hitler has made a last minute effort to induce the League Council to modify the resolution condemning Germany's conscription law along the lines of the Danish suggestion which is to the effect that all reference to Germany be eliminated.

Thirty minutes before the vote was taken the Wilhelmstrasse telephoned from Berlin to Geneva stating that Hitler would decline to enter into any form of international negotiations if the resolution was adopted.

This attitude stands reflected in a semi-official note from Berlin and the League attitude is attacked in the strongest manner. But the actual resolution, which made League history, was registered within 3 minutes. The Soviet Minister, Litvinoff, opened the debate and in stressing that the Soviet aim was the prevention to the utmost of an infringement of peace, he inferred that Germany's action was actuated by a policy of revenge and conquest.

U.S.A. & JAPANESE COTTON.

Acting on the recommendation of the Industrial Recovery Board, President Roosevelt, a message from Washington reported last night, has ordered the Tariff Commission to make an immediate investigation into the complaints against the importation of cotton cloths brought from Japan.

A Reuter message from New York states that the Summer Goods Industries Committee, representing some 200 manufacturing industries, have adopted a resolution reflecting growing concern over the increasing imports from foreign countries with lower wages and longer hours, and urging the establishment of import quotas based on the averages over a period prior to the formation of the N.R.A..

PREPARING FOR MOUNT EVEREST.

The fifth attempt at scaling Mount Everest is being made in 1936 and this expedition will be the most elaborately and scientifically planned so far, states the Daily Telegraph.

Within the next few weeks a selected party of young explorers are to set out to make a reconnaissance expedition, experimenting with the latest oxygen apparatus and to establish camps en route to the summit. If satisfactory results are achieved they will form a part of the main expedition under Mr Hugh Ruttledge next year.

BUILDING OPERATIVES'

SETTLEMENT.

A settlement has been concluded whereby 800,000 building operatives' wages are to be increased by one penny an hour. There is to be an annual review with readjustment on a sliding scale arrangement but the wage status as now amended will not be modified until after 1940.

WHEAT QUOTAS.

According to a message from London last night the next meeting of the International Wheat Advisory Committee has been fixed to take place in London on the 22nd of May, with the American Ambassador, Mr Bingham, as the chairman.

The agenda will deal with the greater flexibility of the quota agreements which were considered at the earlier Budapest meeting.

FAR EAST AIR SERVICE PROGRESS.

A New York message last night stated that a Pan-American seaplane liner has completed the 2,400 miles from California to Honolulu on the first stage of its flight to the Far East envisaging the establishment of a regular service.

 The book containing the list of
 electors is to be found at the West
 end of the Church (near the Font.)

Members of the Congregation
 who wish to attend and vote at this

Meeting should sign this book if
 they have not already done so.

UNEMPLOYMENT RELIEF.

It has been brought to the not-
 ice of the Committee dealing with
 relief that some persons whilst in
 receipt of an allowance have been
 engaged on private work.

The Committee have, therefore,
 decided that all applicants will in
 future when drawing their allowance
 be required to sign a certificate,
 stating their earnings, if any, during
 the period for which they are drawing
 the money.

It is not desired that the whole
 of any such earnings should be de-
 ducted from the allowance, and in
 consequence the following rule has
 been made :

"No deduction will be made
 for the first 5/- earned
 but half the amount earned
 in excess of 5/- will be
 deducted from relief pay.
 In no case will unemploy-
 ment relief be paid so as
 to make the total income
 exceed £2."

Rents granted under the unemploy-
 ment relief scheme will be paid be-
 tween the hours of 2.0 and 4.0 p.m.
 the first Monday in each month at the
 Harbour Master's Office.

THE EUROPEAN SITUATION.

The Daily Telegraph last night
 summed up the week-end developments
 in the European situation as follows:

Hitler has been conferring with
 his Ministers in the closely guarded
 Munich hotel but the discussions
 ended suddenly with Hitler's depart-
 ure in a specially chartered aero-
 plane for Berlin where there will be
 an emergency Cabinet meeting on Mon-
 day to decide the steps to be taken

in reply to the Geneva condemnation of the conscription decree, while it is reported that disagreement has already arisen between Hitler and his Foreign Minister Von Neurath.

Berlin has not made a formal protest to Britain, but Buelow has discussed the League Note with the British Ambassador, Sir E. Phipps, Britain having been singled out as the only power to which useful approach can be made.

In Rome the Austrian Vice-Chancellor, Prince Starhemberg, has had a long consultation with Mussolini on the proposed conference relative to the safeguarding of Austrian independence and it is understood that Italy may send a military mission to assist in the training of the Austrian army.

Paris expresses surprise that the Soviet Minister Litvinoff, left Geneva for Moscow without visiting the French capital where an official luncheon had been arranged in connection with the Franco-Soviet Pact.

U.S.A. & GERMAN LOAN INTEREST PAYMENTS.

It was announced last night from Washington that the United States has lodged a vigorous protest to Berlin following Germany's action in paying their nationals loan interest in registered marks as far as the Reichsbank depositors are concerned.

British and other holders are protected by a special agreement and receive payment in foreign currencies while the United States have received only registered marks and can only use them for long term investments in Germany. Approximately two million dollars are involved.

The Note stresses that the "solemn fate and credit of Germany" was voluntarily pledged asserting there would be no discrimination amongst the holders' bonds.

THE MANCHUKUOAN OIL QUESTION.

It was reported from Tokio last night that the Japanese government regards the Manchukuoan oil question as liquidated and the Foreign Minister, Hirota, has orally informed

the British and United States Ambassadors that Japan's position has already been defined in her previous replies.

It is again stressed in the reply that the action has been taken by the independent Manchukuoan government and this does not violate the 1922 Nine-Power Treaty embodying the Open Door principles.

U.S.A. & GREAT WAR MUNITIONS.

According to the Daily Telegraph correspondent at Washington President Roosevelt's personal intervention has resulted in the Munition Enquiry resolving to do everything possible to avoid offending the British and Allied governments by refraining from publishing the correspondence between the purchasing commissions and the American bankers prior to the United States entry into the Great War.

IRISH EASTER WEEK PROHIBITION.

It was stated from Belfast, Ulster, last night that the Minister for Home Affairs in Northern Ireland has prohibited meetings and processions for commemorating the 1916 Easter Week rebellion. Republicans laid wreaths and gave orations but they did not demonstrate.

AUSTRALASIAN AIR SERVICE.

A New York message yesterday evening reported that Sir Frederick Williamson, the Director of British Postal Services has completed his tour of America, India, Australia and New Zealand and has outlined a great extension air service whereby Empire flights will lead the world, particularly the Australasian service. This last-named will reduce the London to Sydney air service from 13 to 7 days.

MISS BATTEN RECORD BREAKING.

The New Zealand girl flier, Miss Batten, flying solo from Australia to London arrived at Allahabad yesterday, according to a message from Jodhpur, well ahead of the women's record.

York City	:	Gateshead.

YUGO-SLAV GENERAL ELECTIONS.

The Yuog-Slavian High Court, it was stated on Thursday evening has approved of the government list of candidates for the general election which is fixed for the 5th of May.

FRANCO-SOVIET PACT.

It is reported from Paris that a practical exposition of the Soviet obligations towards France under the recent Mutual Assistance Agreement given to the press by the Soviet "expert" has made a great impression.

It is gathered from the interview that the Soviet would come to the assistance of France if the latter country was attacked by Germany with air, land and sea forces while as regards Poland if she remained neutral her duty under the League sanctions was to grant free passage of troops, but if hostile she would also be attacked.

Provided an identical treaty, projected with Rumania, Czecho-Slovakia and Lithuania was duly signed, there would be a similar passage of troops provided through these countries.

The draft of the Franco-Soviet pact was being submitted to the Ministers' Council in Paris yesterday (Friday) and was expected to have been initialled immediately.

UNEASY BULGARIAN SITUATION.

It was reported from Sofia, on Thursday, that the former Bulgarian premiers Tsankoff and Gheorghieff and sympathisers have been arrested on grounds of subversive political activity.

The situation was uneasy throughout the day with troops standing by in view of the possibility of an upheaval on behalf of the arrested men.

Four Ministers have resigned & it was expected that the whole of the Cabinet would shortly follow suit.

GOLD LOSSES.

During the past fortnight France and Switzerland, a message from Paris stated on Thursday evening, had lost £35 million in gold, the bulk of which went to New York and London but a certain amount was repatriated by Belgian operators.

Montreal : The Canadian National Railway bonds issued this week have been oversubscribed by 40 million dollars.

THE "PENGUIN."

There will be no issue of the "Penguin" Easter Monday.

S.S. LAFONIA.

At 12 noon yesterday the s.s. Lafonia was reported to be 234 miles from Hill Cove.

NORTHERN IRELAND PROTECTION.

Sir Dawson Bates, in introducing the Northern Ireland Home Ministry estimates at Belfast on Thursday made pointed reference to the "fomentors of disorder who were endeavouring to revive unlawful associations."

The government will not tolerate such criminal activities, he added, and it will take stringent measures to protect the constitution.

NO NEW U.S.A. PRIVATE LOANS.

A Washington report states that a Bill prohibiting any new public or private loan to foreign governments, except those on the American continent, has been introduced to the Senate by Senator Borah.

The Bill does not ban renewals or adjustments of existing indebtedness but provides a penalty of 100,000 dollars for violations.

NEW CUNARD WHITE STAR LINE

SERVICE.

According to a London message on Thursday the Cunard White Star line is inaugurating a new service to-day (Saturday) whereby trans-Atlantic passengers may be landed at Tilbury instead of Liverpool, Southampton or Plymouth.

THE LATEST FROM BULGARIA.

The tense situation in Bulgaria during the week culminated last night with the resignation of all the members of the Cabinet and the King has requested Tochess to form a Cabinet.

 Torquay Utd 7 : Queen's P. R. 0.

(The 1st Division League Table is given on page 4.)

TERRIBLE EARTHQUAKE INJAPAN.

One of the worst earthquakes in living memory took place on Sunday on the island of Formosa, Japan.

The earthquake lasted about half an hour and the area affected is about 2,000 square miles.

The Daily Telegraph correspondent gives a graphic report of the catastrophe which occurred at dawn on Sunday devastating the Taichu and Snichiku provinces, resulting in 2,352 deaths, 5,366 injured, 6,000 buildings destroyed and 9,000 damaged with the principal destruction wrought at Taichu City, Naiash, Kameoka, Shimizugai and Taiko.

The disaster came unexpectedly as a climax to the series of shocks recorded throughout Europe during the past three days and the sleeping populace found their houses tumbling about them without warning.

The survivors fled to the mountains but owing to the violence of shocks had to return again to the towns already laid waste while the roads were blocked by debris and all means of communication and transport were abolished.

Every available doctor and red cross unit was summoned but panic, added to by a blazing oil field in the vicinity of one of the stricken towns, was rampant.

Throughout the north-west island, railways were wrecked and tunnels were caved in. The military have taken charge.

The refugees are in a parlous condition without food, water or shelter while many are suffering injuries but it is believed that most of the casualties are among the Chinese peasants while the Japanese fatalities are relatively small.

A message last night stated that most of the deaths were due to falling buildings and fire which, however, was promptly quenched by rain. But the latter added considerably to the difficulties.

Tokio has received offers from the British Commander-in-Chief of the China Station to send relief warships to the stricken area but the Naval Ministry in sincere appreciation, states that the situation is well in hand and that they

do not need the aid so generously offered. A similar offer made on the part of the United States Government was also declined.

Aeroplane surveys indicate that the damaged area extends over 2,000 miles while the latest casualty estimates give the totals as 3,003 killed, 8,661 injured, 11,665 houses destroyed and 16,259 damaged. The value of the damage is estimated at 10 million yen and the Home Office has ordered the provincial governments to commence a relief drive.

OTHER EARTHQUAKE NEWS.

Reuter messages indicate that Good Friday was marked by a series of seismic disturbances in many parts of Europe, particularly in the Mediterranean areas. In the Oporto district the shocks lasted ninety minutes and though no casualties are reported hundreds of panic stricken residents fled to the fields.

Malta has been severely affected while in Florence movement was felt for over two hours.

The disturbances recorded on the instruments in Belgium and at West Bromwich, London, give the epi-centre as situated in the Eastern Levant.

It is reported from Tokio that the volcano Assermyarno has suddenly become active and lava has destroyed forests and houses in the Karuizawa region.

GERMANY & CONSCRIPTION.

According to a message from Berlin the British Ambassador there, following on Wednesday's oral protest, thirteen countries have been sent a note by the German authorities protesting against the condemnation of German conscription.

In the note Germany challenges the right of the governments on the League Council to sit in judgment and adds that the "German Government sees in the League resolution an attempt at a new discrimination and therefore she rejects the resolution in the firmest manner." Germany also reserves her right to make known the German point of view.

1st Division League Table.

	P	W	L	D	F	A	P.
1 Arsenal	40	22	6	12	110	41	56.

In the International Rugby match played at Paris on Easter Monday England beat France by 23 points to 9.

ENGLAND TO AUSTRALIA AIR SERVICE.

The Air Mail and Passenger service between England and Australia has been officially opened and provision is made to carry freight.

The first passengers to make the journey are two geologists who are going to make a systematic search for oil in the Dominion.

BULGARIAN POLITICS.

According to a Reuter message from Sofia day-long consultations at the palace have resulted in the new Premier Toucheff announcing the formation of a new cabinet of a national character with Tzaneff as Minister for War, Riazkoff as Minister of Finance and Kiossievanoff as Foreign Minister.

The Premier announced that the Home and Foreign policies will be guided by the principles inaugurated in 1934 and the new government has unanimously agreed that a backward step is impossible.

Toucheff, who is 70 years of age, represents the "old ideas" of the regime of ex-King Ferdinand of whom he was a close friend and a confidential diplomat.

ENGLAND ELECTIONS PREPARATIONS.

It is reported from London that while ministerial circles hold the opinion that a general election will not eventuate before next year, the Daily Telegraph states that the Conservatives are making plans in the constituencies with sixty-one prospective candidates whom thirty-six will contest opposition seats and twenty-five will fight divisions represented by some of the forty-one conservatives who have announced their intention of resigning.

POST OFFICE MAIL EXTENSION.

The latest time for posting ordinary
 mail to go by the s.s. Lafonia has
 been extended to 9.0 a.m. to-morrow
 (Thursday.)

AN EARLY WINTER.

Heavy snow squalls experienced
 in Stanley during the Easter Holi-
 days and since portend an early and
 probably, severe winter. Yesterday
 the ground was covered.

ARRIVALS & DEPARTURES.

The passengers arriving at Stan-
 ley in the s.s. Lafonia which came
 alongside the F.I.C. East Jetty yes-
 terday afternoon about 3.0 o'clock
 were : Miss O.H. Felton from Hill
 Cove, Mr M. McLeod from Chartres and
 Mr R. Buse and Mr B. Hardy from
 Magallanes.

The s.s. Lafonia is expected to
 leave again to-morrow morning for
 Montevideo and among her passengers
 the following are expected to de-
 part for that port : His Lord-
 ship the Bishop, Mr W.H. Luxton, Miss
 B. Luxton, Mr W.H. Clement, Mr & Mrs
 F.G. Langdon, Mr & Mrs Birt Elliot
 and three children, Mr J.W. Dean,
 Mr G.L. Challen, Mr & Mrs J. Mercer,
 Mr & Mrs G.L. Daillie, Miss W. Mc-
 Carthy and Mr M. McLeod.

POLICEMAN'S WEDDING.

A marriage of considerable in-
 terest took place at the Registrar's
 Office on Easter Monday between Mr
 D. Fleuret and Miss E.R. Sollis, the
 two witnesses being Miss G.H. Fleuret
 and Mr A.I. Fleuret (sister and
 brother of the bridegroom.)

Mr D. Fleuret, who is the young-
 est son of Mrs G.J. Kelway and the
 late Mr G.M. Fleuret, is a well-known
 local footballer and is a member of
 the Falkland Islands Constabulary,
 while his bride who is also well-known
 is the daughter of Mrs G. Robson of
 Port Louis and the late Mr F. Sollis.

Our heartiest congratulations
 and best wishes are extended to the
 happy pair.

Sydney : It was reported last
 night that in view of the unantici-
 pated use of the England to Australia
 service it will probably be dupli-
 cated shortly or larger machines will
 be used. At the moment the freight
 & postage more or less monopolise
 the passenger space with the carriage
 amounting to fifty per cent above
 the estimate.

THE EARTHQUAKE IN JAPAN.

According to the Daily Telegraph correspondent at Tihoku, Formosa, last night, the earthquake death roll amounts to 3,152. Other official figures are : seriously injured 9,991, houses destroyed 24,936, with the damage estimated at 60,000,000 yen.

Famine and epidemics are threatening the devastated areas.

A Paris message states that the Persian province of Mazanderan, bordering the Caspian Sea, has been wrecked by earthquake shocks with a death roll of above 600.

HITLER PREPARING HIS REPLY.

The Munich correspondent of the Daily Telegraph last night reported that Hitler's presence in the city there is giving rise to many rumours of an important conference with his Nazis chiefs but this is without foundation.

It is understood, however, that Von Neurath might be paid a visit during the week end.

It is believed that Hitler is preparing his reply, giving all details, to the Geneva resolution on re-armament which will be couched in vigorous terms but will not be made public until the Leader's return to Berlin.

SILVER GAINS.

Silver speculators made heavy profits yesterday stated the Daily Telegraph from London last night, with the metal rising to 32.38 pounds per ounce which is the highest since 1925.

In New York the price was within one cent of the government figure for the newly mined domestic silver and a fresh rise is anticipated.

The Treasury Secretary, Morganthau, has announced that the Treasury is watching the advance and the government's policy is remaining a day to day affair.

Baghdad : The New Zealander Miss Batten, arrived on her solo flight from Australia on Monday.

ANOTHER SWISS KIDNAPPING.

According to the Reuter correspondent at Basle on Monday the German authorities have seized a Swiss couple after enticing them over the border by means of a spurious letter.

The couple were released after a three days' detention during which they were subjected to maltreatment.

The man, who is a former German subject, has lodged a complaint with the Swiss authorities who are making an official protest.

EGYPT IN DIFFICULTIES.

Egyptian affairs are becoming more and more involved, states the Daily Telegraph correspondent in Cairo, by the resignation of the Keeper of the King's purse, Ibrashi Pasha, who is also King Fuad's personal friend.

The move appears to be the outcome of representations made to the Premier, Nissim Pasha, and the High Commissioner, Sir Miles Lamson, while widespread public relief is expressed since it is daily becoming more apparent that Ibrashi is the chief obstacle to the reforms Nissim is pledged to introduce with the king hitherto supporting Ibrashi.

U.S.A. COTTON DOWN.

The New York cotton exchange figures reveal a heavy fall in receipt with 18,000 bales for the past week compared with 75,000 in the past year over the same period, while the total receipts at the United States ports since August 1st are four million bales compared with seven million a year ago.

BRITISH SHIPPING.

The Chamber of Shipping states that there is a reduction of 34.6 % of the laid up shipping at 322 ships totalling 706 thousand tons compared with 453 ships of 1,079 thousand tons a year ago.

The Daily Telegraph states that it is considered that the government tramp shipping subsidy is contributing to the return.

WEST STORE CHIT CHAT.**SPECIAL BARGAIN MONTH**

commencing TO-DAY - 24th April - and until 24th May.

Real bargains are offered in nearly all our important lines to clear surplus stocks. Most items are considerably below COST and in many cases are offered at reductions ranging from 50% to 75%.

CAMP ORDERS will be attended to as received, subject to the goods not having already been sold.

-----Usual Discounts Allowed-----

The Bargain List in other lines will be continued on Friday 26th April.

PATAGONIAN OUTRAGE.

On Monday it was reported that two bank clerks were shot in Patagonia when bandits robbed a bank and made off with pesos to the value of £10,000.

U.S.A. BONDS' EXCHANGE.

It is reported from Washington that the Treasury Secretary Morgan has offered on Saturday the holders of First Liberty Bonds the opportunity of exchanging them for new Federal Securities bearing a lower rate of interest, thus saving the country sixteen million dollars annually.

The new offer is at par for one week only and after April 29th the Treasury reserves the right to increase the issue price either of new bonds, treasury notes, or both, thus enabling the government to take advantage of any rise in market values.

FRANCE'S MILD COMMENT
TO GERMANY.

A London message states that the press repercussions to Germany's rejection of the League resolution on conscription are emphatically favourable in Berlin.

It is understood from Rome that Mussolini will wait further communication from Germany before replying to the note, while it is believed that Hitler will refuse to send a delegation to the Danubian Conference at Rome in the near future.

Paris makes mild comment since violent threats and furious protestations are expected and France asks whether Germany wants not equality of rights but the privilege of being placed above law.

THE I.I.P. & COMMUNISM.

The Independent Labour Party's conference at Derby has debated the party's attitude towards communism and after a dramatic speech by MacGovern, M.P., the decision was reached that a combination would be divisive rather than unifying and The Guild of Youth has been informed

that they must carry out the I.I.P. policy in the matter of communism.

NEW YORK WATERFRONT FIRE.

Following the Brooklyn Waterfront fire on Easter Monday, engaging 400 firemen and forty-five fire engines for eight hours, the smoke penetrated the river subway and, sucked in by the ventilating fans, obscured the signals, bringing the train services to a halt. The terrified passengers fought for the exits as a result many were injured.

The conflagration is the worst in the recent history of the New York area, but it has now been subdued.

IRISH REBELLION CELEBRATIONS.

According to a message from Dublin the Easter Rebellion celebration passed off without incident at the ceremonial peak where de Valera reviewed 6,000 soldiers and unveiled a memorial to the fallen.

In his speech de Valera inferred that Ireland would be satisfied with nothing less than a Republic.

In Belfast two hundred police guarded the Milltown cemetery in anticipation of the Republicans holding a commemoration meeting, but the crowds peacefully dispersed on the exhortations of priests who spoke in English.

POLISH-GERMAN TREATY REVEALED ?

The Soviet press, a message from Moscow reveals, publishes what purports to be the text of a Polish-German Treaty signed on February 25th which binds the parties to reach a direct agreement on all questions which might result in international pledges by either while continuing a permanent policy of active collaboration.

The parties agree to pool their military, economic and financial resources for repelling an attack and to render mutual support with Germany allowed a passage through Poland if attacked from the east.

Paris : France is strengthening her eastern frontier by despatching Colonial troops where they will carry out defensive work.

POLICE COURT.

In the Police Court on Tuesday Fred Bonner was judged to be liable to the penalty provided under Section 36 of the Licensing Ordinance and an Order was made accordingly.

GIRL GUIDES.

A Court of Honour will be held at "Hambleton" at at 5.0 o'clock to-day.

SPOON SHOOT.

The Spoon Shoot fired off on Good Friday resulted in L. Reive securing the "A" Class award. The detailed scores are :

	300	500	600	Tot.
L. Reive	33	33	31	97.
H. Sedgwick	35	31	30	96.
A.I. Fleuret	32	29	32	93.
J.R. Gleadell	32	32	29	93.
J.W. Grierson	32	30	30	92.
W. Aldridge	31	30	27	88.
G. Martin	28	27	27	82.
W.J. Grierson	30	25	23	78.
M. Campbell	30	31	(retired.)	
C. Allan	26	26	"	
L. Sedgwick	27	24	"	

The tie shoot for the Spoon competed for on the 14th instant between L. Reive and H. Sedgwick was decided on Good Friday and resulted in H. Sedgwick winning the "A" Class Spoon.

London : A press message last night reported that the United Kingdom Rayon production reached a new record in March with a total of 10³/₄ million pounds weight .

THIS MORNING'S FIRE.

Some alarm was caused this morning when, at about 8.0 a.m. the curtains of Mr J. Feck's bedroom window were seen to be alight. Mr D. O'Sullivan was the first to notice the outbreak while working at the back of Mr Daille's house.

Mr W. Summers who was passing by heard shouts of "fire" and went in to Mr Feck's house and the outbreak was quickly under control.

It is understood that the fire was caused through two children setting light to a celluloid doll and throwing on to the floor when it set the curtains alight. The damage done was not great but had assistance not been to hand the outbreak might have been serious.

CINEMA SHOWS RECOMMENCE.

The first cinema film at Mr Les Hardy's new cinema was shown last night to an audience of about 100 and was very successful. It will be remembered that the former cinema performances run by Father Migone at St Marv's Hall terminated in February last and Mr Hardy enterprisingly has re-commenced them in a specially prepared hall at the rear of his shop "The Kelper Store".

Mr Hardy hopes to institute improvements in the seating and lighting system in the near future, new lamps for the latter being expected to arrive by the s.s. Lafonia on her return from Montevideo.

There will be a new picture show on Saturday, the 27th instant.

Athletics : England won the first Women's International Cross Country race on Saturday last with a minimum number of points - 10, against Scotland's 26.

THE PATAGONIAN BANK RAID.

It was announced last night that the two bank clerks shot by bandits who escaped with £10,000 in pesos at Santa Cruz, were English born. Both were killed. The bandits were believed to be making for the Chilean border.

WOMAN FALLS 80 FEET.

Consternation reigned in Oxford Circus, London, yesterday when a woman fell from a building to the road from a height of eighty feet. She was instantly killed and in falling hit another woman who was injured.

NEWCASTLE TRADE EXPANSION.

A message from Newcastle-on-Tyne last night reported that the trade returns for the first quarter of 1935 indicate a general expansion of the local industries with the exports up 7½ % compared with 1934 while the steel and iron production shows the biggest monthly output since 1930. Only eighty-three vessels are laid up compared with 180 two years ago while ship-builders are engaged with the construction of seventeen new craft.

NEW ZEALAND AND GREAT BRITAIN.

According to a bulletin from Ottawa last night the New Zealand Premier, Mr Forbes, passed through on his way to England for the Jubilee and made the following blunt statement to an interviewer :

"When Great Britain is at war we are at war." He added that he had no intention of discussing Empire defences or foreign policy with the United Kingdom. He considered that the Empire was the greatest agency for peace in the world and New Zealanders were confident that Britain made no commitments that were not absolutely necessary.

FORTY-FIVE YEARS AGO.

In the Falkland Islands Magazine of April 1890, Dean Brandon writes :

"Instead of the usual address this month I shall give you an account of the laying of the Foundation Stone of Christ Church (the new church in Stanley, so named after the Cathedral at Canterbury.) It was laid on Thursday, March 6, by the Right Reverend the Bishop of the Falkland Islands. At 3.0 o'clock a short service was held in the Service-room where the Bishop spoke a few words relative to the occasion; then he and the Colonial Chaplain, followed by His Excellency Governor Kerr, C.M.G., the Colonial Secretary, the Choir, the Children in order and the Congregation proceeded to the site of the new Church. The brightness of the weather, the flags which not only accompanied the procession but decorated the site, the shipping and the Settlement generally added greatly to the cheerfulness of the scene. On reaching the site the children were marshalled on a platform overlooking the part of the building, viz. the buttress of the tower on the west side, where the stone was to be laid. The space around was crowded with all classes of the Community, a general half-holiday having been voluntarily observed by all in honour of the event. In the service specially drawn up for the occasion the Bishop using a silver trowel (presented for the purpose by His Lordship's children and grand-children) assisted in placing the stone in position. The Governor then standing over the stone declared it well and duly laid in the Name of the Great Architect of the Universe.

After the ceremony most of those present repaired to Government House paddock where the children amused themselves with games, running races and scrambling for sweets. At 6.0 o'clock some 240 children sat down to tea in the Assembly Room followed by a splendid romp in the building. Later in the evening a dance was held and the festivities came to a close at midnight.

ABYSSINIAN BRIGANDS -THE CAUSE OF TROUBLE.

An official communique from Rome issued last night states that brigands are practically the masters of Northern Abyssinia, and, according to the Daily Telegraph correspondent, Abyssinia is doing nothing to prevent their activities.

It is added that Italian caravans are being pillaged and one raid resulted in one person being killed and three others injured.

The communique is based on despatches from Asmana which State is in the region cited, and Gondar. The brigands are appearing between the rivers of Scinzia and Sorocca and have intimated that no caravans were being allowed to pass without the payment of a toll.

This lawlessness, the communique adds is proof of the absolute incapacity of Abyssinia to maintain order in the frontier districts.

FAMOUS SWEEPSTAKE FIRE.

A message from Dublin last night reported that the headquarters of the Irish Sweepstake - the scene of the ceremonial draws - at the Plaza, was completely destroyed yesterday by fire which broke out in the morning and suspicions are strongly held that the conflagration was due to incendiarism, states the Daily Telegraph correspondent.

Happily it is announced that no sweepstake counterfoils were destroyed, the damage to the building being confined to the offices and the equipment therein. It is learned, however, that the famous drum of Fortune is now a twisted mass of wreckage. The damage is estimated at £100,000.

Wrexham : The Cresford colliery is reopening before the end of July and the water for quenching the disastrous fire has now been pumped from the shafts.

AMERICA AND ARMAMENTS INCREASE.

A Washington message last night reported that the American participation in the general trend towards increased armaments is indicated by the announcement yesterday of the additional recruitment of 31,700 men between the ages of 18 and 35 commencing on the 1st of July, while the Military Affairs' Committee has favourably reported on the Bill providing for 110 million dollars expenditure on air bases.

It is anticipated that the Navy will be the largest and the most powerful in the world whether it is judged by ships, gun power, personnel and aircraft.

U.S.A. GRAIN MARKET SUSPENSION.

A report from Chicago states that following the order issued by the Federal Court restraining the Chicago Board of Trade from suspending the Rosenbaum Grain Corporation for inability to meet maturing obligations, the dealings of the grain market have been suspended from yesterday.

The Rosenbaum company filed a petition seeking re-organisation under the amended Bankruptcy Act but asserts that it is still solvent. It is understood that the market will be reopening with this assertion within a day or two.

SOVIET DEVELOPMENTS.

The underground railway service at Moscow having been completed, the Soviet, a message last night reported, is turning its attention to the greater engineering feat of the construction of the Volga Ship Canal. The work is being carried out by convicts and a part of the canal has already been completed.

The canal provides access to the Caspian Sea by raising the level of the Mosckva River nine feet.

TRADE INDICES GUIDE.

The League of Nations monthly statistics, it is reported from Geneva, reveal that the estimated gold value of the world trade for February reached the lowest point yet touched, which is 31.4 % of the 1929 average, but compared with 1934 the decline is approximately 1.5 %.

On the other hand the indices of industrial activity for February are reassuring with increases in Canada, Chile, Denmark, Italy and Norway but France is unchanged.

It is pointed out that these indices are a fair guide of trade production as owing to their method of calculation they are unaffected by the smaller number of days in a month.

NEW POLISH CONSTITUTION.

According to a message from Warsaw the public, by demonstration, have registered their approval of the constitution signed by the President, Moscicki, on Wednesday.

This is the culmination of the Pilsudski party's five year activities in preparing the constitution and steering it through parliament.

The constitution is stated to be a happy medium between a pure parliamentary democracy and a totalitarian State.

ABYSSINIAN AGREEMENT.

A Reuter message from Rome states that it is officially confirmed that Abyssinia has agreed to refer the boundary dispute to a Conciliation Committee.

GREEK COURT MARTIAL.

The court martial of 18 politicians alleged to have been involved in the Greek revolt recently has been opened at Athens with four ex-Premiers and nine ex-Ministers charged. The trial is continuing.

THE DANUBIAN CONFERENCE.

According to a news item from Rome the Italian government has not yet issued invitations to the Danubian conference but it is understood that the conference will be confined to Austria and her neighbouring States and will be held at Rome early in June.

GOLFER'S SUCCESS.

The seventeen-year-old golfer Locke, it is reported from Johannesburg, has completed a double, winning both the open and amateur championships for the Dominion of South Africa within a week, taking the open with 296 for 72 holes.

EINSTEIN & FLEMING AWARDS.

Philadelphia reports that the Franklin Medal has been awarded Einstein and Sir Ambrose Fleming for their work in the respective fields of relativity and wireless research with an additional 1,000 dollars each from a fund created by Insull.

GOLD MINING IN CANADA.

A press message from Ottawa reports that the Canadian government is encouraging the further development of gold mining by the despatch of 900 men and 40 geologists to explore the mineral strata of the North-West Yukon. The prospectors have been split up into 180 parties. Helsingfors reports that the State Council has granted an English company a forty-year concession over 1,442 miles square for gold and other mineral prospecting.

OBITUARY.

It is reported from London that Lady Duff-Gordon, aged seventy-one & a dress designer, who was a survivor of the Titanic disaster, has died.

GOVERNMENT NOTICES.

No. 49. Colonial Secretary's Office, Stanley.
 24th April, 1935.

With reference to Government Notice No. 76 of the 16th October, 1934, it is hereby notified, for general information, that

Mr Alfred George Nelson Jones Clerk to the Magistrate, South Georgia acted as Official Administrator and Harbour Master from the 11th October, 1934, to the 27th March, 1935, inclusive.

No 50.

His Excellency the Governor has been pleased to appoint

Mr Arthur Walter Beardmore, Chief Clerk, Treasury and Customs, Registrar, Supreme Court, etc., to act as Official Administrator with effect from the 18th April, 1935.

STANLEY GOLF CLUB : The Annual General Meeting will be held this evening at 8.15 p.m. in the Church Room. All members are particularly requested to make a special effort to attend.

CORN TRADE & CANADA.

The Liverpool Corn Trade Association's annual report suggests that the tariff preference accorded Canada should be forfeited since she has not complied with the Ottawa Agreement in as much as higher prices are being asked for Canadian as compared with Argentine wheat.

BALKAN DEMANDS.

It is understood from Bucharest that the members of the Balkan and Little Entente under the presidency of the Rumanian Foreign Minister Titulesco will demand further security guarantees if Austria, Hungary and Bulgaria - all of whom are former enemies - secure League approval for army conscription.

FISHING STRIKE SETTLED.

The fishing strike at Hull, a message reports, has been satisfactorily settled by agreement with the trawler owners.

THE HAUPTMANN APPEAL.

A bulletin from Trenton, New Jersey, reports that the counsel for Hauptmann, who has been sentenced on the Lindbergh baby murder charge, has filed 133 arguments with the prosecution for setting aside the conviction, preparatory to the appeal in June.

EVACUATION BY AIR IN CHINA.

It is reported from Shanghai that owing to the menace of a Communist advance into Shachuen, the British and American women & children have been evacuated from Chengtu by air.

and, FINALLY, a "BAZAAR COUNTER" of sundry remnants and bargains.

THE FALKLAND ISLANDS COMPANY LIMITED.

STORES DEPARTMENT.

SILVER FORTUNES.

A message from New York states that with the world price of silver jumping to 77.57 cents an ounce, Roosevelt's policy has created a silver boom which is resulting in overnight paper fortunes in New York, London, Bombay and Shanghai.

China and other speculators are bidding as well as the American Equalisation Fund in London but the supplies are far from adequate to meet the one thousand million ounces required by America under her new policy. The end of the rise is not yet in sight states the Daily Telegraph correspondent.

While the rise will enable China to purchase more goods abroad her exports will be restricted.

Direct benefit accrues to the Indian government as a result of the sale of silver reserves.

The United States Treasury Secretary, Morgenthau, states that the treasury will continue to purchase newly minted silver until the price reaches statutory level of 1.29 dollars an ounce.

RADICAL CHANGES IN BRITAIN'SAIR POLICY ?

The Daily Telegraph reports from London that there will be, most likely, radical changes in Britain's air policy, particularly with regard to the air extension programme, in view of Germany's position.

When Hitler informed Sir John Simon that Germany had already attained air parity with Great Britain it was not appreciated that he intended to have parity with the total first line planes of the Royal Air Force in all parts of the Empire.

It is now learned that the parity mentioned referred not to the 480 machines for Britain's home defence but for the Empire-wide force of 1,020 planes.

ITALY AND ABYSSINIA.

Reports from Italian sources, it was stated from Addis Ababa last night, reveal that 60,000 white

troops and 1,000 aeroplanes have been landed from Italy at Eritrea with large quantities of stores and organised transport.

Road making under expert supervision is rapidly proceeding but the general belief is held that Italy intends protracting the negotiations in the boundary dispute until May when the rainy season commences.

The Ethiopian government denies any knowledge of the bandit caravan outrages.

FLOUTING ROOSEVELT.

Washington reported last night that widespread opinion is held that Roosevelt's hold on Congress is rapidly weakening with a series of measures rejected or amended, thus openly flouting the administration's desires.

The president's staunchest supporters in the legislature are said to be grumbling.

DOMINION MEAT QUESTION.

A London message last night stated that the British Ministers will take the opportunity during the Jubilee visit of the Dominions' governments representatives to discuss meat imports, the Ottawa Agreement generally, Imperial Defence and migration.

The consultations will be, for a deliberate purpose, informal, and therefore it is felt that there will be a frank expression of opinion on the matters under consideration.

GERMANY GAGS RELIGIOUS PRESS.

A Reuter message from Berlin reports that the Reich press chief, Ammann, has promulgated a law to become immediately effective, whereby all serious competition to the Nazi party press will be eliminated.

The law compels the registration of the names of the owners and proof of Aryan origin from 1800 and further eliminates company or organisation control, thus eliminating religious journalists and making newspaper proprietorship individual.

 Adj. F.I.D.F..

GOVERNMENT NOTICE.

No. 51. Colonial Secretary's
 Office, Stanley.

His Excellency the Governor has been pleased to confirm the appointment of Mr Joseph Peter Lanning, as Police Constable, with effect from the 1st of January, 1932.

By Command,
 M. Craigie-Halkett,
 Colonial Secretary.

U.S.A. YACHT FOR COWES.

It is reported from New York that the "Yankee" yacht is leaving under her own power to take part in the competitions at Cowes and at other English regattas. This is the first time such a vessel has entered for forty years.

GRECIAN MONARCHISTS' REQUEST.

A Paris message on Thursday evening stated that ex-King George of Greece was en route for London and in an interview said "A call has been made for me to return to the Grecian throne. and I have decided to accept."

It is understood that the invitation was made at a secret meeting of the Greek monarchists in Paris & Athenian parliamentary representatives when it was announced at the Greek constitutional assembly would approve of his return.

BRICKS OF MANY COLOURS.

A new process for the mass production of concrete building bricks has been put into operation in Britain and has already met with such success that it is to be developed at once on a large scale.

It is expected that it will ultimately prove to be a powerful factor in eliminating from the British market foreign-made bricks, of which no fewer than 338,000,000 were imported last year from Belgium.

The "dunbrick" as the new concrete brick is known, may be had in any colour or combination of colours. Its outstanding characteristics are its great strength and low porosity, the latter being standardised at about one-third the total absorption of most clay bricks.

JAPAN BROADCASTS IN

ENGLISH.

The Japanese radio station at Tokio is giving a daily broadcast of Japanese news in English for the benefit of British and American listeners in the Far East.

The service is also directed to London and San Francisco, where, apparently, the long-wave broadcast would have to be converted back from the short-wave station which has picked it up into long wave again.

EX-KING OF GREECE -

"NOTHING TO SAY."

It was reported from London last night that Ex-King George of Greece arrived there stating that he had nothing to say relative to the monarchists' restoration rumours of which he knew nothing.

It was learned from Athens that the War Minister, General Condylis, announced that the monarchy restoration was being discussed at the forthcoming national assembly only if it is proposed by the majority of the representatives. "I believe there is evidence of a substantial public opinion favouring the restoration of the monarchy, and if there is there will be a plebiscite," he added.

GERMANY REVIVES HER

SUBMARINE FLEET.

The Daily Telegraph reported from London last night that Germany intends to lay immediately ten submarines of "medium tonnage". This is a further breach of the Peace Treaty.

The former submarine training school at Kiel, closed since the Armistice, is being re-opened and the undersea "aces" of the war have been appointed for instructional duties.

FRANCO-SOVIET AGREEMENT.

A message from Moscow last night stated that following the meeting of the People's Commissioners' Committee when the Franco-Soviet Pact draft was considered, Litvinoff has sent new instructions to the Paris Ambassador Potenkin and these are likely to ensure an agreement being reached on all points.

ADVERSE JAPANESE BALANCE.

The governor of the Bank of Japan states that while the overseas exports rose 16.0 % during 1934 the imports increased 19 %.

THE SILVER BOOM.

The silver boom has aroused world-wide speculative interest and the bills market was consumed with orders yesterday resulting in an hour's delay in fixing the prices states the Daily Telegraph.

Despite the heavy sales by speculators the price has been forced up to $3/0\frac{1}{4}$ per ounce which is the highest since 1922 and equivalent to 77.57 cents.

No estimate can be formed of the daily silver turn-over which is a closely guarded secret and on a quick criterion the bullion market is severely taxed to keep pace with the activity.

The American press critics point out that if the metal rises to 105 cents with the silver bloc endeavouring to raise it to 129 cents the melting of the Indian and Mexican coinage will follow.

EUROPEAN SITUATION DEBATE.

It was stated from London last night that a special debate on the European situation has been fixed for Thursday next in Parliament and it will concentrate on the Air Force position relative to Germany.

According to the Daily Telegraph activity behind the scenes in Whitehall dealt specifically with the revised plans for meeting the situation caused by the rapid German aerial expansion.

Hitler and his government fully intends to maintain its pledge not to accept a position of inferiority to any country within striking distance of Britain's shores and, it is also stated, Germany's action has thus made such expansion on the part of Britain necessary.

RUMANIAN DEBTS.

Following enquiries by the British government it is announced from Bucharest that the \$60,000 due in respect of Rumanian commercial debts is held up pending agreement between the departments concerned and a transfer is to be made shortly.

S.S. LAFONIA.

The s.s. Lafonia was reported to have arrived at North Arm last evening at 5.0 o'clock and was expected to depart at 5.0 o'clock this morning.

HOCKEY DANCE.

A very successful Hockey Dance was held in the Town Hall last night when some 200 guests and members of the Club spent a most enjoyable time. The function was organised by the following Committee: - Miss S. Summers (chairman), Mrs D. O'Sullivan (captain), Miss E. Hirtle (vice-captain) Mrs Fulbrook (committee member) and Miss M. Duffin (hon. secretary & treasurer) with Miss Summers' and the Jazz Band providing the music while Miss V. Clifton and Mrs Fulbrook were the M.Cs. The tasty refreshments were generously provided by the members and friends.

It is understood that arrangements are being made for a return dance to be held in the Town Hall on Tuesday next.

B.B.C. MESSAGE

TO GRAHAMLAND EXPEDITION.

On Thursday evening a special message was broadcast from the B.B.C. to the Grahamland Expedition under the charge of Mr J. Rymill in the Penola. The announcer wished the explorers every success in their endeavours and good weather, adding that the messages published in the "Times" were being read with great interest throughout Britain.

BIRTH.

A son was born to Mrs G.H. Osborne on Thursday; both mother and infant are doing well.

Berlin: A rumour is current that Hitler will ask Germany for a renewed confidence vote either in the form of a Reichstag resolution or a public plebiscite.

U.S.A. & THE JUBILEE.

According to a press bulletin from Washington the United States will join in His Majesty the King's Jubilee celebrations by holding a service at the National Cathedral attended by leading American officials on the invitation issued by Sir Ronald Lindsay, the British Ambassador through the State departments.

As it is probable that the cathedral will be taxed to its utmost capacity, the above course is being taken.

Representatives of the Supreme Court, the Cabinet, the Senate and House of Representatives, War, Navy and State departments will be among those who will receive invitations.

JAPAN & NAVAL TALKS.

The Daily Telegraph correspondent in Tokio reports that following the Washington report that the European situation renders the 1935 Naval Talks hardly possible, the Japanese official circles express the hope that Britain will take the necessary steps to facilitate the resumption of the conversations considering that technical discussions between Britain, Germany and the Soviet will facilitate the naval conference problems.

GLIDERS QUALIFY FOR SUBSIDY.

The British Gliding Association decided, at a meeting in London, recently, to adopt a revision of the rules in accordance with the wishes of the Air Ministry.

The Association thus becomes qualified to receive a subsidy of £5,000 per annum for five years which had previously been spoken of by Lord Londonderry, the Secretary of State for Air.

A MEMORIAL TO KING ALBERT.

Work has been commenced on the Bibliotheque Albertine for which the Belgian Premier introduced a bill in Parliament two months ago for the purpose of creating a National Fund to be devoted to the purpose.

The library will, at the express wish of King Leopold III, constitute the National Memorial of the Belgian nation to the late King Albert. The actual building and the purchase of hundreds of thousands of volumes which it is destined to house will cost, it is estimated, about £1,500,000.

JACK HYLTON'S MIXED RECEPTION

IN GERMANY.

Jack Hylton and his famous jazz band met with a very mixed reception in his recent tour of Germany. Owing to considerable opposition to the importation of foreign talent, it was feared that Jack Hylton would not be able to go to Berlin this winter but, apparently a promise to present the full receipts of one concert to needy German musicians gained the necessary permission.

The first concert, given in the Philharmonic Hall - Berlin's Queen's Hall - received paradoxical reception from the Berlin music critics. The public, however, were unanimous in their genuine enthusiasm.

Some of the critics applauded the artistry of the band declaring that "all the members of the band are virtuosos from whom serious musicians can learn something."

On the other hand the Nazi papers gave vent to outraged feelings stating that Beethoven's sanctuary had been profaned.

MOVING A CHURCH.

The Budapest press reports that the city parish church, which is one of the oldest churches in Budapest is to be removed twelve metres from its present site in entirety. The transfer of the church is expected to last a year. The foundations are to be encircled by rings of iron beton to secure the rigidity of the building while the walls will be strengthened for the transit and the arches supported by iron rods.

The building will then be rolled up an iron beton road by machinery.

The estimated cost of this feat of engineering is put at eight hundred thousand pengo while the method of transfer has been patented by the city technical councillor.

The Time Signal will be given at 9.0 p.m. followed by News Items at 9.30.

S. S. LAFONIA.

The s.s. Lafonia left Fox Bay West at 2.0 p.m. Saturday for Montevideo and at noon yesterday she was reported to be 843 miles from the South American port.

LOCAL FOOTBALL.

The first match of the season took place on Government House Pad-dock yesterday afternoon in ideal weather. The teams opposing each other were a selected "First" XI & a selected "Second" XI.

The standard of play was quite good when one took into consideration that it was the first game of the season and that the ground was rather heavy after the recent rains, but the old faults at once asserted themselves - namely too much individual play, wild kicking and a tendency to chatter.

It was refreshing to see so much young blood included and several of the junior members put up quite a good show.

At half time the "Firsts" were leading 4 - 3 and in the second half put on another two ending the game with a 6 - 3 victory. The goal-scorers were D. Williams (2), H. Thomas (2), D. Atkins and L. Grant for the winners, with W. Spencer, D. O'Sullivan and - Kirk for the losers. Mr D. McPhee was the referee.

Obituary : Lord Gladstone, aged 33, at Hwarden Castle.

Note : This being the last week of the Sweepstake all money unclaimed by Friday, 3rd May, will revert to the total takings for this week's prizes.

TRAPPED GOLD MINERS.

3 Men alive; 39 missing.

It is reported from Johannesburg that Mr Anderson and two natives, trapped four days ago by flood water in the lower levels of the new Machakie gold mine near Potchefstroom, have been found alive.

Hope is revived that the other European, Mr Naude, and the remaining 38 natives may be similarly found in box holes which have kept the water back.

U.S.A. EMERGENCY DECISION.

"In an emergency the United States must be prepared to seize the British and French islands near American shores" has been revealed as the plan of General Andrews put forward for the consideration of the House of Representatives' Military Committee, states the Daily Telegraph correspondent.

"To ensure against air attacks being launched from any of these bases in time of emergency this must be kept under surveillance. If the situation is sufficiently vital we must be prepared to seize these outlying bases of operation against us," the report adds.

LOCAL FOOTBALL started yesterday with a Practice Match between the "First" XI & the "Second" XI

and Old King Sol put in an appearance for the first time.

Some of the Stanley "Directors" were also to be seen.

But what was not visible was the Touch Line.

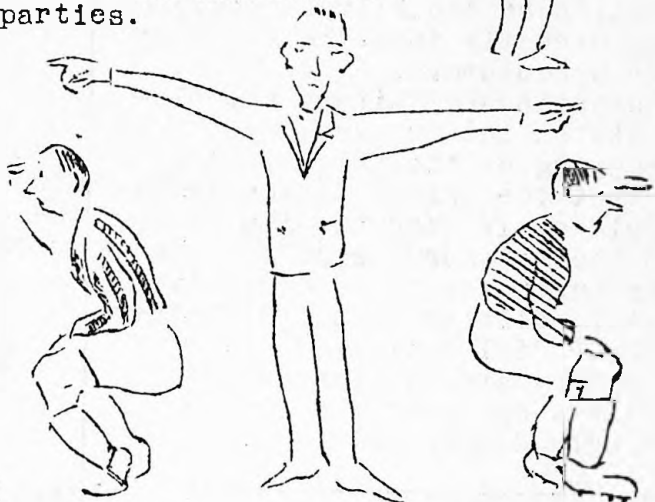

Both linesmen looked hard for it while the referee sent out search parties.

Finally the game started without it so that the one who called first got

Our Ball

No, Ours

the throw-in.

Somehow, a lot of talking developed and there was a suggestion that, perhaps,

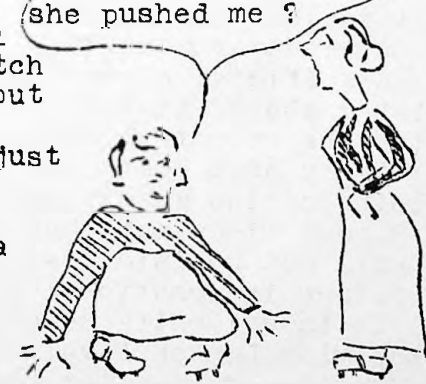

it was not a football match but

The Old Cat ! Did you see how she pushed me ?

Did'nt I kick that luvly m'dear.

just

a

MOTHERS MEETING !

THE SILVER SITUATION.

It was reported from Mexico City Saturday that all the banks had closed while the government was taking action to safeguard silver against speculators.

All silver coinage in Mexico is being withdrawn from circulation and future transactions are to be made against paper money with copper coinage up to 50 cents, states Reuter's correspondent.

The Washington treasury has apparently decided to suspend their silver purchase programme pending the arrival of the Mexican emissary to discuss the situation.

It is reported that the American government would in future confine purchasing to domestic silver, ignoring the foreign market.

This attitude might be the realisation of the silver programme playing directly into the hands of foreign speculators.

European and Chinese speculators, states the Sunday Times, have been pushing up the price in the hopes that the United States treasury would again increase its price. Should the treasury cease to make further purchases the speculative boom will collapse, causing further widespread dislocation.

The monetary and bullion markets authorities consider the position exceedingly dangerous.

BERLIN SUBMARINE DENIAL.

On Saturday a Berlin message reported that the news of Germany laying down twelve submarines of 250 tons is categorically denied by the naval department.

An official of the Reichswahr Ministry stated that the press reports were premature.

Plans have been made for the building of the submarines learns the Sunday Times but these have not and will not be laid down until after further international negotiations.

It is evidently hoped that the forthcoming London Naval Conference may provide an occasion for friendly negotiations for a future naval ratio.

JAPANESE TRADE SAFEGUARD.

According to a bulletin from Tokio the Trade Council has decided to invoke a trade safeguarding tax against foreign countries imposing severe restrictions on the import of Japanese goods by increasing the Japanese tariff or restricting or prohibiting imports from those countries.

A committee has been set up to regulate trade between Japan and Canada. It is pointed out that in 1934 Japan bought from Canada goods to the value of 55,000,000 yen while Canada's purchases from Japan only amounted to 8,000,000 yen.

AIR WOMAN'S PROGRESS.

Miss Jean Batten, the New Zealand air woman who left Marseilles on Saturday morning in the hope of completing her flight to England from Australia, descended at Lyons after fighting a forty mile-per-hour head wind down the Rhone Valley. But she was expected to complete her journey yesterday.

GOVERNOR-GENERAL'S SON KILLED.

Fatal Shooting Party.

It is reported from Cape Town that Lord Hyde, the twenty-eight year-old son of the Governor-General of South Africa, the Earl of Clarendon, was fatally shot on Saturday during a springbok shooting party.

INCOME TAX JURY DISAGREE.

It is reported from Syracuse, New York, that the jury trying the "Dutch" Schultz for violation of the income tax laws has failed to agree on their verdict and have been dismissed.

The re-trial is fixed to start on May 14.

Paris : It is believed that the Franco-Russian Pact will be initialled next week.

Children 6d. People taking Children 1/-.

S.S. LAFONIA.

At noon yesterday the s.s. Lafonia was reported to be 480 miles from Stanley experiencing fine weather and a calm sea.

INDIAN STATES UNDERSTANDING.

A decisive statement is shortly being issued, reports the Daily Telegraph from London concerning a satisfactory understanding being reached by the Indian States on the Federation.

In view of the amendments Sir Samuel Hoare intends to introduce, the States will give full support to the India Bill in the promised form.

The proposed new clauses and amendments to the schedules will be considered by the House of Commons in committee on three days this week.

MONETARY CONFERENCE IN SIGHT ?

A Reuter message from Washington states that Martin Dies, one of the authors of the Silver Purchase Act, has predicted that the present silver policy would eventually force international currency stabilisation.

He says - "With the United States threatening to get the world's floating supply of silver and already holding half the world's gold supply the duel cannot continue for ever. A managed currency without a metallic base is never satisfactory and the rest of the world knows it. The thing will end in an international monetary conference being held & this is what the President wants."

HOLY YEAR ENDS.

At Lourdes, seventy Archbishops, 3,000 priests and 200,000 pilgrims knelt on Sunday afternoon to receive the Pope's benediction broadcast from the Vatican.

These, the closing celebrations of Holy Year were preceded by three days and nights of uninterrupted masses as a special intercession for peace, states the Daily Telegraph correspondent.

Among the delegations were pilgrims from Holland, Bavaria, Spain, Burma and Ceylon.

Obituary : Arthur S. Montefiore, aged 23, and a nephew of Viscount Bearsted, was killed in a flying accident in Kent on Sunday.

CHARLIE CHAPLIN IN "THE MASSES."

The Daily Telegraph correspondent at Hollywood, states that Charles Chaplin's new film in which it is said that over one million dollars are invested and that it is one of the most costly films made since the depression, will be called "The Masses," and is a satire on the machine age.

As a specialised worker in a huge factory Charles' job is to screw on nuts. Stealing a second he disorganises the factory and is discharged but not before being caught up in the machinery and whirled round a huge wheel.

ITALY'S NEW AIR CITY.

"Another expression of Fascist Italy's pure, systematic and indomitable will for power" was Mussolini's description of the new air city of Guidonia. It incorporates, it is announced, the finest technical and scientific equipment in the world.

THE FUNERAL OF LORD HYDE.

Reuter's correspondent at Cape Town reports that the funeral of Lord Hyde, the son of the Earl of Clarendon, is being held at St George's Cathedral on Wednesday.

In view of this Government House portions in the Jubilee Celebrations are likely to be omitted.

It is now revealed that Lord Hyde died in his father's arms in the shooting lodge and before losing consciousness he was able to say that the gun with which he was shot, hit the ground and went off.

A FRANCO-SOVIET PACT DENIAL.

The Tass Agency in Moscow denies that either the Soviet or France ever contemplated introducing automatic sanctions into the Franco-Soviet Pact of Mutual Assistance.

Both sides from the start agreed that mutual assistance must only be given on the basis of the resolution taken by the League Council.

Shop at the

GLOBE STORE.

for best Service and Prompt Attention.

Paraffin. . A small supply of Best Quality "ASTRA" paraffin will be available for a few days. The price is 10/- per tin of 4 gallons (NETT PRICE).
Owing to the supply being limited only one tin will be supplied to each customer.

(Note. New stocks of "YPF" paraffin are expected at the end of May by the P.S.N.C. vessel.)

CALDER'S MILK STOUT.

A nourishing and tonic drink, specially suitable during cold and damp weather.

In reputed quart bottles	18/-	per dozen.
" " pints "	9/6	per dozen.
" Nip bottles	7/-	per dozen.

New Stocks of WALLPAPERS

Due to a special purchase recently effected in England, we have now available the cheapest range of Wallpapers ever offered in the Falkland Islands.

The rolls are of 8 yards each (usual length is 12 yds) but even taking into count the shorter length, the wallpapers are 50% cheaper in price than anything ever offered before.

Prices are 3d, 4d, 5d, 6d, 7d, 8d, 9d, 10d, 11d, 1/-, 1/2, 1/4 and 1/6 per roll.

In many cases customers can order 5, 6, 7, 8 or more rolls exactly to meet requirements, thus eliminating waste when 'sets' of 8 rolls of 12 yards each are only available.

There are embossed ceiling papers at 2/- per roll, and also varnished paper for bathrooms or kitchens also at 2/- per roll.

LIBBY'S assorted Jellies in Glass Jars 6d each.
These are Fruit Jellies, for using with cold meats etc.

Remember "LIBBY'S" Milks are the best procurable.

Libby's Evaporated Milk	6d each	tin.
Libby's Condensed Milk	9d each	tin.

"ZACHARIAH FEE" Brand Whisky - the Very Best Obtainable
Price now reduced to 9/- per bottle.

SUPPORT FOR GERMAN EXPORTS.

A message from Berlin last night stated that an economic plan is under consideration to formulate support for German exports to the extent of £83,000,000 annually.

Owing to Germany's lack of foreign currency a law to establish an export subsidy fund is being raised from a surtax on the business turn-overs tax.

The money thus raised is to be used to enable certain exporters to sell goods abroad below the market price the difference being refunded by the government.

It appears that the subsidy is likely to be given extensively in the heavy manufactures but motor and similar industries would come under the scheme also.

The scheme, completed by Schacht and his advisers, is on the lines of his general economic policy but German business men are sharply de-vided on the export subsidy scheme.

UNITED STATES UNEMPLOYED.

It is stated from New York that the pessimistic forecast that the United States will ultimately be forced to take the same view on un-employment as Great Britain admits the necessity for providing relief for the unemployable.

The Daily Telegraph correspon- dent states that it is estimated that there will be a surplus of five or six million and notwithstanding the heavy expenditure on relief work the number of unemployed remains prac- tically unchanged while it is be- lieved that when the relief funds run out private industry will not have the same consideration given as when formerly engaged in relief work.

AIR MAIL SUCCESS.

The League of Nations Air Report issued from Geneva last night stated that all air lines were subsidised but only those of the United Kingdom, inland and the Netherlands have traffic receipts exceeding the sub- sidy. All other countries average seventy per cent of the total revenue while the mails are relatively,

the most profitable load compared with passengers.

ABYSSINIAN RUMOUR.

It was reported from Trieste yesterday that the Emperor of Abys- sinia has constituted a war fund of seven million pounds which will be devoted to payment of important war material. The local chieftains have been ordered to raise troops and train them in modern warfare.

U.S.A. AIR BASE ON

CANADIAN BORDER.

According to a message from Wash- ington an amendment in the Wilcox Air Bill provides for a powerful air base on the Canadian border in the Great Lakes area.

NORTH WEST FRONTIER INCIDENT.

It was reported from Quetta last night that a lorry had been attacked in the North West Frontier region with the result that four people were killed and four injured.

ROOSEVELT'S SON AS

HIS SECRETARY.

President Roosevelt, a message from Washington reports, has decided to call his eldest son, James Roose- velt to replace Louis Howe who is slowly recovering from a serious ill- ness as one of his personal secretaries.

 to be 724 miles from Stanley at noon
 yesterday, doing ten knots.

RETURN DANCE.

The return to the Hockey Club
 Dance last week was given in the
 Town Hall last night, organised by
 Messrs S. Summers and B. Fleuret.
 The two bands were in good form
 while the refreshments provided by
 the ladies were delectable and a very
 happy time was spent by all present.
 The dance ended at 1.0 a.m..

STANLEY STARTS PREPARING FOR

THE JUBILEE.

Yesterday and the day before
 there were signs of activity in Stan-
 ley with preparations going forward
 for the Jubilee Celebrations to be
 held next week when the twenty-fifth
 anniversary of Their Majesties the
 King & Queen's accession to the throne

On Tuesday a successful practice
 shoot was carried out with the
 Salute Gun on Victory Green when
 three live rounds were fired over
 the harbour on to a target rock on
 the beach on the north shore.

Yesterday the Electrical De-
 partment were busy getting ready the
 illuminations for the Town Hall and
 Government House. The interior of
 the Town Hall and Government House
 Conservatory are to be decorated
 with coloured lights while on the
 outside of the Town Hall the domes
 will be decked with lights with the
 south side illuminated in addition to
 a line of lights across Ross Road.

The Battle Memorial at Little
 Italy will be flood-lit in connection
 with the celebrations and this will
 mark the first occasion when this
 popular and fascinating form of
 decoration will be practiced in the
 Colony.

One of the main features of
 next week's activities will be a
 grand firework display in Government
 House Paddock which, in variety and
 brilliance promises to be far more
 impressive than that seen in 1933 or
 the occasion of the Centenary Celebra-
 tions of the Colony. The arrange-
 ments are in the hands of the Hon.
 G. Roberts who, with the following
 members of the sub-committee dealing
 with the display - Messrs A.H. Rat-
 cliffe, H. Ratcliffe, E.J. Gleadell
 and D. Peck - spent the best part of
 two days last week unpacking the
 fireworks and arranging them in order
 for the occasion.

Timed to last about an hour and
 a quarter the display will begin with

a signal maroon ascending to a great height and exploding with a tremendous report. After dazzling preliminary features such as a special screen of "Aerial Coruscations" & a "Devil-among-the-Tailors" a special item "War in the Air" should provide a tremendous thrill for the effect in this is similar to that of a barrage of modern high explosive shells, the preliminary whine and the following explosion of the shells being realistically produced.

"Jack in the Box" stars, monster fountains of fire and brilliant light effects will then introduce what should prove to be one of the sights of the entertainment - the splendid "Niagara Falls" device providing a gorgeous curtain of silver fire approaching some sixty feet in length and almost double the size of that seen at the Centenary display. It is possible that the Falls will be mounted in the vicinity of Bull Rock if it is thought that the best effect commensurate with safety will be produced. "Shells" and rockets there will be in profusion - revolving silver fountains, star spangled canopies with a golden device forming a fantastic trelliswork of fire. And to end this amazing programme seven shrapnel barrage rockets will be "detonated."

We understand that four sets of fireworks are being sent out to the Camp - two for the East Falkland and two for the West - and the stations suggested for the Displays have been Goose Green and Douglas for the former and Port Stephens and Port Howard for the latter.

SENSATIONAL GERMAN PLANE

"ARREST."

It is reported from Sessocalende, Italy, that a German aeroplane which has been flying over the airport has been forced down by Italian military planes.

Reuter reports that the incident occurred on Saturday but the authorities suppressed the news and official denials are being issued.

Reputable citizens, nevertheless state that the machine had previously flown over the district and when brought down was found to be a German plane carrying Italian colours with the occupant in civilian clothes

(Continued on page 4.)

ST MARY'S CATHOLIC SCHOOL

CONTRIBUTES TO THE EMPIRE

JUBILEE FUND.

When His Excellency the Governor paid a visit to St Mary's Catholic School on Thursday last week he was presented with the sum of £1.10s. collected among the pupils to be sent to His Royal Highness the Prince of Wales as a contribution to the Jubilee Fund.

A contributor, reporting on the event, writes :

St Mary's School was honoured on Thursday afternoon, the 25th of April, with a visit from His Excellency the Governor, H. Hemiker-Heaton, Esquire, C.M.G., accompanied by his two daughters. He was received by the Rev. Father Drumm and the Sister Superior and after the National Anthem "God Save the King" had been played, sat down amongst the children.

The following address was then read and presented by Miss Maureen Gleadell :

"Your Excellency - We, the pupils of St Mary's School, are very glad and feel proud of Your Excellency's visit to our school to-day and wish to avail ourselves of this opportunity to give you a hearty welcome.

"What contributes to make your visit more pleasing and welcome, is that it takes place at a time when we are preparing to take part in the commemoration of events of great importance to this Colony and to the British Empire.

"The first of these events is Your Excellency's taking possession of your new appointment as Governor of this Colony.

"Needless to say, we rejoice to see you again amongst us, and filling an office which no doubt will be appreciated and beneficial to the Colonists and the whole population.

"The second event or motive of our joy is the approaching celebrations of the Silver Jubilee of the King & Queen's accession to the throne. Next May, twenty-five years will be completed since His Majesty the King ascended to the throne of England.

"To his wisdom, prudence and love of his subjects throughout the Empire we owe the peace, comfort and prosperity we are now enjoying.

(Continued from page 2.)

"We have been told by our teachers that the present King, when he was Prince of Wales visited this Colony. This fact makes us think that an offering, however small, coming from us will be kindly accepted by His Majesty.

"It was with great pleasure and interest that we heard the Prince of Wales speech on behalf of the Jubilee Fund which is to be devoted to the welfare of the rising generation. We should like to be able to send His Royal Highness a substantial cheque, but as that is impossible we hope that you will kindly receive and forward to the Prince, the small sum collected amongst us together with the names of the pupils of St Mary's School. In conclusion we sincerely hope that this will not be your last visit to our school, and may Your Excellency spend very happy years in the Falkland Islands."

His Excellency, on receiving the address, courteously tendered his kind appreciation, and his readiness to cooperate with their wishes in forwarding the sum collected on behalf of the Fund.

Three little mites, Dawn Reive, Ileen Sedgwick and Hazel Gleadell, then greeted His Excellency with appropriate words and presented a pretty bouquet of flowers.

After visiting the class-rooms His Excellency the Governor and his daughters were then entertained to some gymnastic and fancy dances in the gymnasium, and the singing of "The Empress of the Wave", accompanied on the harmonium by Miss Madge Biggs.

His Excellency expressed his great pleasure and enjoyment at the performance and awarded the school children a holiday on the first fine day as a mark of his appreciation and the loud applause of the happy pupils ended the proceedings.

GERMAN PLANE "ARREST" (Continued from page 2.)

possessing two cameras.

Official circles suggest that such a story, if true, will end in complications with Germany, and infer that the plane was a Swiss machine that had most its way across the border. This is denied by residents who have noted the machine's recent flights. The flier remains under arrest.

U.S.A. & FRENCH TRADE

NEGOTIATIONS.

A Reuter message from Washington states that the breakdown threatening in the Franco-American trade negotiations has been averted by France's promising to accord equality treatment to the United States exporters to the value of 15 million dollars.

State Secretary Hull has announced that the two countries have agreed on the fundamentals for negotiating a reciprocal agreement.

MAY DAY CELEBRATIONS

IN EUROPE.

It was announced from Moscow last night that May Day is being celebrated by troupes of five thousand dancers, singers, actors, acrobats and trick riders embodying a Revolutionary Parade.

The Daily Telegraph also states that there will be a grand military parade in the Red Square with the Soviet Air Force in full strength circling overhead. Dancers and operatic performers will assemble at Lenin's tomb for a theatrical tribute.

Elsewhere in Europe steps are being taken to control possible demonstrations. Extra police are being called out in Paris and Budapest while in Vienna a State holiday to celebrate the first anniversary of the constitution may be impaired by communist activity it is feared.

Berlin will have the customary celebrations with an assembly at the Tempelhof Aerodrome where Hitler will deliver a speech with a million men and women making a formation march through the capital.

PROPOSED GERMAN-CHILEAN AIR

LINE.

A message from Santiago de Chile last night reported that the German Condor Air Transport Company has requested a concession for establishing a postal and passenger air service between Santiago and Berlin.

Thursday, 2nd May 1935.

Lighting up Time 5.41. High Tides 5.40 a.m.; 6.0 p.m..

GOVERNMENT NOTICE.

No. 55. Colonial Secretary's
Office, Stanley.
1st May, 1935.

His Excellency the Governor directs it to be notified, for general information, that His Majesty the King has approved the issue of a special medal to commemorate the 25th Anniversary of His Majesty's Reign.

The medal shows on the obverse the Crowned Effigies of Their Majesties, with the inscription MCMX-MCMXXXV in Roman Letters and on the reverse a view of Windsor Castle as the principal residence of the Royal House of Windsor. It has been issued by the Royal Mint in two sizes. The large medal has a diameter of 2 1/4 inches and is struck in standard silver. It is available for sale to the public in a leather case at the price of one guinea. The smaller medal has a diameter of 1 1/4 inches and is struck in fine silver. This latter medal has not yet been received in the Colony but it is expected that it will be available for sale in a cardboard case at the price of 2s. 6d on or about the 9th of May, 1935.

The large medal may be seen and obtained at the Colonial Secretary's Office.

By command,
M. Craigie-Halkett,
Colonial Secretary.

F.I. DEFENCE FORCE CLUB.

A Dance will be held in the Town Hall on Wednesday next, the 8th instant, under the auspices of the Falkland Islands Defence Force Club, commencing at 9.0 p.m..

Price of admission :
Married Couples 2/6, Ladies 1/-,
Gentlemen 2/-.

THIRTY-FOUR YEARS AGO.

(From the Falkland Islands Magazine, October, 1901.)

The Naval Works.

The work that is being done on the Klondyke side of Stanley Harbour under the auspices of the Imperial Government is making great progress. A change has been made in the look of the place which is noticeable even in Stanley. The soil has been shifted about half way up the slope of the hill just where a ridge or rocks shows up and extensive blasting operations carried on, there being a very fine face of stone below the level of the ground. The mines are usually fired after stopping time and on mail days the inhabitants of Stanley are frequently startled by hearing what they think at first is the gun announcing the approach of the mail boat, but are disappointed to find that it is "only the Klondyke people blowing up rocks." The jetty or breakwater arm is being pushed out very quickly. The stones are brought down from the quarry on a little railway in iron tilting trucks. The full trucks as they come down are capable of bringing the empty ones up the hill. There is now fairly deep water at the end of the stones that have been canted into the Harbour but eventually this jetty will go out about as far again as it is at present. A few days ago the bases and other portions of the steam crane were being transported from the "Great Britain" to the pontoon which has been built on purpose. Each of the bases weighs about five tons and this weight caused the yard of the "Great Britain" on which the hoisting gear was rigged up, to cant considerably; and even the old hulk herself had a decided list. There are about 150 men employed on the work, 50 of whom belong to Stanley. They go to and from in the steam launch which was sent out from England on board one of the mail steamers.

CHURCH BAZAAR.

The Cathedral Church Bazaar and Sale of Work will take place in the Church Hall on Saturday, the 11th instant.

His Excellency the Governor has kindly consented to open the sale at 3.0 p.m..

ORDERS are now being booked by Mr Brechin for a limited quantity of fresh pork, price 1/- per lb, delivery 4th May, and for Pork Sausages @ 10d per lb. to be delivered on May 6th. Order early and avoid disappointment.

ROOSEVELT INDIGNANT.

The Daily Telegraph correspondent at Washington states that President Roosevelt is indignant at the statements made by certain Brigadier Generals relative to the probable action of the United States in wartime before the Military Affairs Committee, the President adding that these views represent neither the policy of the Administration nor of the Commander-in-Chief, and in themselves are likely to endanger international relationships.

FRANCE & STABILISATION.

In addressing the Finance Committee of the Senate in Paris on Tuesday, M. Martin, the Finance Minister, made an appeal for the stabilisation of foreign currencies adding that France was determined as ever she had been to maintain the franc at the present gold level.

Stabilisation, he added, would provide substantial assistance to France in overcoming the difficulties due to revenue decline, increased armament expenditure and reform measures which are imperatively demanded.

The government has definitely decided to draw up a retrenchment programme bringing her expenditure gradually to the receipts level without new taxation.

S.S. LAFONIA.

The s.s. Lafonia was expected to arrive at Montevideo at midnight last night.

PRIME MINISTERS AT TEA.

On Tuesday afternoon the Prime Minister entertained to tea at the House of Commons the Premiers from other parts of the Empire now in London for the Jubilee Celebrations.

There were present Mr Bennett of Canada, Mr Lyons of Australia, General Hertzog of South Africa, and Mr Huggins of Southern Rhodesia. The Prime Minister of New Zealand, Mr Forbes, will not arrive until some time today (Thursday.)

It is understood that Mr MacDonald gave the visiting premiers an outline of the European situation in relation to the recent events - the visits of Sir John Simon and Mr Anthony Eden to the different capitals the Stresa Conference and the special League Meeting at Geneva.

Arrangements were also discussed for further informal meetings to be held while the visiting Premiers are in London. At these gatherings the British Ministers present will include Mr Ramsay MacDonald, Mr Stanley Baldwin, Sir John Simon, Mr Neville Chamberlain, Mr J.H. Thomas, Sir Philip Cunliffe-Lister and Sir Samuel Hoare.

"JUBILEE" FOREST IN PALESTINE.

His Majesty the King has consented to the planting of a forest in the hills of Nazareth, Palestine, to be known as the "King George V Jubilee Forest" as a token of the British Jews' devotion and loyalty and as a commemoration of the Silver Jubilee.

Fifteen hundred acres will be planted with over a million Jerusalem pines and cypresses. The carrying out of the scheme will involve the expenditure of approximately a hundred thousand sterling. The new forest will be the most outstanding effort hitherto made in the reafforestation of the Holy Land.

COMMONS QUESTION ONGERMAN SUBMARINES.

In the House of Commons on Tuesday in answer to a question Sir John Simon briefly announced that the German government had intimated that orders had been given for twelve 250-ton submarines. No intimation had been given whether the submarine school at Kiel would be re-opened.

Replying to a further question whether the government would take immediate steps to bring this further violation of the Versailles Treaty to the notice of the League and whether it was proposed to proceed with the Anglo-German naval conversations, Sir John Simons replied that as the question of legality was now being considered he was unable to answer the question.

OCEAN VESSEL WITHOUT RIVETS.

The largest all-welded ocean going vessel built in Britain was launched on the Tyne on Tuesday for a Norwegian line.

The vessel is the tanker "Moirá" of 2,240 tons deadweight and 245 feet long wherein rivetting has been entirely dispensed with and the electric arc process of welding used.

ROOSEVELT'S UNPRECEDENTEDACTION.

A Washington message states that by his unprecedented action in ordering the House of Representatives Military Committee to cease the publication of evidence of the War Department's plans, the President has sternly warned the Committee that he exercises his authority as Commander-in-Chief of the Army, Navy, if necessary, with relation to the publication of anything that may be regarded as unfriendly to other nations.

TENNIS.

In one of the most exciting women's singles seen at Bournemouth for years, Senorita Anitalizana, the hitherto unbeaten prodigy from Chile, was defeated by Mrs Fearnley Whitting-

stall, the English international, by 6 - 3, 4 - 6, 6 - 4.

Fred Perry, the holder, reached the semi-finals of the men's singles by defeating Peters, the Cambridge Blue 7 - 5, 6 - 3, 9 - 7, and meets the German, Daniel Frenn.

The British Davis Cup player, Austin, meets the South African, Farquaharson, in the other semi-final.

LONDON SILVER JUBILEEPROCESSIONS.

The official souvenir programme of the Silver Jubilee shows that seven processions will leave various points for St Pauls Cathedral on Monday next.

Their Majesties procession will consist of six carriages attended by a sovereign's escort of Lifeguards. The King and Queen will occupy the first carriage with the Duke and Duchess of Connaught in the second and courtiers in the remaining four.

In the Prime Ministers' procession of six carriages, Mr Ramsay MacDonald and Miss Isabel MacDonald will occupy the first, Mr Bennett and General Hertzog the second, Mr Lyons the third, Mr Forbes of New Zealand the fourth, Sir Samuel and Lady Hoare representing India in the fifth, Mr & Mrs Huggins of Southern Rhodesia & Viscount and Viscountess Craigavon of Ulster in the sixth.

The Speaker will proceed in his coach from the House of Commons and will be passed by the Prime Minister's procession en route.

There will be only two carriages in the Lord High Chancellor's procession wherein there will be Viscount Sankey and high legal functionaries.

The City procession will include the Court of Common Council, the Court of Aldermen, the senior and junior Sheriffs who will occupy the carriages in front of the fifth which will contain the Lord Mayor, Sir Stephen Killik,

The Duke of York's procession of two carriages will comprise the Duke and Duchess of York with the Princess Elizabeth and Margaret in the first with the Duke and Duchess of Kent in the second.

The Queen of Norway will share the first carriage in the Prince of Wales' procession with His Royal Highness while in the second carriage of the procession will be the Prin-

cess Royal, Princess Victoria and the Earl of Harewood. Both these latter processions will have a Captains' escort of Lifeguards.

In addition to the foregoing there will be motor-cars carrying other members of the Royal Family with a hundred and fifty cars for the heads of the Diplomatic Corps, twenty for Cabinet Ministers, forty for members of the Royal Households besides a number of other guests' cars.

His Majesty's procession will be preceded by detachments representing the Royal Horse Artillery, the Dragoons, Huzzars and Lancers.

STEEL AGREEMENT.

The representatives of the European steel cartel and of the British Iron and Steel Federation at Tuesday's conference in London concluded an agreement for a period of three months that the imports of the cartel products into the United Kingdom should not exceed the rate of 643,000 tons per annum and 160,750 tons for the three months with certain adjustments for other products.

During this period the negotiations for a long-term agreement will be actively pursued. The negotiating committees of the various sections will be appointed immediately.

RECOGNITION OF RIGHTS

CLAIM.

Reuter's Stockholm correspondent on Tuesday reported that the Swedish Foreign Secretary, Sandler, in Parliament stated that Sweden, Denmark and Norway should act in accordance with the principle that the present system of competitive armaments should be replaced by a convention regulating military conditions based on recognitions of right.

THE DUCHESS OF KENT.

A London message on Tuesday evening stated that the Duchess of Kent's first public ballroom appearance will be at the Empire Ball at Gorsevenor House on May 8th. Among the prizes to be given at the ball is a pair of diamond clips valued at £800.

MAY DAY CELEBRATIONS.

A report from London last night stated that the May Day Labour demonstrations passed off without disorder and the Hyde Park Assembly for which many contingents arrived late, lasted only thirty minutes, the speakers, addressing some 40,000 people, made an attack on the Jubilee decorations and activities and facilities but enthusiasm was lacking.

The Daily Telegraph correspondent in Moscow reports that the Soviet celebrations ran according to schedule with tanks and aeroplanes joining in the manoeuvres and tableaux while women marched with machine guns and children also joined in the processions carrying bows and arrows and model aeroplanes.

In Munich the workers refused to attend the parades and the demonstrations were hurriedly cancelled.

Vienna was beflagged and flooded for the following troop parade before the President but the day was marked by a police sweep on communist centres resulting in five hundred arrests while an unknown person hoisted the red flag on the spire of Votiv Church.

Six thousand police maintained order in Tokio and arrested communists endeavouring to interfere with the Labour demonstrations but these were the only incidents and they were of a minor character.

Yugo-Slavia was quiet but in Bulgaria a communist orator addressing the villagers of Enina was checked by the police when his companions opened fire and one policeman was killed. Two policemen and eight villagers were also wounded.

Switzerland was quiet but Paris communists hoisted the red flag on many parliamentary buildings and there were mass meetings of socialists but these were entirely without incident.

There was an orderly demonstration in Mexico City with 50,000 marching past the Colours.

TWO YEARS' TRIAL OVER.

It is reported from Calcutta that the trial which has lasted over two years has at last come to an end with the conviction of thirty-one Bengalis charged with waging war against the King. Six were sentenced to life transportation and the others to varying sentences of imprisonment.

At 9.0 p.m. the Time Signal will be given followed at 9.30 by News Items.

JUBILEE FIREWORKS DISPLAY.

During the Fireworks Display, which is to be given in Government House Paddock at 6.30 p.m. on Tuesday next, the 7th instant, in connection with the Jubilee Celebrations, to avoid injury from sparks or falling sticks the Public are requested to keep to the South of the North boundary fence of the football field; also to avoid using the section of Ross Road between the East and West entrance gates leading to Government House.

It may be necessary on account of the weather conditions to cancel the display on the above day in which case it will be given on the first fine evening at 6.30 p.m..

A signal that it is to take place will be given by firing three

8.0 p.m.

coloured shells from Government House Paddock half an hour before the display.

THE JUBILEE PROGRAMME.

We are including with each number of the "Penguin" to-day a copy of the Programme of Celebrations to be held on the occasion of His Majesty's Silver Jubilee which commence on Monday.

It will be noticed that on Monday following the Review on Government Paddock a Thanksgiving Service will be held at the Cathedral Church and we have been asked by the church authorities to make it known that the collection to be taken during the service will be for the Jubilee Fund to which people in all parts of the Empire are contributing in one form or another.

We have also been asked to make it clear that nobody under sixteen years of age will be admitted to the dances while the age limit for the Children's Tea in the Town Hall on Tuesday is up to sixteen years.

STANLEY GOLF CLUB.

The postponed Annual General Meeting of the Stanley Golf Club will be held in the Church Room this evening, commencing at 6.0 p.m.. All members are earnestly requested to attend.

Court shoes (colours) 9/11.

GERMANY'S GREAT EPOCH.

A message from Berlin states that the tone of Hitler's May Day speech to over a million assembled in the Tempelhof Field was "My will is your faith".

The Daily Telegraph correspondent states that inclement weather marred the occasion with alternate blizzards and sunshine.

Points from the speech were : A great epoch had come for Germany and the tasks could only be mastered by strong leaders but only if supported by a united people and not tanks and armies or guns.

Hitler added "We don't want war or unrest and just as we have restored peace among our own people so we desire peace for the world so that the world may know that the Germany of to-day is not the Germany of yesterday."

In addressing the Foreign Press Association last night the Prussian Air Minister, Goering, stated that all his previous announcements had been truthful, says the Daily Telegraph correspondent.

One year ago, said Goering, Germany had only twelve old planes but he had built up an organisation for the manufacturing of machines at a high speed when necessary.

Germany had no planes but only the means of building them, he said, referring to war machines, and if the other countries had been willing to scrap bombers, Germany would not have considered this type of unit in her Air Force.

In concluding Goering said that it rested with the other powers to determine the ultimate trend of Germany's Air Force which would correspond with the strength and power shown in the outside world.

Reuter understands that general military conscription throughout Germany comes into force on the 1st October.

HEIR FOR KING OF IRAQ.

It was announced last night that Queen Aliyah had given birth to a son and heir to the King of Iraq.

A Baghdad message states that the announcement was received with general rejoicings.

U.S.A. & THE N.R.A.

According to a message from Washington the Senate Finance Committee in flouting President Roosevelt's advice that the N.R.A. should be extended two years, has voted its continuance only until April 1936.

At the same time the Committee recommended that the business codes should be limited to inter-State commerce while it decided that "fair prices" in various spheres by industry under the codes should be prohibited. This follows on a loud criticism that business interests have used the codes to fix exorbitant prices and fleece the public thus retarding recovery.

EGYPTIAN PREMIER RESIGNS.

It is reported from Cairo that Ziwar Pasha, thrice Egyptian Premier, has resigned from the Cabinet chieftainship owing to criticisms that he exerted undue influence behind the scenes.

MANCHUKUO & JAPAN'SINDISSOLUBLE TIES.

A Reuter message from Tokio last night stated that the Manchukuoan Emperor issued an Edict proclaiming that Japan was attached to Manchukuo by indissoluble ties which he hopes will be drawn close with a view to maintaining Far Eastern peace.

The Osaka press states that the Soviet government has informed the government that it is prepared to discuss the withdrawal of troops from the Manchukuoan border and the conclusion of a non-aggression pact by a settlement of outstanding questions between Japan and the Soviet.

PHILIPPINE RIOTS.

A New York message last night reports that sporadic rioting has broken out in the Philippine Islands with the disturbance centred in the towns outside the capital which has been cut off from provincial communication through the severing of the telephone wires. The trouble is due apparently to incendiary speeches by Communists who, a Manila message reports, have seized the municipal building of Santa Rosa.

	P. Hardv.	H. Summers.
		S. Williams.

Singles.

The Singles will play in black & white.

SHIPPING.

It is understood that the Prefecto Garcia is arriving at Stanley to-day from Berkeley Sound with passengers.

FANCY DRESS DANCE.

A Fancy Dress Dance under the auspices of the Stanley Benefit Club will be held in the Town Hall on Thursday, the 9th instant. Prices - Married couples 2/6, Ladies 1/-, Gentlemen 2/-.
 The proceeds will be in aid of the Club's Children's Party Fund.

MACDONALD'S IMPRESSION ONGERMANY.

According to the Daily Telegraph correspondent in Berlin Mr Ramsay MacDonald has received a good press in Germany, his House of Commons speech yesterday being taken as a sign of the British policy returning to the fundamental principles formulated in the February Anglo-French communique.

Mr MacDonald is regarded an intermediary since he has stressed in the Commons that the security system is incomplete without Germany's co-operation while Germany shared the view expressed by the British Premier that a costly and pernicious air race must be avoided.

The United States press consider the speech milder than it might have been expected and that it practically amounts to an appeal to Germany to discontinue her misbehaviour while it is also stated that this is the most momentous statement of British foreign policy since the war, though Germany may again mis-read the British sentiments as she did in the months prior to the war.

THE DANUBIAN CONFERENCEPRELIMINARIES.

According to a Venice report the Italian, Austrian and Hungarian Ministers assembled yesterday and conversations are opening shortly relative to the Danubian Conference.

The outcome of the talks will probably affect the European situation since certain Hungarian sections are urging that Hungary should not attend the conference unless re-armament is considered.

The Italian Foreign Minister, Suvich, must, therefore, play the role of conciliator.

Launas : The Memel Directorate President has proposed that the German majority parties should appoint three members of the total of five.

U.S.A. SENATE REJECTION.

Reuter's Washington correspondent reported last night that the Senate had rejected without a division the proposal to empower President Roosevelt to make readjustments in war debts and use the proceeds for the payment of veterans' bonus.

THE PHILIPPINE RIOTS.

A press message from Manila reports that the police and rebels are still fighting and the conflict throughout the previous night resulted in sixty casualties, most of which were fatal.

The situation is still tense in Laguna, Bulacan, Cavite and Rizal but officials consider that the interment of 8,000 United States troops quartered near Manila will probably be unnecessary.

SERBIAN CHARGES AGAINSTDICTATORSHIP.

The Serbian leaders, a report from Belgrade announces, are opposing the Jugo-Slavian dictatorship and in airing their grievances to the foreign press have frankly charged the government with illegally interfering with the prospects of the opposition at the forthcoming elections. The elections are due to take place to-morrow (Sunday.)

ARMY LORRY OVER PRECIPICE.

It is reported from Simla that an army lorry fell over a precipice yesterday at Subathu with five killed and six seriously injured.

The soliders involved are attached to the Royal Artillery.

MORE EARTHQUAKE SHOCKS.

Earthquake shocks at Kars, Caucasasia, have resulted in 500 killed.

SOON THERE WILL BE NO WHALES LEFT.

Bombing Them From the Seas.

- o -

(As an indication of the publicity received at Home with regard to whaling in the Antarctic we publish the following article which appeared in the "Sunday Times" of 17th February last with due acknowledgement.)

- o -

The greatest slaughter of whales in the world's history is in progress. Every whale caught is worth just over £200.

In the next five months until the end of the season in early summer it is estimated that 30,000 whales in the Antarctic will fall victims to the deadly accuracy of the explosive harpoon.

Whaling was once surrounded with glamour and romance. The whale in the old days had at least a fifty-fifty chance of escape from its pursuers.

To-day whaling is murder, and, unless the operations of the whaling fleets are severely curtailed, the Antarctic whale will be extinct within a very few years.

Last year tentative proposals were made to restrict the fishing. They have not materialised.

With the exception of one year, there are more whaling ships in the Ross Sea and off South Georgia than ever before.

There are twenty factory ships & 150 whale catching craft at work in the Ross Sea, and fifteen catchers operating for land refineries in South Georgia.

Sixteen of the factory ships fly the Norwegian flag.

Four are British, manned by Norwegian crews, and this year Japan has entered the scramble for whale oil with one factory ship and its flotilla of catchers.

Whale oil is cheaper than it has been, but, in spite of that seven million pounds sterling will be taken out of British Antarctic waters before midsummer.

When whale fishing in the Arctic came to an end because all the whales were killed, Carl Anton Larsen tried to interest the whaling companies of Dundee, Leith and Peterhead in Antarctic whaling. They laughed at him.

The Norwegians stepped in, and, backed by Argentine capital, they secured practically a monopoly of southern whaling.

In the past twenty years they have taken out more than £80,000,000 out of the South Polar seas.

More than 6,000 men, nearly all Norwegians, are employed by the whalers in the Antarctic during the fishing season.

Deadly Accuracy.

Because of the deadly accuracy of the modern harpoon and the efficiency of modern machinery, fewer men are employed than was once the case, but more whales are killed.

The whole carcasses are dealt with in the Ross Sea, which is under the jurisdiction of New Zealand, in the factory ships, huge floating refineries into which the whale is hoisted and converted into oil and other by-products.

The factory ships are fed by the catchers, which pursue their remorseless search wherever the ice conditions of the vast area over which they operate will permit.

These boats, of about a hundred tons, scurry back to the factory ship when they have made catches with the dead whales in tow.

The whales, monsters of between eighty and 100 tons, are actually bombed to death.

The modern harpooner is an expert gunner. He never misses.

The modern harpoon, weighing 120 lbs carries twenty-eight pounds of explosive.

When the catcher sights a whale it rushes towards it. The harpoon is fired at a distance of not more than fifty yards.

It "chugs" into the flesh of the helpless whale. A timed detonator is released.

Three seconds afterwards a blanketed thud tells of the explosion.

After a few convulsive jerks the whale turns back downwards, dead.

When the whale is dead the winches rattle and the whale is hauled alongside.

A Good Catch.

A steel tube is inserted into its stomach. The cavity is filled with air, and the carcass is ready for towing to the floating factory.

On a good run a catcher may kill, and tow back to the mother ship, as many as six whales.

When they reach the mother ship the whales are hauled through a hole in the rows. The flesh and blubber is removed by flensers, who hack it off with sharp spade-like tools.

The first quality oil is then extracted in super-heated vats. The residue of the flesh and bones is re-processed in steam digesters to remove the balance of oil, and the oil is run into tanks each capable of holding from 500 to 700 tons.

A full cargo of oil is about 12,000 tons.

Practically the whole of the whale is utilised.

The flesh is turned into meal for cattle and pig feeding, or guano for fertilising crops.

Even the bones are converted into manure.

The chief significance attaching to the Japanese incursion into the whaling industry is that whale oil is the most important source of glycerine, needed for the manufacture of high explosives.

ONE WHALE PRODUCES - forty tons of oil, which is used for lubrication, jute weaving, and the manufacture of glycerine, margarine and soap;

Seventy tons of by-products from flesh and bone, which are converted into meal for cattle and pig feeding or dried and powdered for use as a fertiliser.

THE FRANCO-SOVIET PACT.

A message from Paris last night stated that the text of the Franco-Soviet Pact has been issued, and the vital feature of it appears to be clause II, stating that in the event of France and the Soviet being subjected to unprovoked aggression on the part of any European State, the Soviet and France reciprocally, shall immediately come to each other's assistance.

The Pact will remain in force for five years and an early ratification is expected.

According to the Daily Telegraph correspondent Moscow official circles express a lively satisfaction at the treaty's conclusion, while it is emphasised that it leaves loopholes for Poland's ultimate adherence.

While the Rumanian Foreign Minister now visiting Paris considers the Pact "has brought daylight into the European situation" there is a feeling of resentment in Warsaw that the Franco-Soviet Pact was signed by France without awaiting the outcome of the projected visit of M. Laval since there are in it matters which profoundly affect Poland.

BRITAIN & U.S.A. ENTER ON

CIVIL AVIATION AGREEMENT.

Reuter's correspondent in Washington reports that the State Department announces that the United States and Great Britain have entered into a civil aviation agreement which becomes effective on 5th May whereby reciprocal conditions under which aircraft may operate have been outlined, including the issue of licences.

The territories covered by the agreement include the entire Atlantic area.

STANLEY'S JUBILEE CELEBRATIONS.

Although the day was cold and a drizzly rain fell most of the time the weather did not interfere with the celebrations yesterday in honour of the Jubilee of His Majesty the King's accession to the throne twenty-five years ago.

The Review of the Defence Force in Government House Paddock in the morning by His Excellency the Governor and the distribution of Jubilee Medals and other honours drew a huge throng to witness the proceedings while for the subsequent service in Christ Church Cathedral the edifice was packed.

In the evening the Colony Dance in the Town Hall attended by His Excellency, was an enormous success and the night time illuminations of Government House and the Town Hall with the flood-lighting of the Battle Memorial were most effective.

Throughout the week-end a large number of Campers gathered in the town and these all helped to make the proceedings unusually festive.

A detailed report of the Celebrations will appear in the "Penguin" in due course.

HARDY'S CINEMA

Will present to-night (Tuesday)

"Sandy Burke of the U Bar U."

Price of Admission 1/6 & 1/-.

LOCAL FOOTBALL.

The Singles beat the Marrieds.

In a most exciting and interesting game yesterday afternoon the Single men beat the Married men by 6 - 2. Although the ground was somewhat heavy play was fast and the ball "flew" from end to end continuously and until a short time from the end it would have appeared that the game might have been won by either side.

There was very little to choose between the teams except that the Single men showed better combination than their opponents.

At half time the Single men were leading by 2 - 1 - all three goals were excellent and there is no doubt that the very fine shot of Pike's which opened the scoring and put the ultimate winners one goal up took the "wind out of the sails" of the Married men.

In the second half when the Married men were playing against a slight wind they made a fatal mistake by re-arranging their side for the purpose of trying to pile on the goals and thus dis-organising their defence. The latter played up well to the onslaughts of the Singles' forwards but towards the end the combination and persistent thrust of the latter broke down their stand and the last three goals came quickly.

There was a tendency on the part of the losers to sacrifice team play to individual effort while the men were not marked as well as they might have been.

The goal scorers were : Thomas (3), Pike, L. Grant and Clifton for the winners and F. O'Sullivan & D. O'Sullivan one each for the losers.

The referee was Mr L.W. Aldridge.

PROMOTIONS & RELEGATIONS.

Saturday saw the last of the Football Association league games for the season 1934-1935 and though a number of final placings were apparent before the last games were played the promotion of Bolton Wanderers from the 2nd Division to the 1st - taking the position out of the hands of West Ham United caused considerable disappointment among the West Ham fans and, on the other hand, great elation among the followers of Bolton Wanderers.

Arsenal are of course easy champions although they conceded two points to Derby County at home. The two unfortunates in the 1st Division to be relegated are : Tottenham Hotspurs and Leicester City whose places are being taken by Brentford and Bolton.

Charlton Athletic comes up into the Second Division from the Third Southern while the honour in the Northern Section goes to Doncaster Rovers.

The teams seeking re-election in the Third Division are : Southend United and Newport County in the South and Carlisle United and Southport in the North.

CRICKET.

Saturday - 1st Day -

At Lords - M.C.C. 84 : Yorkshire 228 and no runs for no wickets.
 At The Oval - Surrey unbatted : Somerset 313 for seven wickets.
 At Oxford - Oxford University 185 for three : Worcestershire 101.
 At Cardiff - Glamorgan 51 for three : Sussex 288.
 At Birmingham - Gloucestershire 78 for three : Warwickshire 228.
 At Leicester - Leicester unbatted : South Africans 312.

BOXING : Glasgow - Flyweight Scottish champion Lynch knocked out Welsh champion Hazell in the first round.

Ottawa : Negotiations are proceeding for the opening of an Ireland to Canada air service within a year with the outward route ending in Newfoundland.

------------	----	---	--------------	----

THE JUBILEE CELEBRATIONSAT HOME.

The heart of the Empire, a message from London last night reported, was the scene of unparalleled celebrations and Jubilee tribute to Their Majesties of tens of thousands, many of whom stood all night in the streets acclaiming with the greatest demonstration their love and loyalty.

At St Paul's Cathedral the King and Queen, accompanied by forty members of their family and in the presence of 5,000 leading citizens of the Nation and Empire joined in the Thanksgiving Service for the blessings of the twenty-five years reign enjoyed by Their Majesties.

After the return to Buckingham Palace, Their Majesties stood for ten minutes acknowledging the frenzied cheers of 50,000 who had assembled since early morning and the King and Queen made a subsequent appearance in the afternoon when the crowd failed to disperse.

Royal weather graced Their Majesties progress with the day the warmest of the year and one of unbroken sunshine, giving the utmost gaiety and colour to the countrywide decorations and ceremonies.

The day's proceedings terminated with the King lighting the Hyde Park bonfire by a switch which signalled the giant illumination scheme throughout the British Isles which was without precedent with beacons blazing on Ben Nevis, Skiddaw, Snoden and Scawfell and back to the starting point.

London flood-lighting presented an amazing spectacle and the streets were thronged to a late hour.

The occasion was marked by the absence of casualties with the exception of heat fainting, some 8,000 cases being dealt with.

Earlier messages from London concerning the Celebrations state that the Jubilee is receiving worldwide attention with Hitler and other heads of States sending congratulatory messages and the press of all nations printing eulogies of King George and the Empire's respect which he has engendered.

The Metropolis has never been gayer with the meanest streets subscribing to the general decorative plan and the main thoroughfares emblazoned with bunting, streamers and

festoons.

For the three nights prior to Monday vehicular traffic was almost at a standstill while masses of pedestrians were compelled to move at a snail's pace.

Owing to the influx to the capital His Majesty issued an order that Hyde Park was to remain open all night where, in view of the warm weather, it was expected that many excursionists would sleep owing to lack of accommodation.

Hotels were booked to their utmost capacity while trains from all parts were arriving early Monday morning added to the congestion.

Barricades were erected along the streets leading to the procession-al route and there was practically a standstill throughout the entire area from 9.0 a.m..

The latest reports from the provinces on Sunday night indicated that these areas were also celebrating on a scale hitherto unknown while the Dominions joining in the tribute to the Monarch was without parallel.

FLOODS AT BAHIA.

A message from Rio de Janeiro on Sunday night reports that terrific floods and landslides have been caused by torrential rains which have ravaged Bahia, the third largest city in Brazil causing more than fifty deaths with several hundred people injured.

The Daily Telegraph correspondent states that the rain falling within the last few days totals over sixty inches and all buildings in the upper part of the town have been evacuated, while deep crevasses have appeared near the government offices.

Many buildings have crumbled to ruin and thousands of the inhabitants have been rendered homeless.

Communication is almost entirely suspended and it is stated that a public calamity has occurred.

MOSCOW MAY DAY DETAILS.

The Daily Telegraph correspondent in Moscow states that it is now revealed that the Soviet May Day celebrations included 3,050 war planes and 2,830 tanks in the capital while similar demonstrations took place on a smaller scale in at least a dozen other cities.

THE SOVIET & THE HUMAN

ELEMENT.

According to the Daily Telegraph correspondent in Moscow, Stalin in addressing the military cadets on passing out said that in the past, the Soviet had considered technique everything but that period was now passed.

The Soviet had lacked a full appreciation of the human element which must administer all machines, he added.

This is regarded as a definite order to the whole administration relative to the callousness in treating workers generally.

UNFAVOURABLE COTTON TRADE REPORT.

It is reported from Manchester that the International Federation of Master Cotton Spinners reports unfavourably on the cotton trade throughout the world in the first quarter of 1935 with only Italy registering increased prices and employment.

Japan is showing anxiety concerning overproduction, particularly with regard to rayon yarns.

IMPRISONMENT FOR HITLER

DEROGATOR.

A message from Berlin reports that a special tribunal has sentenced the Austrian born Londoner Rohme to eighteen months' imprisonment for derogatory remarks about Hitler, German womanhood and administration in the country.

NEW SPANISH CABINET.

According to the Daily Telegraph correspondent in Madrid Sr Leroux has been prevailed upon to form a new cabinet. Portfolios are being held by five Catholics as against four Radicals. The Catholic leader Sr Robles has been appointed War Minister.

Early messages reported that the Premier had sustained serious injuries but an examination at a nursing home to which he was removed has allayed fears.

GERMANY & THE

FRANCO SOVIET ALLIANCE.

The German press unanimously condemns the Franco-Soviet Pact as a military alliance contracted against Germany, states Reuter's correspondent in Berlin.

It is also alleged that the alliance endangers European peace while the subsidiary agreements make the Pact even more deadly than at first apparent.

Soviet Russia, however, comments enthusiastically, holding the view that the Pact constitutes a valuable contribution to the cause of strengthening peace security with agreement in consonance with the entire policy of all previous pacts made by the U.S.S.R..

It is added that the Pact is embodied with one aim, namely to keep peace by restraining the instigators of the European war while it adds to the U.S.S.R. security and also promotes European security and therefore security throughout the whole world.

PRELIMINARIES TO DANUBIAN

CONFERENCE.

In an effort to clear a way for the big Rome conference proposed to deal with the non-interference with the Austrian Pact, a conference between Italy, Austria and Hungary opened at Venice on Saturday.

According to the Sunday Times correspondent, Hungary is only willing to join the Rome Conference if the re-armament of Austria, Hungary and Bulgaria is to be discussed at Rome despite the Little Entente's objections, and that the Hungarian dispute with Yugo-Slavia regarding the responsibility for the assassination of King Alexander is settled at the meeting of the League on May 20th.

FRENCH PREMIER IN MOTOR

COLLISION.

Premier Flandin sustained a slight fracture of his arm when his car was involved in a collision with a deputy's car near Anxerre in the Yonne Department.

The s.s. Lafonia was reported to be 480 miles from Stanley at noon yesterday.

HARDY'S CINEMA.

There will be a Children's performance to-morrow, doors opening at 5.0, commencing at 5.30 p.m..
 Prices of admission - Children 6d, grown-ups accompanying children 1/-. Money taken at the door.

STANLEY GOLF CLUB.

The Annual General Meeting of the Stanley Golf Club was held in the Church Room on Friday evening last under the chairmanship of Mr J.D. Creamer.

After reading the minutes of the previous annual general meeting the Honorary Treasurer laid before the meeting a statement of accounts for the year ended 31st March last showing a balance of cash in hand amounting to £15.0.0.. The statement was accepted by the meeting which then proceeded to elect the officers of the Club for the coming season.

His Excellency the Governor was unanimously elected Captain and the following to form the Committee - Dr H.G. Edmunds (vice-captain and chairman,) the Hon. G. Roberts, the Hon. A.R. Hoare, Mr J.D. Creamer, Mr L.B. White and Mr H. Thompson (honorary secretary & treasurer.)

The question of subscriptions for 1935 was then discussed and it

was decided to increase the subscription for gentlemen resident in Stanley to £1.10.0 per annum with the other subscriptions remaining as previously, viz - Lady Members resident in Stanley 15/-, Camp Members 7/6d.

Members are reminded that subscriptions on the scale shown above are now due and the Honorary Treasurer will be pleased to receive payment as early as convenient.

GOVERNMENT NOTICES.

No. 57. Colonial Secretary's Office, Stanley.

It is hereby notified for general information that in pursuance of instructions received from the Right Honourable the Secretary of State for the Colonies, His Excellency the Governor has been pleased to make the following appointments to the Legislative Council of the Falkland Islands

NORMAN KEITH CAMERON, ESQ.,

to be a Member for a period of five years with effect from the sixth day of May, 1935;

VINCENT ARTHUR HENRY BIGGS, ESQ.,

to be a Member for a period of five years with effect from the sixth day of May, 1935.

No. 58.

His Excellency the Governor has been pleased to appoint the following persons to be Justices of the Peace for the Colony, with effect from the 5th of May, 1935 :

Norman Keith Cameron, Esq.,
 Port San Carlos,
 John Dennis Creamer, Esq., Stanley,
 John William Grierson, Esq., "
 Albert Newing, Esq., "

By Command,
 M. Craigie-Halkett,
 Colonial Secretary.

WHIST WINNERS.

Those who secured the prizes at the Working Men's Social Club usual whist drive held last night were : Mrs Neilsen and Mr E.A. Biggs (firsts) and Mrs F. O'Sullivan and the Hon. V.A.H. Biggs (boobies.) Mr W. Hutchinson was M.C. and ten tables were used.

SWEEPSTAKE RESULTS.

W.M.S.C. : 1st 6518, 6654 & 6580 £3.6.8d. each; 2nd 6828 & 5181 £3.10.0d each; 3rd 6609, 6512, 5593 & 4294 £1.5.0d each. Thirty-five team prizes of 17/9d each. Amount collected £61.1.0d. Expenses 11/7d, Children's Party Fund £1.10.5d, Club Funds £5.17.9d. Prizes £53.1.3d. Unclaimed prizes last week - 4201.

Note ; All prizes not claimed by mid-day on Monday 13th instant, at the discretion of the Committee will revert to the Club or the Children's Party Fund.

GERMAN NAVAL CONSTRUCTION.

It is reported from Paris that a press correspondent on the Danish border gives details of the German naval construction now proceeding at Kiel and Hamburg. The Hamburg building projects include the construction of many 656-foot submarines while at Kiel work is continuing on the covered slips where in addition two destroyers are being built.

A message from the Daily Telegraph in London last night added that Germany's naval development in submarines is based on mass production lines and twelve vessels are being built with interchangeable parts. No naval conscripts have been called up but there is no lack of volunteers for submarine service.

AUSTRIAN ACTION ON GERMAN SENTENCE.

It is understood from Vienna that the Austrian Foreign Office is considering taking diplomatic steps concerning the conviction of the Lon-

don horn Austrian Rohme who was sentenced to eighteen months imprisonment recently for alleged insults to German leaders.

FIRST RUSSIAN PRESIDENT OF LEAGUE COUNCIL.

At the next meeting of the League of Nations Council on May 20th, it is reported from Geneva, the gathering will be presided over by the Soviet representative Litvinoff who takes alphabetical precedence and thereby becomes the first Russian representative to take office in that capacity.

U.S.A. ACTION AGAINST JAPANESE.

The Los Angeles correspondent of the Daily Telegraph states that in an action brought by the General Electric Company of America against a group of Japanese distributors, the court has prohibited the importation of Japanese electric bulbs with an annual sale of ten million.

The court has also ordered the payment of damages to the extent of the company's losses by previous importations which infringed patent rights, counsel claiming that the home product had been undercut by 66 per cent.

FRENCH SUFFRAGETTES'

DISTURBANCE.

The French communal elections, it is reported from Paris, have been marked by a concentrated attack by suffragettes who instituted unofficial polling stations outside all the Parisian polling booths.

When the police attempted to remove them they were attacked by clouds of face powder which half blinded and suffocated the officers.

The principal suffragettes were eventually arrested.

Tokio : Japan is increasingly restive over Canada's long inattention to her request for ameliorating the stringent import restrictions and it is reliably reported that Japan will not wait much longer before applying her trade protection law enforcing a 100 per cent sur-tax.

DANUBIAN PACT DRAFT.

The consultations between Italy, Hungary and Austria ended at Venice on Tuesday with an agreement come to for drafting the proposals for the Danubian Pact of non-interference, for presentation to the Rome Conference states the Daily Telegraph correspondent.

The need to harmonise the views of all the countries concerned was observed and consultations with other powers are to be continued through diplomatic channels.

Meanwhile the Hungarian Foreign Minister, Kanya, states that the Hungarian policy remains unchanged.

MOSCOW-PRAGUE AIR LINE PROJECT.

A press message from Moscow reports that the Czecho-Slovakian delegation for the purpose of inaugurating a Moscow-Prague air line has arrived to forward the negotiations.

SWISS KIDNAPPING SEQUEL.

It is reported from Berlin that the German Foreign Office has notified the Swiss Legation that Germany has agreed to settle the dispute relative to the kidnapping of the journalist Jacob by arbitration.

JAPAN'S AIR FORCE.

Reuter's correspondent in Tokio reveals that the newspaper Asahi has announced that the Japanese air force of 800 planes, as compared with the Soviet 3,000, is being doubled and 48 million yen are being spent on the re-organisation of the force.

Strong air units are being stationed at Gifu in Korea and at Formosa

U.S.A. & FOREIGN GOODS.

Oscar Johnston, the manager of the Agricultural Adjustment Administration, reports in Washington on his arrival back from Europe that there is a profound feeling against the importing of American products unless the United States shows a willingness to buy foreign goods, but despite this tendency the sales of American cotton is likely to increase.

THE ROYAL ACADEMY.

A message from London states that Private View Day at the Royal Academy resulted in sales to the value of £5,000 which is £1,500 above last year's sum, with the Leverhulme Art Gallery making the highest individual purchase of £1,500.

GENERAL SMUTS & EUROPE.

In addressing the House of Assembly at Cape Town General Smuts has expressed a doubt that the European situation portends war while he is positive that the chances of peace are probably better to-day than they have been for many months past.

Doctor Malen, in surveying the situation, said that a large section of the people were beginning to feel that if connection with Britain meant South Africa being involved in war, then the sooner the connection with the Mother Country was severed, the better.

ALLEGATIONS AGAINST U.S.A.

COTTON TRADING.

The closing session of the International Cotton Conference at Rome has adopted resolutions criticising the United States on the grounds of falsely packed bales, marketing methods and inferior quality.

Egypt has been selected as a meeting place for the next conference in 1937.

NEW SOVIET LOAN.

A decree has been issued in Moscow announcing a new State Internal Loan of 3,400 million roubles on a ten-year term. The loan is destined to finance the National Economic Plan.

BRITISH AIR FORCE PLANS.

The Daily Telegraph states that the Air Ministry is already taking measures to combat the increased German Air Force by planning the recruitment of more short term officers, increased training & more training centres for air reserves.

There will be a Company Meeting this evening from 6.0 to 6.30 p.m..

THE CHURCH BAZAAR.

Gifts for the Refreshment, Flower and Vegetable Stall of the Church Bazaar on Saturday the 11th instant, will be gratefully received on the morning of the Sale at the Church Hall between the hours of 10.30 a.m. and noon.

LAST NIGHT'S GALE.

After a bright and sunshiny day yesterday considerable inconvenience was felt by those wishing to attend the Defence Force Dance in the Town Hall last for soon after 9.0 p.m. when the dance was commencing a strong wind accompanied by a driving rain came up from the west. At times the velocity of the wind was over sixty miles an hour. In spite of this, however, the attendance at the dance was in no way affected and the event, which will be reported upon more fully in due course, proved an enormous success.

S.S. LAFONIA.

At 5.0 p.m. yesterday the s.s. Lafonia was reported to be 225 miles from Stanley. It is understood that for the previous four or five hours she was making ten knots and if her progress was not retarded later she should be expected sometime early this evening.

ITALIAN FILM BAN.

It is understood from Rome that the Ministerial Council over which Mussolini presided has decided that for three foreign films shown one Italian must be exhibited.

THIRTY-FIVE YEARS AGO.

Mr Fred Newman's Remarkable Voyage.

Blown Out to Sea for 3 Months.

Thirty-five years ago on Sunday - the 5th of May - Mr Fred Newman started on his remarkable and enforced voyage to Montevideo the circumstances attending which we reproduce with due acknowledgement from the Falkland Islands Magazines of 1900.

Mr Newman, who is still a well-known figure about Stanley, is now over eighty years of age and with his wife, who is also still alive, has had a family of some twenty-four children. Both Mr & Mrs Newman have outlived the majority of their children including the son who accompanied Mr Newman when he was blown out to sea in a small cutter while travelling from Teal Inlet to Stanley on the momentous occasion which we recount again.

In the May number of the Magazine for 1900 is the following report: "Mr Fred Newman's family left Teal Inlet on the 5th May in the "Shamrock" and reached Stanley in the afternoon. He and a son of nine years old sailed at the same time in a small cutter he had himself decked. They were hailed by the "Shamrock" outside Salvador, but he replied that they were all right and the "Shamrock" need not stand by. They have not been heard of since." The following month the Magazine reported that Mr Newman was seen on the afternoon of the 6th May from the Johnson Harbour camp about three miles from land north of the Volunteers, a gale from the south-west was blowing and the cutter was tossing about. The "Fortuna" going north was crossing Berkeley Sound at the time she passed the Volunteers at dusk. A sharp look out was kept for F. Newman by Captain Rowland who had heard of his having left Teal Inlet for Stanley but no sign of the cutter was observed. It blew very hard all night; some gear having been carried away on board the "Fortuna" she put back to Port William to refit.

After a cryptic announcement in July that nothing had been heard of Mr F. Newman and his son came the astounding sight of the two missing

souls landing safe and sound at Stanley from the Pacific Company's Royal Mail Steamer "Orellana" which arrived on August 10th.

The September Magazine gives the following report:

The "Orellana" which arrived at Stanley on August 10th, thus being three days late, brought amongst other passengers Frederick Newman & his little son, who had joined the ship at Montevideo. Most of his friends had almost given up all hope of ever seeing him again. The long interval of time that had elapsed since he was last seen, the fearful weather there had been for several days after he left the Falklands, the comparatively small supply of food and water he was known to have with him and the utter unfitness of his boat for such a lengthened journey - all mitigated against the chances of his having survived.

But here he is safe and sound in Stanley once more, going about his daily work as if it had never been interrupted and looking and feeling (so he says) none the worse for his wonderful adventure.

It will be remembered that Newman and his family left Teal Inlet where he had been working for some years on Sunday, the 5th of May. The cutter "Shamrock" of Stanley had

gone out to bring them and their furniture back to Stanley, but Newman had built a boat in his spare time and wished therefore to sail her in, the distance being some 35 or 40 miles, his boat's dimensions being 26 ft 7 ins. long by 8 ft 2 ins broad and 3 ft 6 ins deep.

Taking his little son of 9 years with him he started off before the "Shamrock" but which afterwards passed him off the Volunteer Rocks, and as they did so hailed him to know was he all right or should they stand by, or tow him in. As he seemed quite satisfied, they left him, and went on to Stanley which they reached all right. Sunday night was wild enough but Newman kept on his course as he also did all Monday. On Monday night one of the fiercest gales of the year blew. So hard did it blow in fact that the "Fortuna" which had started for Hill Cove had to put back into Port William.

On Tuesday morning Newman found that he had been blown away off the land and could only just see the lighthouse at Cape Pembroke and which was now away to the west of him. Putting the vessel about he endeavoured to get back, but was unable to do so, and to add to his difficulties some of his gear carried away, so that he could not hoist his sails. He was now in a bad way. Fortunately he was well victualled for the short cruise he expected. Of meat, he had a small quantity cooked, a whole dead sheep, and a young pig cut up in salt. His wife had cooked him a fair amount of bread and he had some flour. Tea he also had, but this eventually had to supply the place of tobacco and his means of cooking was very scanty. The water he brought lasted them twenty-one days. But what proved to be best of all was a large quantity of swede turnips and raw potatoes which in consequence of his moving he had taken up out of his garden at Teal Inlet and was bringing them in for his family's use. These proved to be his best friends for though his water was soon exhausted their natural moisture was sufficient to alleviate their pangs of thirst whilst the tubers themselves gave them enough nourishment for subsistence.

For sixty-two days did he sail about, and during that time they only twice sighted a vessel and each time were too far off to be seen. For a

long time his only thought was to get back to the Falklands. In his vain attempts to do so he went much farther south than the islands and found himself once in the middle of a school of whales. Then the winds took him north of his home and realising by the higher temperature that this was so, he resolved to make for the coast. For five days he sailed westward and then sighted land and got to within quite a short distance of it. Then the wind fell away, and they tried to work the boat in with the oars. But the tide and currents were too strong for him, and once more, the wind rose and carried him out to sea again.

About this time there was a great fall of rain, and so he got a supply of water. Then, for six days more he sailed about trying to reach the coast again, which on the last day (July 6th) he was within easy reach of, when, looking under the sail he saw a steamer coming up. Hauling up a piece of black cloth as a signal of distress, and holding up his little boy in his arms, Newman did his best to attract the attention of those on board. Quickly she drew near to investigate the strange object which they had seen for about two hours and soon, Newman and his son and their boat were all on board.

The steamer proved to be the Argentine transport "Guardia Nacional" bound for Buenos Aires. Here she took them, where they were treated with the greatest kindness and shown much attention.

Everyone was much excited at their wonderful escape and their photographs were taken and shewn on the cinematograph in the places of amusement. A collection amounting to 146.50, dollars was made for them. The boy was taken to Government House and presented to President Roca who very kindly made him a present of 25 dollars. They were both of course much done up after their long cruise and suffered especially from their limbs swelling. For a time before they were picked up the boy was particularly poorly. Strange to say the "Guardia Nacional" which picked them up had also on board twenty-nine sailors belonging to the English ship "Dumbarton Castle" which had been wrecked on 20th May, and who joined her at Staten Island (Tierra del Fuego). With regard to the boat which had carried them so safely Newman was obliged to sell it

in Buenos Aires as it would have entailed a great deal of trouble and expense bringing it back to Stanley.

U.S.A. URGED TO JOIN THE
LEAGUE OF NATIONS.

According to a message from Washington Senator Pope has introduced a resolution in the Senate urging the United States to join the League of Nations as the only means of "entering the peace road and ending war."

The Californian Senator, Johnson in opposing the motion said that the United States could keep out of war by minding her own business and not being propagandized into European affairs.

The resolution was placed on the Calendar for action in the indefinite future.

THE BALKAN QUESTION.

The Daily Telegraph correspondent at Rome states that it is understood that the Austrian Chancellor Hnigg will meet either Mussolini or Suvich over the week-end at Florence for a review of the Venice Conference results and its influence on the Danubian Conference.

It is learned from Athens that the Balkan countries are meeting at Bucharest for a discussion on the Balkan attitude towards the projected eastern and central European Pacts

AGAINST ROOSEVELT AGAIN.

It is reported from Washington that the Senate has alinged itself with the House of Representatives against Roosevelt by the passing of the Pavan Bill providing for the immediate cash payment of 2,000 million dollars in war veterans' bonuses and by the issuing of a similar amount in new currency.

The Senate's final vote of 55/33 was, however, insufficient to override the presidential veto and the measure now goes to White House where a veto is almost certain.

BRITISH MOTOR TRADE

DEVELOPMENTS.

It is reported from London that higher motor car sales are necessitating factory enlargements significant of industrial prosperity in Britain in this particular line.

The Austin Company has planned a £50,000 extension plant while other prominent firms are planning factory developments.

EX PREMIER OF GREECE

SENTENCED TO DEATH.

According to news from Athens the Grecian ex-Premier Venizelos has been sentenced to death at the court martial now being held, together with General Plastiras, and Tzanakis and Condouris all of whom are now in exile, while lengthy sentences of imprisonment have been imposed on other ex-Ministers. Venizelos' son has been sentence to ten years imprisonment.

THE PHILIPPINE RIOTS.

The Daily Telegraph correspondent at Manila reports that two Sakdalista members of the Legislative have been arrested on charges of inciting rebellion while the Acting Governor Hayden states government will press charges of sedition against 250 arrested during the rebellion.

GERMAN METAL VAN.

A Berlin report announces that the ban on the use of copper, nickled tin machinery and their alloys has been extended to lead, chromium and cobalt by a new decree that has come into force. This measure has been necessitated by the shortage of stocks due to foreign currency difficulties.

Tennis : In the Davis Cup Mexico beat Cuba in the North American section winning all five matches. She now meets the winners of the United States and China contest.

S.S. LAFONIA.

The s.s. Lafonia arrived at Stanley overnight and was received about 7.30 this morning. She has no passengers for the Colony but, altogether, there are 139 bags of mail.

The vessel is expected to depart on an insular voyage to-morrow afternoon.

The provisional passenger list includes the following : Messrs K. Luxton, J. Hansen, R.C. Pole-Evans, C. Robertson, S. Miller, H.C. Harding, A.G. Bacton, G.M. Goddard, Miss G. Perry, Mrs Poole & family, K. Betts, A. May, Master Alazia, Mrs A. Bains, Mr J.F. Bonner and the Hon. N. Keith Cameron with Mr T.W. Campbell, the last-named making the round trip.

POST OFFICE NOTICE.

Mails for the undermentioned places will be received at the Post Office not later than noon to-morrow (Saturday) :

West Falkland Ports & Islands,
 San Carlos, Port San Carlos &
 Darwin.

MINIATURE RIFLE SHOOTING.

The highest scores obtained on the F.I.D.P. Miniature Club range last week were :

Monday.		Wednesday.

The winners of the Spoon competitions were : C. Henricksen ('A' Class) and F. Howatt jnr ('B' Class.)

HARDY'S CINEMA

Will present to-morrow night (Saturday)

"The Fangs of the Wolf."

Price of Admission 1/6 & 1/-.

Doors open at 8.15, commence at 8.30

Tickets on Sale at the "Kelper" Store.

PRINCE PETER OF YUGO SLAVIA.

A message from London reports that Prince Peter of Yugo-Slavia returns to school in England after the Easter holidays. A strong police force will guard the railway station on his arrival.

DEVELOPING AUSTRALIAN TRADE.

According to a message from Melbourne Australian Trade Commissioners have been appointed to Shanghai and Batavia for the development of foreign trade owing to British restrictions.

JAPANESE DELEGATION TO

NEW ZEALAND.

It is reported from Wellington, New Zealand, that the Japanese trade delegation expected has arrived to open negotiations for creating fresh markets.

GENEVA & TERRORISM.

After a ten days' deliberation on terrorism the special League of Nations Committee formed to deal with the subject has completed the draft of its report but has not been able to reach any agreement on the ques-

tion of an international tribunal for the trial of political crimes of violence.

DANCE.

A Social Dance will be held in the Town Hall, Stanley to-morrow (Saturday) commencing at 8.0 p.m. and continuing until mid-night. Price of admission - 1/-.

BOXING.

Good bouts were witnessed at the White City, London, yesterday where the coloured heavyweight Obie Walker outpointed the forty-year-old Australian Cook after a spirited fight while the South African McCorkindale beat the Italian Baiguerra on points in a thrilling contest.

FOOTBALL.

The Anglo-Scots beat a representative English team at London yesterday by scoring the only goal obtained in the match.

OBITUARIES.

Manacc : Lady Eckstein, the widow of Sir Frederick Eckstein, formerly a partner of the Weinher Bein Company.

Badminton, Gloucestershire : Lady Diana Shedder, aged 36 years, as a result of a hunting accident in 1929.

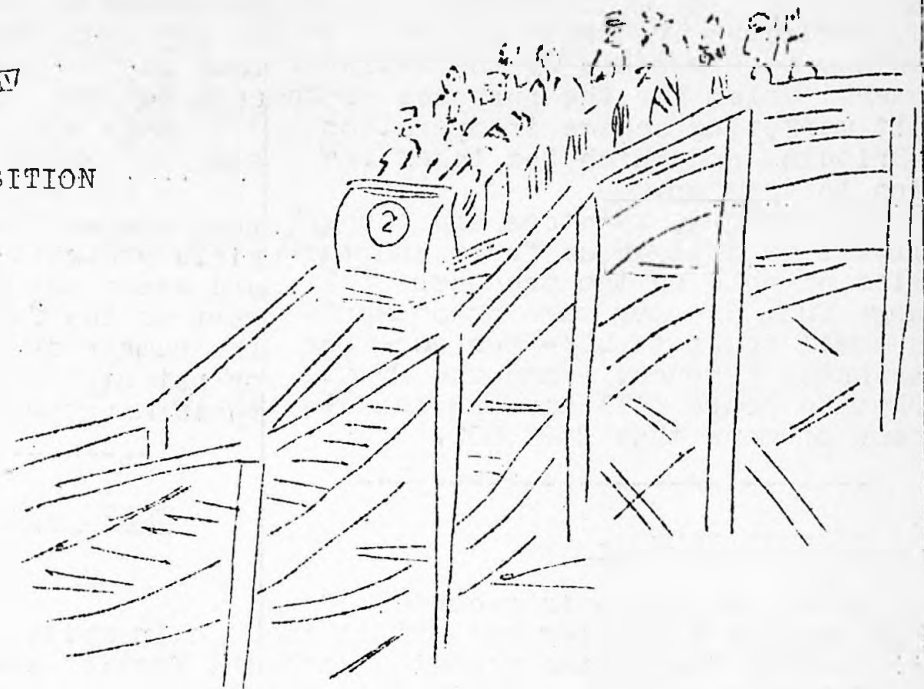

Paris : Merlin, formerly a Governor of Indo-China and the father of the Davis Cup player, has died following an overdose of a sleeping draught.

THE KENTUCKY DERBY.

It is reported from Lexington, U.S.A. that the winner of the Kentucky Derby is Omaha at 4/1, with Roman Soldier second at 5/1, and Whickolo at 50/1 third.

WEST STORE CHIT CHAT.

1924

BRITISH EMPIRE EXHIBITION
AT WEMBLEY.

One of the features of this great Exhibition was the giant switchback with its ups and downs.

One of the prime reasons for JOHNIE WALKER'S popularity is that its quality has NO ups and downs - it is constant throughout the years and throughout the world.

"JOHNNIE WALKER" SCOTLAND'S BEST WHISKEY.
OBTAINABLE AT THE WEST STORE.

Red Label 4/9 and 8/11.

Black Label 5/11 and 10/9.

Kit of parts for "Kilodyne 4" All wave radio set.
£9/0/6. You build it yourself.

Muranese 11d " "
Hammered Cathedral 11d sq. ft.

SCRUBB'S BATH DELIGHT

(Perfumed Ammonia)

2/3 per bottle.

IN FUTURE CUCUMBERSARE FRUIT !!

Cucumbers are fruit ! This decision has been reached by the National Farmers' Union for the purposes of the fruit marketing scheme in operation in Britain, and which has taken two years to draw up.

"Cucumbers, tomatoes and rhubarb will all be classed as fruit and the levies payable by the producers will range from 5/- per acre on orchards and small fruit to 40/- per acre for glasshouse produce; and the Fruit Marketing Board will have an annual income of more than £100,000.

THIS IS PLUCK -

Great fortitude is recorded of a man who, with his leg cut off at the knee, calmly lay on the roadside smoking until the ambulance arrived. He is T. Jordan of West Croydon. He was working with a travelling crane removing felled trees when his left leg was caught in the machinery and was cut off.

He remained conscious the whole time and asked for a cigarette while a passing man applied a tourniquet to stop him from bleeding to death.

A SECOND WHIPSNADE ?

The Earl of Dudley is contemplating converting Dudley Castle grounds near Birmingham into a zoological gardens, on similar lines to those of Whipsnade. No immediate decision is expected though.

ENGLAND'S PAGEANT.

The work has been completed for the Pageant of England to be produced at Langley Park, near Slough, from May 28 to June 11 in celebration of the Silver Jubilee. The Duke of Kent has accepted the office of Patron.

An average of nearly 1,000 performers will appear in each of the seven episodes and in the grand Empire finale. The profits are to be devoted to the hospitals in the district.

CUPID ON THE PHONE.

Phone calls in the London area increased by over 1,000,000 a week in 1934 but there was an appreciable loss in the operating force, due to resignations on account of marriage.

This has been revealed in the Post Office annual report.

A wag in commenting on the report states that hundreds of "Hello" girls are getting matrimonial calls and bases the foundation of his statement on the fact that the report shows the number of new entrants to the day operating force to be 1,200 to replace those marrying.

WHERE GIRLS CAN NEVER BEAT MEN.Cricket Monopoly.

In spite of the recent success of the English women's cricket Test team in Australia, women will never attain the perfection of men cricketers.

This is the considered view of Miss R.J. Jacob, a triple Cambridge Blue in hockey, netball and cricket, and who is the headmistress of Harrogate "adies' College.

"I cannot envisage the Oval as the centre of a feminine cricket loving populace watching Test matches between their own sex," she said to an interviewer with a smile.

Sports in girls schools would, in future, she thought, become an essential part of the curriculum. She had found that girls improve their studies noticeably when they attained success in sports.

This new interest in sport among girls was, she believed, a reaction to the post-war period when the phrase "modern girl" was regarded as synonymous with Eton crops, lip-stick and extremes of fashion.

BRITAIN HAS MORE BABIES.

For the first time since 1920 the birthrate for 1934 in Britain shows a definite increase over the previous year.

This increase, amounting to .4 per 1,000 is regarded as the first real rise in Britain's birth rate for fourteen years. The rise is considered to be the result of improved industrial conditions.

HOSPITAL NEWS.

An operation was performed on Edward Biggs in the Hospital yesterday

D.F. Band Practice : There will be a practice for the Brass Band on Tuesday at 7.30 p.m..

GOLD UNEARTHED IN MEXICO.

Rich Find In A Cave.

Discoveries of bar gold and silver to the value of £1,000,000 are reported from Mexico City.

Some 4,000 silver ingots, weighing 100 lb each, and sixty-four bars of gold, weighing 30 lb each, were found in a cave by a hunter in the wilds of Durango State.

Army sappers making excavations on Margarita Island, in the Gulf of California, which is being fortified, unearthed 1,000 ingots of silver and 600 bars of gold.

The government has claimed half of these treasures in accordance with a law to that effect.

FEW CARS IN YUGO-SLAVIA.

Motor traffic is declining fast in Yugo-Slavia.

No cars are manufactured in the country, and the high price of petrol coupled with heavy luxury and other taxes, has led to the almost total cessation of imports, both of motor cars and motor-cycles, and many motorists have not renewed their licences.

As against, for instance, 41 motor cars to each 1,000 of the population in France, there is only .8 per cent to each 1,000 in Yugo-Slavia.

At the same time the State railways, which determinedly oppose all proposed concessions to motorists, are making a high bid for the popularity of the country by the introduction of tariffs.

STUDENTS' TOO MUCH SPORT.

Statistics show a marked increase in heart disease in Hungary since the exaggeration of the fashion for sport and sunbathing.

To combat this danger an order has been issued by the chief city doctor that all students taking part in school and public sport contests must be examined by a heart specialist. Where the condition of the heart leaves the possibility of doubt a roentgen photograph and a cardiogram sketch must be obtained.

In the spring and autumn students will be entered for sports contests, but permission to take part in these contests will depend on the doctor's certificate.

CONQUEST OF THE UPPER AIR.

The conquest of the technique of rising to the stratosphere, where the rarified air renders little resistance to craft, making possible the attainment of extraordinary speed, is now seriously occupying the attention of the Soviet physicists, engineers & aviation experts.

At a conference recently held at Moscow, attended by more than 200 of the country's leading scientists, it was agreed that wider experimentation in the use of rockets for exploring the stratosphere should be undertaken.

Professor Tzielkovsky expressed the opinion that stratostats will not be able to rise more than two miles above the altitude already reached. At such heights, he explained, the life of the pilot is endangered owing to atmospheric conditions which cause the envelope to freeze and be cracked by frost.

It will be recalled that a Soviet balloon made a record ascent in September 1933, when it reached a height of nearly twelve miles, surpassing the record of August Ficcard.

One of the first of the series of experiments with rockets will take place this month, when a rocket propelled by explosions of benzine and liquid oxygen is to be shot into the air. This rocket, intended merely as a preliminary experiment, weighing fifteen kilograms, is calculated to rise only two and a half miles. It will be equipped with a barograph apparatus and parachute, which is to open automatically, so that instruments shall remain uninjured when the rocket descends.

A "JUBILEE NEW TESTAMENT."

To the variety of souvenirs that have been evoked by Their Majesties Silver Jubilee, the Cambridge University Press contributes a "Jubilee New Testament" with the obverse of the commemoration medal embossed on its cover. It is for distribution among school-children & is published at 1/3.

STEALING A HOUSE.

The police of the suburb of Pesterz, near Budapest, are searching for a stolen house and the earth on which it stood.

This curious theft has been notified by Mr J. Janois, an inhabitant of the suburb, who arrived at his property the other day to find the house gone and a large hole, where valuable clay soil had been carted away.

Mr. Janois sues the town authorities and the police for carelessness in allowing a house and ground to be transferred without legal right during a period when the owner refrains from visiting his property.

ASLEEP FOR THREE YEARS.

The case of Velimir Yokitch, a peasant in the village of Ratari, in Serbia, has aroused great interest in the Serbian press.

Although normally cheerful disposed, three years ago at Christmas he was overcome by a sudden depression, and went to bed. He slept almost continuously, being awakened only at intervals to take food, until October last year, when his family

awakened him by telling him of the news of the assassination of King Alexander. A sudden change came over him. After a long weeping he made a pilgrimage to Opkenats, the king's burial place, and went at his grave. Since this he has become perfectly normal, goes about his work as usual, and has taken the oath of allegiance to King Peter.

IDEA TO HELP BEGGARS.

Special small metal discs are to be made available in Madrid which may be given to the numerous beggars who throng the streets of the capital. The discs are sold by a charitable organisation and the beggars may exchange them for meals.

It is estimated that there are 30,000 unemployed in Madrid, and this number is swollen by many necessitous persons who come in from the country. There is no municipal insurance, but the Municipal Council and several welfare organisations do something to relieve the existing misery.

THE KING AND THE SCOUT BEACONS.

His Majesty the King lit the first of the Boy Scouts' chain of Jubilee Beacons on Monday last, the 6th of May. From a room in Buckingham Palace His Majesty lit the beacon in Hyde Park built by the Westminster and Kensington Scouts. Five minutes later, on the stroke of ten o'clock (10.30 p.m. in Scotland and Northern Ireland), over a thousand beacons burst into flame in loyal tribute.

Altogether there were over 841 beacons in the fifty-five Scout county areas in England and Scotland. The West Riding of Yorkshire took the lead with 98 beacon sites, next came Essex with 54, Northamptonshire with 49, Suffolk with 42, Lincolnshire and London 30 each, Surrey 33 and Worcestershire with 31.

Many points of vantage on which beacons have blazed in times of danger and jubilation since the days of the Romans blazed again on the 6th of May.

The following are some of the sites: In Wales, the heights of Snowdon, Flynlimmon and Cader Idris. At the last named owing to the steepness of the summit the necessary fuel had to be moved up slowly from one dump to another, a day at a time.

A scoutmaster and two scouts volunteered to sleep the night before the blaze in a cave just below the summit.

The beacon at the top of Ben Nevis, the highest mountain in the British Isles, 4,000 feet above sea-level, entailed a three-and-a-half hours climb.

VILLAGE IDEAS ON ART.

The Spanish Academy of Fine Arts faces a delicate problem in its task of convincing the village folk of Martin Munoz of the necessity of allowing an original Greco painting to be removed to Madrid for restoration.

An expert from the famous Prado Museum in Madrid had been sent to the village to bring the picture in for restoration; but Civil Guards armed with rifles had to protect his retreat. The villagers are not, however, interested in the Greco for the sake of the artistic value of the picture, but because they believe it to be worth 1,000,000 pesetas. They

have figured it out carefully, and estimate that this would amount to 6,500 pesetas for each household of the village, and they are resolute not to let the picture out of their sight until they have been paid.

EXAMINATIONS IN WEIGHT.

Australian schoolgirls are being kept under official observation to see whether studying for examinations makes them lose weight.

Following reports from Tasmania of the alleged injurious effects on girls of homework and examinations, the medical branch of the Education Department of South Australia has been paying special attention to the question.

The examination of girl pupils over a period of three months has shown that those studying for leaving examinations lost approximately 2 lb., while those not studying lost little more than half a pound.

Dr Christie of the Education Department points out that the figures for the full year, showed an increase in weight all round, indicating that school life probably was not detrimental to girls' health at all.

The average gain of girls not sitting for examinations was 4.7 lbs. Those of the intermediate class gained approximately 4 lb., and those taking leaving and higher examinations five and three-quarter pounds.

Thus, he concludes, the mere taking of weight over a brief period and from one particular school or type of school, was insufficient for the purpose of formulating definite ideas.

It is intended during 1935 to extend the observations to include a larger number of girls.

CHILD CARRIED OFF BY A WOLF.

The parents of a seven-year-old boy, Radoye Ristovitch, of the village of Leshnitsa, in Montenegro, had the terrible experience of seeing their child carried away by a wolf while they were cutting wood in a forest the other day. The father ran after the wolf with his axe but was unable to overtake it.

AN "AERIAL TUG."

A step that may lead to a North Atlantic air service, has been taken by Imperial Airways. It is stated that Imperial Airways have placed an order for an experimental "pick-a-back" machine, for lifting another aeroplane with a heavy load into the air.

"If this experiment was successful," it was stated, "it may lead to a later experiment across the Atlantic. There is no immediate proposal to try to fly the Atlantic with this type of machine. Planes can be built with a longer range than would be required to cross the North Atlantic, but the difficulty lies in getting them safely off the ground with the load of petrol they would have to carry.

"The machine that has been ordered will have special climbing and lifting power, in the manner of a tug with great pulling power."

GARIBALDI'S COOK.

Virginia Prevosti, who was for some time cook to Garibaldi, has just celebrated her hundredth birthday at Genoa.

She lives in a small house in the San Fruttuoso quarter, hardly moving from her chair. Nearly all her thoughts and conversation is about Garibaldi.

SMALLEST ELECTRIC MACHINE.

It is reported that the smallest electric machine has been made by a young electrician in Szekesfehervar, Hungary. The dynamo is about the size of a fly, and is believed to be three and a half millimetres smaller than the smallest known electric machine.

The machine took four months to construct and was made under glass which magnified it by five hundred.

INSURING AN EMPEROR.

Austrian Monarchists have invented a novel method to secure a large insurance for the life of "Emperor" Otto.

SHIPPING NEWS.

The s.s. Lafonia left Stanley early yesterday morning with many passengers for the Camp while the exodus of visitors for the Jubilee celebrations continued throughout yesterday with many riders returning to the stations from dawn to afternoon.

The "Port Richard", formerly the "Afterglow" left Stanley yesterday morning en route for Albermarle where she will commence preparations for the forthcoming sealing activities of the Sealing Company.

CARGO VESSEL SAILINGS.

We have been informed that the Pacific Steam Navigation Company has advised the Falkland Islands Company of the following sailings of Cargo Vessels from the United Kingdom. All vessels sail from Liverpool.:

m.v. Lobos	13th July 1935.
" La Paz	14th September "
" Lautaro	23rd November "

These dates are subject to alteration and the sailings to cancellation should circumstances require a revision.

CHRIST CHURCH CATHEDRAL

SALE OF WORK.

The sale of work in connection with Christ Church Cathedral held in the Church Hall on Saturday and opened by His Excellency the Governor realised over £80.

The hall presented an unusual atmosphere of activity and, under the circumstances, the result brought more funds to the church than was at first expected.

The sale was organised by the Church Council with Mrs Louis Williams taking a leading part in arranging the stalls and securing helpers and materials.

The stalls and stall holders were : General - Mrs E.J. Gleadell, Mrs B. Newing, the Misses M. Bundes, N. Iellman, M. Summers and M. Duffin; Linen - Mrs J. Turner and Miss N. Biggs; Fancy Stall, Mrs Cheverton, Miss Henniker-Heaton and Miss P. Henniker-Heaton; Lucky Dip - Mrs F.F. Iellman, Mrs Hall, Mrs F. Allan Miss L. Lyse and Mr J. Ratcliffe; Sweets - Mrs F. Berntsen, Miss D. Atkins and Miss M. Petterssen; Vegetable - Miss A. Felton and Mrs A.W. Beardmore; Refreshments - Mesdames T. Paice, J. Bowles, J. Binnie, G. Hansen, J. Halliday, the Misses E. Hirtle, N. Steen & D. McAtasney; while the "Throwing the Penny" and "Covering the Sixpence" competitions were run by the Girl Guide under their Captain - Miss O.H. Felton.

Numerous raffles were also arranged and the winners of these were : M. Reive (pillow cases), T. Finnie (yellow cushion), S. Bonner (cushion cover), N. Kenny (2 silver vases), Agnes McAtasney (box of sweets,) Lena Lyse (blue cushion), Miss Bossingham (dressed doll), P. Dixon (luncheon

(continued on page 3.)

AUSTRO-ITALIAN TALKS.

A message from Florence on Saturday stated that Mussolini, in piloting his own aeroplane and accompanied by Suvich, arrived at the city for talks with the Austrian Chancellor Schuschnigg which lasted two hours.

A subsequent communique stated that there is complete unanimity of views with reference to non-interference with Austria's independence, monarchical restoration, rearmament and Nazi propaganda in Austria, but it is understood that Schuschnigg expressed his dissatisfaction of the terms of the Non-interference Pact drawn up at Venice, stating that Hungary was favoured thereby.

THE ITALO-ABYSSINIAN SITUATION.

British & French Consultations.

According to the Sunday Times a message from London reports that the British and French governments are consulting on the situation arising from the Italo-Abbyssinian situation with a view to considering steps for hastening the setting up of a conciliation commission which has already been agreed upon by both parties.

It is understood that no allegations have been made against Britain relative to the supplying of arms to Ethiopia as might be inferred from Italian newspaper articles.

REFUGEE KIDNAPPING PROTESTS.

It is reported from The Hague that diplomatic representations by Holland relative to the alleged kidnapping of the German refugee across the frontier has resulted in the victim being released.

Czecho-Slovakia is also making protests against another abduction of a German refugee.

The case of the Swiss kidnapping of the journalist Jacob is awaiting arbitration.

SINO-JAPANESE AGREEMENT.

According to a message from Tokio an agreement has been reached between Japan and China relative to the exchange of diplomatic representations. The message has obtained authoritative confirmation with the news that the legations will be raised in rank.

RUMANIAN DEBT PAYMENTS.

The Rumanian government, so a message from London affirms, has been notified by the British government that the latter will accept a reduction in the monthly payment of the commercial debt from £60 to £50 thousand and during the remainder of the present quarter owing to the decline in British imports from Rumania.

MORE GOLD FOR NEW YORK.

Gold estimated at 13,000,000 dollars has been engaged for the United States this week from Paris, it is reported, with the shipments being made within a day or two for New York.

GOLF.

A message from Sandwich states that the American Lawson, the title holder of the British amateur championship, is competing for the St George's Challenge Cup while Canadian tourists have entered.

A latter message reports that the Challenge Cup was won by Chittenden (St George's Club), with Aiken (Royal and Ancient) as the runner up.

PILSUDSKI DEAD.

It is reported from Warsaw that Marshall Pilsudski, the Polish dictator and War Minister has died.

(Continued from page 1.)

set), P. Coutts (box of sweets,) C. Reive (fountain pen and pencil), N. Penny (blue cushion), Mrs Hutchinson (green cushion), C. Bundes (short-bread), J. Goodwin (box of sweets), T. Hardy (box of sweets), Mrs Williams (hand knitted jumper), C. Skilling (cushion), Mrs W.B. Dixon (iced cake), Mrs Norris (tea cosy), Mrs J. Robson (box of sweets), Mrs Hutchinson (tea cosy) and Mrs F. Davis (lace centre.)

Reports of the opening speeches will appear in due course.

MINIATURE RIFLE SHOOTING.

The Jubilee Medal will be competed for on Monday at the 15 yards & on Wednesday and Friday at 25 yards, the highest aggregate score of the three cards pronouncing the winner. Members will choose their own handicaps.

On Wednesday there will be a Spoon shoot as well.

SIR JAMES O'GRADY'S WILL.

It is announced that the late Sir James O'Grady, K.C.M.G., who died on the 10th of December last has left estate of the gross value of £8,921 with net personalty £7,718.

Sir James was formerly Governor of the Falkland Islands being invalided home in 1933.

DEATH OF FORMER FALKLANDS

CHIEF CLERK.

The African World of the 6th April reports the death of Mr T. Nelson Goddard who was formerly well-known in the Falklands where he was in the service from 1914 to 1920 being then transferred to Sierra Leone.

The African World's obituary notice states :

"We learn with deep regret that Mr T. Nelson Goddard, M.B.E., Senior Assistant Colonial Secretary of Sierra Leone, died at Freetown last Sunday morning after a short illness at the

age of 45. Mr Goddard was held in high esteem by African and European alike, and recently acted as Governor with marked success on the transfer of Sir Arnold Hodson to the Gold Coast. He was accorded a military funeral, and the service in the Cathedral was attended by all classes of the community.

Thomas Nelson Goddard was born in 1889, and took his degree from Warham College, Oxford, in 1912, says the "Times" in a memoir. In April 1914, he went to the Falkland Islands as private secretary to the Governor, Sir W.I. Allardyce, and clerk of the Executive and Legislative Councils.

When the war broke out in August he joined the local volunteer force, which he subsequently commanded; he was also postal censor and Proper Officer of the Crown in the Prize Court. In February, 1915, he was appointed chief clerk in the Colonial Secretary's Office, and later became Acting Commissioner of Currency and Acting Local Auditor.

In 1920 he was transferred to Sierra Leone as Assistant Colonial Secretary, and was soon after appointed clerk to the Executive Council. Later he was made Census Officer and was Acting Colonial Secretary for various periods, becoming Chief Acting Colonial Secretary Colonial Secretary later. Mr Goddard was the compiler of the official Handbook of Sierra Leone published in 1925, which is really much more than a handbook. He was assisted by the expert knowledge of various colleagues and the result was an admirable survey of the history and development of that Ancient and Loyal Colony. Mr Goddard is survived by his wife, who was Miss Beryl Hall Hall, and to whom heartfelt sympathy of a wide circle of friends will be extended in her great bereavement.

ROOSEVELT AND THE SENATE.

While President Roosevelt has been spending a quiet week-end at Blue Ridge hunting lodge, the Capitol has been invaded by a series of messages extending to the value of 500,000 dollars in cablegrams despatched by Reuters under the instructions of the War Veterans leaders urging the Senate to over-ride the President's veto on bonus payments.

NEW ZEALAND NATIONALISTS.

It is announced from Wellington, New Zealand, that an amalgamation between the two most powerful political parties in the Dominion has been effected between the United Party, under the Premier, Mr Forbes, and the Reformers, under the Land Minister, Mr Coates, and that they will contest the forthcoming elections as Nationalists.

THE ARRIVAL OF THE YANKEE.

The American yacht "Yankee" which is crossing the Atlantic to compete in the big class yachting events in Britain during the coming season is due to arrive at Southampton today (Monday) escorted by the auxiliary schooner "Atlantic."

CHAUFFEUR'S CONFESSION.

It was reported from Basle last night that a chauffeur has confessed to preparing the plans for the abducting of seventeen German anti-Nazis and Catholic emigres who disappeared in the vicinity of Salzburg last week & were taken across the Bavarian border.

ENGINEERING DISPUTE ANNOUNCEMENT.

The Executive Council of the Amalgamated Engineering Union, a message from London reported last night, has issued a document to the branches stating that the recent unofficial disputes had been precipitate and ill-considered involving the Union in financial obligations far beyond their value and the members have been warned that this tendency must be checked.

ENGLISH - THE UNIVERSAL LANGUAGE.

The Rotary Association's Conference being held at Margate and extended to admit foreign delegates, has been discussing the problem of a

universal language and the Finland representative expressed the opinion that the world is gradually drifting towards the adoption of English.

GREEK MONARCHY IN VIEW.

It is reported from Bucharest that the possibilities of a reconciliation between Ex-King George and ex-Queen Elizabeth of Greece is believed to be the subject of a discussion between the ex-Queen and the Foreign Minister Maximos, such a reconciliation, it is stated, being probably, a preliminary to the restoration of the Greek monarchy.

Restoration activities are being encouraged throughout Greece and it is rumoured that the French Pall Boncours recent associations with the ex-King are connected with this matter.

EGYPTIAN RESIGNATION.

According to a Daily Telegraph report from Cairo King Fuad has accepted the resignation of Ziwer Pasha who has been granted leave until June. This is understood to be a sequel to the palace quarrel on the subject of behind the scenes intrigue.

A later message states that the situation is not critical but interesting developments are expected though for it is clear that there will be no immediate return to a constitutional regime.

FOREIGN FUNDS FLOWING TOLONDON.

Fear as regards the gold bloc future is resulting in a steady flow of foreign funds to London for safekeeping with heavy gold withdrawals from the continent and the French and Swiss national banks recording substantial specie reductions.

In France the budget's approach is anticipating the devaluation question and while the business men meeting on Saturday were urging the elimination of other currencies the Chambers of Commerce are declaring formal attachment to the gold standard.

NOTICE.

With reference to Government Notice, No. 55 of the 1st May, 1935, it is hereby notified for general information that the small medal the issue of which has been approved by the King to commemorate the Twenty-fifth Anniversary of His Majesty's Reign has been received in the Colony.

It is available for sale to the public in a cardboard case at the price of 2s. 6d and may be obtained either at the Colonial Secretary's Office, the West Store or the Globe Store.

THE CARGO BOAT.

Information has been received that the m.v. Laguna arrived at Bahia Blanca on the 13th instant and is expected to leave for Stanley on Friday, the 17th.

WOOL & WHALE OIL.

In giving the quotations for Falkland Islands wool up to the 29th of March last, Messrs Buxton, Ronald, Du Croz & Company, state that owing to indifferent competition some of the best marks of Falkland Islands wool were not offered at the recent auctions, so that the top prices are to a certain extent approximate.

The wool prices given are :

Quality	"A" Good	"B" Medium	"C" Inferior.
Fine	10d	8½d	7¼d.
Medium	8d	7d	6½d.
Coarse	6½d	6d	5½d.

The price of Whale Oil as given by Messrs Meade-King Robin-

GOVERNMENT NOTICE.

No. 60. Colonial Secretary's Office, Stanley, 15th May, 1935.

His Excellency the Governor directs the publication for general information of the following telegraphic correspondence exchanged on the occasion of His Majesty's Silver Jubilee, 6th May, 1935 :

From His Excellency the Governor to the Secretary of State for the Colonies :

No. 32 The Government and people of the Falkland Islands submit most respectfully their loyal and heartfelt congratulations to the King on the occasion of His Majesty's Silver Jubilee.

From the Secretary of State for the Colonies to His Excellency the Governor :

No. 42. Your telegram, No. 32 of May 6th, conveying a message of loyalty and congratulations to His Majesty the King on the occasion of His Silver Jubilee has been laid before His Majesty who desires that an expression of His sincere appreciation and thanks may be conveyed to the Government and people of the Falkland Islands for their loyal message.

By Command,
 M. Craigie-Halkett,
 Colonial Secretary.

AIR FORCE EXPANSION PLANS.

The Daily Telegraph correspondent states that the plans for the expansion of the Air Force are being announced in the House of Commons next Wednesday.

The plans provided for the trebling of the home defence force within two years and doubling of the total air strength.

The home force is to be increased from 43 to 128 squadrons thus equalling the French forces in Europe and North Africa.

It is known that Germany will have equal strength in the near future if she does not already possess it.

In addition the overseas units of the flying-boat squadrons and the fleet air arm will be increased thus making the approximate total 2,000 aircraft within two years.

THE FIRST JUBILEE BALL.

The first of the Jubilee Balls which the King and Queen are giving at Buckingham Palace was held on Tuesday night when the guests numbered 2,000.

PRINCE OF WALES APPEAL.

His Royal Highness the Prince of Wales in a message to the Sports and Games Association of the King George Jubilee Trust, invites the association to consider various means of assistance to give the younger generation a chance to become fit for the game of life.

He suggests that this might be done by members giving their services as trainers of boys and girls who have fewer opportunities to learn how to play and by assistance to boys and girls' clubs.

NOTICE.

I hereby apologise for any statement I have made against the character of Alice Watson. I unreservedly withdraw all such statements & I acknowledge that they are entirely without foundation.

(Signed) Louisa H. Hansen.

Stanley, 15th May, 1935.

CHINESE MINERS DROWNED.

Four hundred Chinese miners and a Japanese engineer were drowned in a colliery near Tsinanfu yesterday.

The disaster resulted from the sudden bursting of a spring which flooded the mine in forty minutes.

LAWRENCE OF ARABIA'SSERIOUS ACCIDENT.

Mr T.E. Shaw, whose former name was Colonel Lawrence, has met with a serious motor-cycle accident and has been lying unconscious for over two days. It is feared that he has a fractured skull.

As Colonel Lawrence of Arabia he became famous during the war as the leader of Arab irregular forces in Palestine during the campaign there.

He adopted the name of Shaw by deed of poll in 1927 after the publication of his book entitled the "Revolt in the Desert."

BRITAIN'S COLD WEATHER.

Britain is experiencing a spell of exceptionally cold weather with snow in Scotland and many parts of England as far south as Leicestershire.

COMMONS DEFENCE DEBATE.

Plans for a debate on defence measures in the House of Commons on the 22nd instant were discussed on Tuesday.

Mr Baldwin will be the principal government speaker and it is understood that assurance will be given that whatever hopes there may be of a future international agreement on limitation, nothing will be allowed to prevent such expansion of the Royal Air Force as is necessary to ensure adequate defence.

Cresford : A settlement has been reached in the colliery wages dispute and clearance work is being resumed to-day (Thursday) stated a Daily Telegraph message last night.

BARONY FOR BUCHAN.

It was officially announced last night from London that His Majesty the King has been pleased to confer a barony upon Mr Buchan, the Canadian Governor General designate.

ITALY AND ABYSSINIA.

A press message from London last night stated that the British Ambassador in Rome, Sir Eric Drummond, is arriving there to-morrow (Friday) to inform the Cabinet of the present position of the Italian dispute with Abyssinia.

In the British view the decision of both countries to submit the case to a Conciliation Commission renders it unnecessary for the League to discuss the Abyssinian new appeal when the Council meets on Monday, states the Daily Telegraph. But the paper's Addis Ababa correspondent states that the Emperor is justified in his demand for immediate League action because Italy refuses to permit a review of the frontier treaties by the Commission.

Rome declares that mobilisation is steadily continuing throughout Ethiopia while a Berlin message reports that the Abyssinian Consulate is being besieged by German volunteers for service with Abyssinia but all applications are being refused with the stereotyped reply "No Europeans taken."

IRISH FREE STATE BUDGET.

It was reported from Dublin last night that the Finance Minister, Mr. McEntee, in presenting the Free State budget yesterday stated that the revenue expectations had been exceeded by £538,000 at 28 million pounds while the expenditure was £4,000 less at 31 million pounds. But the Exchequer balance had been reduced from 5 million to 2 million pounds.

The taxation increases announced are : 4d on tea, ½d on sugar, 8d on tobacco per lb respectively; 6d cwt on wheat; extension of the existing oil duties; and an increase by 50 % on cinema seats above 6d.

THE FRANCO-SOVIET PACT.

It is reported from Moscow that a communique issued on the conclusion of the Franco-Soviet talks has announced complete unanimity of views on the Mutual Assistance Pact.

The Daily Telegraph Berlin correspondent understands that Hitler's speech to the Reichstag on the country's foreign policy on Tuesday next, will deal with German apprehension of the scope of this pact and its bearing upon the Locarno Treaty and it is likely that he will address a direct question to France as to whether she would consult the Locarno signatories before proceeding to Russia's assistance under the terms of the pact.

Hitler will also seek to justify the contention that the League had no right assigning judgment on Germany. The speech will be broadcast throughout Germany.

"STRAIGHT" QUESTION TO BRITAIN.

According to a message from Paris last night the French press is pleased with the United States Treasurer, Morgenthau's speech on currency, and considers that the issue is being put squarely to Britain in the words "Will you stabilise?"

It is alleged that only Britain desires the prolongation of the exchange disorder and America agrees with the majority of Europe in demanding a termination to the "Exchange War."

PACIFIC MANOEUVRES QUERY.

It is understood from Washington that the Navy Secretary Swanson has informed the press conference that the Pacific Fleet manoeuvres were not directed against Japan. Reuter adds that Swanson also said that there was no objection to the Japanese fleet manoeuvring in the North Pacific provided that they maintained a position 2,000 miles from the west coast of America.

S.S. LAFONIA.

The s.s. Lafonia was expected at Chartres at 6.30 yesterday evening leaving later for Rov Cove.

JONKER DIAMOND SOLD.

It is reported from New York that the jewel dealer Winston has purchased the Jonker diamond at approximately 750,000 dollars but he states that if it remains unpurchased as a national treasure he will cut it up into small stones.

NEW TYNESIDE DOCKS.

The Daily Telegraph understands that a scheme for the new Tyne-side docks, costing £750,000 is being proceeded with after consideration with the railway authorities.

THE LATE MARSHAL PILSUDSKI.

All Poland is in mourning for the late Dictator, Marshal Pilsudski, with the streets draped in black and flags at half-mast. Thousands are filing past the bier in Belvedere Palace, Warsaw.

LABOUR CONSCRIPTS.

A message from Berlin states that young Germans must prove themselves first as "good working men" before they start training as conscripts in the German Army.

An announcement to this effect has been made in Leipzig by Colonel Hierl who has emphasised that the Nazi Labour Service was compulsory and invaluable, especially to future officers and N.C.Os.

FOLDING AUTOGYRO.

A contract for the construction of a combined autogyro and "motor-car" has been awarded by the United States Department of Commerce.

The rotor-propeller folds back so that it can be kept in an ordinary garage, says a press message. It can ascend at an angle of 45 degrees from a small cleared space.

"DISCOVERY II" COMMANDERTO MARRY.

The Daily Sketch of 2nd April reports that Lieutenant Laidlaw Nelson, commander of the Royal Research Ship Discovery II is to marry Miss Eileen Lee, the eldest daughter of Mr and Mrs John Lee, of Cape Town.

Lieutenant Nelson, who is very well-known in Stanley, is a native of Clydetank and has already achieved lasting fame.

Five years ago, when he was only twenty-five, he navigated the Discovery through an unknown strait in the Candlemas group in Antarctica.

The channel, which lay between two large islands, was rockbound, but Lieutenant Nelson brought his ship through in safety, and in recognition of this feat the captain announced that the strait was to be named Nelson Strait. By this name it will always appear on the maps.

£3,000,000 JOB FOR BRITAIN.

A £3,000,000 contract for Britain as a result of the Prince of Wales action has been revealed by the Iron and Steel Federation.

During the Prince of Wales tour of South America His Royal Highness interviewed the authorities concerned in regard to a contract then in contemplation.

As a result of that interview the Corporation recently received a £3,000,000 contract for Britain in connection with the electrification of one of the Brazilian railways.

FOR STRATOSPHERE.

The construction of a stratosphere plane and a machine designed specially to attack the long-distance record have been authorised by the Air Ministry a London press message reports.

The first plane is to be constructed to explore the stratosphere and is expected to reach a height of 50,000 feet (9½ miles approximately.)

MINIATURE RIFLE SHOOTING.

The first of a series of prac-
 tice shoots held with a view to se-
 lecting the team to shoot for the
 Colonial Small Bore Trophy was held
 in the Drill Hall on Tuesday evening
 when only sixteen members were pre-
 sent.

The "B" team beat the "A" team
 by six points, the totals being 1539
 and 1533 respectively.

The second practice will be held
 on Tuesday next, the 21st instant, at
 7.0 p.m. when it is hoped both teams
 will be fully represented.

S.S. LAFONIA.

At 5.0 p.m. yesterday the s.s.
 Lafonia was expecting to leave
 Chartres for her next port of call.

FALKLAND BATTLE FLAG'S LAST RESTING PLACE.

H.M.S. INVINCIBLE'S ENSIGN FIACED IN
PORTSMOUTH CATHEDRAL.

Ceremony Witnessed By Islander Sailor.

The White Ensign flown by H.M.S. Invincible at the Battle of the Falkland Islands has come to a last resting place in Portsmouth Cathedral. The ceremony - a most impressive one - was witnessed by Donnie Howatt, one of the four Falkland Islands boys who in recent years have gone home and have joined the Royal Navy. Howatt who is now serving with H.M.S. Ajax was at the time of the ceremony on Saturday the 2nd of March last, at Portsmouth Barracks. He was born a few months before the battle took place.

The three other Stanley boys who are in the Royal Navy are : J. Harries, now serving on H.M.S. York and who was on H.M.S. Exeter when the warship was visiting Stanley; H. Lang who is on an oil boat at Malta; and E. Berntsen who recently went home and will in August next be attached to H.M.S. Apollo.

The Portsmouth Evening News, reporting on the ceremony in the Cathedral on 2nd of March last, states :

After being dedicated by the Lord Bishop of Portsmouth at one of the most impressive ceremonies witnessed in the Cathedral for some time, Mrs Townsend, widow of Commander R.H.D. Townsend, who was executive officer of the Invincible when she went down at the Battle of Jutland, hoisted the Ensign in the Lady Chapel, where it will rest for evermore. The historic emblem was the gift of Mrs Townsend.

The Invincible, a battle-cruiser with eight 12-inch guns, at the battle of Jutland came into action against the German cruiser Derfflinger. The English ship was struck in the midship turret on the starboard side by a shell, a terrific explosion followed, and she broke in half and sank.

Of her crew of 1,031 all but

six were lost. Of the six - Rear-Admiral G.H.E. Dannreuther (then Commander), and Yeoman of Signals W.M. Pratt - were present when the flag was hoisted in its last home. One of the six survivors, C.P.O. W.J. Thompson, has since died.

Before Jutland the Invincible was the flagship of Vice-Admiral Sir Doveton Sturdee and Captain (now Rear-Admiral) T.P.H. Beamish, C.B., & was one of the squadron of five ships in the epic battle of the Falkland Islands in December, 1914. Rear-Admiral Beamish was present at Saturday's ceremony.

The Ceremony.

Trumpet blasts in the Cathedral heralded the active part of the ceremony, and the congregation stood. The Senior Canons then, at the behest of the Provost, inquired what manner of summons it might be. He was informed that "There stand at the door certain officers and men of the King's Navy who crave permission to deposit in this Cathedral that which they treasure very highly."

The congregation craned forward to mark the entrance of the newcomers.

In the van was Rear-Admiral Dannreuther; he spoke on behalf of the mothers, widows, sons and daughters of those who perished, desiring that they receive and keep in the safe custody of this Cathedral the Ensign which was flown at the Battle of the Falkland Islands and on other occasions

THE FALKLAND ISLANDS COMPANY LIMITED.

STORES DEPARTMENT.

"We are well assured that it will ever be a satisfaction to those left behind that this Ensign is, forever, safely kept in this sacred and ancient building, a lasting emblem of their loyalty and self-sacrifice," was spoken by the Bishop in accepting the flag.

Slowly the Ensign, borne by four bluejackets with two buglers attendant, passed up the aisle.

During this part of the ceremony the first verse of Kipling's "Recessional" was sung.

"God of our fathers, known of old
"Lord of our far-flung battle line
.

Then, while the procession was moving to the Lady Chapel, the other four verses of the hymn were sung -

"Far-called our navies melt away;
"On dune & headland sinks the fire;
"Lo, all our pomp of yesterday
"Is one with Nineveh and Tyre ...

The words seemed to strike home with poignant force at such a ceremonial.

The crest of the Ensign was dipped to pass it under the portal of the Chapel; followed a few moments of silence in which the congregation gazed expectantly. The thin ropes hanging down were seen to shake and then the Ensign began to rise to hang from its last resting place. Once the Ensign was in position Mrs Townsend, who had hoisted it, and Rear-Admiral Beamish who had commanded it to the care of the Cathedral, returned to the body of the nave with the procession.

"Last Post" and "Reveille".

The two buglers took their stand just outside the Lady Chapel. One sounded the "Last Post" and the other the "Reveille." The trumpet notes had a strange effect amid the old stones of the Cathedral and the standing congregation.

A prayer by the Senior Naval Chaplain in the Port followed.

The Bishop's Address.

The Lord Bishop in his address said the Navy was often called the Silent Service, but there was a Silence that was more eloquent than speech. The flag which had been hoisted in their Cathedral that day would speak to their very souls.

And there it would remain for so long as it held together. It was part of the terrible price that had to be paid for Jutland - a day on which was shown the awful speediness with which the science of modern warfare might do its deadly work.

It was of such things that the Ensign would silently remind them all. It was worth while paying a great price for freedom, but it must be a freedom wedded to duty. That was the lesson of the flag which they were assembled to honour that day - an emblem that spoke of duty in a cause of order and freedom. If that truth was realised, then what had been done that day would be a re-edification silently told in their church for all time.

The Ship.

H.M.S. Invincible had a speed of 25 knots, and was laid down at Elswick, April, 1906, being launched in 1907. She was first commissioned with a Portsmouth crew in March, 1909.

In 1914 she had a long re-fit in Portsmouth Dockyard, and was re-commissioned for war August 3rd, 1914, when she became the flagship of Rear-Admiral Sir Gordon Moore, and took part in the action in the Heligoland Bight, August, 28th, 1914. It was in November of that year that she became the flagship of Vice-Admiral Sturdee, and with H.M.S. Inflexible set out to destroy the German East Asiatic squadron under Von Spee.

After the Falkland Islands engagement the Invincible returned to the Grand Fleet and became the flagship of Rear-Admiral the Hon. Horace Hood, commanding the Third Battle Cruiser Squadron. Commander Townsend was Executive Officer. At the Battle of Jutland the Third Battle Cruiser Squadron, consisting of the Invincible, Inflexible and Indomitable, on coming into action were ordered to take station ahead of the Lion and other battlecruisers. It was while hotly engaged with Derfflinger that the fatal shell from the latter struck the gallant Invincible.

The Ensign now reposing in the Cathedral was landed after the Battle of the Falklands.

Among the congregation were - Mrs Hood (widow of Rear-Admiral the Hon. H. Hood), Admiral of the Fleet Sir Osmond de B. Brock & Admiral Sir R.F. Phillimore.

Stanley,
 Falkland Islands.
 Saturday, 18th May, 1935.

Lighting up time to-night 5.17; to-morrow 5.15.

RADIO PROGRAMME.

This evening
 6.0 p.m. Children's Hour.
 To-morrow
 7.0 p.m. Church Service.
 8.0 Overseas.

NOTICE.

Attention is invited to the Appeal of the Anglo-Belgian Union for contributions to a British Empire Memorial to King Albert of the Belgians.

The Appeal may be seen on the Notice Board, Town Hall.

SHIPPING.

The "Penelope" arrived at Stanley yesterday morning from the Coast having called at West Falkland ports en route.

Mr J. Miller was the only passenger.

The vessel is expected to leave after a stay of two or three days returning to the Coast via the West Falkland.

FALKLAND ISLANDS DEFENCE FORCE.

The programme of training for the week ending the 25th instant is:

Monday, Tuesday, Wednesday & Friday

8.0 p.m. Miniature Rifle Shooting.

Thursday & Saturday

8.0 p.m. Badminton.

MORE U.S.A. GOLD.

Additional gold to the value of seven million dollars is reported to be engaged to New York from Paris.

THE CATHOLIC HOUR.

Every Sunday evening from forty-six stations of the United States National Broadcasting Network is broadcast the "Catholic Hour" by the Paulist Fathers. Sponsored by the American Council of Catholic Men it is described as one of Radio's finest offerings. The scheme provides 30 minutes of instruction and enjoyment with addresses on subjects by Catholic scholars of distinction, Sacred Music of the masters, singing by Paulist choristers and other vocalists of note with instrumental music of highest quality.

So far in Stanley the Catholic Mission has had no opportunity of taking advantage of this beautiful weekly programme and Father Migone, Father Drumm and the Reverend Sisters feel that should the endeavours of well-wishers enable them to instal a powerful radio receiving set, the blessings this scheme would confer on the Church in Stanley would more than justify such an appeal.

Few and far between are the occasions on which Father Migone enlists public support for his Church and we are sure that Catholics and friends will rally round him to assist in the realisation of so praiseworthy an object whereby the installation of a set could be made to synchronise the Catholic Hour with the services of St Mary's Church. Any support or pecuniary assistance will be gratefully received by him, Father Drumm or the Sisters.

HOSPITAL NEWS.

An operation was performed on Dorothy Anderson, aged 14, of Long Island, at the Hospital yesterday.

ARRIVAL.

Mr R. Greenshields of Douglas Station arrived in Stanley yesterday.

IMPORTANT LINK IN

EASTERN EUROPEAN SECURITY.

A pact between Czecho-Slovakia and the Soviet was signed on Thursday by M. Benes and M. Alexandrovsky for the respective governments.

Commenting on the Pact the Daily Telegraph says that it constitutes a further important link in the system of Eastern European security and like the Franco-Russian pact is designed to operate through the League of Nations thus differing from the military alliances concluded by France with Poland and Czecho-Slovakia.

The French Foreign Minister M. Laval is actively endeavouring to forward the multi-lateral pact based on the principles enunciated by Hitler to embrace Russia, Poland, Germany and the Little Baltic States.

These principles are - not to resort to force, mutual consultation should there be violation, and the withdrawing of assistance from the violator.

Warsaw reports that much is expected from Laval's visit which is to be subsequent to Pilsudski's funeral and it will have an important bearing on the Eastern European situation.

FORCEFUL LANGUAGE FROM

ROOSEVELT EXPECTED.

It is reported from Washington that the President's secretary has formally announced that Roosevelt would veto the Patman Bonus Bill with the most forceful language at his command.

Meanwhile supporters are drumming up the votes and while the representatives will undoubtedly override the veto by a substantial margin the Senate is expected to maintain it by at least five votes.

Roosevelt has also challenged Congress on the N.R.A. issue announcing the two years' extension while the Senate voted only ten months. But it is believed that the House of Representatives has approved of the President's decision.

THE NORTHERN IRELAND

BUDGET.

According to a message from Belfast the Northern Ireland Finance Minister, Pollock, has presented the Budget announcing a surplus of £18,000 and big reductions in duties as compared with the Irish Free State £3,000,000 deficit and heavy increases.

Pollock has announced reductions of 12½ % on motor-cars and motor-cycle licences, 50 % on trailers attached to private cars, 25 % on farmers' produce lorries and approximately 40 % on all entertainment taxes. In addition the police pay cuts have been restored.

OIL EVACUATION FROM

MANCHURIA.

According to Reuter information the British and other foreign oil companies operating in Manchuria have decided to withdraw all stocks of petroleum and crude oil from Manchuria in view of the impossible conditions created by the monopoly.

The companies involved are the Asiatic Petroleum, Standard Oil and Texas Oil who have already applied for customs drawbacks.

NORMANDIE DIFFICULTIES.

A message from Paris reports that the dispute between the Normandie crew and the Ministry of Marine continues and the Minister has decided to refer the dispute to Premier Flandin and the Cabinet.

Meanwhile the strike is extending to other vessels owned by the Trans-Atlantique Company.

While earlier announcements indicated that the Normandie's maiden voyage on the 29th of this month (May) would take place under any circumstances Thursday night's official communique suggests that the voyage may have to be compromised.

The view is held that the suspension of the sailing date would be a national disaster and many influences are working towards a settlement for the maintenance of the schedule.

HIS EXCELLENCY THE GOVERNOR'SVISIT TO ST MARY'S SCHOOL.

With the Governor's kind permission Father Migone has furnished us with the following correspondence between His Excellency and the Sister Superior of St Mary's School which we are privileged to publish :

Government House,
Stanley.
30th April, 1935.

Reverend Sister,

I am directed by His Excellency to tell you of his great pleasure in revisiting St Mary's School on Thursday last and in renewing his acquaintance with yourselves and in seeing the excellent manner in which the School is conducted.

I am, Reverend Sister,
yours faithfully,

F. Henniker-Heaton,
Private Secretary.

- o -

St Mary's School,
Stanley.

To His Excellency the Governor,
Sir,

Please kindly accept on behalf of the community and myself sincere thanks for your kind letter.

I am, Sir,
Your obedient servant,

H. Ussher,
Sister Superior.

- o -

Father Migone adds that he is sorry he could not accompany the Governor when His Excellency honoured St Mary's School with a visit but profits by this occasion to make public his thanks for His Excellency's encouraging words to the Sisters. It is very gratifying for them to know that their humble efforts are so highly appreciated by this first authority of the Colony. Needless to say that with God's help they hope to keep on steadfastly in their endeavours to promote the education and welfare of the girls of Stanley.

S.S. LAFONIA.

We understand that the s.s. Lafonia arrived at Brenton Loch this morning.

HENRY LANG.

We learn from Mr J.S. Ryan that his nephew Henry Lang, one of the four Falkland boys now serving in the Royal Navy and mentioned in yesterday's "Penguin", has for the past two years been serving in the battleship H.M.S. Centurion which is at present a target ship attached to the Mediterranean Fleet. Previously Henry Lang served in H.M.S. Marlborough and on a full commission in H.M.S. Resolution.

POLISH DICTATOR'S FUNERAL.

A press message from Warsaw reports that the most impressive prelude to Marshal Pilsudski's funeral and the most outstanding ceremony of its kind in post-war Europe was witnessed yesterday when 15,000 troops led by thirty generals filed past the dead Dictator's body at the Mokotow aerodrome.

The coffin was mounted on a gun-carriage covered with the national flag and piled high with floral tributes from all European nations and beyond the seas, states the Daily Telegraph correspondent.

Among those present were the Earl of Cavan (Britain), General Goering (Germany), Marshal Petain (France) with the French Foreign Minister, M. Laval and Japanese student officers, and Knights of Malta.

Deep reverence marked the aerodrom assembly which was estimated at 200,000 while the route thence was draped with mourning emblems and nowhere was grief more marked than at Ghetto.

THE EVEREST EXPEDITION.

It is reported from Bombay that the Mount Everest reconnoitring party has arrived and was leaving to-day for Darjeeling.

U.S.A. RELIEF PLANS.

According to a message from Washington the Works Allotment Board in a two hours' meeting at White House yesterday when President Roosevelt attended, approved of projects for the expenditure of a quarter of the 5,000 million dollar relief fund placed at Roosevelt's disposal.

The plans include the employment of $3\frac{1}{2}$ million persons on housing schemes, river improvements and rural settlements, and work is to be commenced with the Presidential signature within the next few days.

An ambitious scheme for the harnessing of the Bay of Fundy tides to produce cheap electricity for New England is to absorb ten million dollars during the first year.

THE ABYSSINIAN AFFAIR.

The Daily Telegraph correspondent at Addis Ababa reports that Abyssinia's nominees for the Conciliation Committee are the American Benjamin Potter and the French Maitre Delapradelle.

The note to Italy agrees that the commission shall consider the Walwal incident but again insists that the question of the frontier treaties should be included.

BRITISH AMBASSADOR FOR CHINA.

It is reported from London that His Majesty the King has officially announced that the approved diplomatic correspondent to China should be an Ambassador instead of a Minister.

THE BRITISH INDUSTRIES FAIR.

Buyers from all parts of the world are assembling at Birmingham for the British Industries Fair which is opening on Monday.

It is apparent that the British manufacturers are studying foreign demands and improved mass production methods are meeting with success.

JAPANESE NAVAL BUDGETFORECAST.

The press in Tokio forecasts that the next Japanese naval budget will be 700 million yen which is the highest yet.

U.S.A. RECOVERY BOARDCHAIRMAN TO RETIRE.

According to a message from Washington Reichberg, who succeeded General Johnson as the chairman of the Recovery Board, is contemplating retirement.

EMPIRE AIR LINE TOHONG-KONG.

The question of extending a branch of the service of Imperial Airways to Hong-Kong and China which has been under close observation for some time is expected shortly to materialise.

At the moment discussions are turning on the route to be followed and it is understood that the official view favours the line Singapore, Sarawak, British North Borneo and the Philippines.

The reason for the support that is being given to this route is the difficulty involved in the more direct alternative line of Siam and French Indo-China.

FIRST HAIR CUTTING MACHINE.

A Barbers and Hairdressers' Museum is to be opened in the headquarters of the Barbers' Association in Austria with the object of showing in retrospect the methods and implements used in the service of barbers and hairdressers during the past two centuries.

Among the exhibits will be an implement purporting to be the first hair-cutting machine - a complicated contraption including a "hair-rake" guillotine blade and candle singe.

ARRIVALS AND DEPARTURES.

The s.s. Lafonia arrived at Stanley last night about 10.0 o'clock with the following passengers :

Mrs Halliday, Messrs W. Flowers, H. Halliday, W.J. Fraser, P. Clausen and C. Jones from Port Stephens; Mr & Mrs Shannon, Miss Fleuret, Messrs L. Sollis & J. Butler from Spring Point; Mr W. Binnie, Mrs W. Binnie & child & Mr Browning from Chartres; Mrs C. Evans and child & Mr W. Pearson from Hill Cove; Mr M.O. Lyse from Saunders Island; Mr & Mrs J. Watson, Mr J. Rae, Mr & Mrs R. Cartmell, Mr H. McMullen, Miss McMullen & Mr and Mrs J.T. Wood and child from Brenton Loch; the Hon. N. K. Cameron & Mr R.C. Pole-Evans & Mr A. Simpson from Port Howard; and Mrs A.J. Berntsen from Port San Carlos; with Mr T.M. Campbell who made the round trip.

- o -

The Lafonia left Stanley for Montevideo in the early hours this morning with the following passengers:

The Hon. N. F. Cameron, Mr and Mrs J.T. Wood and child, Mr R.C. Pole-Evans, Captain and Mrs W.M. Allan and Master S. Allan, Mr & Mrs J. Robertson, Miss McAtasney, Mrs A.M. Honner, Mr F.V. Lellman, Messrs J. Rae, O. Gladell and W. Newing.

THE CARGO BOAT.

The cargo boat is expected to arrive at 4.0 o'clock this afternoon with 170 bags of mail. There are no passengers for the Colony.

Football : In the international match at Amsterdam on Saturday England beat Holland 1 - 0.

The "A" Class Spoon was won by L. Reive and the "B" Class by L.A. Sedgwick.

To-morrow evening at 7.0 p.m. there will be a Team Shoot while on Wednesday, the 22nd, a Spoon Shoot will be fired off.

THE INDIA BILL.

The completion on Wednesday last of the Committee stage of the vast and complicated Government of India Bill constituted a record in the history of Parliament, a London message announces.

By agreement between all parties thirty days have been devoted to this stage in the House of Commons and the measure as it was originally drafted, comprising 451 clauses and 15 schedules, has now been fully examined.

There remains for discussion only the new schedule dealing with the provisions as to franchise. This is based on the general findings of the Franchise Committee and relates solely to the franchise for constituencies, it being recognised that there should be a Commission to delimit the constituencies in India and particularly to delimit the constituencies for special interests.

The Under Secretary for India on Wednesday night last said this could not be done until Parliament had given its approval to the Bill and it was legitimate to leave certain of those matters until the Delimitation Committee had visited India after the passage of the Bill.

GERMAN SAILER WINS GRAIN RACE.

A German sailing ship has won the grain race from Australia, the

ship being the four-mast barque "Priwall".

The "Priwall" arrived in London first in the wind-jammers race from Australia completing the passage in 91 days. She was second in 1934 having taken on that occasion 106 days.

BUILDING SOCIETIES PROGRESS.

The Postmaster-General, Sir Kingsley Wood, in referring in the House of Commons last week to the development of the Building Societies' movement said that twenty-five years ago the balance of the loans outstanding due to the societies in Britain was \$50,000,000. To-day the comparable figure was £475,000,000 due from over a million borrowers.

Over the same period the number of investors in building society funds had risen from 600,000 to 1,800,000 while the building societies had advanced to borrowers the sum of £1000,000,000.

The building society movement he said represented to the world the sturdiness and sagacity of the British Nation. It was a significant and remarkable fact that the total amount of capital held in various ways by small investors in Britain was well over £2,600,000.

JUBILEE DEATHS SET-BACK.

The steady decrease in the number of road accidents in Britain recently received a bad set-back during Jubilee Week when 132 people were killed and over 5,000 injured on the roads.

This was an increase on the previous week and is due apparently to the congested conditions of the roads during the week of the celebrations.

THE FRENCH SHIPPING STRIKE.

The big shipping strike in France is still at a dead-lock and is threatening to hold up the maiden voyage of the Normandie longer than ever. One of the main complaints of the strikers is that all hands are to be paid off at the end of every voyage.

LAWRENCE OF ARABIA -STILL UNCONSCIOUS.

Mr T.E. Shaw - "Lawrence of Arabia" was still reported to be unconscious on Saturday following his motor-cycle accident early last week. The latest bulletin said that there was no change in his condition.

It is understood that although hope for his ultimate recovery has not yet definitely been abandoned his prolonged unconsciousness is sapping his vitality.

ANTHONY EDEN AT GENEVA.

Britain is being represented at the forthcoming meeting of the League Council by Mr Anthony Eden who left London on Saturday for this purpose.

The subjects on the agenda include the Italo-Abyssinian dispute, the refugee problem, the settlement of the Hungarian and Jugo-Slavian question, the boundary question disputed by Iraq and Persia, and the question connected with Danzig.

A delegation led by Lord Cecil and representing several important organisations will present proposals on the refugee problem to Sir John Simon. It is pointed out that there are over a million refugees - Russian, German, Armenian and Assyrian who are in need of international assistance and the delegation is recommending a central organisation for maintaining contact and dealing with the matter.

Under the aegis of the League or as a part of the League. It is suggested that the organisation should devote itself to the task of caring for all refugees for whom the League assumed or might assume responsibility.

SNOW IN BRITAIN.

Heavy falls of snow have occurred in several parts of Britain and the Haydock Park races had to be abandoned. Frost has damaged the early crops in many places.

OIL PROSPECTING IN BRITAIN.

In view of the proposed prospecting for oil in Great Britain regulations have been prepared under the Petroleum Production Act and these have been laid on the table of both Houses of Parliament and they will become operative if a negative resolution has not been passed by either House within the next 28 days of parliamentary sessions.

The regulations ensure that operations must be carried out in accordance with good oil-field practice.

Prospecting for oil on an extensive scale in Britain by well-known corporations is anticipated within the next few months.

MORE SNOW NEWS FROM HOME.

Further reports from England state that heavy snow has been falling at Liverpool, Leeds and Harrogate while the roads in Cumberland, Durham and North Wales are covered with drifts. Many parts of Scotland and Northern Ireland are similarly snowbound.

London's noon temperature on Saturday was 48 compared with 44 the previous day. Nineteen degrees of frost were registered that night at Farnborough and fourteen at Kew.

These temperatures are the lowest for the month of May in the past sixty-four years and are in contrast to the temperatures of over seventy for mid-day during Jubilee Week.

Friday night's frost extensively damaged the fruit trees and the cherry crop in Kent will be completely spoilt if it is reared.

NEW GLIDING RECORD.

It is reported from Berlin that a new gliding height record was established on Saturday by Heini Diettmann of Darmstadt who, with a passenger attained a height of 8,858 feet which is claimed to surpass the previous world record by 3,000 feet.

London : In the Bowls Test Match on Saturday South Africa beat England by 1089/96 shots.

FALKLAND RAMS FOR PORTO ALEGRE.

When the s.s. Lafonia left Stanley early this morning she carried as live cargo some twenty rams from the Falkland Islands Company's camp for export to Porto Alegre.

LAWRENCE OF ARABIASUCCUMBED TO ACCIDENT INJURIES.

A message from Bovington Camp on Saturday night stated that Mr T.E. Shaw (Lawrence of Arabia) took a turn for the worse and his condition was then very serious.

Last night it was reported that the news of the death of Lawrence of Arabia (Mr T.E. Shaw) was conveyed to the King and Queen at Buckingham Palace during the morning.

Lawrence was born in Wales in 1888 and became famous for his daring exploits in Arabia during the war when his courage strategy and novel tactics welded the turbulent tribes of Arabs into a fighting machine of such value as to enable him to immobilise two Turkish divisions and provide a flank force for Lord Allenby's advance through Palestine and Syria.

He championed the Arab cause after the war and was known as the uncrowned king of Arabia. After the war he was offered and declined very high posts under the British Government and became instead a private in the Tank Corps and later an aircraftsman in the Royal Air Force. In 1927 he changed his name to T.E. Shaw.

He was considered a military strategist of the highest rank and a classical scholar whose works have given him a place in modern literature.

PRINCE OF WALES GOLF CAPTAIN.

His Royal Highness has consented to become the captain of the Walton Heath Golf Club.

SOVIET MONSTER PLANE CRASHES.

Forty-seven Killed.

Terrible Air Tragedy.

A message from Moscow on Saturday stated that the aeroplane "Maxim Gorky" which Russia claims to be the biggest in the world crashed near the city airport that afternoon.

The plane collided with a smaller machine states Reuter and the 36 passengers and 11 members of the crew are dead.

The Maxim Gorky" which was completed in 1934 as an aerial propaganda bureau was an all-metal machine with a wing span of 240 feet, eight engines giving a maximum speed of 150 miles an hour, a searchlight of 2½ million candle-power for night flying, and accommodation for sixty passengers in addition to the crew. Its equipment included a newspaper office, photographic, press and broadcasting stations and the plane was so built as to allow it to be quickly converted into a giant bomber or troop carrier during time of war.

A message from Moscow last night stated that a "Hooligan of the Air" is the description applied to the pilot of the small machine which collided with the Maxim Gorky. His name is Blagin.

In defiance of strict orders Blagin was acrobating with his machine while acting as escort to the giant plane.

There will be a State funeral for the members of the Maxim Gorky crew.

ROYAL VISIT TO SOUTH LONDON.

South London demonstrated its loyalty on Saturday and gave the King and Queen a full-throated and typically Cockney welcome when Their Majesties made the second of the four Jubilee drives through the city that day.

Hundreds of thousands of people cheering and waving flags lined the streets. The Jubilee festivities continued far into the night in many districts of South London. Almost every street in Southwark and Camberwell gave tea parties in the streets to the children.

GOVERNMENT NOTICE.

No. 61. Colonial Secretary's
 Office, Stanley,
 18th May, 1935.

With reference to Government
 Notice No. 10 of the 15th of
 January and No. 43 of the 5th
 April, 1935, it is hereby notified
 for general information, that the
 Public Offices will be closed on
 Empire Day, Friday, the 24th of
 May, 1935.

By Command,
 M. Craigie-Halkett,
 Colonial Secretary.

EARLY MORNING ELECTRIC LIGHT.

It is hereby notified for
 general information that arrange-
 ments have been made for the
 supply of electric light during
 the months of mid-winter for an
 approximate period of 1½ hours
 daily commencing at 6 a.m., over
 the period May 21st to July 31st,
 1935.

FALKLAND ISLANDER'S 40-FOOTFALL TO DEATH.

Tragic Accident In America.

It is with regret that we
 have to report the death of Mr
 John C. Bean, of Mattapan, Boston,
 United States of America, a nephew
 of Mr Ralph Williams and Mrs Bell
 of Stanley, who died on the 5th
 of March from the injuries he
 received when he fell a distance
 of forty feet on the 28th of
 February last.

Mr Bean, who was born in
 Stanley in 1882 left the Colony
 some thirty years ago. He is
 married and is survived by his
 widow and several children. We
 are unable to give any details of

the tragic affair for no information
 apart from the fact that the accident
 happened has been received.

WIRELESS GIFT TOLIGHTHOUSE STAFF.

Before departing for England
 the Hon. I.W.H. Young very kindly
 provided the Lighthouse staff with a
 four-valve Eddystone wireless receiv-
 ing set to while away the tedious
 winter hours when off duty. The set
 was installed on the 17th instant and
 the Lighthouse keepers have since
 been enjoying excellent programmes
 from London, Buenos Aires, Montevideo
 and numerous other stations. It has
 already proved a great boon at Cape
 Pembroke so far distant from Stanley
 and this generous gesture on the part
 of Mr Young is greatly appreciated by
 Mr Sully and his staff.

POST OFFICE NOTICE.

Mails for the undermentioned
 places will be received at the Post
 Office not later than Noon to-day
 (Tuesday) :

Weddell Island,
 Reaver Island,
 New Island,
 Port Stephens,
 Albermarle.

DANCES.

To-night : A Social Dance will be
 held in the Town Hall this
 evening (Tuesday). Doors
 open at 8.0 p.m.. Admission
 1/-.

Thursday, 23rd instant. Benefit
 Club Social Dance. Proceeds
 in aid of Children's Party
 Fund. Admission 2/6 married
 couples, 2/- gentlemen, 1/-
 ladies.

DANCES (Continued)

Friday Social Dance in the Town
24th Hall. 9.0 p.m. to 1.0
inst. a.m.. Admission 1/-.

WORKING MEN'S SOCIAL CLUB.

The usual fortnightly whist
drive will be held on Wednesday,
(to-morrow) at 8.0 p.m. Ladies 1/-
Members 1/-.

TABERNACLE TALKS.

The third of a series of in-
teresting literature talks was
given in the Tabernacle Hall last
night by the Rev. W.F. McWhan
the subject on this occasion being
the Life and Works of Sir Walter
Scott.

Children's Performance.

On Thursday there will be a Child-
ren's Show. Doors open at 5.0 and
the performance begins at 5.30.

Each child attending will be pre-
sented with a Jubilee Medal.

STANLEY SPORTS ASSOCIATION.

The Annual General Meeting of
the Stanley Sports Association was
held in the Church Room last night
when there were seventeen members
present and Mr R. Greenshields pre-
sided.

The Treasurer's report showed
that the Association's funds amounted
to £19.15.1d cash in hand and
£342.6.1d in the bank.

In the course of the election of
officers Mr R. Greenshields resigned
his position as chairman and though ap-
pealed to to reconsider his decision
he was adamant.

The Hon. V.A.H. Biggs was pro-
posed as chairman but Mr Biggs himself
made an amendment that the matter be
left in abeyance for the time being
for though he appreciated the great
honour being conferred on him he
thought that someone with a greater
knowledge of horses should take the
position. The amendment was carried.

A full report of the meeting will
appear in due course.

Shop at the

GLOBE STORE.

"Allenbury's" Sherbert.

And a host of other First Class Quality Goods.

THE SANTA CRUZ BANK ROBBERY.

Amazing Development.

With the latest arrival of the Fenelope from the Coast a few details have been gathered concerning the bank robbery at Santa Cruz recently when two English clerks were done to death.

It appears that the thieves went to the staff house and murdered these two young Englishmen in order to obtain their keys. They then went to the bank manager's house, the manager on opening the door being confronted by three masked men levelling revolvers at him. The assailants did not speak but made signs that they required his keys. Being alone in the house with his young wife the manager in order not to alarm her shouted that he would be back in a minute and then complied with the bandits intimidations.

After ransacking the bank and taking some 250,000 pesos (about £10,000) the bandits knocked the manager unconscious and then, in order to make certain that they had not been recognised, attacked the manager's wife also rendering her unconscious.

In the staff house there were signs of blood and a violent struggle indicating that the young Englishmen had put up a great fight before they were murdered.

It would seem that the assault had been planned for some time ahead because for several days prior to the theft shots had been fired at night and on investigations being made nothing could be made out of them so that on the night of the robbery the shots that killed the two clerks did not cause any particular alarm or investigation.

Apparently no strange people have been seen either coming in or leaving Santa Cruz and it is therefore presumed that the assault was committed by local residents. It is said that a glove found on the bank premises belongs actually to the Commissar of Police of Santa Cruz and also a Doctor's movement appear to be suspicious so that both these people have been arrested as being implicated in the attack.

CANONIZATION CEREMONY.

A message from Rome reports that the canonization of Sir Thomas More and John Fisher (Bishop of Rochester) who were beheaded in the reign of Henry VIII was solemnised on Sunday in St Peter's Basilica by Pope Pius XI. The ceremony was of exceptional grandeur and there were twenty thousand pilgrims in the vast building including hundreds of British pilgrims.

ITALY & ABYSSINIA.

"Italy has 60,000 men and 1,000 aeroplanes massed on the frontiers. Reinforcements are arriving at the rate of 10,000 monthly. Her words are not words of peace. The League only stands between us and war. If the Council does not secure Italy's acceptance of comprehensive arbitration the outlook is black." This statement was made on Sunday night to the Daily Telegraph Addis Ababa correspondent by the Abyssinian Minister for Foreign Affairs.

EUROPEAN AFFAIRS.

A message from London states that events in Berlin, London, Geneva and Rome will mark important developments in European affairs this week.

The Abyssinian outlook is the chief concern of the League which commenced its meetings yesterday. It is hoped, the Daily Telegraph from Geneva states, that by the time the dispute is reached on the League's agenda that it will be possible for an agreement on points to be discussed.

Another event which is greatly watched by many capitals in the world as well as Geneva is Hitler's address to-day (Tuesday) to a special session of the Reichstag on Germany's foreign policy. This will constitute his reasoned reply to the League Council's condemnation of Germany's rearmament announced recently.

NEWSPAPER PROFITS.

It is reported from London that the Allied Newspapers 1934 profits are £1,015,732 compared with £895,514 the previous year and a dividend of 7% has been declared compared with 6% the previous year.

Ordinary Letters for Europe and South America will be received not later than Noon to-day.

UNEMPLOYMENT RELIEF : will be paid out to-morrow Thursday between 2.0 and 4.30 p.m. instead of on Friday which is a Public Holiday.

STANLEY PAPER HUNT

IN 1901.

(From the Falkland Islands Magazine for February, 1901.)

On Friday, 4th January, the hounds met by invitation at Hayes Corner at 3.0 o'clock. A large field, including many well-known members of the Pembroke and neighbouring hunts were present.

Punctual to the minute the hares got well away, leaving a good scent from the Slaughter House, and after fifteen minutes law the hounds were laid on the line, which they ran merrily down to the Peninsula with only a few trifling checks. At the fence the leading hounds being at fault, gave time for the tail of the pack to pick up, and the line having been again hit off, fast going was the order of the day.

Several fresh hares however were on foot, and some of the younger hounds became somewhat riotous until the original pair were viewed, but alas, on the homeward run. Here the scent became so hot that the camp caught fire and hounds had to be lifted from the line after an all-round good run of fully fifty minutes. Casualties were conspicuous by their absence and cinches behaved admirably. The camp was in good condition, but there were no purchasers.

Further meets of this popular pack are eagerly looked forward to.

HOSPITAL NEWS.

Operations were performed on Mrs A.P. Hardy and Henry Berido (age 15) in the Hospital yesterday.

London : It is announced that Mrs Wills Moody, the former champion, has entered for the Wimbledon Tennis Championships.

Toronto : The death of Senator John Lewis, aged 77, is announced.

VETERAN WAR LEADER ILL.

It is reported from Budapest that Field-Marshal Von Mackensen, the veteran war leader who is 86 years old, was taken ill whilst visiting the city last week and there is some anxiety concerning his condition.

TENNIS SURPRISE.

H.W. Austin, Britain's second ranking player, was surprisingly beaten at Paris on Saturday by the young Frenchman Boussus in a match between the international clubs of Great Britain and France. The scores were 9/7 and 6/3.

France won the contest by 12/7 matches.

NEW WORLD AIR RECORD.

Averaging 291½ miles per hour the French pilot Arnoux beat the world air record for 100 kilometres on Saturday, covering the distance in 12 minutes 47 seconds.

INDIA AND BURMA.

According to a London message a White Paper now issued states that the government of India and Burma have agreed that, in the event of the latter's separation, she will remain within the Indian currency system and use the Reserve Bank of India for at least three years.

CANADIAN DEVELOPMENT.

The Canadian Pacific chairman Beatty, in addressing the Canadian Club at Toronto, stated on Saturday that the Dominions most urgent need is a definite plan of land settlement and renewed efforts should be made to bring in immigrants fitted to aid Canada's development.

Beatty estimated that a hundred thousand additional farmers would provide sufficient employment to absorb all the idle urban workers and sufficient business to justify a properly coordinated transport system.

NEW ITALIAN LOAN.

In order to meet the budget deficit and the cost of the Abyssinian expedition, the Italian government has announced the raising of a new internal loan of one million lire at 4% redeemable within the financial year 1935/6.

ALBANIAN DEADLOCK.

According to a message from Terana the negotiations between Italy and Albania for a close and friendly understanding between them accompanied by financial assistance from Italy, have ended in a complete deadlock.

The Italian proposals are regarded in Albania as incompatible with Albania's independence and dignity.

MEMEL SENTENCES COMMUTED.

The Daily Telegraph reports that the strained relations between Germany and Lithuania have been eased by the action of the Lithuanian president in commuting to life imprisonment the death sentences passed on four Memel Nazis.

CARGO BOAT'S DEPARTURE.

After discharging some three hundred tons of cargo the Laguna is expected to leave Stanley this afternoon.

WINTER HARD UPON US.

For the past several days Mount Vernet has been snow covered with the adjacent heights and the bitterly cold air makes it only too apparent that winter is setting in hard and fast. Atmospheric conditions were so bad last night it was reported from the Wireless Station that it was not possible to take any press.

Rome : It has been revealed that the Italian budget discussion on the expenditure involved in the country's East African expedition has amounted already to 620 million lire.

THE DUKE OF GLOUCESTER.

A message from London reports that the Duke of Gloucester is returning to army service. His old regiment is abroad and he has been temporarily attached for home service to the 16th/5th Lancers.

MANCHUKUOAN RECOGNITION.

The Daily Telegraph Ksinking correspondent states from an authoritative source that China will shortly recognise Manchukuo but before this takes place Japan, Britain and the United States are expected to confer and agree to this step.

China is prepared to accord recognition but Japan realises that unless Britain and the United States concur beforehand the understanding with China may prove valueless.

LAVAL FOR GERMANY.

From a Polish source in Russia the Sunday Times correspondent learnt that now that the funeral of Marshal Pilsudski is over, the French Foreign Minister, Laval, is at once reopening negotiations with the Polish Foreign Minister concerning his plan for a multi-lateral Eastern Non-Aggression Pact.

It is believed that Poland's objection to Czecho-Slovakia's adherence to such a pact will be again discussed.

A Cracow message states that General Goering and M. Laval held conversations Sunday night and the outcome is likely to be a visit by Laval to Germany within the next few weeks.

A later message from Warsaw stated that it is understood that General Goering talked with M. Laval for three hours at Cracow subsequent to the Pilsudski funeral and Goering is satisfied that the invitation to Laval from the German government to visit Berlin, which was sent through diplomatic channels, is being accepted. This visit will probably take place early in June.

ACADEMY CONTROVERSY.

The Royal Academician Sickert has handed in his resignation in consequence of the prevailing controversy relative to the Epstein statues which it is intended to remove from the building occupied by the Southern Rhodesian Government in London.

STABILISATION EXPECTED.

The Financial Journal and Publishers' New York correspondents report to the effect that stabilisation rumours are increasing and opinion is strengthened that a provisional "de facto" stabilisation agreement with London will be reached shortly.

It is also pointed out that if the current conversations succeed it might be possible to bring the agreement into force as from the Congress adjournment at midsummer.

STRONG TELEGRAM FROM ABYSSINIA.

The League Secretary General has issued the text of a strongly worded telegram received from the Abyssinian Emperor in which it is asked that the Council shall take steps to ensure the execution of a Covenant and stop Italy's military preparation which is falsely described as defensive, states the Daily Telegraph Geneva correspondent.

The telegram further defines the Italian action in illegally occupying Abyssinian territory as aggressive and rapacious.

Further Rome comment is that Abyssinia is attempting to put a spoke into the wheels of the conciliation procedure.

Captain Eden saw the Ethiopian delegate in Geneva on Monday night and later had a long talk with the Italian Baron Aloisi.

According to Reuter reports the League is looking to Britain for help in the prevailing situation and Mr Eden's diplomacy is likely to be taxed to the uttermost to find an equitable solution but it is hoped that the Emperor's telegram may serve as a peg for open discussions.

Billiards : In the Billiards Empire championship McGhie (Scotland) beat Edwards (Wales) 2163 to 2154, in London on Saturday.

AN EMPIRE DAY MESSAGE.

The following message has been
 received by the local secretary of
 the Royal Empire Society, Mr G.I.
 Turner, from the secretary of the
 movement at home on the occasion of
 Empire Day, 1935 :

"On Empire Day the Chairman and
 Council of the Royal Empire Society
 send Greetings to all subjects of
 His Majesty and rejoice with them in
 the twenty-fifth Anniversary of King
 George's reign. The love for and
 loyalty to our Throne are increasing-

ly the most potent forces in welding
 the Empire together for the peaceful
 progress of humanity."

MR R. GREENSHIELDS RESIGNSFROM THE STANLEY SPORTS ASSOCIATION.

Election of Chairman Left in Abeyance.

Annual General Meeting and "Back Door Wireless."

A decision which profoundly affected the atmosphere of the Annual General Meeting of the Stanley Sports Association held in the Church Room on Monday evening was the resignation of the Chairman, Mr R. Greenshields, who has held the position for a number of years and has been associated with the Association since 1912 or 1913.

Those present at the meeting were : Mr R. Greenshields (chairman,) the Hon. V.A.H. Biggs (vice-chairman,) Messrs H. Thompson (hon. treasurer,) T.W. Campbell (Joint Hon. Secretary,) E.G. Rowe; J.D. Creamer, A. Newing, W. Aldridge, A. Bonner, J. Barnes, A.L.S. Biggs, T. Paice, J.F. Summers, S. Aldridge, T. Dettleff, R.H. Hannaford and H. Thomas.

In the course of his usual annual remarks the chairman made known his intention stating that he had told the members last year that he was finishing and now he regretted to say that he really meant it and that he intended to finish with the Association completely. For one thing he had been told that the sports were run for his benefit and that was one reason why he had not sent in any horses last Christmas.

At this point Mr Summers interposed - "I take it that those remarks did not come from any of the various committees of the Association?"

The chairman went on to say that as far as he knew they did and that, further, remarks had been passed in Stanley about him and his horses which certainly did not give him encouragement to go on. He wished to thank the members of the Association who had served with him during his term of office and for the support they had given him and further he wished to congratulate them for their work in the past year.

When the time came for the election of a chairman the Hon. V.A.H. Biggs (vice-chairman) said that he was sincerely sorry that Mr Greenshields had taken the view he had

over what he had heard. The Association may be a very strong society and a sporting society but it certainly was not strong enough to control unruly tongues and if some had been let loose he regretted that the Association should have had to come under the suspicion of having anything to do with such remarks. To his mind it seemed a reflection on the whole society if Mr Greenshields took the view he had in not only resigning from the chair but also resigning from the Association and he would like to ask Mr Greenshields to reconsider the latter part of his decision anyway. No one had done more for the Association than Mr Greenshields and he, Mr Biggs, could certainly speak from experience.

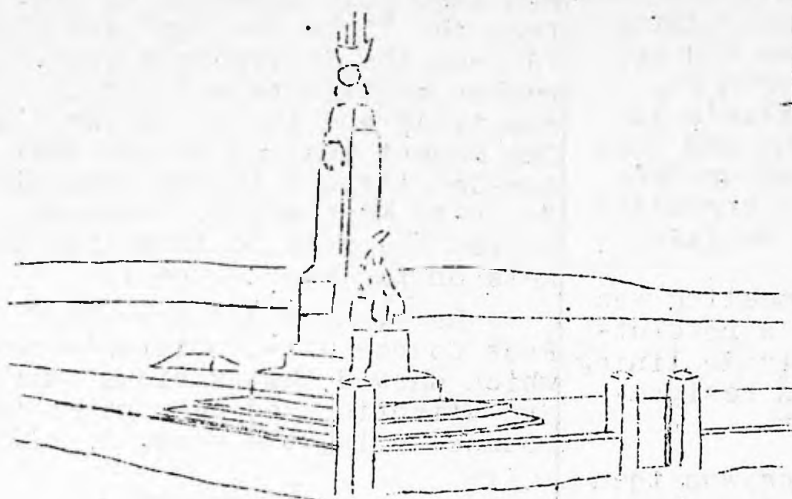

Further entreaties were made by other members while Mr Thompson expostulated that he thought Mr Greenshields had obtained a misconception of the entire situation. All of them had things come back to them and no doubt there was nobody in the room that evening who had not been bitterly upset at one time or another by "back-door wireless." He was of the opinion that as chairman for so many years and one who had taken so vital an interest in the Association Mr Greenshields' resignation would have a definite effect in Stanley and in the Camp.

But Mr Greenshields remained adamant in his decision. He had watched the Association grow, he said, for a good few years and what he had done for the Sports he had thoroughly enjoyed doing. He had got a lot of fun from it and he thought he was doing his best for the Association but as he had previously said there

STORES DEPARTMENT.

STANLEY SPORTS ASSOCIATION.

(continued from page 2)

were those who seemed to think otherwise and he, personally, thought that it would be a very good thing if he did get out. "When you are told that the sports are run for your benefit and nobody else's it does get you rather fed up and that horse business did feed me up more than enough." He deeply regretted having to say so but his decision was final.

The feeling of the meeting was so strong, however, that a resolution was passed unanimously declining to accept Mr Greenshields resignation from the Association.

The Hon. V.A.H. Biggs was then proposed as chairman but though expressing his appreciation of the honour conferred upon him he declined, suggesting that a man better versed in horses than he should be appointed to the position. He went on to add an amendment that the election should remain in abeyance & that the Executive Committee should be empowered to consider the question and the amendment was carried.

The Reports.

In giving the report on the year's finances Mr H. Thompson stated that £9 had been received in subscriptions this year. The balance of receipts over expenditure for the year 1934/5 was £53.0.4d. The balance brought forward from 1933/4 was £283.6.11 and the total receipts for the year were £186.3.9d. The cash in hand amounted to £10.15.1d while that in the Government Savings' Bank was £342.6.1d..

The investments in the Totalizer amounted to £378. 14s. and the Association made a profit of £38.10.9. Mr Creamer in his submitted report stated that some annoyance was caused during the year by some person or persons breaking into the huts on sundry occasions; little damage was done and it may be accounted simply as hooliganism, but he asked if members had any knowledge or suspicion of who the culprits were to cooperate by reporting such to the proper authority.

In the Entertainment Sub-Committee's report Mr L.W. Aldridge stated that the combined receipts from the four dances amounted to £86.1s.11d & the net profit to the Association's funds was £30. 16s. 5d.

The Sweepstake Sub-Committee through Mr A. Newing reported that the profits from the two sweepstakes run last year amounted to £18. 7s. 1d from the "Kolapore Cup" and £51. 14s. 1d from the "Governor's Cup". The number of tickets sold in the former was 1,748 and in the latter 1,675. The report went on to say that the Sub-Committee's thanks were also tendered to Messrs E.J. McAtasney & W. Newing who sold no less than 447 tickets on the race course.

Mr W. Aldridge presented the Race Course Sub-Committee's report which showed that various improvements and attention had been given to the course during the year.

New Members.

The following were elected members : Messrs C.A.I. Fearon, E.J. Gleadell, F. O'Sullivan, A. Summers, V.J. Lellman, S.W. Harding, T. Gilruth and J.F. Bonner.

Officers.

The officers elected for the ensuing year were : President - His Excellency the Governor; Vice-Presidents - W.A. Harding Esq., the Hon. G.J. Felton, Jos. Aldridge Esq., G. Bonner Esq., O.B.E. and the Hon. L.W.H. Young; Vice-Chairman - the Hon. V.A.H. Biggs; Hon. Treasurer - Mr H. Thompson, Hon. Secretaries - Messrs T.W. Campbell & D.R. Watson; Sub-Committees - Messrs S. Aldridge, W. Aldridge, J. Bowles, H. Jennings, J. McGill, R. Reive & T. Paice (Course); J.D. Creamer (Tote - with power to organise); the Hon. V.A.H. Biggs, Messrs E.J. McAtasney, W. Allan, A. Newing, W. Newing & R. Hannaford (Sweepstake); E. Aldridge, L. Aldridge, J. Barnes, E.J. McAtasney, L. Sedgwick, R. Hutchinson, W.J. Hutchinson, A. Bonner & T. Dettleff (Entertainment.)

The Next Sports.

It was decided to hold the next meeting of the Sports on Boxing Day & the following day.

Resolution.

A resolution was passed that the winners of first prizes, presented by the Association, should be allowed to select their own to a limited amount, the prizes to be bought through the Association & engraved, and to be selected within three months after the Meeting.

The meeting closed at 11.0 p.m., having commenced at 8.30.

------------------	----------------	-------------------

A WESTER'S WEDDING.

(Contributed.)

A wedding of considerable interest on the West Falkland was solemnised on Wednesday, 1st of May, at Fox Bay, the bridal pair being Miss E. Murphy, a daughter of Mrs G. Butler of Port Stephens and the late Mr D. Murphy of Lion Creek, and Mr D.

McRae, son of the late Mr F. McRae and Mrs McRae of Weddell Island. The bridesmaid was Miss K. Jones (a friend of the bride) while Mr J. Murphy (brother of the bride) carried out the duties of best man.

The ceremony was conducted by Mr W. Myles.

The bride looked charming dressed in blue Georgette and lace with a veil to match and the bridesmaid also looked becoming in her lovely dress of flowered Georgette.

A dance was held in the evening at Mr Myles' house where many of the friends of the bride and groom attended and a most enjoyable time was spent thanks to Mr and Mrs W. Myles who did everything to make the occasion a success.

The bridal party left Fox Bay the following day for Port Stephens from where they had ridden for the happy occasion, arriving back at Port Stephens on the Saturday where they were met by the bride's mother. In the afternoon a reception was held the bride and bridesmaid having donned their wedding dresses again for the occasion also carrying bouquets given by Mrs C. Robertson and made up by Mrs A. Halliday and Mrs Jones.

In the evening a dance was held in the cookhouse which had been decorated by the lads and a most enjoyable evening was spent, the dance being kept going until 3.0 a.m. when the bride and bridegroom were carried shoulder high around the room accompanied by all singing "For he's a jolly good fellow", the event ending with the singing of "Auld Lang Syne."

Mr and Mrs D. McRae were the recipients of many useful presents including the three tier wedding cake.

Nanking : The Central Political Council has approved of China's 1935 Budget providing for the expenditure of 957 million dollars.

THE EFFECT OF HITLER'S SPEECH.

According to the Daily Telegraph Hitler's speech in the Reichstag on Tuesday met with a varying reception throughout the world.

Following Mr Stanley Baldwin's statement in the House of Commons, France has expressed her preference for guarantees instead of promises but the United States takes a favourable view with Senator Borah stating that if the programme is carried out it will be most assuring.

While Italy regards the references to Austria as foreshadowing the absence of Germany from the Rome Conference, Poland sees in Hitler's references to her a conciliatory tone which is appreciated.

In Geneva the general view is held that the international situation is unchanged.

ROOSEVELT'S VETO OF BILL.

According to a message from Washington President Roosevelt made American history on Wednesday by a personal visit to Congress to announce before a joint session of both Houses his veto on the Bonus Bill providing for the payment of 2,000 million dollars to ex-soldiers.

The Daily Telegraph correspondent regards the measure as disastrous and the veto as a debt for national welfare.

The President took further advantage of the occasion to pronounce a stern admonition against any form of currency inflation. Nevertheless the Representatives over-rode the veto by 322/98 votes and the issue is thus squarely placed before the Senate.

The Senators generally praised the presidential announcement and later reached agreement to consider action on the veto.

The issue is anxiously awaited with world-wide interest shown.

Geneva : When Tangayika, Kenya and Uganda were discussed Captain Eden gave assurances of the British determination to observe the conditions of the mandated territories, adding that the apprehension that the mandate integrity was threatened was entirely without foundation.

ITALY & ABYSSINIA.

A message from Geneva on Wednesday stated that a deadlock had been reached in the East African dispute with the Italian representative Baron Aloisi criticising the continuance of slavery in Abyssinia describing it as an offence to humanity and civilization while a memorandum handed in to the League by the Abyssinian government states that she will not yield to any intimidation or threats of violence but trusts in the League and has confidence in the wisdom of the powers preventing resort to war and the achievement of a pacific solution.

Neither side was showing a moderate spirit.

On Thursday it was announced from Geneva that while Mussolini had rejected the proposals submitted by the mediators in Abyssinia it was later announced that the League Council were going to discuss matters on Friday when a new proposal would be placed before the Italian delegation and this, it was understood, would probably be accepted.

Mr Eden was continuing his conversations with the French and Italian delegates and no pressure was being brought to bear on the Ethiopian delegate.

From Addis Ababa the Belgian military mission reported that Italian military aeroplanes had carried out bombing raids over Abyssinian territory and this has been supported by documentary and photographic evidence.

Last night it was reported from Geneva that following Mussolini's rejection of every suggestion made for the settlement of the Abyssinian dispute the British Minister, Eden, formulated three points as representing the minimum basis of agreement.

According to the Daily Telegraph these are that Italy should renounce her refusal to accept Article 5 of the 1928 Abyssinian Treaty in entirety, agree to a time limit for arbitration being imposed, and if the time limit expires without an agreement then the League Council should be called again if necessary.

These proposals demanded an immediate reply and within a few hours

Italy accented the compromise and subsequently the Council met at 11.15 p.m. with an all night sitting expected to result.

Britain and France are holding fast to the League Covenant but meanwhile no pressure is being brought to bear on the Abyssinians who declare themselves satisfied with the formula.

BALDWIN & DEFENCE.

It is reported from London that Mr Stanley Baldwin's defence speech occupies a prominent place in the continental press and is acclaimed by France and Germany but with different interpretations, Germany regarding the statement as conciliatory and generous, striking a new note and breaking a new spirit. France envisages the British departure from an "indivisible peace" as a reply to Hitler's multiplied advances which have dealt with all the British misgivings.

New York considers that the speech has great significance since Baldwin is now Premier-elect.

A SELF-SACRIFICING ENDEAVOUR.

The South African Premier, General Hertzog, a message from London reports, in addressing the South African Club states that the European situation is fraught with possibilities and serious consequences to the British Commonwealth. But he added that Britain's self-sacrificing endeavour to save Europe from disaster will ultimately prevail since the British Commonwealth stood for peace.

THE FRANC.

The crisis in the franc is rapidly coming to a head and M. Flaminio intends emulating Poincare by seeking dictatorial powers to deal with the economic and financial situation, states a message from Paris.

To meet the fall in revenue it is expected that cuts will be made in expenditure and social services and by degrees the probable deficit of five milliards will be extinguished and the budget balanced thus counteracting the adoption of devaluation.

A Sweepstake is being run by the Club and the first draw will take place in the Drill Hall on Friday, 31st May. Tickets will be on sale at the usual places.

The conditions will be the same as for the Football Sweepstake but the number of prizes will depend on the members who shoot each Wednesday evening.

The Club will take 10% including expenses.

A "Seller's" prize will be given to the person who sells the winning ticket each week.

All prize money will be paid out at McAtasney & Sedgwick's, Falkland Store.

SHIPPING.

The m.v. Laguna left Magallanes yesterday afternoon for the West Coast.

GOVERNMENT NOTICE.

No. 70. Colonial Secretary's
 Office, Stanley.
 21st May, 1935.

His Excellency the Governor directs it to be notified for general information, that on the occasion of His Majesty's Birthday a Ceremonial Parade will be held at 11.0 a.m. on Monday, the 3rd of June, 1935, on the general lines of similar Parades which have taken place in past years.

The Parade, which will be inspected by the Governor and Commander-in-Chief and at which His Excellency will take the Salute, will form up in the Government House Paddock, and will comprise the Falkland Islands Defence Force, the Stanley Boy Scouts and Wolf Cubs, and the Stanley Girl Guides and Brownies under their respective Officers.

If weather conditions are unsuitable the parade will be held in the Town Hall.

It is desired that all Government Officials and as many members of the public as possible should be present.

By Command,
 M. Craigie-Halkett,
 Colonial Secretary.

GERMANS CALLED TO THE COLOURS.

A message from Berlin reports that the Minister for Defence has called out the 1914/15 classes to the colours, the muster commencing in June while the recruits will join their regiments in November.

The navy and air service will continue as volunteer forces.

Full-blooded Jews will not be called up while other non-Aryans who are accepted will not be promoted.

The conscription law will apply to every German man and woman irrespective of residence.

BRITISH MINISTER IN CHINAELEVATED.

A message from Nanking reports that the British Minister, Sir Alexander Cadogan, has been elevated to ambassadorial rank coinciding with the promotion similar to that of the Chinese Minister in London.

HITLER'S FOREIGN POLICY.

The Daily Telegraph states that Britain is likely to consider Hitler's declared foreign policy as the subject for conference of all the interested governments at the earliest possible date.

For the moment there is no indication how or where such a conference is to be convened but Holland is mentioned as a possible venue.

CHECKING FRANCE'S GOLD OUTFLOW.

It is reported from Paris that the French Cabinet is making determined efforts to safeguard France and to check the continued outflow of gold with the bank rate raised to 3% as a warning to speculators.

M. Flandin apparently has every intention of balancing the budget.

A later message stated that the rise in the bank rate had failed to check the franc's fall which is now at its lowest value this year.

The Socialist leader Herriot, assured Premier Flandin that he will accord support for obtaining full dictatorial powers in economic and financial affairs. Politicians recognise that the budget deficit and the falling revenue is supplemented by the offensive against the franc and demand that drastic action which only such powers vested in Flandin can initiate.

The crucial debate is fixed for Tuesday but it is likely to be postponed until Friday.

The Texa State Senate, U.S.A., has sent an invitation to Their Majesties to attend the Cenetary Celebrations there in 1936.

ROYAL WEDDING SCENES.

According to a press bulletin from Stockholm a brilliant congregation headed by three kings witnessed the marriage ceremony of the Swedish princess Ingrid to the Danish Crown Prince Frederick.

The city was en fete and enthusiastic crowds lined the streets and assembled in the Stockholm Great Church watching the arrival of the representatives of all the royal houses in Europe.

The royal couple left by yacht after gay scenes for Copenhagen but the honeymoon venue remains a secret.

N.R.A. EXTENSION FOR TWO YEARS.

The Daily Telegraph New York correspondent reports that Roosevelt and the Democratic leaders, faced by the threat of a general strike from the Labour Federation, have decided to introduce the bill to extend the National Recovery Act for two years.

The decision coincides with the presidential conception of what the present situation demands and will strengthen his hold on the labour vote.

The strike threat is directed against the Senate and not the President since the Finance Committee and that body rejected Roosevelt's advice that the Act be extended.

KNIGHTHOOD FOR CANADA'SGOVERNOR GENERAL DESIGNATE.

It is announced from London that His Majesty the King has approved of the appointment of the Canadian Governor-General designate Buchan to a knighthood of the Grand Cross of the Most Distinguished Order of St Michael and St George.

INDUSTRIALISTS BACK THEGOVERNMENT.

In addressing a local branch at Manchester on Friday last Sir Francis Joseph, the President of the F.B.I. said that the government had the backing and influence of the country's industrialists in all steps to protect the Empire.

PHENOMENAL BRIDGE.

A Perfect Hand at Stanley.

Playing at her home on Saturday afternoon with Mrs Creamer against her husband and Mr J.D. Creamer, Mrs G. Roberts was dealt a hand containing all thirteen Spades.

Authentic instances of such a holding are, of course, extremely rare, though it is natural that from the early days of Whist down to the present day of prolific Bridge-playing, cases have now and then been reported.

Mr Sidney Lenz, the American expert, gives the calculation against holding any specific hand as 635,013,599,600 against.

The hands as dealt by Mrs Creamer were : -

H. 10,8,5,3.
D. J,10,7,5,3,2.
C. 9,7,5.

13 Spades.	Mrs R.	Mr R.	Mrs C.	H. A,K,Q,7,6.
		Mr C.		D. A,Q,9,6. C. A,K,Q,2.

H. J,9,4,2.
D. K,8,4.
C. J,10,8,6,4,3.

The bidding was : Mrs Creamer - 2 Hearts,
Mr Creamer - No bid.
Mrs Roberts - 7 Spades.
- All pass.

The hand occurred in the third rubber, and it is of interest that in the two preceding hands Mrs Roberts had held, respectively, 8 Spades and 7 Spades, without, however, having an opportunity of playing either hand in that suit.

SPOON SHOOT.

There will be a Spoon Shoot in connection with the Miniature Rifle Club on Wednesday, the 29th instant.

ROYAL EAST END DRIVE.

A message from London Saturday evening stated that once more the weather conditions favoured Their Majesties for their public ceremony and East End drive which was carried out in brilliant sunshine after a week of adverse conditions.

The drive was through Shore-ditch, Stepney, Poplar and Bethnal Green where the poorest streets were ceilinged with flags and along the eleven miles route the roadways were packed with cheering multitudes

The public houses and old clothes shops vied with each other in a gallant display while banners bearing Yiddish mottoes of welcome were strung across the streets. On no similar occasion has enthusiasm been more marked.

- o -

Yesterday Her Majesty the Queen made a surprise drive to North-West London on the occasion of her 68th birthday, being accompanied by His Majesty the King, Princess Royal and Princess Margaret.

The residents along the route crowded and gave the Royal visitors an enthusiastic welcome in spite of the short notice they had been given.

- o -

The Duke & Duchess of Kent were mobbed by excited crowds in Edinburgh yesterday on the occasion of their visit to the Botanical Gardens.

AIR MINISTRY BESEIGED.

A message from London reports that the Air Ministry has been besieged with applications for admission to the projected extension of the Air Force while the recruiting offices have been taxed far beyond anticipation.

THE POPE & EUGENICS.

According to a message from the Vatican City in receiving the representatives of hospitals, gathered in Rome in congress, the Pope roundly condemned eugenics and sterilisation.

FOOTBALL.

In a football match at Cape Town on Friday the Combined Services team who are tourists in the Dominion, beat the Western Province 8 - 1.

FROM BRITAIN TOTHE FAR EAST.

A London bulletin reports that combined sea and air travel arrangements commence in June between the British and Dutch shipping lines serving Australia, India and the Far East, and the British and Dutch air-liners are enabling passengers to travel by either method for the whole or part of their journey.

ITALY & ABYSSINIA.

The securing of the Italian agreement to the League proposals for a settlement of the Italo- Abyssinian dispute is mainly through the British Minister, Mr Anthony Eden's efforts. The terms of the agreement also define the League Council's powers to intervene should arbitration fail, stated a message received Saturday night.

Italy has withdrawn her objections to Abyssinia's choice of foreign arbitrators while if the fifth arbitrator is not chosen by

the 25th of July, or the entire dispute remains unsettled by August 25th, the League Council will meet again.

According to the Sunday Times Mussolini in addressing the Senate delivered a warning against extravagant hopes of the agreement but nevertheless Rome government circles express delight at the satisfactory outcome of the negotiations though it is pointed out that the difficulties are not yet solved.

The close of the League meeting was marked by unanimous tributes to Captain Eden whose efforts have resulted in averting the threatened Abyssinian hostilities.

WHEAT PROSPECTS GOOD.

According to a message from Washington on Saturday the Department of Agriculture officials expressed their hearty agreement with the decisions of the International Wheat Conference sitting in London regarding the continuance of the framework of the world export control programme.

The officials stated that the world wheat acreage remains at a level which if normal crops result will cause a tremendous surplus to be built up.

DERBY'S DERBY HORSE INJURED.

It is reported that Lord Derby's "Bobsleigh", the second favourite for the Derby is in a bad condition after a fetlock injury.

The trainer states that the outlook is black but it is hoped that by "nursing" and judicious exercise to achieve fitness for the classic race.

GERMAN SEVERE DECREES.

The official gazette in Berlin states that an attempt upon Hitler's life, although it is unsuccessful, will be punishable by death while severe penalties are threatened for insulting National Symbols, ridiculing German customs and slandering the German motherhood.

Edinburgh : The Honourable Company of Edinburgh Golfers beat the Touring Canadians on Saturday 5/3, two halves.

NOTICE.

Tenders are invited for the purchase of the corrugated iron shed originally used as a power house and situated to the North of the Town Hall.

2. The purchaser is to dismantle the building and remove all materials, and the site is to be left in a neat and tidy condition.

3. Tenders are to be delivered in sealed envelopes addressed to the Director of Public Works, & marked in top corner "Tender for Shed", and will be received up to noon on Saturday, the 1st of June, 1935.

4. The Government does not bind itself to accept the highest or any tender.

DEATH OF COLONIAL SECRETARY.

It is reported from Georgetown that the Colonial Secretary of British Guiana, Mr Thomas Millard, has died of pneumonia following an accident at the age of 51.

EMPIRE DAY.

A very successful dance was held in the Town Hall on Thursday evening last organised by the Stanley Benefit Club and attended by His Excellency the Governor and party.

His Excellency stayed until about midnight and before departing spoke a few words to the gathered assembly, commenting on the reinstatement of the Public Holiday the following day - Empire Day - hoping that the anniversary of Queen Victoria's birthday would become a perpetual annual holiday in the Colony. His Excellency also expressed his pleasure at having been able to accept the hospitality of the Benefit Club again adding that he hoped the May Ball in future years would reassume its former glory.

Empire Day brought with it ideal weather - a pleasant change to that which had been experienced some days before and with which the town has been regaled since. Everybody in Stanley made the most of the sunshine and spent as much time as they could in the open air. During the evening a Social Dance in the Town Hall rounded off the holiday nicely.

GOVERNMENT NOTICE.

No. 71. Colonial Secretary's
 Office, Stanley.
 25th May, 1935.

His Excellency the Governor has been pleased to appoint
 Mr Edward Headford
 to be Orderly and Caretaker, Government House, with effect from the 1st of June, 1935.

By Command,
 M. Craigie-Halkett,
 Colonial Secretary.

Perth : The Western Australian
 Secession delegation is being recalled from London immediately.

SATURDAY'S WEDDING.

An interesting local wedding was solemnised on Saturday when Miss Beatrice Ena Davis, the youngest daughter of Mrs A.E. Davis and the late Mr J. Davis of Stanley was married to Mr Desmond Peck, the youngest son of the late Mr and Mrs W. Peck.

The ceremony took place in St Mary's Church, Father Drumm officiating while the bride was given away by her brother, Mr John Davis and attended by Miss Lena Davis (sister of the bride), Miss Joyce Rumbolds (niece of the bride), and Leonora Buckley, Olive Dettleff and Viola Peck (nieces of the bridegroom.) The best man was Mr James Peck, brother of the bridegroom.

The bride was dressed in white Satin and lace and wore a wreath & veil, carrying a bouquet of roses & chrysanthemums. The bridesmaids were all dressed in orange silk tafeta.

A large number of friends and relations attended the dance in the Town Hall in the evening and Mr and Mrs D. Peck received many useful presents.

THE QUESTIONER.

Fort Stanley,
The Editor. "Penguin", May, 26th, '35.
Sir,

At the meeting of the Stanley Sports Association held on the 20th instant it was I who asked the question:

"I take it that these remarks did not come from the various Committees of the Association?"

and not Mr Summers as reported in the "Penguin."

Yours respectfully,
J.S. Barnes.

(continued from next column)

The press quoting reliable sources state that the bank's gold losses amount to three milliard francs (\$40,000,000) during the past week but the reserve has not yet reached the record low level of March 1934.

London: It was announced last night that the probable Cabinet changes will be announced on 7th June.

NEW BOOKS AT THE PUBLICLIBRARY.

Over 160 books, some thirty of which are for the Children's Section, arrived by the cargo boat and are now in the Public Library ready for subscribers to borrow this evening.

The number of authors represented in the Senior Section is just over 100 with C.W. Saunders and Frank C. Robertson - Wild West writers - being well to the fore with six novels from their fluent pens.

The Children's books include the whole of the "William" series of sixteen with adventure and school stories also well represented.

AUSTRALIA'S PREFERENCE.

The Australian Premier, Mr Lyons, in addressing the Australian Association of British manufacturers in London last night said that everything would be done in Australia to give substantial preference to British goods against those of other countries but the salvation of the world lay in a free flow of trade.

GOLD IN PAPER PARCELS.

The French Cabinet Ministers assembled at the bedside of Premier Flandin who is recovering from a motor-car accident, unanimously granted him a free hand to take whatever steps he thought necessary to save the franc, reports the Paris Daily Telegraph correspondent last night.

The meeting lasted three and a half hours and President Lebrun will preside over the subsequent full Cabinet meeting when it is confidently expected that the plan will be endorsed.

It will be tabled in the Chamber immediately but the debate is not expected until June. Meanwhile queues of gold buyers have been assembling at the Bank de France and are purchasing ingots over the counter carrying them away in suit cases and brown paper parcels at the rate of 215,000 francs per 25 lb ingot which is the minimum sale.

TRIPLE WEAR

Waterproofs for Ladies, well assorted sizes and colours.

Only 13/11 each.

Hundreds of new goods will be put on sale during this week.

NEW FRENCH CABINET CRISIS.

A Paris message reports that the French Cabinet is demanding dictatorial powers to deal with the financial crisis this week and the decisive step was expected to be taken yesterday (Monday) at a Cabinet Meeting held at the Premier's residence, states the Daily Telegraph correspondent.

In view of the Premier's state of health, rumours are current that Flandin may resign and a new government may present itself to-day (Tuesday.)

President Lebrun has been visiting M. Flandin at his house where the latter is remaining under doctor's orders and afterwards conferred with other members of the Cabinet.

It is understood that the powers to be sought by the government relate to an imposition by decree of all measures suitable to assure financial redressment and trade revival, the defence of the franc and public credit.

U.S.A. WANT AN INTERNATIONAL CONFERENCE.

In view of French difficulties in remaining on the gold standard it is generally considered that the day when stabilisation can be seriously discussed is near, states the Daily Telegraph correspondent.

The administration is favourably inclined towards a Senate resolution urging the President to call an international conference without delay while informal consultations with foreign governments are eliciting encouraging results.

Behind this active interest is the realisation that efforts made to restore the United States prosperity while ignoring the rest of the world have not met with signal success and less is heard nowadays of isolationist policies.

DEMONSTRATION AGAINST GOERING.

It is reported from Sofia that Communists demonstrated against the German, General Goering, who is visiting Bulgaria.

Many arrests were made.

PLANS FOR THE NATIONALISATION OF BRITISH COTTON.

According to a message from London on Sunday night the Trades Union Council has issued plans for the socialisation of the cotton industry in which it is suggested that a nationalisation be set up by Act of Parliament with the British Cotton Corporation taking over all undertakings connected with the industry.

Compensation would be paid on the basis of the "Maintainable revenue of the undertakings concerned" but ex-shareholders will be without the rights of voting or foreclosure.

The Plans are to be submitted at the Autumn conferences of the Socialist Party and Trade Unionists and will form a part of the electoral programme.

ITALY AND ABYSSINIA.

The Addis Ababa correspondent of the Daily Telegraph states that the reaction of the Geneva compromise is restrained satisfaction that Abyssinia has gained all that she expected though less than she hoped.

It is held that the two vital elements lacking to ensure a peaceful outcome are : The cessation of the Italian hostilities and an agreement to arbitrate on the frontier issue.

Nevertheless the acceptance of Abyssinia's neutral arbitrators and the fixation of an early date for the conclusion of arbitration while contact is maintained with the League Council is considered to be a substantial advance.

WESTERN AUSTRALIAN SECESSION.

According to the Daily Telegraph the Western Australian Dominion League chairman, Watson, has strongly attacked the House of Lords and the House of Commons decision in rejecting the secession petition sent in by them, adding that if Imperial Parliament endorses the Committee's report the only course remaining for Western Australia was the adoption of force.

Tennis : The winners of the French Men's Championship are the Australians Crawford & Quest.

 1/-.. (A.V. Summers.)

sweepstake on the matches if other
 clubs promoted them.

A letter from Mr M.G. Creece
 was read suggesting that the League
 champions should meet a combined
 team from the other platoons at the
 end of the season and this was agreed
 to.

At a subsequent Committee Meet-
 ing Mr D. O'Sullivan was elected hon.
 secretary & treasurer.

LOCAL FOOTBALL.

Defence Force Inter-Platoon
 League To Re-start.

At the Annual General Meeting of
 the Defence Force Football Club held
 at headquarters last night it was
 decided that the Inter-Platoon League
 competition should be held again this
 year with each platoon playing three
 games, making nine matches in all,
 last season's experiment of more mat-
 ches being abandoned.

There were some twenty members
 present presided over by Lieutenant
 A.I. Fleuret (Acting O.C. and Adjutant)
 who was supported by Messrs D. O'Sul-
 livan (hon. secretary) and P. Hardy
 (hon. treasurer.)

The accounts showed that the
 Club's finances were sound with the
 balance in the bank amounting to over
 £18 while the cash in hand was over
 £6. The profit from the sweepstakes
 run on the matches last season totalled
 £18. 1. 1d..

His Excellency the Governor was
 elected President for the ensuing year
 with J.D. Creamer, Esq., J.P., as Vice-
 President.

On the motion of Mr W.J. Grierson
 it was agreed that the Platoon members
 of the Committee should be elected
 and that the honorary secretary and
 treasurer offices should be appointed
 by the Committee. The Committee
 elected was : No 1 Platoon - A.
 Etheridge (captain) & H. Summers (vice-
 captain); No 2 Platoon - D. O'Sullivan
 (captain) & S. Williams (vice-captain);
 No 3 Platoon - D. Atkins (captain) &
 J. Bound (vice-captain.)

The question was raised as to
 the necessity of running a Sweepstake
 on the matches again this year and
 after a discussion in which various
 points of view were put forward it
 was decided to refer the matter to the
 Committee. It was pointed out that
 the Club's finances were in a sound
 condition while it was also suggested
 that the Club should only run a
 (continued in preceding column)

PARLIAMENTARY NEWS.

Eden and the League

Congratulated.

Mr Anthony Eden was warmly cheered when he rose in the House of Commons on Monday to answer a request made by the leader of the Opposition, Mr George Lansbury, for a statement with regard to the proceedings at Geneva on the Italo-Ethiopian dispute.

Afterwards Mr Lansbury asked to be allowed in the name of the House to congratulate the League & Mr Eden on the result of the conference and negotiations and to say that he thought everyone in the House would hope that this was the first and most important step towards an equitable and permanent settlement of the dispute.

In his statement, without suggesting that the Council's resolutions finally disposed of the tension which had unfortunately arisen between Italy and Ethiopia, Mr Eden said that he was confident that they represented an important advance towards a friendly solution. Both parties had accepted the cooperation of the League in seeking a settlement. By so doing the governments concerned had made a contribution which it was earnestly hoped would lead to an early restoration of mutually satisfactory relations.

But for the spirit of conciliation displayed by the Italian government and its representative at Geneva, Baron Aloisi, together with the invaluable cooperation of the French Foreign Minister, M. Laval, the progress they were now able to record could not have been realised.

Air Armaments Limitation.

In response to a Parliamentary question as to whether it was intended immediately to convene a conference to negotiate on the basis of the passage in Herr Hitler's recent speech referring to the limitation of air armaments and alternatively whether any and if so what steps were being taken by the British Government to mitigate the tension that prevailed internationally, Sir John Simon said as regards the first part of the question the British government who had throughout urged the importance of promoting an

agreement on this subject had for some time past been in communication with the other governments concerned, respecting the possibility of negotiations between the five powers mentioned in the London Communiqué of the Air Pact and the Air Limitation Agreement. As regards the second part of the question the government were devoting most earnest endeavours to the promotion of a general settlement.

GREEK MONARCHISTS' BID.

The six principle opposition parties, a message from Athens reported Monday night, announce that they will take no part in the June elections for the National Assembly which is to revise the constitution. Metaxas, as the leader of the Monarchists, intends making a strong bid for power.

or 2/9 per cwt for less than 1 ton.

PROBABLE CABINET CHANGES.

According to the Daily Telegraph following consultations between the leaders of the parties supporting the National Government at home it is probable that the Cabinet changes already anticipated and commented upon will be officially announced on the 7th of June at the Whitsun adjournment.

Premier MacDonald, relinquishing in favour of Baldwin, is likely to become Lord Privy Seal while Sir John Simon will leave the Foreign Office to become Lord President of the Council.

It is believed that Viscount Sankey will retire and that Viscount Hailsham will return to the Lord Chancellorship with the Mines Minister, Mr E. Brown, becoming Labour Minister and promotion being accorded Mr Malcolm MacDonald who is at present Dominions Under-Secretary of State.

CANADA - THE PIONEER.

The Canadian Governor General designate, Buchan, as the guest of the Canadian Club in London on Monday evening said that he rejoiced in the opportunity of serving Canada who was the pioneer in overthrowing a dangerous barbarism and driving a path through a tangled wilderness of human fears and perversities.

U.S.A. SUPREME COURT BOMBSHELL.

Complete bewilderment follows the Supreme Court decision declaring the entire Industrial Code structure "ultra vires," stated the Daily Telegraph correspondent at Washington on Monday.

The Court has unanimously declared that the section of the Recovery Act under which Congress has delegated authority to the President to withdraw the Code is unconstitutional and such authority is insufficiently defined and limited.

It is assumed that the decision will have an important bearing on the formulation of the N.R.A. extension Bill now pending while Roosevelt is to confer immediately with his assistants relative to his future course.

NIAGARA FALLS MIGHT DISAPPEAR !

The Canadian Parks Commission, a message from Toronto states, has decided upon a plan for re-forming Niagara Falls by the blasting of unsafe ledges which constitute a danger and might eventually result in the entire disappearance of the Falls.

O'DUFFY £200 BETTER OFF.

According to a message from Dublin on Monday the former Blueshirt leader, General O'Duffy, has been awarded £200 damages in an action against the police for assault and false imprisonment in connection with the Blueshirt meetings in May and December, 1933.

POST OFFICE AUTO-GIRO.

In inaugurating a model post office at Philadelphia on Saturday when an auto-giro picked up the mails from the flat roof of the building, the United States Postmaster General, Mr J.A. Farley, envisaged the general adoption of the auto-giro mail carriage with all offices adapting themselves for roof landing within ten years.

WHY GOERING IS IN BULGARIA.

King Boris conferred a special favour upon the German General Goering on Monday by inviting him to lunch at his palace in Sofia and investing him with decorations.

It is learnt for the first time that a Bulgarian delegation paid a secret visit to Berlin recently and Goering is believed to be endeavouring to conclude an undefined agreement with King Boris, states the Daily Telegraph correspondent.

GERMAN FLOATING DEBT HEAVIER.

Official figures from Berlin indicate that the German floating debt was raised on April 30th from 2,487 million marks to 2,792 million mainly owing to the exceptional circulation of treasury bonds for which covering has not yet been received.

Note the alteration in the times - Doors open at 4.45, show commences 5.0 p.m..

Those Children who did not receive a medal last week owing to the lack of seating accomodation will be given one this week.

SPOON SHOOT WINNERS.

The winners of the Spoon Shoot competitions in connection with the Miniature Rifle Club last week were - D. Atkins ("A" Class) and L.H. Sedgwick ("B" Class.)

WORKING MEN'S SOCIAL CLUB.

The Annual General Meeting of the Working Men's Social Club which was expected to take place this evening has been postponed until further notice.

SECURITY PROBLEM.

The German press, a Berlin message reports, generally praises Mr Baldwin's speech as an endeavour to give a positive turn to often unfruitful discussions on the security problem and that it is indicated that Britain unswervingly continues her policy of collective pacts.

Meanwhile Reuter reports from Budapest that the Hungarian Premier, Goemboes, in outlining the national position in parliament, demanded general conscription with the maximum two years service and the possibility of an armament equal to that of the Little Entente and a proportionate air force.

STANLEY REGATTA IN 1892.

(From the F.I. Magazine, May, 1892)

The annual holiday, in honour of Her Majesty's birthday, was such as will live in the memory of the people of Stanley for some time to come, for the pleasure of the holiday was this year added to by a Regatta, the first of the kind, which has been held in Stanley Harbour during the Annual Festival.

There were three races - The first was between Mr Spearman's gig and Mr Baillon's gig. The crew of the former were Messrs Ducker, Lang, Lamstead, Pauline, Hansen & Fred Hardy (cox), and in the latter boat were Messrs John Kelway, N. Biggs, Sedgwick, Gilchrist, Steetzel, Walsh and Tom Jones (cox). The course was from the east slaughter house to the Government House jetty, Mr Baillon's gig winning by about four lengths.

The second race was a challenge race between "Our Boys" and the "Pandora's" gig. The "Pandora" won easily under the following skillful oarsmen - Messrs V.A. Biggs, Af. Biggs, L. Williams, J. Williams & Tom Jones (cox). The crew of "Our Boys" consisted of Messrs Rutter, Carey, Betts, Rowland and Fred Hardy (cox). The course was from the West Store jetty round a buoy moored opposite Sullivan House, round the Great Britain to the starting point.

For the third race, open to all boats in the harbour, there were four entries - viz - "Our Boys", the "Inveresk's" boat, M. Johnson's boat & the "Pandora's" gig. The course was the same as the preceding race. Again the "Pandora" came to the front beating M. Johnson's boat after a very close race, by barely half a length. "Our Boys" were third.

The respective crews in the boats were : Pandora's - A. Biggs, J. Williams, Gilchrist, C. Brown & Tom Jones (cox); M. Johnson's - G. Bragg, Griffin, Faria, Sunvoll, Adams and M. Johnson (cox); "Our Boys" - W.

(continued on page 2.)

Cardy, A. Hardy, Betts, Williams & Fred Hardy (cox); and the "Inveresk's" boat - Leng, Broens, Thompson, Dixon and J. Johnson (cox.)

THE WONDER OF THE FILM.

It is estimated that during every hour spent looking at a cinematograph film one sees 86,400 pictures, all projected separately on to the screen, but in such rapid succession that they appear to blend into one another in a perfect continuity.

The eye has the property known as the persistence of vision which prevents it from distinguishing between pictures which are presented to it at the rapid rate of twenty-four per second, the standard rate at which modern pictures are projected at the present time.

The average motion picture programme lasts about two hours, and in the majority of the 60,000 theatres in the world, it is changed twice a week. A moment's consideration will show that the amount of film consumed in the world in one year must be enormous.

One estimate states that it approaches 2,000,000,000 feet - enough to wrap round the Equator sixteen times - a truly staggering figure!

This film is in circulation, & some 25,000 miles of it pass through the distributing channels of Europe and America every day.

The emulsion on a film which responds to the action of light and so makes possible a picture, is in reality a "suspension" of exceedingly minute crystals of "grains" of silver bromide in gelatine. In the case of films which are used for making negatives in the camera, these grains are on an average about $\frac{1}{20,000}$ of an inch across, while those in film used for making positive prints are considerably smaller.

There are more grains in an area the size of one small picture on a motion-picture film than there are people living in the entire world. In 1930 the estimated population of the world was 1,840,500,000.

NATION OF OLDER PEOPLE.

The Registrar-General, in his Statistical Review of England and Wales, issued recently, calls attention to the fact that the current birth-rates are insufficient to continue indefinitely the increase in the population.

He states: - "If an appreciable increase in the birthrate does not take place, the future growth of the population will tend to diminish up to the stage at which births and deaths are equal, after which a reduction in the population will occur."

The birthrate of 1932 was the lowest on record, but the rapid increase in the number of old people is described as "an outstanding feature of our vital statistics."

Persons over seventy years of age numbered 297 per 10,000 of the total population in 1911, 344 in 1921, 426 in 1931, and were estimated as forming 434 per 10,000 in 1932.

Among the deaths registered during the year there were 109 of reputed centenarians, fifteen of who were males and and ninety-four females.

In the preceding year the number was ninety-eight, and the two years before that sixty-one and ninety-one respectively.

The 484,129 deaths in 1932 corresponded to a rate of 12 per 1,000 of the estimated population, the number being 1.5 per cent below that of 1931.

Only in extreme old age has the female mortality not declined more than the male since the middle of last century.

Overcrowding Effects.

Facts concerning the effect of overcrowding and the lack of sunshine on the death-rate are contained in the review.

The report contains special studies of the death-rates in the years 1930-32 in the towns and counties in relation to the amount of overcrowding in the districts concerned, their geographical position, and the annual hours of sunshine they received, these comparisons being made possible by census.

Infants deaths under one year of age to each 1,000 born averaged in the three years 57.6 in the county borough

BRITAIN'S LONG REIGNING KINGS.

28 Silver Jubilees.

Kings have ruled in England for more than fourteen hundred years with a single break of little more than a decade in the middle of the seventeenth century, and the celebration of the Silver Jubilee of His Majesty King George V suggests a backward glance along a line of his predecessors.

Cerdic, who ruled from 495 to 534, and founded the kingdom of Wessex was, perhaps, the first to reach a jubilee. Ceawlin reigned in Wessex from 560 to 593 and Cenwealh from 643 to 672.

During the same period, Penda (c 630-655) was king of Mercia. Penda was a great soldier and organiser and was rapidly increasing the power and influence of his realm when he was defeated by Oswiu of Northumbria. Oswiu's reign lasted twenty-eight years and is noteworthy for the Synod of Whitby in 664, when the differences between the Celtic and Roman Churches were settled in favour of the latter. At this period Northumbria was foremost among the kingdoms into which England was then divided. King Ceolwulf, to whom Bede dedicated his "Historia Ecclesiastica" reigned from 729 to 764.

After four more kings of various kingdoms in England had reigned over twenty-five years the next to attain a silver jubilee was the famous King Alfred the Great who reigned over England from 871 to 899 (c). The next to attain a similar jubilee was apparently "reclless" Ethelred, whose feeble & disastrous reign endured from 978 to 1016.

The Norman Henry I and the Angevin Henry II each reigned for thirty-five years, and of the two the reign of the latter was the more important. Henry II introduced many administrative reforms. King Henry III (1216 - 1272) was the first English king to obtain a Golden Jubilee. His reign recalls the birth of parliament and the rebuilding of Westminster Abbey, the finest remaining example of British medieval art. Indeed the reign of this weak and extravagant monarch was a time of remarkable progress.

The warlike Edward I reigned from 1272 to 1307, and, in 1284, gave his son to the Welsh as their prince, a precedent which has been followed ever since.

Edward III was the second ruler of England to reach his Golden Jubilee. Henry VI reigned for thirty-nine years when he was deposed and Henry VIII for thirty-eight years.

The significance of the later reigns is too well known to require much comment. Queen Elizabeth reigned through forty-five eventful years and Charles II for a merry quarter of a century. George II ruled for thirty-three years and George III was the first of our kings to attain a Diamond Jubilee, a feat which, as many now living vividly remember, was emulated by Queen Victoria. Her sixty-four years comprise the longest reign of any monarch in English history.

No reign in the past - eventful and exciting though many have been - has seen such startling changes and developments in every sphere as has the reign of King George V, although no fewer than twenty-six of his predecessors have ruled for a quarter of a century or more.

RUSSIA'S WONDER PLANE.

From Moscow comes the announcement that "before the end of this year a rocket aeroplane, carrying a pilot, will be flying at a terrific speed through the rarefied air of the stratosphere."

The result of this sensational experiment will be watched with particular interest, a correspondent writes to the press, particularly by scientists who have for some years been demonstrating on paper the possibility of using rocket-propelled aeroplanes capable of travelling in the rarefied atmosphere at enormous speeds and eventually accomplishing trips to the moon.

Some ten years ago Professor Goddard of the United States, began experimenting with rockets with the moon as his ultimate goal. Theoretically he demonstrated that it should be possible to impart to a rocket-propelled aeroplane an initial speed of seven miles a second sufficient to overcome the downward pull of the earth's gravitation.

FRENCH CLOUDBURST.

It was reported from Amiens on Tuesday that a cloudburst over Serrieres has resulted in a raging torrent inundating the western suburbs, transforming the district into a lake.

Considerable damage has been done but no casualties have been officially reported.

THE FIGHT FOR THE FRANC.

Outstanding features of the decisive phase in the fight for the franc which began on Tuesday, states the Daily Telegraph Paris correspondent, were the gold withdrawals from the Bank de France amounting to 1,125 million francs while the withdrawals from the Savings Bank from May 20th to 25th was nine millions above new deposits.

The government has issued a bill calling for the nation's assistance in the struggle and the bill invests the government with dictatorial powers in financial and economic affairs and has been finally approved by the Cabinet, commended to the Chamber by the Minister of Finance, and referred by that body to its Finance Committee.

A majority for the bill when it is to be discussed by the Deputies to-day (Thursday) is by no means certain since many have been converted to devaluation since the Chamber's last session.

The Bank de France has raised the discount rate to six per cent and this led to a rally which was not, however, sustained.

DE VALERA'S NEXT MOVE.

Speaking in the Dail on Tuesday on the supplementary funds for the Governor-General's establishment, de Valera indicated the possibility of the government abolishing this office during the present year and he has invited the opposition to help.

JAPAN LOOKING AFTER HERSELF.

Answering the Japanese threat to apply the trade protection law to Canadian goods, the Canadian Minister in Tokio has informed the Foreign Minister, Hirota, that the Dominion is prepared to discuss the difficulties but information was desired to relative costs.

Japan also protested on Tuesday at Nanking on the relative ten per cent import surtax when it was indicated that Japan could not afford to see her commercial interests in China undermined owing to the economic crisis which was largely due to the American silver policy states Reuter.

NEW DEAL'S SERIOUS SETBACK.

Confusion and chaos reign in political and business circles in the United States as a result of the Supreme Court's wrecking of the New Deal, and according to the Daily Telegraph Washington correspondent, nobody, including the President, knows what will happen. White House nevertheless holds the opinion that Roosevelt is determined to establish in some legal way the principles of the New Deal.

Meanwhile all methods of compulsory Code enforcement are being immediately abandoned, but the N.R.A. officials are urging employers not to scrap their achievements in relation to labour.

Mine workers and the textile unions have threatened to strike if the employers attempt to take advantage of the position while new legislation must be hurried on to cover the liquor industry which is carried on under the Code.

LEAGUE OF NATIONSFINANCIALLY SOUND.

The League of Nations Secretary at The Hague states that the finances of the League are sound with the arrears of subscriptions only six per cent.

Will all Guides meet at Headquarters at 3.0 p.m. on Saturday.

F.I.D.F. FOOTBALL CLUB.

Members of the Defence Force Football Club who have in their care any football Colours are requested to return them before Monday, 3rd June, to the caretaker, Mr C. Henriksen or to Mr D. O'Sullivan, (Hon. Secretary and Treasurer.)

HIS MAJESTY'S SEVENTIETHBIRTHDAY.

His Majesty the King will celebrate his seventieth birthday on Monday and will attend in the morning the impressive ceremony of the Trooping of the Colour by the Guards battalion which every 3rd of June attracts great crowds of spectators to the Horse Guards Parade.

This year there will be an opportunity of purchasing in the streets a Birthday Emblem in aid of the King's Silver Jubilee Trust.

This Fund is the personal gift of the nation to His Majesty who has decided that it should be devoted to the welfare of the younger generation.

The Fund will not start new organisations but will help the existing ones which are concerned with youth movements in England, Scotland, Wales and Northern Ireland.

The additional financial assistance will enable boys and girls clubs and many organisations to extend their activities, playing fields, gymnasiums, equipment for games, headquarters for these centres, camping equipment and many other things that are needed.

Contributions to the Fund continue to pour into St James' Palace where every day for weeks past the Prince of Wales has spent much of his time in its organisation.

The total has increased to such an extent that there are hopes that the first million pounds will have been reached next week.

The sale of Monday's Birthday Emblems has been organised by voluntary workers throughout London and one and a half million of the Emblems have been specially made by the British Legion Poppy Factory.

NORTHERN RHODESIA'S NEW CAPITAL.

Northern Rhodesia this week is changing its capital when Lusaka, a town planned and built from the bush takes the place of Livingstone.

The Legislative Council Chamber and administrative offices are to be opened at Lusaka to-day (Friday) and eventually all the central official activities carried on during the last twenty-four years at Livingstone, will be transferred there.

The progress of settlement in the territory has left Livingstone far too south and the transfer has been effected with a view to present convenience and future needs.

It is expected that Lusaka will steadily develop as the centre of the mining and farming activities.

NEW BRITISH CRUISER.

It is revealed, states a message from Chatham that the smallest cruiser built since the war - the "Arctura" - of 5,200 tons is capable of steaming from England to Australia without refuelling. The secret lies in the application of a new engineering theory of a "fluid" fly-wheel.

The application of this principle of mechanism represents a naval constructional triumph.

THE GRAN CHACO DISPUTE.

It is reported from Buenos Aires that Paraguay has agreed to a cessation of the Gran Chaco hostilities but the conditions are as yet unspecified while Bolivia is prepared to accept the terms proposed by Argentina permitting negotiations for a settlement of the dispute.

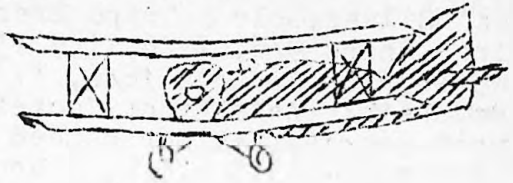

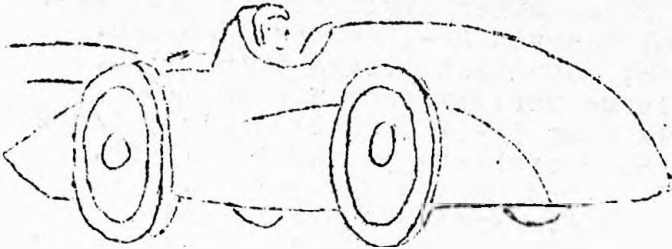

BOXING.

The World's flyweight champion Brown defeated Marsden, Nottingham, at Liverpool yesterday with a knock-out in the 6th of a 10-round fight.

The vessel is expected to leave this morning if weather conditions permit.

GOVERNMENT NOTICE.

No. 72. Colonial Secretary's
 Office, Stanley,
 31st May, 1935.

With reference to Government Notice No. 40 of the 26th March, 1935, it is hereby notified for general information that His Excellency the Governor has been pleased to appoint

A.M. BONNER, ESQ.,
 Inspector of Stock, to be a member of the Unemployment Relief Committee with effect from the 31st May, 1935.

By Command,
 M. Craigie-Halkett,
 Colonial Secretary,

MONDAY'S DANCE.

We have been asked to announce that the time for the Social Dance to be held in the Town Hall on Monday has been altered from 9.0 p.m. & 1.0 a.m., to 8.0 p.m. and ending at midnight.

HOSPITAL NEWS.

Operations were performed on Mrs Cartmell of Walker Creek and Miss P. Robson of Port Louis in the Hospital yesterday.

1st STANLEY SCOUTS.

There will be a short Parade this evening at Headquarters commencing at 5.0 o'clock. Scouts are to parade in uniform.

Colorado Springs : Many lives have been lost with hundreds homeless & damage estimated at a million dollars has been done as a result of disastrous floods.

FRANCE'S NEW "VERDUN."

A message from Paris on Thursday night stated that following the resignation of M. Germain Martin, the Finance Minister, the Premier assumed his office and appeared before the Chamber to make a dramatic appeal for dictatorial powers to save the franc.

According to the Daily Telegraph correspondent M. Flandin spoke of the present fight against the financial crisis as the "Economic Battle of Verdun," and when the speech was finished he walked unsteadily from the rostrum and collapsed in the Cabinet room.

The Radical Party, despite M. Herriot's strong appeal, decided to vote against the government and with the debate continuing until a late hour it was considered that the French government would be defeated.

Mobs assembled in La Place de La Concord and demonstrated against the Chamber with the result that police reinforcements had to be drafted to the area.

JAPAN EXTENDS HER PROTECTION.

The Daily Telegraph correspondent in Hsingking reports that Japan has prepared plans for the extension of the present demilitarised zone along the Manchukuoan border to include the whole area north of the Yellow River thus inferring Japanese protection of Peking and Tientsin.

Reuter's correspondent in Tokio reports that the military attache at Peking has given warning that Japanese troops would advance from the Great Wall unless anti-Japanese Manchukuoan activities are ceased.

The Japanese press states that the Northern Command is tired of China's insincerity, double dealing and failure to abide by the Tangku Trusts.

MEAT AGREEMENT NEARER.

It is reported from London that the prospects of an agreement with the Dominions on the meat imports question is brighter, due to the Home government's new proposals which come nearer to a solution of the problem than anything previously discussed.

These proposals maintain the principle of the levy scheme.

NATIVE DISAFFECTION.

Notwithstanding the authorities' statement in Bulawayo that the situation in the copper mining area is quiet hundreds of troops and police have been drafted to the disaffected region where European lives and property are threatened by 9,000 natives who are on strike.

The power house is protected by live wires while the mine police have arrested the "Emperor of Black Africa".

The houseboys have walked out in sympathy with the miners.

PORTUGAL TO SPEND

7,000,000,000 ESCUDOS

The National Assembly in Lisbon has approved of the appropriation of 7,000,000,000 escudos for the administration of the country's defence & economic reconstruction.

The plans include the rearmament of the army and air force and the construction of fourteen warships, new roads, railways, aerodromes, telephone and telegraph lines.

HUNGARIAN DENIAL.

The Hungarian Minister of Finance announced from Budapest on Thursday that the government emphatically denied any intention of depreciating the currency as a solution to its economic troubles.

TERRIBLE EARTHQUAKEIN INDIA.

The London Official Press reported last night that a disastrous earthquake involving it is feared a death roll of many thousands has occurred in British Baluchistan, India.

It was impossible yesterday to estimate with even approximate accuracy the total number of casualties many of which include high caste natives besides thousands of native populace, but there can be no doubt that in the native city of Quetta, the capital of Baluchistan and in other towns the total will be appalling heavy.

It is known however, that the death roll includes one officer and forty-three Royal Air Force personnel with two British officials and their families and practically the whole of the police force of Quetta and many subordinate Civil and Railway officers.

Amazingly few details are as yet available owing to the destruction of the telegraph lines and wireless reports received state that Quetta, which has a population of 34,000 & is the city of administration as well as an important military centre, is in ruins and that the native houses have crashed like a pack of cards owing to the violence of the shock, burying the occupants in the debris.

The earthquake was felt with equal severity in the civil lines and in the Royal Air Force area which lies to the west of the city with the military lines to the north only slightly damaged and so far as is known no military officers or their families are among the injured. The casualties among the troops were also slight and throughout the day the men of the British and Indian regiments have been working feverishly to convey succour and establish some semblance of order among the thousands distracted by the ravages, and they have succeeded in providing temporary accommodation for many des-

titute in camps hurriedly erected on the race course and in the grounds of the Residency.

It was in the Civil lines that Mr Meredith Jones of the Indian Civil Service, his wife and mother-in-law, and Mr Francis of the Irrigation Service and his wife lost their lives.

Many officials had extremely narrow escapes among them being Sir Norman Cator, Agent to the Governor-General in Baluchistan.

It is also reported that the town of Mastung, forty miles south of Quetta, was completely destroyed and four-fifths of the population killed, a similar fate overtaking a number of neighbouring villages.

Particularly free from towns, Baluchistan is sparsely populated and no information is available as to the damage in the outlying districts.

Sir Norman Cator, broadcast a wireless appeal to all the provincial headquarters for urgent despatch of medical relief immediately the news of the disaster was received.

Doctors and nurses have been despatched by the Punjab Government to the scene by the quickest available routes.

NATIONAL DEFENCE DEBATE.

Much of yesterday's debate in the House of Commons, the official press reported last night, on National Defence, raised by the Liberal Party, was concerned with the possibilities of negotiations for a Western Air Pact, and Sir John Simon, who was the principal Government speaker stated that progress was being made with this project.

The proposals, Sir John Simon said, had now been received in the Parliamentary agenda from the German government and the French and Italian governments have also put forward their ideas on the subject.

The British Government believed that the proposed Air Pact would necessitate an agreement regarding air strength and also an understanding as to the levels of air strength. Efforts should also be made in the pact to embark on some agreement

for the outlawry of indiscriminate bombing.

Meanwhile the British government would not be justified in suspending the recently announced measures for increasing the country's air defence but no one would suggest in any way that these measures were inimical to peace or would do the smallest injury to the negotiations of the air agreement.

On the contrary, Sir John maintained that the measure taken would add to the prospect of reaching a settlement.

The Minister's statement received the general approval of the speakers who followed and Mr Eden, in winding up the debate, said that it was the intention of the British government to make the most of the contributions in Hitler's speech and to see whether building on that basis they could with others who shared the same anxieties and determination eventually effect a sadly needed improvement in European affairs.

ROOSEVELT TO ATTACK.

Last night President Roosevelt announced that he was ready to take action against the Supreme Court relative to the N.R.A. but he is withholding the nature of his plans.

The President in addressing pressmen said that relenting meant the termination of the Agricultural Administration, the Security Commission, the Federal Alcohol Control Administration and the issue would have to be settled by the people not necessarily this year but within the coming four or five years.

He concluded with an expression of hope that the N.R.A. Codes would have a fair dealing and be maintained on a voluntary basis.

CHINA AND JAPAN.

The Daily Telegraph correspondent in Tokio states that the Chinese Ambassador has informed Japan that she desires to reach an amicable settlement in the new situation arising from the Japanese demands relative to the

extension of the demilitarised zone south of the Great Wall.

Certain Japanese demands have been conceded but China demurs to interference with her domestic policy as instanced by the demand for the dismissal of the Governor of the Hopes Province.

ITALIAN "PRECAUTIONARY

MEASURES."

It is reported from Rome that the troops under arms throughout Italy approach the one million mark with a further 55,000 mobilised yesterday for East African service while naval officers and ratings have been ordered to hold themselves in readiness to rejoin the colours.

A communique states that Mussolini has taken these additional precautionary measures on account of the mobilisation of fresh Abyssinian troops and the intensive war preparations they are understood to be making.

The press states that this is Italy's answer to Geneva and Britain's criticism.

BULAWAYO NATIVES

BACK TO WORK.

It was reported from Bulawayo last night that, following troops parading, the strikers returned to work and the mines are mostly running at normal again. Approximately 300 arrests have been made including the riot ring-leaders.

Europeans have expressed sympathy with the strikers whose increased taxation without being given any notice has amounted to almost a month's wages.

TOTALISATOR RETURNS.

The Betting Control Board in London has announced that the totalisator turn-over is above £5,000,000 representing a sixteen per cent increase on 1933. The surplus was £162,170 enabling grants being made to many trainers breeding horses and £11,000 for pony racing.

KING'S BIRTHDAY HONOURS.

The Right Honourable the Secretary of State for the Colonies has, with much pleasure, informed His Excellency the Governor that His Majesty the King has been graciously pleased to approved the appointment of the Honourable Albert Rawlinson Hoare, to be a Member of the Most Excellent Order of the British Empire (Civil Division.)

We wish to offer the Honourable A.R. Hoare our heartiest congratulations on the well deserved honour the King has been graciously pleased to confer upon him and we feel sure that everyone in the Colony will be delighted to learn that Mr Hoare's long and valuable service in the Colony has been rewarded in such a fitting manner.

JUNE 3rd IN STANLEY.

Perfect weather marked the celebration of the seventieth birthday of His Majesty the King in Stanley yesterday when features of the Holiday included a Review of the Falkland Islands Defence Force with the Boy Scouts and Girl Guides in Government House Paddock by His Excellency the Governor, a Children's Party in the Town Hall in the afternoon organised by the Stanley B.W.M.S.S. Club, an At Home at Government House, while a Social Dance organised by Mr A.V. Summers took place in the Town Hall in the evening.

A more detailed report of the Holiday will be published in due course.

BILLIARDS FINAL.

The final of the Working Men's Club Handicap Tournament (Billiards) is to take place this evening commencing at 7.30 o'clock, the finalists being W. Jones and J. Bound.

THE TROOPING OF THE COLOUR.

A London message last night reported that His Majesty the King's birthday was celebrated in all parts of the British Empire yesterday. His Majesty had sufficiently recovered from the slight cold from which he was suffering the previous week to attend the magnificent ceremony of the Trooping of the Colours on the Horse Guards' Parade, held annually on the occasion of the King's Birthday.

It was the first time the King had attended the parade for three years.

The event invariably draws large crowds but yesterday the whole length of the Mall and every point of vantage around the parade and all the adjacent buildings, even to the roofs, were packed with people.

It was a bright warm morning and the sunshine added to the beauty of this unique and picturesque example of military ceremonial.

A roar of cheers accompanied the King as he rode down the Mall and on to the Parade ground.

At a window in the Horse Guards sat Her Majesty the Queen accompanied by her two daughters-in-law and her two little grand-daughters, and as the King approached the Saluting Base, immediately below them, he saluted Her Majesty.

Behind the King, who wore the scarlet uniform of the Irish Guards, rode his four sons, the Prince of Wales, the Duke of York, the Duke of Gloucester and the Duke of Kent.

Then came the King's Indian Aide-de-Camps, the Maharajahs of Bikanir and Kashmir and Sir Umar Hayat Khan in their gorgeous uniforms, followed by Foreign Military Attaches.

There were nearly 2,000 guards on parade with their six bands in mass to the number of 250.

Following the inspection by His Majesty an elaborate and intricate ceremonial with its marching and counter-marching was performed with the immaculate precision which always characterises the Guards Brigade.

(Continued in Col. 2, Page 2.)

HARDY'S CINEMA

Will again present on Wednesday

MINIATURE RIFLE SHOOTING.

The highest scores obtained
last week were :

Monday.

L. Reive 100. W.J. Grierson 99.
J.J. Harries 99. P. Hardy 99.
E.J. McAtasney 97. J.W. Bowles 96.

Wednesday.

L. Reive 100. Denis Lehen 99.
W. Browning 99. J.R. Gleadell 99.
W.J. Grierson 98. A.H. Hills 98.

Friday.

A.H. Hills 100. W. Aldridge 99.
W.J. Grierson 99. L. Reive 99.
J.W. Bowles 99. J. Pattersen 99

The "A" Spoon was won by L.
Reive and the "B" Spoon by J. Ryan.
The tie for the Jubilee Medal re-
sulted in a win for L. Reive who
beat W. Browning by one point.

The provisional list of com-
petitions for the season can be
seen at Headquarters.

On Wednesday there will be a
Spoon Shoot for "A" and "B" Classes
A Platoon Shield match will take
place on June 13th between Nos 2 &
3 Platoons.

THE TROOPING OF THE COLOUR.

(Continued from Page 1.)

After the presentation of the
Colours this year to the Irish Guards,
all the troops marched past the King
in slow time and afterwards in quick
time finally forming up in line and
giving the Royal Salute.

As the ceremony concluded and
His Majesty, placing himself at the
head of the King's Guards, marched off
the parade and along the Mall to
Buckingham Palace, there could be heard
the roar of guns giving the Royal
Salute.

SHOOTING SWEESTAKE.

The results of the F.I.D.F.
Miniature Rifle Club Sweekstake for
the week ending 31st May are :

Amount collected	£30.14.4.
Club (including expenses)	2.19.11.
Seller's Prize

26 Competitors	
prizes each	5. 3.
1st Prize	985 10. 3.10.
2nd	725 6. 2. 3.
3rd	614 4. 1. 6.

BRITISH EMPLOYMENT.

The Ministry of Labour estimates
that on the 20th of May there were
approximately 10,334,000 insured per-
sons aged 16 to 64 in employment in
Britain.

This was 14,000 more than on the
15th of April, 1935, and 141,000 more
than on the 14th of May, 1934.

At the same date the numbers of
unemployed persons on the registers
in Britain totalled 2,044,752 which
was 292 more than on the 15th of April
but 45,629 less than the year before.

HITLER'S SPEECH ENQUIRIES.

The replies of the German govern-
ment to enquiries by the British Am-
bassador in Berlin for more precise
information on several matters dealt
with in Herr Hitler's recent speech
have now been received in London and
are receiving the close attention of
the British government.

"SAFETY" ON THE ROAD.

During the House of Commons Debate on the vote for the Ministry of Transport, Mr Hore-Belisha referred in particular to the safety measures taken on the roads.

A depressing feature of the accident returns was the large number of children involved, 1171 of the 3577 pedestrians killed on the roads in 1935 being children under fifteen years of age.

Two departmental committees had been appointed to draw up a curriculum for the teaching of safety in schools.

Undoubtedly many of the accidents had occurred owing to the lack of playgrounds for children.

Notices of regulations would, as an experiment, be given this week, converting certain streets in Southwark and Paddington into children's play streets.

ROOSEVELT BREAKS WITHTHE HEARST PRESS.

According to a message from New York, W.R. Hearst, in an article which will probably result in the final break between the Roosevelt administration and the Hearst press accuses the President of assuming "unconstitutionally in most cases, more power than the European constitutional monarchs and practically the same power as European dictators."

He contrasts unfavourably the mandate the President received from the People of the United States with that received by Hitler "whose policies were submitted to the people of Germany and ratified by the vote of over two-thirds of the electorate."

Political observers are speculating on Roosevelt's chances in re-election next year, states Reuter as a result of this apparent declaration of war.

CRICKET.

It is understood that R.E.S. Wyatt has been invited to Captain England's Test Team.

THE WORLD'S BIGGEST AIRSHIP.

It is reported from Friedrichshafen that the world's biggest airship, L2,129, is approaching completion and will probably be launched in July.

She is 810 feet long and 134 feet in diameter amidships.

Doctor Eckener is laying down three new airships reports the Daily Telegraph correspondent for the North Atlantic under American auspices, the South Atlantic under German and for the East with Dutch cooperation. Arrangements have been made with Spain for a mooring mast and a gas plant in Seville.

An operating company in which the German government is interested is expected to start with a capital equivalent to £835,000.

"NORMANDIE" WINS ATLANTICBLUE RIBBON.

It is reported from New York that the French liner "Normandie" on her maiden trip has won the Atlantic Blue ribbon by covering the 2,971 miles from Bishop's Rock to Ambrose Light in 99 hours, 2 minutes, representing an average speed of 29.98 knots.

New York conceded the ship a tumultuous welcome with planes circling overhead and all vessels in the harbour sounding their sirens while the riverside was crowded with thousands of cheering spectators.

ANOTHER ITALO-ABYSSINIANFRONTIER INCIDENT.

Reports have been received in Rome that a fresh Italo-Abyssinian frontier incident is alleged to have occurred on the borders of Italian Somaliland with several casualties, states the Daily Telegraph correspondent.

The Government spokesman announces that Abyssinian bands have attacked the Italian outposts and while the incident is serious it is less grave than the Walwal affray.

The National press continues to attack the British policy, alleging that material support is being given the tribes.

APPALLING SCENES IN QUETTA

Death Roll Over 30,000.

On Sunday the total casualties in the Quetta earthquake disaster were estimated at 30,000 with the British deathroll at about 200 and 200 British injured.

Fire had broken out in the main business area while water, gushing from fissures, was flooding the streets. Many of the injured trapped in the fallen buildings are threatened with death from burning or drowning.

The police force has been wiped out and martial law has been proclaimed. A storm which was raging over the area was considerably hampering rescue work. The railway has been repaired from Karachi and relief trains have been despatched to the devastated area at intervals of one hundred yards.

It was feared that a cholera epidemic might break out stated a Reuter message and medical equipment was being rushed to the scenes of the catastrophe by aeroplane.

Refugees arriving at Karachi state that the shocks lasted eleven hours.

A further message on Sunday stated that another shock had occurred and had increased the terror of the Quetta survivors when a great slice of the mountain just beyond the city fell into the Valley states the Daily Telegraph, causing structures still standing precariously among the ruins to collapse.

A volcanic eruption also occurred in the Shahriga Peaks, forty miles away.

A message from Simla stated that the sealing of Quetta has been officially announced on medical advice in view of the number dead in the debris with no hope of rescuing any more living. The evacuation of refugees is being continued to the Punjab Sind so long as no epidemic disease breaks out.

A report received by the press yesterday states that authoritative information from Quetta confirms the appalling extent of the earthquake disaster.

It is estimated that in Quetta alone twenty thousand corpses remain

under the debris while several thousands have already been extracted and buried. Of the ten thousand Indian survivors, four thousand are injured.

Surrounding villages have also been destroyed with, it seems certain, heavy casualties but military parties have been sent out to investigate and take help although so far they have not yet been able to give any detailed reports.

The two considerable towns of Kalat and Mastung with surrounding villages were also destroyed and the deaths there will add considerably to the roll of casualties.

The town of Ioralai and Chaman are safe and no serious damage appears to have been caused to Fort Sandeman. The area of Kandahar has also escaped.

The establishment of martial law at Quetta was necessary owing to the death or injury of nearly all the subordinates and clerks of the Civil Administration. The troops have rendered magnificent service in organising and helping the refugees.

Drastic measures have been taken to prevent the spread of disease from the ruins and the situation is reported to be well in hand.

A relief fund was opened on the very day when it was decided to close the Indian Silver Jubilee Fund which had exceeded £750,000 the proceeds from which are to be devoted to relieving distress and suffering in India.

The earthquake has been the subject of a brief statement in the House of Commons by the Secretary for India, Sir Samuel Hoare. He deeply regretted to say that the reports he had received of this appalling disaster unfortunately fully bore out what appeared in the press. He was grieved to state that the whole city of Quetta had been destroyed.

All the houses in the civil area had been razed to the ground with the exception of Government House which was partially standing in ruins. One quarter of the cantonment area had been destroyed and the remaining three-quarters though but slightly damaged, is uninhabitable. The bodies of about 4,500 members of the Indian civil population had been recovered but it was feared that about 20,000 still remain buried in the debris.

There is no truth in the rumour that Quetta is to be blown up and abandoned.

ATTEMPT TO ASSASSINATEPRESIDENT OF URUGUAY.

A message from Montevideo reports that an attempt to assassinate Doctor Terra, the Uruguayan President, at a public entertainment on Monday failed.

S.S. LAFONIA.

We understand that the s.s. Lafonia left Montevideo for Porto Alegre on Sunday.

DEPARTURES.

Dr R.L. Cheverton (Senior Medical Officer) and Mrs. Cheverton left Stanley this morning for the North Camp accompanied by Mr T. Gilruth of Fitzroy.

R.R.S. DISCOVERY II HOME.

It was reported from London last night that the R.R.S. Discovery II now lies in St Catherine's Dock, London, after a twenty months' oceanographical research voyage in the Antarctic.

The main purpose of the voyage was to study the habits and distribution of whales and to report upon the subject, which report is being submitted to the Colonial Office.

The teaming marine life of the Antarctic was studied and records taken of sea depths. The greatest depth recorded was 7,000 metres near the South Sandwich Islands.

QUETTA.

An India Office communication last night stated that although further shocks have been experienced in Quetta they have not caused any undue alarm as all precautions have been taken to minimise the dangers that might arise. The survivors, both civil and military are being accommodated in the open. All the British survivors are devoting themselves entirely to relief work and their efforts are being reinforced by a constant stream of assistants from outside. The greater part of the Quetta cantonment is either intact or only slightly damaged and this applies to the Staff College and both the military hospitals and barracks of the British and Indian troops.

ROOSEVELT'S NEXT MOVE.

It is reported from Washington that President Roosevelt has decided to send to Congress a Bill designed to deal with price-cutting and wage-cutting, resulting from the Supreme Court's decision.

Two proposals are being considered according to the New York Times: One - that the President should offer each industry a new labour agreement; and the other - that there should be a new administrative agency or a drastic reorganisation of the N.R.A. in conformity with legal requirements.

Under the latter scheme Congress would enact a law permitting the members of the principle trades and industries unquestionably engaged in inter-State commerce to form a Membership Corporation.

KIDNAPPED BOY RETURNS.

According to a message from Tacoma, U.S.A., the kidnaped boy Weyerhauser was turned loose on the roadside early Monday morning.

He knocked up a farmer and was told that his uncle had paid the ransom of 100,000 dollars that had been asked.

He stated that his abductors put him in a trunk while travelling and slept shackled in a cupboard in a house. He was allowed to read newspaper accounts of the search that was being made for him

CANADA'STRADE AND INDUSTRY.

According to a report from Ottawa initial steps have been taken to introduce a Bill establishing a Dominion Trade and Industry Commission in accordance with the recommendations of the Price Spread Commission to benefit consumers and the small trades.

It is also designed to establish a Dominion Housing Commission to assist construction.

THE SOVIET AND JAPAN.

An announcement from Moscow reports that the Soviet Official Publicist, Radek, in a press article states that the U.S.S.R. would gladly establish good relations with Japan as on the basis of such good relations all outstanding problems could be settled since the Japanese, Chinese and Soviet interests were identical.

He added that a considerable part of the Soviet Union was composed of Asiatics and they did not share the fear mingled with racial contempt which marks the "European" attitude towards Japan.

CHINESE SILVER CRISISAVERTED.

It is reported from Shanghai that the crisis due to America's dear silver policy, threatening the smaller Chinese banks, has been averted by the Minister of Finance's advance of 25 million Chinese dollars worth of government bonds against double that amount of securities put up by the Bankers' Guild to firms which are solvent but temporarily embarrassed.

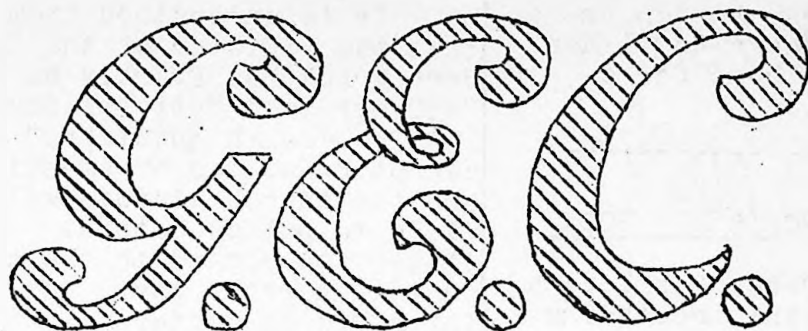

It is estimated that 300 million ounces of silver were shipped from China since the American silver Purchase Act became operative with serious results to trade and commerce.

COTTON COMPETITION WITHRUSSIA SUSPENDED.

The Manchester Chamber of Commerce announces that Russia has voluntarily suspended the trade competition with Great Britain's cotton and textile industries in British West Africa during the current year.

U.S.A. & GERMAN AGREEMENT.

Washington reports that a new agreement has been signed between the United States and Germany omitting the "Unconditional most favoured nation" clause.

WEST STORE CHIT CHAT.

stands for THE GENERAL ELECTRIC COMPANY, Ltd.

Their latest product is the O S R A M "coiled coil" electric light bulb. "More light for the same cost". This ingenious invention enables the householder to obtain from 10% to 20% more light while consuming only the same amount of electricity as formerly.

In PEARL and OPAL :- 220 volt; 40 & 60 watt. 1/11 each.

Other new stocks of electrical fittings etc, include :-

6-volt bulbs for motor-car and motor-cycle lamps, 9d and 1/3 each.

Aerial Wire, 100 ft coil, 2/-. Sil^l flex 3d per yard.

Lead-in tubes, 1/-. Wireless insulators (egg-shape) 1d each.

Wall plugs and sockets, 1/4.

"CORINTHIAN" "CORINTHIAN" "CORINTHIAN"

Probably the most fascinating indoor game ever known.

Can be played alike by grown-ups and children.

A game at which to entertain yourself, your children and your friends.

The book of rules, included with each board, gives between 20 and 30 different games which can be played.

The "CORINTHIAN" Official Model (Silent Model)

THE PRINCESS ROYAL.

A message from London announces that Princess Royal has entered a nursing home for a slight operation.

COLONEL LAWRENCE'S NEW BOOK.

Colonel Lawrence has left a manuscript "The Mint" recording his life in the Royal Air Force with instructions that it is not to be printed before 1950.

The manuscript is understood to contain comments on the R.A.F. making immediate publication impossible.

TORNADO IN THE U.S.A.

It is reported from Lincoln, Nebraska, that a tornado has swept through Nebraska, causing widespread disaster. The deathroll was expected to reach 250 with two villages reported to have been destroyed.

A later message confirms the casualties as 250 dead in the Nebraska tornado. Relief workers are still hard at work rescuing refugees stranded on house-tops and clinging to trees.

The disaster was caused by a six-foot wall of water, sweeping through the valley owing to the breaking of a dam on the Republican River the latest messages report.

DESERT DISASTER.

According to news from Paris Mrs Knight, the widow of the British airman has been killed in the Sahara while the Englishman Leyton, who was accompanied by the Frenchmen Huebert and Chauveur, was left Agades to cross the Sahara in a motor-car to the Hoggar mountains on the 22nd of May, lost their route.

The Englishman who risked his life in an attempt to obtain help when food and water were exhausted died in the agonies of thirst. The Frenchmen were found beneath the car in the last stages of exhaustion.

NAZI MINISTER'S WARNING.

It is understood from Berlin that the Minister of the Interior, Herr Frick has frankly warned the "150 per cent National Socialists."

"The Jewish question," he stated, cannot be solved by smashing windows and the church dispute will not yield to police batons. The principle with regard to the church must be that neither party nor State shall interfere in matters of belief. The National Socialist State is ready to cooperate with Christian churches while they do not enter into opposition with the State."

NEW FRENCH GOVERNMENT.

According to the Daily Telegraph Paris correspondent when the Cabinet initial chamber meeting was held on Tuesday Premier Bouisson suggested the advisability of resuming the 1932 London Currency and Economic Conference.

The Finance Minister Caillaux has stated that the revival of international trade is among his first cares and this will be greatly facilitated if the other great currencies are subjected to a joint and definite stabilisation in the near future.

He also announced the appointment of two special commissions to deal respectively with the reorganisation of the Stock Exchange and the Budget cuts.

A further message from Paris states that the veteran ex-Premier Joseph Caillaux as the new Minister of Finance, has announced his unalterable determination to maintain gold parity of the franc and to throttle ruthlessly speculation against the franc and any tendency to devaluation.

He has only taken over the office for the period required to reorganise the country's finances. His programme has not yet been revealed but Caillaux has been an advocate of cutting unproductive State expenditure, gradually reducing tariffs & abolishing the quota system. A big majority for the Bill investing the new government with the necessary plenary powers is assured.

No further franc crisis is expected unless Bouisson's measures to balance the budget should fail which gives the certainty of some weeks breathing space.

THE DEAN BRANDON MEMORIAL.

(Contributed.)

The four Chancel Seats, beautifully carved in English oak have now been placed in Christ Church Cathedral at a total cost of £226.14.8d.

This fitting memorial adds considerably to the appearance of the interior of the Cathedral. Yet the Memorial at this stage is not complete

The Dean's and the Assistant Chaplain's stalls are still to be provided at a cost of about £200 and towards this sum the Committee have in hand £97.

The Committee sincerely hope that further donations will be forthcoming to enable them in the near future to complete the Memorial.

INTER-PLATOON FOOTBALL.

The Defence Force Inter-Platoon League is expected to commence again this season on Sunday when Nos. 1 and 3 Platoons will oppose one another if weather conditions permit.

No. 3 Platoon :

T.D. Evans.

D. Fleuret. D. Atkins (Capt)
 J. Bound. R. Grant. G. Pearson.

J. Petterssen. W. Jones
 C. Thompson. A.W. Beardmore. W. Grierson

Kick Off 2.15.

BOXING.

In the Albert Hall on Monday the Australian heavyweight Cook out-pointed the Spanish boxer Pancho Villar in a ten-round contest.

The South African McCorkingdale outpointed the Frenchman Lenglet in a ten-round contest.

At Madrid last week Thrill of France defeated Ara of Spain in a middleweight championship contest.

PRINCESS ROYAL.

A bulletin issued yesterday stated that the Princess Royal was making satisfactory progress.

CORONATION CUP WINNER.

The King went to Epsom again yesterday where His Majesty saw the Coronation Cup won by Mr Benson's "Windsor Lad" from Lord Woolavington's "Easton" with Mrs Ewing's "Caymanas" third.

His Majesty will not see the Oaks which is to be run to-day as he is remaining in London in order to receive the Prime Minister and Mr Baldwin in connection with the reconstruction of the present government.

YACHTING ACCIDENTS.

Yesterday Mr Sopwith's famous "Endeavour" was dismasted and the "Astra" had a steward washed overboard and drowned during a race for the "J" Class yachts at Southend Regatta.

This is the first event in British waters that the American yacht "Yankee" was competing.

The "Endeavour" was leading when the accident happened and she was taken in tow by a pleasure steamer off the Mouse lighthouse.

The Yankee reached home with the Valsheba following her and as these were the only competitors to arrive the race was awarded to the former.

JAPANESE DECISION.

A message from Tientsin last night stated that Japan had decided to carry out her threat to extend the demilitarised zone south of the Great Wall and the military commanders are gathering for a war council it is believed while assurances are being given that foreign persons and their interests will not be endangered.

Nanking has already complied with the Japanese demands that the governor of Chui be dismissed.

SAFETY FROM EARTHQUAKES.

The Under Secretary for India, R.A. Butler, promised in the House of Commons yesterday to communicate with the Government of India on two suggestions put forward by Mr Charlton in a parliamentary question.

One was that the Seismological Association of Oxford and the Geological Association of London should enquire further into the fact that earthquake shocks in regions known to be affected by them are generally preceded by minor tremors detectable on suitable instruments thus permitting the public to be warned.

The other suggestion was that a Technical Commission containing members with experience of erecting earthquake buildings in New Zealand, Japan, California and elsewhere should be set up to make proposals for the development and standardising of steel frame or other buildings at a cost within the reach of private enterprise in Quetta and other neighbourhoods.

VICEROY'S APPEAL.

Thousands of refugees of the Quetta disaster are absolutely destitute and although the Government of India is using all its resources to meet their immediate needs a swift and large response to the Viceroy's Appeal is essential.

A bureau is being established for the registration of claims for property lost in the earthquake and a Salvage Work Commission has been instituted to enquire into the claims to the maximum extent commensurate with public safety and health.

ALEXANDRA PALACE -FIRST TELEVISION STATION.

The first television station in England, a message reported last night, will be situated at Alexandra Palace, North London, 306 feet above sea level on which three-hundred feet masts will be erected.

The combined height it is considered should enable a high definition for the television service anticipated to provide the London area.

THE FALKLAND ISLANDS COMPANY, LIMITED.

STORES DEPARTMENT.

FRANCE CABINETLESS.

At a late hour on Wednesday, a message from Paris reported, France was without a Cabinet after an entire day spent in discussions between M. Laval and party leaders and Bank de France officials.

According to the Daily Telegraph correspondent M. Laval was forced to abandon his attempt to form a Cabinet by the uncompromising attitude of the Radical-Socialists who, holding the balance of power in the Chamber, have already caused the defeat of Ms Flandin and Bouisson, and persist in their refusal to grant full powers to defend the franc.

Following M. Laval's failure M. Herriot called at the Elysee and he was believed to have been recommending the President to call upon M. Daladier, a former Premier who resigned during the Stavisky affair, to form a Cabinet.

The news of M. Laval's failure - he being regarded as the only man capable of welding the rebellious parties into a unified Cabinet - was the signal for an outbreak of rioting, mobs attacking newspaper offices in the course of their misdemeanours. Heavy police reinforcements, however, took control and many arrests were made.

Later news reported that M. Pietre, who had been requested to form a government, had reserved his decision.

JAPAN'S NEW THREAT.

It is reported from Tokio that the Japanese military authorities are not satisfied with the Chinese reply to their demands lodged in Peking, they alleging that General Yingching's answer was evasive on salient points.

Japan threatens the extension of the demilitarised zone to include the Peking and Tientsin areas unless the anti-Japanese officials of North China are dismissed, troops are withdrawn from specified areas and the anti-Japanese anti-Manchukuoan atmosphere is eradicated.

CLOUDBURSTS IN MEXICO.

Heavy loss of live and property damage is reported as a result of cloudbursts that have occurred in Mexico with a combined death-roll of 500 and damage amounting to 25 million dollars in that country and the neighbouring states of the U.S.A.

Reuter's correspondent reports that the Actopan River has overflowed its banks in the vicinity of Mexico City, drowning many, while the villages in the low-lying areas in Kansas have been inundated by Missouri and Mississippi floods.

ROOSEVELT'S STOPGAP.

According to a bulletin from Washington plans for extending President Roosevelt's stopgap legislation are taking shape and it is expected that before the adjournment Congress will be asked to pass bills providing for the permanent continuation of the N.R.A. programme relative to a definite wage minimum, hour maximum, the abolition of child labour, collective bargaining between employers and employed and arbitration problems but how this can be constitutionally effected is a problem yet unsolved.

The President has interviewed over forty advisers but no satisfactory plan has been submitted, states the Daily Telegraph correspondent.

While certain prominent trade groups have confirmed that there will be no wage slashing, with adherence to the Codes, the Toledo industries have been paralysed by a strike of the electrical workers owing to a breakdown in the wage controversy.

ITALY & ABYSSINIA.

Reports of further Italo-Abyssinian incidents on the frontier are unconfirmed states the Daily Telegraph Addis Ababa correspondent, but Italy has lodged a formal protest.

A Rome message announces that 5,000 additional labourers have sailed for Somaliland, making the total well over 30,000.

THE KING'S BIRTHDAY

CELEBRATIONS IN STANLEY.

As already briefly announced in the "Penguin" the Celebration of His Majesty the King's Birthday on Monday, the 3rd of June, took place in Stanley in ideal weather.

A Review was held in Government House Paddock in the morning and, with the sun shining brightly, the Parade presented an imposing spectacle to the large number of the public watching the proceedings. Commanded by Lieutenant A.I. Fleuret (Acting O.C. and Adjutant) the Defence Force marched on to the ground some eighty strong and executed the manoeuv engaged in with praiseworthy precision. The Colour Party, under 2nd-Lieutenant L.W. Aldridge took a prominent part and the Brass Band, under the charge of Corporal F. O'Sullivan, showed that the time and energy expended in developing this acquisition to the Force had not been in vain.

His Excellency the Governor, accompanied by the Honourable M.C. Craigie-Halkett, O.B.E., (Colonial Secretary) and Members of Councils arrived at the Saluting Base promptly at 11.0 o'clock and after taking the Salute His Excellency inspected the Parade which included the Boy Scouts and Girl Guides under their respective officers, saying a few encouraging words to the latter in turn and thanking Lieutenant Fleuret. The Defence Force then marched past the Base and reformed on the Inspection Line for the whole Parade to advance in Review Order to give the Royal Salute. Colours were lowered and the National Anthem played. After three cheers for His Majesty the King had been given wholeheartedly on the call of the Governor the Review was brought to an impressive end.

2. Saturday,

(Penguin.) 8th June, 1935.

During the afternoon His Excellency, accompanied by Miss Henniker-Heaton, paid a visit to the Children's Party organised by the Working Men's Social Club and held in the Town Hall where a happy time was spent from 3.0 to 7.0 p.m. by nearly four hundred youngsters with the music by the Brass Band adding considerably to the enjoyment of the occasion. After taking tea His Excellency and Miss Henniker-Heaton returned to Government House where an "At Home" was given with some fifty guests attending. In the evening a pleasant Social Dance in the Town Hall brought the holiday to a close.

HOSPITAL NEWS.

An operation was performed on T. Fleuret of Douglas Station in the Hospital yesterday.

LONDON OBITUARY.

The death is announced from London of Sir John Sandeman Allen, the Chairman of the Commercial Committee of the House of Commons, and a well-known authority on foreign trade and marine insurance.

He was seventy years of age and had been Conservative member for the West Derby Division of Liverpool for eleven years.

HUNGARY'S OPPOSITION.

The new Hungarian parliament has opened with the opposition absent as a protest against the government's alleged terrorist methods at the election and after the Premier's opening speech the house was adjourned.

SUBURBAN TRANSPORT COST.

Mr Neville Chamberlain has announced in the House of Commons that a comprehensive development of London suburban transport, spread over a period of five years will cost thirty-five million sterling.

JUVENILE LABOUR QUESTION.

The International Labour Conference at Geneva has adopted a resolution to take up immediately the question of juvenile labour and submit recommendations to all the governments concerned.

The raising of the school age is also to be considered in relation to this problem. The employers' group, however, has decided to persist in its determination not to cooperate with the Forty-hour Week Committee.

TELEVISION WAVE LENGTHS.

The Postmaster General has approved of the Television Advisory Committee's recommendation that Alexandra Palace should be adopted as the site of a television station. The Baird and Marconi-Emi Television Companies have been invited to tender for the necessary apparatus.

Vision signals will be radiated on about 6.6 metres and sound signals on 7.2 metres.

HUNDREDS OF U.S.A. PROSECUTIONS

DROPPED.

According to a message from Washington President Roosevelt has announced that the 411 prosecutions for alleged infringements to the Code have been dropped. He intimated to the members of Congress that no emergency N.R.A. legislation was contemplated but he will demand Congress to remain in session till December if necessary to complete the legislative programme.

DANZIG'S BANK HOLIDAYS.

All week days have been declared bank-holidays within the Danzig territory until further notice by a decree issued by the Senate which is composed of Nazis in accordance with Monday's decision to take extraordinary measures to curb excessive dealings in foreign exchange.

The decree does not state when the banks are likely to resume normal business.

THE FRENCH CRISIS.

Laval's New Government.

The prolonged crisis in France, a message from Paris stated on Friday has had little effect upon the business world with the bourse practically unaffected and the franc remaining steady.

The outflow of gold continues though with that being exported for the week ending 31st May amounting to 4,500 million francs makes the total bank losses in recent weeks 12,750 millions.

Last night it was reported from Paris that the Chamber had accorded M. Laval's new National Government a confidence vote by 412/137 on a motion for the postponement of all interpellations, this majority being larger than Foulsson obtained on Monday last, states the Daily Telegraph correspondent.

Laval stated that the government had been formed to fight speculation and defend the franc and it is generally expected that the new programme will get a substantial majority but with the Chamber in its present unsteady temper the Premier's position is not without risk when a single hostile word might incite the malcontents to hostile action.

After detailing the necessity for maintaining the currency's integrity, Laval said it was not sufficient to curtail the expenditure and suppress abuses as the real aim was the reviving of national economy, giving help and protection to the country's workers.

On the world bourses the franc had recovered somewhat while the gold withdrawals from the Bank de France had practically ceased. The Finance Committee later adopted the Exceptional Powers Bill by 19/14 and the Chamber also adopted the Plenary Powers Bill by 355/200.

LORD CURSON ILL.

It is reported from London that Lord Curson is gravely ill with bronchial pneumonia and yesterday his condition was stated to be slightly weaker.

U.S.A. STOPGAPLEGISLATION.

The House of Representatives Rules Committee has passed President Roosevelt's stopgap legislation dealing with the situation caused by the Supreme Court's N.R.A. decision and it will come before the Congress almost immediately after which the Senate will pass its opinion, states the Daily Telegraph correspondent who adds that there is no indication of obstructionist tendencies.

The American Federation of Labour has already been considering the new drive on a basis of the Wagner Bill in view of the Court's decision depriving labour of the right to collective bargaining.

The opinion is held that if the President attempts to revive the N.R.A. on a large scale there will be protracted and bitter strife in the Senate but the danger of labour disturbances does not appear acute.

It was reported from Washington last night that the House of Representatives had voted for a modified N.R.A. as a stopgap measure until the 1st of April, 1936, while it was simultaneously announced that the President had accepted the resignation of Richberg, the Acting Chairman of the N.R.A., to become effective on the 16th of June.

Roosevelt has outlined the Administration's objectives to the press conference as an effort to increase prosperity for a large number of the common people by a more equal distribution of national wealth with the assurance of subsistence in old age. He favoured voluntary codes which did not run counter to the statutory legislation but he emphasised the desire that the proposed oil compact should embrace all oil producing States in the Union.

GREEK MONARCHY VOTE.

The Greek Minister for Defence has specified that at least seventy-five per cent of the votes at the forthcoming election must be cast favouring the Monarchy in order to make a restoration possible.

(Continued on page 4.)

GREEK MONARCHY VOTE.

(Continued from page 3.)

It is expected that the plebiscite will be held one month after the convocation of the National Assembly.

LLOYD GEORGE'S NEW DEAL.

Mr Lloyd George has been detailing his proposals for national development as a means of dealing with the unemployment problem in a series of meetings with a special committee of the Cabinet and the tenth of these meetings, which is believed to be the last, was held yesterday.

It is understood that Mr Lloyd George has dealt at length with his suggestions for a more comprehensive scheme of railway electrification and that yesterday he was to conclude by outlining the financial aspect of his plans.

The Committee will make a report for the consideration of the whole Cabinet whose views will be made known some time after Whitsuntide.

JAPAN TO MAKE A MOVE.

According to Reuter's correspondent in Peiping the Japanese forces in Northern China will be doubled within a week unless China yields completely to her demands.

Fears are gaining ground that Japan will shortly embark on drastic action to end the "anti-Japanese activities."

Japan remains unsatisfied with China's partial compliance.

ITALY & ABYSSINIA.

The Milan correspondent of the Daily Telegraph states that the Italo-Abyssinian Commission began its preliminary sitting yesterday and at the close an improvement in the situation was reported.

BITTERNESS IN GREECE.

2 Killed & Many Injured.

It was announced from Athens last night that with the approach of the Sunday elections bitterness is increasing between the Republicans & the Royalists who clashed during the evening.

A street fight of some dimensions resulted and the police had to have the assistance of the military before the combatants could be dispersed.

Two people were killed while many were injured with several cases in a serious condition in the hospitals.

AN ANTI-BOLSHEVIK PACT.

Goering In Hungary.

Well informed circles in Budapest suggest that the Prussian Premier Goering's visit centres upon about the conclusion of an Anti-Bolshevik Pact including Germany, Poland, Austria, Hungary, Bulgaria and Jugoslavia, but the Slav reaction does not appear to be promising.

SHIP SINKING ENQUIRIES.

It is understood from Washington that the Senate Commerce Committee, reporting on the sinking of the Mohawk, severely criticised the laxity in the United States requirements governing ship construction.

The Committee allocated the blame to faulty design while the members of the Committee also state relative to the Morro Castle disaster that the blame devolved upon the operating executors of the Ward Line.

GOLF.

Miss Wethered, partnering Ayres junior defeated Guilford and Miss Bauer 5/4 at Worcester, Massachusetts, yesterday, winning the third United States exhibition game.

Tennis : Czecho-Slovakia defeated Japan yesterday at Prague in the Davis Cup.

3rd " - 2326.
Unclaimed prizes last week - 431 and 864.

BRITISH CABINET CHANGES.

Although no press has been received of the new Cabinet under the Premiership of Mr Stanley Baldwin now foreshadowed for some weeks past, we publish below the different bulletins intercepted dealing with the change of government in Britain during the past several days.

Following the announcement published in the "Penguin" on Friday last of His Majesty the King interviewing Mr Ramsay MacDonald and Mr Stanley Baldwin instead of attending the Oaks at Epsom, a Reuter message received states :

Friday afternoon was a period of goings and comings between Buckingham Palace and Downing Street in connection with the government changes.

Mr MacDonald left the Palace after an hour's audience with the King whereat His Majesty was advised to send for Mr Baldwin. Mr MacDonald was escorted by Sir Clive Wigram, the King's Private Secretary, to his car cheered by the crowd outside.

Four minutes later Mr Baldwin arrived and was immediately shown to the King's apartment where His Majesty offered him the Premiership which was accepted. Mr Baldwin was only with the King ten minutes and when he motored back to Downing Street but returned to the Palace shortly

after with the list of the proposed Ministers. In the meantime all the Ministers assembled to say good-bye to Mr MacDonal and he left them for the Palace at 5.30 p.m., departing for Lossiemouth a little later.

Further bulletins seem to show that Mr MacDonal has taken over the office formerly held by Mr Baldwin who was Lord President of the Council.

Other Cabinet Ministers who have been appointed to new offices are Viscount Hailsham, formerly Secretary for War; Sir John Simon, formerly Foreign Secretary; Sir Samuel Hoare, formerly Secretary for India, the Marquess of Londonderry, formerly Secretary for Air; Viscount Halifax, formerly President of the Board of Education; Sir P. Cunliffe Liston, formerly Secretary for the Colonies; Cliver Stanley, formerly Minister of Labour; and Sir Kingsley Wood, formerly Postmaster-General.

Mr Neville Chamberlain, Mr J.H. Thomas, Sir Godfrey Collins, Mr W. Runciman, Sir Bolton Eyres-Monsell, Mr W.E. Elliot and W. Crmsby-Gore hold the same portfolios in the new administration as in its predecessor.

Mr Baldwin's Cabinet numbers twenty-two compared with Mr Ramsay MacDonal's twenty but the balance of the three parties is hardly affected as it consists of fifteen Conservatives, three National Labourites and four National Liberals compared with fourteen, three and three respectively.

Among the Conservatives Sir John Gilmour, and Sir E. Hilton-Young are no longer members but Lord Eustace Percy has been brought in.

The appointment of Ernest Brown to Cabinet rank adds one to the National Liberal representation while National Labour is unchanged as Viscount Sankey goes out while Mr Malcolm MacDonal comes in.

Sir John Simon at the Home Office becomes His Majesty's principal Secretary of State while Mr Malcolm MacDonal, we understand, is the new Secretary of State for the Colonies. Mr MacDonal is a son of Mr Ramsay MacDonal and was born in 1901.

Lord Eustace Percy is the seventh son of the Duke of Northumberland and was a member of the Joint Select Committee on India and

(Continued in next column.)

A SON FOR DR & MRS EDMUNDS.

We are pleased to be able to announce that a son was born to Mrs Edmunds, wife of Dr H.G. Edmunds, Medical Officer, Port Stanley, yesterday, the 9th of June, at a nursing home in Newcastle.

Our heartiest congratulations are extended to both Dr and Mrs Edmunds on the occasion of this happy event.

(Continued from previous column.)

has taken a prominent part in the debates on the Government of India.

Mr Ramsay MacDonal, in a message to the Nation explains that he has for some time been facing the fact that he would have to seek respite from the heavy and continuous strain which the critical conditions of the last six years at home and abroad had imposed upon him as Prime Minister.

He had been greatly concerned lest any change in the personnel should weaken the government's national character - a step which would speedily undo the policy which has led the country to prosperity.

GOVERNMENT NOTICE.

No. 74. Colonial Secretary's Office, Stanley.
8th June, 1935

His Excellency the Governor directs it to be notified, for general information, that His Majesty the King has been pleased to entrust to the care of the Right Honourable Malcolm MacDonal, M.P., as one of the Principal Secretaries of State, the Seals of the Colonial Department.

By Command,
M.C. Craigie-Halkett,
Colonial Secretary.

GOVERNMENT NOTICE.

No. 73. Colonial Secretary's Office, Stanley.
4th June, 1935.

His Excellency the Governor has been pleased to appoint Mr Francis Theodore Lellman to be a Travelling Teacher, with effect from the 1st of June, 1935.

By Command,
M.C. Craigie-Halkett,
Colonial Secretary.

BRITISH FILMS.

The length of films used in Britain according to the returns for the year ended the 30th of September, 1934, show that during that period the aggregate, exclusive of news reels etc., exhibited at cinemas was 36,256 million feet as compared with 34,100 million feet the previous year.

THE QUETTA EARTHQUAKE.

Official messages state that the range of the Quetta earthquake is estimated as having been 130 miles long and 20 miles broad.

The total death roll, including Quetta and neighbouring villages, is probably in excess of 40,000. The number of destitute refugees is estimated at not less than 15,000.

The supplies of food and medical comforts at Quetta are now adequate.

The evacuation of the British and Indian survivors continues with all possible speed.

NEW COMMISSIONER OFTHE METROPOLITAN POLICE.

Air Vice-Marshal Sir Philip Game has been appointed to succeed Lord Trenchard at Scotland Yard as Commissioner of the Metropolitan Police. Sir Philip Game, who is 59, has had a brilliant career in the Army and Royal Air Force.

He served with distinction in the South African War and in the Great War he was awarded the D.S.O. and was mentioned in Despatches five times.

In 1930 he was appointed Governor of New South Wales from which position he retired a few months ago.

A LOAN FOR MANCHESTER.

The prospectus is published of a loan for the Corporation of Manchester amounting to £4,000,000.

It takes the form of three per cent redeemable consolidated stock 1952/55 offered at 99 per cent.

The lists opened and closed on Saturday.

BRITAIN'S TRAFFIC CENSUS.

The greatest traffic census ever taken in Great Britain will be carried out during the second week of August by the Ministry of Transport in collaboration with the Highway authorities.

At many points there will be a twenty-four hour census. Elsewhere the count will begin at 6.0 a.m. and finish at 1.0 p.m. each day.

At least ten thousand enumerators will be engaged for the task and they will keep watch from between five and six thousand selected points.

The principal object is to provide "Data" so that the Highway authorities may be able to provide and prepare schemes for the improvement of the roads on a scientific basis to meet the needs of the ever increasing traffic.

A feature of the census will be the taking for the first time of a pedestrian poll at selected points with the object of finding out where "footpaths are most urgently needed."

THE AGA KHAN ATBUCKINGHAM PALACE.

The Aga Khan, whose horse "Bahram" won the Derby last Wednesday was, together with fifty-eight other members of the Jockey Club, the guest of the King and Queen at Buckingham Palace on Saturday. The table decorations were in green and chocolate, the Aga Khan's racing colours.

ROYAL BABE NAMED

AFTER BRITISH QUEEN.

It is reported from Vienna that Princess Ileana's baby daughter has been christened Alexandra after the late British Queen.

The ceremony which took place on Saturday was made the occasion of a great legitimist demonstration.

BRITISH ECONOMIC ADVISER

FOR FAR EAST.

A London message on Saturday stated that the Government's chief economic adviser, Sir Leith Ross, is being despatched to China for the purpose of giving expert advice on the prevailing affairs of the Eastern Economic situation.

A KINGDOM OR A REPUBLIC.

The Greek general election which was to have taken place yesterday was expected to decide whether the monarchy should be restored with the principal parties of the government and the Monarchists in ballot box opposition.

FIXING AMERICA'S SILVER PRICE.

It is understood from Washington that Senator McCarran, is calling a meeting of the Congressional Silver Bloc for to-day (Monday) with a view to taking up the question of the immediate fixing of America's silver price at 1.29 dollars.

The object of the meeting is also to formulate plans to avert the rumours of a change in the Treasury silver policy.

GRAVE SITUATION

IN THE FAR EAST.

A message from Peking on Saturday night showed that the North China situation is grave and while it is believed that Japanese officers are arriving at Tientsin for the purpose of delivering a final ultimatum relative to Japan's fourteen demands, a message from Tokio states that there is no time limit involved and that the notice is only a generalisation of the warnings.

BRITISH STEEL AGREEMENT.

Lord Dudley, the president of the Iron and Steel Federation, a message from London reported on Saturday, announces that a steel cartel agreement has been reached with Luxemburg to enable the British industry to give employment to a good many thousands of workers and leading to a corresponding increase in employment in many auxilliary industries.

ANGLO-GERMAN NAVAL TALKS.

The German naval delegates visiting England returned to Berlin on Saturday and are expected to be back in London again after the Whitsun Holiday.

An official communique states that the conversations have been proceeding satisfactorily with the British representatives giving a survey of the present situation and in addition, some technical points have been discussed.

It is understood that the earlier stages of the conversations were largely occupied with the British summary of the situation as it stands, following naval talks with the United States and Japan last year, while it is assumed that Herr Ribentrop has given an explanation of Germany's reason for claiming 35 % of the British tonnage.

UNEMPLOYMENT RELIEF.

With reference to the Unemployment Relief Notice published in the issue of the "Penguin" of the 20th of April, 1935, it is hereby notified for general information that at a meeting of the Unemployment Relief Committee held on the 10th June, 1935, the rule contained in the abovementioned Notice was amended as follows :

"No deduction will be made for the first 10s/- earned, but half the amount earned in excess of 10s/- will be deducted from relief pay. In no case will unemployment relief be paid so as to make the total income exceed £2. 0. 0."

Further, it was decided that when the Committee have reason to believe that a man has been working during the time for which he is drawing relief pay and in the opinion of the Committee has not made a true return of his earnings, instructions will be given for the whole of that person's relief pay to be discontinued.

Tickets at "Kelper Store."

INTER-PLATOON FOOTBALL.

No. 3's Easy Win.

In the first match of the season played on Government House Paddock on Sunday afternoon in ideal football weather, No. 3 Platoon had no difficulty in beating No. 1 Platoon who were at sixes and sevens throughout the game and were extremely lucky to have no more than three goals scored against them.

It was obvious from the start which was the better team. No. 3 in addition to having a sound defence had quite a cohesive forward line with two of the young blood, Bound and Jones, playing promising football. R. Grant at centre-half was also a great asset.

The only players No. 1 had in the limelight were H. Summers who played hard and well at back to ward off defeat while the veteran Charlie Allan who was in goal made some thrilling, if not quite orthodox saves

Had it not been for Summers & Allan who seemed to weave a charm round the goal and thus deflect "certain" goals away from the net, there is no doubt that No. 3 would have finished the game with a score in double figures.

At half time there was no score, the goals being obtained in the second half by Grant, Bound and Jones. On several occasions No. 1 Platoon's men broke away but they rarely got near Evans in goal.

It must be said of No. 1 though, that despite the fact that they realised they were playing a losing game they did not give up hope and they tried hard to stem the tide against them.

MOTHERS' UNION A Meeting will be held in the Church Hall on Thursday at 4.0 p.m..

DANCE.

A Dance will be held in the Town Hall on Thursday, the 13th instant from 8.0 p.m. to Midnight.

JAPANESE OFFENSIVE PREPARATIONS

A message from Tokio last night reported that Japanese armoured cars and troops had left Tientsin for Yangkung railway settlement as a sequel to an alleged attack on telegraphic communications, while Japanese gun-boats have arrived at Tangku which is the Tientsin port.

The Chinese authorities are taking the utmost precautions to prevent clashes with Nanking, issuing a decree imploring the suspension of anti-Japanese trade boycott tendencies and threatening the severest penalties to all violators.

It is generally believed that the threat to North China's peace is now remote.

SOUTH AFRICA & THE EMPIRE.

It is reported from Cape Town that Premier Hertzog on arriving from the London Jubilee celebrations commented upon the unfailing kindness shown and expressed his pleasure on the Protectorate negotiations' progress.

He further urged his hearers to stand by the League of Nations and if the Union wanted a friend it must remain with Great Britain & in the Commonwealth.

"OUT OF THE DEPRESSION" LEAD.

According to a message from Hamilton, Ontario, James Webb, in making his presidential speech to the Manufacturers' Association, said that Great Britain and Canada with the rest of the Empire was leading the world out of the depression.

GREEK MONARCHISTS DEFEATED.

It was reported from Athens yesterday that the Greek general elections resulted in a seventy per cent vote for the government and a twenty-per cent vote for the return of the monarchy, with the Communists accounting for the other ten per cent.

While early reports suggested that the restoration question had been utterly disposed of it remains uncertain now whether a plebiscite will be held.

MUSSOLINI'S PUPPET.

In addressing a contingent about to depart for East Africa at Rome yesterday Mussolini spoke of foreign opinion as a puppet which should be burnt by Blackshirt ardour.

Nevertheless the press have received instructions to cease anti-British campaign tactics which the United States has adversely commented upon.

QUETTA SITUATION.

The India Office announced from London last night that the Quetta situation was satisfactory and daily reports were being discontinued.

The headquarters of the Western Command were being transferred to Karachi before the end of June with General Sir Ivor Vesev in command.

The headquarters of the Baluchistan command is remaining at Quetta under General Karslakey.

The affected survivors number 20,000.

FOURTH ROYAL LONDON TOUR.

Their Majesties the King and Queen made the last of their four drives on the London suburbs on Saturday when West London was visited.

Great enthusiasm marked their reception as on previous drives and the streets in which the children were given special privileged positions, were gaily decorated.

Fine weather again marked Their Majesties progress and the occasion was one of considerable expressions of local loyalty, equalling if not eclipsing the performance in other quarters.

BRITAIN'S POLICY.

A message from London states that Premier Baldwin outlined the policy of the reconstructed government in addressing a National Government demonstration at Himley Hall, Staffordshire on Saturday when 15,000 people, representing 53 constituencies gave him an enthusiastic welcome.

The Premier stressed the necessity of maintaining the National principle of government and at any future election the majority should make the world conscious that the mass of British people supported it.

The changes in the Foreign Office had strengthened their power for dealing with foreign affairs and made for a better cooperation with the League.

Trade and industry were in a better position than in any other country, Mr Baldwin said, while many schemes of which transport development was one, were under consideration, including the depressed areas' problem. While maintaining the country's defences the government was also fighting hard to bring Europe either piecemeal or wholly into a system of collective security.

SOVIET TREATIES RATIFIED.

The Czecho-Slovakian & Soviet Mutual Assistance Treaties and Trade Agreements have been ratified.

MUSSOLINI TOIGNORE FOREIGN CRITICISMS.

According to the Daily Telegraph Rome correspondent on Saturday Mussolini, in addressing troops on the eve of their departure for East Africa, obviously made reference to Britain when he said that Italy would ignore all foreign criticisms of her actions for "When it was a question of creating the Empire or defending it, Britain took no notice of world opinion."

FRENCH CRISIS OVER.

A message from Paris on Saturday stated that the Senate gave Laval a majority for plenary powers to fight speculation and defend the franc, thus ending a ten days' crisis in which France had had three governments.

In a Ministerial statement M. Laval said that he had no intention of avoiding control by parliament and during the vacation he is going to consult the President, the Senate, the Chamber and Rapporteurs Finance Committee and certain taxation cuts will be possible.

The Bill consists of one article only in which "The Deputies authorise the Government by decree to take all measures necessary to fight speculation and defend the franc."

ITALIAN ACCUSATIONS AGAINSTBRITAIN.

In the House of Commons during the latter part of last week, Captain Anthony Eden referred to the many wild accusations lately directed against the British Government in the Italian press and said it was unfortunate that such misrepresentations should have been allowed to appear, particularly because of the effect they might have on the excellent relations between Britain and Italy.

He described the press stories as mischievously absurd and fantastic.

CRICKET.

The first Test Match against the South Africans is to take place on Saturday, continuing next week with the venue at Nottingham.

The English team will be selected from the following twelve players :
Wyatt (captain,) Robins, Peebles, Mitchel, Sutcliffe, Leyland, Verity, Bowes, Hammond, Ames, Nicholls and Iddon.

The leading counties in the Championship so far this season are - Yorkshire 77 %, Middlesex 72 %, Derby 72 %, Worcestershire 62 % and Kent 61 %.

VISCOUNT BING OF VIMY.

The death is announced in London of Viscount Bing of Vimy, one of the most famous of the British Army Commanders in the Great War, and who was Governor-General of Canada from 1921 to 1926 and later (1928 to 1931) Commissioner of the Metropolitan Police.

ROAD ACCIDENT FIGURES.

The road accident figures for Great Britain last week were - 98 killed and 4,463 injured. In the corresponding week of last year the figures were - 134 killed and 4,969 injured.

Heligoland : In a 310 miles yachting race for Classes 1 & 2, Britain was first and Germany second, while in Class 3, Germany was first and second.

EDEN AND ITALY.

In the House of Commons Mr Anthony Eden said there was no reason why British and Italian interests in regard to Ethiopia should not be harmoniously developed and added "It has been our constant endeavour to help to bring about a permanent settlement mutually satisfactory to Italy and Ethiopia.

AMERICAN TARIFF CUTS NECESSARY

According to a New York message the United States Agricultural Secretary, Wallace, insists in press articles upon the vital needs for cuts in the American tariffs if foreign purchasing power is not to be completely destroyed.

CANADIAN GRAIN BOARD.

It is reported from Ottawa that the Canadian House of Commons has passed the first reading of a Bill creating a Grain Board designed to deal with the wheat surplus.

THE GRAN CHACO.

According to a press message from Buenos Aires the Gran Chaco hostilities will certainly cease in the near future on the basis of an armistice, but peace terms will be negotiated.

WAR DEBT DEFAULTS.

A Washington bulletin states that Italy and Czecho-Slovakia have formally notified the United States that they are going to default their war debt instalments due on the 15th of June.

TO STOP ITALO-ABYSSINIAN

WAR.

It has been advocated that the Suez Canal should be closed to prevent Italy and Abyssinia going to war while a message from Batavia states that the government has declined the request by the Italian Consul to promote the recruiting of East Indians for Somaliland road building. Egypt has also refused a similar approach.

IRISH TRADE RETURNS.

According to a message from Dublin last night the Irish Free State trade returns for April show a total of £4,350,540 as against £5,534,580 for the preceding month and £4,460,000 for the corresponding month in 1934.

U.S.A. SILVER.

The silver acquired by the United States Treasury during the ten months ending 31st May, a message from New York stated last night, was 421,497,000 ounces which is 265 million ounces above the world production of that period.

It is learned that the Treasury Secretary Morganthau has refused to disclose whether stabilisation is to be utilised.

The Senate Silver Committee is pressing the administration to carry out a silver stability policy through Congress and a special committee is calling on Morganthau for full details of his purchase programme.

GREEK PLEBISCITE

TO BE HELD.

The Greek Premier, Tsaldaris, has informed Reuter's Athens correspondent that the elections are not connected with the monarchy restoration and the plebiscite will certainly take place.

WEST STORE CHIT CHAT.

MEN'S WEAR

is an important factor in the life of a man who likes to feel comfortably dressed and to look smartly dressed

B U T

WANTED !! for a CAMP STATION. SEED POTATOES. KERR'S PINK & WHITE CITY. Up to 2,000 of each variety. Apply at the West Store stating quantities available and price required.

CHINA AND JAPAN.

The Japanese War Office Spokesman, relative to the North China situation, expressed the opinion that China has accepted the Japanese demand, but whether the main provisions will be carried out strictly in observance with the Tangku Truce and whether there is an absolute suppression of anti-Japanese activities remain to be seen, states the Daily Telegraph Tokio correspondent.

If China is sincere it is stated "we must be good neighbours but further breaches of good faith cannot be tolerated since the disorders borne so far have menaced the Manchukuoan tranquility on our borders."

N.R.A. BETRAYAL.

According to a message from Washington last night the Senate, in discussing the extension of the codeless N.R.A. until April met with a series of amendments generally charging the President with the betrayal of the people by giving the Treasurer and Secretary secret control of the huge funds for speculation in foreign currency.

The Republicans declare that the issue is - localised self-government against centralised power, and the individual member against regimentation.

The Federal Communications' Commissioner has issued an order that ten industrialists now holding interlocking posts in the Telegraph, Telephone and Road Communication Corporation, shall resign by the 9th of August.

FOLLOWING ENGLISH INITIATIVE.

It was reported from Paris last night that the first measures under the new powers conferred upon the government are to be put into execution with the Bank de France suspending advances on

gold bullion to curb franc speculation, states the Daily Telegraph correspondent.

The action is considered to be closely related to the Bank of England's initiative along similar lines.

A HOUSE FOR £24.

The Earl of Elgin has written to the tenants of the houses forming the Forthside village of Charlston, on the Broomhall Estate, offering to sell to them the houses they occupy.

An example of the price he is asking is £24 for a house of one room, kitchen and scullery, with a front & back garden. The houses, one hundred in all, were built by Lord Elgin's great-great-grandfather, one hundred and seventy years ago and have been modernised.

STALIN HONOURS THE CINEMA.

"Of all the arts the most important to us is the cinema," Lenin is reputed to have said, and Lenin's words are sacred among the Bolsheviks. On the occasion of the cinema jubilee celebrating fifteen years of Soviet films, the Government has awarded fifty leading figures of Russian cinematography honorary degrees ranging from the "Order of Lenin" to "People's Artist of the Republic."

The jubilee comes while enthusiasm is running high at the phenomenal popularity of the latest film, "Chapaev", based on the civil war theme, which has taken the country by storm.

In honour of the celebration Stalin has sent greetings to Shumiatzky, chief executive of the Soviet film industry, characterising the cinema as "the most important and most widely spread of all arts in the Soviet Union."

Madrid : Twelve British Moth aeroplanes have been purchased by the Spanish government for use as military training machines.

POST OFFICE NOTICE.

Mails for the undermentioned places on the East and West Falklands will be received at the Post Office not later than 11.0 a.m. on Friday, the 14th instant:

West Falkland Ports & Islands
 Teal Inlet.

MANIFESTO FOR WORLD PEACE.

Britain to Take the
 Lead.

It was reported from London last night that Lord Snowden and Mr Lloyd George are signatories among other noted public men of a Manifesto issued by the Council of Action for Peace and Reconstruction in which an appeal is being made that Britain's power should be used to promote world peace.

The manifesto states that although all parties and professions have a desire for peace the treatment hitherto accorded that desire by the governments was of varying political application to the problems.

The governments had been lacking in firmness, it continued, and electors should see that a future parliament consists of members who will insist upon definite measures for the outlawing of war and possessive of a courageous use of initiative towards addressing injustices, economic and territorial which bred the war spirit.

London : There has been considerable trouble in the Isle of Man with strikers causing annoyance. The matter, however, is not serious.

EIGHTEEN YEARS AGO.

(Extracts from the Falkland Islands Magazine, March, 1917.)

How to Fish in Stanley. Firstly borrow a boat; then borrow a net. After that go and fish for an hour in the harbour; make a good catch; give the kind person who lent you the boat and the net a bucketful of fish; and sell the rest! - And we don't blame the fishermen either !!

Talking about Fish In 1829, Mr Vernet salted down 80 tons of fish taken from Port Louis Harbour, partly rock cod. He sold them in Brazil for £1,600 in those days !! - But we had better say no more, or else there may soon be a scarcity of labour in the Jetty gang in Stanley on hearing that £2,000 may be made in the year from fish - But

Haven't we often said that fishing was a lost industry out here? Think of the thousands of tons that must be in these waters! How much does it take to keep a sea-lion going daily? Then consider the number of sea-lions and penguins that infest these shores - Some fish !!

More Fish! On February 19th we hear Captain Smith took no less than 594 mullet in one cast of the net in York Bay. Besides these, there were some smelt and rock cod. The catch was estimated at $\frac{3}{4}$ of a ton!

The Stanley Cup which has been presented to the F.I.V. Force by the Residents of Port Stanley in memory of Dec. 8th, 1914, has at last arrived. The article itself is very handsome, and is of solid silver upon an oak plinth, which carries the

(continued on page 3.)

MOTORCYCLE RECORD.

While practising for the Tourist Trophy Races, at the Isle of Man last week Stanley Woods, riding an Italian Guzzi machine, broke the lap record making an average speed of $84\frac{1}{2}$ miles an hour.

GRAN CHACO ARMISTICE SIGNED.

A Buenos Aires message states that the anticipated Armistice between Paraguay and Bolivia was signed at noon yesterday.

It provides that firing shall cease within forty-eight hours. This interval is to give time for all parts of the battle front, which is 375 miles wide, to be notified of the Armistice.

EXCHEQUER RETURNS.

The Exchequer returns for the current financial year up to the 8th of June show that the total ordinary revenue, excluding self-balancing items, amount to £100,370,837 as compared with £100,230,152 at the corresponding date last year.

NAVAL APPOINTMENT.

Vice-Admiral Sir Reginald Plunket-Ernie-Erle-Drax, formerly Commander-in-Chief of the America and West Indies Station, took over his duties yesterday as Commander-in-Chief at Plymouth.

RELIGIOUS BAN IN TURKEY.

A new law has come into force in Turkey which bans certain types of religious dress. It is feared that priests and nuns who do not wish to comply with this order may have to leave the country.

BRITISH ADMIRAL SERIOUSLY ILL.

Destroyer's Dash To Assistance.

The Admiralty states that the destroyer "Decoy", normally stationed at Hong Kong, is proceeding with all speed with a specialist and a nurse to Wei Hei Wei where Admiral Sir Fredrick Dreyer, the Commander-in-Chief of the China station is seriously ill.

LORD CARSON.

The latest bulletin concerning Lord Carson states that he has passed a satisfactory night though yesterday morning his condition was unchanged.

BOXING.

At Liverpool yesterday the American ex-champion Miller out-pointed the British champion Tarleton in a well fought match.

FOOTBALL.

A Reuter message from Cape Town reports that the United Services Tourists beat the East Rand yesterday 5 - 0.

GREEK PLEBISCITE FLANS.

According to a message from Athens the President, M. Zaimis, has expressed his approval of the Premier Tsaldaris' plans for the holding of an impartial plebiscite on the restoration question.

Ex-King George has issued a press statement that he is prepared to return only as an impartial arbitrator.

EIGHTEEN YEARS AGO.

(Continued from page 1.)

miniature shields, upon which are inscribed the names of the winners.

We Congratulate Quarter-Master-Sergeant D. Lehen upon being the first to have his name inscribed upon the trophy, as the winner of the Miniature, and holder of the Cup for 1915.

THE GRAN CHACO TRUCE.

A further message last night with regard to the truce between Paraguay and Bolivia in connection with the Gran Chaco dispute, stated that the truce is for twelve days and will become effective to-morrow, having been signed yesterday.

The Daily Telegraph Buenos Aires correspondent adds that the International Military Mission, consisting of the attaches of the United States, Brazil, Chile, Peru and Uruguay are fixing a line of demarkation which must be maintained by both armies during the definite peace negotiations.

Provisions have been made for the extention of the truce if necessary while emissaries examine the 500-mile front.

U.S.A. CURRENCY MOVE.

According to a message from Washington last night a joint resolution has been placed before President Roosevelt who has begun negotiations with other nations for currency stabilisation on a bi-metallic gold and silver basis.

The measure was introduced to Congress by the Idaho representative, Mr White, who predicted that a conference on the matter would meet with instantaneous approval and a favourable foreign response.

SIR M. CAMPBELL & WATER

SPEED RECORD.

There is a possibility that

Sir Malcolm Campbell may make a bid to beat the world water speed record of 124.91 miles an hour, at present held by the American Commodore Gar Wood.

Sir Malcolm Campbell has stated that he has not at present made any definite plans for such an attempt.

"I know there is a boat being built in the South of England," he said in an interview, "that they want me to drive, but I have not committed myself either way."

He declined to say where the boat was being built.

AUSTRALIA AND IMMIGRATION.

At Manchester last evening the Australian Premier, Mr Lyons, had a two-hours discussion with the cotton industry leaders and promised to put the views expressed before the Australian government.

He denied that he had demanded preference over foreign goods before Australian immigration could be resumed but he pointed out that Australia's trade expansion came before the United Kingdom emigration scheme in the consideration of the Dominion.

THE N.R.A. DEBATE.

It was reported from Washington last night that when the Senate resumed its debate on the N.R.A. resolution, Senator Hueylong described the N.R.A. as a blue buzzard with a family of alphabetical degenerates and the resolution as a warmed up boarding house hash. His speech lasted two hours and he talked against time and effort being expended on the passage of the resolution.

SOUTH AFRICAN BROADCASTING.

When the present licences of the African Broadcasting Company lapse in 1937 they will not be renewed & broadcasting will be put under the direction of a public corporation on B.B.C. lines.

NORMANDIE'S 30 KNOTS.

The French liner Normandie on arriving at Plymouth from New York completed the return journey in even less time than the outward one averaging just over 30 knots.

THE QUETTA EARTHQUAKE.

No effort is being spared for the comfort and convenience of all survivors of the Quetta earthquake. The Government of India has chartered the steamship Karania for the evacuation to England from Karachi of approximately 700 members of British families.

Medical and sanitary arrangements in the affected area are well organised and are working satisfactorily.

The Governor-General in Council has decided to send immediately to Quetta, Colonel Russell, Public Health Commissioner with the Government of India, to investigate the health situation in Quetta in consultation with local medical and public health authorities, and to report with special reference to mention where it will be possible and hygienically safe to start salvage operations.

TATTOO SURPRISE.

Sixty thousand school-children yesterday watched the dress rehearsal of the Aldershot Tattoo in Rushmoor Arena.

The Duke of Connaught, the Duchess of York and the two little Princesses were also present.

Shortly before the performance began an army lorry loaded with fireworks caught fire and the children much enjoyed the pyrotechnic display not on the programme. No one was hurt but the lorry was destroyed.

The Tattoo takes place to-day (Thursday.)

JAPAN & NAVAL QUESTION.

Japan is sending to London a reply to the British invitation for an opinion on Germany's request for a naval tonnage equivalent to thirty-five per cent of the British.

Unofficially it is stated that the despatch sees no reason to object to the claim but Japan adhered to her previous demand for parity with Britain.

WHITSUNTIDE AT HOME.

Although long sunny periods were experienced during Whitsuntide weekend the weather was broken by severe thunderstorms in many parts. At several places in Kent the rainfall exceeded one inch during the early hours of Monday and in London three-quarters of an inch was measured.

A Royal Marine on sentry duty at Deal was struck by lightning and killed, and some minor material damage was caused elsewhere.

Floods in several parts of Kent brought traffic to a standstill and the streets in lowlying parts of the coastal towns were flooded with property suffering considerable damage.

ANOTHER JAPANESE DEMAND.

Events in Northern China have taken another serious turn. The Japanese demands are causing much nervousness owing to the wholesale removal of government officials who are being replaced by others more friendly to Japan.

The Japanese Northern Command is now demanding the removal of the Governor of Chahar with all his troops

BRITISH GOVERNMENT MINORMINISTERIAL APPOINTMENTS.

It is understood that the minor appointments consequent upon the reconstruction of the Government in Britain will not be announced until next week.

INTER-PLATOON MINIATURE

SHOOTING.

In the Inter-Platoon Shooting League matches fired off last night Nos 2 and 3 teams both won a match against the other and finished with two points each.

Several 99s were obtained but only L. Reive managed a possible this being in the second match.

The detailed scores are :

<u>No. 3 Platoon.</u>	1st	2nd.
W.J. Grierson (capt)	98	95.
J. Bound	92	94.
D. Lehen	91	96.
E. Lellman	98	95.
E.J. McAtasney	99	93.
C. Thompson	98	95.
J. Petterssen	98	97.
W. Jones	95	95.
Totals	769	760.

No. 2 Platoon.

W. Browning (capt)	99	99.
E. Thompson	79	92.
W. Aldridge	95	96.
F. Howatt	88	95.
P. Hardy	97	98.
L. Reive	99	100.
R. Robson	94	96.
C. Henricksen	98	94.
Totals	749	770

MAX BAER LOSES HIS TITLE.

Boxing enthusiasts who were able to listen in to the account of the fight between Max Baer and Brad-dock heard a thrilling story of how the former lost his title on points last night. The fight took place at New York.

THE FALKLAND ISLANDS BATTLE.

First Warning in Stanley.

A correspondent writes "As local interest in the Falkland Islands Battle has been revived during the last week or two - owing to the fact that the film has been shewn at Mr Hardy's Cinema - I think the attached article would be of interest to your readers."

The article is taken from a letter written to the Editor of "United Empire" by Major F.J. Newham, late Commandant of the F.I.V.F. in 1933 and states :

"Coming to more recent events, at the evening meeting held to commemorate the Centenary (of the Falkland Islands) a statement was made which is commonly believed but is not strictly correct, viz., that the first intimation of the German squadron was sent by the F.I.V.F. outpost on Sapper Hill. In reality the credit of the first warning belongs, though it has never been given, to Private H. Roberts of the same Corps. This man relieved the sentry on the south shore of the wireless station early on December 8th and picked up smoke on the far horizon. He called the sergeant of the guard to confirm the fact, and they sent the information to H.M.S. Canopus.

"Hearing incidentally from a resident that credit had never been given to the right man, I took the first opportunity of asking Private Roberts his experiences on that morning, and his account was verified independently by the sergeant. To clinch the matter, on my return home I wrote to the Secretary to the Admiralty, who courteously furnished me with extracts from the log of H.M.S. Canopus which settle the matter once and for all. The relevant extracts are : -

'7.40 a.m. from W/T station to Canopus - smoke in sight to the southward.

'7.50 a.m. from Sappers Hill to Canopus - there is a 4-funnel and 2-funnel man-of-war coming up from the southward.'

"From the fact that one of the outpost on Sapper Hill, Private C. Andreason, was an ex-sailor and was able to send to Canopus valuable technical information regarding the ships and their courses, attention was concentrated on the services of this post.

"Private Roberts has made no claim to recognition, but considering that he was on sea-level the sharpness of his vision is worthy of remark, and in the interests of historical accuracy should be noted."

ROOSEVELT WANTS TO ENDDEADLOCK.

A message from Washington last night reported that the Senate had passed the N.R.A. resolution extending the life of the Act's structural framework for nine months at 6.15 yesterday morning after Huey-long's fifteen and a half hours' obstructionist speech.

The resolution as passed included Senator Borah's amendment assuring the maintenance of the anti-trust laws, this resulting in the House of Representatives' opposition, they claiming that the amendment's inclusion violated the Chamber's agreement for the resolution's passage in the original form.

President Roosevelt has summoned the chiefs to a conference with a view to ending the deadlock.

IRISH FREE STATE &BRITISH AGREEMENT RATIFIED.

According to a message from Dublin it is reported that notwithstanding strong criticism on the terms of the coal and cattle pact between the Free State and Britain, the agreement has been ratified.

The oppositionists declared that it was a secret agreement without value to the Free State, an outrage from the business point of view and

FREE STATE & BRITISH AGREEMENT

(continued from page 1.)

a complete surrender nationally.

The government speakers said that the pact was a poor bargain but the best obtainable and while not binding it could be altered at will.

JAPAN AND CHINA.

The Daily Telegraph Tokio correspondent, on the Japanese War Office authority, stated last night that the reported new demands made upon North China are without official cognisance and have apparently been presented by a Japanese colonel unsupported by his official superiors.

Nanking has fully accepted the Japanese demands states the Official Spokesman and the reports of possible hostilities are greatly exaggerated.

Nevertheless Tientsin reports that field pieces have been landed by destroyers and barbed wire entanglements erected but the Japanese authorities are reticent relative to the rumours that a Kwangtung army is massing at Shanghaikwan, inside the Great Wall.

Washington reports that while public opinion is opposed to any step which might involve the United States in the Far Eastern situation, the developments are being closely examined though there is no likelihood of immediate action being taken.

BRITISH EX-SERVICE MEN

TO VISIT GERMANY.

According to a report from Berlin last night it is stated that while Ribbentrop is preparing the invitation to the British delegation of Ex-Servicemen, Major-General Von der Goltz has telegraphed the Prince of Wales on behalf of the Reich Association of Officers, welcoming the Ex-Servicemen in a spirit of comradeship.

Other organisations are making similar expressions states the Daily Telegraph correspondent, while Reuter says that it is almost certain that

the visitors will be the guests of the government with the possibility of a reception by Hitler, Goering, Hess and Von Blomberg.

ITALY AND ABYSSINIA.

It was understood from London last night that the latest reports indicate a greater readiness on the part of the Italian government to seek a peaceable settlement with Abyssinia while the Ethiopian Emperor is prepared to make extensive concessions relative to Italian colonisation.

Diplomatic exchanges envisage a settlement satisfactory to Italian aspirations and meeting British requirements.

JAPAN & NAVAL CONFERENCE.

Reuter reports from Tokio that Japan does not oppose a Seven Power Naval Conference including Germany & the Soviet though she favours rather a Five Power assembly. She is remaining adamant, however, in opposing qualitative limitation while at the same time appreciating Britain's disarmament efforts.

FRENCH MINISTER DIES DURING CABINET MEETING.

It was reported from Paris last night that the Minister of Education, Doctor Marcombes, expired during a heart attack in the course of a Cabinet meeting in the Chamber ante-room.

FACTORY EXPLOSION.

A ghastly explosion has taken place at Reinsdorf where yesterday an explosives factory blew up involving in the conflagration a number of other factories which are still blazing. The entire area is devastated and it is estimated that between five and fifteen hundred lives have been lost.

Admission - Ladies 1/-, Gentlemen
 2/-, Married Couples 2/6. Fancy Dress
 Optional. Refreshments will be served

Mrs. L.J. Hall.

U.S.A. RECOVERY ACT.

It was reported from Washington last night that the House of Representatives passed the skeleton of the Recovery Act after a forty-minutes listless debate by 338 as against 30 votes, the Bill being immediately sent to White House for Roosevelt's approval to ensure its legalisation before the expiration of the N.R.A. on Sunday night.

The President's personal intervention has averted, a further message states, a bituminous miners strike which might possibly have developed into a major catastrophe states the Daily Telegraph correspondent.

The Union leaders have promised the President that the strike, involving half a million workers and called for Monday, will be postponed until the 1st of July. Meanwhile a new bill relative to the soft coal industry will probably be enacted.

Sir Joshua Tasm, on arriving at Southampton from the United States yesterday, ascribed the failure of the first Recovery Act to America's endeavour to do too much at once, but there is every evidence that they will pull through eventually.

THE REINSDORF FACTORYEXPLOSION.

A message from Berlin yesterday stated that though it was at first thought hundreds of lives were lost in the Reinsdorf factory explosion it is now ascertained that the death roll will not exceed 52.

The explosion could be heard 50 miles away and windows within a radius of 5 miles were broken.

WARSHIP TO THE RESCUE

The Australian warship H.M.A.S. Brisbane which is coaling at Aden has been directed to expedite her

departure and proceed to the assistance of the sloop Hastings which is still aground on a reef off Port Sudan.

THE ABYSSINIAN CONFLICT.

According to a message from Paris yesterday, Mussolini, interviewed by a Paris correspondent on the Abyssinian conflict, stated that the dispute will be carried to its logical conclusion. After pointing out that Italy, despite the precautionary military measures she was obliged to take, had accepted arbitration procedure with regard to the Walwal incident.

Mussolini went on to stress that this incident had brought to a head a situation which had been steadily becoming more serious every year. He wished to emphasise that Abyssinia had been reorganising her army with the help of European instructors since 1929 and, he continued, "The menace to our East African frontier is not an imaginary one. It does exist and is becoming daily more acute."

ANGLO-GERMAN NAVAL TALKS.

The Anglo-German naval talks were resumed yesterday when Herr Ribbentrop conferred with Sir Samuel Hoare at the Foreign Office. The private conversations between experts continued throughout the afternoon.

It was expected that the conversations would be devoted to an analysis of the figures relating to the tonnage and armament of various kinds of warships, so that an agreed ratio of thirty-five per cent of the German Navy can be shaped into a practical working understanding.

COMMUNIST LEADER LIBERATED.

According to news from Berlin the Communist leader Ernst Torgler, who has been in gaol since the Reichstag fire in February, 1933, although subsequently acquitted, has only just been liberated.

BAER RUMOUR CONFOUNDED.

On another page of to-day's issue an announcement is given in the press of the impending retirement of Max Baer who met with surprising defeat at the hands of a practically unknown boxer on Thursday in a title fight for the world's heavyweight championship.

We learn from America that this reverse led to the usual rumours in the U.S.A., namely that Baer was retiring from the ring.

It is understood, however, that on the 25th of this month Carnera is to meet John Lewis while in September Baer will meet Schmeling. It is anticipated that Carnera and Baer will be the winners of these contests and in that case they will probably be matched against one another in September with the winner of this contest meeting Bradock next summer.

THE GREEK PLEBISCITE.

It was reported from Athens last night that the Greek Premier Tsaldaris has reiterated his statement that the monarchical plebiscite will be absolutely impartial.

FRENCH NAVAL CONCERN.

The French press expresses concern over the proposed Anglo-German Naval Pact and the Ministry is drafting a reply to the British Note on the conversations and the programme.

It is understood that Britain does not expect any opposition from Italy who, however, has given cause for French alarm.

Paris : The French government has decided to reduce expenditure in Morocco and Tunis in view of the financial situation.

TROTSKY DECLINES.

The former Bolshevnik leader Trotsky, who is now living in exile in France, has declined an invitation made through the Independent Labour Party to stand at the forthcoming Rectorial Election of Edinburgh University.

NO FURTHER CONCESSIONSFROM CHINA.

Extensive movement of Japanese troops in the neighbourhood of the Great Wall is reported from Peking while foreign sources state that thirteen troop trains, containing a mixed brigade, including artillery and from four to five thousand men, passed through Shanghai and Kwan yesterday, and that the troops are now encamped inside the Great Wall.

Japanese planes have been flying over Peking and the explanation given is that they were witnessing the departure of the Japanese troops under the terms of the recent demand which brings the city in the demilitarised zone.

In Nanking the government consultations are continuing and China is understood to be making urgent representations to Britain and the Western Powers that she cannot make further concessions to Japan.

PUTTING THE BRAKE ONTHE NAVAL RACE.

The Daily Telegraph announces an impending long term British naval programme providing the systematic replacing of obsolete vessels with a building programme covering a minimum period of four years with the amount of new construction clearly stated each year.

This programme is being placed before Parliament early next year. It is considered that the adoption of the plan will obviate the naval armament race.

JAPAN OPPOSED TO GERMAN

PARTICIPATION.

It was reported from Tokio yesterday that Japan has again strongly voiced her opposition to the participation of Germany and the Soviet in the forthcoming Naval Conference.

WHY BAHRAM WON THE DERBY ?

A London message states that Harry Wragg's riding at the Derby was the subject of the following statement made in the racing calendar -

"The Stewards have interviewed Harry Wragg with regard to his having pulled out during the Derby to let Bahram through. They drew his attention to the rule which says that 'any horse which runs in a race shall run on its merits whether the owner runs another horse in the same race or not.' Wragg admitted the offence and the Stewards warned him that if he or any other jockey disregarded this rule in future they would be severely dealt with."

THE FIRST TEST.

The South African team arrived at Nottingham Thursday evening in readiness for the first Test Match which opens there to-day. Despite the recent heavy rains the ground is in good condition and the match will be played on a plumb wicket.

BAER RETIRING RUMOUR.

It was reported last night that Baer after losing his contest against the Irish American Bradock at New York on Thursday is now rumoured to be retiring from the ring.

With this fight the heavy-weight boxing championship title of the world changed hands. Baer was beaten on points. He was a stone heavier than his opponent and started as favourite.

TENNIS SENSATION.

A sensational win occurred at Beckingham yesterday when Miss Stammers beat Mrs Helen Wills-Moody in a championship game states the Daily Telegraph.

Miss Stammers is thus the second Englishwoman to beat Mrs Wills-Moody. The occasion on which this celebrated American player was previously defeated by an Englishwoman was in 1924 at Wimbledon in the Wightman Cup when Miss Kitty McKane (now Mrs Godfrey) was her vanquisher.

AUSTRALIAN DAVIS CUP CHANCES

JEOPARDISED.

The Australian Davis Cup players after having defeated France in the previous round of the Davis Cup have now suffered a severe reverse. Crawford and McGrath have both lost their first singles matches against the German players and so will have to win the remaining three matches to remain in the contest.

ITALIAN PESSIMISM.

A late message from London last night stated that the Italo-Abyssinian situation is easing and there is a tendency towards shifting the negotiations towards an economic rather than a political footing.

Italian quarters in London, however, remain pessimistic as regards a satisfactory settlement being reached.

INDIAN PRINCE & MONARCHY.

Sir Sultan Ahmed on returning from the London Jubilee Celebrations and commenting yesterday in New Delhi upon the amazing spontaneity of loyalty and the affection shown to the King, stated that there is still a place for a good monarchy in a democratic government.

Relative to the India Bill he said that the British government had done the best possible and he hoped that the new constitution will work through out India with good will.

"THE FORBIDDEN TRAIL"

by

Jack Hoxie.

Lucky Number Night.

Price of Admission 1/6 & 1/-.
Doors open at 7.0, commence at 7.30

There will be a Children's
Performance on Thursday. Doors
open at 4.45, commencing at 5.0 p.m.

UNEMPLOYMENT RELIEF.

At a meeting held on the
17th of June, it was brought to
the notice of the Committee that
some persons whilst in receipt of
an allowance have been engaged on
private work.

It was decided that in future
unemployed persons who work without
receiving pay will be regarded as
though they are employed persons
and their relief will be stopped
accordingly.

Also relief will not be pay-
able to men when they leave Stanley.

LONDON : A Signals' Department
for Civil Aviation is being es-
tablished at Croydon Airport, com-
mencing operations to-day. Its
principal function will be the
technical administration of airo-
nautical radio stations in Great
Britain and Northern Ireland under
the control of the Air Ministry.

THE TEST MATCH.

England's Fine Opportunity.

It was reported last night that
Wyatt declared at his first innings
total of 384 for seven wickets, and
the South Africans were set to bat
when play started yesterday morning
on a perfect wicket.

Wickets fell cheaply and at the
tea interval the South Africans were
faced with a follow on, nine wickets
having fallen for 216.

The end came sooner than was
expected, Nichols the English fast
bowler taking the last five wickets
for thirteen runs, his bag for the
day being six wickets for thirty-five
runs - a remarkable performance.

With the South African total
standing at 220 the visitors were
forced to follow on and when stumps
were drawn they had lost one wicket
for seventeen runs.

The most successful batsmen for
the South Africans were - Sibley 59,
Cameron 52, Mitchell 42 and Wade 14.

With only to-day left for play
England have a fine chance of winning
the first Test.

The teams are :
England - Wyatt (captain), Robins,
Mitchell, Innes, Sutcliffe, Leyland,
Verity, Bowes, Hammond, Ames, Nichols,
Iddon with Hardstaff as twelfth man.
South Africans - Wade (captain), Cam-
eron, Crisp, Langton, Mitchell, Nourse,
Rowan, Sibley, Tomlenson, Viljeon &
Vincent with Dalton as twelfth man.

ANGORA : The Turkish government
has decided to establish a Legation
at Addis Ababa, the capital of
Abyssinia.

CORRESPONDENCE.

A Disputed Goal.

To, The Editor, Stanley,
17th June, 1935

Sir,

In view of the present controversy over a goal scored on Sunday last against No. 2 Platoon, the following laws issued by the International Board of Football Control for the season 1934-35, may prove of interest.: -

Law 10

"Free Kick"

"When a free kick has been awarded, the kicker's opponents shall not approach within ten yards of the ball until the kick is taken, unless they are standing on their own goal-line. The ball must at least be rolled over before it shall be considered played - i.e. it must take a complete circuit or travel the distance of its circumference. The kicker shall not play the ball a second time until it has been played by another player. The Kick-off (except as provided by Law 2) and goal kicks shall be free kicks within the meaning of this Law. "

Definition of Terms.

Place Kick A place kick is a kick at the ball while it is on the ground in the centre of the field of play (in the direction of the opponents' goal-line.)

Free Kick A Free Kick is a kick at the ball in any direction the player pleases, when it is lying on the ground.

Penalty Kick A Penalty Kick is a kick at the ball from the penalty spot, the ball must be kicked forward, and the goalkeeper must stand on his own goal line until the kick is taken.

Ball in Touch The whole of the ball must have passed over the goal-line or touch-line before it is out of play.

I am, etc.

"Spectator."

HIS MAJESTY THE KING.

A message reports that His Majesty the King has been indisposed but, it was stated last night, rest and fresh air have together worked a speedy improvement in the King's health.

His Majesty is spending much of his time out of doors, walking and driving in the neighbourhood of Sandringham and his doctors are very satisfied with the manner in which his catarrh is subsiding and with the improvement in his general health.

LORD CARSON.

Lord Carson, who has for eleven days been critically ill with pneumonia cannot yet be considered out of danger. But the slight improvement in his strength reported three days ago is being maintained.

"EMPRESS OF BRITAIN"

IN COLLISION.

It was reported on Saturday that the "Empress of Britain" was involved in a collision during dense fog at the mouth of the St Lawrence River with a British cargo steamer "Kafiristan" loaded with coal. The "Empress of Britain" has a tonnage of 42,000 while the steamer one of 5,193.

Three men were killed on the cargo steamer and others who were injured were transferred to the liner for treatment.

A part of the crew of the liner went aboard the "Kafiristan" and helped extinguish a fire which started after the collision.

The "Empress of Britain" stood by for five hours, resuming her voyage on the arrival of another of the company's boats, the s.s. "Beaverford."

Jerusalem : Conflicts arising from anti-Christian demonstrations by Mohammedans assumed such serious proportions at Akra on Friday that the police were obliged to interfere.

Medium 1/3 " "
Large 1/6 " "

W A R "INEVITABLE."

A message from Rome last night stated that during the past week public opinion had settled down to the conviction, reports the Daily Telegraph correspondent, that Italy must give Abyssinia a lesson or be pushed from East Africa and her Colonies there.

It is reported from Addis Ababa that war is now regarded as inevitable. The Abyssinian fighting forces are reported to be considerable, the most reliable estimate places the soldiers armed with rifles at 500,000 whereof 100,000 thousand are modern, and well equipped forces number 15,000.

SENSATIONAL U.S.A. CHARGES.

According to a report from Washington last night sensational charges of corruption have been made against the Department of Commerce by Ewing Mitchell who was summarily dismissed from the post of Assistant Secretary of Commerce by the President on Saturday last.

Mitchell publishes a letter sent to the President, reports the Daily Telegraph correspondent, which declares that a vigorous investigation would disclose that the loss sustained by the Government through corrupt practices would exceed the amount involved in the Tea-pot Tome Scandals.

He has asserted that the Secretary of Commerce has supinely surrendered to special interests which dominated the department, leading to grave abuses in the Shipping Board Bureau and the impairment of other services.

Secretary Roper has refused to make any reply to the charges but he expressed the belief that if a demand for an investigation was made to the Senate the latter would consent.

BAGHDAD : Compulsory military service is being introduced immediately in Irak.

THE FAR EAST POSITION.

The Japanese declare that the question relating to the present regime in the Province of Chachar which is west of Manchukuo, remains unsettled and very serious, according to the Daily Telegraph correspondent in Tokio.

General Sung Chehyuan, commanding the troops in the Chachar region, states that he is prepared to meet a part of the Japanese demands but he is determined to ignore the demand as to his dismissal.

Persistent rumours are current in Peking with regard to the presence of forty thousand Japanese troops along the Great Wall between Kupaikon and Changhai-Kwan.

MORE PHYSICAL TRAININGFACILITIES.

It was announced in London last night that a National campaign has been launched under the patronage of the King and Queen to develop the facilities of recreative and physical training for men and women and adolescents and extend the benefits of physical education to those outside existing organisations.

U.S.A. & JAPAN'S POLICY.

According to a Washington Message a resolution has been introduced into the Senate by Senator King condemning the policy pursued by Japan in regard to China.

Senator King declares that it has been alleged that the establishment of the Manchukuoan government and the taking up of a position in the provinces south of the Great Wall violates the Nine-Power Pact whereby Japan and the other nations agreed to respect the sovereignty of China.

DURBAN : The disastrous floods which have isolated Durban by land, sea and air have subsided and the railways are expected to be working to-day.

There will be a Whist Drive at the Working Men's Social Club this evening, commencing at 8.0 o'clock. Admission Ladies and Members 1/- each.

HOSPITAL NEWS.

Operations were performed in the Hospital yesterday on Mrs H. Clifton and Mr P. Bonner.

CRICKET.

Disappointing End.

The first Test Match between England and South Africa at Nottingham ended in a draw. The last day was most disappointing since England had to forego a probable victory on account of rain making play impossible.

Up to yesterday morning England had forced the South Africans to follow on, the scores being :

England - 1st innings 384 for 7.
South Africa - 1st innings 220,
2nd, 17 for 1 wicket.

WORKING MEN'S SOCIAL CLUB.

The Annual General Meeting of the Working Men's Social Club will be held to-morrow (Thursday, the 20th instant).

CANTERBURY CATHEDRAL CROSS.

At Canterbury Cathedral on Sunday the Primate dedicated 92 pieces of the Cathedral stone bearing bronze replicas of Canterbury Cross, which are to be distributed to every Cathedral within the Empire as well as to Cathedrals in the United States.

BRITISH RACING CARSSUCCESSSES.

British racing cars scored big successes in both France and Germany over the week-end a message from London announces.

At Le Mans, the twenty-four hours Endurance Grand Prix was won by Hindmarsh and Fontes in the British 4,450 c.c. Lagonda at an average speed of 78.9 miles an hour. An Alfa Romeo car was second while the British Aston Martin car driven by E.C. Martin was third and received the Rudge Whitworth handicap award.

British cars not only took first place in four out of six categories of cars entered but provided twenty-two out of the twenty-eight cars to finish the course.

A team of six English girls driving M.Gs in the Midget class put up a magnificent performance & aroused great enthusiasm.

At Adenau, Germany, British cars with British drivers came in first, third, fourth and fifth in the international races for cars up to 1,500 c.c.. The first place was taken by Mays in an E.R.A. car.

CASINO DIRECTOR'SDETERMINATION.

It is reported from Nice that Rene Leon, has declared his determination to adhere to his decision of resigning from the managing directorship of the company controlling the Casinos, despite the reported requests of Prince Louis of Monaco that he should withdraw his resignation.

AT INSULL AGAIN.

A Washington message states that efforts are being made to secure the extradition of Martin Insull from Canada for alleged foreign bankruptcy but it is expected that these will have to be abandoned

CARDIFF LOAN OVERSUBSCRIBED.

It is reported from Cardiff that that city's Corporation Loan of £1,500,000 three per cent, has received applications covering it more than twenty-five times.

THE ANGLO-GERMAN NAVAL TREATY.

According to a message from Berlin last night the conclusion of the Anglo-German Naval Treaty has been formally endorsed by a semi-official commentary emphasising that the most important result if achieved would be the success of a system of bilateral negotiations which Hitler regards as the best method of settling the differences between the nations.

According to the Daily Telegraph correspondent in Berlin the hope is also expressed that it will be possible in future to reach a similar agreement with other countries thus helping to bring peace to the world while it is maintained that future Anglo-German competition is eliminated.

Paris takes another view however, considering that the agreement gives Germany a fleet equal to France which will make it necessary for France to build. Higher diplomacy might persuade Britain that France is not building against her otherwise a new armament race would be commenced with Germany building proportionately.

Other French views allege that it aims to thrust a wedge into the Franco-Anglo-Italian agreement concluded at Stresa.

It is officially announced that the British Captain Eden is proceeding to Paris on Friday to discuss the naval question and the European situation generally.

SOUTH ATLANTIC AIR RECORD.

Yesterday an Air de France liner beat all records by completing the Paris to Rio de Janeiro flight in 52 hours 45 minutes.

S.S. LAFONIA

Up to this morning no news had been received of the s.s. Lafonia as to whether she had left Montevideo on her return trip to Stanley where she is due to arrive some this week-end.

The revised itinerary of the next two voyages is :

Leaving Stanley 23rd/24th instant
for Fort San Carlos,
Fox Bay,
Albermarle,
* Speedwell Island,
* George Island,
* Swan Island,
* Port Howard,
Brenton Loch,
San Carlos,
Salvador Waters,
Berkeley Sound,
return to Stanley.

Leaving Stanley 1st/3rd July
for SOUTH GEORGIA.

(* - optional.)

FAR EAST SITUATION QUIETER.

The Daily Telegraph correspondent in Peking last night reported that a settlement has been reached in Chachar and the withdrawal of the Japanese troops has induced a more happy feeling.

The terms are - the dismissal of the Chachar governor with the withdrawal of the Chinese troops from the Province. And China having accepted the terms the Nanking Government has appointed Ching Tehchun, the former Civil Commissioner as Acting Governor.

The Japanese forces have evacuated the entire North China area.

Reports from Nanking and Canton indicate that national loyalty is consolidating in the crisis and there is likely to be a common front.

ROOSEVELT RIDES HIS OPPONENTS.

President Roosevelt is apparently undisturbed by the Supreme Court's decision on the N.R.A. and continues pushing on with the mass production of new laws relative to the country's social and industrial structure, states the Daily Telegraph Washington correspondent.

Legislation is impeded by the indefinite views of the constitutional application of the new laws and it is anticipated that there will be several test cases arising from the President's enactments, with his opponents hoping there will thus be a further setback to the newest New Deal.

ABYSSINIAN WARNOT SO IMMINENT.

The Daily Telegraph correspondent in Addis Ababa stated last night that the threats of the Foreign Attaches is beneficially affecting Abyssinia's moral. Military drills are, however, being proceeded with but governmental reorganisation was a marked feature of yesterday's activities.

It is reported from Rome that there is further talk of Britain granting Abyssinia concessions while the Italian loan remains unaccepted.

JAPANESE TRADE IN COLONIES.

According to a message from Manchester last night it is stated that following the reports of the progress of Japanese trade in Kenya, Tanganyika and Uganda, representations are being made to the Government by the African Section of the Chamber of Commerce urging the revision of the treaties relative to these markets.

Dublin County by-election resulted Lavery (United Ireland) 43,671, Mullens (Fianna Fail) 32,656. No change.

CONVICTS ON STRIKE.

A message from Lansing, Kansas, reports that 380 convicts engaged in coal mining mutinied on Monday, cutting the telephone wires and locking the cages in the main shaft besides holding a dozen guards as hostages.

The remaining prisoners are confined but while there are no casualties the situation remains critical.

INDIAN WOMEN APATHETICTO ENFRANCHISEMENT.

It was reported from Simla yesterday that the Punjabi women are showing considerable apathy towards electoral registration and the present trend indicates that parliamentary enfranchisement will be defeated.

TROTSKY ON THE MOVE.

The Bolshevik leader Trotsky arrived at Oslo yesterday on a six months' permit, providing that no political activities are engaged in.

"CHROMIUM PLATE" OILFOR ENGINES.

A remarkable new engine oil, which practically "chromium plates" the bearing surfaces and reduces cylinder wear - the chief problem of engine depreciation - has been announced by the Wakefield Company.

This is patent Castrol oil.

It was used in Sir Malcolm Campbell's "Blue Bird" at Daytona when he put up his speed record.

Wakefields, realising that wear is due more largely to corrosive action on the cylinder walls than to friction, undertook research into the possibilities of reducing corrosion.

They have reached success by methods similar to those which enabled stainless steels to be produced.

It is the addition of chromium to iron which produces stainless steel. They have now succeeded in making a small quantity of chromium soluble in oil.

HER BIG CHANCE.

High above the roar of London's traffic a young woman is working, a message states, twelve hours a day designing four huge panels to be placed in the entrance hall of the King's Jubilee gift-house.

She is Miss Joy Line, of Gidea Park, At twenty-four years of age she has attained fame at one leap.

"When I was asked to undertake the commission it staggered me," Miss Line said in an interview.

"It has just been a work of joy to me. I have done a number of busts, but this is the first time I have had a chance of doing something really creative," she added.

ROBOT TIME-TABLES.

Railway passengers, particularly timid ones, instead of having to trouble harrassed porters and suffer the ignominy of being told when they ask for the "up" platform that they are on it, or pore over tedious time-tables, will shortly be able to find their trains in a second or two by consulting a robot guide.

One has already been installed in each of the principal Southern Railway stations in England.

All is required is the pressing of a key and on an illuminated window appears the required information.

SUPER-SPEED MACHINE GUN.

Capable of firing 1,500 rounds a minute, an electric machine-gun has been invented by Private James Bagnall aged 21, of the Royal Warwicks, stationed at Woking.

Specifications for the gun are already being sought by two foreign powers.

A combine of four business men from the North of England have already offered him £1,000 for a half share.

CORRESPONDENCE.

A Disputed Goal.

To The Editor, Stanley,
 19th June, '35
 Sir,

In answer to "Spectator's" article re football in your issue of Tuesday, the 18th instant, I would like to draw his attention to Rule 13 which reads :

"A Referee shall be appointed, whose duties shall be to enforce the Laws and decide all disputed points and his decision on points of fact connected with the play shall be final."

After a careful scrutiny I fail to find anything in the Rules which entitles a spectator to run on to the field and argue with the Referee.

Yours etc.,
 "Play the Ref."

WHIST RESULTS.

The winners at the fortnightly Whist Drive held by the Working Men's Social Club last evening were - Mrs J.W. Grierson and Mr A.V. Summers (firsts) and Mrs L.W. Aldridge and Mr N. Hills (Boobies.) Mr W.J. Hutchinson was M.C. over 9½ tables.

WORKING MEN'S SOCIAL CLUB.

The Annual General Meeting of the Working Men's Social Club will be held this evening at 7.30 o'clock.

Agenda : Minutes,
 Treasurer's Report,
 Revision of Rules,
 Other Business.

A.V. Summers.

THE NEW CABINET.

The first meeting of the recently reconstructed Cabinet has been held at Downing Street with Mr Stanley Baldwin presiding.

The appointment is announced of seven junior Ministers : Captain Crookshank, formerly Parliamentary Under-Secretary at the Home Office, becomes Secretary for Mines; Captain Euan Wallace, formerly Civil Lord of the Admiralty, becomes Under Secretary of the Home Office; Mr R.S. Hudson, formerly Parliamentary Secretary at the Ministry of Labour, becomes Minister of Pensions; Colonel Muirhead becomes Secretary to the Minister of Labour; Lord Stanley, formerly Parliamentary Secretary to the Admiralty, becomes Under-Secretary to the Dominions Office; Sir Victor Marren-der, Vice-Chamberlain of the Household, becomes Parliamentary Secretary to the Admiralty; and Mr Kenneth Lindsay becomes Civil Lord to the Admiralty.

ROYAL COMMISSION FOR ALBERTA.

Sir Montagu Barlow has accepted the invitation of the Government of Alberta to preside over the Royal Commission appointed to investigate the Alberta Coal Industry.

Sir Montagu, who is a former Minister of Labour, will leave England for Canada at the end of August.

SOCIAL AMELIORATION.

Forty-seven schemes of social amelioration, helped with grants ranging from fifty per cent to one hundred per cent, have been approved for special areas in England and Wales at a cost of about £800,000.

(Continued on next page.)

The Commissioner responsible now announces that he is prepared to consider giving assistance towards providing new or extending the existing hospitals, out-patient departments, maternity wards, child welfare centres and open air swimming baths.

WIMBLEDON TOURNAMENTS.

The ceded players in the Wimbledon draw for the singles events are :

Men members - one Perry (Great Britain), two Von Cramm (Germany), three Crawford (Australia), four Austin (Great Britain), five Allison, six Wood, seven Menzel, eight Boussus.

Women members - one Miss Round, two Mrs Sperliog, three Miss Jacobs, four Mrs Wills-Moody, five Madame Mathieu, six Miss Stammers, seven Miss Scriven, eight Miss Hartigan.

CORPORATION LOANS.

Following the recent overwhelming success of the Manchester Corporation's £4,000,000 for which the applications totalled £100,000,000, and that of the Cardiff Corporation's loan of £1,500,000 which was also covered about twenty-five times, lists have been made out in connection with the issue of £1,000,000 in connection with Birkenhead's Corporation Loan which, like the Manchester and Cardiff loans, takes the form of three per cent redeemable stock offered at 99. Leeds City Council has adopted a recommendation to issue shortly £4,000,000 redeemable stock at 3%.

AT QUETTA.

It is officially announced that the administration and relief work at Quetta are proceeding smoothly. A wire fence round the city is still closely guarded but no untoward incidents have occurred or are expected to while the refugee camp is well organised with the inhabitants showing their appreciation of the provision made for their comfort

and entertainment. The latter includes loudspeakers producing Indian music.

About 10,000 refugees have now returned to the Punjab upon whose government the very heavy burden of relief has fallen but they are receiving invaluable assistance from the Red Cross and St John's Ambulance.

ASCOT.

The weather for the opening of Ascot was somewhat overcast following a night of heavy rain and offered a cheerless prospect.

In view of the uncertain weather it was announced from Windsor Castle that the State procession to the course had been cancelled. Her Majesty the Queen and other members of the Royal family drove to the course.

A message late last night reported that the Ascot Race Meeting was somewhat marred by the unfavourable weather but new records were set up for the day's turn over in the Totalisator at £105,000. A single race record was also set up on the Hunt Cup at £39,260 with the totalisator paying 220/1 against the bookmakers 66/1.

HIS MAJESTY THE KING.

It is reported from London that the health of His Majesty the King has greatly improved.

THE NEXT TEST MATCH.

The second Test Match between the South Africans and England is to commence on the 29th instant at Lords.

HIGHER U.S.A. TAXATION.

In a special message to Congress President Roosevelt has requested a general taxation increase especially on large incomes, inheritances and gifts, with a higher schedule for corporate income taxes. The Democrats have expressed their emphatic approval.

THE ANGLO GERMANNAVAL TREATY.

Further information available concerning the Anglo-German Naval Agreement shows that Germany agrees to limit her navy to within 35 per cent of the British Navy and never to exceed that ratio. In the matter of submarines Germany may be equal to Britain but she has agreed not to exceed 45 per cent of the British tonnage unless circumstances arise which she considers makes it necessary for her to have more.

Germany has agreed however not to exceed the forty-five per cent of the British strength in submarines without first consulting Britain.

The British press generally regards the agreement as having considerable practical value but it is understood that in France the news has not been received so favourably.

A message from London late last night stated that Germany is immediately commencing the construction of her new fleet following the conclusion of the Naval Pact, and a special naval department is being created.

While Berlin is jubilant, states the Daily Telegraph, on the successful conclusion of the Pact, Paris is disappointed and in a bitter Note the press understands that France considers the close relationship between her self and Britain fading away just when the outlook was most hopeful.

Italy takes the opportunity of making an oblique reference to Britain's disregard to her friends when such a course is profitable.

The Soviet authorities also consider that Britain has broken away and considers that the Pact is likely to increase rather than diminish the European naval situation.

FLOODS IN INDIA.

Following continuous rainfall parts of the city of Bombay are submerged and traffic is at a standstill with the low-lying areas completely under water states the Daily Tele-

graph correspondent. Children are swimming in the streets and business is completely stopped.

CONVICT MUTINY ARRESTED.

It was reported from Lansing, Kansas, last night that the convict mine workers, numbering 350 who mutinied several hundred feet below the ground have been compelled to surrender. Their submission followed upon the reversing of the ventilator fans which compelled them to inhale wood smoke from the timber they had ignited and tear gas bombs used by the warders.

The prison warden has made no concessions having defeated the mutineers so successfully that they gave up their hostages and were recaptured without casualties.

CORRUPTION CHARGE AGAINSTIRISH GOVERNMENT.

According to a message from Dublin last night the United Irish party deputy, McGilligan, a former Minister of Commerce, charged the Government with corruption by granting Wicklow gold prospecting leases to two Fianna Fail deputies and the Senate Vice-Chairman.

McGilligan also alleged that these concessions were being hawked around London and had been in that city for some time. He wanted to know if that was not considered as governmental favouritism.

The Minister of Commerce, Lemass, refuted the charges and offered to set up a Select Committee to investigate the accusations, adding that there was no section in the Act which prohibited the granting of leases to governmental members.

NEW DEFENCE MEASURES FORAUSTRALIA.

It is understood from Melbourne that the Commonwealth Defence Council meeting now being held is considered to be a prelude to Australia em-

working on a new defence measure and commitments in close cooperation with Great Britain and the other Dominions, including a plan to establish a permanent Defence Council with each Dominion closely linked with the Singapore developments.

GREECE & HER MONARCHY.

According to Reuter's correspondent in Athens last night when the National Assembly meets on the 1st of July the government will seek authority to hold the plebiscite on the 15th of October on the question of the restoration of the monarchy.

Many of the government deputies have signed a protocol demanding the immediate return of King George without a plebiscite, but the government refuses.

The press in a public interview with the ex-king was given to understand that he would only return if he was really wanted by the people.

AN ENGINE'S TRIUMPH.

The "North Star", the pioneer Great Western railway engine is to be starred in a film scene depicting the arrival of the first train from Paddington to Maidenhead.

The locomotive was built by Robert Stephenson and Company in 1837. Rebuilt in 1954 it remained in active service until 1870.

Members of the Swindon Great Western Amateur Dramatic Society in Victorian costume will be the film extras.

CHURCH TO MAKE A TALKIE.

The first religious talkie to be made by the Church of England is to be produced by the "Knights" of St Margaret's Church, Lee.

The story is based on the church and its title will probably
(Continued in next column.)

be "Evensong." The film itself will be in the form of a picture illustrated sermon.

M.P.'S ONE WORD-SPEECH.

Burgomaster Goskesen, a Danish Member of Parliament, is claimed to have established a brevity record for a parliamentary speech of one word only reply.

He advanced to the Tribune, waited until he had attracted the House's attention and then said "Ligessa," meaning, "the same."

Having shown his agreement with the previous speaker's views, the burgomaster bowed to the Speaker and sat down.

CATHEDRAL APPEAL.

An appeal has been launched for £12,925 for the restoration of Peterborough Cathedral and £2,000 to save the Minster Foregate from ultimate collapse.

Of this £8,200 is desired for work to be done now, and £4,725 for work to be done as soon as possible.

MAKING YOUNG FLIERS.

An important scheme for assisting young fliers during their training period is now in operation.

The Air League of the British Empire has made the first fifty grants from its Young Pilots' Fund inaugurated a few months ago to help youths between the ages of 17 and 25 to learn to fly. The Prince of Wales and Lord Londonderry, until recently Minister for Air, are contributors to the fund.

Candidates undertake to pay what they can afford to the Air League and the Young Pilots' Fund contributes a like amount.

THE S.S. LAFONIA.

The s.s. Lafonia left Montevideo at 10.0 yesterday morning with 140 bags of mail and three passengers.

"P E N G U I N."

S.S. LAFONIA.

At 4.0 p.m. yesterday the s.s.
 Lafonia was reported to be 510 miles
 from Stanley. Other messages
 received yesterday stated that at
 Noon yesterday the vessel was 554
 miles from Stanley and the previous
 day (the 19th) she was 776 miles
 away.

It would appear then that the
 telegraphic message sent on the "19th"
 must have referred to the previous
 day - the 18th - for her departure
 from Montevideo.

WANTED IMMEDIATELY - A Man for
 Albermarle. Apply - J.W. Grierson.

CORRESPONDENCE.

A Disputed Goal

To, The Editor, Stanley,
 Sir, 20th June.

In reply to the article in the
 "Penguin" of to-day's date contri-
 buted by "Play the Ref" touching on
 football, I would mention that "Spec-
 tator" merely published the rules in
 question to enlighten those interest-
 ed in Football as it should be played.

With reference to Rule 13 con-
 cerning the appointment of a referee
 to enforce the Laws etc! perhaps our
 able correspondent will oblige us
 further by suggesting the alternative
 to be adopted when the referee is not
 conversant with the rules and there-
 fore unable to give a decision in
 accordance with the same. Will it
 be - Play the Ref, - or - Confis-
 cate his whistle?

"Play the Ref" does not expose
 any great knowledge of football when
 he complains of the failure of his
 scrutiny of the rules and I must ad-
 vise him as a friend, not to tax his
 brain or eyesight unnecessarily by
 endeavouring to extract from the
 little book of words on footer "How
 to deal with the spectators"; let
 our Police Force attend to this item.

On the other hand, should
 a spectator choose to approach the
 referee on the field during the half-
 time interval, as in the instance
 alluded to by "Play the Ref" to offer
 argument, he does so entirely at his
 own personal risk and must exercise
 his discretion accordingly.

I am, etc,

"Spectator."

Berlin ; The financial year has
 ended with a deficit of £20,000,000
 making a total deficit of £200 million

HARDY'S CINEMA

Will present to-morrow night

"THE RIDERS OF THE LAW".

Admission 1/6 & 1/-. Doors open at 7.0 p.m., commencing at 7.30.

Tickets from "Kelner" Store.

CRICKET.

Play was only possible in two games yesterday on account of the bad weather. The two matches not stopped by rain were :

Essex 156, Glamorgan 110 for one wicket, played at Chelmsford.

Hampshire 282 and 127 for two wickets, Gloucestershire 170, played at Portsmouth.

INTERNATIONAL HORSE SHOW.

The International Horse Show opened at Olympia yesterday the ceremony being performed by the Lord Mayor of London who drove into the ring in his official coach.

There are twelve hundred entrants which is the largest number for many years. Among the chief events are the George V Challenge Cup to be competed for on Monday, and a series of manoeuvres by the French Army School.

THE FRENCH BANK RATE.

yesterday the French Bank Rate was reduced from 6 to 5 per cent.

ADDIS ABABA INCIDENT.

Yesterday there was an incident in Addis Ababa which caused considerable commotion. While the Italian Legation car and those of other foreign legations were proceeding along the streets a native thrust the Italian flag underneath the vehicle. A crowd collected before the police could apprehend the man.

FORTY-HOUR WEEK MOTION.

A message from London last evening stated that the International Labour Conference had adopted a convention approving of the introduction of a forty-hour week.

The convention does not give the details but it was favourably received provided that the standard of living were not reduced.

The employers delegates were not averse to the motion but the government delegates abstained from voting.

GERMAN PRISONERS OF WAR

A party of Germans who were prisoners of war in England are paying their first official visit to the country in which they were interned and received a great welcome when they landed at Brighton by the local British Legion.

AIR PROGRAMME IN BRITAIN.

It was reported from London last night that the Air Ministry has lost no time in embarking on the expansion programme arranged.

The Daily Telegraph states that orders have already been placed for above 300 machines while other orders are being negotiated. These embrace multi-machine bombers, a new type of four-engine bombers, coastal reconnaissance machines, and training machines.

The programme involves an improvement of from forty to sixty per cent of the performance of machines in all the principal classes - range, speed, control and armament while heavy bombers will have a range of 2,000 miles and fighters a speed of 300 miles an hour.

The machines will remain in the front line for three years and then they will join the reserve.

Army orders announce the re-organisation of the Royal Engineers in the fortress units of the Far East, Malta and Gibraltar with the formation of Anti-Aircraft Searchlight companies in Malaya and similar redistributions in Hong Kong, Malta and Gibraltar.

MORE OPPOSITION TOROOSEVELT..

According to a message from Washington yesterday Roosevelt's revolutionary talks and proposals for a wider distribution of the national wealth and the reduction of the national debt are being bitterly opposed by his Congressional opponents on the grounds that they are theoretically confiscatory and therefore unconstitutional.

The Conservative Democrats & Republicans consider the proposals an astute political manoeuvre to regain the prestige lost by the Supreme Court's decision on the N.R.A.

Wall Street remains cautious pending developments.

ABYSSINIA & ITALY.

A report from Geneva states that a new Abyssinian Note of protest to the League draws attention to the aggression upon the independence and integrity of Abyssinia being so imminent and makes concrete proposals for averting hostilities with Italy, adding while every means was being taken to preserve an atmosphere for maintaining peace Italy was sending more troops and ammunition to East Africa.

Under these circumstances there was the desirability of despatching immediately neutral observers to inspect the situation contiguous to the border.

Rome remains averse to the League intervening in her colonial affairs and she threatens in the event of intervention the possibility of leaving the League.

DEFEAT OF FRENCH RACER.

According to a message from Paris last night French racing circles are surprised and disappointed at the defeat of the hither-

to unbeaten French horse "Brantone" which started favourite in the Ascot Gold Cup.

The defeat is described in Chantilly as a mishap coupled with the journey and environment changes.

CROAT MINISTRY RESIGNS.

According to an announcement from Prague yesterday following the resignation of the Croat National Air Minister Jevtitch, the cabinet has followed suit.

The opposition has formulated terms for its return with cooperation and it is probable that a new government will be formed under the late Minister of Finance, Stojaimovitch.

FRENCH CHAMBER SCHEME.

A scene occurred in the Chamber, a message from Paris affirmed last night, when Mlle Bost, in addressing the President from the Public Gallery on the national danger of the decreasing population, suddenly descended to the floor by a rope and took a seat.

After the early removal of the lady by ushers, the stupefied Chamber adjourned.

DENMARK'S TRADE.

The May trade returns, it is reported from Copenhagen, indicate that Denmark has imported from Great Britain 14 million kroner more at 50 millions while the exports to Britain are seven million less at 57 millions.

NORWAY AND MONETARYSTABILISATION.

The Norwegian Foreign Minister in the Storting yesterday strongly supported an international monetary stabilisation policy.

THE S.S. LAFONIA.

At 10.0 o'clock this morning the s.s. Lafonia was reported to be 200 miles from Stanley. Yesterday she reported that she expected to arrive to-morrow morning

MAIL HOME.

The mail which left the Colony in the s.s. Lafonia on the 21st of May, arrived in England on the 20th instant.

THE NEXT CRICKET TEST.

Wyatt has been selected as captain of the English Eleven in the next Test Match against the South Africans and he has accepted.

ASCOT.

It was announced yesterday that the Royal Procession at Ascot would take place to-day.

FALKLAND ISLANDS DEFENCE FORCE.

There will be a Band Practice at 7.30 this evening.

CORRESPONDENCE.

A Disputed Goal.

To, The Editor, Stanley,
 21st June.

Sir,

The letters already published in the "Penguin" on this subject deal with two important factors in football - the referee and the spectators. They have both been reproved for their faults but neither of them are really the root cause of the trouble. I doubt if ever there will be a perfect referee or spectator until we have perfect players.

What a dream of delight it would be if we had two teams of perfect footballers!

However, coming back to the point of this letter - the root cause of trouble - I think it will be found in the players themselves.

All of them loudly proclaim the shortcomings of other people on the field but not one is sincere enough to realise that he is probably just as much at fault as the other man, if not more so.

More often than not players expend much valuable breath on the field holding post mortems in the middle of a match. For instance, how often do we hear the complaint - "We should have scored if only he had passed; if only he had been in position; if only he had not kicked the ball so wildly" and so on, ad infinitum?

Meanwhile they themselves are guilty of not following the play, marking their man or anticipating the next attack by bemoaning a past fault.

This is only one thing which causes so much confusion for which the referee is held to book. There always seems too liberal a use of arms and hands without intentional fouling. I often wonder how much

funnier a game could be if all the players had their arms tied to their sides ! Then, in kicking the ball more often than not they play it with the toe of their boot instead of directing its progress with the instep - and, of course, generally the ball goes anywhere but where they wish (or have they any idea where they want it to go ?) They blame the wind for sending it into the air, into touch or into their own goal. If not the wind, they blame the spin on the ball and sometimes the bad pitch as the cause of the trouble. They hardly ever think it is their own sweet selves who fail.

I think, if instead of studying the Rules of Football so carefully, more effort was made to "read, mark, learn and inwardly digest" a really good book on how to play football and the ethics of the game, and then practice assiduously, the referee would not have so heart-rending a task and the spectators would have more value for their money - when they pay it.

Yours etc.,
Hopeful.

BOXING.

It is understood that Jack Petersen is meeting the German Neusel on Tuesday next at Wembley.

MOTORCYCLING.

A message from London last night reported that the Senior Tourist Trophy Motorcycle Race in the Isle of Man was postponed yesterday owing to mist. It will be run to-day providing the weather permits.

Paris : The Cabinet has approved of the simplification of Public Health Insurance and State contributions thereto, whereby saving 400 million francs.

FANCY DRESS DANCE.

A successful dance was held in the Town Hall last night when fancy dress was optional. Many of the dancers appeared in costume complete with mask and some grotesque figures were to be seen. After a happy evening the dance ended shortly before 1.0 a.m..

LOCAL FOOTBALL.

The Inter-Platoon match to be played to-morrow afternoon, k.o. at 2.15 p.m. will be between Nos 2 and 3 Platoons (weather permitting.)

The teams are :

No. 3 Platoon -
T.D. Evans.
D. Fleuret. D. Atkins.
J. Petterssen R. Grant G. Pearson
W. Jones J. Bound
C. Thompson A.W. Beardmore W. Grierson

J. Ryan D. O'Sullivan F. Howatt
J. Jennings C. Skilling
C. Evans P. Hardy E. Thompson
A. Shackel W. Browning
S. Williams.

No. 2 Platoon.

At 10.0 o'clock to-morrow morning the "Outsiders" will meet No. 1 Platoon if conditions permit in a friendly game. The last time the "Outsiders" opposed a Defence Force team - No. 2 Platoon - they won hands down 11 - 1.

The teams for to-morrow are :

No. 1 Platoon.
J. Jennings.
H. Summers A. Etheridge
B. Fleuret F. O'Sullivan J. Clifton
W. Halliday C. Allan
H. Evans H. Thomas D. Williams.

(Continued on page 3.)

G. Walsh E. Fuhlendorff J. Rowlands
 C. Clifton E. Hirtle
 R. Hannaford R. Wallen A. Clifton
 L. Bonner J. Cletheroe
 S. Bonner.

FALKLAND ISLANDS DEFENCE FORCE.

Orders for Week Ending 29th June.

Monday : Drill - No 1 Platoon 7.0
 24th Miniature Rifle Shooting 8.0

Tuesday : Lecture - Ambulance Section 7.0
 25th Badminton 8.0

Wednesday : Instruction - Signal Section 6.0
 26th Drill - Vickers Section 7.0
 Miniature Rifle Shooting 8.0

Thursday : Drill - Recruits 7.0
 27th Miniature Rifle Shooting - No. 1 Platoon v. No. 2 Platoon 8.0.

Friday : Drill - No. 2 Platoon 7.0
 28th Miniature Rifle Shooting 8.0.

Saturday : Artillery Section will carry out a practice with the quick-firing gun on Victory Green 2.0
 29th Badminton 8.0

A.I. Fleuret, Lieut.,
 Ag O.C. & Adjt.,
 F.I.D.F.

THE GENTOO.

The m.v. Gentoo arrived yesterday at noon with the following passengers - Messrs A. McPhee, W. Lamosa and E. Hutchinson. She will possibly be leaving again on Monday.

WEST FALKLAND WEDDING.

Miss M. Johnson & Mr W.P. Shorey.

Thursday last week, June 13th, was a memorable day at Port Howard, where the wedding of Miss M. Johnson, the daughter of Mrs Johnson and the late Mr G.F. Johnson of Port Howard, to Mr W.P. Shorey also of Port Howard was solemnised by Mr A.G. Barton of Pebble Island.

At 2.30 p.m. the bridegroom drove up to Port Howard office accompanied by Mr F.J. Lee who acted as best man, shortly followed by the bride and her bridesmaid.

The bride was tastefully attired in a pale blue rayon lace and georgette dress, carrying a bouquet of Carnations and Lily-of-the-Valley. Miss G. Johnson, the bridesmaid, was dressed in cream artificial silk also carrying a spray of pink Roses & Forget-me-nots.

After the wedding a reception was held at the bride's mother's house, the happy couple's health being well toasted by a gathering of about fifty.

Mr and Mrs Shorey were the recipients of many nice and useful presents.

Dancing was enjoyed on Thursday, Friday and Saturday of that week, the cookhouse being specially decorated for the celebrations.

THE WEATHER AT HOME.

It was reported from London on Thursday that on the eve of the longest day of the year many parts of the British Isles enjoyed the hottest day of the year, and it was predicted that the week-end would be the warmest since last summer.

The weather change came too late to save the Ascot social display and fashion frills were abandoned that day in view of the earlier drenchings.

The sports fixtures were generally affected by the week's adverse weather.

ROOSEVELT SWINGING ROUND?

According to a message from Washington yesterday it is stated that public reaction to the President's "Tax on fortunes" message reveals that he has swung to the left.

The Daily Telegraph correspondent states that the conservative press is strongly critical.

Roosevelt's supporters deny that the message is inspired by political motives and add that he has long held such views.

The President is condemned in New York and Philadelphia for having made a bold political stroke which may obstruct recovery while Detroit, and Cincinnati question the President's understanding of the social and political situation.

The wheat belt agriculturalists are convinced that reform and not recovery is the general trend and that the President has devised a clever plan for diverting the people's thought from the failure to balance the budget and the reduction of national expenditure to a subject they will enjoy.

THE ANGLO GERMAN-NAVALAGREEMENT.

The Anglo-German Naval Agreement was the subject of a brief broadcast speech on Friday by the First Lord of the Admiralty, Sir Eyres Monsell, who declared that it conferred a great benefit on the cause of world peace.

He was of the opinion that they would now be able to go forward to further conversations with other powers with a view to reaching general agreements upon a form dealing with naval limitation for the future.

International treaties as at present in force prevented races in naval armaments and the ruinous expenditure which they involved for upon them naval construction of the past few years had been based.

These treaties expired at the end of next year and the British

Government were anxious to bring about a new general limitation treaty.

The German Chancellor's statement of his country's intention to limit the naval strength to 35% of that of the British Empire offered a definite and concrete starting point and it was considered imperative to discuss the proposal as soon as possible & in the discussion the conclusion was reached that the proposal was a contribution of the greatest importance to the cause of future naval relations.

J.F. PERRY.

It is understood that J.F. Perry, the British tennis star, has accepted a position with a Sydney Sports firm.

He has accepted the post in Sydney, the message adds, on the condition that he is free to play for England in the Davis Cup if he is selected.

His amateur status is not affected by his accepting the position.

SOUTH ATLANTIC AIR MAILS.

An agreement has been reached between those continental air mail concerns involved, whereby an air-mail service twice weekly has been agreed upon between Europe and South America.

The Graf Zeppelin will not carry letter mails in future but will confine its fortnightly service to the transport of passengers, freight, newspapers and parcels.

JAPAN AND CHINA.

According to a message from Peking, the Japanese general, Doihara, has stated that he is satisfied that the Chinese will fulfil all the demands made, but Japan is maintaining 15,000 troops inside the Great Wall until the anti-Japanese activities in North China are eradicated.

Reuter states that the majority of the Nanking government is in favour of resignation because of this.

"P E N G U I N."

Price 1d.) } Delivery
 Monthly Subscription 2/- } free.
 Annual - do - £1. 0. 0.)

Stanley,
 Falkland Islands.
 Monday, 24th June, 1935.

Lighting up Time 4.50

High Tides 11.30 a.m.; 11.50 p.m..

RADIO PROGRAMME.

At 8.0 p.m. this evening a Selection of Records or Overseas music will be broadcast while the Time Signal will be given at 9.0 p.m. and News Items at 9.30.

POST OFFICE NOTICE.

Mails for the East and West Falkland Ports and Islands will be received at the Post Office not later than 2.30 p.m. to-morrow (Tuesday.)

LOCAL FOOTBALL.

A football match was played yesterday afternoon between "The Outsiders" and a Defence Force team the latter winning 4 - 2.

ARRIVALS.

With the arrival of the s.s. Lafonia on Saturday the following passengers came to Stanley - Miss G. Reive and Mr and Mrs T.F. Walker.

Miss Reive has returned to the Colony after an absence of some five years in England during which time she has been training as a nurse. She is expected to take up duties at the King Edward Memorial Hospital as Nursing Sister in a few weeks.

OTTAWA A Bill establishing a Dominion Trade Industry Commission has passed the third reading in the House of Commons.

HOTTEST DAY AT KEW.

With London recording 14.2 hours sunshine and the maximum temperature yesterday as high as 81 in the shade Kew experienced the hottest night since 1878.

HAGUE CONFERENCE "BATTLE."

A message from Paris yesterday stated that business men from thirty-seven nations, numbering one thousand, are meeting throughout this week at The Hague Congress International Chamber of Commerce.

They are determined to find a means of breaking the economic depression and reviving world trade and a battle royal is expected over the monetary problem.

While the German, French and American delegates favour calling an International Stabilisation Conference the British delegation, which numbers over 117 members and is the largest, is divided in opinion.

The agenda includes the protection of industrial property and road and rail co-ordination.

MR EDEN TO MEET THE DUCE.

The British Mr Eden, a message from Rome reported last night, arrived yesterday in the capital of Italy and commences a series of conversations with Mussolini to-day (Monday.)

The Official Spokesman states that the Duce will approach any of Mr Eden's suggestions relative to a Western Air Pact with an open mind, states the Daily Telegraph correspondent. But Italy's future naval policy will depend on French recognition of the

Aglo-German Agreement.

If France decides to build more ships, Italy means building likewise while the fact that Italo-French relations have been better than any time since 1914 during the past twelve months does not alter this necessity.

The German Ambassador, Ribbentrop returned to Germany yesterday and expressed the opinion to an interviewer that the Naval Pact between Britain and Germany was the beginning of a practical peace policy.

GRECIAN REPUBLIC "FAILED."

General Condylis, a message from Athens, reported yesterday, has declared that the he Grecian Republic had failed to secure a normal political life for Greece and he hoped there would be a majority for the restoration of the Monarchy when the Plebiscite was held. The General, who was one of the "creators" of the Republic, also added that the republican regime could produce nothing but civil war.

The Daily Telegraph correspondent in Athens stated yesterday that the struggle between the Republicans and the Royalists was becoming more acute.

GERMAN EX-SERVICE MENIN ENGLAND.

According to a message from Brighton yesterday the German ex-service men took part in a Memorial Service with their fellow British ex-service men at the "Heroes' Corner" in Brighton Cemetery.

The significance of the visit of the Germans on this occasion had been emphasised by the Prince of Wales recent speech and the tendency of the orations was towards emphasising the uselessness of war.

(continued in next column.)

The service was also attended by several thousands of civilians including a large number of German women and German girls wedded to Englishmen who brought their children to the service and prayed for peace.

THE QUETTA EARTHQUAKE.

According to a message from London last night the India Office has issued the text of a telegram received from the Government of India, stating that the Quetta casualties were 30,000 while 20,000 survivors had been evacuated by special trains with 140 delicate women and children evacuated by air.

The Punjab and Sind authorities shouldering relief work include in their task the provision and subsistence of 2,000 permanent residents now quartered in a camp city adjacent to the town.

TATOO RECORD.

It is stated that practically half a million people attended the Aldershot Tatoo last week, breaking all previous records with 70,000 above the 1934 figures.

ENGLAND'S TEST TEAM.

England's Test team for the match beginning on Saturday against the South Africans - the second of the series - is :

Wyatt (captain), Mitchellienes (Oxford University), Sutcliffe, Ieyland and Verity (Yorkshire), Hammond (Gloucestershire), Nichols, (Essex), Ames (Kent), Clark (Northampton), Mitchell (Derbyshire), Langridge (Sussex) and Farrimond (Lancashire.)

SMOLENSK The Parachute Section chief, Batitski, has again beaten the world record for jumping without oxygen apparatus from a height of 2,477 feet.

GRAND PRIX RESULT.

The Montlehery Grand Priz on Saturday was won by two Germans in Mercades Benz cars. The drivers were Caracciola and Von Daruchitsh respectively and they finished together in an exciting race two laps ahead of every other competitor averaging 77.4 miles an hour.

The Italian Nuvolari in an Alfa Romeo attained the highest lap speed at 84.97 miles an hour but later had to retire owing to transmission failure.

RACING.

The Auteuil Grand Chase de Paris on Saturday was won by "Francs" ridden by Fleuret at 18/5. The favourite Thomond II was injured during the race.

U.S.A. ALIENS TO GO ?

It is reported from Washington that over 150 political and other organisations are giving support to the Texas Democrat Dies Bill for the deportation of six million aliens in the hope of relieving American unemployment.

Senator Dies declared that this proposal to legalise the Bill is not more stringent than the law in England, France, Germany and Italy.

HUEYLONG'S OFFER.

Senator Hueylong, a Washington press message states, has offered "every atom of strength" if the President will push his wealth distribution plan contained in his super-tax proposals.

Hitherto Senator Hueylong has been Roosevelt's most dangerous opponent and has been known by the name of the "Kingfish of Louisiana."

The Senator's letter read to Congress includes a significant passage envisaging the passing of the measure within a week as a result of "my elimination from politics."

Hueylong further states that the President has adopted his own programme but adds that certain questions relative to the scheme's application are modified.

NANKING BETWEEN TWOFIRES.

A message from Hong Kong states that although four warships are present from Nanking but the report that they are contemplating the blockade of Canton is without foundation.

The Sunday Times states that it is believed that Nanking's position is merely one of mediation between the rebels and Canton.

It is understood that these warships, which are rebels, are holding several prominent Cantonese as hostages to ensure the safety of Admiral Kiang Shiyuan, formerly the rebel squadron commander but now a prisoner in Canton.

Britain has received no official statement relative to the vessels therefore no action is contemplated.

THE ADDIS ABABA FLAGINCIDENT.

It is reported from Rome that the Abyssinian government has presented its deepest regrets in respect of the insults offered to the Italian flag outside an Addis Ababa cinema & Italy is satisfied that no reparation question is involved.

The offender is under arrest & Italy is watching developments.

MR H.C. LEY.

Rapid Promotion for Former
Chief Clerk of Treasury In
Falkland Islands.

News has been received that Mr H.C. Ley has been appointed to the important post of Deputy Treasurer of Cyprus. He served in the Falkland Islands from 1924 - 30 as Chief Clerk, Treasury & Customs Department, and in 1928 he acted as Treasurer and in 1929 as Colonial Postmaster. Mr Ley was transferred in 1930 as Accountant in the Treasury Department, Cyprus.

Mrs Ley was formerly Miss Dorothy Enestrom, the youngest daughter of Mr Charles Enestrom and the late Mrs Enestrom of Stanley & we extend to the family our congratulations on the good news of Mr Ley's promotion.

TRAGIC DEATH OF MR J. BOWERS.

Former Captain of Gentoo
Killed in Motorcycle
Accident.

It is with deep regret that we have to record the death of Mr John Bowers who died on the 26th of February last as a result of a motorcycle accident five or six miles from his home at Epsom, Surrey.

He was returning home from work in the evening, when he collided with a van and was thrown off his machine and knocked unconscious, dying before he could be conveyed to hospital. He was 47 years of age.

Mr and Mrs Bowers with their two sons left Stanley five years ago and at one time Mr Bowers was captain of the Gentoo of Pebble Island and later he was attached to the R.R.S. William Scoresty.

Our deepest sympathy is extended to Mrs Bowers and her sons in the great loss they have suffered.

SOUTH WALES MINERSBACK AT WORK.

It is understood that work has been resumed by 1,800 miners in South Wales who have been on strike since the 25th of March on the Miners' Federation suggesting the acceptance of the owners' terms relative to the new working conditions.

YACHTING.

At Lymington the "Endeavour" led throughout the race on Saturday for her class with the Yankee second until the boat home when she was overhauled by "Astra."

The final placings were - "Astra" 3 hours 30 $\frac{1}{2}$ minutes, "Endeavour" 3 hours 31 $\frac{1}{2}$ minutes, "Candida" 3 hours 39 minutes, "Shamrock" 3 hours 42 minutes, "Britannia" 3 hours 42 minutes 31 seconds, "Yankee" 3 hours 44 minutes, "Velsheda" 3 hours 46 minutes.

The "Astra" was disqualified on protest.

GOLF.

Cotton is the strongest favourite ever known for the British Open Championship at Muirfield at 4/1 which is lower than the American Bobby Jones and Walter Hagen who won seven and nine consecutive championships respectively.

GERMAN EXPLOSION CASUALTIES.

It is officially stated from Berlin that the casualties in the Reinsdorf explosives factory catastrophe is 102. This number includes 93 missing. Ninety-three were injured severely while 628 were slightly hurt.

Belgrade : The Yugo-Slav crisis continues.

With regard to the Colonial
 Small Bore Trophy it is understood
 that Kenya had advised the S.M.R.C.
 that they were dispatching in Jan-
 uary but up to the 22nd May no further
 word had been received as to whether
 this had been done. The probable
 date of its arrival in the Falklands
 would seem to be about the end of
 August.

THE VERY REVEREND THE DEAN.

Resignation News.

Although no official information
 has been received it is understood
 that the Very Reverend Dean H.E. Lums-
 dale has resigned his position as
 Dean of Stanley. The Very Reverend
 the Dean is at present on leave.

It is further understood that
 if this news is correct a new Chaplain
 will probably be arriving by the next
 cargo boat.

SOCIAL DANCE.

A Social Dance will be held in the Town Hall on Thursday, the 27th instant, commencing at 9.0 p.m. and continuing until 1.0 a.m..

Admission 1/-.

Summers & Hills.

3rd "	5.0.0.	2241

Twenty-five competitors prizes at 17/9 each.

Seller's Prize - £1..

FRENCH ECONOMY TOTAL.

According to a message from Paris last night so thoroughly has M. Laval, exercised his recently conferred dictatorial powers that economies approximating a total of 2,250 million francs have already been decided upon, these including reductions in the railways of 1200, in Public Health of 400 and in Pensions 520 millions respectively.

This is only the preliminary phase, states the Daily Telegraph correspondent and further extensive reductions are anticipated.

London - An Anglo-Uruguayan trade Pact has been initialled but it is subject to further consideration.

JAPAN & THE WORLD MARKET.

President Lebrun, a message from Paris last night reported, attended the inaugural meeting of the Congress of the International Chambers of Commerce yesterday when the chief interest centred about Japan's position in the world market.

In the discussion, the British delegate, Sir Arthur Balfour, agreed with the Japanese delegate Ito that such competition was instrumental in promoting the wealth of all rather than being detrimental to all.

Ito appealed to the Congress to foster Japan's advance whereby she would become a greater purchasing power.

DOMINIONS & BRITISH TRADE.

The New Zealand Premier, Mr Forbes, in visiting the steel factories at Sheffield yesterday stated that Australasia was endeavouring to foster British trade and her present Empire purchases were 35 per cent of her total trade.

- o -

Ottawa also reports that her Empire imports stood at almost 19 million dollars, being an advance of 4 million on the previous May while her foreign imports were 2 million less at 35¼ millions.

NEW YUGO-SLAVIAN GOVERNMENT.

A report from Belgrade last night asserted that a new Yugo-Slavian government had been formed with Stojdinovitch as Premier and Minister of Foreign Affairs.

The Cabinet consists of four Serb Radicals, two Serb Democrats, two Bosnians, one Slovene, three Croats and three non-party Serbs.

The joint opposition bloc led by Matchek is not represented.

Milan Consternation has been caused among many of the business firms of Northern Italy by the announcement of a new import tax of 3% ad valorem on all goods entering the country.

DEPARTURES.

The passengers expected to leave Stanley in the s.s. Lafonia to-day are :

His Excellency the Governor, Miss Henniker-Heaton and Miss P. Henniker-Heaton, and Miss E. Betts with Mr R. McLaren for Port San Carlos; Mr & Mrs J.R. Robson for Port Louis; Mr F.T. Lellman for Albermarle and Mr T.W. Campbell round voyage; Messrs W. Fraser, F.P. Clausen, H. Halliday, C. Jones, W. Flowers, E.J. Biggs and R. Skillington for Albermarle; J. Butler for Foy Bay and S. Newman for Douglas Station.

ELIZABETHAN JEWEL FORBRITISH MUSEUM.

A message from London last night reported that as a result of Lord Wakefield's purchase of the Armada Jewel, one of the most beautiful relics of Elizabethan England treasures is returning to Great Britain.

The jewel up to the present formed a part of the Pierpont Morgan collection of miniatures and had been put up for sale at Christies.

Yesterday it was purchased for 2,700 guineas and it will be displayed in the Victoria and Albert Museum.

THE EVEREST EXPEDITION.

Sir Percy Cox, the President of the Royal Geographical Society, in addressing the annual meeting in London yesterday, said that on all grounds the conquest of Mount Everest must be relentlessly pursued by the British mountaineers with Lutledge in command of the 1936 expedition commencing next Spring.

Boxing : McAvoy retained the British middleweight championship in London yesterday by outpointing Burke in a poor fight.

TRISTAN DA CUNHAMAKES HISTORY.Two Ships in One Day.

For the first time in the history of Tristan da Cunha, the world's loneliest island, two vessels arrived on the same day on Friday, the 22nd of March last.

The Canadian Pacific liner Empress of Australia dropped anchor off the island in the morning and shortly afterwards a Dutch submarine appeared.

A message wirelessly to England stated :

"Gifts from the King and Queen of England gladdened the hearts of the 172 inhabitants of the world's loneliest island to-day when sailors from the Empress of Australia arrived at seven this morning and clear enough for the top of the mountain to be seen. Captain A. Griffith, commander of the ship, making his third visit in six years, said he had never seen the island without a cloud cover.

"Monseigneur Cherry, of the Roman Catholic Church, who is a passenger, when he learned that there was one Catholic family on the island, heard their confession for the first time and officiated at the first Mass ever celebrated on the island.

"Ship Surgeon E.F.D. Owen, the assistant surgeon, and two doctors who are passengers, carried out a rapid but thorough medical survey of the islanders. Their report states that all the inhabitants are in good health.

"The chief steward, when advised that the Tristanites had been without tea, coffee, sugar and tobacco for some months, dipped heavily into the liner's store. Over sixteen tons of necessities, including flour and other products, were landed, and cruise members contributed generously from their wardrobes.

"The only sad note of an otherwise glorious happy day was the farewell taken of his parents by Robert Class, great-grandson of the Island's original settler, who boarded the Empress of Australia for Europe. On his way he will visit South America, the West Indies, Cuba & New York.

In view of the interest taken in
the teams organised by the "Outsiders"
recently, a meeting for the purpose
of forming a Football Club will be
held at Mr Les. Hardy's Cinema Room or
Friday, the 28th instant, commencing
at 7.30 p.m..

U.S.A. DEFENCE MEASURES.

The biggest programme of defence measures is expected to come into force shortly in U.S.A.

The programme provides for the construction of twenty-four new warships bringing the fleet to the London Treaty strength with an increase of 2,677 officers and 9,000 men with 555 planes being added to the Air arm which is already the world's strongest.

ITALY & ABYSSINIA.

According to a message from Addis Ababa Italy has presented a Note expressing her formal reserve in connection with Abyssinia's annexation of the Sultanate of Jimma, pointing out that the area falls within the zone of Italian influence.

Abyssinia replies that such a course is irrelevant, states the Daily Telegraph correspondent since Jimma has always been an integral part of the Ethiopian Empire, acknowledging Abyssinian suzerainty.

CHINESE TROOPS CLASH WITH
MANCHUKUOANS.

It was reported from Hsingking last night that Japan is launching a strong protest, sternly worded, to the newly appointed governor of Chachar, following the clash of some 500 Chinese troops with a detachment of Manchukuoan frontier police on the Chachar border.

JAPAN'S MILITARY EXPENDITURE.

Details have been received in London indicating that Japan's military expenditure is being raised from 25 % five years ago to 46 % of the budget which for 1935-6 amounts to 2,215 million yen.

LAST NIGHT'S FIGHT.

Petersen beaten by the Towel.

Those listening in to the fight between Petersen and the German Neusel broadcast from Wembley last night were greatly disappointed to hear that in the tenth round Petersen's seconds threw in the towel.

The fight was thrilling apparently and it seemed that Petersen had as much of the battle as his opponent although he received a severe cut over his eye in the second round which disabled him considerably.

The press message received last night on the fight stated -

The German Neusel beat the British heavyweight champion Petersen who retired in the tenth round in a fifteen round contest owing to a badly cut eye. It was a hard slamming fight through, both striving for a knock-out.

In another contest Barland of Finland outpointed Poord of South Africa in a six rounds contest.

MURDERER REPRIEVED.

The Home Office announced last night that a reprieve had been recommended for Stoner who was condemned to death in connection with the Rattenbury murder with a view to the commutation of the penalty to life servitude.

AUSTRALIA'S FUTURE.

According to a message from Perth, Western Australia, last night Premier Collier caused a political sensation by declaring for a Federation and complete unity among the States, since Australia was futureless unless they all stood together.

This is a complete reversion of the views previously expounded on secession.

S.S. LAFONIA.

The s.s. Lafonia left Stanley overnight for local ports.

WEST STORE CHIT-CHAT.

PHOTOGRAPHIC. DEVELOPING AND PRINTING SERVICE.

The Photographic Department is now prepared to receive orders for the developing and printing of films, plates, etc., at the same prices as previously.

Leave your films at the West Store;
any make of film accepted, BUT
For best results USE KODAK FILM.

WIRELESS AS A MEDICINE.

"A dose of wireless" may be, in a few years' time, the accented and ordinary method of combatting certain diseases, a news message states. A number of medical men in various parts of the world, are already using high-frequency wireless waves with some success.

Now two Viennese practitioners have published a work which gives their own conclusions after some years of work, and gathers together the experience of many other pioneers in the same field.

The chief point of interest about these very short waves in radio communication is that they behave very like light waves, and it is possible that this approximation to light waves gives them a medicinal value.

Probably all wireless waves have a heating effect on the human body; but this effect only becomes appreciable when the frequency of the vibrations is sufficiently high. This heating effect has already been used with success in the treatment of certain diseases by the application of rays from a short-wave transmitter.

The application of X-rays and radium rays is usually to the alleviation of malignant skin diseases; but apparently ultra-short wireless waves may be useful in the treatment of lung, blood and heart troubles. The whole mechanism may ultimately be proved to be allied closely to the treatment of diseases by light.

WINNER OF INTERNATIONALHORSE SHOW.

The winner of the most important event at the International Horse Show now being held at Olympia - the George V Cup - is Captain Lewis of the Irish Free State riding "Tramortay". He was the only competitor to complete the course without a fault.

GREEDY TENANTS.

Not Content With Living

Rent Free.

The ideal existence which the tenants of a block of flats in Madrid had enjoyed for twenty years, during which they had lived rent free, has ended.

The owner of the house in question died apparently without leaving heirs, and after living rent free for some months the tenants formed a committee which administered the house on a communal basis. But much will have more, and they resolutely refused to pay taxes, until the municipal authorities threatened to eject them.

Then an apparent philanthropic gentleman stepped forward and said that as the tenants were all people of moderate means he would be glad if they would allow him to pay the municipal tax for them. They were delighted to find such a Christian spirit and thanked him effusively, and so the years went by.

Recently the tenants were all given notice to leave. He who pays the taxes for twenty years on a house in Madrid automatically becomes the owner. The patient and far-seeing "philanthropist" has torn down the old house and is running up a big new building on the valuable site.

NEW SEA MONSTER.

"Calf's Head and Whalelike Body."

Another sea monster has been seen off the South Devon coast at Stoke Beach, near Plymouth.

Some holiday makers found what they took to be a walrus sunbathing on the rocks - this happened some weeks ago.

Now come further reports of a creature with a head like a calf and a large scaly body like a whale. The monster was seen some 400 yards from the shore.

DEPUTY FOR THE GOVERNOR.

It is hereby notified for general information that a Commission has been issued appointing the Hon. M.C. Craigie-Halkett, O.B.E., Deputy for the Governor during His Excellency's absence from Stanley.

STANLEY RATES 1935.

The attention of owners of house property is drawn to Section 5 of The Stanley Rating Ordinance, 1928, which states : -

"All rates shall be paid to the Colonial Treasurer before the 1st day of July in each year and should any rates be unpaid on the 1st day of July in any year the same shall be recoverable by Civil process in the Magistrate's Court. The owners of house property shall be responsible for the due payment of the rates.

sgd A.W. Beardmore,
for Colonial Treasurer.

DEPARTURE.

The "Gentoo left Stanley about 11.30 yesterday morning with W. Pearson on board as a passenger.

BOXING.

The same evening as the Petersen - Neusel fight at Wembley, Carrera met a fighter of the name of Lewis in New York where, although badly battered Lewis was awarded the fight in the sixth round. The news was expected to be broadcast about 10.0 p.m. but actually it came over much later.

FORTY-FIVE YEARS AGO.

(From the Falkland Islands Magazine of 1891.)

The "Neko" left Dartmouth on July 20th bound, amongst other places for the Falkland Islands with mails, a large cargo and twelve passengers - one of the latter being F. Hardy of Stanley.

Towards evening a thick fog fell, which however lifted during the night and the morning dawned clear and bright, but soon after sunrise the fog fell again, the sea being perfectly smooth. The "Neko" was going at half speed, blowing the steam whistle at intervals, when about 6.30 a ship was suddenly seen looming up on the port side and although the "Neko" went immediately full speed astern the inevitable collision occurred, the bows of both vessels coming violently in contact heeling the "Neko" over to starboard. She at once filled with 9 feet of water; whereupon the captain gave orders for the lowering of the boats, which was accomplished in silence with perfect discipline. The passengers & crew were safely disembarked, the captain being the last to leave his ship. Already the waves were breaking over the bows and hardly were they well clear of the vessel when the stern rose high out of the water and she went down bows first entirely disappearing from view twenty minutes after the accident had occurred.

The other ship sustained injuries above the water line and was able to continue her course. The occupants of the boats were picked up by a third steamer in the vicinity when the fog lifted which was shortly afterwards. One mail bag was picked up afterwards.

The shipwrecked passengers were landed on the French coast near Conquet.

Local notes

by Dean

With the return of the s.s. Lafonia last week from Montevideo another car was brought to Stanley to swell the traffic in the town. This belongs to Mr E. Crawford and is a "Ford 8".

This is the second Ford to come to Stanley the other being a powerful model owned by the Government. In addition to these there are eleven other private cars or taxis of which six are Morris models with three Singers and a Wolesey.

There are also six Morris lorries, . Morris van a Chevrolet and a Ford van. In addition there several Fords and Fordsons besides two or three Citroens and a Morris ton lorry in different parts of the Camp on the East and West Falklands. Altogether there are some thirty-two vehicles in the Colony.

Among the owners in Stanley are the Colonial Government, the Falkland Islands Company, Estate Louis Williams, Mr Les Hardy, Messrs V. Summers, A. Summers, J. Mercer, C. Henricksen, T. Binnie, G. Roberts J. McGill, T. Hooley and J. Robertson while Mrs J. Davis is also the owner of a Morris Minor.

In other parts of the Falklands there are vehicles at Darwin, Douglas Station, Teal Inlet, San Carlos, Carcass Island and Pebble Island.

The three latest models to arrive were a Ford van for the F.I.C. and the Chevrolet for Mr E. Hirtle early on in the year with Mr Crawford's Ford by the last Lafonia.

- o -

Car driving is becoming quite a popular occupation and recreation in Stanley despite the comparatively limited scope while motor-cycling has also a large following. At a rough guess there must be just as many motor-cycles in Stanley as

cars, if not more, while the number of pedal cycles must be nearing the 200 mark.

Although in the columns of the "Penguin" a facetious remark was made some time ago concerning motorcycles and the possibility of forming a club, there has been no sign of such an organisation being launched. Perhaps, however, motorists and motorcyclists will get together and bring into being what would be the latest recognised sport in the Colony

Talking about sports, it would be interesting to discover which was the earliest type of sport to be indulged in in Stanley. I think the honours go to shooting in which the Falkland Islands has of recent years gained a reputation world-wide by bringing to the Falklands the Junior Kolapore Cup twice as well as winning Empire competitions for Miniature Rifle Shooting and Open Range events while the Local Bisley each year is considered an event of the season.

Yet in old files of the Falkland Islands Magazine football has received considerable attention and well back in the "Naughty Nineties" there were schemes afoot for the formation of a Club if not a League. Now, under the aegis of the Defence Force, a flourishing league of three teams - one for each of the platoons in the Force - is an established feature while to-night (Thursday) a meeting is being held in Mr Les. Hardy's Cinema Room in an attempt to bring into being another team or teams apart from those run by the Defence Force. There is some talk too of the possibility of running these new teams (if they materialise) in a League in which the scope of the Defence Force teams might be extended.

There is no doubt that a league

If say five teams will add greater interest to the game and will afford a better opportunity of developing the standard of play among local enthusiasts besides ensuring a warmer reception to a visiting warship than generally experienced in the past.

The only drawback as far as I can see to this scheme is the facilities for playing as there is only one pitch in the town. And to keep it in a fair condition for games it requires careful nursing. On the other hand a judicious arrangement of games would undoubtedly get over this difficulty and during the closed season careful examination of the pitch and a spot of re-turfing should guard against undue wear and tear.

The only other outdoor recreation besides shooting and football that finds its activities obtaining publicity with competitions and matches is golf. This past-time has been in vogue for a number of years but, as far as I know, it does not date anywhere near so far back as either of the others. It would be interesting to receive from a reader facts concerning the origin of the game in the Falklands.

Besides this, but played in a more modest manner, is Hockey, The Ladies' Club regularly (that is, weather permitting) is always to be found setting to on the football pitch with improvised goals and though there are sometimes but a few turn up the members gain a great deal of fun and exercise from the game.

Going aback a little to the subject of shooting. I wonder how many have already spotted the target painted on the north side of the harbour on the rocks opposite the Colonial Secretary's Office.

The target has been placed there for practice by the artillery section of the Defence Force who will carry out their first organised practice with the 3-pounder gun on Victory Green on Saturday. The target is six feet by twelve feet with a three-foot bull. During the process of marking it out there were found signs in the immediate

neighbourhood of what was apparently a target used by visiting warships in days gone by with fragments of shell littered about.

A rumour was current when a small dingy crossed the harbour for the purpose of painting the target that arrangements had been made for the "resuscitation" of the names of the "Beagle" and "Baracouta" - two warships of the South America Fleet stationed in Stanley about 1900.

These two names, now almost obliterated by overgrowth, are somewhat discernible from the south side of the harbour but no one who does not know their contour would be able to pick them out. They lie along the slope of the north shore of the harbour well to the east of the target and opposite the Town Hall.

Here is a nice little task for the Boy Scouts. It would be a real good turn to revive the memory of these ships with the prominence of their former glory.

I understand that there is in Stanley an interesting memento of the old fleet now in the possession of Mrs R. Aitken senior in the shape of an oil painting. The picture gives a view of "British S.A. Squadron 1899" consisting of the following ships - H.M.Ss Beagle, Swallow, Basilisk and Flora with colours flying and steaming in a calm sea with the sun overhead.

Talking about the sun although we rarely see it in Stanley comparatively speaking, if it peeps through the clouds much more this month it will beat last year's total number of hours for the same period by a good margin. In 1934 the average sunshine was slightly over one hour per day; this year it should be in the neighbourhood of two or three.

Despite "such glorious" weather however, Stanley has been invaded in the past two or three weeks by a virulent form of influenza and many inhabitants, both grown ups and children have been placed "hors de combat" as a result. It is hoped that the complaint will soon be blown away for although it does not appear to be serious, it is nonetheless very annoying and is causing a great deal of sickness.

U.S.A. & MULTILATERALAGREEMENTS.

It was reported from Washington last night that the Senate Foreign Relations Committee has approved of the international agreement barring nations which are outside the Multilateral Pacts from invoking the "most favoured nations" clause in order to benefit from the multilateral agreements.

The Foreign Office Committee has approved of the resolution by the Senate Munitions Committee, adds Reuter, which authorises the President to deny passports to United States citizens in war zones, prohibit private and public loans to belligerents in wars which the United States does not participate in.

FAR EAST STORM BREWS.

According to a message from Tokio a critical situation has developed at Chachar, and Jehol borders following the attack by 500 Chinese troops on 80 Japanese patrol troops.

Severe casualties have been sustained on both sides and while the Chinese forces are being checked by frontier police the Japanese Kwantung army authorities have ordered a Manchukuoan brigade to the area for clearing up the situation by drastic measures.

NEW AIR LINE ROUTE.

It is reported from London that British air liners have opened the Prague-Moscow route service for Czecho-Slovakia's Air Transport Company. The actual service will not commence until the 1st of August and then five passengers with a wireless operator will be taken on board and the route covered within a day at a maximum speed of 167 miles an hour.

PUBLIC WARNING.

A FIRING PRACTICE WITH EXPLOSIVE SHELL WILL BE CARRIED OUT BY THE ARTILLERY SECTION OF THE DEFENCE FORCE FROM THE 3 PDR HOTCHKISS GUN ON VICTORY GREEN BETWEEN 2.0 P.M. AND 4.0 P.M. ON SATURDAY, THE 29TH OF JUNE, 1935, AT A TARGET ON THE NORTH SHORE OF STANLEY HARBOUR.

MEMBERS OF THE PUBLIC ARE HEREBY WARNED THAT THE AREA BETWEEN FAIRY COVE AND THE ADMIRALTY OIL TANKS SHOULD BE AVOIDED DURING THE ABOVE HOURS.

THE ANGLO URUGUANAGREEMENT.

It was reported from London last night that the Commercial Agreement between England and Uruguay has been signed but its operation is pending.

NEW SPEED RECORD.

According to a Brooklands message yesterday a new motorcycle speed record for a lap has been made by N.R. Pope who covered the distance at a speed of 129.59 miles an hour breaking the 1929 record of 118.86 m.p.h.

FRANCO-GERMAN BREAKDOWN.

The Franco-German trade treaty negotiations have broken down but the existing agreement which terminates on June 30th has been prolonged a fortnight.

THE ABYSSINIAN SHADOW.

A message from London last night reported that Mr Anthony Eden returned from his Paris and Rome visits yesterday with the knowledge that the Abyssinian crisis has overshadowed all questions of European security.

The Daily Telegraph correspondent states that the definite points emerging from the Rome interview are that Mussolini who is indisposed contemplates other solutions than military conquest while any Geneva attempts to interfere with his plans would lead to Italy's withdrawal from the League.

Britain's proposals yesterday concerning the Italian colonisation of Abyssinia were unaccepted by the Duce even as a basis for negotiations, one of these being the suggestion that Britain should cede a part of British Somaliland to Ethiopia as compensation for the Italian concessions.

While the Emperor of Ethiopia has expressed his willingness to meet many of the Italian claims he announces his intention of resisting to the end any attempt to deprive the empire of its political integrity. It is reaffirmed that no Abyssinian mobilisation has been ordered despite the steady arrival of Italian troops.

EQUALITY - NOT SUBSERVIENCEFOR IRELAND.

A message from Liverpool last night stated that the Lord Mayor of Dublin, in addressing the Free State employees of the Royal Liver Friendly Society, expressed the hope that the international relations between Britain and the Free State would be improved by the action of the people since the existing differences had been brought about by politicians. The Mayor, who is a member of the Dail, went on to say that Ireland wanted equality and not subservience.

PEACE BALLOT FIGURES.

It was stated from London last night that the final figures of the National Peace Ballot, organised by the League of Nations and announced by Viscount Cecil at the Albert Hall, showed that 37.9 per cent voted (representing 11 million votes) favoured Britain remaining in the League as a member and 10½ million votes favoured an all-round armament reduction and the prohibition of armament manufacture for private profit.

REICHSTAG INDEBTEDNESS.

Germany's financial position is receiving considerable attention states the Reuter correspondent in Berlin, with Dr Schacht pointing out that a foreign loan is an urgent necessity for the nation through the coming winter if she wishes to avoid hardship and discontent.

It is estimated that the total Reich indebtedness is 20,000 million marks with the March national debt standing at 13,639 million.

LOTTERIES QUESTION IN U.S.A.

According to a Daily Telegraph message from Washington Bills sponsored by the New Jersey Democrat Kenney urges the legalisation of national lotteries with a view to supplying a thousand million dollars new revenue and arresting the flow of American money abroad.

FLIGHT ENDURANCE RECORD BROKEN.

Reuter reports from Meridan, Mississippi, that the brothers Keys have broken the world's endurance record of twenty-three days in flight and they intend remaining "aloft" in an attempt to eclipse the unofficial record of twenty-seven days.

Rome : An Italo-Swiss commercial agreement has been signed.

LOCAL FOOTBALL.

Owing to the arrival of the s.s. Lafonia last week the league match between Nos 2 and 3 Platoons had to be postponed until this Sunday, so to-morrow, if weather conditions permit the following teams will oppose one-another :

(Continued on page 2)

No. 3 Platoon -

T.D. Evans
 D. Fleuret D. Atkins
 J. Petterssen R. Grant G. Pearson
 W. Jones J. Bound
 C. Thompson A.W. Beardmore W. Grierson

O

J. Ryan D. O'Sullivan F. Howatt
 J. Jennings C. Skilling
 C. Evans P. Hardy E. Thompson
 A. Shackel W. Browning
 S. Williams.

No. 2 Platoon.

MINIATURE RIFLE SHOOTING.

The result of the Inter-Platoon match on Thursday on the Miniature Rifle Range was a double win for No. 2 Platoon against No. 1, the former now having six points in the League.

The detailed results were :-

No. 2 Platoon -

W. Browning (capt)	97	93	190
L. Reive	96	97	193
F. Howatt jnr	96	92	188
P. Hardy	98	96	194
J. Ryan	88	84	172
C. Henriksen	96	99	195
R.L. Robson	93	96	189
W. Aldridge	95	100	195

Totals 759 757 1516

No. 1 Platoon -

L.W. Aldridge (capt)	92	95	187
L.A. Sedgwick	93	95	188
H.H. Sedgwick	98	97	195
J.J. Harries	97	95	192
R. Campbell	93	91	184
M. Campbell	86	86	172
C.G. Allan	94	96	190
J.P. Peck	90	91	181

Totals 743 746 1489

THE "PENGUIN" SHCP.

From the 1st of July, 1935,

All Business will be conducted strictly on a Cash Basis.

"JUBILEE" SPORTS CLUB.

As the result of an enthusiastic meeting held in Mr L. Hardy's Cinema Room last night when Mr Jack Barnes presided, and some twenty-five sports enthusiasts were present, it was decided to form a new sports Club to go by the name of the "Jubilee Sports Club".

The object of the Club, it was explained was to encourage football and other sports for boys on leaving school and also for others who wish to participate.

A good working committee was elected with the following holding office : Mr Les Hardy (chairman); Mr Jack Barnes (vice chairman); Mr H.C. Bradfield (hon. secretary & treasurer); Messrs A.L.S. Biggs, H. Puhlendorff, R. Wallen and J. Miller as members of the committee.

Mr R. Wallen was elected captain with Mr C. Clifton as vice-captain.

The following subscriptions were agreed upon to be in force until the end of the year when a revision may take place for the new year : Boys over 14 and up to 17 years of age 1/-, Others 2/-.

It was arranged to hold a Committee Meeting on Monday for the purpose of drawing up rules for the Club. The club has started off well with a membership of twenty-three.

GERMANY SHAKEN BY EARTHQUAKE

It was reported from Wurtemberg last night that the severest earthquake shocks experienced in South Germany for twenty-four years occurred yesterday with widespread damage and injury.

In the towns of Friedlingen & Buchan most of the houses were wrecked and debris had blocked most of the streets with the church towers crashing through the roofs on to the altars. The castle of Scheer, belonging to

(Continued in preceding column.)

Prince Thurn has been abandoned on account of its dangerous condition.

Western Switzerland also reports shocks that have seriously affected houses & churches with foaming bubbles and whirlpools appearing in the lake Zurich.

Local Notes

by Ginn

All the Girls will be Smiling !

We hear from an unofficial source that H.M.S. Exeter is expected to visit Stanley from the 14th to the 28th of September and H.M.S. Ajax, newly commissioned to this Station will be visiting the Port from the 28th of November to the 10th of December.

When the Exeter left Stanley at the end of last year she was not expected to return again until December and all the girls were feeling quite upset that Jack was deserting them for so long. Now they will be smiling!

Our Boys.

Talking about the Navy our readers will be interested to know the latest movements of the four Falkland boys who have shown the initiative to join the Senior Service.

Joe Harries who was on the Exeter on a visit to his people last year went back to H.M.S. York on leaving Stanley and was later transferred to H.M.S. Dragon and is expected to arrive in England late in July or early August.

Henry Lang who was serving in the Mediterranean on H.M.S. Centurion has returned with his ship to Home Waters and, we believe, took part in the Jubilee Review.

Donald Howatt is now on H.M.S. Ajax which commenced her commission on the 7th of June and we should see something of him when that ship visits Stanley at the end of the year. Howatt left the Falklands about the same time as Henry Lang and has already visited Stanley in H.M.S. Dragon.

Ernest Berntsen, the newest recruit from the Falklands, is still in barracks but during the Jubilee he was attached to the destroyer Kempenfelt - the flotilla leader - which entertained some 4,700 visitors among whom were the Duke & Duchess of Kent and some 200 titled people.

There is a rumour that he might join the "Apollo" which, it is said will possibly be visiting these waters next year. But so far there is no authentic news of this.

If, however, this is true, Henry Lang will be the only one of the four who will not have

paid a visit to his native shores.

PUBLIC WARNING.

A FIRING PRACTICE WITH EXPLOSIVE SHELL WILL BE CARRIED OUT BY THE ARTILLERY SECTION OF THE DEFENCE FORCE FROM THE 3 PDR HOTCHKISS GUN ON VICTORY GREEN BETWEEN 2.0 P.M. AND 4.0 P.M. TO-DAY AT A TARGET ON THE NORTH SHORE OF STANLEY HARBOUR.

MEMBERS OF THE PUBLIC ARE HEREBY WARNED THAT THE AREA BETWEEN FAIRY COVE AND THE ADMIRALTY OIL TANKS SHOULD BE AVOIDED DURING THE ABOVE HOURS.

The Sea.

Every Falkland Islander has the tang of the sea in his being and we are mighty proud of the lads who have broken away to seek adventure across the horizon. It will be a glorious thing when the Falklands can boast not of four but of forty-four of its sons joining the Royal Navy.

A Local Record.

On Wednesday last the Prefecto Garcia returned to Stanley under its able skipper "Cracker" Davis from what might be considered a record trip round the West Falkland. In eleven days he visited some fifteen ports. His longest stay was at New Island where he remained for two days while he remained at Speedwell Island a day. He returned to Stanley with four live bullock and one passenger.

(Continued on page 4.)

The Firing Practice.

Ample warning has been given of the proposed gun practice on the target on the north side of the harbour this afternoon so there should be no fear of some stray member of the public finding himself in the middle of an haulocast of explosions.

Whether the firing takes place depends now entirely on the weather. At first this morning the sky was beautifully clear but later snow squalls burst and clouds threaten.

If the sky is overcast there is no doubt that a better target will be presented so long as the squalls keep off. But if the sun shines brightly it will be in the gunners eyes and further the reflection on the water will make accurate firing most difficult. A flag hoisted in the vicinity of the target marks the object.

Relics of the Past.

In my previous notes I commented upon the fact that there had been a former target almost in the same position as the present one and it has been noticed that the bull of the former was four feet in diameter. There has also been found the remains of a former flagstaff there but very few remember anything of its existence there.

Sports.

I am afraid I inadvertently misled some sports enthusiasts by publishing a comment that the special meeting for the formation of a sports club was to be held in Mr L. Hardy's Cinema Room on Thursday. This meeting took place last night and apparently was very well attended with great enthusiasm shown. In the columns of the "Penguin" yesterday we published a notice of yet another meeting which has the formation of a football club in view. That is the Stanley Working Men's Club. The meeting is to be held this afternoon and we hope that there will be just as much enthusiasm as at the one last night.

Enthusiasm at the commencement, however, is not enough. Only will these clubs be formed if the members stick to the job of making their club a success.

So many ventures have been started in Stanley with every enthusiasm at the commencement but this has quickly wained and what were promising beginnings soon fizzled out.

COTTON PRODUCE THREATENED.

It was reported from Cairo last night that the cotton worm is constituting the gravest menace to the Egyptian industry. The position is the worst this century.

The authorities and the cultivators are doing all they can to grapple with the situation and it is hoped that intensive larvae picking by the population will avert the danger but the full extent of the damage will not be known until the middle of July when the second hatching of the cotton worm is due.

FAR EAST MUTINEERS ACTIVE.

An official communique from Peiting states that the Sengtai mutineers have captured an armoured train which was being driven to Peiting. The mutineers met with a stiff resistance at the south wall of the city.

HUNGARIAN AGREEMENT RENEWED.

According to a message from London last night the British and American Banking Committees have renewed the Hungarian standstill agreement with Hungarian financial interests.

The agreement, which will be signed at Budapest shortly and will be valid until July, 1936, provides for certain interests, reductions and reciprocal concessions.

GERMAN OPINION ON BRITISHQUETTA ACTIVITIES.

A Berlin message last night reported that the press comments generously upon the local British reaction to the Quetta earthquake disaster, pointing out that rescue work commenced within forty minutes with all lines of communication maintained, while it is added "It is clearly borne upon us that the British are above all the servants of India and not her exploiters."

London : The Rugby Union reports a profit of £16,459 for the season as against a loss of £589 for the 1933-4 season.
